

**Remarketed Bonds – NOT A NEW ISSUE—BOOK-ENTRY ONLY**

In the opinion of Bond Counsel to the Corporation, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the 2010 Series G Bonds and the 2010 Series I Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), except that no opinion is expressed as to such exclusion of interest on any 2010 Series G Bond or 2010 Series I Bond for any period during which such 2010 Series G Bond or 2010 Series I Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with such proceeds of the 2010 Series G Bonds or the 2010 Series I Bonds, respectively, or a “related person,” and (ii) interest on the 2010 Series G Bonds and 2010 Series I Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and is not included in adjusted current earnings of corporations for purposes of calculating the alternative minimum tax. In the opinion of Bond Counsel to the Corporation, under existing statutes, interest on the 2010 Series G Bonds and 2010 Series I Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See “TAX MATTERS.”

On April 24, 2008 (with respect to the 2008 Series A-1-A Bonds) and June 26, 2008 (with respect to the 2008 Series H-2-A Bonds), Bond Counsel to the Corporation rendered its opinions that, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the 2008 Series A-1-A Bonds and 2008 Series H-2-A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Code, except that no opinion is expressed as to such exclusion of interest on any 2008 Series A-1-A Bond or 2008 Series H-2-A Bond for any period during which such 2008 Series A-1-A Bond or 2008 Series H-2-A Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with the proceeds of the 2008 Series A-1-A Bonds or 2008 Series H-2-A Bonds, respectively, or a “related person,” and (ii) interest on the 2008 Series A-1-A Bonds and 2008 Series H-2-A Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In the opinion of Bond Counsel to the Corporation, the adjustment of the interest rates on the 2008 Series A-1-A Bonds and the 2008 Series H-2-A Bonds, in and of itself, will not adversely affect the exclusion of interest from gross income for Federal income tax purposes pursuant to Section 103 of the Code on any 2008 Series A-1-A Bonds and 2008 Series H-2-A Bonds, the interest on which is otherwise excluded from gross income for Federal income tax purposes under Section 103 of the Code. On April 24, 2008 (with respect to the 2008 Series A-1-A Bonds) and June 26, 2008 (with respect to the 2008 Series H-2-A Bonds), Bond Counsel to the Corporation rendered its opinions that, under existing statutes, interest on the 2008 Series A-1-A Bonds and 2008 Series H-2-A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See “TAX MATTERS.”

In the opinion of Bond Counsel to the Corporation, interest on the 2010 Series H Bonds is included in gross income for Federal income tax purposes pursuant to the Code. In the opinion of Bond Counsel to the Corporation, under existing statutes, interest on the 2010 Series H Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See “TAX MATTERS.”

**2010 Bonds Dated: Date of Delivery**

**Due: May 1 and November 1, as shown on the inside cover pages**

**Remarketed Bonds Dated: Date of Remarketing**

The Multi-Family Housing Revenue Bonds, 2008 Series A-1-A (the “2008 Series A-1-A Bonds”) of the Corporation were initially issued on April 24, 2008 in the principal amount of \$46,610,000 as variable rate obligations. The Multi-Family Housing Revenue Bonds, 2008 Series H-2-A (the “2008 Series H-2-A Bonds”) of the Corporation were initially issued on June 26, 2008 in the principal amount of \$39,030,000 as variable rate obligations. \$15,665,000 principal amount of the 2008 Series A-1-A Bonds and \$14,540,000 principal amount of the 2008 Series H-2-A Bonds (collectively, the “Remarketed Bonds”) are being tendered at the direction of the Corporation on October 26, 2010 and will be remarketed as fixed rate obligations, at the fixed rates set forth on the inside cover pages. The Corporation will issue its Multi-Family Housing Revenue Bonds, 2010 Series G (the “2010 Series G Bonds”) and 2010 Series I (the “2010 Series I Bonds”) and, together with the 2010 Series G Bonds and the Remarketed Bonds, the “Fixed Rate Bonds”) as fixed rate obligations, at the fixed rates set forth on the inside cover pages. Interest on the Fixed Rate Bonds is payable semiannually on May 1 and November 1, commencing May 1, 2011. The Fixed Rate Bonds will be issued or remarketed as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. See “DESCRIPTION OF THE FIXED RATE BONDS—General.”

The Multi-Family Housing Revenue Bonds, 2010 Series H (the “2010 Series H Bonds” or the “Index Floating Rate Bonds”) (the 2010 Series G Bonds, the 2010 Series H Bonds and the 2010 Series I Bonds are referred to collectively as the “2010 Bonds” and the 2010 Bonds, together with the Remarketed Bonds, are referred to collectively as the “2008/2010 Bonds”) of the Corporation are being issued as indexed floating rate obligations which will bear interest from their dated date to and including January 31, 2011 at a rate per annum set forth in a Certificate of the Corporation delivered on the date of issue of the Index Floating Rate Bonds. Thereafter, the Index Floating Rate Bonds will bear interest at a floating rate reset quarterly based on an interest rate index, unless the interest rate on the 2010 Series H Bonds is converted to a fixed rate to maturity, and will be subject to a maximum rate, all as described herein. THE HOLDERS OF THE INDEX FLOATING RATE BONDS HAVE THE RIGHT TO TENDER THE INDEX FLOATING RATE BONDS AS PROVIDED HEREIN. The Index Floating Rate Bonds will be issued as fully registered bonds in denominations of \$100,000 or any integral multiple of \$5,000 in excess of \$100,000. Interest on the Index Floating Rate Bonds is payable quarterly on February 1, May 1, August 1 and November 1, commencing February 1, 2011. The 2010 Series H Bonds are subject to optional and mandatory tender as set forth herein. See “DESCRIPTION OF THE INDEX FLOATING RATE BONDS.”

The 2008/2010 Bonds will be issued or were issued, as applicable, in book-entry form only and, when issued, will be, or are, registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). Interest on and principal of the 2008/2010 Bonds will be payable by the Trustee to Cede & Co., as nominee of DTC, which will, in turn, remit such principal and interest to DTC Direct Participants for subsequent disbursement to the Beneficial Owners. Purchasers of the 2008/2010 Bonds will not receive physical delivery of bond certificates. The 2008/2010 Bonds will not be transferable or exchangeable, except for transfer to another nominee of DTC or otherwise as described herein. See “BOOK-ENTRY ONLY SYSTEM.” The Bank of New York Mellon, located in New York, New York, is the Trustee with respect to the 2008/2010 Bonds. **The 2008/2010 Bonds are subject to redemption prior to maturity as set forth herein.**

The 2008/2010 Bonds are being issued, or were issued, as applicable, when combined with other available monies, to directly or indirectly finance construction and permanent mortgage loans for the new construction or rehabilitation of certain developments. Payment of the principal or Redemption Price of and interest on the 2008/2010 Bonds, and the Purchase Price of the 2010 Series H Bonds, will be secured by the Revenues and assets pledged to such payment, including, without limitation, certain payments to be made under or with respect to the Mortgage Loans, and monies and/or Cash Equivalents held under the Debt Service Reserve Account. The 2008/2010 Bonds are being issued, or were issued, on a parity with and shall be, or are, entitled to the same benefit and security as other Bonds issued and to be issued under the General Resolution (other than Subordinate Bonds).

**The 2008/2010 Bonds are special obligations of the New York City Housing Development Corporation, a corporate governmental agency, constituting a public benefit corporation, organized and existing under the laws of the State of New York. The 2008/2010 Bonds are not a debt of the State of New York or The City of New York, and neither the State of New York nor The City of New York shall be liable thereon, nor shall the 2008/2010 Bonds be payable out of any funds other than those of the Corporation pledged therefor. The Corporation has no taxing power.**

The issuance of the Remarketed Bonds was subject to the approval of legality by Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Corporation (“Bond Counsel”). The 2010 Bonds are offered when, as and if issued and received by the Underwriters thereof, subject to prior sale, to withdrawal or modification of the offer without notice, and to the unqualified approval of legality by Bond Counsel. Certain legal matters related to the 2008/2010 Bonds will be passed upon for the Corporation by its General Counsel. Certain legal matters related to the 2008/2010 Bonds will be passed upon for the Underwriters and the Remarketing Agents by their Counsel, Orrick, Herrington & Sutcliffe LLP, New York, New York. It is expected that the 2010 Bonds will be available for delivery in New York, New York on or about October 26, 2010. It is expected that the Remarketed Bonds will be available for delivery in New York, New York upon remarketing on or about October 26, 2010.

This Official Statement consists of Part I and Part II. The purpose of Part I, which includes the cover page and inside cover pages to this Official Statement, and the appendices to this Part I, is to set forth certain information concerning the New York City Housing Development Corporation (the "Corporation") in connection with the sale of (i) \$50,765,000 principal amount of its Multi-Family Housing Revenue Bonds, 2010 Series G (the "2010 Series G Bonds"), (ii) \$74,575,000 principal amount of its Multi-Family Housing Revenue Bonds, 2010 Series H (the "2010 Series H Bonds" or the "Index Floating Rate Bonds") and (iii) \$8,115,000 principal amount of its Multi-Family Housing Revenue Bonds, 2010 Series I (the "2010 Series I Bonds" and, together with the 2010 Series G Bonds and the 2010 Series H Bonds, the "2010 Bonds") and the remarketing of (i) \$15,665,000 principal amount of its Multi-Family Housing Revenue Bonds, 2008 Series A-1-A (the "2008 Series A-1-A Bonds") and (ii) \$14,540,000 principal amount of its Multi-Family Housing Revenue Bonds, 2008 Series H-2-A (the "2008 Series H-2-A Bonds" and, together with the 2008 Series A-1-A Bonds, the "Remarketed Bonds"). The 2010 Series G Bonds, the 2010 Series I Bonds and the Remarketed Bonds will bear interest at fixed rates to maturity and are referred to herein as the "Fixed Rate Bonds." The 2010 Series H Bonds will bear interest at a floating rate reset quarterly based on an interest rate index, are subject to optional and mandatory tender as described herein and are referred to herein as the "Index Floating Rate Bonds." The 2010 Bonds and the Remarketed Bonds are referred to herein, collectively, as the "2008/2010 Bonds."

The 2010 Bonds are to be issued, and the Remarketed Bonds were issued, in accordance with the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 44-b of the Consolidated Laws of the State of New York, as amended (the "Act"), and pursuant to a resolution entitled "Multi-Family Housing Revenue Bonds Bond Resolution" adopted by the Members of the Corporation on July 27, 1993, as amended from time to time (the "General Resolution"), a supplemental resolution for the 2010 Series G Bonds entitled "One Hundred Thirty-Seventh Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2010 Series G" (the "2010 Series G Supplemental Resolution"), a supplemental resolution for the 2010 Series H Bonds entitled "One Hundred Thirty-Eighth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2010 Series H" (the "2010 Series H Supplemental Resolution") and a supplemental resolution for the 2010 Series I Bonds entitled "One Hundred Thirty-Ninth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2010 Series I" (the "2010 Series I Supplemental Resolution"), each adopted by the Members of the Corporation on October 1, 2010, a supplemental resolution for the 2008 Series A-1-A Bonds entitled "Ninetieth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-1" adopted by the Members of the Corporation on April 7, 2008 (as amended, the "2008 Series A-1 Supplemental Resolution") and a supplemental resolution for the 2008 Series H-2-A Bonds entitled "One Hundred Second Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series H-2" adopted by the Members of the Corporation on June 11, 2008 (as amended, the "2008 Series H-2 Supplemental Resolution" and, together with the 2010 Series G Supplemental Resolution, the 2010 Series H Supplemental Resolution, the 2010 Series I Supplemental Resolution and the 2008 Series A-1 Supplemental Resolution, the "2008/2010 Supplemental Resolutions") adopted by the Members of the Corporation on June 11, 2008, as amended. The General Resolution and the

2008/2010 Supplemental Resolutions are referred to herein, collectively, as the “Resolutions.” Part II of this Official Statement sets forth additional information concerning the Corporation, the Act, the Program (as such term is defined below) and the Outstanding Bonds.

Pursuant to the General Resolution (except as otherwise expressly provided therein or in a Supplemental Resolution authorizing a series of bonds), all bonds issued thereunder are equally and ratably secured by the Revenues and assets pledged thereunder. All bonds issued or to be issued under the General Resolution, including the 2008/2010 Bonds, are herein referred to as the “Bonds.” Under the General Resolution, the Corporation may issue Bonds to finance any corporate purpose for which Bonds may be issued under the Act or any other applicable law hereafter enacted. The activities of the Corporation undertaken pursuant to the General Resolution are hereinafter referred to as the “Program.” Under the Program, to date, the Corporation has issued Bonds to finance Mortgage Loans for privately owned multi-family rental housing for low and moderate income tenants. Multi-family housing developments financed by the Corporation under the Program are referred to herein individually as a “Development” or a “Project” and, collectively, as the “Developments” or the “Projects.”

## INTRODUCTION

The Corporation is a corporate governmental agency, constituting a public benefit corporation, organized and existing under the laws of the State of New York (the “State”). The Corporation was created by the Act for the purpose of providing and encouraging the investment of private capital in safe and sanitary dwelling accommodations in the City of New York within the financial reach of families and persons of low income, which include families and persons whose need for housing accommodations cannot be provided by the ordinary operations of private enterprise, through the provision of low interest mortgage loans.

The 2008/2010 Bonds are special revenue obligations of the Corporation, and payment of the principal or Redemption Price of and interest on the 2008/2010 Bonds, and the Purchase Price of the 2010 Series H Bonds, will be secured by the Revenues and assets pledged to such payment including, without limitation, certain payments to be made under or with respect to the Mortgage Loans, and monies and/or Cash Equivalents held under the Debt Service Reserve Account. The 2008/2010 Bonds are being issued on a parity with, and shall be entitled to the same benefit and security of the General Resolution as, all other Bonds Outstanding (other than Subordinate Bonds) issued and to be issued thereunder. As of September 30, 2010, the aggregate principal balance of Bonds Outstanding was \$3,110,495,000. None of the Bonds Outstanding are Subordinate Bonds. See “SECURITY FOR THE BONDS” and “BONDS OUTSTANDING UNDER THE PROGRAM” in Part II of this Official Statement. In addition, the Corporation has pledged amounts on deposit in the Revenue Account held under the General Resolution to secure (i) \$415,000,000 principal amount of the Corporation’s Multi-Family Housing Revenue Bonds (Federal New Issue Bonds Program), 2009 Series 1 (the “NIBP Series 1 Bonds”) secured under the Corporation’s One Hundred Twenty-Fifth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds (Federal New Issue Bond Program), NIBP Series 1, adopted by the Members of the Corporation on December 3, 2009, as amended (the “NIBP Series 1 Resolution”) and any additional bonds issued under the NIBP Series 1 Resolution and (ii) \$85,000,000 principal amount of the Corporation’s Multi-Family Housing Revenue Bonds (Federal New Issue Bond Program), 2009 Series 2 (the “NIBP Series 2 Bonds”) secured under the Corporation’s One Hundred Twenty-Sixth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds (Federal New Issue Bond Program), NIBP Series 2, adopted by the Members of the Corporation on December 3, 2009, as amended (the “NIBP Series 2 Resolution”) and any additional bonds issued under the NIBP Series 2 Resolution. Such pledge is on a parity with the pledge to secure the Bonds. See “SECURITY FOR THE BONDS—Additional Obligations Secured by the Resolution” in Part II of this Official Statement. Funds held under the NIBP Series 1 Resolution and the NIBP Series 2 Resolution are not security for the Bonds. The NIBP

Series 1 Resolution and the NIBP Series 2 Resolution are collectively referred to as the “NIBP Resolutions” and each is referred to individually as a “NIBP Resolution.” The NIBP Series 1 Bonds, any additional bonds issued under the NIBP Series 1 Resolution, the NIBP Series 2 Bonds and any additional bonds issued under the NIBP Series 2 Resolution are referred to collectively, as the “NIBP Bonds.”

The Mortgage Loans may, but are not required to, be secured by supplemental security (“Supplemental Security”), including (a) mortgage insurance provided by (i) the Federal Housing Administration (“FHA”), (ii) the New York City Residential Mortgage Insurance Corporation, a subsidiary corporation of the Corporation (“REMIC”), and (iii) the State of New York Mortgage Agency (“SONYMA”), (b) mortgage-backed securities guaranteed by the Government National Mortgage Association (“GNMA”), (c) a credit enhancement instrument provided by Fannie Mae or Freddie Mac and (d) bank letters of credit (“Long-term LOCs” or “Construction LOCs”). In addition, the Developments related to the Mortgage Loans may, but are not required to, be assisted through Federal, State or local subsidy programs (“Subsidy Programs”) such as (a) the program (the “Mitchell-Lama Program” or “Mitchell-Lama”) authorized by Article 2 of the New York Private Housing Finance Law and the rules and regulations promulgated thereunder (the “Mitchell-Lama Law”), and the related Corporation Mitchell-Lama Restructuring Program (the “ML Restructuring Program”), (b) the interest reduction subsidies (“HUD Payments”) authorized by Section 236 of the National Housing Act of 1934, as amended (“Section 236”), pursuant to periodic interest reduction payment contracts (“Section 236 Contracts”), (c) the housing assistance payment program authorized by Section 8 of the United States Housing Act of 1937, as amended (“Section 8”), (d) various subordinate loan programs of the Corporation such as the Affordable Housing Permanent Loan Program (“AHPLP”), the Low-income Affordable Marketplace Program (“LAMP”), the Low-income Affordable Marketplace Preservation Program (“LAMP Preservation”), the Mitchell-Lama Repair Loan Program (“ML Repair Loan Program”) and the New Housing Opportunities Program (“New HOP”), (e) various Federal, State and other local subordinate loan or grant programs such as the Participation Loan Program (“PLP”), the Article 8-A Loan Program (“Article 8-A”), the §421-a Negotiable Certificate Program (the “Certificate Program”), the Low Income Rental Program (“LIRP”), General Municipal Law Article 16 (“GML Article 16”) programs, Housing Development Grant (“HoDAG”) programs and certain programs of the New York State Housing Trust Fund Corporation (“HTF”), and (f) subsidies through the Housing Assistance Corporation (“HAC”). The programs described in clauses (d), (e) and (f) in the immediately preceding sentence are referred to herein, collectively, as the “Subordinate Loan/Grant Programs.” See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” and “Appendix G—Description of Supplemental Security and Subsidy Programs” in Part II of this Official Statement. A Mortgage Loan also may represent the Corporation’s participant interest in a mortgage loan or pool of mortgage loans or the cash flow therefrom. A Mortgage Loan, or the mortgage loan underlying a participation interest, is required to be evidenced by a note and secured by a mortgage (but such mortgage need not create a first mortgage lien on the related Development).

A portion of the proceeds of the 2010 Series G Bonds is expected to be used to finance one first permanent mortgage loan and one second permanent mortgage loan and to restructure an existing second mortgage loan (each a “2010 Series G Mortgage Loan”) for one existing development pursuant to the Corporation’s ML Restructuring Program. A portion of the proceeds of the 2010 Series G Bonds is also expected to be applied to redeem within ninety days of the issuance of the 2010 Series G Bonds certain of the Corporation’s Multifamily Housing Limited Obligation Bonds previously issued under a separate bond resolution of the Corporation to finance a mortgage loan. A portion of the proceeds of the 2010 Series G Bonds is also expected to be applied to refinance a subordinate mortgage loan for an existing development previously financed by the Corporation and a portion of the proceeds of the 2010 Series G Bonds will also be used to acquire a mortgage loan previously originated by the Corporation with its own corporate funds (each a “2010 Series G Mortgage Loan”).

A portion of the proceeds of the 2010 Series H Bonds is expected to be used to redeem a portion of the Corporation's Multi-Family Housing Revenue Bonds, 2000 Series B (the "2000 Series B Bonds") and all of the Corporation's Multi-Family Housing Revenue Bonds, 2008 Series D (the "2008 Series D Bonds") issued under the General Resolution within ninety (90) days of the issuance of the 2010 Series H Bonds. The Mortgage Loans that are associated with the 2000 Series B Bonds and the 2008 Series D Bonds will remain pledged under the General Resolution. Such Mortgage Loans are described in "Appendix E-1– Table 2: Developments and Permanent Mortgage Loans Outstanding Under the Program as of July 31, 2010." Following issuance of the 2010 Series H Bonds, such Mortgage Loans will be referred to as the "2010 Series H Mortgage Loans." A portion of the proceeds of the 2010 Series H Bonds is also expected to be used to finance the acquisition of eleven (11) mortgage loans for eleven (11) developments previously originated by the Corporation with its own corporate funds.

The proceeds of the 2010 Series I Bonds are expected to be used by the Corporation to finance a portion of one (1) construction Mortgage Loan (the "2010 Series I Mortgage Loan") for the acquisition and rehabilitation of one (1) development, which loan, upon satisfaction of certain conditions, is expected to be converted to a permanent Mortgage Loan. An additional portion of such 2010 Series I Mortgage Loan will be financed in the future by the Corporation with other available funds, including with amounts expected to be available at such time under the General Resolution.

The proceeds of the 2008 Series A-1-A Bonds being remarketed were used and are expected to be used by the Corporation to finance a portion of the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1334 Louis Nine Development. Those 2008 Series A Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 2008 Series A-1-A Bonds and are described in "Appendix E-1– Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010." Upon the remarketing of the 2008 Series A-1-A Bonds, those Mortgage Loans will remain pledged under the General Resolution.

The proceeds of the 2008 Series H-2-A Bonds being remarketed were used and are expected to be used by the Corporation to finance a portion of the 2008 Series H Mortgage Loans. The 2008 Series H Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 2008 Series H-2-A Bonds and are described in "Appendix E-1– Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010." Upon the remarketing of the 2008 Series H-2-A Bonds, those Mortgage Loans will remain pledged under the General Resolution.

The ability of the Corporation to pay the principal or Redemption Price of and interest on the Bonds, including the 2008/2010 Bonds, and the Purchase Price of the 2010 Series H Bonds, is dependent on the Revenues derived from the assets pledged to secure the Bonds, which consist of all the Mortgage Loans (including the 2010 Series G Mortgage Loans, the 2010 Series H Mortgage Loans, the 2010 Series I Mortgage Loan, the 2008 Series A Mortgage Loans and the 2008 Series H Mortgage Loans). In instances in which Supplemental Security backs a Mortgage Loan, timely receipt of the proceeds of the Supplemental Security may be material to the Corporation's ability to pay the principal or Redemption Price of, or the Purchase Price of the 2010 Series H Bonds, and interest on the Bonds. In cases in which Developments are beneficiaries of Subsidy Programs, full and timely receipt of subsidy payments, or loan or grant proceeds, may be necessary for full payment under the Mortgage Loans made with respect to such Developments. In the case of Mortgage Loans which are not secured by Supplemental Security or whose related Developments are not assisted under a Subsidy Program, the Revenues derived from such Mortgage Loans are entirely dependent on each Mortgagor's ability to make payments under its Mortgage Loan. The Mortgagor's ability to make payments required under its Mortgage Loan is and will be affected by a variety of factors including the maintenance of a sufficient level of occupancy, the level of

operating expenses, sound management of a Development, the ability to achieve and maintain rents to cover payments under the Mortgage Loan, operating expenses, taxes, utility rates and maintenance costs, and changes in applicable laws and governmental regulations. In addition, the continued feasibility of a Development may depend in part upon general economic conditions and other factors in the surrounding area of a Development. See “THE PROGRAM—Certain Factors Affecting the Mortgage Loans” in Part II of this Official Statement and under the subheadings “Supplemental Security” and “Subsidy Programs” in Appendix G in Part II of this Official Statement.

**Under the General Resolution, the Corporation is authorized to issue Bonds (which may be secured on a parity with, or be subordinate in right of payment to, the Bonds which are not Subordinate Bonds) to finance any of its corporate purposes for which bonds may be issued under the Act, or any other applicable law now or hereafter enacted, including but not limited to financing mortgage loans and/or participation interests therein. No such additional Bonds may be issued under the General Resolution unless certain conditions set forth therein are met, including confirmation of the then existing ratings on the Outstanding Bonds (other than Subordinate Bonds) by each of the Rating Agencies then rating such Bonds.**

**If Mortgage Loans (including participation interests in mortgage loans) are to be financed by any such additional Bonds and pledged to secure the Bonds, such Mortgage Loans or the mortgage loans underlying a participation interest need not create a first mortgage lien on such Projects and such Mortgage Loans or the Projects financed thereby may, but are not required to, be subject to Supplemental Security insuring or securing against Mortgage Loan default losses. Such Supplemental Security, if any, may be in the form of, among other things, a mortgage insurance policy, a guaranteed mortgage-backed security, a letter of credit, a surety bond or an escrow deposit, any or all of which may be obtained pursuant to one or more programs of the Federal, State or local government.**

**The General Resolution does not require that the Corporation pledge its interests in the assets financed with the proceeds of additional Bonds, or the revenues derived therefrom, to secure the Bonds. Moreover, the Corporation may withdraw Mortgage Loans and surplus revenues from the pledge and lien of the General Resolution upon the filing with the Trustee of a Cash Flow Statement, except with respect to certain Mortgage Loans which, pursuant to the applicable Supplemental Resolutions, may be released without the filing of a Cash Flow Statement, as more fully described under the subheading “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” in Part II of this Official Statement.**

**The Bonds are not a debt of the State or The City of New York (the “City”), and neither the State nor the City shall be liable thereon, nor shall the Bonds be payable out of any funds other than those of the Corporation pledged therefor. The Corporation has no taxing power.**

Descriptions of the Corporation, the 2010 Series G Mortgage Loans, the 2010 Series H Mortgage Loans, the 2010 Series I Mortgage Loan, the 2008 Series A Mortgage Loans, the 2008 Series H Mortgage Loans, the 2008/2010 Bonds, sources of payment therefor, the Program and the Resolutions are included in Part I and Part II of this Official Statement. All summaries or descriptions herein of documents and agreements are qualified in their entirety by reference to such documents and agreements, and all summaries herein of the 2008/2010 Bonds are qualified in their entirety by reference to the Resolutions and the provisions with respect thereto included in the aforesaid documents and agreements. The Corporation has covenanted in the General Resolution to provide a copy of each annual report of the Corporation (and certain special reports, if any) and any Accountant’s Certificate relating thereto to the Trustee and to each Bond owner who shall have filed such owner’s name and address with the Corporation for such purposes. The Corporation also has committed to provide certain information on an

ongoing basis to the Municipal Securities Rulemaking Board. For a description of the Corporation's undertaking with respect to ongoing disclosure, see "CONTINUING DISCLOSURE." Summaries of the Supplemental Security and Subsidy Programs are qualified in their entirety by reference to any statutes, regulations or agreements mentioned in such summaries. See Appendix G in Part II of this Official Statement.

## **PLAN OF FINANCING**

### General

#### 2010 Series G Bonds

Upon the issuance of the 2010 Series G Bonds, a portion of the proceeds of the 2010 Series G Bonds is expected to be used to (i) finance one first permanent mortgage loan (a "2010 Series G First Mortgage Loan") and one second permanent mortgage loan (the "2010 Series G Second Mortgage Loan") and (ii) prepay the existing first mortgage loan, which is a 2008 Series L First Mortgage Loan and (iii) restructure the existing second mortgage loan for the Tivoli Towers Development, an existing development (a "2010 Series G Development"), pursuant to the Corporation's ML Restructuring Program to refinance and restructure existing conventional first and second mortgage loans. As a result of such refinancing, the existing second mortgage loan will be restructured as a third permanent mortgage loan (the "2010 Series G Third Mortgage Loan"). The 2010 Series G First Mortgage Loan, the 2010 Series G Second Mortgage Loan and the 2010 Series G Third Mortgage Loan for the Tivoli Towers Development are referred to herein as "2010 Series G Mortgage Loans." The principal amount of the 2010 Series G First Mortgage Loan for the Tivoli Towers Development is anticipated to be approximately \$30,720,000, the principal amount of the 2010 Series G Second Mortgage Loan for the Tivoli Towers Development is anticipated to be approximately \$6,550,000, and the principal amount of the 2010 Series G Third Mortgage Loan for the Tivoli Towers Development is anticipated to be approximately \$4,050,000. See "2010 Series G Mortgage Loans" below. The 2010 Series G Supplemental Resolution provides that when no Mitchell-Lama Restructuring Bonds are Outstanding, the 2010 Series G Third Mortgage Loan shall be released from the lien of the General Resolution. Such release shall occur automatically and shall not require the provision of a Cash Flow Statement or a Cash Flow Certificate.

In addition, upon the issuance of the 2010 Series G Bonds, a portion of the proceeds will be applied to redeem within ninety days of the issuance of the 2010 Series G Bonds certain of the Corporation's Multifamily Housing Limited Obligation Bonds previously issued under a separate bond resolution of the Corporation (the "Prior Bonds"). Such Prior Bonds financed a first permanent mortgage loan for the Trinity House Development, an existing development (a "2010 Series G Development"). Upon issuance of the 2010 Series G Bonds and redemption of the Prior Bonds, such first permanent mortgage loan shall be assigned to the Trustee and will be a "2010 Series G First Mortgage Loan" (also referred to as a "2010 Series G Mortgage Loan"). The Corporation expects to issue additional Bonds in 2011 to refinance the existing mortgage indebtedness of the Mortgagor of the Trinity House Development and fund capital repairs pursuant to the Corporation's ML Restructuring Program. The aggregate outstanding principal amount of the 2010 Series G First Mortgage Loan for the Trinity House Development is anticipated to be approximately \$1,172,032.

In addition, upon the issuance of the 2010 Series G Bonds, a portion of the proceeds will be applied to refinance a subordinate mortgage loan for the Linden Plaza Development previously financed by the Corporation. Such Mortgage Loan is associated with 2008 Series K Bonds and is described in "Appendix E-1- Table 2: Developments and Permanent Mortgage Loans Outstanding Under the Program as of July 31, 2010." A portion of the proceeds of the 2010 Series G Bonds will also be used to acquire a mortgage loan previously originated by the Corporation with its own corporate funds. Upon the issuance of the 2010 Series G Bonds, such mortgage loans will be referred to as "2010 Series G Mortgage Loans."

### 2010 Series H Bonds

A portion of the proceeds of the 2010 Series H Bonds are expected to be used to redeem a portion of the Corporation's Multi-Family Housing Revenue Bonds, 2000 Series B (the "2000 Series B Bonds") and all of the Corporation's Multi-Family Housing Revenue Bonds, 2008 Series D (the "2008 Series D Bonds") issued under the General Resolution within ninety (90) days of the issuance of the 2010 Series H Bonds. The Mortgage Loans that are associated with the 2000 Series B Bonds and the 2008 Series D Bonds will remain pledged under the General Resolution. Such Mortgage Loans are described in "Appendix E-1– Table 2: Developments and Permanent Mortgage Loans Outstanding Under the Program as of July 31, 2010." Following the issuance of the 2010 Series H Bonds, such Mortgage Loans will be referred to as the "2010 Series H Mortgage Loans."

A portion of the proceeds of the 2010 Series H Bonds is also expected to be used to finance the acquisition of eleven (11) mortgage loans for eleven (11) developments previously originated by the Corporation with its own corporate funds. A portion of the proceeds of the 2010 Series H Bonds is also expected to be used to finance certain deposits to the Debt Service Reserve Account to meet the Debt Service Reserve Account Requirement for the 2010 Series G Bonds and the 2010 Series H Bonds.

### 2010 Series I Bonds

Upon the issuance of the 2010 Series I Bonds, the proceeds of the 2010 Series I Bonds initially will be deposited in the Bond Proceeds Account and invested in Investment Securities. Such proceeds are expected to be used by the Corporation to finance approximately \$8,115,000 of one (1) construction Mortgage Loan (the "2010 Series I Mortgage Loan") for the acquisition and rehabilitation of one (1) development (the "2010 Series I Development"), which loan, upon satisfaction of certain conditions, is expected to be converted to a permanent Mortgage Loan. An additional approximately \$2,685,000 of such 2010 Series I Mortgage Loan will be financed in the future by the Corporation with other available funds, including with amounts expected to be available at such time under the General Resolution. The principal amount of the 2010 Series I Mortgage Loan is anticipated to be approximately \$10,800,000. See "2010 Series I Mortgage Loan" below.

### 2008 Series A-1-A

The proceeds of the 2008 Series A-1-A Bonds being remarketed were used and are expected to be used by the Corporation to finance a portion of the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1334 Louis Nine Development. Those 2008 Series A Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 2008 Series A-1-A Bonds and are described in "Appendix E-1– Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010." Upon the remarketing of the 2008 Series A-1-A Bonds, those Mortgage Loans will remain pledged under the General Resolution.

### 2008 Series H-2-A Bonds

The proceeds of the 2008 Series H-2-A Bonds being remarketed were used and are expected to be used by the Corporation to finance a portion of the 2008 Series H Mortgage Loans. The 2008 Series H Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 2008 Series H-2-A Bonds and are described in "Appendix E-1– Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010." Upon the remarketing of the 2008 Series H-2-A Bonds, those Mortgage Loans will remain pledged under the General Resolution.

## Estimated Sources and Uses of Funds

The estimated sources and uses of funds with respect to the 2010 Bonds are expected to be approximately as follows in the table below. The proceeds of the Remarketed Bonds will be used to pay the Purchase Price of the Remarketed Bonds on October 26, 2010. Costs related to the remarketing of the Remarketed Bonds will be paid by the Corporation from other available monies of the Corporation.

## Debt Service Reserve Account

### 2010 Series G Bonds

Under the terms of the 2010 Series G Supplemental Resolution, the Debt Service Reserve Account Requirement with respect to the 2010 Series G Bonds shall equal, as of any date of calculation, an amount equal to three percent (3%) of the principal amount of the Outstanding 2010 Series G Bonds. The Corporation will fund the Debt Service Reserve Account in an amount equal to the Debt Service Account Requirement for the 2010 Series G Bonds with amounts already on deposit in the Debt Service Reserve Account and with a portion of the proceeds of the 2010 Series H Bonds.

### 2010 Series H Bonds

Under the terms of the 2010 Series H Supplemental Resolution, the Debt Service Reserve Account Requirement with respect to the 2010 Series H Bonds shall equal, as of any date of calculation, an amount equal to three percent (3%) of the principal amount of the Outstanding 2010 Series H Bonds. The Corporation will fund the Debt Service Reserve Account in an amount equal to the Debt Service Reserve Account Requirement for the 2010 Series H Bonds with amounts already on deposit in the Debt Service Reserve Account and with a portion of the proceeds of the 2010 Series H Bonds.

### 2010 Series I Bonds

Under the terms of the 2010 Series I Supplemental Resolution, the Debt Service Reserve Account Requirement with respect to the 2010 Series I Bonds shall equal, as of any date of calculation, zero dollars (\$0).

### 2008 Series A-1-A Bonds

Under the terms of the 2008 Series A-1 Supplemental Resolution, the Debt Service Reserve Account Requirement with respect to the 2008 Series A-1-A Bonds shall equal, as of any date of calculation, an amount equal to three percent (3%) of the principal amount of the Outstanding 2008 Series A-1-A Bonds. The Corporation funded the Debt Service Reserve Account in an amount equal to the Debt Service Reserve Account Requirement for the 2008 Series A-1-A Bonds upon the issuance of the 2008 Series A-1-A Bonds.

### 2008 Series H-2-A Bonds

Under the terms of the 2008 Series H-2 Supplemental Resolution, the Debt Service Reserve Account Requirement with respect to the 2008 Series H-2-A Bonds shall equal, as of any date of calculation, an amount equal to three percent (3%) of the principal amount of the Outstanding 2008 Series H-2-A Bonds (excluding the 2008 Series H-2-A Bonds maturing on May 1, 2013). The Corporation funded the Debt Service Reserve Account in an amount equal to the Debt Service Reserve Account Requirement for the 2008 Series H-2-A Bonds upon the issuance of the 2008 Series H-2-A Bonds.

### 2008/2010 Bonds

For further information on the Debt Service Reserve Account and the Debt Service Reserve Account Requirement for the Bonds, see “SECURITY FOR THE BONDS—Debt Service Reserve Account” and “Appendix F-1—Certain Investments under the General Resolution” in Part II of this Official Statement.

### 2010 Series G Mortgage Loans

#### 2010 Series G Developments

It is anticipated that the proceeds of the 2010 Series G Bonds will be used to finance the 2010 Series G Mortgage Loans for the following 2010 Series G Developments:

Lien Position	Anticipated Mortgage Loan Supplemental Security <sup>†</sup>	Subsidy Program <sup>††</sup>	Development Name (Borough/ Number of Units)	Occupancy Rate	Anticipated 2010 Series G Mortgage Loan Amount	Physical Inspection <sup>†††</sup>
Senior	SONYMA	ML Restructuring and Section 236	Tivoli Towers <sup>††††</sup> (Brooklyn/320)	99.1%	\$30,720,000	BA
Subordinate	N/A	ML Restructuring and Section 236	Tivoli Towers <sup>††††</sup> (Brooklyn)	99.1%	\$6,550,000*	BA
Senior	N/A	Mitchell-Lama	Trinity House (Manhattan/200)	98.5%	\$1,172,032	SUP
Subordinate	N/A	LAMP, Mitchell-Lama and Section 236	Linden Plaza (Brooklyn/1,527)**	98.4%	\$13,177,599	S
Subordinate	N/A	Mixed Income	101 Avenue D (Manhattan/78)	N/A	\$2,535,000***	N/A

<sup>†</sup> It is expected that that SONYMA will provide 100% mortgage insurance on the 2010 Series G First Mortgage Loan for the Tivoli Towers Development in 2012. For a description of SONYMA Insurance, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—SONYMA Insurance Program” in Part II of this Official Statement.

<sup>††</sup> For a description of ML Restructuring, Section 236, LAMP, Mitchell-Lama and Mixed Income, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs.”

<sup>†††</sup> Physical inspection ratings determined by the Corporation are as follows: SUP = superior; S = satisfactory; and BA = below average (see, “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings”). These Developments were completed in 1969 through 1975.

<sup>††††</sup> In addition, the Tivoli Towers Development will also be financed with the 2010 Series G Third Mortgage Loan. The principal amount of the 2010 Series G Third Mortgage Loan is anticipated to be approximately \$4,050,000.

\* \$1,310,000 of this Mortgage Loan amount is being funded with other available moneys of the Corporation.

\*\* The Linden Plaza Development is also described in “Appendix E-1— Table 2: Developments and Permanent Mortgage Loans Outstanding Under the Program as of July 31, 2010.”

\*\*\* \$1,496,044 of this Mortgage Loan amount is being funded with other available moneys of the Corporation.

