I. Purpose

These “Investment Guidelines” (also referred to as the “Guidelines”) are adopted pursuant to Section 2925 of the Public Authorities Law and, after adoption by the Members, shall be annually reviewed and approved by the Corporation. These Investment Guidelines shall be effective with respect to all investments entered into by the Corporation after the date of their adoption.

II. Investment Committee

Investments of the Corporation shall be made and monitored by the Corporation’s Investment Committee (the “Committee”) under the chairmanship of the Executive Vice President. In the absence of the Executive Vice President, the Senior Vice President of Debt Issuance and Finance shall chair the Committee. Any funds derived from the issuance of bonds will be invested pursuant to the related bond resolution, as approved by the Members. In addition, the Committee shall determine the Corporation’s periodic need for funds, based on anticipated construction advances, dates of debt service payments on the Corporation’s obligations, and other financial requirements.

In the case of book-entry Investment Instruments, the Corporation shall take such actions as may be necessary to obtain title or a perfected security interest in such Investment Instruments.

3. Repurchase Agreements

The Corporation may enter into repurchase agreements for the Investment Instruments described in Secs. III 1. A to D above, pursuant to the delivery requirements of Sec. III 2. The Investment Instruments shall be held by an agent of the Corporation, such agent shall not be an agent, with respect to the repurchase transaction, of the party with whom the Corporation has entered into the repurchase agreement and the agent shall not assert any claims against the Investment Instruments, based on claims it may have against said party.

Concentration limits: not to exceed 50% of portfolio.

A. Short Term Fixed Repurchase Agreements

All Short Term Fixed Repurchase Agreements (those repurchase agreements which do not exceed thirty-four days and require repurchase on a predetermined date) must be made with a financial institution meeting the qualifications of Sec. V.A. (iii) hereof. To the maximum extent possible, consistent with market practice, such Short Term Fixed Repurchase Agreements shall be pursuant to a written master agreement and, in the event no written agreement is feasible, shall be made, monitored and secured in a manner sufficient to protect the Corporation's interests.

The terms of such Short Term Fixed Repurchase Agreement must permit the Corporation to sell Investment Instruments if the other party to such agreement shall fail to promptly repurchase the Investment

Instrument on the day required by the repurchase agreement. To assure such repurchase, the agreement shall require that there be maintained on an ongoing basis in such account Investment Instruments having a market value at least equal to 101% of the moneys held under overnight repurchase agreements and 102% of the moneys held under longer term repurchase agreements, which will be marked to market daily by the Corporation. At the option of the Corporation, repurchase agreements with the same party may be combined for the purpose of valuating the Investment Instruments to market.

B. Long Term Repurchase Agreements

All funds invested for more than thirty-four days through flexible or fixed repurchase agreements ("Long Term Repurchase Agreements") shall be pursuant to written agreements incorporating the provisions required above except that the Investment Instruments held shall be marked to market according to the negotiated terms of each agreement but in no event less than monthly. In addition, any institution or its parent with whom the Corporation enters into a Long Term Repurchase Agreement and which (a) does not have unsecured debt rated in one of the three highest rating categories of a nationally recognized rating service or (b) is not deemed by a nationally recognized rating service to be an institution rated in one of the three highest rating categories of such rating service, shall be required to provide Investment Instruments with a market value at least equal to 103% of the moneys held under the repurchase agreement, which Investment Instruments will be marked to market at least weekly. Additional Investment Instruments must be provided when the market value falls below 103% of money held under these Long Term Repurchase Agreements.

IV. **Diversification**

The Committee, in making its investment decisions based on these guidelines, shall seek to diversify both its investment holdings and the parties with whom it deals in making investment decisions.

Subject to the provisions of these Guidelines, the limitations set on the total percentage of the portfolio invested with any one party may be lower than the maximums permitted under the Guidelines and will be based on the financial review indicated in section V. C (below), with a maximum determined by the Committee under advisement from the Corporation's Credit Risk department.

The Corporation shall seek at least three bids, whenever feasible, in selecting offers for repurchase agreements, government securities or certificates of deposit. In awarding investment contracts, diversification of forms of Investment Instruments and

trading partners shall be a major consideration.

VI. Reporting

The Committee shall prepare a quarterly report for the Members on the investment activities of the Corporation and in addition shall prepare an annual report which shall include these Investment Guidelines, any amendments, an explanation of

the guidelines and amendments, the results of the annual independent audit, the investment income record of the Corporation and a list of fees paid for investment services. This annual report, which may incorporate parts of the Corporation's annual report, shall be submitted to the Mayor, the Comptroller of the City of New York and the New York State Department of Audit and Control, and shall be available to the public upon reasonable request.