The Mortgagor of the 2010 Series G Mortgage Loans for the Tivoli Towers Development has executed a commitment with the Corporation (an “HDC Commitment”) in which the Corporation agreed to provide the 2010 Series G Mortgage Loans on a permanent basis to restructure, through refinancing, the Mortgagor’s existing first and second mortgage loans so that (i) the 2010 Series G First Mortgage Loan and 2010 Series G Second Mortgage Loans for the Tivoli Towers Development will have a later maturity date and lower rate of interest than the existing first mortgage loan that is being prepaid and (ii) the 2010 Series G Third Mortgage Loan will have a later maturity date and have an anticipated rate of interest of 4%, due as a balloon payment upon the prepayment of the 2010 Series G First Mortgage Loan. For a description of the Mitchell-Lama Law, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs—Mitchell-Lama Program,” and for a description of the ML Restructuring Program, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs—Corporation Programs—Mitchell-Lama Programs—Mitchell-Lama Restructuring Program.” The Tivoli Towers Development also receives interest reduction payments pursuant to Section 236(b) of the National Housing Act of 1934, as amended. For a description of the Section 236 Program, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs—Section 236 Program.”

The mortgage loan for the Trinity House Development was executed on September 25, 1978 and will not be amended in connection with this financing. The mortgage loan for the 101 Avenue D Development was executed on June 3, 2010 and will not be amended in connection with this financing. The mortgage loan for the Linden Plaza Development was executed on April 9, 2008 and the mortgage note will be amended in connection with this financing.

The 2010 Series G First Mortgage Loan for the Tivoli Towers Development will be assigned a valuation of 86% and the 2010 Series G Second Mortgage Loan for the Tivoli Towers Development will be assigned a valuation of 82% under the 2010 Series G Supplemental Resolution. The 2010 Series G First Mortgage Loan for the Trinity House Development will be assigned a valuation of 74% under the 2010 Series G Supplemental Resolution. The 2010 Series G Mortgage Loan for the Linden Plaza Development will be assigned a valuation of 100%. The 2010 Series G Mortgage Loan for the 101 Avenue D Development will be assigned a valuation of 85%. The initial weighted average valuation of the 2010 Series G Mortgage Loans will be 88.61%. For a discussion of the valuation process, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.”

It is expected that the Corporation will service the 2010 Series G Mortgage Loans (see “THE PROGRAM—Servicing”). As of August 31, 2010, there were no delinquencies of 90 days and over and no material defaults with respect to the existing mortgage loans related to the Tivoli Towers Development, the Trinity House Development, the Linden Plaza Development or the 101 Avenue D Development.

#### Mortgage Terms

The 2010 Series G First Mortgage Loans for the Tivoli Towers Development and the Trinity House Development will each be evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the applicable 2010 Series G Development. The 2010 Series G Mortgage Loan for the Linden Plaza Development will be evidenced by a mortgage note payable to the Corporation and secured by a second mortgage lien on the Linden Plaza Development. The 2010 Series G Mortgage Loan for the 101 Avenue D Development will be evidence by a mortgage note payable to the Corporation and secured by a second mortgage lien on the 101 Avenue D Development. The interest rate (inclusive of servicing and credit enhancement fees) for the 2010 Series G First Mortgage Loan is anticipated to be 5.35% for the Tivoli Towers Development and 7.25% for the Trinity House Development. The interest rate (inclusive of servicing fees, if any) is anticipated to be 4.945% for the permanent 2010 Series G Mortgage Loan for the Linden Plaza Development and 1% for the permanent 2010 Series G Mortgage Loan for the 101 Avenue D Development. The term to maturity for the 2010 Series G First Mortgage Loan for the Tivoli Towers Development is anticipated to be 32 years. The term to maturity for the 2010 Series G First Mortgage Loan for the Trinity House Development is anticipated to be 8 years. The term to maturity for the 2010 Series G Mortgage Loan for the Linden Plaza Development is anticipated to be approximately 12 years. The term to maturity for the 2010 Series G Mortgage Loan for the 101 Avenue D Development is anticipated to be approximately 30 years after completion of construction. The 2010 Series G First Mortgage Loan for the Tivoli Towers Development is expected to contain provisions prohibiting the Mortgagor of the Tivoli Towers Development from making any prepayment prior to approximately ten (10) years after the closing of such 2010 Series G Mortgage Loan. The 2010 Series G First Mortgage Loan for the Trinity House Development is currently prepayable at any time and in connection with the restructuring expected to occur in 2011 is expected to contain provisions prohibiting the Mortgagor of the Trinity House Development from making any prepayment prior to approximately fifteen (15) years after the closing of such restructured mortgage loan. The 2010 Series G Mortgage Loans for the Linden Plaza Development and the 101 Avenue D Development are prepayable at any time. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series G Bonds—Special Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan

Prepayment Provisions—Category 7”, “—Category 11” and “—Category 1” in Part II of this Official Statement.

The 2010 Series G Second Mortgage Loan for the Tivoli Towers Development will be evidenced by a mortgage note payable to the Corporation and secured by a second mortgage lien on the applicable 2010 Series G Development. The interest rate (inclusive of servicing fees) for the 2010 Series G Second Mortgage Loan is anticipated to be 5.5% and the term to maturity for the 2010 Series G Second Mortgage Loan is anticipated to be 32 years. The 2010 Series G Second Mortgage Loan for the Tivoli Towers Development is expected to contain provisions prohibiting the Mortgagor of the Tivoli Towers Development from making any prepayment prior to approximately ten (10) years after the closing of such 2010 Series G Mortgage Loan. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series G Bonds—Special Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 7”, in Part II of this Official Statement.

The 2010 Series G Third Mortgage Loan for the Tivoli Towers Development will be evidenced by a mortgage note payable to the Corporation and secured by a third mortgage lien on the Tivoli Towers Development. The interest rate for the 2010 Series G Third Mortgage Loan is anticipated to be 4% and the term to maturity for the 2010 Series G Third Mortgage Loan is anticipated to be 32 years. The balloon payment on the 2010 Series G Third Mortgage Loan is due upon the prepayment of the applicable 2010 Series G First Mortgage Loan. The 2010 Series G Third Mortgage Loan is expected to be prepayable at any time (see “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series G Bonds—Special Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 1”). Pursuant to the terms of a Purchase and Sale Agreement between the Corporation and the City, the Corporation has agreed that on the date of issuance of the 2010 Series G Bonds, the Corporation will sell to the City, and the City will purchase from the Corporation, a residual right to ownership of the 2010 Series G Third Mortgage Loan, which will be transferred to the City on the date when no Mitchell-Lama Restructuring Bonds remain Outstanding under the General Resolution. In accordance with the provisions of the 2010 Series G Supplemental Resolution, release of the 2010 Series G Third Mortgage Loan on such date for such transfer will be made automatically and without the requirement for a filing of any Cash Flow Statement or Cash Flow Certificate.

### 2010 Series H Mortgage Loans

A portion of the proceeds of the 2010 Series H Bonds is expected to be used to redeem a portion of the 2000 Series B Bonds and all of the 2008 Series D Bonds within ninety (90) days of the issuance of the 2010 Series H Bonds. The Mortgage Loans currently associated with the 2000 Series B Bonds (the “2000 Series B Mortgage Loans”) and the 2008 Series D Bonds (the “2008 Series D Mortgage Loans”) will continue to be pledged under the General Resolution. Such Mortgage Loans are described in “Appendix E-1— Table 2: Developments and Permanent Mortgage Loans Outstanding Under the Program as of July 31, 2010.” Following the issuance of the 2010 Series H Bonds, such Mortgage Loans will be associated with the 2010 Series H Bonds and become 2010 Series H Mortgage Loans. The 2010 Series H Mortgage Loans shall also include the 2010 Series H Securitization Mortgage Loans as defined below.

### 2010 Series H Developments

It is anticipated that a portion of the proceeds of the 2010 Series H Bonds will be used to finance the acquisition of eleven (11) mortgage loans (the “2010 Series H Securitization Mortgage Loans”) for eleven (11) developments (the “2010 Series H Developments”) previously originated by the Corporation with its own corporate funds, which are described below in the aggregate as of September 30, 2010:

Lien Position/ Supplemental Security	Subsidy Program(s)	Number of Mortgage Loans	Number of Units	Aggregate Outstanding Mortgage Balance	Weighted Average Mortgage Interest Rate <sup>†††</sup>	Weighted Average Maturity <sup>*</sup> (in years)
<b>Senior Loans:</b>						
N/A	ML Restructuring	1	171	\$ 2,585,000 <sup>†††</sup>	6.45%	35.00
<i>Sub-Total Senior Loans<sup>†</sup>:</i>		<i>1</i>	<i>171</i>	<i>2,585,000</i>	<i>6.45%</i>	<i>35.00</i>
<b>Subordinate Loans:</b>						
N/A	New HOP	3	207	12,471,548	1.00%	29.63
N/A	New HOP	7 <sup>††</sup>	506	38,439,885	1.00%	31.35
<i>Sub-Total Subordinate Loans<sup>†</sup>:</i>		<i>10</i>	<i>713</i>	<i>50,911,443</i>	<i>1.00%</i>	<i>30.94</i>
<b>TOTAL<sup>†</sup></b>		<b>11</b>	<b>884</b>	<b>\$53,496,433</b>	<b>1.26%</b>	<b>31.13</b>

<sup>†</sup> May not add due to rounding.

<sup>††</sup> These 7 Mortgage Loans are construction Mortgage Loans and the total commitment amount is \$39,855,000.

<sup>†††</sup> This Mortgage Loan was closed on October 13, 2010 as a permanent Mortgage Loan in the amount of \$2,585,000.

<sup>††††</sup> Based on the full commitment amount for construction Mortgage Loans.

<sup>\*</sup> Based on the permanent loan terms and the full commitment amount for construction Mortgage Loans.

Each of the Mortgagors of the 2010 Series H Securitization Mortgage Loans in the table above has already closed its mortgage loan from available funds of the Corporation. Construction of three (3) of the 2010 Series H Developments has been completed. The occupancy of all of such 2010 Series H Developments is at least ninety percent (90%), and the first physical inspection on such 2010 Series H Developments is pending. Construction of seven (7) of the 2010 Series H Developments is expected to be completed within 8 months. Rehabilitation of one (1) of the 2010 Series H Developments is expected to be completed within 2 years. Such 2010 Series H Development is currently 100% occupied with a physical inspection rating of satisfactory. See “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings.”

All of the Mortgagors of the 2010 Series H Securitization Mortgage Loans have also received other mortgage loans and have granted other mortgages on the 2010 Series H Developments. As of September 30, 2010, all ten (10) subordinate 2010 Series H Securitization Mortgage Loans with an aggregate outstanding mortgage balance of \$50,911,443 are subject to existing mortgage loans that are senior to such 2010 Series H Securitization Mortgage Loans. The Corporation is the lender of all of such other mortgage loans that are senior to the 2010 Series H Securitization Mortgage Loans with an aggregate outstanding mortgage balance of \$87,041,799. All but one (1) of such other mortgage loans with an aggregate outstanding mortgage balance of \$63,541,799 are already pledged under the General Resolution.

Each of the 2010 Series H Securitization Mortgage Loans is evidenced by a mortgage note payable to the Corporation and secured by either a first or second mortgage lien on the applicable 2010 Series H Development. The weighted average interest rate for the 2010 Series H Securitization Mortgage Loans is approximately 1.26%. The weighted average remaining term to maturity of the 2010 Series H Securitization Mortgage Loans is approximately 31.13 years; approximately 4.83% of the 2010 Series H Securitization Mortgage Loans by aggregate outstanding mortgage balance are self-amortizing, approximately 10.51% of the 2010 Series H Securitization Mortgage Loans by aggregate outstanding mortgage balance are partially amortized and have a balloon payment at maturity, and approximately 84.66% of the 2010 Series H Securitization Mortgage Loans by aggregate outstanding mortgage balance are payable only at maturity.

The 2000 Series B Mortgage Loans being refinanced by the 2010 Series H Bonds will be assigned a valuation of 100% under the 2010 Series H Supplemental Resolution, the 2008 Series D Mortgage Loans being refinanced by the 2010 Series H Bonds will be assigned a valuation of 99% under the 2010 Series H Supplemental Resolution and the 2010 Series H Securitization Mortgage Loans will be assigned a valuation of 80% under the 2010 Series H Supplemental Resolution. The initial weighted average valuation of the 2010 Series H Mortgage Loans will be 89.53%. For a discussion of the valuation process, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.”

For a description of each supplemental security and subsidy program for the 2010 Series H Securitization Mortgage Loans see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs—Corporation Programs—Mitchell Lama Programs” and “—New Housing Opportunities Program.”

## 2010 Series I Mortgage Loan

### 2010 Series I Development

It is anticipated that the proceeds of the 2010 Series I Bonds will be used to finance approximately \$8,115,000 of the 2010 Series I Mortgage Loan for the 2010 Series I Development described in the chart below. An additional approximately \$2,685,000 of such 2010 Series I Mortgage Loan will be financed in the future by the Corporation with other available funds, including with amounts expected to be available at such time under the General Resolution. No assurances can be given that the construction or permanent 2010 Series I Mortgage Loan will be made or, if made, funded in the amounts presently contemplated by the Corporation. Additionally, the Corporation may substitute other Developments for that described in the chart below.

Anticipated Construction Mortgage Loan Supplemental Security (Construction LOC)	Anticipated Permanent Mortgage Loan Supplemental Security	Subsidy Program <sup>†</sup>	Development Name (Borough/ Number of Units)	Anticipated Construction Period (in months)	Anticipated Construction Loan Amount	Anticipated Permanent Mortgage Loan Amount	Expected Amount of Mandatory Prepayment
The Bank of New York Mellon	REMIC <sup>††</sup>	LAMP Preservation	Ocelot (Bronx/119)	30	\$10,800,000	\$2,685,000	\$8,115,000

<sup>†</sup> For a description of LAMP Preservation, see “Appendix G—Description of Supplemental Security and Subsidy Programs – Subsidy Programs – Corporation Programs – Low-Income Affordable Marketplace Preservation Program,” in Part II of this Official Statement.

<sup>††</sup> It is anticipated that REMIC Insurance will secure the first loss on the Mortgage Loan up to twenty percent (20%) of the original permanent mortgage loan amount for the 2010 Series I Development. For a description of REMIC, see “Appendix G—Description of Supplemental -Security and Subsidy Programs—Supplemental Security—REMIC Insurance Program” in Part II of this Official Statement.

The 2010 Series I Mortgage Loan will be assigned a valuation of 100% under the 2010 Series I Supplemental Resolution. For a discussion of the valuation process, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” in Part II of this Official Statement. It is expected that the bank providing the letter of credit will service the 2010 Series I Mortgage Loan during construction, and the Corporation will service the 2010 Series I Mortgage Loan after construction. See “HDC Commitments; Construction Letters of Credit” below and “THE PROGRAM—Servicing” in Part II of this Official Statement.

#### Mandatory Prepayment

The Mortgagor of the 2010 Series I Development will be required to make the 2010 Series I Mortgage Loan Mandatory Prepayment, as described in the chart under the subheading “2010 Series I Development” above upon construction completion and release of any applicable construction letter of credit. Said prepayment is expected to be used to redeem prior to maturity the 2010 Series I Bonds (see “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series I Bonds—Extraordinary Redemption from Recoveries of Principal”). Although a significant source of funds for the 2010 Series I Mortgage Loan Mandatory Prepayment is expected to come from the syndication of federal low income housing tax credits with respect to the 2010 Series I Mortgage Loan and from local subordinate loan or grant programs, the 2010 Series I Mortgage Loan Mandatory Prepayment is required to be made by the Mortgagor of the 2010 Series I Development whether or not the federal low income housing tax credit syndication proceeds or the local subordinate loan or grant programs are obtained. If the Mortgagor does not make the required 2010 Series I Mortgage Loan Mandatory Prepayment, there would be a default under the 2010 Series I Mortgage Loan which would result in a draw on the Construction LOC (as defined and described under the subheading “HDC Commitments; Construction Letters of Credit” below) by the Corporation in the full amount of the letter of credit which could result in the redemption of all of the 2010 Series I Bonds. However, it is also possible in the event of such default that the Corporation and the letter of credit provider would agree to amend the Construction LOC to permit a partial draw in an amount equal to the 2010 Series I Mortgage Loan Mandatory Prepayment; such proceeds would be applied to redeem prior to maturity the 2010 Series I Bonds. In such event, unless the Mortgagor of the 2010 Series I Development cured such default, the letter of credit provider would have the option to acquire said 2010 Series I Mortgage Loan by obligating the Corporation to make a draw on the Construction LOC in an amount equal to the 2010 Series I

Mortgage Loan. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series I Bonds—Special Redemption from Recoveries of Principal.”

### Mortgage Terms

The 2010 Series I Mortgage Loan will be evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the 2010 Series I Development. The interest rate (inclusive of servicing and credit enhancement fees) for the permanent 2010 Series I Mortgage Loan is anticipated to be 5.15%. The term to maturity for the 2010 Series I Mortgage Loan is anticipated to be approximately 30 years after completion of rehabilitation. The 2010 Series I Mortgage Loan is expected to contain provisions prohibiting the Mortgagor from making any prepayment, other than the 2010 Series I Mortgage Loan Mandatory Prepayment, prior to approximately ten (10) years after the closing of the permanent 2010 Series I Mortgage Loan. (See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series I Bonds—Special Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 9” in Part II of this Official Statement).

### HDC Commitments; Construction Letters of Credit

The Mortgagor of the 2010 Series I Mortgage Loan has executed an HDC Commitment in which the Corporation has agreed to provide the 2010 Series I Mortgage Loan. The HDC Commitment for the 2010 Series I Development will require the Mortgagor to obtain a letter of credit or other credit enhancement instrument to be available during construction, from a bank acceptable to the Corporation, as a condition to the Corporation providing the 2010 Series I Mortgage Loan during construction (the “Construction LOC”). The Construction LOC need not meet the requirements under the General Resolution for a Credit Facility (as defined in the General Resolution). Such letter of credit will not be pledged to the owners of the 2010 Series I Bonds; however, any payments received by the Corporation from the letter of credit provider pursuant to such letter of credit will be pledged for the benefit of the owners of the 2010 Series I Bonds. It is anticipated that the letter of credit may be drawn upon by the Corporation if the Mortgagor fails to make the required debt service payments on the 2010 Series I Mortgage Loan. The amount drawn on the Construction LOC will be the outstanding principal balance of the construction 2010 Series I Mortgage Loan plus the lesser of (i) accrued interest or (ii) the maximum amount available with respect to accrued interest, and the 2010 Series I Mortgage Loan will be immediately assigned to the letter of credit provider and no longer be pledged for the benefit of the owners of the 2010 Series I Bonds and will be free and clear of the pledge and lien of the General Resolution.

Following the satisfaction of the conditions of the HDC Commitment which may require, among other things, the provision by the Mortgagor of equity, the satisfactory completion of construction within a certain time schedule from the making of the construction 2010 Series I Mortgage Loan and within a certain construction budget, the issuance of a certificate of occupancy, if applicable, the attainment of a specified minimum rental achievement level, and delivery of other required certificates and legal opinions, the Corporation will release the Construction LOC relating to the construction 2010 Series I Mortgage Loan. If the Construction LOC is not released because of a failure by the Mortgagor of the 2010 Series I Development to comply with the conditions enumerated in the HDC Commitment or if the Construction LOC is not extended beyond its maturity until such conditions are satisfied, it is expected that the Construction LOC will be drawn upon by the Corporation and the proceeds from said draw could be used to redeem a portion of the Outstanding 2010 Series I Bonds (see “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series I Bonds—Special Redemption from Recoveries of Principal”).

No assurances can be given that such permanent 2010 Series I Mortgage Loan will be made or, if made, funded in the amounts presently contemplated by the Corporation (see “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2010 Series I Bonds”). Additionally, the Corporation may substitute other Developments for the Development described in the chart under the subheading “2010 Series I Development” above.

### 2008 Series A Mortgage Loans

The proceeds of the 2008 Series A-1-A Bonds being remarketed were used and are expected to be used to finance a portion of the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1332 Louis Nine Development. Those Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 2008 Series A-1-A Bonds and are described in “Appendix E-1—Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010.” Upon the remarketing of the 2008 Series A-1-A Bonds, such Mortgage Loans will remain pledged under the General Resolution and will continue to be referred to herein as the “2008 Series A Mortgage Loans.”

The 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1332 Louis Nine Development contain provisions prohibiting the Mortgagor of the applicable Development from making any prepayment, other than the applicable 2008 Series A Mortgage Loan Mandatory Prepayment (as defined below) prior to approximately ten (10) years after the closing of the applicable permanent Mortgage Loan. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2008 Series A-1-A Bonds—Extraordinary Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 9” in Part II of this Official Statement. Neither of the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1332 Louis Nine Development have converted to permanent loans at this time.

The Mortgagors of the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1332 Louis Nine Development are required to make a Mortgage Loan Mandatory Prepayment (the “2008 Series A Mortgage Loan Mandatory Prepayment”) upon completion of construction of the applicable Development. Such prepayment is expected to be used to redeem prior to maturity or pay at maturity a portion of one or more sub-series of the Corporation’s Multi-Family Housing Revenue Bonds, 2008 Series A (the “2008 Series A Bonds”). Although a significant source of funds for the 2008 Series A Mortgage Loan Mandatory Prepayments for the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1332 Louis Nine Development is expected to come from the sale of certain real estate exemption certificates (the “421-a Certificates”) available under State law, the 2008 Series A Mortgage Loan Mandatory Prepayment for both the Boricua Site E Development and the 1332 Louis Nine Development is required to be made by the Mortgagor of the applicable Development whether or not the proceeds of the sale of the 421-a Certificates are obtained. If a Mortgagor does not make the required 2008 Series A Mortgage Loan Mandatory Prepayment, there would be a default under the applicable 2008 Series A Mortgage Loan. The Corporation will draw on the applicable Construction LOC in the full amount of such Construction LOC, which could result in the redemption of a portion of one or more sub-series of the 2008 Series A Bonds in an amount equal to the applicable 2008 Series A Mortgage Loan. However, it is also possible in the event of such default that the Corporation and the letter of credit provider would agree to amend the applicable Construction LOC to permit a partial draw in an amount equal to the applicable 2008 Series A Mortgage Loan Mandatory Prepayment; such proceeds would be applied to redeem prior to maturity a portion of one or more sub-series of the 2008 Series A Bonds, in which case the balance of the 2008 Series A Bonds would remain Outstanding. In such event, unless the Mortgagor of the applicable Development cured such default, the applicable letter of credit provider would have the option to acquire the related 2008 Series A Mortgage Loan by obligating the Corporation to make a draw on the applicable Construction LOC, the proceeds of which

could be used to redeem the Outstanding 2008 Series A Bonds in an amount equal to such 2008 Series A Mortgage Loan. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2008 Series A-1-A Bonds—Special Redemption from Recoveries of Principal.”

### 2008 Series H Mortgage Loans

The proceeds of the 2008 Series H-2-A Bonds being remarketed were used and are expected to be used to finance a portion of the 2008 Series H Mortgage Loans. Those Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 2008 Series H-2-A Bonds and are described in “Appendix E-1– Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010.” Upon the remarketing of the 2008 Series H-2-A Bonds, such Mortgage Loans will remain pledged under the General Resolution and will continue to be referred to herein as the “2008 Series H Mortgage Loans.”

The 2008 Series H Mortgage Loans contain provisions prohibiting the Mortgagor of the applicable Development from making any prepayment, other than the applicable 2008 Series H Mortgage Loan Mandatory Prepayment (as defined below) prior to approximately ten (10) years after the closing of the applicable permanent Mortgage Loan. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2008 Series H-2-A Bonds—Extraordinary Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 9” in Part II of this Official Statement. None of the 2008 Series H Mortgage Loans have converted to permanent loans at this time, except the 2008 Series H Mortgage Loan for the Bristol Hopkinson Development, which converted to a permanent Mortgage Loan on September 1, 2010.

The Mortgagors of the 2008 Series H Mortgage Loans are required to make a Mortgage Loan Mandatory Prepayment (the “2008 Series H Mortgage Loan Mandatory Prepayment”) upon completion of construction of the applicable Development. Such prepayment is expected to be used to redeem prior to maturity or pay at maturity the 2008 Series H-2-A Bonds maturing on May 1, 2013 or the Corporation’s Multi-Family Housing Revenue Bonds, 2008 Series H-2-B (the “2008 Series H-2-B Bonds” and together with the 2008 Series H-2-A Bonds, the “2008 Series H-2 Bonds”). Although a significant source of funds for the 2008 Series H Mortgage Loan Mandatory Prepayments for the 2008 Series H Mortgage Loans is expected to come from the syndication of federal low income housing tax credits, the 2008 Series H Mortgage Loan Mandatory Prepayment is required to be made by the Mortgagor of the applicable Development whether or not the proceeds from the syndication of federal low income housing tax credits are obtained. If a Mortgagor does not make the required 2008 Series H Mortgage Loan Mandatory Prepayment, there would be a default under the applicable 2008 Series H Mortgage Loan. The Corporation will draw on the applicable Construction LOC in the full amount of such Construction LOC, which could result in the redemption of all of the applicable portion of the 2008 Series H-2-A Bonds and/or 2008 Series H-2-B Bonds in an amount equal to the applicable 2008 Series H Mortgage Loan. However, it is also possible in the event of such default that the Corporation and the letter of credit provider would agree to amend the applicable Construction LOC to permit a partial draw in an amount equal to the applicable 2008 Series H Mortgage Loan Mandatory Prepayment; such proceeds would be applied to redeem prior to maturity the 2008 Series H-2-A Bonds and/or the 2008 Series H-2-B Bonds, in which case the balance of the 2008 Series H-2 Bonds would remain Outstanding. In such event, unless the Mortgagor of the applicable Development cured such default, the applicable letter of credit provider would have the option to acquire the related 2008 Series H Mortgage Loan by obligating the Corporation to make a draw on the applicable Construction LOC, the proceeds of which could be used to redeem the Outstanding 2008 H-2 Bonds in an amount equal to such 2008 Series H Mortgage Loan. See “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2008 Series H-2-A Bonds—Special Redemption from Recoveries of Principal.”

## DESCRIPTION OF THE FIXED RATE BONDS

### General

The 2010 Series G Bonds, the 2010 Series I Bonds and the Remarketed Bonds will bear interest at fixed rates to maturity and are referred to herein as the “Fixed Rate Bonds”. The Fixed Rate Bonds will mature on the dates and in the amounts set forth on the inside cover pages of this Official Statement. The Bank of New York Mellon is the Trustee for the Bonds, including the Fixed Rate Bonds.

The Fixed Rate Bonds will be dated the date of delivery thereof and will be issued or remarketed as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. Interest on the Fixed Rate Bonds will accrue from their dated date and be payable on May 1 and November 1 in each year, commencing May 1, 2011, at the rates per annum set forth on the inside cover pages of this Official Statement. Interest on the Fixed Rate Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months.

### Redemption Provisions for the 2010 Series G Bonds

The 2010 Series G Bonds (other than the 2010 Series G Bonds maturing on May 1, 2015, May 1, 2017, May 1, 2018, May 1, 2019 and May 1, 2020 (the “2010 Series G Premium Bonds”)) are subject to special redemption, sinking fund redemption and optional redemption prior to maturity, as described below. The 2010 Series G Premium Bonds are not subject to redemption.

### Special Redemption from Recoveries of Principal

The 2010 Series G Bonds (other than the 2010 Series G Premium Bonds) are subject to redemption, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010 Series G Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing: (a) Recoveries of Principal\* deposited in the Redemption Account other than (i) proceeds of an optional prepayment of any 2010 Series G Mortgage Loan by the Mortgagor thereof, or (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2010 Series G Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2010 Series G Mortgage Loan is in default, including proceeds of SONYMA Insurance with respect to any 2010 Series G Mortgage Loan insured by SONYMA) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above. See also “PLAN OF FINANCING—2010 Series G Mortgage Loans.”

The 2010 Series G Bonds (other than the 2010 Series G Premium Bonds) are subject to redemption, in whole or in part, at any time prior to maturity on or after November 1, 2020, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010 Series G

\* The 2010 Series G Supplemental Resolution provides that, with respect to the 2010 Series G Mortgage Loans, any prepayment premiums or penalties shall not constitute Recoveries of Principal. The 2010 Series G Supplemental Resolution provides that, with respect to any Acquired Project, the proceeds of sale of any Acquired Project shall constitute Recoveries of Principal. The 2010 Series G Supplemental Resolution provides that, with respect to the 2010 Series G Mortgage Loans, amounts obtained under a letter of credit or other credit enhancement securing a 2010 Series G Mortgage Loan or under any agreement entered into by the Corporation and the provider of such letter of credit or other credit enhancement in connection with the providing of such letter of credit or credit enhancement in the event of default on such 2010 Series G Mortgage Loan, other than with respect to scheduled principal and/or interest payments required by such 2010 Series G Mortgage Loan, shall constitute Recoveries of Principal. The 2010 Series G Supplemental Resolution provides that, with respect to the 2010 Series G Mortgage Loans, amounts obtained pursuant to SONYMA Insurance, other than with respect to scheduled principal and/or interest payments required by the 2010 Series G Mortgage Loan, shall constitute Recoveries of Principal.

Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing (a) Recoveries of Principal deposited in the Redemption Account and resulting from (i) proceeds of an optional prepayment of any 2010 Series G Mortgage Loan by the Mortgagor thereof (which optional prepayment may be derived from proceeds of a new series of bonds issued by the Corporation) or, (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2010 Series G Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2010 Series G Mortgage Loan is in default, including proceeds of SONYMA Insurance with respect to any 2010 Series G Mortgage Loan insured by SONYMA) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above.

Notwithstanding the foregoing, upon the filing of a Cash Flow Statement with the Trustee, and except as otherwise provided in a Supplemental Resolution authorizing a Series of Bonds other than the 2010 Series G Bonds, for so long as the 2010 Series G Bonds remain Outstanding, (i) the 2010 Series G Bonds (other than the 2010 Series G Premium Bonds) may be redeemed in accordance with the redemption provisions described in the preceding two paragraphs in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to the Mortgage Loans financed in connection with any Series of Mitchell-Lama Restructuring Bonds, and (ii) the Series of Bonds to be redeemed in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to any 2010 Series G Mortgage Loan shall be selected as directed by the Corporation, but solely among the Series of Mitchell-Lama Restructuring Bonds. For a description of the cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.”

As provided in the Resolutions, the Corporation may file written instructions with the Trustee, accompanied by a Cash Flow Statement, directing that all or any portion of Recoveries of Principal be deposited in the Bond Proceeds Account or the Revenue Account instead of to the Redemption Account. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” and “Appendix B—Summary of Certain Provisions of the General Resolution” in Part II of this Official Statement.

See “THE PROGRAM—Certain Factors Affecting the Mortgage Loans” and “Appendix E-2—Mortgage Loan Prepayment Provisions” in Part II of this Official Statement for a description of the prepayment features applicable to the Mortgage Loans.

#### Special Redemption from Unexpended 2010 Series G Bond Proceeds

The 2010 Series G Bonds (except the 2010 Series G Premium Bonds) are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010 Series G Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, in an amount not in excess of amounts on deposit in the Bond Proceeds Account representing unexpended proceeds of the 2010 Series G Bonds not used to finance the 2010 Series G Mortgage Loans and any other monies made available under the General Resolution in connection with such redemption.

#### Sinking Fund Redemption for the 2010 Series G Bonds

The 2010 Series G Term Bonds maturing on November 1, 2025 are subject to redemption at a Redemption Price equal to one hundred percent (100%) of the principal amount thereof, plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to

be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such 2010 Series G Bonds specified for each of the Redemption Dates shown below:

<sup>†</sup> Stated maturity

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45<sup>th</sup>) day preceding the due date of such Sinking Fund Payment, to the purchase of the 2010 Series G Bonds to be redeemed from such Sinking Fund Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any 2010 Series G Bonds for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal amount of the 2010 Series G Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the 2010 Series G Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer of the Corporation at the time of such purchase or redemption.

Optional Redemption

The 2010 Series G Bonds (except the 2010 Series G Premium Bonds) are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity on or after November 1, 2020, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010 Series G Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date.

Redemption Provisions for the 2010 Series I Bonds

The 2010 Series I Bonds are subject to special redemption and extraordinary redemption prior to maturity, as described below.

Special Redemption from Recoveries of Principal

The 2010 Series I Bonds are subject to redemption, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010

Series I Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing: (a) Recoveries of Principal\* deposited in the Redemption Account other than (i) proceeds of an optional prepayment of the 2010 Series I Mortgage Loan by the Mortgagor thereof or the proceeds of the 2010 Series I Mortgage Loan Mandatory Prepayment, or (ii) proceeds of the sale, assignment, endorsement or other disposition of the 2010 Series I Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, the 2010 Series I Mortgage Loan is in default) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above. See also “PLAN OF FINANCING—2010 Series I Mortgage Loan.”

The 2010 Series I Bonds are not subject to redemption from amounts representing (a) Recoveries of Principal deposited in the Redemption Account and resulting from (i) proceeds of an optional prepayment of the 2010 Series I Mortgage Loan by the Mortgagor thereof or (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2010 Series I Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, the 2010 Series I Mortgage Loan is in default) or (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above.

Notwithstanding the foregoing, upon the filing of a Cash Flow Statement with the Trustee, and except as otherwise provided in a Supplemental Resolution authorizing a Series of Bonds other than the 2010 Series I Bonds, (i) all or a portion of the 2010 Series I Bonds may be redeemed in accordance with the redemption provisions described above in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to any Mortgage Loans or Developments financed in connection with a Series of Bonds other than the 2010 Series I Bonds and (ii) the Series of Bonds to be redeemed in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to the 2010 Series I Mortgage Loan or the Development financed therefrom shall be selected as directed by the Corporation; provided, however, that such selection need not include the 2010 Series I Bonds, and shall not include certain Series of Bonds. For a description of the cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.”

As provided in the Resolutions, the Corporation may file written instructions with the Trustee, accompanied by a Cash Flow Statement, directing that all or any portion of Recoveries of Principal be deposited in the Bond Proceeds Account or the Revenue Account instead of to the Redemption Account. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” and “Appendix B—Summary of Certain Provisions of the General Resolution” in Part II of this Official Statement.

---

\* The 2010 Series I Supplemental Resolution provides that, with respect to the 2010 Series I Mortgage Loan, any prepayment premiums or penalties shall not constitute Recoveries of Principal. The 2010 Series I Supplemental Resolution provides that, with respect to any Acquired Project, the proceeds of sale of any Acquired Project shall constitute Recoveries of Principal. The 2010 Series I Supplemental Resolution provides that, with respect to the 2010 Series I Mortgage Loan, amounts obtained under a letter of credit or other credit enhancement securing the 2010 Series I Mortgage Loan or under any agreement entered into by the Corporation and the provider of such letter of credit or other credit enhancement in connection with the providing of such letter of credit or credit enhancement in the event of default on the 2010 Series I Mortgage Loan, other than with respect to scheduled principal and/or interest payments required by the 2010 Series I Mortgage Loan, shall constitute Recoveries of Principal. The 2010 Series I Supplemental Resolution provides that, with respect to the 2010 Series I Mortgage Loan, the payment in whole or in part of the 2010 Series I Mortgage Loan Mandatory Prepayment shall constitute Recoveries of Principal.

See “THE PROGRAM—Certain Factors Affecting the Mortgage Loans” and “Appendix E-2—Mortgage Loan Prepayment Provisions” in Part II of this Official Statement for a description of the prepayment features applicable to the Mortgage Loans.

#### Extraordinary Redemption from Recoveries of Principal

The 2010 Series I Bonds are subject to redemption, in whole or in part, at any time prior to maturity on or after November 1, 2012, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010 Series I Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing Recoveries of Principal deposited in the Redemption Account and resulting from proceeds of the 2010 Series I Mortgage Loan Mandatory Prepayment (which shall not include the proceeds of an optional prepayment as described in “Special Redemption from Recoveries of Principal” above) (see “PLAN OF FINANCING—2010 Series I Mortgage Loan” for the expected amount of the 2010 Series I Mortgage Loan Mandatory Prepayment for the 2010 Series I Development). It is expected that the Mortgagor of the 2010 Series I Development will receive proceeds from the syndication of federal low income housing tax credits and from local subordinate loan or grant programs in an amount sufficient to make a significant portion of the 2010 Series I Mortgage Loan Mandatory Prepayment and will make such 2010 Series I Mortgage Loan Mandatory Prepayment upon receipt thereof. However, no assurance can be given that federal low income housing tax credit syndication proceeds or local subordinate loan or grant programs proceeds will be obtained or, if obtained, will be in an amount sufficient to make a significant portion of the applicable 2010 Series I Mortgage Loan Mandatory Prepayment. The 2010 Series I Mortgage Loan Mandatory Prepayment is required to be made by said 2010 Series I Mortgagor whether or not the federal low income housing tax credit syndication proceeds and local subordinate loan or grant program proceeds are obtained. See “PLAN OF FINANCING—2010 Series I Mortgage Loan—Mandatory Prepayment.”

#### Special Redemption from Unexpended 2010 Series I Bond Proceeds

The 2010 Series I Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2010 Series I Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, in an amount not in excess of amounts on deposit in the Bond Proceeds Account representing unexpended proceeds of the 2010 Series I Bonds not used to finance the 2010 Series I Mortgage Loan and any other monies made available under the General Resolution in connection with such redemption.

#### Optional Redemption for the 2010 Series I Bonds

The 2010 Series I Bonds are not subject to redemption at the option of the Corporation.

#### Redemption Provisions for the 2008 Series A-1-A Bonds

The 2008 Series A-1-A Bonds are subject to special redemption, sinking fund redemption and optional redemption prior to maturity, as described below.

#### Special Redemption from Recoveries of Principal

The 2008 Series A-1-A Bonds are subject to redemption, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008

Series A-1-A Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing: (a) Recoveries of Principal\* deposited in the Redemption Account other than (i) proceeds of an optional prepayment of any 2008 Series A Mortgage Loan by the Mortgagor thereof or the proceeds of the applicable 2008 Series A Mortgage Loan Mandatory Prepayment, or (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2008 Series A Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2008 Series A Mortgage Loan is in default, including proceeds of SONYMA Insurance with respect to any 2008 Series A Mortgage Loan insured by SONYMA Insurance) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above. See also “PLAN OF FINANCING—2008 Series A Mortgage Loan.”

The 2008 Series A-1-A Bonds are subject to redemption, in whole or in part, at any time prior to maturity on or after May 1, 2018, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series A-1-A Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing (a) Recoveries of Principal deposited in the Redemption Account and resulting from (i) proceeds of an optional prepayment of any 2008 Series A Mortgage Loan by the Mortgagor thereof (which optional prepayment shall not include the proceeds of the applicable 2008 Series A Mortgage Loan Mandatory Prepayment, but which may be derived from proceeds of a new series of bonds issued by the Corporation) or (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2008 Series A Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2008 Series A Mortgage Loan is in default, including proceeds of SONYMA Insurance with respect to any 2008 Series A Mortgage Loan insured by SONYMA Insurance) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above.

It should be noted that while the proceeds of the 2008 Series A-1-A Bonds were used and are being used to finance the 2008 Series A Mortgage Loans for the Boricua Site E Development and the 1334 Louis Nine Development, the 2008 Series A-1-A Bonds are subject to redemption as described above from Recoveries of Principal from any 2008 Series A Mortgage Loan.

Notwithstanding the foregoing, upon the filing of a Cash Flow Statement with the Trustee, and except as otherwise provided in a Supplemental Resolution authorizing a Series of Bonds other than the 2008 Series A-1-A Bonds, (i) all or a portion of the 2008 Series A-1-A Bonds may be redeemed in accordance with the redemption provisions described in the preceding two paragraphs in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to any Mortgage Loans or Developments financed in connection with a Series of Bonds other than the 2008 Series A-1-A Bonds and (ii) the Series of Bonds to be redeemed in connection with the Recoveries of

\* The 2008 Series A-1 Supplemental Resolution provides that, with respect to the 2008 Series A Mortgage Loan, any prepayment premium or penalty shall not constitute a Recovery of Principal. The 2008 Series A-1 Supplemental Resolution provides that, with respect to any Acquired Project, the proceeds of sale of any Acquired Project shall constitute a Recovery of Principal. The 2008 Series A-1 Supplemental Resolution provides that, with respect to the 2008 Series A Mortgage Loan, amounts obtained under a letter of credit or other credit enhancement securing the 2008 Series A Mortgage Loan or under any agreement entered into by the Corporation and the provider of such letter of credit or other credit enhancement in connection with the providing of such letter of credit or credit enhancement in the event of a default on the 2008 Series A Mortgage Loan, other than with respect to scheduled principal and/or interest payments required by the 2008 Series A Mortgage Loan, shall constitute Recoveries of Principal. The 2008 Series A-1 Supplemental Resolution provides that, with respect to the 2008 Series A Mortgage Loan, the payment in whole or in part of the 2008 Series A Mortgage Loan Mandatory Prepayment shall constitute a Recovery of Principal. The 2008 Series A-1 Supplemental Resolution provides that, with respect to the 2008 Series A Mortgage Loan, amounts obtained pursuant to SONYMA Insurance, other than with respect to scheduled principal and/or interest payments required by the 2008 Series A Mortgage Loan, shall constitute Recoveries of Principal.

Principal deposited in the Redemption Account derived from or with respect to any 2008 Series A Mortgage Loan or the Development financed therefrom shall be selected as directed by the Corporation; provided, however, that such selection need not include the 2008 Series A-1-A Bonds and shall not include certain Series of Bonds. For a description of the cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” In addition, notwithstanding anything to the contrary contained in the General Resolution, the 2008 Series A-1 Supplemental Resolution or the Ninety-First Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-2 adopted by the Members of the Corporation on April 7, 2008 (the “2008 Series A-2 Supplemental Resolution”), for the purposes of the redemptions specified in the immediately preceding two paragraphs, and all provisions of the General Resolution with respect thereto, the 2008 Series A Mortgage Loans shall be treated as having been financed from the proceeds of all Series of the 2008 Series A Bonds without regard to Series as if all Series of the 2008 Series A Bonds constituted one Series; provided, however, that in connection with any redemption specified above, the Corporation may, in its sole discretion, select Bonds of any or all such Series to be redeemed.

As provided in the Resolutions, the Corporation may file written instructions with the Trustee, accompanied by a Cash Flow Statement, directing that all or any portion of Recoveries of Principal be deposited in the Bond Proceeds Account or the Revenue Account instead of to the Redemption Account. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” and “Appendix B—Summary of Certain Provisions of the General Resolution” in Part II of this Official Statement.

See “THE PROGRAM—Certain Factors Affecting the Mortgage Loans” and “Appendix E-2—Mortgage Loan Prepayment Provisions” in Part II of this Official Statement for a description of the prepayment features applicable to the Mortgage Loans.

#### Special Redemption from Unexpended 2008 Series A-1-A Bond Proceeds

The 2008 Series A-1-A Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series A-1-A Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, in an amount not in excess of amounts on deposit in the Bond Proceeds Account representing unexpended proceeds of the 2008 Series A-1-A Bonds and any unexpended proceeds from other 2008 Series A Bonds not used to finance the 2008 Series A Mortgage Loans and any other monies made available under the General Resolution in connection with such redemption.

Notwithstanding anything to the contrary contained in the General Resolution, the 2008 Series A-1 Supplemental Resolution or the 2008 Series A-2 Supplemental Resolution, for the purposes of the redemption specified in the immediately preceding paragraph, and all provisions of the General Resolution with respect thereto, any 2008 Series A Mortgage Loans financed from the proceeds of all Series of the 2008 Series A Bonds shall be treated as having been financed from the proceeds of all Series of the 2008 Series A Bonds on a pro-rata basis; provided, however, that in connection with any redemption with respect to unexpended proceeds of any Series of the 2008 Series A Bonds not used to finance the 2008 Series A Mortgage Loans, the Corporation may, in its sole discretion, select Bonds of any or all such Series to be redeemed.

Sinking Fund Redemption

The 2008 Series A-1-A Term Bonds maturing on November 1, 2030 are subject to redemption at a Redemption Price equal to one hundred percent (100%) of the principal amount thereof, plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such 2008 Series A-1-A Bonds specified for each of the Redemption Dates shown below:

<sup>†</sup> Stated maturity

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45<sup>th</sup>) day preceding the due date of such Sinking Fund Payment, to the purchase of the 2008 Series A-1-A Bonds to be redeemed from such Sinking Fund Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any 2008 Series A-1-A Bonds for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal amount of the 2008 Series A-1-A Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the 2008 Series A-1-A Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer of the Corporation at the time of such purchase or redemption.

Optional Redemption

The 2008 Series A-1-A Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity on or after May 1, 2018, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series A-1-A Bonds or portions thereof to be redeemed, plus accrued interest to the Redemption Date.

Redemption Provisions for the 2008 Series H-2-A Bonds

The 2008 Series H-2-A Bonds are subject to special redemption, sinking fund redemption and optional redemption prior to maturity, as described below.

Special Redemption from Recoveries of Principal

The 2008 Series H-2-A Bonds are subject to redemption, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series H-2-A Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date,

from amounts representing: (a) Recoveries of Principal\* deposited in the Redemption Account other than (i) proceeds of an optional prepayment of any 2008 Series H Mortgage Loan by the Mortgagor thereof or the proceeds of the applicable 2008 Series H Mortgage Loan Mandatory Prepayment, or (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2008 Series H Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2008 Series H Mortgage Loan is in default) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above. See also “PLAN OF FINANCING—2008 Series H Mortgage Loan.”

The 2008 Series H-2-A Bonds are subject to redemption, in whole or in part, at any time prior to maturity on or after July 1, 2018, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series H-2-A Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing (a) Recoveries of Principal deposited in the Redemption Account and resulting from (i) proceeds of an optional prepayment of any 2008 Series H Mortgage Loan by the Mortgagor thereof (which optional prepayment shall not include the proceeds of the applicable 2008 Series H Mortgage Loan Mandatory Prepayment, but which may be derived from proceeds of a new series of bonds issued by the Corporation) or (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2008 Series H Mortgage Loan (other than the sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2008 Series H Mortgage Loan is in default) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above.

Notwithstanding the foregoing, upon the filing of a Cash Flow Statement with the Trustee, and except as otherwise provided in a Supplemental Resolution authorizing a Series of Bonds other than the 2008 Series H-2-A Bonds, (i) all or a portion of the 2008 Series H-2-A Bonds may be redeemed in accordance with the redemption provisions described in the preceding two paragraphs in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to any Mortgage Loans or Developments financed in connection with a Series of Bonds other than the 2008 Series H-2-A Bonds and (ii) the Series of Bonds to be redeemed in connection with the Recoveries of Principal deposited in the Redemption Account derived from or with respect to any 2008 Series H Mortgage Loan or a Development financed therefrom shall be selected as directed by the Corporation; provided, however, that such selection need not include the 2008 Series H-2-A Bonds and shall not include certain Series of Bonds. For a description of the cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” In addition, notwithstanding anything to the contrary contained in the General Resolution, the 2008 Series H-2 Supplemental Resolution or the One Hundred First Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series H-1 adopted by the Members of the Corporation on June 11, 2008 (the “2008 Series H-1 Supplemental Resolution”), for the purposes of the redemptions specified in the immediately preceding two paragraphs, and all provisions of the General

---

\* The 2008 Series H-2 Supplemental Resolution provides that, with respect to the 2008 Series H Mortgage Loan, any prepayment premium or penalty shall not constitute a Recovery of Principal. The 2008 Series H-2 Supplemental Resolution provides that, with respect to any Acquired Project, the proceeds of sale of any Acquired Project shall constitute a Recovery of Principal. The 2008 Series H-2 Supplemental Resolution provides that, with respect to the 2008 Series H Mortgage Loan, amounts obtained under a letter of credit or other credit enhancement securing the 2008 Series H Mortgage Loan or under any agreement entered into by the Corporation and the provider of such letter of credit or other credit enhancement in connection with the providing of such letter of credit or credit enhancement in the event of a default on the 2008 Series H Mortgage Loan, other than with respect to scheduled principal and/or interest payments required by the 2008 Series H Mortgage Loan, shall constitute Recoveries of Principal. The 2008 Series H-2 Supplemental Resolution provides that, with respect to the 2008 Series H-2-A Mortgage Loan, the payment in whole or in part of the 2008 Series H Mortgage Loan Mandatory Prepayment shall constitute a Recovery of Principal.

Resolution with respect thereto, the 2008 Series H Mortgage Loans shall be treated as having been financed from the proceeds of the Corporation's Multi-Family Housing Revenue Bonds, 2008 Series H-1 (the "2008 Series H-1 Bonds" and, together with the 2008 Series H-2 Bonds, the "2008 Series H Bonds") and the 2008 Series H-2 Bonds without regard to Series as if all Series of the 2008 Series H Bonds constituted one Series; provided, however, that in connection with any redemption specified above, the Corporation may, in its sole discretion, select Bonds of any or all such Series to be redeemed.

As provided in the Resolutions, the Corporation may file written instructions with the Trustee, accompanied by a Cash Flow Statement, directing that all or any portion of Recoveries of Principal be deposited in the Bond Proceeds Account or the Revenue Account instead of to the Redemption Account. See "SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates" and "Appendix B—Summary of Certain Provisions of the General Resolution" in Part II of this Official Statement.

See "THE PROGRAM—Certain Factors Affecting the Mortgage Loans" and "Appendix E-2—Mortgage Loan Prepayment Provisions" in Part II of this Official Statement for a description of the prepayment features applicable to the Mortgage Loans.

#### Special Redemption from Unexpended 2008 Series H-2-A Bond Proceeds

The 2008 Series H-2-A Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series H-2-A Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, in an amount not in excess of amounts on deposit in the Bond Proceeds Account representing unexpended proceeds of the 2008 Series H-2-A Bonds and any unexpended proceeds from other 2008 Series H Bonds not used to finance the 2008 Series H Mortgage Loans and any other monies made available under the General Resolution in connection with such redemption.

Notwithstanding anything to the contrary contained in the General Resolution, the 2008 Series H-1 Supplemental Resolution or the 2008 Series H-2 Supplemental Resolution, for the purposes of the redemption specified in the immediately preceding paragraph, and all provisions of the General Resolution with respect thereto, any 2008 Series H Mortgage Loans financed from the proceeds of all Series of the 2008 Series H Bonds shall be treated as having been financed from the proceeds of all Series of the 2008 Series H Bonds on a pro-rata basis; provided, however, that in connection with any redemption with respect to unexpended proceeds of any Series of the 2008 Series H Bonds not used to finance the 2008 Series H Mortgage Loans, the Corporation may, in its sole discretion, select Bonds of any or all such Series to be redeemed.

#### Sinking Fund Redemption

The 2008 Series H-2-A Term Bonds maturing on November 1, 2030 are subject to redemption at a Redemption Price equal to one hundred percent (100%) of the principal amount thereof, plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such 2008 Series H-2-A Bonds specified for each of the Redemption Dates shown below:

<sup>†</sup> Stated maturity

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45<sup>th</sup>) day preceding the due date of such Sinking Fund Payment, to the purchase of the 2008 Series H-2-A Bonds to be redeemed from such Sinking Fund

Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any 2008 Series H-2-A Bonds for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal amount of the 2008 Series H-2-A Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the 2008 Series H-2-A Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer of the Corporation at the time of such purchase or redemption.

#### Optional Redemption

The 2008 Series H-2-A Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity on or after July 1, 2018, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series H-2-A Bonds or portions thereof to be redeemed, plus accrued interest to the Redemption Date.

#### Provisions Applicable to the Fixed Rate Bonds

##### Selection of Fixed Rate Bonds to be Redeemed

Subject to the redemption requirements set forth in a 2008/2010 Supplemental Resolution authorizing a particular Series of Fixed Rate Bonds, in the event of a partial redemption of Fixed Rate Bonds in connection with Recoveries of Principal, the Series, the maturity or maturities, and the amount thereof, to be so redeemed shall be selected as directed by the Corporation in written instructions filed with the Trustee accompanied by a Cash Flow Statement. In the absence of such direction, (i) Fixed Rate Bonds of each Series subject to redemption shall be redeemed in connection with Recoveries of Principal derived from or with respect to the Mortgage Loans financed from or allocated to such Fixed Rate Bonds and (ii) Fixed Rate Bonds of each maturity within each Series of Fixed Rate Bonds subject to redemption shall be redeemed in the proportion that the amount Outstanding of each such maturity bears to the total amount of all Outstanding Fixed Rate Bonds of such Series. The Series and maturities of Fixed Rate Bonds to be redeemed in accordance with the special redemption from unexpended Fixed Rate Bond proceeds provisions described above shall be selected as directed by the Corporation. The Series and maturities of Fixed Rate Bonds to be redeemed in accordance with the optional redemption provisions described above shall be selected as directed by the Corporation. In the event of redemption of less than all the Fixed Rate Bonds of the same Series and maturity, the Trustee shall select the Fixed Rate Bonds by lot, using such method of selection as it shall deem proper in its sole discretion. Notwithstanding anything to the contrary contained in the General Resolution or the applicable 2008/2010 Supplemental Resolution, no Fixed Rate Bond shall be selected for redemption if the portion of such Fixed Rate Bond remaining after such redemption would not be in a denomination authorized by the General Resolution or the applicable 2008/2010 Supplemental Resolution.

##### Corporation's Right to Purchase Bonds

The Corporation retains the right to purchase Fixed Rate Bonds of any Series, at such times, in such amounts and at such prices as the Corporation shall determine, subject to the provisions of the General Resolution, and, thereby, reduce its obligations, including Sinking Fund Payments, for Fixed

Rate Bonds of such Series. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” in Part II of this Official Statement.

#### Notice of Redemption

When the Trustee receives notice from the Corporation of its election or direction to redeem Fixed Rate Bonds of a Series, or is otherwise required to redeem Fixed Rate Bonds of a Series, the Trustee will give notice, in the name of the Corporation, of the redemption of such Fixed Rate Bonds or portion thereof. Such notice will specify the Series and maturities of the Fixed Rate Bonds to be redeemed, the Redemption Date, any conditions precedent to such redemption and the place or places where amounts due upon such redemption will be payable. Not less than thirty (30) days before the Redemption Date for such Fixed Rate Bonds, the Trustee is to mail a copy of such notice to the registered owners of any Fixed Rate Bonds, or portions thereof, which are to be redeemed, at their last addresses appearing upon the registry books. Interest will not be payable on any Fixed Rate Bonds of a Series after the Redemption Date if notice has been given and if sufficient monies have been deposited with the Trustee to pay the principal or applicable Redemption Price of and interest on such Fixed Rate Bonds on such date and all conditions precedent, if any, to such redemption shall have been satisfied.

### **DESCRIPTION OF THE INDEX FLOATING RATE BONDS**

#### General

The 2010 Series H Bonds will bear interest at floating rates, initially reset quarterly based on an interest rate index as described herein, are subject to optional and mandatory tender as described herein and are referred to herein as the “Index Floating Rate Bonds.” The Index Floating Rate Bonds will mature on the dates and in the amounts set forth on the inside cover page of this Official Statement. Interest on the Index Floating Rate Bonds is payable quarterly on February 1, May 1, August 1, and November 1, commencing on February 1, 2011. The Bank of New York Mellon is the Trustee for the Bonds, including the Index Floating Rate Bonds.

The Index Floating Rate Bonds initially issued will be dated the date of delivery thereof and will be issued as fully registered bonds in denominations of \$100,000 or any integral multiple of \$5,000 in excess of \$100,000.

Interest on the Index Floating Rate Bonds shall be payable on each 2010 Series H Reset Date (as defined below) and shall be computed on the basis of a 360-day year for the actual number of days elapsed. The Index Floating Rate Bonds are being issued as variable rate obligations which will bear interest from their dated date to and including January 31, 2011 at a rate per annum set forth in a Certificate of the Corporation delivered on the date of issue of the Index Floating Rate Bonds.

Thereafter, except as described under “DESCRIPTION OF THE INDEX FLOATING RATE BONDS—Payment of Tendered Index Floating Rate Bonds,” the Index Floating Rate Bonds will bear interest at a variable rate equal to Three-Month LIBOR (as defined below) plus fifty-four hundredths percent (0.54%). Three-Month LIBOR with respect to a Floating Rate Term beginning on a particular 2010 Series H Reset Date shall be determined on the Determination Date which immediately precedes such 2010 Series H Reset Date. The Index Floating Rate Bonds will be subject to a maximum interest rate of nine percent (9%) per annum (the “Index Floating Rate Maximum Rate”). See Part II – “SECURITY FOR THE BONDS – Interest Rate Caps” for a discussion of certain agreements entered into by the Corporation to manage its exposure to variable interest rates. The variable rate on the Index Floating Rate Bonds shall be established for each Floating Rate Term and shall, with respect to such

Floating Rate Term, be in effect from the 2010 Series H Reset Date that is the first day of such Floating Rate Term until (but not including) the next 2010 Series H Reset Date (or earlier redemption date).

No later than the close of business on the second business day following each Determination Date, the Trustee shall give notice of the interest rate determined on such Determination Date to the Corporation and to each Bond owner of the Index Floating Rate Bonds who has filed its name and address with the Trustee for such purpose.

For the purposes of this subsection and “Redemption Provisions for the Index Floating Rate Bonds—Optional Redemption” below, the following terms shall have the following meaning:

“Determination Date” means the date which is two (2) London Banking Days prior to the next 2010 Series H Reset Date. A “London Banking Day” is any date on which commercial banks in London are open for general business (including dealings in foreign exchange and foreign currency deposits).

“Floating Rate Term” means the period commencing on a 2010 Series H Reset Date and ending on the last calendar day prior to the next succeeding 2010 Series H Reset Date.

“Official BBA LIBOR Fixings Page” means the display designated as page “Official BBA LIBOR Fixings” on the Bloomberg Financial Markets Commodities News Service (or such other page as may replace the Official BBA LIBOR Fixings Page on that service for the purpose of displaying London interbank offered rates of major banks).

“Three-Month LIBOR” means the per annum rate for deposits in United States dollars for three (3) months which appears on the Official BBA LIBOR Fixings Page as of 11:00 a.m., London, England time, on a Determination Date. If on a Determination Date such rate does not appear on the Official BBA LIBOR Fixings Page, the Trustee will request the principal London office of each of at least two major banks, determined by the Trustee, that are engaged in transactions in the London interbank market, to provide the Trustee with its offered quotation for United States dollar deposits for three (3) months to prime banks in the London interbank market as of 11:00 a.m., London, England time, on such date. If at least two such major banks provide the Trustee with such offered quotations, “Three-Month LIBOR” on such date will be the arithmetic mean (rounded, if necessary, to the nearest one-sixteenth of a percent, with a one thirty-second being rounded upwards) of all such quotations. If on such date fewer than two of the major banks provide the Trustee with such an offered quotation, “Three-Month LIBOR” on such date will be the arithmetic mean (rounded, if necessary, to the nearest one-sixteenth of a percent, with a one thirty-second being rounded upwards) of the offered rates which one or more leading banks in the City of New York (other than the Trustee or another bank owned by, or affiliated with, the Trustee) are quoting as of 11:00 a.m., New York City time, on such date to leading European banks for United States dollar deposits for three (3) months; provided, however, that if such banks are not quoting as described above, “Three-Month LIBOR” will be the “Three-Month LIBOR” applicable to the most recent Floating Rate Term for which “Three-Month LIBOR” was available.

“2010 Series H Reset Date” means February 1, May 1, August 1 and November 1 of each year, commencing February 1, 2011.

#### Interest Rate Change.

The 2010 Series H Bonds are subject to conversion to an interest rate fixed to maturity upon the terms and conditions described herein.

No conversion of the interest rate on the 2010 Series H Bonds to an interest rate fixed to maturity shall be made unless the Trustee has received, at least 30 days prior to the date of such conversion (the "Interest Method Change Date"), (1) a Certificate of an Authorized Officer of the Corporation specifying the date which is to be the Interest Method Change Date and (2) an opinion of Bond Counsel to the Corporation to the effect that the proposed change in the method of determining the interest rate on the 2010 Series H Bonds is consistent with the provisions of the 2010 Series H Supplemental Resolution.

In the event of the Interest Method Change Date, and following the provision of notice of mandatory purchase of 2010 Series H Bonds, the Trustee receives notice from the Corporation that a change in the method of determining the interest rate on the 2010 Series H Bonds cannot be effected, the Interest Method Change Date shall be canceled. The Trustee shall promptly deliver or mail by first class mail, postage prepaid, a notice to the owners of the 2010 Series H Bonds stating that such change shall not occur (and the reasons therefor) and that the related mandatory tender shall be canceled.

#### Optional and Mandatory Purchase of Index Floating Rate Bonds

##### Purchase of Index Floating Rate Bonds on Demand of Owner

On or after February 1, 2012, all or a portion of the Index Floating Rate Bonds, in any authorized denomination, shall be purchased by the Corporation as described below at a price equal to 100% of the principal amount thereof plus accrued interest to the purchase date (the "Purchase Price") upon delivery by the owner of a written, personal, electronic or telephonic notice of tender to the Corporation prior to 5:00 p.m., New York City time, on any 2010 Series H Reset Date, in a form satisfactory to the Corporation (said notice to be irrevocable and effective upon receipt); provided, however, that no Index Floating Rate Bonds shall be purchased unless any remaining Index Floating Rate Bonds shall be in an authorized denomination as provided in the Resolutions. Each such notice shall (i) state the aggregate principal amount of the Index Floating Rate Bonds to be purchased and the numbers of such Index Floating Rate Bonds to be purchased and (ii) state the date on which such Index Floating Rate Bonds are to be purchased, which date shall be the second 2010 Series H Reset Date next succeeding the date of delivery of such notice. The first date on which such notice may be delivered is August 1, 2011.

Any Index Floating Rate Bond for which a demand for purchase has been made shall be delivered to the Corporation at or prior to 12:00 noon, New York City time, on the date designated for purchase, with an appropriate endorsement for transfer or accompanied by a bond power endorsed in blank.

Any Index Floating Rate Bonds not so delivered to the Corporation on or prior to the purchase date ("Undelivered Index Floating Rate Bonds") for which there has been irrevocably deposited in trust with the Trustee or Tender Agent an amount of moneys sufficient to pay the Purchase Price of such Undelivered Index Floating Rate Bonds shall be deemed to have been purchased at the Purchase Price. IN THE EVENT OF A FAILURE BY AN OWNER OF AFFECTED INDEX FLOATING RATE BONDS TO DELIVER ITS AFFECTED INDEX FLOATING RATE BONDS ON OR PRIOR TO THE PURCHASE DATE, SAID OWNER SHALL NOT BE ENTITLED TO ANY PAYMENT (INCLUDING ANY INTEREST TO ACCRUE SUBSEQUENT TO THE PURCHASE DATE) OTHER THAN THE PURCHASE PRICE FOR SUCH UNDELIVERED INDEX FLOATING RATE BONDS, AND ANY UNDELIVERED INDEX FLOATING RATE BONDS SHALL NO LONGER BE ENTITLED TO THE BENEFITS OF THE RESOLUTIONS EXCEPT FOR THE PAYMENT OF THE PURCHASE PRICE THEREFOR.

### Mandatory Purchase of Index Floating Rate Bonds on Interest Method Change Date

The Index Floating Rate Bonds shall be subject to mandatory tender for purchase on the Interest Method Change Date at the Purchase Price. The Trustee shall deliver, or mail by first class mail, postage prepaid, a notice not later than fifteen (15) days prior to the Interest Method Change Date to the owner of each Index Floating Rate Bond to which such notice relates, at its address shown on the registration books of the Corporation held by the Trustee. Any notice given in such manner shall be conclusively presumed to have been duly given, whether or not the owner receives such notice. Such notice shall set forth, in substance, the Interest Method Change Date and reason therefor, that all owners of affected Index Floating Rate Bonds shall be deemed to have tendered their Index Floating Rate Bonds for purchase on the Interest Method Change Date, and the Purchase Price for such Index Floating Rate Bonds.

Owners of Index Floating Rate Bonds to which a mandatory tender for purchase relates shall be required to tender their affected Index Floating Rate Bonds to the Tender Agent for purchase at the Purchase Price on the Interest Method Change Date with an appropriate endorsement for transfer to the Tender Agent, or accompanied by a bond power endorsed in blank. Any Undelivered Index Floating Rate Bonds for which there has been irrevocably deposited in trust with the Trustee or Tender Agent an amount of moneys sufficient to pay the Purchase Price of such Undelivered Index Floating Rate Bonds shall be deemed to have been purchased at the Purchase Price. IN THE EVENT OF A FAILURE BY AN OWNER OF AFFECTED INDEX FLOATING RATE BONDS TO DELIVER ITS AFFECTED INDEX FLOATING RATE BONDS ON OR PRIOR TO THE PURCHASE DATE, SAID OWNER SHALL NOT BE ENTITLED TO ANY PAYMENT (INCLUDING ANY INTEREST TO ACCRUE SUBSEQUENT TO THE PURCHASE DATE) OTHER THAN THE PURCHASE PRICE FOR SUCH UNDELIVERED INDEX FLOATING RATE BONDS, AND ANY UNDELIVERED INDEX FLOATING RATE BONDS SHALL NO LONGER BE ENTITLED TO THE BENEFITS OF THE RESOLUTIONS EXCEPT FOR THE PAYMENT OF THE PURCHASE PRICE THEREFOR.

### Payment of Tendered Index Floating Rate Bonds

At the option of the Corporation, the Index Floating Rate Bonds tendered for purchase as described above shall either be (i) purchased in full at the Purchase Price, on the 2010 Series H Reset Date specified in the notice, from moneys held by the Corporation available for such purpose; or (ii) purchased in twenty (20) equal quarterly installments commencing on the 2010 Series H Reset Date specified in such notice from moneys held by the Corporation and available for such purpose.

If the Corporation purchases Index Floating Rate Bonds as described in (ii) in the preceding paragraph, from and after the 2010 Series H Reset Date specified in the notice of the tender, the Index Floating Rate Bonds will bear interest at a rate equal to the greater of, subject to the Index Floating Rate Maximum Rate: (i) five percent (5%), (ii) Federal Funds Rate + two percent (2%) and (iii) Prime Rate + one percent (1%), and shall be computed on the basis of a 360-day year for the actual number of days elapsed.

“Federal Funds Rate” means that the rate for a 2010 Series H Reset Date will be the rate set forth on the Bloomberg Screen FEDL Page for that day. If, by 5:00 p.m., New York City time, on the day that is one New York City Banking Day following the 2010 Series H Reset Date, such rate for the 2010 Series H Reset Date does not appear on the Bloomberg Screen FEDL Page or is not yet published in H.15(519), the rate for that 2010 Series H Reset Date will be the rate set forth in H.15 Daily Update, or such other recognized electronic source used for the purpose of displaying such rate, for that day opposite the caption “Federal funds (effective).” If, by 5:00 p.m., New York City time, on the day that is one New York City Banking Day following the 2010 Series H Reset Date, such rate for the 2010 Series H Reset

Date does not appear on the Bloomberg Screen FEDL Page or is not yet published in H.15(519), H.15 Daily Update or another recognized electronic source, the rate for that 2010 Series H Reset Date will be the rate for the first preceding day for which such rate is set forth in H.15(519) opposite the caption “Federal funds (effective)”, as such rate is displayed on the Bloomberg Screen FEDL Page.

“Prime Rate” means the fluctuating rate per annum equal to the “Prime Rate” listed daily in the “Money Rate” section of *The Wall Street Journal* or, if *The Wall Street Journal* is not published on a particular Business Day, then, the “prime rate” published on the display designated as page “PRIMBB” on the Bloomberg Financial Markets Commodities News Service.

Notwithstanding anything to the contrary in the Resolutions, (i) the payment of the portion of the Purchase Price constituting interest on such Index Floating Rate Bonds shall be treated for all purposes in the same manner (and with the same priority of payment) as interest on any other Bond (other than Subordinate Bonds) under the General Resolution, (ii) the payment of the portion of the Purchase Price constituting principal equal to the amount of the scheduled Sinking Fund Payments payable on such date shall be treated for all purposes in the same manner (and with the same priority of payment) as principal on any other Bond (other than Subordinate Bonds) under the General Resolution, and (iii) the payment of the portion of the Purchase Price constituting principal of such Index Floating Rate Bonds in excess of the amount described in clause (ii) shall be subject and subordinate to payment of principal of all other Bonds under the General Resolution, provided that payments of principal of such Index Floating Rate Bonds shall only be made if such payment is consistent with the most recent Cash Flow Statement on file with the Trustee (or a new or amended Cash Flow Statement that shall have been filed with the Trustee in connection with such payment). Failure to make the payments of principal of such Index Floating Rate Bonds described in clause (iii) above shall not constitute an Event of Default under the Resolutions.

#### Redemption Provisions for Index Floating Rate Bonds

The Index Floating Rate Bonds are subject to sinking fund redemption and optional redemption prior to maturity, all as described below.

##### Optional Redemption

The Index Floating Rate Bonds are subject to redemption, at the option of the Corporation, in whole or in part, on any 2010 Series H Reset Date, including any 2010 Series H Reset Date after delivery of a notice of mandatory purchase to the Corporation, at a Redemption Price equal to 100% of the principal amount of the Index Floating Rate Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date.

##### Sinking Fund Redemption

The 2010 Series H Bonds are subject to redemption at a Redemption Price equal to 100% of the principal amount thereof plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such 2010 Series H Bonds specified for each of the Redemption Dates shown below:

<sup>†</sup> Stated maturity

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45<sup>th</sup>) day preceding the due date of such Sinking Fund Payment, to the purchase of the Index Floating Rate Bonds to be redeemed from such Sinking Fund Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any Index Floating Rate Bonds, for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal amount of the Index Floating Rate Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the Index Floating Rate Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption.

### Selection of Bonds to be Redeemed

The maturities of Index Floating Rate Bonds to be redeemed in accordance with the optional redemption provisions described above shall be selected as directed by the Corporation. In the event of redemption of less than all the Index Floating Rate Bonds of the same maturity, the Trustee shall select the Index Floating Rate Bonds by lot, using such method of selection as it shall deem proper in its sole discretion. Notwithstanding anything to the contrary contained in the General Resolution or the 2010 Series H Supplemental Resolution, no Index Floating Rate Bond shall be selected for redemption if the portion of such Index Floating Rate Bond remaining after such redemption would not be in a denomination authorized by the 2010 Series H Supplemental Resolution.

### Corporation's Right to Purchase Bonds

The Corporation retains the right to purchase the Index Floating Rate Bonds, at such times, in such amounts and at such prices as the Corporation shall determine, subject to the provisions of the General Resolution, and, thereby, reduce its obligations, including Sinking Fund Payments, for such Index Floating Rate Bonds. See "SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates" in Part II of this Official Statement.

### Notice of Redemption

When the Trustee receives notice from the Corporation of its election or direction to redeem all or a portion of Index Floating Rate Bonds, or is otherwise required to redeem all or a portion of Index Floating Rate Bonds, the Trustee will give notice, in the name of the Corporation, of the redemption of such Index Floating Rate Bonds. Such notice will specify the maturities of the Index Floating Rate Bonds to be redeemed, the Redemption Date, any conditions precedent to such redemption and the place or places where amounts due upon such redemption will be payable. Not less than fifteen (15) days before the Redemption Date for the Index Floating Rate Bonds, the Trustee is to mail a copy of such notice to the registered owners of any Index Floating Rate Bonds, or portions thereof, which are to be redeemed, at their last addresses appearing upon the registry books. Interest will not be payable on any Index Floating Rate Bonds after the Redemption Date if notice has been given and if sufficient monies have been deposited with the Trustee to pay the principal or applicable Redemption Price of and interest on such Index Floating Rate Bonds on such date and all conditions precedent, if any, to such redemption shall have been satisfied.

## **BOOK-ENTRY ONLY SYSTEM**

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the 2008/2010 Bonds. The 2008/2010 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2008/2010 Bond certificate will be issued for each Series and maturity of the 2008/2010 Bonds, totaling in the aggregate the principal amount of the 2008/2010 Bonds of each Series, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million U.S. and non-U.S. equity issues, corporate and municipal debt issues and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade

settlement among Direct Participants of sales and other securities transactions, in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants," and together with Direct Participants, "Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of the 2008/2010 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2008/2010 Bonds on DTC's records. The ownership interest of each actual purchaser of each 2008/2010 Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase; Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2008/2010 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2008/2010 Bonds, except in the event that use of the book-entry system for the 2008/2010 Bonds is discontinued.

To facilitate subsequent transfers, all 2008/2010 Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the 2008/2010 Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2008/2010 Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2008/2010 Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of a Series of the 2008/2010 Bonds are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such Series of the 2008/2010 Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2008/2010 Bonds unless authorized by a Direct Participant in accordance with DTC's procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Corporation as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2008/2010 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the 2008/2010 Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts, upon DTC's receipt of funds and corresponding detail information from the Corporation or the Trustee, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Underwriters, the Trustee, or the Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Corporation or the Trustee, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

A Beneficial Owner shall give notice to elect to have its Variable Rate Bonds purchased or tendered, through its Participant, to the Tender Agent, and shall effect delivery of such Variable Rate Bonds by causing the Direct Participant to transfer the Participant's interest in the Variable Rate Bonds, on DTC's records, to the Tender Agent. The requirement for physical delivery of the Variable Rate Bonds in connection with a mandatory purchase will be deemed satisfied when the ownership rights in the Variable Rate Bonds, as applicable, are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Variable Rate Bonds to the Tender Agent's DTC account.

The requirement for physical delivery of the 2010 Series G Bonds, 2010 Series H Bonds, the 2010 Series I Bonds, the 2008 Series A-1-A Bonds or the 2008 Series H-2-A Bonds in connection with a mandatory purchase will be deemed satisfied when the ownership rights in the 2010 Series G Bonds, 2010 Series H Bonds, the 2010 Series I Bonds, the 2008 Series A-1-A Bonds or the 2008 Series H-2-A Bonds, as applicable, are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered 2010 Series G Bonds, 2010 Series H Bonds, the 2010 Series I Bonds, the 2008 Series A-1-A Bonds or the 2008 Series H-2-A Bonds to the Tender Agent's DTC account.

DTC may discontinue providing its services as securities depository with respect to a Series of the 2008/2010 Bonds at any time by giving reasonable notice to the Corporation or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, 2008/2010 Bond certificates of such Series are required to be printed and delivered. The Corporation may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, the applicable 2008/2010 Bond certificates will be printed and delivered to DTC.

**The information herein concerning DTC and DTC's book-entry system has been obtained from sources that the Corporation and the Underwriters believe to be reliable, but the Corporation and the Underwriters take no responsibility for the accuracy thereof.**

Each person for whom a Participant acquires an interest in the 2008/2010 Bonds of a Series, as nominee, may desire to make arrangements with such Participant to receive a credit balance in the records of such Participant, and may desire to make arrangements with such Participant to have all notices of redemption or other communications to DTC, which may affect such persons, to be forwarded in writing by such Participant and to have notification made of all interest payments. NEITHER THE CORPORATION, THE UNDERWRITERS, NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE 2008/2010 BONDS OF SUCH SERIES.

So long as Cede & Co. is the registered owner of the 2008/2010 Bonds of a Series, as nominee for DTC, references herein to Bondholders or registered owners of the 2008/2010 Bonds of such Series (other than under the heading "TAX MATTERS" herein) shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of the 2008/2010 Bonds of such Series.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference shall only relate to those permitted to act (by statute, regulation or otherwise) on behalf of such Beneficial Owners for such purposes. When notices are given, they shall be sent by the Trustee to DTC only.

For every transfer and exchange of 2008/2010 Bonds of a Series, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

The Corporation, in its sole discretion and without the consent of any other person, may terminate the services of DTC with respect to the 2008/2010 Bonds of a Series if the Corporation determines that (i) DTC is unable to discharge its responsibilities with respect to the 2008/2010 Bonds of such Series, or (ii) a continuation of the requirement that all of the Outstanding Bonds be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, is not in the best interests of the Beneficial Owners. In the event that no substitute securities depository is found by the Corporation or restricted registration is no longer in effect, the applicable 2008/2010 Bond certificates will be delivered as described in the Resolution.

NONE OF THE CORPORATION, THE UNDERWRITERS NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (II) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE 2008/2010 BONDS UNDER THE RESOLUTIONS; (III) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE 2008/2010 BONDS; (IV) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE 2008/2010 BONDS; (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF THE 2008/2010 BONDS; OR (VI) ANY OTHER MATTER.

Incorporated, M.R. Beal & Company, Samuel A. Ramirez & Co., Inc., Raymond James & Associates, Inc., RBC Capital Markets Corporation and Roosevelt & Cross, Inc. have jointly and severally agreed, subject to certain conditions, to purchase the Remarketed Bonds that are tendered for remarketing on October 26, 2010 at a purchase price of par and to remarket such Remarketed Bonds at par. J.P. Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated, Goldman, Sachs & Co., Citigroup Global Markets Inc., Loop Capital Markets, LLC, Morgan Keegan & Company, Inc., Morgan Stanley & Co. Incorporated, M.R. Beal & Company, Samuel A. Ramirez & Co., Inc., Raymond James & Associates, Inc., RBC Capital Markets Corporation and Roosevelt & Cross, Inc. will receive a remarketing agents' fee for their services in the amount of \$268,229.52.

This paragraph has been supplied by J.P. Morgan Securities LLC: J.P. Morgan Securities LLC ("JPMS"), one of the Underwriters of the 2010 Bonds, has entered into negotiated dealer agreements (each, a "Dealer Agreement") with each of UBS Financial Services Inc. ("UBSFS") and Charles Schwab & Co., Inc. ("CS&Co.") for the retail distribution of certain securities offerings, including the 2010 Bonds and Remarketed Bonds, at the original issue prices. Pursuant to each Dealer Agreement, each of UBSFS and CS&Co. will purchase Fixed Rate Bonds from JPMS at the original issue price less a negotiated portion of the selling concession applicable to any Fixed Rate Bonds that such firm sells.

This paragraph has been supplied by Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated: Citigroup Inc. and Morgan Stanley, the respective parent companies of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated, each an underwriter of the 2010 Bonds and a Remarketing Agent of the Remarketed Bonds, have entered into a retail brokerage joint venture. As part of the joint venture each of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated will distribute municipal securities to retail investors through the financial advisor network of a new broker-dealer, Morgan Stanley Smith Barney LLC. This distribution arrangement became effective on June 1, 2009. As part of this arrangement, each of Citigroup Global Markets Inc. and Morgan Stanley & Co. Incorporated will compensate Morgan Stanley Smith Barney LLC. for its selling efforts in connection with their respective allocations of 2010 Bonds and Remarketed Bonds.

From time to time, affiliates of the underwriters or the remarketing agents of Bonds provide Long-term LOCs or Construction LOCs for Mortgage Loans. See "Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—Long-term LOCs" and "—Construction LOCs." In addition, from time to time, affiliates of the underwriters or the remarketing agents of Bonds provide standby bond purchase agreements with respect to specific Series of Bonds. See "Security for the Bonds—Liquidity Facilities for Bonds Bearing Variable Rates of Interest" in Part II of this Official Statement. From time to time, affiliates of the underwriters or remarketing agents of Bonds may be investors in Mortgagors.

The following two paragraphs have been provided by the Underwriters and the Remarketing Agents. The Underwriters and Remarketing Agents and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and

investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. Certain of the Underwriters and Remarketing Agents and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for the Corporation, for which they received or will receive customary fees and expenses.

In the ordinary course of their various business activities, the Underwriters and Remarketing Agents and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities, which may include credit default swaps) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve securities and instruments of the Corporation.

## **RATINGS**

Standard & Poor's Ratings Services and Moody's Investors Service, Inc. have assigned the Fixed Rate Bonds and the Remarketed Bonds a rating of "AA" and "Aa2," respectively. Standard & Poor's Ratings Services and Moody's Investors Service, Inc. have assigned the Index Floating Rate Bonds a rating of "AA/NR" and "Aa2," respectively. Such ratings reflect only the respective views of such rating agencies, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that either or both of such ratings will be retained for any given period of time or that the same will not be revised downward or withdrawn entirely by the rating agency furnishing the same if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such ratings, or either of them, may have an adverse effect on the market price of the 2008/2010 Bonds.

## **TAX MATTERS**

### Opinions of Bond Counsel to the Corporation

In the opinion of Bond Counsel to the Corporation, under existing statutes and court decisions, (i) interest on the 2010 Series G Bonds and the 2010 Series I Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), except that no opinion is expressed as to such exclusion of interest on any 2010 Series G Bond or 2010 Series I Bond for any period during which such 2010 Series G Bond or 2010 Series I Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a "substantial user" of the facilities financed with such proceeds of the 2010 Series G Bonds or 2010 Series I Bonds, respectively, or a "related person," and (ii) interest on the 2010 Series G Bonds and 2010 Series I Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and is not included in adjusted current earnings of corporations for purposes of calculating the alternative minimum tax. In rendering such opinion, Bond Counsel to the Corporation has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors (as defined in the General Resolution) of the 2010 Series G Mortgage Loans, the Mortgagor of the 2010 Series I Mortgage Loan, and others in connection with the issuance of the 2010 Series G Bonds and 2010 Series I Bonds, and Bond Counsel to the Corporation has assumed compliance by the Corporation and such Mortgagors with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2010 Series G Bonds and 2010 Series I Bonds from gross income under Section 103 of the Code.

On April 24, 2008, Bond Counsel to the Corporation rendered its opinion that, under existing statutes and court decisions, (i) interest on the 2008 Series A-1-A Bonds is excluded from gross income

for Federal income tax purposes pursuant to Section 103 of the Code, except that no opinion is expressed as to such exclusion of interest on any 2008 Series A-1-A Bond for any period during which any such 2008 Series A-1-A Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with the proceeds of the 2008 Series A-1-A Bonds or a “related person,” and (ii) interest on the 2008 Series A-1-A Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In rendering such opinion, Bond Counsel to the Corporation relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors of the 2008 Series A Mortgage Loans, and others in connection with the issuance of the 2008 Series A-1-A Bonds, and Bond Counsel to the Corporation assumed compliance by the Corporation and the Mortgagors of the 2008 Series A Mortgage Loans with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2008 Series A-1-A Bonds from gross income under Section 103 of the Code.

On June 26, 2008, Bond Counsel to the Corporation rendered its opinion that, under existing statutes and court decisions, (i) interest on the 2008 Series H-2-A Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Code, except that no opinion is expressed as to such exclusion of interest on any 2008 Series H-2-A Bond for any period during which any such 2008 Series H-2-A Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with the proceeds of the 2008 Series H-2-A Bonds or a “related person,” and (ii) interest on the 2008 Series H-2-A Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In rendering such opinion, Bond Counsel to the Corporation relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors of the 2008 Series H Mortgage Loans, and others in connection with the issuance of the 2008 Series H-2-A Bonds, and Bond Counsel to the Corporation assumed compliance by the Corporation and the Mortgagors of the 2008 Series H Mortgage Loans with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2008 Series H-2-A Bonds from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the Corporation, under existing statutes, interest on the 2010 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

On April 24, 2008, Bond Counsel to the Corporation rendered its opinion that, under existing statutes, interest on the 2008 Series A-1-A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

On June 26, 2008, Bond Counsel to the Corporation rendered its opinion that, under existing statutes, interest on the 2008 Series H-2-A Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

In the opinion of Bond Counsel to the Corporation, under existing statutes and court decisions, the adjustment of the interest rate on the Remarketed Bonds, in and of itself, will not adversely affect the exclusion of interest from gross income for Federal income tax purposes under Section 103 of the Code on any Remarketed Bonds, the interest on which is otherwise excluded from gross income for Federal income tax purposes under Section 103 of the Code.

Bond Counsel to the Corporation expresses no opinion regarding any other Federal or state tax consequences with respect to the 2008/2010 Bonds. Bond Counsel to the Corporation renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update its

opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Bond Counsel to the Corporation expresses no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the 2008/2010 Bonds or the exemption from personal income taxes of interest on the 2008/2010 Bonds under state and local tax law.

Summary of Certain Federal Tax Requirements –Multifamily Housing Limited Obligation Bonds Refunding Portion of 2010 Series G Bonds

Applicable Federal tax law provides that gross income for Federal income tax purposes does not include interest on the portion of the 2010 Series G Bonds allocable to the Trinity Development which are issued to refund certain bonds originally issued before December 31, 1980 if such portion of the 2010 Series G Bonds meet the requirements of certain transition rules of the Mortgage Subsidy Bond Act of 1980, the Tax Reform Act of 1986, and all applicable requirements of the Code and the Internal Revenue Code of 1954, as amended.

Under applicable provisions of the Code, the exclusion from gross income of interest on the 2010 Series G Bonds for purposes of Federal income taxation requires that (i) at least ninety percent (90%) of the proceeds of the originally issued bonds were used to provide “residential real property for family units” as defined below, and facilities to be used by exempt persons. “Residential real property for family units” are projects consisting of units containing separate and complete facilities for living, sleeping, eating, cooking and sanitation which are available to the general public and are to be used on other than a transient basis.

Summary of Certain Federal Tax Requirements – Non-Multifamily Housing Limited Obligation Bonds Refunding Portion of 2010 Bonds Series G Bonds, 2010 Series I Bonds, and Remarketed Bonds

Under applicable provisions of the Code, the exclusion from gross income of interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds for purposes of Federal income taxation requires that either (i) at least 25% of the units in a Project financed by the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds be occupied during the “Qualified Project Period” (defined below) by individuals whose incomes, determined in a manner consistent with Section 8 of the United States Housing Act of 1937, as amended, do not exceed 60% of the median income for the area, as adjusted for family size, and (ii) all of the units of each Project be rented or available for rental on a continuous basis during the Qualified Project Period. “Qualified Project Period” for each such Project means a period commencing upon the later of (a) occupancy of 10% of the units in each such Project or (b) the date of issue of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds, as applicable, and running until the later of (i) the date which is 15 years after occupancy of 50% of the units in each such Project, (ii) the first date on which no tax-exempt private activity bonds issued with respect to each such Project are outstanding or (iii) the date on which any assistance provided with respect to such Project under Section 8 of the 1937 Housing Act terminates. Such Project will meet the continuing low income requirement as long as the income of the individuals occupying a low income unit does not increase to more than 140% of the applicable limit. Upon an increase over 140% of the applicable limit, the next available unit of comparable or smaller size in the Project must be rented to an individual having an income of 60% or less of the area median income, as adjusted for family size.

In the event of noncompliance with the requirements described in the preceding paragraph arising from events occurring after the issuance of the 2010 Series G Bonds, the 2010 Series I Bonds, or the Remarketed Bonds, the Treasury Regulations provide that the exclusion of interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds, as applicable, from gross income for Federal

income tax purposes will not be impaired if the Corporation takes appropriate corrective action within a reasonable period of time after such noncompliance is first discovered or should have been discovered by the Corporation.

#### Compliance and Additional Requirements

The Code establishes certain additional requirements which must be met subsequent to the issuance and delivery of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds in order that interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of the proceeds of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds, yield and other limits regarding investments of the proceeds of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds and other funds, and rebate of certain investment earnings on such amounts on a periodic basis to the United States.

The Corporation has covenanted in the Resolutions that it shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds shall be excluded from gross income for Federal income tax purposes. The Corporation has included provisions in its Tax Regulatory Certificates and has established procedures in order to assure compliance with the requirements which must be met subsequent to the issuance of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds. In connection with the issuance of the 2010 Series G Bonds and the 2010 Series I Bonds, the Corporation has entered or will enter into Regulatory Agreements with the Mortgagors of the 2010 Series G Mortgage Loans and the 2010 Series I Mortgage Loan to assure compliance with the Code; and in connection with the remarketing of the Remarketed Bonds, the Corporation has entered into Regulatory Agreements with the Mortgagors of the 2008 Series A Mortgage Loans and the Mortgagors of the 2008 Series H Mortgage Loans to assure compliance with the Code. However, no assurance can be given that in the event of a breach of any such covenants, or noncompliance with the provisions, procedures or certifications set forth therein, the remedies available to the Corporation and/or the owners of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds can be judicially enforced in such manner as to assure compliance with the above-described requirements and therefore to prevent the loss of the exclusion of interest from gross income for Federal income tax purposes. Any loss of such exclusion of interest from gross income may be retroactive to the date from which interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds is payable.

#### Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a 2010 Series G Bond, a 2010 Series I Bond, or a Remarketed Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds.

Prospective owners of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security or railroad retirement benefits, individuals otherwise eligible for the earned

income tax credit, and to taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for Federal income tax purposes. Interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

### Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a 2010 Series G Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the 2010 Series G Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of 2010 Series G Bonds is expected to be the initial public offering price set forth on the inside cover pages of the Official Statement. Bond Counsel further is of the opinion that, for any 2010 Series G Bonds having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bonds under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the 2010 Series G Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner’s adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of OID for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

### Bond Premium

In general, if an owner acquires a 2010 Series G Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the 2010 Series G Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that 2010 Series G Bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner’s yield over the remaining term of the Premium Bond determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner’s original acquisition cost.

Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Bonds.

#### Information Reporting and Backup Withholding

Information reporting requirements will apply to interest paid on tax-exempt obligations, including the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9 “Request for Taxpayer Identification Number and Certification”, or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding”, which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a “payor” generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a 2010 Series G Bond, a 2010 Series I Bond, and a Remarketed Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s Federal income tax once the required information is furnished to the Internal Revenue Service.

#### Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the Federal or state level, may adversely affect the tax-exempt status of interest on the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds under Federal or state law and could affect the market price or marketability of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds.

Prospective purchasers of the 2010 Series G Bonds, the 2010 Series I Bonds, and the Remarketed Bonds should consult their own tax advisors regarding the foregoing matters.

#### Taxable Bonds

The following discussion is a brief summary of certain United States Federal income tax consequences of the acquisition, ownership and disposition of the 2010 Series H Bonds (the “Taxable Bonds”) by original purchasers of the Taxable Bonds who are “U.S. Holders”, as defined herein. This summary does not discuss all of the United States Federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules.

Holders of the Taxable Bonds should consult with their own tax advisors concerning the United States Federal income tax and other consequences with respect to the acquisition, ownership and disposition of the Taxable Bonds as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

### Disposition and Defeasance

Generally, upon the sale, exchange, redemption or other disposition (which would include a legal defeasance) of a Taxable Bond, a holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such holder's adjusted tax basis in the Taxable Bond. The Corporation may cause the deposit of moneys or securities in escrow in such amount and manner as to cause the Taxable Bonds to be deemed to be no longer outstanding under the Resolutions (a "defeasance"). (See Appendix B, "Summary of Certain Provisions of the General Resolution" in Part II of this Official Statement). For Federal income tax purposes, such defeasance could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, the character and timing of receipt of payments on the Taxable Bonds subsequent to any such defeasance could also be affected.

### Backup Withholding and Information Reporting

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest and the proceeds of the sale of a Taxable Bond before maturity within the United States. Backup withholding may apply to holders of Taxable Bonds under Section 3406 of the Code. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner's United States Federal income tax provided the required information is furnished to the Internal Revenue Service (the "Service").

### U.S. Holders

The term "U.S. Holder" means a beneficial owner of a Taxable Bond that is: (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is subject to United States Federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

### Miscellaneous

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Taxable Bonds under state law and could affect the market price or marketability of the Taxable Bonds.

Prospective purchasers of the Taxable Bonds should consult their own tax advisors regarding the foregoing matters.

### IRS CIRCULAR 230 DISCLOSURE

To ensure compliance with requirements imposed by the Service, bondholders of Taxable Bonds (the "Taxable Bondholders") are advised that (i) any U.S. federal tax advice contained in this Official Statement (including any attachments) is not intended or written by Bond Counsel to the Corporation to be used, and that it cannot be used, by any Taxable Bondholder, for the purpose of avoiding penalties that may be imposed on a Taxable Bondholder under the Code; (ii) such advice is written to support the promotion or marketing of the Taxable Bonds or matter(s) addressed by such written advice; and (iii)

Taxable Bondholders should seek advice based on their particular circumstances from an independent tax advisor.

### **NO LITIGATION**

At the time of delivery and payment for the 2008/2010 Bonds, the Corporation will deliver, or cause to be delivered, a Certificate of the Corporation substantially to the effect that there is no litigation or other proceeding of any nature now pending or threatened against or adversely affecting the Corporation of which the Corporation has notice or, to the Corporation's knowledge, any basis therefor, seeking to restrain or enjoin the issuance, sale, execution or delivery of the 2010 Bonds or the conversion and remarketing of the Remarketed Bonds, or in any way contesting or affecting the validity of the 2008/2010 Bonds, the Resolutions, the Disclosure Agreement (as defined below), any investment agreement related to the 2008/2010 Bonds or any proceedings of the Corporation taken with respect to the issuance or sale of the 2010 Bonds or the conversion and remarketing of the Remarketed Bonds, or the financing of the 2010 Series G Mortgage Loans, the 2010 Series H Mortgage Loans, the 2010 Series I Mortgage Loan, the 2008 Series A Mortgage Loans or the 2008 Series H Mortgage Loans, or the redemption of any outstanding bonds resulting directly or indirectly from the issuance of the 2008/2010 Bonds, or the pledge, collection or application of any monies or security provided for the payment of the Bonds (including the 2008/2010 Bonds), or the existence, powers or operations of the Corporation, or contesting in any material respect the completeness or accuracy of the Official Statement or any supplement or amendment thereto, if any.

### **CERTAIN LEGAL MATTERS**

All legal matters incident to the authorization, issuance, sale and delivery of the 2008 Series A-1-A Bonds by the Corporation were subject to the approval of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Corporation, which delivered its approving opinion, dated the date of the issuance of the 2008 Series A-1-A Bonds, on April 24, 2008 (a copy of which is attached hereto as Appendix 1-2). The remarketing of the 2008 Series A-1-A Bonds is subject to the delivery by Bond Counsel to the Corporation of its opinion substantially in the form attached as Appendix 1-3. All legal matters incident to the authorization, issuance, sale and delivery of the 2008 Series H-2-A Bonds by the Corporation were subject to the approval of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Corporation, which delivered its approving opinion, dated the date of the issuance of the 2008 Series H-2-A Bonds, on June 26, 2008 (a copy of which is attached hereto as Appendix 1-4). The remarketing of the 2008 Series H-2-A Bonds is subject to the delivery by Bond Counsel to the Corporation of its opinion substantially in the form attached as Appendix 1-5. All legal matters incident to the authorization, issuance, sale and delivery of the 2010 Bonds and the conversion and remarketing of the Remarketed Bonds by the Corporation are subject to the approval of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Corporation. Certain legal matters will be passed upon for the Corporation by its General Counsel. Certain legal matters will be passed upon for the Underwriters and the Remarketing Agents by their Counsel, Orrick, Herrington & Sutcliffe LLP, New York, New York. Orrick, Herrington & Sutcliffe LLP has represented one Mortgagor, which Mortgagor has an aggregate outstanding Mortgage Loan of approximately \$6,000,000 that was financed with the proceeds of the 2004 Series C Bonds.

### **FINANCIAL STATEMENTS**

The financial statements of the Corporation for the year ended October 31, 2009, which are included as Appendix C to Part II of this Official Statement, have been audited by Ernst & Young LLP, independent auditors, as stated in their report appearing therein. The information contained in these financial statements, which are provided for informational purposes only, should not be used in any way

to modify the description of the security for the Bonds contained herein. The assets of the Corporation, other than those pledged pursuant to the General Resolution including certain instruments of the Corporation with respect to the Debt Service Reserve Account, are not pledged to nor are they available to Bond owners.

### **CONTINUING DISCLOSURE**

In order to assist the Underwriters in complying with the provisions of paragraph (b)(5) of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), the Corporation and the Trustee will enter into a written agreement for the benefit of the holders of the 2010 Bonds (the “2010 Disclosure Agreement”) to provide continuing disclosure. With respect to the Remarketed Bonds, the Corporation and the Trustee entered into written agreements for the benefit of the holders of each Series of the Remarketed upon the initial issuance of the Remarketed Bonds (the “Remarketed Bonds Disclosure Agreements” and, together with the 2010 Disclosure Agreement, each a “Disclosure Agreement” or together, the “Disclosure Agreements”). The Corporation will undertake and, in the case of the Remarketed Bonds, the Corporation has undertaken, to provide to the Municipal Securities Rulemaking Board (“MSRB”), on an annual basis on or before 150 days after the end of each fiscal year of the Corporation commencing with the fiscal year ended October 31, 2010, in the case of the 2010 Disclosure Agreement, and October 31, 2009, in the case of the Remarketed Bonds Disclosure Agreements, certain financial and operating data, referred to herein as “Corporation Annual Information,” including, but not limited to annual financial statements of the Corporation. In addition, the Corporation will undertake or has undertaken, as applicable, in the applicable Disclosure Agreement, for the benefit of the holders of the 2008/2010 Bonds, to provide to the MSRB, in a timely manner, the notices required to be provided by Rule 15c2-12 and described below.

The Corporation Annual Information shall consist of the following: (a) annual financial statements of the Corporation prepared in conformity with accounting principles generally accepted in the United States and audited by an independent firm of certified public accountants in accordance with auditing standards generally accepted in the United States; provided, however, that if financial statements are not available in accordance with the dates described above, unaudited financial statements shall be provided and such audited financial statements shall be delivered to the MSRB when they become available; (b) a statement setting forth the amount on deposit in the Debt Service Reserve Account; (c) a statement setting forth the valuations of the Mortgage Loans with respect to each Series of Bonds; and (d) financial and operating data of the type set forth in the Part II of this Official Statement under the headings or subheadings “BONDS OUTSTANDING UNDER THE PROGRAM,” “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates,” “SECURITY FOR THE BONDS—Summary of Program Assets and Revenues,” “SECURITY FOR THE BONDS—Liquidity Facilities for Bonds Bearing Variable Rates of Interest” (chart only), “THE PROGRAM—Mortgage Loans” (charts only), “Appendix D—Activities of the Corporation,” “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program,” “Appendix E-2—Mortgage Loan Prepayment Provisions” (chart only), “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings” (chart only), “Appendix E-4—Cross-Call Provisions and Related Information,” “Appendix F-1—Certain Investments under the General Resolution,” “Appendix F-2—Interest Rate Cap Agreements,” “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—Long-term LOCs” (chart only) and “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—Construction LOCs” (chart only); together with (e) such narrative explanation as may be necessary to avoid misunderstanding and to assist the reader in understanding the presentation of financial and operating data concerning the Corporation and in judging the financial information about the Corporation.

Pursuant to the applicable Disclosure Agreement, the Corporation will further undertake or has undertaken, as applicable, to use its best efforts to provide to the MSRB, on an annual basis on or before 150 days after the end of each fiscal year of any Mortgagor whose payment obligations under its Mortgage Note equals or exceeds twenty percent (20%) of the aggregate payment obligations due under all outstanding Mortgage Notes, certain financial and operating data, referred to herein as “Mortgagor Annual Information,” including, but not limited to, annual financial statements of such Mortgagor, prepared in accordance with generally accepted accounting principles and audited by an independent firm of certified public accountants in accordance with generally accepted auditing standards if so required by the applicable Mortgage; provided, however, that if audited financial statements are required but not available in accordance with the dates described above, unaudited financial statements shall be provided and such audited financial statements shall be delivered to the MSRB when they become available. Currently, there are no Mortgagors whose payment obligations equal or exceed the twenty percent (20%) threshold.

The notices required to be provided by Rule 15c2-12, which the Corporation will undertake or has undertaken, as applicable, to provide as described above, include notices of any of the following events with respect to the 2008/2010 Bonds, if material: (1) principal and interest payment delinquencies; (2) non-payment related defaults; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions or events affecting the tax-exempt status of the 2008/2010 Bonds; (7) modification to the rights of holders of 2008/2010 Bonds; (8) 2008/2010 Bond calls; (9) defeasances of all or a portion of the 2008/2010 Bonds; (10) the release, substitution or sale of property securing repayment of the 2008/2010 Bonds and (11) rating changes; and to the MSRB, in a timely manner, notice of a failure by the Corporation to provide the Corporation Annual Information or the Mortgagor Annual Information required by the Disclosure Agreement.

If any party to the applicable Disclosure Agreement fails to comply with any provisions thereof, then each of the other parties to the applicable Disclosure Agreement and, as a direct or third party beneficiary, as the case may be, any holder of the 2008/2010 Bonds may enforce, for the equal benefit and protection of all holders similarly situated, by mandamus or other suit or proceeding at law or in equity, the applicable Disclosure Agreement against such party and any of its officers, agents and employees, and may compel such party or any such officers, agents or employees to perform and carry out their duties thereunder; provided that the sole and exclusive remedy for breach or default under the applicable Disclosure Agreement to provide the continuing disclosure described above is an action to compel specific performance of the undertakings contained therein, and no person or entity may recover monetary damages thereunder under any circumstances; provided, however, that the rights of any holder of 2008/2010 Bonds to challenge the adequacy of the information provided by the Corporation are conditioned upon the provisions of the General Resolution with respect to the enforcement of remedies of holders of the 2008/2010 Bonds upon the occurrence of an Event of Default described in the General Resolution. A breach or default under a Disclosure Agreement shall not constitute an Event of Default under the General Resolution. In addition, if all or any part of Rule 15c2-12 ceases to be in effect for any reason, then the information required to be provided under each Disclosure Agreement, insofar as the provisions of Rule 15c2-12 no longer in effect required the provision of such information, shall no longer be required to be provided. Beneficial Owners of the 2008/2010 Bonds are third-party beneficiaries of each Disclosure Agreement and, as such, are deemed to be holders of the 2008/2010 Bonds of the purposes of exercising remedies.

The foregoing undertakings are intended to set forth a general description of the type of financial information and operating data that will be provided; the descriptions are not intended to state more than general categories of financial information and operating data. Where an undertaking calls for

information that no longer can be generated because the operations to which it related have been materially changed or discontinued, a statement to that effect will be provided. Each Disclosure Agreement, however, may be amended or modified without the consent of the holders of the 2008/2010 Bonds under certain circumstances set forth in each Disclosure Agreement.

Copies of the Disclosure Agreements, when executed and delivered by the parties thereto on the date of the initial delivery of the 2008/2010 Bonds, will be on file at the office of the Corporation.

With regard to each Series of Bonds issued under the General Resolution to which Rule 15c2-12 applies, the Corporation has entered into agreements substantially identical to the Disclosure Agreements and has complied with the provisions of such agreements. Rule 15c2-12 applies to the 1996 Series A Bonds and each subsequent Series of Bonds issued under the General Resolution.

From time to time the Corporation has entered into other agreements to provide continuing disclosure (each, a “CDA”) with regard to bonds that were not issued under the General Resolution. The Corporation has fully complied with such CDAs during the previous five years.

### **FURTHER INFORMATION**

The information contained in this Official Statement is subject to change without notice and no implication should be derived therefrom or from the sale of the 2010 Bonds and the remarketing of the Remarketed Bonds that there has been no change in the affairs of the Corporation from the date hereof. Pursuant to the General Resolution, the Corporation has covenanted to keep proper books of record and account in which full, true and correct entries will be made of all its dealings and transactions under the General Resolution, and to cause such books to be audited for each fiscal year. The General Resolution requires that such books be open to inspection by the Trustee and the owners of not less than five percent (5%) of the Bonds then Outstanding issued thereunder during regular business hours of the Corporation, and that the Corporation furnish a copy of the auditor’s report, when available, upon the request of the owner of any Outstanding 2008/2010 Bonds.

Additional information, including the annual report of the Corporation, may be obtained from the Corporation at 110 William Street, New York, New York 10038, (212) 227-5500 or through its internet address: [www.nychdc.com](http://www.nychdc.com).

### **MISCELLANEOUS**

Any statements in this Official Statement involving matters of opinions, whether or not expressly so stated, are intended as such, and not as representations of fact. This Official Statement is not to be construed as an agreement or contract between the Corporation and the purchasers or owners of any 2008/2010 Bonds.

This Official Statement is submitted in connection with the sale of the 2010 Bonds and the remarketing of the Remarketed Bonds and may not be reproduced or used, as a whole or in part, for any other purpose. This Official Statement and the distribution thereof has been duly authorized and approved by the Corporation, and duly executed and delivered on behalf of the Corporation.

**PROPOSED FORM OF OPINION OF BOND COUNSEL TO THE CORPORATION**

Upon delivery of the 2010 Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, proposes to deliver its approving opinion in substantially the following form:

NEW YORK CITY HOUSING  
DEVELOPMENT CORPORATION  
110 William Street  
New York, New York 10038

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$50,765,000 Multi-Family Housing Revenue Bonds, 2010 Series G (the “2010 Series G Bonds”), \$74,575,000 Multi-Family Housing Revenue Bonds, 2010 Series H (the “2010 Series H Bonds”) and \$8,115,000 Multi-Family Housing Revenue Bonds, 2010 Series I (the “2010 Series I Bonds”; the 2010 Series G Bonds, the 2010 Series H Bonds and the 2010 Series I Bonds being collectively referred to as the “2010 Bonds”) of the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, organized and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”).

The 2010 Bonds are authorized to be issued pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and, with respect to the 2010 Series G Bonds, the One Hundred Thirty-Seventh Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2010 Series G of the Corporation, adopted October 1, 2010, with respect to the 2010 Series H Bonds, the One Hundred Thirty-Eighth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2010 Series H of the Corporation, adopted October 1, 2010, and with respect to the 2010 Series I Bonds, the One Hundred Thirty-Ninth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2010 Series I of the Corporation, adopted October 1, 2010 (collectively, the “Supplemental Resolutions”; the General Resolution and the Supplemental Resolutions being collectively referred to as the “Resolutions”). The 2010 Series G Bonds are being issued for the purpose of financing the 2010 Series G Mortgage Loans (as defined in the Resolutions), refinancing a certain outstanding mortgage loan and retiring certain outstanding bonds of the Corporation. The 2010 Series H Bonds are being issued for the purpose of financing the 2010 Series H Mortgage Loans (as defined in the Resolutions) and refunding certain of the Corporation’s outstanding bonds (the “Prior Bonds”). The 2010 Series I Bonds are being issued for the purpose of financing the 2010 Series I Mortgage Loan (as defined in the Resolutions).

The 2010 Bonds are dated, mature, are payable, bear interest and are subject to redemption as provided in the Resolutions.

We have not examined nor are we passing upon matters relating to the real and personal property referred to in the mortgages which are to secure the 2010 Bonds.

Upon the basis of the foregoing, we are of the opinion that:

1. The Corporation has been duly created and validly exists as a corporate governmental agency constituting a public benefit corporation, under and pursuant to the laws of the State of New York (including the Act), and has good right and lawful authority, among other things, to finance the 2010 Series G Mortgage Loans, the 2010 Series H Mortgage Loans and the 2010 Series I Mortgage Loan, to refinance a certain outstanding mortgage loan and retire certain outstanding bonds of the Corporation, to refund the Prior Bonds, to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the 2010 Bonds, and to perform its obligations under the terms and conditions of the Resolutions, as covenanted in the Resolutions.

2. The Resolutions have been duly adopted by the Corporation, are in full force and effect, and are valid and binding upon the Corporation and enforceable in accordance with their terms.

3. The 2010 Bonds have been duly authorized, sold and issued by the Corporation in accordance with the Resolutions and the laws of the State of New York (the "State"), including the Act.

4. The 2010 Bonds are valid and legally binding special revenue obligations of the Corporation payable solely from the revenues, funds or monies pledged for the payment thereof pursuant to the Resolutions, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the benefit, protection and security of the provisions, covenants and agreements of the Resolutions.

5. The 2010 Bonds are secured by a pledge in the manner and to the extent set forth in the Resolutions. The Resolutions create the valid pledge of and lien on the Revenues (as defined in the Resolutions), and all the Accounts established by the Resolutions and monies and securities therein, which the Resolutions purport to create, subject only to the provisions of the Resolutions permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolutions.

6. The 2010 Bonds are not a debt of the State or The City of New York and neither is liable thereon, nor shall the 2010 Bonds be payable out of any funds other than those of the Corporation pledged for the payment thereof.

7. Under existing statutes and court decisions, (i) interest on the 2010 Series G Bonds and the 2010 Series I Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), except that no opinion is expressed as to such exclusion of interest on any 2010 Series G Bond or 2010 Series I Bond for any period during which such 2010 Series G Bond or 2010 Series I Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a "substantial user" of the facilities financed with the proceeds of the 2010 Series G Bonds or the 2010 Series I Bonds, respectively, or a "related person," (ii) interest on the 2010 Series G Bonds and the 2010 Series I Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and is not included in adjusted current earnings of corporations for purposes of calculating the alternative minimum tax. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors (as defined in the General Resolution) of the 2010 Series G Mortgage Loans (as defined in the Resolutions), the Mortgagor of the 2010 Series I Mortgage Loan (as defined in the Resolutions), and others in connection with the issuance of the 2010 Series G Bonds and the 2010 Series I Bonds, and we have assumed compliance by the Corporation and such Mortgagors with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2010 Series G Bonds and the 2010 Series I Bonds from gross income under Section 103 of the Code.

8. The original issue discount on the 2010 Series G Bonds, if any, that has accrued and is properly allocable to the owners thereof is excludable from gross income for Federal income tax purposes to the same extent as other interest on such 2010 Series G Bonds.

9. Interest on the 2010 Series H Bonds is included in gross income for Federal income tax purposes, pursuant to the Code.

10. In addition, under existing statutes, interest on the 2010 Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof (including The City of New York).

We express no opinion regarding any other Federal or state tax consequences with respect to the 2010 Bonds. We render this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update this opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the 2010 Series G Bonds or the 2010 Series I Bonds, or the exemption from personal income taxes of interest on the 2010 Bonds under state and local tax law.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the 2010 Bonds and the Resolutions may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to the general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed 2010 Series G Bond, an executed 2010 Series H Bond and an executed 2010 Series I Bond and in our opinion the forms of such Bonds and their execution are regular and proper.

Very truly yours,

(THIS PAGE INTENTIONALLY LEFT BLANK)

**FORM OF OPINION OF BOND COUNSEL TO THE CORPORATION DELIVERED UPON  
THE ISSUANCE OF THE 2008 SERIES A-1-A BONDS**

Upon delivery of the 2008 Series A-1-A Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, delivered its approving opinion in substantially the following form:

NEW YORK CITY HOUSING  
DEVELOPMENT CORPORATION  
110 William Street  
New York, New York 10038

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$46,610,000 Multi-Family Housing Revenue Bonds, 2008 Series A-1-A (the “2008 Series A-1-A Bonds”), \$51,705,000 Multi-Family Housing Revenue Bonds, 2008 Series A-1-B (the “2008 Series A-1-B Bonds”), \$3,405,000 Multi-Family Housing Revenue Bonds, 2008 Series A-2 (the “2008 Series A-2 Bonds”) and \$12,670,000 Multi-Family Housing Revenue Bonds, 2008 Series D (the “2008 Series D Bonds”; the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds and the 2008 Series D Bonds being collectively referred to as the “2008 Bonds”) of the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, organized and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”).

The 2008 Bonds are authorized to be issued pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and, with respect to the 2008 Series A-1-A Bonds and the 2008 Series A-1-B Bonds, the Ninetieth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-1 of the Corporation, adopted April 7, 2008, with respect to the 2008 Series A-2 Bonds, the Ninety-First Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-2 of the Corporation, adopted April 7, 2008, and with respect to the 2008 Series D Bonds, the Ninety-Sixth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series D of the Corporation, adopted April 7, 2008 (collectively, the “Supplemental Resolutions”; the General Resolution and the Supplemental Resolutions being collectively referred to as the “Resolutions”). The 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds and the 2008 Series A-2 Bonds are being issued for the purpose of financing, in part, the 2008 Series A Mortgage Loans (as defined in the Resolutions) and the 2008 Series D Bonds are being issued for the purpose of providing the Corporation with monies to refinance certain outstanding mortgage loans and retire certain outstanding bonds of the Corporation.

The 2008 Bonds are dated, mature, are payable, bear interest and are subject to redemption as provided in the Resolutions and the applicable Bond Series Certificates (as defined in the Supplemental Resolutions) of the Corporation fixing the terms and conditions of the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds and the 2008 Series D Bonds.

We have not examined nor are we passing upon matters relating to the real and personal property referred to in the mortgages which are to secure the 2008 Bonds.

Upon the basis of the foregoing, we are of the opinion that:

1. The Corporation has been duly created and validly exists as a corporate governmental agency constituting a public benefit corporation, under and pursuant to the laws of the State of New York (including the Act), and has good right and lawful authority, among other things, to finance the 2008 Series A Mortgage Loans and to retire certain outstanding bonds of the Corporation, to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the 2008 Bonds, and to perform its obligations under the terms and conditions of the Resolutions, as covenanted in the Resolutions.

2. The Resolutions have been duly adopted by the Corporation, are in full force and effect, and are valid and binding upon the Corporation and enforceable in accordance with their terms.

3. The 2008 Bonds have been duly authorized, sold and issued by the Corporation in accordance with the Resolutions and the laws of the State of New York (the "State"), including the Act.

4. The 2008 Bonds are valid and legally binding special revenue obligations of the Corporation payable solely from the revenues, funds or monies pledged for the payment thereof pursuant to the Resolutions, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the benefit, protection and security of the provisions, covenants and agreements of the Resolutions.

5. The 2008 Bonds are secured by a pledge in the manner and to the extent set forth in the Resolutions. The Resolutions create the valid pledge of and lien on the Revenues (as defined in the Resolutions) and all the Accounts established by the Resolutions and monies and securities therein, which the Resolutions purport to create, subject only to the provisions of the Resolutions permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolutions.

6. The 2008 Bonds are not a debt of the State or The City of New York and neither is liable thereon, nor shall the 2008 Bonds be payable out of any funds other than those of the Corporation pledged for the payment thereof.

7. Under existing statutes and court decisions, (i) interest on the 2008 Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), except that no opinion is expressed as to such exclusion of interest on any 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds (collectively, the "AMT Bonds") and 2008 Series D Bonds for any period during which any such AMT Bond or 2008 Series D Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a "substantial user" of the facilities financed with the proceeds of the AMT Bonds or the 2008 Series D Bonds or a "related person"; (ii) interest on the 2008 Series D Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; however, interest on the 2008 Series D Bonds is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations; and (iii) interest on the AMT Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors (as defined in the General Resolution) of the 2008 Series A Mortgage Loans, the Mortgagors of the 2008 Series D Mortgage Loans (as defined in the Resolutions), and others in

connection with the issuance of the 2008 Bonds and we have assumed compliance by the Corporation and such Mortgagors with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2008 Bonds from gross income under Section 103 of the Code.

Under existing statutes, interest on the 2008 Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof (including The City of New York).

We express no opinion regarding any other Federal or state tax consequences with respect to the 2008 Bonds. We render this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update this opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the 2008 Bonds, or the exemption from personal income taxes of interest on the 2008 Bonds under state and local tax law.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the 2008 Bonds and the Resolutions may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to the general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed 2008 Series A-1-A Bond, an executed 2008 Series A-1-B Bond, an executed 2008 Series A-2 Bond and an executed 2008 Series D Bond, and in our opinion the forms of such Bonds and their execution are regular and proper.

Very truly yours,

(THIS PAGE INTENTIONALLY LEFT BLANK)

**PROPOSED FORM OF OPINION OF BOND COUNSEL TO THE CORPORATION RELATING  
TO THE 2008 SERIES A-1-A BONDS**

Upon remarketing of the 2008 Series A-1-A Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, proposes to deliver its opinion in substantially the following form:

NEW YORK CITY HOUSING  
DEVELOPMENT CORPORATION  
110 William Street  
New York, New York 10038

Ladies and Gentlemen:

We are bond counsel to the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, created and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”). On April 24, 2008, we rendered our approving opinion (the “Approving Opinion”) with respect to the issuance by the Corporation of its Multi-Family Housing Revenue Bonds, 2008 Series A-1-A, in the original aggregate principal amount of \$46,610,000 (the “Bonds”). The Bonds were issued under and pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and the Ninetieth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-1 of the Corporation, adopted April 7, 2008 (as amended, the “Supplemental Resolution”; the General Resolution and the Supplemental Resolution being collectively referred to as the “Resolutions”). Unless otherwise defined in this opinion, all capitalized terms used herein shall have the meanings ascribed thereto in the Resolutions.

The Resolutions provide that the method of determining the interest rate on the Bonds may be changed on an Interest Method Change Date, subject to the terms and provisions of the Resolutions. On February 19, 2009, the Bonds were remarketed and the method of determining the interest rate thereon was changed to the Daily Rate. Today, pursuant to the terms and provisions of the Resolutions, is an Interest Method Change Date with respect to \$15,665,000 aggregate principal amount of the Bonds, the method of determining the interest rate on such portion of the Bonds is being changed and such portion of the Bonds is being remarketed (such portion of the Bonds, as so remarketed, being referred to as the “Reoffered Bonds”). On and after the date hereof, the Reoffered Bonds will bear interest at the Fixed Rate, pursuant to the terms and provisions of the Resolutions. This opinion is being delivered in connection with the change in the method of determining the interest rate on the Reoffered Bonds.

We are of the opinion that the change in the method of determining the interest rate on the Reoffered Bonds is consistent with the provisions of the Resolutions.

We express no opinion as to whether, as of the date hereof, the interest on the Bonds is excluded from gross income for Federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”). We are of the opinion, however, that, under existing statutes

and court decisions, the change in the method of determining the interest rate on the Reoffered Bonds, in and of itself, will not adversely affect the exclusion of interest from gross income for Federal income tax purposes under Section 103 of the Code on any Reoffered Bonds, the interest on which is otherwise excluded from gross income for Federal income tax purposes under Section 103 of the Code.

We express no opinion regarding any other Federal or state tax consequences with respect to the Reoffered Bonds. We render this opinion under existing statutes and court decisions as of the date hereof, and we assume no obligation to update this opinion after the date hereof to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We wish to advise you that our opinion is limited to the change in the method of determining the interest rate on the Reoffered Bonds on October 26, 2010 and does not extend to any event or matter occurring subsequent to the delivery of our Approving Opinion on April 24, 2008.

Pursuant to Section 103(D)(2)(i) of Appendix A to the Supplemental Resolution, the Trustee is hereby permitted to deliver a copy of our Approving Opinion in connection with the Bonds.

Very truly yours,

THE ISSUANCE OF THE 2008 SERIES H-2-A BONDS**

Upon delivery of the 2008 Series H-2-A Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, delivered its approving opinion in substantially the following form:

NEW YORK CITY HOUSING  
DEVELOPMENT CORPORATION  
110 William Street  
New York, New York 10038

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$8,060,000 Multi-Family Housing Revenue Bonds, 2008 Series H-1 (the “2008 Series H-1 Bonds”), \$39,030,000 Multi-Family Housing Revenue Bonds, 2008 Series H-2-A (the “2008 Series H-2-A Bonds”) and \$47,990,000 Multi-Family Housing Revenue Bonds, 2008 Series H-2-B (the “2008 Series H-2-B Bonds”; the 2008 Series H-1 Bonds, the 2008 Series H-2-A Bonds and the 2008 Series H-2-B Bonds being collectively referred to as the “2008 Bonds”) of the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, organized and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”).

The 2008 Bonds are authorized to be issued pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and, with respect to the 2008 Series H-1 Bonds, the One Hundred First Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series H-1 of the Corporation, adopted June 11, 2008, and with respect to the 2008 Series H-2-A Bonds and the 2008 Series H-2-B Bonds, the One Hundred Second Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series H-2 of the Corporation, adopted June 11, 2008 (collectively, the “Supplemental Resolutions”; the General Resolution and the Supplemental Resolutions being collectively referred to as the “Resolutions”). The 2008 Series H-1 Bonds, the 2008 Series H-2-A Bonds and the 2008 Series H-2-B Bonds are being issued for the purpose of financing, the 2008 Series H Mortgage Loans (as defined in the Resolutions).

The 2008 Bonds are dated, mature, are payable, bear interest and are subject to redemption as provided in the Resolutions and the applicable Bond Series Certificates (as defined in the Supplemental Resolutions) of the Corporation fixing the terms and conditions of the 2008 Series H-2-A Bonds and the 2008 Series H-2-B Bonds.

We have not examined nor are we passing upon matters relating to the real and personal property referred to in the mortgages which are to secure the 2008 Bonds.

Upon the basis of the foregoing, we are of the opinion that:

1. The Corporation has been duly created and validly exists as a corporate governmental agency, constituting a public benefit corporation, under and pursuant to the laws of the State of New York (including the Act), and has good right and lawful authority, among other things, to

finance the 2008 Series H Mortgage Loans, to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the 2008 Bonds, and to perform its obligations under the terms and conditions of the Resolutions, as covenanted in the Resolutions.

2. The Resolutions have been duly adopted by the Corporation, are in full force and effect, and are valid and binding upon the Corporation and enforceable in accordance with their terms.

3. The 2008 Bonds have been duly authorized, sold and issued by the Corporation in accordance with the Resolutions and the laws of the State of New York (the “State”), including the Act.

4. The 2008 Bonds are valid and legally binding special revenue obligations of the Corporation payable solely from the revenues, funds or monies pledged for the payment thereof pursuant to the Resolutions, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the benefit, protection and security of the provisions, covenants and agreements of the Resolutions.

5. The 2008 Bonds are secured by a pledge in the manner and to the extent set forth in the Resolutions. The Resolutions create the valid pledge of and lien on the Revenues (as defined in the Resolutions) and all the Accounts established by the Resolutions and monies and securities therein, which the Resolutions purport to create, subject only to the provisions of the Resolutions permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolutions.

6. The 2008 Bonds are not a debt of the State or The City of New York and neither is liable thereon, nor shall the 2008 Bonds be payable out of any funds other than those of the Corporation pledged for the payment thereof.

7. Under existing statutes and court decisions, (i) interest on the 2008 Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), except that no opinion is expressed as to such exclusion of interest on any 2008 Bond for any period during which any such 2008 Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with the proceeds of the 2008 Bonds or a “related person”; (ii) interest on the 2008 Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors (as defined in the General Resolution) of the 2008 Series H Mortgage Loans, and others in connection with the issuance of the 2008 Bonds and we have assumed compliance by the Corporation and such Mortgagors with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2008 Bonds from gross income under Section 103 of the Code.

Under existing statutes, interest on the 2008 Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof (including The City of New York).

We express no opinion regarding any other Federal or state tax consequences with respect to the 2008 Bonds. We render this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update this opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the 2008 Bonds, or the exemption from personal income taxes of interest on the 2008 Bonds under state and local tax law.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the 2008 Bonds and the Resolutions may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to the general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed 2008 Series H-1 Bond, an executed 2008 Series H-2-A Bond and an executed 2008 Series H-2-B Bond, and in our opinion the forms of such Bonds and their execution are regular and proper.

Very truly yours,

(THIS PAGE INTENTIONALLY LEFT BLANK)

**PROPOSED FORM OF OPINION OF BOND COUNSEL TO THE CORPORATION RELATING  
TO THE 2008 SERIES H-2-A BONDS**

Upon remarketing of the 2008 Series H-2-A Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, proposes to deliver its opinion in substantially the following form:

NEW YORK CITY HOUSING  
DEVELOPMENT CORPORATION  
110 William Street  
New York, New York 10038

Ladies and Gentlemen:

We are bond counsel to the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, created and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”). On June 26, 2008, we rendered our approving opinion (the “Approving Opinion”) with respect to the issuance by the Corporation of its Multi-Family Housing Revenue Bonds, 2008 Series H-2-A, in the original aggregate principal amount of \$39,030,000 (the “Bonds”). The Bonds were issued under and pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and the One Hundred Second Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series H-2 of the Corporation, adopted June 11, 2008 (as amended, the “Supplemental Resolution”; the General Resolution and the Supplemental Resolution being collectively referred to as the “Resolutions”). Unless otherwise defined in this opinion, all capitalized terms used herein shall have the meanings ascribed thereto in the Resolutions.

The Resolutions provide that the method of determining the interest rate on the Bonds may be changed on an Interest Method Change Date, subject to the terms and provisions of the Resolutions. On February 19, 2009, the Bonds were remarketed and the method of determining the interest rate thereon was changed to the Daily Rate. Today, pursuant to the terms and provisions of the Resolutions, is an Interest Method Change Date with respect to \$14,540,000 aggregate principal amount of the Bonds, the method of determining the interest rate on such portion of the Bonds is being changed and such portion of the Bonds is being remarketed (such portion of the Bonds, as so remarketed, being referred to as the “Reoffered Bonds”). On and after the date hereof, the Reoffered Bonds will bear interest at the Fixed Rate, pursuant to the terms and provisions of the Resolutions. This opinion is being delivered in connection with the change in the method of determining the interest rate on the Reoffered Bonds.

We are of the opinion that the change in the method of determining the interest rate on the Reoffered Bonds is consistent with the provisions of the Resolutions.

We express no opinion as to whether, as of the date hereof, the interest on the Bonds is excluded from gross income for Federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”). We are of the opinion, however, that, under existing statutes and court decisions, the change in the method of determining the interest rate on the Reoffered Bonds, in and of itself, will not adversely affect the exclusion of interest from gross income for Federal income tax

purposes under Section 103 of the Code on any Reoffered Bonds, the interest on which is otherwise excluded from gross income for Federal income tax purposes under Section 103 of the Code.

We express no opinion regarding any other Federal or state tax consequences with respect to the Reoffered Bonds. We render this opinion under existing statutes and court decisions as of the date hereof, and we assume no obligation to update this opinion after the date hereof to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We wish to advise you that our opinion is limited to the change in the method of determining the interest rate on the Reoffered Bonds on October 26, 2010 and does not extend to any event or matter occurring subsequent to the delivery of our Approving Opinion on June 26, 2008.

Pursuant to Section 103(D)(2)(i) of Appendix A to the Supplemental Resolution, the Trustee is hereby permitted to deliver a copy of our Approving Opinion in connection with the Bonds.

Very truly yours,

## **PART II**

**relating to**

### **NEW YORK CITY HOUSING DEVELOPMENT CORPORATION**

#### **Multi-Family Housing Revenue Bonds**

### **INTRODUCTION**

The purpose of this Part II of this Official Statement is to set forth certain information concerning the Corporation, the Program and the Bonds in connection with the issuance of certain Series of Bonds by the Corporation. Each Series of Bonds is issued pursuant to the Act, the General Resolution, and a related Supplemental Resolution. Certain defined terms used herein are set forth in Part I of this Official Statement or in “Appendix A—Definition of Certain Terms.”

### **THE CORPORATION**

#### Purposes and Powers

The Corporation, which commenced operations in 1972, is a corporate governmental agency constituting a public benefit corporation organized and existing under the laws of the State, created for the purposes of providing, and encouraging the investment of private capital in, safe and sanitary dwelling accommodations in the City of New York (the “City”) for families and persons of low income, which include families and persons whose need for housing accommodations cannot be provided by the ordinary operations of private enterprise, or in areas designated as blighted through the provision of low interest mortgage loans. Powers granted the Corporation under the Act include the power to issue bonds, notes and other obligations to obtain funds to carry out its corporate purposes, and to refund the same; to acquire, hold and dispose of real and personal property; to make mortgage loans to specified private entities; to purchase loans from lending institutions; to make loans insured or co-insured by the Federal government for new construction and rehabilitation of multiple dwellings; to make and to contract for the making of loans for the purpose of financing the acquisition, construction or rehabilitation of multi-family housing accommodations; to acquire and to contract to acquire any Federally-guaranteed security evidencing indebtedness on a mortgage securing a loan; to acquire mortgages from the City, obtain Federal insurance thereon and either sell such insured mortgages or issue its obligations secured by said insured mortgages and to pay the net proceeds of such sale of mortgages or issuance of obligations to the City; and to do any and all things necessary or convenient to carry out its purposes. The Act further provides that the Corporation and its corporate existence shall continue at least so long as its bonds, including the Bonds, notes, or other obligations are outstanding.

The sale of the Bonds and the terms of such sale are subject to the approval of the Comptroller of the City. The Corporation is a “covered organization” as such term is defined in the New York State Financial Emergency Act for The City of New York, as amended, and the issuance of the Bonds is subject to the review of the New York State Financial Control Board for The City of New York.

The Corporation’s audited financial statements for the fiscal year ended October 31, 2009, including as Schedule 2 supplemental information related to the Program, are contained in Appendix C hereto. In addition, a summary of assets and revenues related to the Program are described, in part, under “SECURITY FOR THE BONDS—Summary of Program Assets and Revenues.” For a description of the bond, mortgage loan, loan and servicing activities of the Corporation, see “Appendix D—Activities of the Corporation.”

## Organization and Membership

The Corporation, pursuant to the Act, consists of the Commissioner of The City of New York Department of Housing Preservation and Development (“HPD”) (who is designated as Chairperson of the Corporation pursuant to the Act), the Commissioner of Finance of the City and the Director of Management and Budget of the City (such officials to serve ex-officio), and four (4) public members, two (2) appointed by the Mayor of the City (the “Mayor”) and two (2) appointed by the Governor of the State. The Act provides that the powers of the Corporation shall be vested in and exercised by not less than four (4) members. The Corporation may delegate to one or more of its members, officers, agents or employees such powers and duties as it deems proper.

Prior to joining the Corporation, Mr. Wambua served as the Senior Policy Advisor for the New York City Deputy Mayor of Economic Development where he focused on housing issues and large-scale planning projects. Mr. Wambua also was Vice President for Special Projects at the New York City Economic Development Corporation. He previously was a senior investment officer for General Electric Capital Commercial Real Estate. Mr. Wambua earned a B.A. from the University of California at Berkeley and a Masters in Public Policy from Harvard University's John F. Kennedy School of Government. Mr. Wambua previously taught real estate finance at New York University and managerial economics at the New School University.

**CATHLEEN A. BAUMANN**, Treasurer. Ms. Baumann was appointed Treasurer of the Corporation by the President on July 20, 2009. Prior to such appointment, she held the position of Deputy CFO since September 2004. Ms. Baumann joined the Corporation in 1988 as an Accountant. She has also held the positions of Senior Accountant and Internal Auditor and Vice President of Internal Audit. Ms. Baumann received her bachelor's degree with majors in Accounting and Economics from Queens College of the City University of New York and her MBA in Finance from Baruch College's Zicklin School of Business of the City University of New York.

**ELLEN K. DUFFY**, Senior Vice President for Debt Issuance and Finance. Ms. Duffy was appointed Senior Vice President of the Corporation on September 15, 2009, effective September 21, 2009. Prior to joining the Corporation, Ms. Duffy was a principal of the housing finance group at Bank of America Securities ("BAS"). At BAS, Ms. Duffy focused on quantitative structuring of transactions and cash flow analysis for state and local housing issuers. Ms. Duffy previously held positions in the housing areas of the public finance groups at CS First Boston, First Union Securities and Citicorp Investment Bank. Ms. Duffy holds a B.A. in Economics from Providence College.

**TERESA GIGLIELLO**, Senior Vice President—Portfolio Management. Ms. Gigliello was appointed a Senior Vice President of the Corporation on August 3, 1998. Prior to such appointment, Ms. Gigliello held the position of Director of Audit. She began her career with the Corporation in 1985 as an accountant and served as the Corporation's Internal Auditor from 1986 until her appointment as Director of Audit in 1995. Ms. Gigliello received a Bachelor of Science degree from St. John's University.

**EILEEN M. O'REILLY**, Senior Vice President. Ms. O'Reilly was appointed Senior Vice President for Loan Servicing of the Corporation on September 15, 2009. Prior to such appointment she acted as Chief Financial Officer of the Corporation since May 2, 2007. She joined the Corporation as Acting Senior Vice President on March 19, 2007. Prior to joining the Corporation, Ms. O'Reilly was a principal of Gramercy Capital Consulting, a consulting firm where she advised clients in implementing financial programs and marketing initiatives. Before joining the Corporation, Ms. Barkan was associated with a New York law firm where her practice focused on real estate acquisitions and financing. Ms. Barkan received her B.S. degree from the School of Business at the State University of New York at Albany and her J.D. from Brooklyn Law School. Ms. Barkan is a member of the New York State Bar.

#### Potential Legislative and Regulatory Actions

From time to time, legislation is introduced on the Federal and State levels which, if enacted into law, could affect the Corporation, its operations or its bonds. The Corporation is not able to represent whether such bills will be introduced in the future or become law. In addition, the State undertakes periodic studies of public authorities in the State (including the Corporation) and their financing programs. Any of such periodic studies could result in proposed legislation which, if adopted, could affect the Corporation, its operations and its bonds.

None of the Bonds Outstanding are Subordinate Bonds. As of September 30, 2010, approximately \$2,374,675,000 or seventy-six percent (76%), of the Bonds Outstanding bear interest at a fixed rate and approximately \$735,820,000 or twenty-four percent (24%) of the Bonds Outstanding bear interest at a variable rate. The Corporation has entered into interest rate caps to hedge a portion of the variable interest rate exposure associated with its variable interest rate bond program. See “SECURITY FOR THE BONDS – Interest Rate Caps” and “Appendix F-2 —Interest Rate Cap Agreements” herein. See “Appendix E-4—Cross Call Provisions and Related Information” for more information regarding the interest rates and final maturities of the Outstanding Bonds.

The Corporation has issued \$415,000,000 principal amount of NIBP Series 1 Bonds under the NIBP Series 1 Resolution and \$85,000,000 principal amount of NIBP Series 2 Bonds under the NIBP Series 2 Resolution. Additional bonds may also be issued under each NIBP Resolution secured on a parity with the NIBP Series 1 Bonds or NIBP Series 2 Bonds, as applicable (the NIBP Series 1 Bonds, any additional bonds issued under the NIBP Series 1 Resolution, the NIBP Series 2 Bonds and any additional bonds issued under the NIBP Series 2 Resolution are referred to collectively, as the “NIBP Bonds”). Amounts on deposit in the Revenue Account under the General Resolution are pledged to secure regularly scheduled debt service on the NIBP Bonds on a parity with all Bonds issued and to be issued under the General Resolution (other than Subordinate Bonds). See “SECURITY FOR THE BONDS—Additional Obligations Secured by the Resolution.”

## SECURITY FOR THE BONDS

### Pledge of the General Resolution

The General Resolution constitutes a contract among the Corporation, the Trustee and the owners of the Bonds issued thereunder and, except as otherwise provided under the General Resolution or in a Supplemental Resolution authorizing a Series of Bonds, its provisions are for the equal benefit, protection and security of the owners of all such Bonds, each of which, regardless of maturity, is to be of equal rank without preference, priority or distinction. The General Resolution authorizes the issuance of Bonds having a charge and lien on the Revenues and other assets pledged under the General Resolution subordinate to the charge and lien of the Bonds (the “Subordinate Bonds”). Prior to the issuance of any Bonds (other than the Subordinate Bonds), the General Resolution requires that the Trustee be provided with confirmation of the then existing ratings on the Bonds (other than the Subordinate Bonds) by each of the Rating Agencies then rating such Bonds. See “Additional Bonds” below.

The Bonds are special revenue obligations of the Corporation payable solely from the Revenues and Accounts described below.

Payment of the principal or Redemption Price of and interest on all Bonds is secured by a pledge of Revenues, which consist of, among other things, unless otherwise provided in a Supplemental Resolution authorizing a Series of Bonds, all payments received by the Corporation from or on account of the Mortgage Loans, including scheduled, delinquent and advance payments of principal of and interest on the Mortgage Loans, proceeds from the sale, assignment, endorsement or other disposition of the Mortgage Loans, amounts received on account of the acceleration of payments due under the Mortgage Loans or other remedial proceedings taken in the event of a default thereon, proceeds of any mortgage insurance or credit enhancement with respect to defaulted Mortgage Loans, proceeds of any hazard insurance or condemnation award, and income derived from the investment of funds held by the Trustee in Accounts established under or pursuant to the General Resolution. Revenues do not, however, include amounts required to be deposited in the Rebate Fund, Escrow Payments, late charges or administrative, financing, extension, servicing or settlement fees on account of any Mortgage Loan. Payment of the Bonds is also secured by a pledge by the Corporation of its right, title and interest in and to the Mortgage Loans and, except as otherwise provided in any Supplemental Resolution authorizing a particular Series of Bonds, of all Accounts established pursuant to the General Resolution (including the investments thereof, if any). Under the General Resolution, the Corporation is not required to subject to the pledge and lien of the General Resolution assets, including mortgage loans, financed by Bonds issued thereunder. In addition, under the General Resolution the Corporation may pledge Accounts created pursuant to a Supplemental Resolution authorizing a particular Series of Bonds solely to the Bonds of such Series or exclude such Accounts from the pledge of the General Resolution. See “Appendix B—Summary of Certain Provisions of the General Resolution.”

The foregoing pledges are also subject to the terms and provisions of the General Resolution requiring transfers of amounts to the Rebate Fund and permitting the application of the Revenues and amounts in such Accounts for certain purposes, including financing Mortgage Loans, funding the Debt Service Reserve Account in order to maintain such Account at its required level, paying certain amounts to the Trustee, the Corporation and Credit Facility Providers, if any, and paying certain investment fees, if any. The Corporation is also authorized under the General Resolution to withdraw surplus revenues and any Mortgage Loans, free and clear of the pledge and lien of the General Resolution upon filing a Cash Flow Statement with the Trustee. See “Cash Flow Statements and Cash Flow Certificates” below and “Appendix B—Summary of Certain Provisions of the General Resolution—Revenue Account.”

## Mortgage Loans

Under the General Resolution, the Corporation is authorized to issue Bonds to finance any of its corporate purposes for which the Corporation may issue bonds under the Act, or any other applicable law now or hereafter enacted. Such corporate purposes include, but are not limited to, financing one or more Mortgage Loans. The term Mortgage Loan is defined under the General Resolution as a loan for a Project, evidenced by a note, secured by a Mortgage (but such Mortgage need not create a first mortgage lien on such Project) and specified in a Supplemental Resolution as being subject to the lien of the General Resolution. The term Mortgage Loan also includes a participation by the Corporation with another party or parties, public or private, in a loan made to a Mortgagor with respect to a Project, or pool of such loans, and any instrument evidencing an ownership in any such loan or the cash flow therefrom, including, but not limited to, guaranteed mortgage-backed securities. In addition to Mortgage Loans, the Corporation may finance mortgage loans and other assets that are not subject to the pledge of the General Resolution. See “THE PROGRAM—General” and “Appendix E-1—Developments and Mortgage Loans Outstanding Under the Program” for a description of the Mortgage Loans financed under the Program to date.

If Mortgage Loans are financed under the General Resolution, such Mortgage Loans may, but are not required to, be subject to Supplemental Security insuring or securing against Mortgage Loan default losses. Such Supplemental Security, if any, is required to be specified in the Supplemental Resolution authorizing the related Series of Bonds and may be in the form of, among other things, a policy of mortgage insurance, a guaranteed mortgage-backed security, a letter of credit, a surety bond or an escrow deposit, any or all of which may be obtained pursuant to one or more programs of the Federal, State or local government.

In the case of most of its programs, the Corporation has not assumed sole responsibility for the underwriting of mortgage loans financed thereunder. For certain Mortgage Loans in the Program, the Corporation relies on the underwriting criteria and expertise of other parties, including HUD, FHA, Fannie Mae, REMIC, SONYMA, credit facility providers and/or HPD. For certain other Mortgage Loans in the Program, the Corporation, in conjunction with conventional lenders, credit facility providers and/or HPD, has underwritten such Mortgage Loans. In the future, the Corporation may determine to undertake such underwriting responsibility by itself. In the General Resolution, the Corporation has covenanted to retain and employ competent personnel for the purposes of carrying out its powers thereunder.

Except as otherwise provided in a Supplemental Resolution authorizing Bonds, the Corporation shall do all acts and things necessary to receive and collect Revenues (including diligent enforcement of the prompt collection of all arrears on Mortgage Loans) and shall diligently enforce, and take all steps, actions and proceedings reasonably necessary in the judgment of the Corporation to protect its rights with respect to or to maintain any Supplemental Security on Mortgage Loans or any Subsidy Programs in connection with the Projects securing the Mortgage Loans or the occupancy thereof and to enforce all terms, covenants and conditions of the Mortgage Loans, including the collection, custody and prompt application of all Escrow Payments for the purposes for which they were made. See “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans.”

Pursuant to the respective Supplemental Resolutions, the Mortgage Loans have been assigned certain valuations. See “Cash Flow Statements and Cash Flow Certificates” below.

## Cash Flow Statements and Cash Flow Certificates

The General Resolution provides that the Corporation shall file with the Trustee a current Cash Flow Statement: (i) whenever any Series of Bonds is issued; (ii) upon purchase or redemption of Bonds of

a Series in a manner other than (a) as contemplated in the last Cash Flow Statement filed by the Corporation with the Trustee or (b) on a basis whereby the Bonds of each maturity of such Series are purchased or redeemed in the proportion that the amount Outstanding of such maturity bears to the total amount of all Outstanding Bonds of such Series, when such purchases or redemptions are to be made in connection with Recoveries of Principal; (iii) prior to withdrawing monies for payment to the Corporation, pursuant to the General Resolution, free and clear of the pledge and lien of the General Resolution, in an amount in excess of the amounts determined to be available for such purpose in the last Cash Flow Statement filed with the Trustee; (iv) prior to selling Mortgage Loans not in default; (v) prior to the financing of or amending Mortgage Loans to contain terms that would adversely affect the cash flow projections contained in the last Cash Flow Statement filed with the Trustee; (vi) prior to the releasing of any Mortgage Loan from the pledge and lien of the General Resolution; (vii) prior to the application of Recoveries of Principal to any use other than the purchase or redemption of Bonds; (viii) prior to the purchase of Bonds pursuant to certain provisions of the General Resolution at prices in excess of those specified in the General Resolution; or (ix) prior to the application of monies in the Redemption Account resulting from Recoveries of Principal derived from or with respect to any Mortgage Loans to the purchase or redemption of Bonds of a Series other than the Series issued to finance such Mortgage Loans. A Cash Flow Statement is not required in connection with the release of the 2006 Series A Mortgage Loan when no 2006 Series A Bonds are Outstanding or the release of funds in payment of the 2006 HDC Fee (of 1.25% of the outstanding principal amount of the 2006 Series A Bonds). In addition, a Cash Flow Statement is not required in connection with the release of the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and certain of the second and third Mortgage Loans originated pursuant to the ML Restructuring Program when the Mitchell-Lama Restructuring Bonds are no longer outstanding.

In addition, the Corporation shall not take any of the actions described in clauses (ii) through (ix) of the preceding paragraph unless subsequent to such action the amount of monies and Investment Securities held in the Bond Proceeds Account, the Redemption Account, the Revenue Account and the Debt Service Reserve Account (valued at their cost to the Corporation, as adjusted by amortization of the discount or premium paid upon purchase of such obligations ratably to their respective maturities), together with accrued but unpaid interest thereon, and the outstanding principal balance of Mortgage Loans, together with accrued but unpaid interest thereon, and any other assets, valued at their realizable value, pledged for the payment of the Bonds will exceed the aggregate principal amount of and accrued but unpaid interest on Outstanding Bonds; provided, however, that in the event that a Supplemental Resolution authorizing the issuance of a Series of Bonds specifies that, for purposes of the requirements of this paragraph, the Mortgage Loans financed by such Series of Bonds shall be valued at other than their outstanding principal balance, then, with respect to such Mortgage Loans, such other value shall be used in the calculations required by this paragraph. Each Supplemental Resolution assigns or provides for the assignment of a valuation to the Mortgage Loans financed thereunder; each such valuation had been established by the Corporation as a result of discussions with the Rating Agencies during the ratings process for each particular Series of Bonds. Pursuant to the respective Supplemental Resolutions, and for purposes of the requirements of this paragraph, the value of the Mortgage Loans with respect to each Series of Bonds is set forth in “Appendix E-1—Developments and Mortgage Loans Outstanding Under the Program.” However, with respect to certain Mortgage Loans financed and expected to be financed by a Series of Bonds, the Corporation may increase or decrease the foregoing percentage with respect to any such Mortgage Loan by furnishing to the Trustee (i) a Certificate of an Authorized Officer specifying such higher or lower percentage and (ii) evidence satisfactory to the Trustee that each Rating Agency shall have approved the use of such higher or lower percentage without such use having an adverse effect on its rating on the Bonds.

A Cash Flow Statement consists of a statement of an Authorized Officer giving effect to actions proposed to be taken and demonstrating in the current and each succeeding Bond Year in which Bonds

are scheduled to be Outstanding that amounts then expected to be on deposit in the Accounts in each such Bond Year will be at least equal to all amounts required by the General Resolution to be on deposit in the Accounts for the payment of the principal and Redemption Price of and interest on the Bonds and for the funding of the Debt Service Reserve Account to the Debt Service Reserve Account Requirement. However, a Supplemental Resolution may provide that an Account established in such Supplemental Resolution not be taken into account when preparing the Cash Flow Statement. The Cash Flow Statement shall set forth the assumptions upon which the estimates therein are based, which assumptions are to be based upon the Corporation's reasonable expectations and must not adversely affect any of the Rating Agencies' ratings on the Bonds. In calculating the amount of interest due in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding on Bonds bearing interest at a variable rate, the interest rate used shall be assumed to be the fixed rate, which in the judgment of the remarketing agents for such Bonds, or such other financial consultant selected by the Corporation and experienced in the sale of municipal securities (having due regard to the prevailing market conditions), would be necessary to enable such Bonds to be sold at par in the secondary market on the date of such calculation or such higher or lower rate which does not adversely affect any of the Rating Agencies' ratings on the Bonds. Upon filing a Cash Flow Statement with the Trustee, the Corporation is to perform its obligations under the General Resolution in accordance, in all material respects, with the assumptions set forth in such Cash Flow Statement. Except with respect to actions being taken contemporaneously with the delivery of a Cash Flow Statement, facts reflected in a Cash Flow Statement may be as of a date or reasonably adjusted to a date not more than 180 days prior to the date of delivery of such statement. See "Appendix B—Summary of Certain Provisions of the General Resolution."

In lieu of filing a Cash Flow Statement, a Cash Flow Certificate may be filed in order to take the actions described in (1) clause (iii) of the first paragraph of this subsection or (2) clause (v) of the first paragraph of this subsection relating to amending Mortgage Loans but only if, in the judgment of the Corporation, such amendments do not materially adversely affect the cash flow projections contained in the last Cash Flow Statement. A Cash Flow Certificate shall consist of a statement of an Authorized Officer to the effect of one of the following:

(a) The proposed action is consistent with the assumptions set forth in the latest Cash Flow Statement; or

(b) After giving effect to the proposed action, in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding, amounts expected to be on deposit in the Accounts in each such Bond Year will be at least equal to all amounts required by the General Resolution to be on deposit in such Accounts for the payment of the principal and Redemption Price of and interest on the Bonds, and for the funding of the Debt Service Reserve Account to the Debt Service Reserve Account Requirement, except that to the extent specified in a Supplemental Resolution an Account established in said Supplemental Resolution shall not be taken into account in connection with such Cash Flow Certificate; or

(c) The proposed action will not in and of itself adversely affect the amounts expected to be on deposit in the Accounts in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding, except that the Cash Flow Certificate shall not consider any Accounts which a Supplemental Resolution specifies shall not be taken into account in connection with the delivery of a Cash Flow Certificate.

#### Debt Service Reserve Account

The Corporation is required to establish a Debt Service Reserve Account for the Bonds pursuant to the General Resolution. If on any Interest Payment Date or Redemption Date the amount available in

the Revenue Account and Redemption Account, as applicable, is insufficient to pay Principal Installments and interest due on any Bonds, the Trustee must apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

Under the General Resolution, the Debt Service Reserve Account Requirement is the aggregate of the amounts specified as the Debt Service Reserve Account Requirement for each Series of Bonds in a Supplemental Resolution authorizing the issuance of such Series of Bonds. There is no minimum Debt Service Reserve Account Requirement under the General Resolution. The General Resolution further provides that the Debt Service Reserve Account Requirement for any Series of Bonds may be funded, in whole or in part, through Cash Equivalents if so provided in a Supplemental Resolution authorizing such Series. See “Appendix B—Summary of Certain Provisions of the General Resolution—Debt Service Reserve Account.” As of July 31, 2010, the Debt Service Reserve Account had a balance of \$74,827,833 including a payment obligation of \$8,258,500 by the Corporation which constitutes a general obligation of the Corporation; the aggregate Debt Service Reserve Account Requirement for all of the Bonds Outstanding was met as of such date. See “Appendix F-1—Certain Investments under the General Resolution—Debt Service Reserve Account.”

#### Mortgage Loan Reserve Account

In 2005, the Corporation established a Mortgage Loan Reserve Account for the Mortgage Loans that receive credit enhancement from Fannie Mae. Funds in the Mortgage Loan Reserve Account may be used by the Trustee at the direction and discretion of the Corporation to pay a portion of the debt service on the Fannie Mae Credit Enhanced Mortgage Loans. As of July 31, 2010, the Mortgage Loan Reserve Account had a balance of \$1,442,589. See “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—Fannie Mae—Fannie Mae Credit Enhancement Instrument.”

#### Interest Rate Caps

In connection with its variable interest rate bond program, the Corporation has entered into agreements to manage its exposure to variable interest rate risk (the “Interest Rate Cap Agreements”) under which, in exchange for an upfront payment from the Corporation, the counterparties to such Interest Rate Cap Agreements agree to pay an amount equal to interest on specified amortizing notional amounts calculated using the amount by which a specified index (the “Index”) exceeds a specified interest rate (the “Strike Rate”). Under certain Interest Rate Cap Agreements, the counterparty is not obligated to pay the Corporation with respect to such notional amounts, the amount by which the rate exceeds a specified ceiling rate (the “Ceiling Rate”). The Corporation has pledged the payments, if any, received from the counterparties pursuant to the Interest Rate Cap Agreements to the General Resolution for the benefit of the Bond owners.

The table in Appendix F-2 hereto sets forth the following information with respect to each Interest Rate Cap Agreement the Corporation has entered: Series of Bonds, counterparty, Index, Strike Rate, Ceiling Rate, effective date and termination date. See “Appendix F-2 – Interest Rate Cap Agreements.”

#### Additional Bonds

Additional Bonds, subordinate to or on parity with the Bonds then Outstanding, may be issued by the Corporation pursuant to the General Resolution. Prior to the issuance of any such additional Bonds (other than the Subordinate Bonds), the General Resolution requires that the Trustee be provided with, among other things, confirmation of the then existing rating on the Bonds (other than the Subordinate

Bonds) by each of the Rating Agencies then rating such Bonds. See “Appendix B—Summary of Certain Provisions of the General Resolution” for a description of the requirements that must be met under the General Resolution prior to the issuance of additional Bonds.

#### Bonds Not a Debt of the State or the City

The Bonds are not a debt of the State or the City and neither the State nor the City shall be liable thereon, nor shall the Bonds be payable out of any funds other than those of the Corporation pledged therefor. The Corporation has no taxing power.

#### Summary of Program Assets and Revenues

Accompanying the audited financial statements of the Corporation for the fiscal year ended October 31, 2009 is supplemental information related to the Program (referred to therein as the “Housing Revenue Bond Program”) which is specifically set forth in Schedule 2, all as set forth in Appendix C hereto. Schedule 2 is supplemental information primarily related to the Program for the Corporation’s fiscal years ended October 31, 2009 and 2008. Said schedule includes (i) a balance sheet with assets, liabilities and net assets substantially related to the assets pledged under the General Resolution and (ii) a schedule of revenues, expenses and changes in fund net assets substantially related to the revenues pledged under the General Resolution. Said schedule does not include financial information with respect to activities under the General Resolution subsequent to October 31, 2009, including the issuance of Bonds or the making of Mortgage Loans after such date.

Schedule 2 contains a schedule of balance sheet information which reflects net assets of approximately \$477,882,000 for the fiscal year ended October 31, 2009, an increase of 25.9% from the 2008 fiscal year. This schedule also provides information pertaining to revenues, expenses and changes in fund net assets that reflects changes in net assets of approximately \$98,445,000 in the fiscal year ended October 31, 2009, an increase from \$379,437,000 in the 2008 fiscal year.

The Corporation may withdraw assets and surplus revenues from the pledge and lien of the General Resolution upon the filing with the Trustee of a Cash Flow Statement or a Cash Flow Certificate as more fully described in “Cash Flow Statements and Cash Flow Certificates” above. Since the inception of the Program, the Corporation has made withdrawals of surplus revenues. During the fiscal year ended October 31, 2009, the Corporation withdrew \$33,989,300 in surplus revenues. Subsequent to October 31, 2009, the Corporation withdrew approximately \$41,616,200 in surplus revenues.

#### Certain Investments

Notwithstanding anything to the contrary contained in the General Resolution, any Investment Securities purchased by the Trustee with funds that are pledged pursuant to the General Resolution must, as of the date of such purchase, be rated by each of the Rating Agencies in a category at least equal to the rating category of the Bonds (other than Subordinate Bonds) (or “A-1+” or “P-1,” as applicable, if the Investment Security has a remaining term at the time it is provided not exceeding one (1) year); provided, however, that the Trustee may purchase Investment Securities that are rated lower than that set forth above, so long as the purchase of such Investment Securities does not, as of the date of such purchase, in and of itself, result in a reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies. A change in the rating of any Investment Securities purchased by the Trustee, subsequent to the date of purchase, would not require the Trustee to sell such Investment Securities. If a Rating Agency were to downgrade or withdraw the rating on any Investment Securities previously purchased by the Trustee, the rating on the Bonds could be negatively affected. See “RATINGS.” Investment earnings on Accounts are to be transferred to the Revenue

Account except as otherwise provided by the General Resolution. See “Appendix B—Summary of Certain Provisions of the General Resolution—Deposits and Investments” and “—Revenue Account.”

The tables in Appendix F-1 hereto set forth for each Series of Bonds: the type of investment, the investment agreement, the counterparties to the respective investment agreements with the Corporation and the Trustee, the amount of investment (except with respect to the Revenue Account), and the interest rate and the maturity date for such investments, for the Debt Service Reserve Account, the Bond Proceeds Account and certain of the amounts deposited in the Revenue Account.

#### Liquidity Facilities for Bonds Bearing Variable Rates of Interest

The Corporation has issued ten Series of Bonds supported by liquidity facilities, with an aggregate outstanding principal amount of \$240,860,000 as of September 30, 2010, that currently bear interest at variable interest rates and that are subject to optional or mandatory tender (the “Variable Rate Bonds”). As set forth below, Dexia Crédit Local, acting through its New York Branch (“Dexia”), Bank of America, N.A. (“Bank of America”), Bank of New York Mellon (“Bank of New York Mellon”) and JPMorgan Chase Bank, National Association (“JPMorgan Chase”) (each, a “Liquidity Facility Provider” and together, the “Liquidity Facility Providers”) have provided standby bond purchase agreements (each a “Liquidity Facility” and together, the “Liquidity Facilities”) with respect to specific Series of such Bonds. Each Liquidity Facility requires the applicable Liquidity Facility Provider to provide funds to pay the purchase price of any Bonds of the related Series that are tendered for purchase and not remarketed.

#### Outstanding Liquidity Facilities

Bonds	Liquidity Facility Provider	Par Amount of Liquidity Facility	Stated Expiration Date
2006 Series J-2-B	JPMorgan Chase	\$10,100,000	April 19, 2011
2007 Series E-2	Dexia	\$16,885,000	December 20, 2013
2008 Series A-1-A	Dexia	\$46,610,000 <sup>†</sup>	April 24, 2014
2008 Series A-1-B	JPMorgan Chase	\$11,030,000	April 19, 2011
2008 Series D	Dexia	\$12,670,000	April 24, 2014 <sup>††</sup>
2008 Series H-2-A	Dexia	\$39,030,000 <sup>†††</sup>	June 24, 2011
2008 Series H-2-B	Bank of America	\$32,210,000	June 20, 2012
2009 Series C-3	Bank of America	\$48,090,000	June 20, 2012
2009 Series C-4	Bank of New York Mellon	\$13,045,000	August 26, 2011
2010 Series D-2	JPMorgan Chase	\$11,190,000	December 30, 2012

<sup>†</sup> The par amount of this Liquidity Facility will be reduced to \$30,945,000 on or about October 26, 2010 in connection with the remarketing of the 2008 Series A-1-A Bonds described in Part I of this Official Statement.

<sup>††</sup> The Liquidity Facility for the 2008 Series D Bonds will be terminated following the refunding of the 2008 Series D Bonds with the 2010 Series H Bonds as described in Part I of this Official Statement.

<sup>†††</sup> The par amount of this Liquidity Facility will be reduced to \$24,490,000 on October 26, 2010 in connection with the remarketing of the 2008 Series H-2-A Bonds described in Part I of this Official Statement.

Any Bond purchased by a Liquidity Facility under the terms of the applicable standby bond purchase agreement becomes a “Bank Bond” and, from the date of purchase until such Bond either is remarketed to a purchaser (other than the applicable Liquidity Facility Provider) or retired, such Bank Bond will bear interest at an interest rate (a “bank bond rate”) determined pursuant to the applicable standby bond purchase agreement. The interest rate on Bank Bonds may be higher than the interest rate

on the Variable Rate Bonds and is not subject to the Maximum Rate. The interest rate on Bank Bonds is determined differently than the interest rate on the Variable Rate Bonds.

If Bank Bonds exist, each Liquidity Facility requires the Corporation, in addition to paying interest on Bank Bonds, to repay the applicable Liquidity Facility Provider for the Purchase Price of Variable Rate Bonds paid by such Liquidity Facility Provider, unless such Bank Bonds are remarketed. Each Dexia Liquidity Facility provides that, after an initial period, such amounts must be repaid in fourteen equal semiannual installments (the “Dexia Term Out Period”), each of which may exceed the sinking fund requirement, if any, applicable to such Bank Bonds which is due during the corresponding period. Each Bank of America Liquidity Facility provides that, after an initial period, such amounts must be repaid in ten equal semiannual installments (the “Bank of America Term Out Period”), each of which may exceed the sinking fund requirement, if any, applicable to such Bank Bonds which is due during the corresponding period. Each JPMorgan Chase Liquidity Facility, except the Liquidity Facility for 2010 Series D-2 Bonds, provides that, after an initial period, such amounts must be repaid in six equal semiannual installments (the “JPMorgan Chase Term Out Period”), each of which may exceed the sinking fund requirement, if any, applicable to such Bank Bonds which is due during the corresponding period.

Principal of Bank Bonds during the Dexia Term Out Period, the Bank of America Term Out Period and the JPMorgan Chase Term Out Period is payable from Revenues after the payment of debt service on all other Bonds and is subject to the delivery of a Cash Flow Statement. Principal of Bank Bonds other than during the Dexia Term Out Period, the Bank of America Term Out Period and the JPMorgan Chase Term Out Period and interest on Bank Bonds is payable from Revenues on a parity with all other Bonds (other than Subordinate Bonds).

Each of such standby bond purchase agreements expire prior to the maturity date of the related Bonds. The JPMorgan Chase standby bond purchase agreements have one-year to 30-month terms, the Bank of America standby bond purchase agreements have two-year terms, the Dexia standby bond purchase agreements have three- to six-year terms and the Bank of New York Mellon standby bond purchase agreement has a 26 month term. The expiration dates range from April 2011 to April 2014. In connection with any scheduled expiration, the Corporation may extend the scheduled expiration, provide an alternate liquidity facility to replace the expiring standby bond purchase agreement, or convert the interest rates on the applicable Bonds to fixed interest rates or to an interest rate mode that does not require a liquidity facility. Applicable Bonds are subject to mandatory tender for purchase prior to the expiration of the related standby bond purchase agreement. There can be no assurance that the Corporation will be able to extend any expiration date or to obtain an alternate liquidity facility on terms substantially similar to the terms of the expiring standby bond purchase agreement. Under certain circumstances, a Liquidity Provider may terminate a standby bond purchase agreement without affording the applicable Bond owners a right to tender their Bonds.

#### Additional Obligations Secured by the Resolution

The Corporation has issued \$415,000,000 principal amount of NIBP Series 1 Bonds under the NIBP Series 1 Resolution and \$85,000,000 principal amount of NIBP Series 2 Bonds under the NIBP Series 2 Resolution. Additional bonds may also be issued under each NIBP Resolution secured on a parity with the NIBP Series 1 Bonds or NIBP Series 2 Bonds, as applicable (the NIBP Series 1 Bonds, any additional bonds issued under the NIBP Series 1 Resolution, the NIBP Series 2 Bonds and any additional bonds issued under the NIBP Series 2 Resolution are referred to collectively, as the “NIBP Bonds”). Amounts on deposit in the Revenue Account under the General Resolution are pledged to secure regularly scheduled payments of principal of and interest on the NIBP Bonds, including the sinking fund payments thereon, on a parity with all Bonds issued and to be issued under the General Resolution (other than Subordinate Bonds). No other Funds and Accounts under the General Resolution

other than the Revenue Account are pledged to secure the NIBP Bonds. Payment of the principal or Redemption Price of and interest on the NIBP Bonds is also secured by the funds and accounts established under and the revenues and assets pledged under the applicable NIBP Resolution. However, the funds, accounts, revenues and assets pledged under the NIBP Resolutions are not security for the Bonds.

Each of the First Supplement to each NIBP Resolution provides that (i) until a date specified by the Corporation (the “Cross-over Date,” which date may be changed by the Corporation without notice to or consent of the holders of the Bonds or the NIBP Bonds), the regularly scheduled principal of and interest on the applicable NIBP Bonds, including sinking fund payments thereon, shall be paid first with revenues available under such NIBP Resolution, second with Revenues available under the General Resolution and third with amounts withdrawn from the debt service reserve fund held under such NIBP Resolution and (ii) from and after the Cross-over Date, the regularly scheduled principal of and interest on the applicable NIBP Bonds, including sinking fund payments thereon, shall be paid first with revenues available under such NIBP Resolution, second with amounts withdrawn from the debt service reserve fund held under such NIBP Resolution and third and only if such sources are not sufficient, with Revenues available under the General Resolution. Amounts held in the Debt Service Reserve Fund and other Funds and Accounts under the General Resolution (other than the Revenue Account) are not available to pay for the NIBP Bonds. Any projected transfers from the Revenue Account for the payment of NIBP Bonds, as described above, will be taken into account in all Cash Flow Statements.

Each NIBP Resolution contains its own events of default and does not provide that an event of default under the General Resolution is an event of default under the NIBP Resolution. If an event of default under a NIBP Resolution occurs but no event of default has occurred under the General Resolution, then the holders of the applicable NIBP Bonds will be entitled to pursue remedies under the related NIBP Resolution (but not under the General Resolution). Such remedies may include acceleration of the applicable NIBP Bonds but the Revenues and amounts held in the Funds and Accounts under the General Resolution shall not be available to pay any accelerated amounts. If an event of default under the General Resolution occurs but no event of default has occurred under a NIBP Resolution, then the holders of Bonds (excluding the NIBP Bonds) may direct remedies under the General Resolution including the acceleration of Bonds other than the NIBP Bonds. However, so long as there is no event of default under a NIBP Resolution, the NIBP Bonds issued thereunder shall not be accelerated and no remedies may be pursued by the holders of such NIBP Bonds. If an event of default occurs under the General Resolution and an event of default also occurs under a NIBP Resolution, the holders of Bonds may pursue remedies under the General Resolution, the holders of applicable NIBP Bonds may pursue remedies under the related NIBP Resolution and such remedies are not required to be coordinated. Under no event may holders of NIBP Bonds direct remedies under the General Resolution. However, since certain mortgage loans and the payments thereunder are allocated between the General Resolution and the NIBP Series 1 Resolution and under certain circumstances the trustee under a NIBP Resolution may direct remedies with respect to such mortgage loans, the exercise of remedies under a NIBP Resolution by the trustee under a NIBP Resolution or by the holders of the applicable NIBP Bonds may impact the security and Revenues under the General Resolution.

The NIBP Bonds were issued as part of the New Issue Bond Program of the United States Department of the Treasury and the Federal National Mortgage Association and the Federal Home Loan Mortgage Corporation purchased the NIBP Bonds. The proceeds of each Series of the NIBP Bonds were initially deposited in an escrow fund established under the applicable NIBP Resolution (each, an “Escrow Fund”). Upon satisfaction of certain conditions, moneys can be released from such Escrow Fund (each such event is a “Release”) and be applied to finance mortgage loans and for certain other purposes. Upon a Release, the interest rate on an applicable amount of NIBP Bonds will convert from a short-term variable rate based on the earnings rate on amounts held in the Escrow Fund to an interim rate for two (2)

months and then to a long-term rate until maturity or prior redemption (each, a “Conversion”). The Corporation caused the first Release and Conversion of \$41,850,000 of NIBP Series 1 Bonds and \$16,590,000 NIBP Series 2 Bonds on or about June 29, 2010. Amounts held in the Escrow Fund and revenues from mortgage loans financed with the NIBP Bond proceeds are pledged under the applicable NIBP Resolution and do not provide security for any other Bonds issued under the General Resolution.

## **THE PROGRAM**

Under the Program, the Corporation may issue Bonds to finance any corporate purpose for which bonds may be issued under the Act or any other applicable law now or hereafter enacted. The Bonds have been issued to, among other things, finance construction Mortgage Loans (the “Construction Mortgage Loans”), and/or finance permanent Mortgage Loans and/or the acquisition of permanent Mortgage Loans (collectively, the “Permanent Mortgage Loans”), for certain newly constructed or rehabilitated Developments. Construction Mortgage Loans and Permanent Mortgage Loans are referred to herein, collectively, as the “Mortgage Loans.”

The General Resolution provides for the issuance of additional Bonds to be used for financing any corporate purpose including the financing of Mortgage Loans and Developments which are neither secured by Supplemental Security nor subsidized pursuant to a Subsidy Program. The General Resolution does not require Mortgage Loans to be secured by first mortgage liens on their respective Developments. A Mortgage Loan also may represent the Corporation’s participation interest in a mortgage loan or the cash flow therefrom (see “2004 Participant Interest,” “2005 Series F Participant Interest and 2005 Series J Participant Interest,” and “2006 Series A Participant Interest,” below). Moreover, the Corporation may withdraw Mortgage Loans and surplus revenues from the pledge and lien of the General Resolution upon the filing with the Trustee of a Cash Flow Statement or Cash Flow Certificate or, with respect to certain Mortgage Loans, without the filing of a Cash Flow Statement or a Cash Flow Certificate. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.”

The information below is as of July 31, 2010. Subsequent to July 31, 2010, the Corporation (i) remarketed the 2006 Series J-1 Bonds, (ii) remarketed the 2008 Series M Bonds and (iii) remarketed the 2009 Series E-2 Bonds which previously financed certain Mortgage Loans that are included in the discussion below under “THE PROGRAM—Mortgage Loans.” See “Appendix E-1— Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010” in Part II of this Official Statement.

### Mortgage Loans

#### General

The Mortgage Loans financed Developments located throughout the City of New York. Approximately 200 Developments have more than one Mortgage Loan. The following table summarizes all of the Mortgage Loans outstanding under the Program as of July 31, 2010 other than the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest (which are described under “2004 Participant Interest,” “2005 Series F Participant Interest and 2005 Series J Participant Interest” below) and the 2004 Series E Second Mortgage Loans, the 2005 Series A Second Mortgage Loans, the 2005 Series E Second Mortgage Loan, the 2005 Series F Second Mortgage Loans, the 2005 Series J Second Mortgage Loans, the 2006 Series D Second Mortgage Loans, the 2008 Series J Third Mortgage Loan and the 2008 Series L Second Mortgage Loan (such second Mortgage Loans and

third Mortgage Loan are collectively referred to as the “ML Restructuring Subordinate Mortgage Loans”), (which are described under “ML Restructuring Mortgage Loans” below).

Summary of All Mortgage Loans

	Number of Mortgage Loans	Outstanding Principal Balance of Mortgage Loans	Percentage of Total Outstanding Principal Balance of Mortgage Loans
Permanent Mortgage Loans	881	\$2,040,003,289	71.76%
Construction Mortgage Loans	81	802,698,070	28.24%
TOTAL†	962	\$2,842,701,359	100.00%

† May not add due to rounding.

See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program.”

Approximately 457 of the Permanent Mortgage Loans relate to the 2006 Series A Participant Interest and are subject to a participation interest (see “2006 Series A Participant Interest” below).

There have been no material monetary defaults on any of the Mortgage Loans (generally loans that are sixty (60) to ninety (90) days delinquent in payment of debt service) other than (i) temporary financial difficulties with respect to certain Developments, which have since been cured and (ii) certain of the mortgage loans underlying the 2006 Series A Participant Interest prior to the acquisition by the Corporation of a participation interest with respect to such mortgage loans or the cash flow therefrom. In addition, the Corporation is currently aware that three (3) Developments with 236 Subsidy Contracts, with an aggregate outstanding senior Mortgage Loan balance of \$60,504,563 and an aggregate outstanding subordinate Mortgage Loan balance of \$5,721,337 as of July 31, 2010, have each received a Notice of Default of the Agreement for Interest Reduction Payments from HUD because of their low inspection ratings, and one (1) Development under the Program with a Mortgage Loan with an aggregate outstanding principal balance of \$991,546 as of July 31, 2010 has received notice of a default for failure to timely complete the Project. The Corporation expects the construction servicer, Community Preservation Corporation (“CPC”), to make a commitment for a senior loan to the Development, the proceeds of which will be used to prepay the outstanding principal balance of the Corporation’s senior Mortgage Loan. In such event, CPC will replace the Corporation as senior lender.

The mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, the ML Restructuring Subordinate Mortgage Loans, certain of the mortgage loans underlying the 2006 Series A Participant Interest and certain of the 2005 Series B Mortgage Loans are secured by second or third mortgage liens on their respective Developments. Nearly all of the other outstanding Mortgage Loans under the Program are secured by first mortgage liens on their respective Developments. For a description of the valuations assigned to the Mortgage Loans pursuant to the respective Supplemental Resolutions, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.” As further security, as of July 31, 2010, approximately one hundred seventy-one (171) Permanent Mortgage Loans, with an aggregate outstanding principal balance of approximately \$1,044,152,780, and seventy-five (75) Construction Mortgage Loans, with an aggregate outstanding principal balance of \$750,431,748, were subject to Supplemental Security. The balance of the Mortgage Loans was not secured by Supplemental Security. In the event of a default on the Mortgage Loans that are not secured by Supplemental Security, the related mortgage liens would likely be the sole security for repayment (see “Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures” below). The information in this paragraph with respect to Supplemental Security excludes information relating to the mortgage loans

underlying the 2004 Participant Interest, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest, and the 2006 Series A Participant Interest.

In addition, Developments related to most of the Mortgage Loans outstanding under the Program are beneficiaries of one or more Subsidy Programs. However, Developments relating to approximately forty-one (41) Permanent Mortgage Loans, with an aggregate outstanding principal balance of approximately \$30,828,480 as of July 31, 2010 (30 of which, with an aggregate outstanding principal balance of approximately \$19,385,172, are regulated by HPD under the Mitchell-Lama Law), are neither secured by Supplemental Security nor subsidized through Subsidy Programs. Each Supplemental Security program and Subsidy Program is implemented under different Federal, State or local statutes, and is subject to its own rules and guidelines. See Appendix E-1 hereto and “Appendix G—Description of Supplemental Security and Subsidy Programs.”

#### Permanent Mortgage Loans

A majority of the Developments with Permanent Mortgage Loans, as measured by outstanding principal balance, have been in operation since at least 2004. As of July 31, 2010, three hundred forty-eight (348) of the Developments (which Developments represent approximately eighty-six percent (86%) of the aggregate outstanding principal balance of Permanent Mortgage Loans) were at least ninety-five percent (95%) occupied. Sixty-seven (67) of the Developments (which Developments represent approximately thirteen percent (13%) of the aggregate outstanding principal balance of Permanent Mortgage Loans) were at least ninety percent (90%) and less than ninety-five percent (95%) occupied. Nine (9) of the Developments (which Developments represent approximately one percent (1%) of the aggregate outstanding principal balance of Permanent Mortgage Loans) were less than ninety percent (90%) occupied. The information contained in this paragraph excludes information relating to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest and the 2006 Series A Participant Interest and the related Developments, which are generally seasoned Mortgage Loans with Developments that have been in operation on average for more than 18 years.

The following table summarizes the Supplemental Security and Subsidy Programs, if any, relating to the completed Developments and Permanent Mortgage Loans (excluding the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, the ML Restructuring Subordinate Mortgage Loans) outstanding under the Program as of July 31, 2010.

All of the Construction Mortgage Loans (other than the Construction Loans for three (3) Developments with an aggregate outstanding principal balance of approximately \$29,881,589) are secured by standby letters of credit; such letters of credit need not meet the requirements under the General Resolution for Credit Facilities. Such letters of credit may be drawn upon by the Corporation if a Mortgagor fails to make the required payments of interest and principal on the related Construction Mortgage Loan. Such letters of credit are not pledged to the owners of the Bonds; however, any payments received by the Corporation from the letter of credit providers pursuant to such letters of credit will be pledged for the benefit of the owners of the Bonds. See “Appendix G–Description of Supplemental Security and Subsidy Programs–Supplemental Security–Construction LOCs.” It is anticipated that upon conversion of the Construction Mortgage Loans secured by letters of credit to Permanent Mortgage Loans, the letters of credit will be released and such Permanent Mortgage Loans will be secured by REMIC Insurance, SONYMA Insurance, GNMA or a Long-term LOC or will not be secured by Supplemental Security, as shown in the table above. See “Appendix E-1– Table 4: Developments and Construction Mortgage Loans Outstanding Under the Program as of July 31, 2010.”

#### 2004 Participant Interest

In connection with the issuance of the 2004 Series D Bonds, the Corporation entered into a Participation Agreement (the “2004 Participation Agreement”) with the City and purchased a 100% beneficial ownership interest (the “2004 Participant Interest”) in all cash flow (with certain exceptions) to be paid to the City as owner of the Class B Certificates (the “Class B Certificates”) issued under the NYC Mortgage Loan Trust, Multifamily Mortgage Pass-Through Certificates, Series 1996, created by the REMIC Pooling and Servicing Agreement, dated as of June 1, 1996, among the City, as depositor, the Corporation, as servicer, and State Street Bank and Trust Company, as trustee (collectively, the “Certificates Trust”). The Certificates Trust consists of a trust fund made up primarily of Section 236 Contracts related to 10 permanent second mortgage loans. As of July 31, 2010, such mortgage loans had an aggregate outstanding principal balance of approximately \$43,884,302. However, for purposes of the General Resolution, the 2004 Participant Interest constitutes a “Mortgage Loan” and, for purposes of valuation under the General Resolution, the principal balance of such Mortgage Loan is the amount of the projected cash flow to be paid under the Class B Certificates and not the principal amount of the underlying mortgage loans. As of July 31, 2010, the 2004 Participant Interest was valued at \$16,785,324.

Subject to prepayments of the second mortgage loans, the monthly Section 236 contract payments are projected to begin on April 1, 2017 and end on September 1, 2025 and range from \$13,870 to \$207,330 per year.

The Class B Certificates are subordinate in right of payment to the \$12,757,623 principal amount outstanding, as of July 31, 2010, of the Class A-3 NYC Mortgage Loan Trust, Multifamily Mortgage Pass-Through Certificate, Series 1996 (the “Class A Certificates”). The Class A Certificates are secured by an insurance policy issued by AMBAC Indemnity Corporation (the “Class A Certificates Insurance Policy”). There are currently no defaults under the pooling and servicing agreement related to the Class A Certificates or the Class B Certificates.

The Corporation has pledged the 2004 Participant Interest (net of certain amounts to be paid to the Corporation) for the benefit of the Holders of the Bonds; provided that the 2004 Participant Interest will be automatically released from the lien of the General Resolution on the date that no Mitchell-Lama Restructuring Bonds remain Outstanding under the Resolution, and such release shall not require a Cash Flow Statement or a Cash Flow Certificate.

The second mortgage loans deposited with the Certificates Trust contain terms permitting prepayment thereof at the option of the mortgagors at any time. Except as stated below, the portion of such payments distributable under the Certificates Trust after required payments on the Senior Class Certificates (the “Excess Prepayment Distribution”) will be paid as a cash distribution under the 2004 Participant Interest and will constitute a Recovery of Principal under the General Resolution which the Corporation can determine to apply to the redemption of any Series of Mitchell-Lama Restructuring Bonds. The Corporation has offered to each of the mortgagors with mortgage loans deposited with the Certificates Trust the opportunity to receive new mortgage financing under the ML Restructuring Program of the Corporation, which new mortgage financing will cause prepayment of the related mortgages deposited with the Certificates Trust and, to the extent of any Excess Prepayment Distribution, be paid as a cash distribution under the 2004 Participant Interest. Any such cash distributions under the 2004 Participant Interest will not constitute Recoveries of Principal under the General Resolution and the Corporation expects to cause the release of such amounts from the lien of the General Resolution (in accordance with the requirements of the General Resolution) to reimburse it for funds advanced by the Corporation for the restructuring. To the extent that any of such mortgagors with mortgage loans deposited with the Certificates Trust do not participate in the ML Restructuring Program but obtain other sources for prepayment of their mortgage loans, any prepayment of the related mortgages deposited with the Certificates Trust by such mortgagors, to the extent of any Excess Prepayment Distribution and less any amounts owed to the Corporation, will be paid as a cash distribution under the 2004 Participant Interest and will constitute a Recovery of Principal under the General Resolution and may only be used to redeem Mitchell-Lama Restructuring Bonds. See “Appendix E-4—Cross-Call Provisions and Related Information.” Mortgagors of twelve (12) Developments have prepaid their mortgage loans as part of their participation in the ML Restructuring Program. Mortgagors of nine (9) Developments have prepaid their mortgage loans with their own financing. The Mortgagor of one (1) additional applicable Development has notified the Corporation of its intent to participate in the ML Restructuring Program. For additional information regarding the 2004 Participant Interest, see “Certain Factors Affecting the Mortgage Loans—Subsequent Prepayments” and “—Prepayment Notifications,” “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—2004 Series D Second Mortgage Loans Held as Assets of the Certificates Trust Underlying the 2004 Participant Interest as of July 31, 2010.”

#### 2005 Series F Participant Interest and the 2005 Series J Participant Interest

In connection with the issuance of the 2005 Series F-2 Bonds, the Corporation entered into a Participation Agreement (the “2005 Series F Participation Agreement”) with the City and purchased a

100% participation interest in twelve (12) second mortgage loans. In connection with the issuance of the 2005 Series J-2 Bonds, the Corporation entered into a Participation Agreement (the “2005 Series J Participation Agreement”) with the City and purchased a 100% participation interest in eleven (11) second mortgage loans. The mortgage notes relating to such mortgage loans are held by the City and secured by second mortgage liens on the applicable Developments (the “2005 Series F Participant Interest Developments” and the “2005 Series J Participant Interest Developments,” respectively). Such mortgage loans are not secured by Supplemental Security (see “THE PROGRAM—Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures” and “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to the Mortgage Loans”). HPD services all of such mortgage loans. All of the 2005 Series F Participant Interest Developments and 2005 Series J Participant Interest Developments have first mortgage loans that are held and serviced by the Corporation.

The aggregate number of dwelling units in the 2005 Series F Participant Interest Developments is approximately 1,547 in five (5) developments. The aggregate outstanding principal balance of the second mortgage loans underlying the 2005 Series F Participant Interest is approximately \$26,922,372 as of July 31, 2010. The accrued and unpaid interest on the mortgage loans is approximately \$23,086,741 as of July 31, 2010. Approximately \$8,434,210 of additional interest is scheduled to accrue to the commencement date of the payment of debt service on the mortgage loans absent any prepayments and without taking into account certain interest earnings for which the mortgagors receive credit. Debt service payments are scheduled to commence approximately ten years prior to the mortgage loan maturity date. The mortgage loans mature between August 1, 2027 and October 1, 2028 and the weighted average interest rate for the mortgage loans is 4.053%. The aggregate number of dwelling units in the 2005 Series J Participant Interest Developments is approximately 2,132 in three (3) developments. The aggregate outstanding principal balance of the second mortgage loans underlying the 2005 Series J Participant Interest is approximately \$18,502,401 as of July 31, 2010. The current accrued and unpaid interest on the mortgage loans is approximately \$13,065,149 as of July 31, 2010. Approximately \$7,586,729 of additional interest is scheduled to accrue to the commencement date of the payment of debt service on the mortgage loans absent any prepayments and without taking into account certain interest earnings for which the mortgagors receive credit. Debt service payments are scheduled to commence approximately ten years prior to the mortgage loan maturity date. The mortgage loans mature between October 1, 2028 and April 1, 2039 and the weighted average interest rate for the mortgage loans is 3.43%.

All of the mortgage loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest contain provisions permitting the Mortgagor of the 2005 Series F Participant Interest Development or 2005 Series J Participant Interest Development to prepay the applicable mortgage loan, in whole or in part, at any time (see “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 1”). If any of such mortgagors do not participate in the ML Restructuring Program but obtain other sources of prepayment of their mortgage loans, such payments will be paid as a cash distribution under the 2005 Series F Participant Interest or 2005 Series J Participant Interest, as applicable, and will constitute a Recovery of Principal under the General Resolution which the Corporation can determine to apply to the redemption of Mitchell-Lama Restructuring Bonds. The Corporation has offered to each of the mortgagors of the mortgage loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest the opportunity to receive new mortgage financing under the ML Restructuring Program of the Corporation, which new mortgage financing will cause prepayment of the related mortgages and be paid as a cash distribution under the 2005 Series F Participant Interest or the 2005 Series J Participant Interest, as applicable. The 2005 Series F-2 Supplemental Resolution and the 2005 Series J-2 Supplemental Resolution each provides that any such cash distributions under the 2005 Series F Participant Interest or the 2005 Series J Participant Interest, as applicable, will not constitute Recoveries of Principal under the General Resolution and the Corporation expects to cause the release of

such amounts from the lien of the General Resolution (in accordance with the requirements of the General Resolution) to reimburse it for funds advanced by the Corporation for the restructuring.

The 2005 Series F Participant Interest and the 2005 Series J Participant Interest shall be automatically released from the lien of the General Resolution when no Mitchell-Lama Restructuring Bonds are Outstanding without the requirement for a filing of any Cash Flow Statement or Cash Flow Certificate.

Pursuant to the 2005 Series F Participation Agreement and the 2005 Series J Participation Agreement, notwithstanding the acquisition of a 100% participation interest by the Corporation, legal title to the mortgage loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest will remain with the City.

For additional information regarding the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, see “Certain Factors Affecting the Mortgage Loans—Subsequent Prepayments” and “—Prepayment Notifications” and “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Mortgage Loans Underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest Outstanding Under the Program as of July 31, 2010.”

#### 2006 Series A Participant Interest

In connection with the issuance of the 2006 Series A Bonds, the Corporation refunded the 2002 Series D Bonds and the 2003 Series D Bonds issued by the Corporation under the General Resolution. In connection with the issuance of the 2002 Series D Bonds, the Corporation entered into a Participation Agreement (the “2002 Participation Agreement”) with the New York City Mortgage Sale Facilitation Trust 2002-2, a Delaware statutory trust (the “2002 Facilitation Trust”), and purchased a participation interest with the proceeds of the 2002 Series D Bonds. The 2002 Participation Agreement was amended and restated in connection with the issuance of the 2003 Series D Bonds and further amended in connection with the issuance of the 2006 Series A Bonds. In connection with the issuance of the 2003 Series D Bonds, the Corporation entered into a Participation Agreement (the “2003 Participation Agreement”) with the New York City Mortgage Sale Facilitation Trust 2003-1, a Delaware statutory trust (the “2003 Facilitation Trust,” with the 2002 Facilitation Trust, the “Facilitation Trusts”), and purchased a participation interest with the proceeds of the 2003 Series D Bonds. The 2003 Participation Agreement was amended in connection with the issuance of the 2006 Series A Bonds. The 2002 Participation Agreement and the 2003 Participation Agreement, as so amended, are referred to as the “Participation Agreements.”

Such participation interests in the aggregate consist of (i) a 100% participation interest in certain permanent mortgage loans for multi-family housing developments (the “2006 Series A Purchased Mortgage Loans”), (ii) a 100% participation interest in a portion of the cash flow derived from the Class E-1 Sheridan Trust II Multifamily Mortgage Pass-Through Certificate, Series 1996M-1 (the “Class B-1 Sheridan Trust II Certificate”), at a pass-through rate of 3.419%, which certificate evidences a beneficial ownership interest in the Class B Sheridan Trust Multifamily Mortgage Pass-Through Certificate, Series 1995M-1 (the “Class B Sheridan Trust Certificate”), which certificate, in turn, represents a beneficial ownership interest in certain permanent mortgage loans (the “2006 Series A Trust Mortgage Loans”) excluding certain voting rights with respect to the Class B-1 Sheridan Trust II Certificate, (iii) all rights, but not the obligations, of the “owner” of the 2006 Series A Purchased Mortgage Loans under the servicing agreements with respect to the 2006 Series A Purchased Mortgage Loans, and (iv) all rights of the Facilitation Trusts under the Purchase and Sale Agreements between the City and each Facilitation Trust (collectively, the “Purchase and Sale Agreements”), pursuant to which the City assigned the 2006 Series A Purchased Mortgage Loans and the Class B-1 Sheridan Trust II Certificate to the applicable

Facilitation Trust (such interests, net of certain amounts payable to the Corporation and other servicers for servicing the underlying mortgage loans are referred to collectively as the “2006 Series A Participant Interest”).

The Corporation has pledged the 2006 Series A Participant Interest for the benefit of the Holders of the Bonds; provided that such 2006 Series A Participant Interest shall be automatically released from the lien of the General Resolution when no 2006 Series A Bonds are Outstanding and such release shall not require the provision of a Cash Flow Statement or a Cash Flow Certificate. The 2006 Series A Participant Interest constitutes a “Mortgage Loan” under the General Resolution and is referred to herein as the “2006 Series A Mortgage Loan.”

Approximately 40.95% of the aggregate outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan are secured by a first mortgage lien on the applicable Development and approximately 59.05% of the aggregate outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan are secured by a second mortgage lien on the applicable Development. The mortgage loans underlying the 2006 Series A Mortgage Loan are generally seasoned mortgage loans with Developments that have been in operation on average for more than 16.8 years.

The mortgage loans underlying the 2006 Series A Mortgage Loan were originated and underwritten by parties other than the Corporation.

Pursuant to the Purchase and Sale Agreements, legal title to the 2006 Series A Purchased Mortgage Loans remained with the City. In addition, with respect to the 2006 Series A Purchased Mortgage Loans that are regulated pursuant to the Mitchell-Lama Law, HPD remained the supervising agency. The Corporation, the Facilitation Trusts and HPD have entered into agreements pursuant to which HPD agreed to pursue certain remedies with respect to any defaulted mortgage loan underlying the 2006 Series A Purchased Mortgage Loans as directed by the Corporation. In the event title to any Development related to the 2006 Series A Purchased Mortgage Loans is acquired as a result of proceedings instituted upon a default on a 2006 Series A Purchased Mortgage Loan, such Development shall constitute an “Acquired Project” for purposes of the General Resolution (see “Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures”). In addition, if a monetary default on such 2006 Series A Purchased Mortgage Loan was caused by a breach of a representation or warranty given by the City, HPD or Community Preservation Corporation (“CPC”) with respect to such 2006 Series A Purchased Mortgage Loan, or, if such breach prevents the Corporation from realizing on the security provided by such 2006 Series A Purchased Mortgage Loan, the City has agreed to correct such breach, repurchase such 2006 Series A Purchased Mortgage Loan or substitute mortgages of equal value.

The Corporation’s rights as to the 2006 Series A Trust Mortgage Loans are limited by (i) the terms of the trust related to the Class B Sheridan Trust Certificate and (ii) the fact that voting rights with respect to said trust, including the right to amend or terminate said trust, have been retained by the City and not granted to the Corporation. The City has agreed, however, to consult with the Corporation prior to the exercise of such rights and not to exercise any such rights in a manner that shall have a material adverse effect on the rights of the Corporation to receive payments on the Class B-1 Sheridan Trust II Certificate without the prior written consent of the Corporation.

For additional information regarding the mortgage loans underlying the 2006 Series A Participant Interest, see “Certain Factors Affecting the Mortgage Loans—Subsequent Prepayments” and “-Prepayment Notifications” and “Appendix E-1—Developments and Mortgage Loans Outstanding under

the Program—2006 Series A Purchased Mortgage Loans and 2006 Series A Trust Mortgage Loans as of July 31, 2010.”

### ML Restructuring Mortgage Loans

The proceeds of certain of the Mitchell-Lama Restructuring Bonds were used to finance mortgage loans, each of which was evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the applicable Development (the “ML Restructuring First Mortgage Loans”). The term to maturity for most of the ML Restructuring First Mortgage Loans is 30 years. Most of the ML Restructuring First Mortgage Loans contain provisions prohibiting prepayment by the Mortgagor of the applicable Development for approximately fifteen years following the execution of such ML Restructuring First Mortgage Loans.

The proceeds of certain of the Mitchell-Lama Restructuring Bonds were also used to finance mortgage loans to the Mortgagors of the ML Restructuring First Mortgage Loans each of which was evidenced by a mortgage note payable to the Corporation, secured by a subordinate mortgage lien on the applicable Development and subject to a residual right to ownership held by the City (the “ML Restructuring Subordinate Mortgage Loans”). The Corporation sold to the City a residual right to ownership of the ML Restructuring Subordinate Mortgage Loans, which will be transferred to the City on the date when no Mitchell-Lama Restructuring Bonds remain Outstanding under the General Resolution or other Mitchell Lama Restructuring Bonds outside of the Open Resolution as defined in the Participation Agreement with the City remain outstanding. Such transfer of the ML Restructuring Subordinate Mortgage Loans on such date will be made automatically and without the requirement for a filing of any Cash Flow Statement or Cash Flow Certificate. The interest rate for most ML Restructuring Subordinate Mortgage Loans is 0% and the term to maturity for most of the ML Restructuring Subordinate Mortgage Loans is 30 years. The ML Restructuring Subordinate Mortgage Loans do not amortize and the balloon payment on each of the ML Restructuring Subordinate Mortgage Loans is due within 90 days after maturity of the related ML Restructuring First Mortgage Loan. Most of the ML Restructuring Subordinate Mortgage Loans contain provisions prohibiting prepayment by the Mortgagor of the applicable Development, for approximately fifteen years following the execution of such ML Restructuring First Mortgage Loans. The ML Restructuring Subordinate Mortgage Loans have not been assigned a valuation. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.”

Prepayments of the ML Restructuring First Mortgage Loans may be used to redeem only Mitchell-Lama Restructuring Bonds. See “Appendix E-4—Cross-Call Provisions and Related Information.” For additional information regarding the ML Restructuring Subordinate Mortgage Loans, see “Appendix E-1—Developments and Mortgage Loans Outstanding Under the Program— ML Restructuring Subordinate Mortgage Loans Outstanding under the Program as of July 31, 2010.”

### Servicing

All of the Mortgage Loans are serviced by the Corporation except for (i) the Mortgage Loans financed through the acquisition of GNMA Securities which are serviced by the applicable Mortgage Banker, (ii) certain mortgage loans underlying the 2006 Series A Participant Interest which are serviced by private third-party servicers as described below, (iii) certain Construction Mortgage Loans which are serviced by the bank issuing the letter of credit during construction and (iv) the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest. Servicing by the Corporation includes the collection of mortgage payments from the Mortgagors of the applicable Developments.

With respect to Mortgage Loans serviced by the Corporation and not regulated by HPD, an escrow account for the payment of taxes, hazard insurance and mortgage insurance, if any, is maintained by the Corporation for each Development and is funded from the monthly revenues of each such Development. FHA and GNMA regulations impose similar obligations on the Mortgage Banker in connection with the Mortgage Loans financed through the acquisition of GNMA Securities. However, with respect to Mortgage Loans regulated by HPD pursuant to the Mitchell-Lama Law and not insured by FHA, there is no such escrow requirement. With respect to Mortgage Loans serviced by the Corporation and not regulated by HPD, each Mortgagor is also required to maintain a reserve fund for replacements with the Corporation. These reserve funds for replacements are funded from the monthly revenues of their respective Development. With respect to Mortgage Loans regulated by HPD pursuant to the Mitchell-Lama Law and not insured by FHA, each Mortgagor is required to maintain a reserve fund for replacements. In general, the applicable escrows and reserves for the Developments serviced by the Corporation were funded at the required levels. The Corporation requires financial statements for each Development serviced by the Corporation to be furnished to the Corporation annually.

The Corporation conducts an annual site review of each Development with a Permanent Mortgage Loan serviced by the Corporation to monitor its physical condition; however, Developments with FHA-insured Mortgage Loans having a superior inspection rating need only be inspected by the Corporation every three (3) years and the Corporation generally does not inspect Developments for which the Corporation holds only a subordinate lien mortgage. During this review, the Corporation undertakes various procedures to monitor the exterior and interior physical condition of the Developments. See “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings.”

The Corporation’s inspection ratings for the Developments, which incorporate HUD’s inspection ratings for FHA-insured mortgage loans, include four rating levels: superior (HUD score: 90-100), satisfactory (HUD score: 60-89), below average (HUD score: 46-59) and unsatisfactory (HUD score: 0-45). Developments with FHA-insured mortgage loans with a physical condition that is below average or unsatisfactory may be subject to certain actions by HUD (see “FHA-Insured Mortgage Loans with Low Inspection Ratings” below). As of July 31, 2010, the physical condition of the inspected Developments (other than those related to the 2006 Series A Participant Interest), based upon the aggregate outstanding principal balance of Permanent Mortgage Loans, was approximately 16% superior, 78% satisfactory, 5% below average and 1% unsatisfactory. The foregoing information excludes information with respect to the Developments related to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest. As of July 31, 2010, the physical condition of the inspected Developments related to the 2006 Series A Participant Interest, based upon the aggregate outstanding principal balance of the mortgage loans underlying the 2006 Series A Participant Interest, was approximately 1% superior, 77% satisfactory, 5% below average and 1% unsatisfactory. Developments subject to approximately 16% in outstanding principal balance of mortgage loans underlying the 2006 Series A Participant Interest have not been inspected recently.

As a result of certain recently-instituted procedures by HUD, properties with FHA-insured mortgage loans which score under 60 according to HUD’s inspection ratings may be subject to foreclosure by HUD. See “FHA-Insured Mortgage Loans with Low Inspection Ratings” below and Appendix E-1 hereto.

Any Development subsidized through the Section 8 program which receives an unsatisfactory physical condition rating may have its subsidy payments reduced, suspended or terminated. In addition, HUD may reduce the Section 236 subsidy in certain cases if a unit or units in a Development subsidized through the Section 236 program become not habitable for any reason. In the event such payments were reduced, suspended or terminated in respect of a Permanent Mortgage Loan subsidized by a HAP Contract or a Section 236 Contract, such reduced, suspended or terminated payments would not be

available to pay debt service on such Mortgage Loan, which could result in a default on such Mortgage Loan.

The Corporation's inspection reviews include recommendations for curing deficiencies. The Corporation monitors those Developments which receive below average and unsatisfactory ratings in order to determine whether (i) required reports have been made and/or (ii) curative work has been undertaken and completed within a prescribed time frame. In order to cure deficiencies and thus improve the ratings of such Developments, the Corporation may advise the Mortgagor to request a drawdown on its respective reserve fund for replacements. If the reserves are not sufficient to cover the work required to improve a Development's rating or if the Corporation has determined that the low rating is due to Mortgagor neglect, the Corporation will meet with the Mortgagor to discuss corrective actions in all review reporting areas which include management practices, financial operations, and vouchering procedures, as well as physical condition. For additional information concerning the Permanent Mortgage Loans and the related Developments, their respective physical inspection ratings, and the Corporation's inspection procedures and rating categories, see "Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Developments and Permanent Mortgage Loans Outstanding under the Program as of July 31, 2010" and "Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings." In addition, the Corporation conducts an annual review of (i) the inspected Developments to monitor their financial condition and (ii) the Developments subsidized through the Section 8 program to monitor their financial management controls.

In addition to the Corporation, CPC and Wells Fargo Bank, N.A. ("Wells Fargo"), both of which are experienced mortgage loan servicers, service the mortgage loans underlying the 2006 Series A Participant Interest. Approximately 184 of the mortgage loans underlying the 2006 Series A Participant Interest (representing \$241,368,132 of the outstanding principal balance) are serviced by CPC, 36 of the mortgage loans underlying the 2006 Series A Participant Interest (representing \$57,685,492 of the outstanding principal balance) are serviced by Wells Fargo and the remainder of the mortgage loans underlying the 2006 Series A Participant Interest are serviced by the Corporation. In addition to collecting mortgage payments, required escrows and reserves from the Mortgagors of the applicable Developments, CPC and Wells Fargo currently conduct annual physical inspections of the Developments that are subject to the mortgage loans underlying the 2006 Series A Participant Interest that they service. The Corporation currently conducts annual inspections of the Developments that it services that are subject to first mortgage liens.

In addition to insurance coverage required by FHA, the Corporation requires property, liability, boiler and machinery, and fidelity insurance for the Mortgage Loans that it services (see "Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—FHA Insurance Program—General"). Property insurance must cover at least the outstanding Mortgage Loan amount and lost rental value of at least one year's rental income at the Development. As of July 31, 2010, all such Developments were in compliance with the Corporation's insurance requirements. With respect to the mortgage loans underlying the 2006 Series A Participant Interest serviced by CPC, CPC has agreed to monitor, pursuant to servicing agreements, compliance by the applicable Mortgagor with the insurance requirements set forth in the loan documents related to such mortgage loans underlying the 2006 Series A Participant Interest.

### Certain Factors Affecting the Mortgage Loans

#### Scheduled Payments of Principal and Interest

The ability of the Corporation to pay the principal or Redemption Price of and interest on the Bonds is dependent on the Revenues derived from the assets pledged to secure the Bonds, including the

Mortgage Loans, and with respect to such Mortgage Loans, the proceeds under the applicable Supplemental Security program, if any, in the event of a default on a Mortgage Loan, and the full and timely receipt of subsidy payments under the applicable Subsidy Program, if any. The ability of each Mortgagor to make the required payments under its Mortgage Loan is and will be affected by a variety of factors, including the maintenance of a sufficient level of occupancy, the maintenance of the physical condition of its Development, the level of operating expenses, sound management of its Development, timely receipt of subsidy payments, as applicable, the ability to achieve and maintain rents sufficient to cover payments under such Mortgage Loan and operating expenses (including taxes, utility rates and maintenance costs), any changes in the amount of subsidy payments, if any, changes in applicable laws and governmental regulations, and the financial condition of the Mortgagor. In addition, the continued feasibility of a Development may depend in part upon general economic conditions and other factors in the surrounding area of a Development.

Accordingly, in the event of the occurrence of substantial increases in operating costs without corresponding increases in rent levels on a timely basis, substantial reductions in occupancy or a reduction, loss or termination of subsidy payments, there may be a default with regard to one or more of the Mortgage Loans. In the event of any such default, the Corporation is required to apply for payment of proceeds under the applicable Supplemental Security program, if any, due with regard to any such Mortgage Loan. In the event of any such default where such Mortgage Loan is not secured by Supplemental Security, such mortgage lien would likely be the sole security for repayment of such Mortgage Loan (see “New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures” below and “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans”). Such proceeds, when received, together with other monies available under or pursuant to the General Resolution may be applied to redeem an allocable portion of certain Bonds. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” For a discussion of Supplemental Security and Subsidy Programs, see Appendix G hereto.

#### Prepayments of Principal

General. The Corporation may receive amounts relating to the principal of the Mortgage Loans financed with the proceeds of the Bonds prior to the scheduled due date of such principal. As of July 31, 2010, (i) principal prepayments, at the option of the applicable Mortgagor, are permitted with respect to approximately 526 Mortgage Loans with an aggregate outstanding principal balance of approximately \$850,958,580 (the “Unrestricted Prepayment Mortgage Loans”) and the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and (ii) principal prepayments, at the option of the applicable Mortgagor, are (A) not permitted at all or only after a prescribed time period, or (B) permitted only with the approval of FHA and/or the Corporation and, under certain circumstances, only after a prescribed time period, with respect to approximately 436 Mortgage Loans with an aggregate outstanding principal balance of approximately \$1,991,742,779 (the “Restricted Prepayment Mortgage Loans”) and the ML Restructuring Subordinate Mortgage Loans. All of the Mortgage Loans and the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest are subject to prepayment of principal in whole or in part from proceeds of insurance or condemnation. Prepayments of principal may be subject to other terms and conditions, including the payment of penalties and premiums. There may be certain other restrictions outside the Mortgage Loan documents that limit the ability of the applicable Mortgagor to prepay. Any such prepayment could result in the special redemption from Recoveries of Principal of certain Bonds at any time. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.”

For a more detailed discussion of the prepayment terms and conditions for all of the outstanding Mortgage Loans under the Program, see “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” which identifies the applicable categories of prepayment provisions for each Mortgage Loan and Appendix E-2 hereto which sets forth each of the Mortgage Loan prepayment categories. In general, prepayments are subject to the payment of certain fees and expenses, and any prepayment premium or penalty does not constitute a Pledged Receipt or Recovery of Principal unless otherwise specified in a Supplemental Resolution. In addition, prior written notice of any optional prepayment to the Corporation or the Mortgage Banker, as applicable, generally is required.

Under the General Resolution, advance payments of amounts to become due pursuant to a Mortgage Loan, including those made at the option of a Mortgagor, shall be deposited in the Redemption Account. Unless specifically directed otherwise by written instructions of an Authorized Officer and accompanied by a Cash Flow Statement, any monies in the Redemption Account resulting from such Recoveries of Principal shall be applied to the purchase or redemption of Bonds of the Series issued to finance the Mortgage Loans which gave rise to the Recoveries of Principal. See “THE PROGRAM – 2004 Participant Interest” and “– 2005 Series F Participant Interest and the 2005 Series J Participant Interest” for a discussion of the application of prepayments of the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, respectively.

Notwithstanding the preceding paragraph, if the Corporation files a Cash Flow Statement with the Trustee, it may deposit such Recoveries of Principal in the Bond Proceeds Account or the Revenue Account in lieu of applying such monies to purchase or redeem Bonds. See “Appendix B—Summary of Certain Provisions of the General Resolution—Bond Proceeds Account” and “—Revenue Account” with respect to the right of the Corporation to apply prepayments of the Mortgage Loans for purposes other than the purchase or redemption of Bonds, and the right of the Corporation to withdraw surplus revenues in the Revenue Account from the pledge and lien of the General Resolution. See the description of the redemption provisions for the applicable series of Bonds in Part I of the Official Statement. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.”

Subsequent Prepayments. Subsequent to July 31, 2010, one (1) Restricted Prepayment Mortgage Loan relating to 65-84 and 66-08 Austin Street, with an aggregate outstanding principal balance of approximately \$10,415,399 has been prepaid. The subordinate Unrestricted Prepayment Mortgage Loan relating to this development with an aggregate principal balance of \$1,626,696 was also prepaid. In addition, one (1) mortgage loan underlying the 2004 Participant Interest, with an aggregate outstanding balance (including accrued and unpaid interest) of approximately \$6.3 million is anticipated to be prepaid pursuant to the ML Restructuring Program. See “The Program-2004 Participant Interest.” Also, subsequent to July 31, 2010, one (1) mortgage loan underlying the 2006 Series A Participant Interest with an aggregate outstanding principal balance of \$2,487,480 has been prepaid.

Prepayment Notifications. In addition, with respect to two (2) Developments with Restricted Prepayment Mortgage Loans, 56 Sullivan Street and 2006 Amsterdam Avenue, the Corporation has been notified in writing of the respective Mortgagors’ intent to prepay their Mortgage Loans. Such Restricted Prepayment Mortgage Loans had an aggregate outstanding principal balance of \$870,819 as of July 31, 2010. With respect to one (1) of these Developments, 2006 Amsterdam Avenue, the Corporation has also been notified of the respective Mortgagors’ intent to prepay their subordinate Unrestricted Prepayment Mortgage Loans with an aggregate principal balance of \$358,000 as of July 31, 2010. There can be no assurance as to whether these prepayments will occur. See “Appendix E-1 Developments and Mortgage Loans Outstanding under the Program-Developments and Permanent Mortgage Loans Outstanding Under

the Program as of July 31, 2010.” For a description of redemption provisions of the Bonds in the event of a prepayment, see “General” above.

The Corporation expects that there will be significant prepayments of the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest and the 2006 Series A Participant Interest. In addition the Corporation has received one (1) prepayment notification with respect to a mortgage loan underlying the 2005 Series J Participant Interest with an aggregate outstanding principal balance of \$1,716,557. Subsequent to July 31, 2010, the Corporation has received six (6) notifications with respect to mortgage loans underlying the 2006 Series A Participant Interest with an aggregate outstanding principal balance of \$7,223,655.

From time to time the Corporation has received inquiries or expressions of interest from Mortgagors regarding the possible prepayment, refinancing or restructuring of their respective Mortgage Loans. There can be no assurance as to whether any such prepayment, refinancing or restructuring will occur.

#### New York Foreclosure Procedures and Bankruptcy

Below are descriptions of current foreclosure procedures in New York State and current bankruptcy provisions for mortgage loans generally. Such descriptions are relevant for Mortgage Loans under the Program not fully secured by Supplemental Security.

New York Foreclosure Procedures. In order to recover the debt due on a defaulted mortgage loan, the holder of the mortgage loan may either commence an action on the mortgage debt or commence an action to foreclose the mortgage. New York law restricts the ability of the holder of a mortgage loan to simultaneously bring an action to recover the mortgage debt and foreclose the mortgage. For purposes of these restrictions, actions to recover the mortgage debt include actions against the party primarily liable on the mortgage debt, actions against any guarantor of the mortgage debt and actions on insurance policies insuring the mortgaged premises. If an election is made to commence an action to foreclose the mortgage, no other action on the mortgage debt may be commenced to recover any part of the mortgage debt without leave of court. If an election is made to commence an action on the mortgage debt, where final judgment has been rendered in such an action, an action may not be commenced to foreclose the mortgage unless the sheriff has been issued an execution against the property of the defendant, which has been returned wholly or partially unsatisfied. In addition, there is New York case law indicating that if an action is commenced on the mortgage debt where final judgment has not been rendered and a subsequent action is commenced to foreclose the mortgage, then the action on the mortgage debt must be stayed or discontinued to prevent the mortgagee from pursuing both actions simultaneously.

Where a foreclosure action is brought, every person having an estate or interest in possession or otherwise in the property whose interest is claimed to be subject and subordinate to the mortgage must be made a party defendant to the action in order to have its interest in the property extinguished. At least twenty (20) days before a final judgment directing a sale is rendered, the mortgagee must file, in the clerk’s office for the county where the mortgaged property is located, a notice of the pendency of the action. Judicial foreclosure in New York is a lengthy process, as judicial intervention is required at all stages, including but not limited to (1) the appointment of a referee to compute the amount due, (2) the appointment of a receiver to operate the property during the pendency of the action, (3) the confirmation of the referee’s oath and report, (4) the issuance of the judgment of foreclosure and sale, (5) the confirmation of the sale, and (6) the issuance of a deficiency judgment and/or rights to surplus monies. If during the pendency of the action the mortgagor pays into court the amount due for principal and interest and the costs of the action together with the expenses of the proceedings to sell, if any, the court will (i) dismiss the complaint without costs against the mortgagee if the payment is made before judgment

directing the sale or (ii) stay all proceedings upon judgment if the payment is made after judgment directing sale but before sale.

Where the mortgage debt remains partly unsatisfied after the sale of the property, the court, upon application, may award the mortgagee a deficiency judgment for the unsatisfied portion of the mortgage debt, or as much thereof as the court may deem just and equitable, against a mortgagor who has appeared or has been personally served in the action. Prior to entering a deficiency judgment the court determines the fair and reasonable market value of the mortgaged premises as of the date such premises were bid in at auction or such nearest earlier date as there shall have been any market value thereof. In calculating the deficiency judgment, the court will reduce the amount to which the mortgagee is entitled by the higher of the sale price of the mortgaged property and the fair market value of the mortgaged property as determined by the court.

The mortgagee may also, at its discretion, negotiate with the delinquent mortgagor to offer a deed in lieu of foreclosure to the mortgagee, where appropriate. In some situations this would allow the mortgagee to reduce the cost of, and the time involved in, acquiring the property.

Most of the Mortgage Loans under the Program are non-recourse to the Mortgagor. Therefore, the Corporation may only have limited rights to pursue the enforcement of an action on the debt. Consequently, with respect to such Mortgage Loans, the above provisions relating to an action on the mortgage debt, as opposed to a foreclosure action, are not applicable.

Section 236 Contracts may provide that the HUD Payments under a Section 236 Contract shall terminate if the related Development is acquired by the Corporation or by any ineligible owner, and that the Secretary may terminate HUD Payments if an action of foreclosure is instituted, unless the Secretary approves a plan providing for continuity of eligibility of the related Development for receiving HUD Payments. It may not be possible, under New York foreclosure procedures to complete a foreclosure sale subject to the continuing lien of the mortgage being foreclosed. Under Pub. L. 98-473, enacted in 1984, contract authority which would otherwise be subject to recapture by HUD at the time of termination of a contract for Section 236 interest reduction payments as a result of a foreclosure of the mortgage loan on a development shall remain available for such development for the balance of the contract term, and the Secretary is directed to offer to execute new Section 236 Contracts with the new owners of such projects, subject to satisfaction of statutory eligibility requirements. On this basis the Corporation believes that, notwithstanding the language of the Section 236 Contracts, in the event of a foreclosure of a Mortgage Loan secured by a Section 236 Contract not subject to FHA Insurance (which also would include 2006 Series A Trust Mortgage Loans with Section 236 Contracts), the Secretary would enter into a contract for Section 236 interest reduction payments with the new owner, subject to the satisfaction of statutory eligibility requirements, the availability of appropriations and the willingness of the mortgagee to enter into a new contract for interest reduction payments.

With respect to the 2006 Series A Purchased Mortgage Loans, the Corporation entered into a special servicing agreement with HPD and the Facilitation Trusts which sets forth procedures to be followed with regard to any 2006 Series A Purchased Mortgage Loan subject to foreclosure.

For a description of provisions regarding enforcement and foreclosure of the Mortgage Loans under the General Resolution, see “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans.”

Bankruptcy. If a petition for relief under Federal bankruptcy law were filed voluntarily by a mortgagor, or involuntarily against a mortgagor by its creditors, the filing would operate as an automatic stay of the commencement or continuation of any judicial or other proceedings, including without

limitation, foreclosure proceedings, against such mortgagor and its property. If a bankruptcy court so ordered, the mortgagor's property, including its revenues, could be used for the benefit of the mortgagor, despite the rights granted the mortgagee or a trustee. Certain provisions of the mortgage that make the initiation of bankruptcy and related proceedings by or against the mortgagor an event of default thereunder are not enforceable in the mortgagor's bankruptcy proceeding.

In addition, if a bankruptcy court concludes that a mortgagee is "adequately protected," it might (A) substitute other security for the property presently pledged and (B) subordinate the lien of the mortgagee or a trustee to (i) claims by persons supplying goods and services to the mortgagor after commencement of such bankruptcy proceedings, (ii) the administrative expenses of the bankruptcy proceedings and (iii) a lien granted a lender providing funds to the mortgagor during the pendency of the bankruptcy case.

In bankruptcy proceedings initiated by the filing of a petition under Chapter 11 of the United States Bankruptcy Code, a mortgagor or another party-in-interest could elect to file a plan of reorganization which seeks to modify the rights of creditors generally, or any class of creditors, including secured creditors. In the event a mortgagor files under Chapter 11, the mortgagor may seek to modify the terms of the mortgage note and the mortgage in a plan of reorganization. In a reorganization case, a mortgagee holds a secured claim equal to the lesser of the value of the mortgaged premises or the debt. If the adjusted value is less than the pre-petition debt, then the mortgagee is not entitled to post-petition interest and the deficiency will be treated as an unsecured claim. With respect to the mortgagee's secured claim, if the debtor intends to retain the premises, the debtor will generally propose to treat the mortgage as unimpaired by curing any monetary defaults and reinstating the terms of the mortgage. Alternatively, the debtor may seek to alter the terms, however, the mortgagee is entitled to retain its lien under a plan and must receive deferred cash payments totaling the amount of the claim with a present value not less than the value of the mortgaged premises. If the premises are to be sold by the debtor, the mortgagee can bid at the bankruptcy court sale and offset its claim against the selling price at such sale.

#### FHA-Insured Mortgage Loans with Low Inspection Ratings

On January 16, 2003, HUD sent out a memorandum revising the administrative procedures for physical inspections of FHA-insured properties that score less than 60 total points. Properties scoring 30 and under are automatically referred to HUD's Departmental Enforcement Center ("DEC"). Those scoring between 31 and 59 are electively referred to DEC by the local field office. The Multifamily HUD Director may delay or recall a property referral for good cause. A justification for the referral must be approved by the Director, Headquarters Office of Asset Management. Once referred to DEC, DEC issues a Notice of Violation/Default of Regulatory Agreement and Housing Assistance Payment Contract. The property owner has sixty (60) days to certify that all repairs have been completed. HUD will then re-inspect the property. If the property scores above 60 (a satisfactory rating and above), normal monitoring resumes. If the score is below 60 (a below average or unsatisfactory rating), HUD may consider the owner in default and may pursue available remedies. Available remedies may include termination of subsidy payments under the affected Housing Assistance Payment Contract or requiring that the mortgagee accelerate and assign the FHA-insured mortgage loan to HUD as a result of the default under the Project's Regulatory Agreement in exchange for FHA Insurance benefits. See "Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—FHA Insurance Program," and "—Subsidy Programs—Section 236 Program" and "—Section 8 Program."

The Corporation is currently aware that three (3) Developments (other than those that relate to the 2006 Series A Mortgage Loan) with Fannie Mae insured Mortgage Loans with an aggregate outstanding senior Mortgage Loan balance of \$60,504,563 and an aggregate outstanding subordinate Mortgage Loan balance of \$5,721,337 as of July 31, 2010, have each received a Notice of Default of the Agreement for

Interest Reduction Payments from HUD because of their low inspection ratings. The Developments are currently undergoing capital improvement plans under the Mitchell Lama Repair Loan Program and are also required to maintain certain reserves for replacements for capital improvements; such loan proceeds and reserves could be applied to rectify the Notice of Default of the Agreement for Interest Reduction Payments. However, the Corporation can give no assurance as to whether such loan proceed and reserves will, in fact, be used by the Mortgagors in such manner or whether the amount of such reserves will be sufficient to correct all violations.

#### **AGREEMENT OF THE STATE**

Section 657 of the Act provides that the State pledges to and agrees with the holders of obligations of the Corporation, including owners of the Bonds, that it will not limit or alter the rights vested by the Act in the Corporation to fulfill the terms of any agreements made with the owners of the Bonds, or in any way impair the rights and remedies of such owners until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such owners of the Bonds, are fully met and discharged.

#### **LEGALITY OF THE BONDS FOR INVESTMENT AND DEPOSIT**

Under the provisions of Section 662 of the Act, the Bonds are securities in which all public officers and bodies of the State of New York and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the State, may properly and legally invest funds, including capital, in their control or belonging to them. The Bonds are also securities which may be deposited with and may be received by all public officers and bodies of the State and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or hereafter authorized.

**DEFINITIONS OF CERTAIN TERMS**

Set forth below are certain defined terms used in this Official Statement and in the Resolutions. In some instances, the General Resolution permits the modification of certain of its provisions by a Supplemental Resolution relating to a specific Series of Bonds. Certain modifications to the General Resolution, which have been made with respect to the 2010 Bonds and the Remarketed Bonds by the provisions of the 2008/2010 Supplemental Resolutions, are reflected in the defined terms below. Certain modifications to the General Resolution, which have been made with respect to the 2006 Series A Bonds by the provisions of the Sixty-Ninth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2006 Series A, adopted by the Members of the Corporation on April 12, 2006 (the “2006 Series A Supplemental Resolution”) are reflected in the defined terms set forth below. These have been included because the outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan (most of which are not secured by Supplemental Security and, in some cases, the related Developments are not subsidized under any Subsidy Program) exceeds 10% of the aggregate outstanding principal balance of all Mortgage Loans financed under the General Resolution. Other Supplemental Resolutions authorizing other Series of Bonds have also modified certain provisions of the General Resolution with respect to the Series of Bonds authorized thereunder and such modifications are not reflected in the defined terms set forth below because the foregoing test has not been met. This Appendix A does not purport to be comprehensive or definitive and is qualified by reference to the Resolutions and the Supplemental Resolutions relating to each Series of Bonds, copies of which may be obtained from the Corporation.

The following terms shall have the following meanings in this Official Statement and in the Resolutions unless the context shall clearly indicate otherwise:

“Account” means one of the special accounts (other than the Rebate Fund) created and established pursuant to the General Resolution or a Supplemental Resolution.

“Accountant” means such reputable and experienced independent certified public accountant or firm of independent certified public accountants as may be selected by the Corporation and satisfactory to the Trustee and may be the accountant or firm of accountants who regularly audit the books and accounts of the Corporation.

“Acquired Project” means a Project financed by a Mortgage Loan, title to or the right to possession of which has been acquired by or on behalf of the Corporation or, in the case of a Project financed by a 2006 Series A Purchased Mortgage Loan, another entity, through protection and enforcement of rights conferred by law or the Mortgage upon such Project.

“Acquired Project Expenses” means all costs and expenses arising from the acquisition, ownership, possession, operation or maintenance of an Acquired Project, including reasonable operating, repair and replacement reserves therefor.

“Acquired Project Gross Operating Income” means all monies received in connection with the acquisition, ownership, possession, operation or maintenance of an Acquired Project.

“Acquired Project Net Operating Income” means Acquired Project Gross Operating Income less Acquired Project Expenses.

“Act” means the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of the State of New York), as amended.

“AHPLP” means the Corporation’s Affordable Housing Permanent Loan Program.

“Bond Proceeds Account” means the Bond Proceeds Account established pursuant to the General Resolution.

“Bond Year” means a twelve month period ending on the first day of November of any year.

“Business Day” means any day other than (a) a Saturday or a Sunday, (b) any day on which banking institutions located in (i) the City of New York, New York or (ii) the city in which the Principal Office of the Trustee is located, (c) a day on which the New York Stock Exchange is closed or (d) so long as any Series of Bonds is held in book-entry form, a day on which DTC is closed.

“Cap” means any financial arrangement entered into by the Corporation with an entity which is a cap, floor or collar, or any similar transaction or combination thereof or any option with respect thereto executed by the Corporation for the purpose of limiting its exposure with respect to interest rate fluctuations which has been designated in writing to the Trustee by an Authorized Officer as a Cap with respect to the variable interest rate Bonds listed in “Appendix F-2 – Interest Rate Cap Agreements.” “Cap” shall also include any such financial arrangement described above entered into by the Corporation with an entity, as a replacement of a Cap that has been terminated and which has been so designated in writing to the Trustee by an Authorized Officer with respect to the variable interest rate Bonds listed in “Appendix F-2 – Interest Rate Cap Agreements.”

“Cap Receipts” means any amount actually received by the Corporation or the Trustee under a Cap.

“Cash Equivalent” means a Letter of Credit, Insurance Policy, Surety, Guaranty or other Security Arrangement (each as defined and provided for in a Supplemental Resolution providing for the issuance of Bonds rated by the Rating Agencies or in another Supplemental Resolution), provided by an institution which has received a rating of its claims paying ability from the Rating Agencies at least equal to the then existing rating on the Bonds (other than Subordinate Bonds) or whose unsecured long-term debt securities

are rated at least the then existing rating on the Bonds (other than Subordinate Bonds) (or “A-1+” or “P-1,” as applicable, if the Cash Equivalent has a remaining term at the time of acquisition not exceeding one year) by the Rating Agencies; provided, however, that a Cash Equivalent may be provided by an institution which has received a rating of its claims paying ability which is lower than that set forth above or whose unsecured long-term (or short-term) debt securities are rated lower than that set forth above, so long as the providing of such Cash Equivalent does not, as of the date it is provided, in and of itself, result in the reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies.

“Cash Flow Certificate” means a Cash Flow Certificate conforming to the requirements of the General Resolution.

“Cash Flow Statement” means a Cash Flow Statement conforming to the requirements of the General Resolution.

“Certificate” means (i) a signed document either attesting to or acknowledging the circumstances, representations or other matters therein stated or set forth or setting forth matters to be determined pursuant to the General Resolution or a Supplemental Resolution or (ii) the report of an accountant as to audit or other procedures called for by the General Resolution or a Supplemental Resolution.

“Certificate Program” means the §421-a Negotiable Certificate Program.

“City” means The City of New York, a municipal corporation organized and existing under and pursuant to the laws of the State.

“Code” means the Internal Revenue Code of 1954 or 1986, each as amended from time to time, and as applicable to the Bonds pursuant to Section 1313 of the Tax Reform Act of 1986, as amended.

“Corporation” means the New York City Housing Development Corporation, or any body, agency or instrumentality of the State which shall hereafter succeed to the powers, duties and functions of the Corporation.

“Corporation Corporate Purposes” means any purpose for which the Corporation may issue bonds pursuant to the Act or other applicable law.

“Costs of Issuance” means all items of expense, directly or indirectly payable or reimbursable by or to the Corporation and related to the authorization, sale and issuance of Bonds, including but not limited to printing costs, costs of preparation and reproduction of documents, filing and recording fees, initial fees and charges of the Trustee, legal fees and charges, fees and disbursements of consultants and professionals, costs of credit ratings, fees and charges for preparation, execution, transportation and safekeeping of Bonds, and any other cost, charge or fee in connection with the original issuance of Bonds.

“Credit Facility” means (i) an unconditional and irrevocable letter of credit in form and drawn on a bank or banks acceptable to the Corporation (which bank or banks must be rated by each of the Rating Agencies in a category at least equal to the rating category of the Bonds (other than Subordinate Bonds) (or “A-1+” or “P-1,” as applicable, if the Credit Facility has a remaining term at the time it is provided not exceeding one year); provided, however, that such letter of credit may be provided by a bank or banks whose rating is lower than that set forth above, so long as the providing of such letter of credit does not, as of the date it is provided, in and of itself, result in a reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies, (ii) cash, (iii) a certified or bank check, (iv) Investment Securities, or (v) any other credit facility similar to the above in

purpose and effect, including, but not limited to, a guaranty, standby loan or purchase commitment, insurance policy, surety bond or financial security bond or any combination thereof, which is approved by each of the Rating Agencies.

“Credit Facility Provider” means the issuer of or obligor under a Credit Facility.

“Debt Service” means, with respect to any particular Bond Year, an amount equal to the sum of (i) all interest payable on Outstanding Bonds during such Bond Year, plus (ii) any Principal Installments of such Bonds during such Bond Year.

“Debt Service Reserve Account” means the Debt Service Reserve Account established pursuant to the General Resolution.

“Debt Service Reserve Account Requirement” means as of any date of calculation, the aggregate of the amounts specified as the Debt Service Reserve Account Requirement for each Series of Bonds in the Supplemental Resolution authorizing the issuance of a Series of Bonds; provided, however, that a Supplemental Resolution may provide that the Debt Service Reserve Account Requirement for the Series of Bonds authorized thereunder may be funded, in whole or in part, through Cash Equivalents and such method of funding shall be deemed to satisfy all provisions of the General Resolution with respect to the Debt Service Reserve Account Requirement and the amounts required to be on deposit in the Debt Service Reserve Account.

“DTC” means The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York, and its successors or assigns.

“Escrow Payments” means and includes all amounts whether paid directly to the Corporation or to the servicer of any Mortgage Loan representing payments to obtain or maintain mortgage insurance or any subsidy with respect to a Mortgage Loan or the mortgaged premises or payments in connection with real estate taxes, assessments, water charges, sewer rents, ground rents, fire or other insurance, replacement or operating reserves or other like payments in connection therewith.

**SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION**

Set forth below are abridged or summarized excerpts of certain sections of the General Resolution. In some instances, the General Resolution permits the modification of certain of its provisions by a Supplemental Resolution relating to a specific Series of Bonds. Certain modifications to the General Resolution, which have been made with respect to the 2006 Series A Bonds by the provisions of the 2006 Series A Supplemental Resolution, have also been summarized below. These have been included because the outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan (most of which are not secured by Supplemental Security and, in some cases, the related Developments are not subsidized under any Subsidy Program) exceeds 10% of the aggregate outstanding principal balance of all Mortgage Loans financed under the General Resolution. Other Supplemental Resolutions authorizing other Series of Bonds have also modified certain provisions of the General Resolution with respect to the Series of Bonds authorized thereunder and such modifications have not been summarized below because the foregoing test has not been met. The excerpts set forth below do not purport to be complete or to cover all sections of the General Resolution. Reference is made to the General Resolution and the Supplemental Resolutions relating to each Series of Bonds, copies of which are on file with the Corporation and the Trustee, for a complete statement of the rights, duties and obligations of the Corporation, the Trustee and the Bond owners thereunder.

Contract With Bond Owners—Security for Bonds—Limited Obligation

In consideration of the purchase and acceptance of the Bonds by those who shall own the same from time to time, the provisions of the General Resolution shall be deemed to be and shall constitute a contract among the Corporation, the Trustee and the owners from time to time of such Bonds. The pledges and assignments made in the General Resolution and the provisions, covenants and agreements therein set forth to be performed by or on behalf of the Corporation shall be for the benefit, protection and security of the owners of any and all of such Bonds, each of which, regardless of the time of its issue or maturity, shall be of equal rank without preference, priority or distinction over any other thereof except as expressly provided in the General Resolution or a Supplemental Resolution authorizing a Series of Bonds. The Corporation pledges the Revenues and all amounts held in any Account established under the General Resolution to the payment of the principal or Redemption Price of and interest on the Bonds, subject to provisions permitting the use and application of such amounts for stated purposes, as provided in the General Resolution; provided, however, that notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, pursuant to a Supplemental Resolution authorizing the issuance of a Series of Bonds, also pledge such Revenues and amounts to one or more Credit Facility Providers who have provided Credit Facilities to secure such Series of Bonds and such further pledge may be either on a parity with or subordinate to the pledge set forth in this paragraph to secure the payment of the Bonds, all as set forth in such Supplemental Resolution; and provided further, however, that the Corporation may, pursuant to a Supplemental Resolution, provide that amounts in an Account established pursuant to such Supplemental Resolution be excluded from the pledge set forth in this paragraph to secure the payment of the Bonds or otherwise limit such pledge with respect to such Account. The foregoing pledge does not include amounts on deposit in or required to be deposited in the Rebate Fund. The Bonds shall be special revenue obligations of the Corporation payable solely from the revenues and assets pledged therefor pursuant to the General Resolution.

### Provisions for Issuance of Bonds

In order to provide sufficient funds for financing the Corporation Corporate Purposes, Bonds of the Corporation are authorized to be issued without limitation as to amount except as may be provided by law. The Bonds shall be executed by the Corporation for issuance and delivered to the Trustee and thereupon shall be authenticated by the Trustee and delivered to the Corporation or upon its order, but only upon the receipt by the Trustee of, among other things:

- (a) a Bond Counsel's Opinion to the effect that (i) the General Resolution and the Supplemental Resolution have been duly adopted by the Corporation and are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms (except to the extent that the enforceability thereof may be limited by bankruptcy, insolvency and other laws affecting creditors' rights and remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law)); (ii) the General Resolution and such Supplemental Resolution create the valid pledge and lien which they purport to create of and on the Revenues and all the Accounts established under the General Resolution and such Supplemental Resolution and monies and securities on deposit therein, subject to the use and application thereof for or to the purposes and on the terms and conditions permitted by the General Resolution and such Supplemental Resolution; and (iii) upon the execution, authentication and delivery thereof, such Bonds will have been duly and validly authorized and issued in accordance with the laws of the State, including the Act as amended to the date of such Opinion, and in accordance with the General Resolution and such Supplemental Resolution;
- (b) a written order as to the delivery of such Bonds, signed by an Authorized Officer;
- (c) the amount of the proceeds of such Bonds to be deposited with the Trustee pursuant to the General Resolution;
- (d) a Cash Flow Statement conforming to the requirements of the General Resolution; and
- (e) except with respect to the initial Series of Bonds issued under the General Resolution, confirmation of the then existing rating on the Bonds (other than Subordinate Bonds) by each of the Rating Agencies.

### Refunding Bonds

Refunding Bonds of the Corporation may be issued under and secured by the General Resolution, subject to the conditions provided in the General Resolution, from time to time, for the purpose of providing funds, with any other available funds, for (i) redeeming (or purchasing in lieu of redemption) prior to their maturity or maturities, or retiring at their maturity or maturities, all or any part of the Outstanding Bonds of any Series, including the payment of any redemption premium thereon (or premium, to the extent permitted by law, included in the purchase price, if purchased in lieu of redemption), (ii) making any required deposits to the Debt Service Reserve Account, (iii) if deemed necessary by the Corporation, paying the interest to accrue on the refunding Bonds or refunded Bonds to the date fixed for their redemption (or purchase) and (iv) paying any expenses in connection with such refunding. Before such Bonds shall be issued, the Corporation shall adopt a Supplemental Resolution authorizing the issuance and sale of such Bonds, fixing the amount and the details thereof, describing the Bonds to be redeemed and setting forth determinations required by the General Resolution.

Except as otherwise provided in the Supplemental Resolution authorizing a Series of refunding Bonds, refunding Bonds shall be on a parity with and shall be entitled to the same benefit and security of the General Resolution as all other Bonds (other than Subordinate Bonds) issued under the General Resolution, provided, however, a Supplemental Resolution may provide for differences in the maturities thereof or the Interest Payment Dates or the rate or rates of interest or the provisions for redemption.

Before any Series of refunding Bonds shall be authenticated and delivered by the Trustee, there shall be on file with the Trustee, among other things, the following:

- (a) the documents specified under the heading "Provisions for Issuance of Bonds";
- (b) a certificate of an Authorized Officer stating that the proceeds (excluding accrued interest but including any premium) of such refunding Bonds, together with any monies which have been made available to the Trustee for the purpose of paying Debt Service, or the principal of and the interest on the investment of such proceeds or any such monies, will be not less than an amount sufficient to pay the principal of and the redemption premium, if any, on the Bonds to be refunded and the interest which will become due and payable on or prior to the date of their payment or redemption and the expenses in connection with such refunding and to make any required deposits to the Debt Service Reserve Account; and
- (c) if all or part of the refunded Bonds are to be redeemed prior to maturity, irrevocable instructions from an Authorized Officer to the Trustee to redeem the applicable Bonds.

The proceeds of such refunding Bonds and the investment income therefrom shall, to the extent practicable, be invested and reinvested by the Trustee, with the approval of the Corporation in Investment Securities, and the monies so invested shall be available for use when required.

#### Application and Disbursement of Bond Proceeds

Unless otherwise provided in the applicable Supplemental Resolution, the proceeds of sale of a Series of Bonds, shall, as soon as practicable upon the delivery of such Bonds by the Trustee, be applied as follows:

- (1) the amount, if any, received at such time as a premium above the aggregate principal amount of such Bonds shall be applied as specified in the Certificate of an Authorized Officer, and such portion of the amount, if any, received as accrued interest shall be deposited in the Revenue Account as shall be directed by an Authorized Officer;
- (2) with respect to any Series issued for the purpose of refunding Bonds or any other bonds, notes or other obligations of the Corporation or other entity, the amount, if any, required to pay Costs of Issuance, as designated by an Authorized Officer, shall be deposited in the Bond Proceeds Account;
- (3) with respect to any Series issued for the purpose of refunding Bonds or any other bonds, notes or other obligations of the Corporation or other entity, the balance remaining after such deposits have been made as specified in (1) and (2) above shall be applied as specified in the Supplemental Resolution authorizing such Series;
- (4) the amount, if any, necessary to cause the amount on deposit in the Debt Service Reserve Account to equal the Debt Service Reserve Account Requirement immediately following

the time of such delivery shall be deposited in the Debt Service Reserve Account together with such additional amount, if any, as may be specified in the Supplemental Resolution authorizing such Bonds; and

(5) the balance remaining after such deposits have been made shall be deposited in the Bond Proceeds Account.

Except as otherwise provided in the applicable Supplemental Resolution, amounts in the Bond Proceeds Account shall not be disbursed for financing a Mortgage Loan, including either advances during construction or permanent financing thereof, unless, among other things, (1) the instrument evidencing such Mortgage Loan and the Mortgage and any other document securing such Mortgage Loan shall have been duly executed and delivered and, in the opinion of counsel, who may be counsel to the Mortgagor, constitute valid and binding agreements between the parties thereto enforceable in accordance with their terms, except as such enforcement may be limited by operation of bankruptcy, insolvency or similar laws affecting the rights and remedies of creditors; (2) there shall have been filed with the Trustee, an opinion of counsel, who may be counsel to the Corporation, to the effect that such Mortgage Loan complies with all provisions of the Act or otherwise applicable law and the General Resolution; (3) the Mortgage is the subject of a policy of title insurance, in an amount not less than the amount of the unpaid principal balance of the Mortgage Loan, insuring in favor of the Corporation, a mortgage lien (which need not be a first mortgage lien, if so provided in the applicable Supplemental Resolution), subject only to Permitted Encumbrances, on the real property securing the Mortgage Loan; and (4) the Project is insured against loss by fire and other hazards as required by the Corporation.

#### Deposits and Investments

Any amounts that are pledged pursuant to the General Resolution and held by the Trustee in any Accounts under or pursuant to the General Resolution may be invested in Investment Securities. In computing the amount in any Account, obligations purchased as an investment of monies therein shall be valued at amortized value or if purchased at par, at par.

Upon receipt of written instructions from an Authorized Officer, the Trustee shall exchange any coin or currency of the United States of America or Investment Securities held by it pursuant to the General Resolution or any Supplemental Resolution for any other coin or currency of the United States of America or Investment Securities of like amount.

Notwithstanding anything to the contrary contained in the General Resolution, any Investment Securities purchased by the Trustee with funds that are pledged pursuant to the General Resolution must, as of the date of such purchase, be rated by each of the Rating Agencies in a category at least equal to the rating category of the Bonds (other than Subordinate Bonds) (or "A-1+" or "P-1," as applicable if the Investment Security has a remaining term at the time it is provided not exceeding one year); provided, however, that the Trustee may purchase Investment Securities that are rated lower than that set forth above, so long as the purchase of such Investment Securities does not, as of the date of such purchase, in and of itself, result in a reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies.

#### Establishment of Accounts

The General Resolution establishes the following special trust accounts to be held and maintained by the Trustee in accordance with the General Resolution:

- (1) Bond Proceeds Account;
- (2) Revenue Account;

#### Bond Proceeds Account

There shall be deposited from time to time in the Bond Proceeds Account any proceeds of the sale of Bonds representing principal or premium or other amounts required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution and any other amounts determined by the Corporation to be deposited therein from time to time. Upon the issuance, sale and delivery of any Series of Bonds pursuant to the General Resolution, the Corporation shall establish on the books of the Corporation a separate sub-account designated “\_\_\_\_\_ Series \_\_\_\_\_ Bond Proceeds Sub-Account” (inserting therein the appropriate series and other necessary designation). Upon payment of any amounts from the Bond Proceeds Account, such payments shall be charged to the appropriate Bond Proceeds Sub-Account on the books of the Corporation.

Amounts in the Bond Proceeds Account shall be expended only (i) to finance one or more of the Corporation Corporate Purposes, including but not limited to, the financing of Mortgage Loans, in accordance with the General Resolution, which may include making Mortgage Loans, acquiring Mortgage Loans or refinancing Mortgage Loans; (ii) to pay Costs of Issuance; (iii) to pay principal of and interest on the Bonds when due, in accordance with the General Resolution, to the extent amounts in the Revenue Account are insufficient for such purpose; (iv) to purchase or redeem Bonds in accordance with the General Resolution; (v) to pay, purchase or redeem bonds, notes or other obligations of the Corporation or any other entity in accordance with the General Resolution; and (vi) if so provided in a Supplemental Resolution, to reimburse a Credit Facility Provider for amounts obtained under a Credit Facility for the purposes described in clauses (iii), (iv) or (v) of this paragraph.

At least one day prior to each Interest Payment Date the Corporation shall deliver to the Trustee a Certificate of an Authorized Officer setting forth the amounts necessary and available to pay the principal of and interest on the Bonds from the amount on deposit in the Bond Proceeds Account, after giving effect to the actual and expected application of amounts therein to the financing of the Corporation Corporate Purposes as of the date of such Certificate, the amount on deposit for such use in the Revenue Account, and any other amount available for such use pursuant to a Supplemental Resolution. On each Interest Payment Date the Trustee shall transfer the amounts so stated to the Revenue Account.

If so provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, the Corporation may direct the Trustee in writing to transfer amounts in the Bond Proceeds Account to fund the payment, purchase or redemption of bonds, notes or other obligations, which may include interest thereon, theretofore issued by the Corporation or any other entity upon receipt by the Trustee of a written requisition setting forth (i) the issue of bonds, notes or other obligations with respect to which the transfer is to be made, and (ii) the amount of the transfer.

#### Revenue Account

The Corporation shall cause all Pledged Receipts to be deposited promptly with the Trustee in the Revenue Account. There shall also be deposited in the Revenue Account any other amounts required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution. Earnings on

all Accounts established under the General Resolution not required to be deposited in the Rebate Fund shall be deposited, as realized, in the Revenue Account.

The Trustee shall pay out of the Revenue Account (i) on or before each Interest Payment Date, the amounts required for the payment of the Principal Installments, if any, and interest due on the Outstanding Bonds on such date, and (ii) on or before the Redemption Date or date of purchase, the amounts required for the payment of accrued interest on Outstanding Bonds to be redeemed or purchased on such date unless the payment of such accrued interest shall be otherwise provided for, and in each such case, such amounts shall be applied by the Trustee to such payments; provided, however, that if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to make the payments referred to in this paragraph, then amounts in the Revenue Account which would have otherwise been used to make such payments may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

Any amount accumulated in the Revenue Account up to the unsatisfied balance of each Sinking Fund Payment may, and if so directed in writing by the Corporation shall, be applied (together with amounts accumulated in the Revenue Account with respect to interest on the Bonds for which such Sinking Fund Payment was established) by the Trustee prior to the forty-fifth day preceding the due date of such Sinking Fund Payment (i) to the purchase of Bonds of the maturity for which such Sinking Fund Payment was established, at prices (including any brokerage and other charges) not exceeding the Redemption Price plus accrued interest, or (ii) to the redemption of such Bonds, if then redeemable by their terms, at the Redemption Prices referred to above; provided, however, that the purchase of such Bonds may be at prices exceeding that set forth in clause (i) of this paragraph if the Corporation shall have filed with the Trustee a Cash Flow Statement pursuant to the General Resolution, and provided further, however, that if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to make the purchases referred to in this paragraph, then amounts in the Revenue Account which would have otherwise been used to make such purchases may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

Except as otherwise provided in an applicable Supplemental Resolution, upon the purchase or redemption of any Bond for which Sinking Fund Payments have been established from amounts in the Revenue Account, an amount equal to the principal amount of the Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption.

As soon as practicable after the forty-fifth day preceding the due date of any such Sinking Fund Payment, the Trustee shall call for redemption on such due date, Bonds of the maturity for which such Sinking Fund Payment was established in such amount as shall be necessary to complete the retirement of a principal amount of Bonds equal to the unsatisfied balance of such Sinking Fund Payment. The Trustee shall so call such Bonds for redemption whether or not it then has monies in the Revenue Account sufficient to pay the applicable Redemption Price thereof on the Redemption Date.

On each Interest Payment Date, the Trustee shall transfer from the Revenue Account (i) first, to the Debt Service Reserve Account, an amount equal to the amount necessary to be transferred to such Account in order that the amount on deposit therein be equal to the Debt Service Reserve Account Requirement (or such lesser amount as may be available), (ii) second, to the Bond Proceeds Account, such amount as the Corporation determines is required to finance Corporation Corporate Purposes, as evidenced by a Certificate of an Authorized Officer, (iii) third, if so directed by the Corporation, to the

Trustee, an amount equal to the Trustee's unpaid fees and expenses, (iv) fourth, if so directed by the Corporation, to any Credit Facility Providers, an amount equal to any fees due and owing to such Credit Facility Providers, (v) fifth, to the Corporation, an amount equal to the administrative fee, if any, of the Corporation, to the extent unpaid and (vi) sixth, to the entities providing Investment Securities with respect to the Accounts or any arrangements or agreements with respect thereto, amounts equal to the fees due and payable on or before the next succeeding Interest Payment Date to such entities, as designated in a Certificate of an Authorized Officer. At any time after the transfers described in (i), (ii), (iii), (iv), (v) and (vi) above have been made, except as otherwise provided in a Supplemental Resolution, the Corporation may, upon the written request of an Authorized Officer and upon filing with the Trustee of a Cash Flow Statement or a Cash Flow Certificate pursuant to the General Resolution, withdraw free and clear of the lien of the General Resolution any amount remaining in the Revenue Account.

Notwithstanding any other provision under this heading, the Trustee may at any time make transfers from the Revenue Account, upon the written direction of an Authorized Officer, to the Redemption Account for the purposes of such Account. No such transfer shall be made, however, unless there is on deposit in the Revenue Account after such transfer an amount equal to the Debt Service accrued on all Outstanding Bonds as of the date of such transfer.

Notwithstanding any other provision under this heading, no payments shall be required to be made into the Revenue Account so long as the amount on deposit therein shall be sufficient to pay all Outstanding Bonds (including the Sinking Fund Payments for the retirement thereof) in accordance with their terms, and any Revenues thereafter received by the Corporation may be applied to any corporate purpose of the Corporation free and clear of the pledge and lien of the General Resolution.

#### Redemption Account

There shall be deposited in the Redemption Account all amounts which are required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution and any other amounts available therefor and determined by the Corporation to be deposited therein. Subject to the provisions of the General Resolution or of any Supplemental Resolution authorizing the issuance of a Series of Bonds, requiring the application thereof to the payment, purchase or redemption of any particular Bonds, the Trustee shall apply any amounts deposited in the Redemption Account to the purchase or redemption of Bonds at the times and in the manner provided in the General Resolution.

Notwithstanding anything to the contrary contained in the General Resolution, if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to purchase or redeem Bonds, then amounts in the Redemption Account which would otherwise have been used for such purposes may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

#### Debt Service Reserve Account

There shall be deposited in the Debt Service Reserve Account all amounts required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution and any other amounts received and determined to be deposited therein by the Corporation.

Amounts on deposit in the Debt Service Reserve Account shall be applied, to the extent other funds are not available therefor pursuant to the General Resolution and the applicable Supplemental Resolution, to pay the Principal Installments of and interest on the Outstanding Bonds when due, whether by call for redemption or otherwise.

Whenever the amount in the Debt Service Reserve Account exceeds the Debt Service Reserve Account Requirement, the amount of such excess, upon the direction of the Corporation, shall be transferred to the Revenue Account.

Monies in the Debt Service Reserve Account may, and at the direction of the Corporation shall, be withdrawn by the Trustee and deposited in the Redemption Account for the purchase or redemption of Bonds at any time, provided that subsequent to such purchase or redemption the amount in the Debt Service Reserve Account will not be less than the Debt Service Reserve Account Requirement.

If on any Interest Payment Date or Redemption Date for the Bonds the amount in the Revenue Account and the Redemption Account, as applicable, shall be less than the amount required for the payment of the Principal Installments and interest due on the Outstanding Bonds on such date, the Trustee shall apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

Notwithstanding anything to the contrary contained in the General Resolution, if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to pay the Principal Installments of and interest on Bonds, then amounts in the Debt Service Reserve Account which would otherwise have been used for such purposes may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

The 2006 Series A Supplemental Resolution, with respect to the 2006 Series A Bonds, the 2008 Series A-1 Supplemental Resolution, with respect to the 2008 Series A-1-A Bonds, the 2008 Series H-2 Supplemental Resolution, with respect to the 2008 Series H-2-A Bonds, the 2010 Series G Supplemental Resolution, with respect to the 2010 Series G Bonds, and the 2010 Series H Supplemental Resolution, with respect to the 2010 Series H Bonds, each provide that, notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, at any time, provide to the Trustee one or more Cash Equivalents for deposit in the Debt Service Reserve Account with respect to such Series of Bonds. In the event any such Cash Equivalents are so provided (other than in connection with the initial issuance of the applicable Series of Bonds, or to replenish the Debt Service Reserve Account) in replacement of funds on deposit in the Debt Service Reserve Account, the Trustee shall make such deposit and transfer funds in an equivalent amount from the Debt Service Reserve Account to the Revenue Account.

#### Rebate Fund

The General Resolution also establishes the Rebate Fund as a special trust account to be held and maintained by the Trustee. Except as otherwise provided in a Supplemental Resolution with respect to an Account established thereunder which is not pledged to the payment of the Bonds or to any Credit Facility Provider in connection with a Credit Facility securing one or more Series of Bonds, earnings on all Accounts required to be deposited into the Rebate Fund shall be deposited, at least as frequently as the end of each fifth Bond Year and at the time that the last Bond that is part of the Series for which a Rebate Amount is required is discharged, into the Rebate Fund.

The Rebate Fund and the amounts deposited therein shall not be subject to a security interest, pledge, assignment, lien or charge in favor of the Trustee or any Bond owner or any other person other than as set forth in the General Resolution.

The Trustee, upon the receipt of a certification of the Rebate Amount from an Authorized Officer, shall deposit in the Rebate Fund at least as frequently as the end of each fifth Bond Year and at the time that the last Bond that is part of the Series for which a Rebate Amount is required is discharged, an amount such that the amount held in the Rebate Fund after such deposit is equal to the Rebate Amount

calculated as of such time of calculation. The amount deposited in the Rebate Fund pursuant to the previous sentence shall be deposited from amounts withdrawn from the Revenue Account, and to the extent such amounts are not available in the Revenue Account, directly from earnings on the Accounts.

Amounts on deposit in the Rebate Fund shall be invested in the same manner as amounts on deposit in the Accounts, except as otherwise specified by an Authorized Officer to the extent necessary to comply with the tax covenant set forth in the General Resolution, and except that the income or interest earned and gains realized in excess of losses suffered by the Rebate Fund due to the investment thereof shall be deposited in or credited to the Rebate Fund from time to time and reinvested.

In the event that, on any date of calculation of the Rebate Amount, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the Trustee, upon the receipt of written instructions from an Authorized Officer, shall withdraw such excess amount and deposit it in the Revenue Account.

The Trustee, upon the receipt of written instructions and certification of the Rebate Amount from an Authorized Officer, shall pay to the United States, out of amounts in the Rebate Fund, (i) not less frequently than once each five (5) years after the date of original issuance of each Series for which a Rebate Amount is required, an amount such that, together with prior amounts paid to the United States, the total paid to the United States is equal to 90% of the Rebate Amount with respect to each Series for which a Rebate Amount is required as of the date of such payment, and (ii) notwithstanding the provisions of the General Resolution, not later than sixty (60) days after the date on which all Bonds of a Series for which a Rebate Amount is required have been paid in full, 100% of the Rebate Amount as of the date of payment.

#### Payment of Bonds

The Corporation covenants that it will duly and punctually pay or cause to be paid, as provided in the General Resolution, the principal or Redemption Price of every Bond and the interest thereon, at the dates and places and in the manner stated in the Bonds, according to the true intent and meaning thereof and shall duly and punctually pay or cause to be paid all Sinking Fund Payments, if any, becoming payable with respect to any of the Bonds.

#### Tax Covenants

The following covenants are made solely for the benefit of the owners of, and shall be applicable solely to, any Bonds as designated in a Supplemental Resolution, to which the Corporation intends that the following covenants shall apply.

The Corporation shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the Bonds shall be excluded from gross income for Federal income tax purposes, except in the event that the owner of any such Bond is a “substantial user” of the facilities financed by the Bonds or a “related person” within the meaning of the Code.

The Corporation shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Corporation to be used directly or indirectly to acquire any securities or obligations or other investment property, the acquisition of which would cause any Bond to be an “arbitrage bond” as defined in Section 148(a) of the Code.

Except as otherwise permitted in a Supplemental Resolution authorizing the issuance of a Series of Bonds, the Corporation shall not permit any person or “related person” (as defined in the Code)

to purchase Bonds in an amount related to the Mortgage Loan to be acquired by the Corporation from such person or “related person.”

Pursuant to the provisions of supplemental resolutions for Bonds the interest on which is included in gross income for Federal income tax purposes, the Corporation has provided that the provisions under this heading do not apply to such Bonds.

#### Covenants with Respect to the Mortgage Loans

The Corporation pledges for the benefit of the Bond owners all of its right, title and interest in and to the Mortgage Loans, which pledge shall be valid and binding from and after the date of adoption of the General Resolution. Such Mortgage Loans shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation, irrespective of whether such parties have notice thereof. Notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, pursuant to a Supplemental Resolution authorizing a Series of Bonds, (i) also pledge one or more Mortgage Loans for the benefit of one or more Credit Facility Providers who have provided Credit Facilities to secure such Series of Bonds and such further pledge may be either on a parity with or subordinate to the pledge set forth in this paragraph to secure the payment of the Bonds, all as set forth in such Supplemental Resolution or (ii) provide that any or all of the mortgage loans financed by the Series of Bonds authorized pursuant to such Supplemental Resolution be excluded from the pledge set forth in this paragraph to secure the payment of the Bonds or otherwise limit such pledge with respect to such mortgage loans. In addition, notwithstanding the foregoing, any Mortgage Loan pledged under the General Resolution may, at the written direction of the Corporation, be released from such pledge upon the filing with the Trustee of a Cash Flow Statement pursuant to the General Resolution. Upon the happening of an event of default specified under the heading “Events of Default,” the written request of the Trustee or the owners of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds (other than Subordinate Bonds), the Corporation shall effectuate the assignment and deliver the Mortgage Loans to the Trustee. If, however, the Trustee and the Bond owners are restored to their positions in accordance with the General Resolution, the Trustee shall assign such Mortgage Loans with respect thereto back to the Corporation.

Notwithstanding the foregoing, pursuant to the 2006 Series A Supplemental Resolution, at such time as no 2006 Series A Bonds are Outstanding, the 2006 Series A Mortgage Loan shall be released from the pledge set forth in the foregoing paragraph without the filing of a Cash Flow Statement or a Cash Flow Certificate. Notwithstanding the foregoing, pursuant to the Supplemental Resolutions authorizing the issuance of Outstanding Mitchell-Lama Restructuring Bonds, at such time as no Mitchell-Lama Restructuring Bonds are Outstanding, the 2004 Participant Interest, the 2004 Series E Second Mortgage Loans, the 2005 Series A Second Mortgage Loans, the 2005 Series E Second Mortgage Loans, the 2005 Series F Second Mortgage Loans, the 2005 Series J Second Mortgage Loans, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest, the 2006 Series D Second Mortgage Loans, the 2008 Series C Third Mortgage Loan, the 2008 Series L Second Mortgage Loan and the 2010 Series G Third Mortgage Loan shall be released from the pledge set forth in the foregoing paragraph without the filing of a Cash Flow Statement or a Cash Flow Certificate.

With respect to any 2010 Series H Mortgage Loan secured by FHA Insurance, the 2010 Series H Supplemental Resolution provides that any assignment or reassignment of such Mortgage Loan pursuant to the second preceding paragraph shall be effected in accordance with all applicable HUD regulations. In addition, unless such Mortgage Loan is transferred, assigned and delivered to the Trustee as set forth in the second preceding paragraph: (i) the Corporation shall remain the mortgagee of record under the FHA Insurance contract, (ii) HUD shall have no obligation to recognize or do business with anyone other than

the Corporation with respect to rights, benefits and obligations of the mortgagee under the FHA Insurance contract, and (iii) the Mortgagor shall have no obligation to recognize or do business with anyone other than the Corporation with respect to rights, benefits and obligations of such Mortgagor or the mortgagee under such Mortgage Loan. In the event of any such transfer, assignment and delivery to the Trustee, the Trustee shall assume all obligations under the FHA Insurance contract, at which time the Corporation shall be released from its obligations under such FHA Insurance contract. In the event that the Trustee shall transfer, assign and deliver such Mortgage Loan with respect thereto, back to the Corporation pursuant to the second preceding paragraph, the Corporation shall once again assume all obligations under the FHA Insurance contract, at which time the Trustee shall be released from its obligations under such FHA Insurance contract, all in accordance with all applicable HUD regulations. Further, in the event of such reassignment of such Mortgage Loan by the Trustee to the Corporation, the Corporation shall be bound by the provisions of the General Resolution with respect to such Mortgage Loan.

In order to pay the Principal Installments of and interest on the Bonds when due, the Corporation shall, except as otherwise provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, from time to time, with all practical dispatch and in a sound and economical manner consistent in all respects with the Act, any other applicable law, the provisions of the General Resolution and sound banking practices and principles, (i) use and apply the proceeds of the Bonds, to the extent not reasonably or otherwise required for other purposes of the kind permitted by the General Resolution, to finance the Corporation Corporate Purposes pursuant to the Act, any other applicable law and the General Resolution and any applicable Supplemental Resolution, (ii) do all such acts and things as shall be necessary to receive and collect Revenues (including diligent enforcement of the prompt collection of all arrears on Mortgage Loans), (iii) diligently enforce, and take all steps, actions and proceedings reasonably necessary in the judgment of the Corporation to protect its rights with respect to or to maintain any insurance on Mortgage Loans or any subsidy payments in connection with the Projects securing the Mortgage Loans or the occupancy thereof and to enforce all terms, covenants and conditions of the Mortgage Loans, including the collection, custody and prompt application of all Escrow Payments for the purposes for which they were made.

Pursuant to the 2006 Series A Supplemental Resolution, with respect to the 2006 Series A Purchased Mortgage Loans, and pursuant to the applicable 2008/2010 Supplemental Resolution, with respect to the 2008 Series A Mortgage Loans, the 2008 Series H Mortgage Loans, the 2010 Series G Mortgage Loans, the 2010 Series H Mortgage Loans (other than any 2010 Series H Mortgage Loan insured by FHA Insurance) and the 2010 Series I Mortgage Loan (collectively, the “2008/2010 Mortgage Loans”), as the case may be, the following additional provisions shall apply:

(1) The Corporation shall take all steps, actions and proceedings necessary, in the judgment of the Corporation, to protect its rights with respect to (i) any mortgage securing a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) the Mortgages securing the 2008/2010 Mortgage Loans, as the case may be.

(2) Whenever, in the Corporation’s judgment, it shall be necessary in order to protect and enforce the rights of the Corporation under (i) a mortgage securing a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) the Mortgage securing a 2008/2010 Mortgage Loan, as the case may be, and to protect and enforce the rights and interests of Bondholders, the Corporation may, in its discretion, commence foreclosure proceedings against each mortgagor or Mortgagor, as the case may be, in default under the provisions of such mortgage or Mortgage, as the case may be, and/or in protection and enforcement of its rights under such mortgage or Mortgage, as the case may be, the Corporation may, in its discretion, acquire and take possession of the Project covered by such mortgage or Mortgage, as the case

may be, by bidding for and purchasing such Project at the foreclosure sale thereof, by deed in lieu of foreclosure or otherwise.

(3) Upon acquisition by the Corporation of a Project securing (i) a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) a 2008/2010 Mortgage Loan, as the case may be, by foreclosure, deed in lieu of foreclosure or otherwise, and so long as the Corporation shall have title thereto or be in possession thereof, the Corporation shall, as the case may be, operate and administer such Project in the place and stead of the mortgagor or Mortgagor, as the case may be, and in the manner required of such mortgagor or Mortgagor, as the case may be, by the terms and provisions of such mortgage or Mortgage, as the case may be. The Corporation shall pay the Acquired Project Net Operating Income derived from such Acquired Project to the Trustee for deposit into the Revenue Account.

(4) Notwithstanding the provisions of paragraph (3) above, upon acquisition by the Corporation of a Project securing (i) a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) a 2008/2010 Mortgage Loan, as the case may be, whether by foreclosure, deed in lieu of foreclosure or otherwise:

(a) The Corporation may at any time thereafter sell such Project to another qualified entity and make a mortgage loan or Mortgage Loan, as the case may be, with respect thereto as if such entity were the original mortgagor or Mortgagor, as the case may be, provided that (i) the mortgage or Mortgage, as the case may be, securing such mortgage loan or Mortgage Loan, as the case may be, shall contain the terms, conditions, provisions and limitations substantially similar to the mortgage or Mortgage, as the case may be, of such Project which had previously secured the related 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008/2010 Mortgage Loan, as the case may be, (ii) said new mortgage loan or Mortgage Loan, as the case may be, shall automatically become subject to the lien of the General Resolution and (iii) the Corporation shall file with the Trustee a Certificate of an Authorized Officer describing said replacement mortgage loan or Mortgage Loan, as the case may be, and specifying which 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008/2010 Mortgage Loan, as the case may be, has been so replaced; or

(b) The Corporation may at any time thereafter sell such Project, provided that the proceeds of such sale shall be treated as Pledged Receipts with respect to the 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or as a Recovery of Principal with respect to the 2008/2010 Mortgage Loan, as the case may be.

(5) In addition, and as an alternative to the rights of the Corporation described above, following a default under a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or under a 2008/2010 Mortgage Loan, as the case may be, the Corporation may, in its discretion, cause or consent to the sale of a Project to another qualified entity and, in connection with any such sale (a) allow the purchaser to assume the related mortgage or Mortgage, as the case may be, or (b) make a mortgage loan or Mortgage Loan, as the case may be, with respect thereto as if such entity were the original mortgagor or Mortgagor, as the case may be, if such sale shall occur after the original mortgage or Mortgage, as the case may be, shall have been discharged, provided, however, that (i) the mortgage or Mortgage, as the case may be, securing such mortgage loan or Mortgage Loan, as the case may be, shall contain the terms, conditions, provisions and limitations substantially similar to the mortgage or Mortgage, as the case may be, of such Project which had previously secured the related 2006 Series A Purchased

Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008/2010 Mortgage Loan, as the case may be, (ii) said new mortgage loan or Mortgage Loan, as the case may be, shall automatically become subject to the lien of the General Resolution and (iii) the Corporation shall file with the Trustee a Certificate of an Authorized Officer describing said replacement mortgage loan or Mortgage Loan, as the case may be, and specifying which underlying 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008/2010 Mortgage Loan, as the case may be, has been so replaced.

(6) Any rights of the Corporation set forth in (1)-(5) above may be exercised by, (i) to the extent permitted by law, a subsidiary of the Corporation established pursuant to Section 654-a of the Act and (ii) with respect to the 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan only, another entity in accordance with the provisions of the Special Servicing Agreement.

(7) Notwithstanding the foregoing provisions described above, from and after the date of issuance of SONYMA Insurance with respect to any 2008 Series A Mortgage Loan or 2010 Series G Mortgage Loan insured by SONYMA Insurance, the provisions of (1)-(6) above shall apply only during the period that SONYMA has failed to honor its payment obligations under such SONYMA Insurance.

(8) With respect to the 2008/2010 Mortgage Loans only, as a further alternative to the rights of the Corporation described above, following a default under a 2008/2010 Mortgage Loan, the Corporation may, in its discretion, obtain amounts under any letter of credit or other credit enhancement securing such 2008/2010 Mortgage Loan, or under any agreement entered into by the Corporation and the provider of such letter of credit or other credit enhancement in connection with the providing of such letter of credit or credit enhancement, in accordance with the terms thereof; provided that if the Corporation obtains funds in an amount equal to the outstanding principal balance of such 2008/2010 Mortgage Loan, plus the lesser of (i) accrued interest thereon or (ii) the maximum amount available with respect to accrued interest thereon, pursuant to any such letter of credit, credit enhancement or other agreement, the Corporation shall immediately assign such 2008/2010 Mortgage Loan to or upon the order of the provider thereof free and clear of the lien of the General Resolution.

With respect to any 2010 Series H Mortgage Loan secured by FHA Insurance, the provisions of this paragraph shall apply. The Corporation shall comply with and shall not take any action in conflict with the regulations or prescribed mortgage documents of the Federal Housing Administration so as to jeopardize the FHA Insurance and shall notify the Federal Housing Administration, on a timely basis, of the occurrence of a default on such Mortgage Loan. The Corporation shall promptly advise the Trustee of the occurrence of a default on such Mortgage Loan and shall keep the Trustee advised as to any actions taken to cure such default and/or to assign such Mortgage Loan to the Federal Housing Commissioner and claim the benefits of FHA Insurance. The Corporation shall not seek any extension of the deadline for filing notice of its intention to file a claim for FHA Insurance and assign such Mortgage Loan to HUD. The Corporation shall assign such Mortgage Loan in default to the Federal Housing Commissioner in timely fashion, including the provision of timely notice of its intention to assign such Mortgage Loan to HUD, so as to avoid any loss or diminution of benefits receivable as FHA Insurance, and shall take any and all action necessary or desirable to ensure that all benefits of FHA Insurance are paid to the Corporation in cash, in accordance with all applicable regulations of the Federal Housing Commissioner.

### Issuance of Additional Obligations

The Corporation shall not hereafter create or permit the creation of or issue any obligations or create any indebtedness which will be secured by a superior charge and lien on the Revenues and assets pledged under or pursuant to the General Resolution for the payment of Bonds (other than Subordinate Bonds). In addition, the Corporation shall not hereafter create or permit the creation of or issue any obligations or create any additional indebtedness (other than additional Bonds and except as expressly permitted by the General Resolution with respect to pledges made for the benefit of Credit Facility Providers) which will be secured by an equal charge and lien on the Revenues and assets pledged under or pursuant to the General Resolution. The Corporation expressly reserves the right (i) to issue one or more Series of Subordinate Bonds pursuant to Supplemental Resolutions and (ii) to issue one or more series of bonds, notes or other obligations pursuant to other resolutions which will be secured by a subordinate charge and lien on the Revenues and assets pledged under the General Resolution.

### Sale of Mortgage Loans

The Corporation is authorized to sell, assign or otherwise dispose of a Mortgage Loan, in addition to a sale, assignment or disposition required pursuant to the General Resolution or any applicable Supplemental Resolution, provided the proceeds of such sale, assignment or disposition shall be treated as Recoveries of Principal for purposes of the General Resolution and provided, further, that, with respect to any Mortgage Loan not in default, a Cash Flow Statement is filed with the Trustee. Notwithstanding the above to the contrary, the 2006 Series A Supplemental Resolution provides that the Corporation is not authorized to sell, assign or otherwise dispose of the 2006 Series A Mortgage Loan or any mortgage loan underlying the 2006 Series A Mortgage Loan prior to May 1, 2016 other than a mortgage loan in default.

### Disposition of Recoveries of Principal

All Recoveries of Principal shall be deposited in the Redemption Account and applied to the redemption of Bonds as soon as practically possible; provided, however, that, except as otherwise provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, in lieu of such deposit, the Corporation may, upon filing a Cash Flow Statement, direct the Trustee to deposit all or a portion of any such Recoveries of Principal in the Bond Proceeds Account or the Revenue Account.

### Powers of Amendment

Any modification of or amendment to the provisions of the General Resolution and of the rights and obligations of the Corporation and of the owners of the Bonds may be made by a Supplemental Resolution, with the written consent (given as provided in the General Resolution), (i) of the owners of at least two-thirds in principal amount of the Bonds Outstanding at the time such consent is given, (ii) in case less than all of the Bonds then Outstanding are affected by the modification or amendment, of the owners of at least two-thirds in principal amount of the Bonds so affected and Outstanding at the time such consent is given, and (iii) in case the modification or amendment changes the terms of any Sinking Fund Payment, of the owners of at least two-thirds in principal amount of the Bonds of the particular Series and maturity entitled to such Sinking Fund Payment and Outstanding at the time such consent is given; provided, however, that in addition to the foregoing and notwithstanding anything to the contrary contained in the General Resolution, any modification of or amendment to a Supplemental Resolution authorizing the issuance of a Series of Bonds and of the rights and obligations of the Corporation and of the owners of the Bonds of such Series thereunder, in any particular, may, if no Bonds other than the Bonds of such Series are affected by the modification or amendment, be made by a Supplemental Resolution, but only, in the event such Supplemental Resolution shall require the consent of Bond owners, with the written consent given as provided in the General Resolution, of at least two-thirds in

principal amount of the Bonds of such Series Outstanding at the time such consent is given. If any such modification or amendment will not take effect so long as any Bonds of any specified Series and maturity remain Outstanding however, the consent of the owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this paragraph. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the owner of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

The Corporation may adopt, without the consent of any owners of the Bonds, Supplemental Resolutions to, among other things, provide limitations and restrictions in addition to the limitations and restrictions contained in the General Resolution on the issuance of other evidences of indebtedness; add to the covenants and agreements or limitations and restrictions on, the Corporation's other covenants and agreements or limitations and restrictions which are not contrary to or inconsistent with the General Resolution; surrender any right, power or privilege of the Corporation under the General Resolution, but only if the surrender is not contrary to or inconsistent with the covenants and agreements of the Corporation contained in the General Resolution; confirm any pledge under the General Resolution of the Revenues or of any other revenues or assets; modify any of the provisions of the General Resolution in any respect whatever (but no such modification shall be effective until all Bonds theretofore issued are no longer Outstanding); provide for the issuance of Bonds in coupon form payable to bearer; authorize the issuance of a Series of Bonds and prescribe the terms and conditions thereof; cure any ambiguity or correct any defect or inconsistent provision in the General Resolution (provided that the Trustee shall consent thereto); comply with the Code; pledge under the General Resolution any additional collateral as further security for the Bonds or specific Series of Bonds, including, but not limited to, additional Mortgage Loans or other assets or revenues; appoint a trustee (other than the Trustee) with respect to any Subordinate Bonds; or make any additions, deletions or modifications to the General Resolution which, in the opinion of the Trustee, are not materially adverse to the interests of the Bond owners.

#### Events of Default

Each of the following events shall constitute an "Event of Default" with respect to the Bonds: (1) payment of the principal or Redemption Price, if any, of or interest on any Bond when and as the same shall become due, whether at maturity or upon call for redemption or otherwise, shall not be made when and as the same shall become due; or (2) the Corporation shall fail or refuse to comply with the provisions of the General Resolution or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained therein or in any applicable Supplemental Resolution or the Bonds, and such failure, refusal or default shall continue for a period of forty-five (45) days after written notice thereof by the Trustee or the owners of not less than 5% in principal amount of the Outstanding Bonds (other than Subordinate Bonds).

#### Remedies

Upon the happening and continuance of any Event of Default specified in clause (1) of the preceding paragraph, the Trustee shall proceed, or upon the happening and continuance of any Event of Default specified in clause (2) of the preceding paragraph, the Trustee may proceed and, upon the written request of the owners of not less than 25% in principal amount of the Outstanding Bonds (other than Subordinate Bonds), shall proceed, in its own name, subject to the provisions of the General Resolution, to protect and enforce the rights of the Bond owners by such of the following remedies, as the Trustee,

being advised by counsel, shall deem most effectual to protect and enforce such rights: (1) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the Bond owners, including the right to require the Corporation to receive and collect Revenues adequate to carry out the covenants and agreements as to the Mortgage Loans and to require the Corporation to carry out any other covenants or agreements with such Bond owners, including the assignment of the Mortgage Loans, and to perform its duties under the Act; (2) by bringing suit upon the Bonds; (3) by action or suit in equity, to require the Corporation to account as if it were the trustee of an express trust for the owners of the Bonds; (4) by action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the owners of the Bonds; (5) by declaring all Outstanding Bonds due and payable (provided that with respect to an Event of Default specified in clause (2) of the preceding paragraph, no such declaration shall be made without the consent of the owners of 100% in principal amount of the Outstanding Bonds (other than Subordinate Bonds)), and if all defaults shall be cured, then, with the written consent of the owners of not less than 25% in principal amount of the Outstanding Bonds (other than Subordinate Bonds), by annulling such declaration and its consequences; or (6) in the event that all Outstanding Bonds are declared due and payable, by selling Mortgage Loans and any Investment Securities securing such Bonds.

In the enforcement of any rights and remedies under the General Resolution, the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming, and at any time remaining, due and unpaid from the Corporation for principal, Redemption Price, interest or otherwise, under any provisions of the General Resolution or a Supplemental Resolution or of the Bonds with interest on overdue payments at the rate of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings thereunder and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Bond owners, and to recover and enforce a judgment or decree against the Corporation for any portion of such amounts remaining unpaid, with interest, costs and expenses (including without limitation pre-trial, trial and appellate attorneys' fees), and to collect from any monies available for such purpose, in any manner provided by law, the monies adjudged or decreed to be payable.

Anything in the General Resolution to the contrary notwithstanding, the owners of the majority in principal amount of the Bonds then Outstanding (other than Subordinate Bonds) shall have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee under the General Resolution, provided that such direction shall not be otherwise than in accordance with law or the provisions of the General Resolution, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bond owners not parties to such direction.

No owner of any Bond shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law under the General Resolution, or for the protection or enforcement of any right under the General Resolution unless such owner shall have given to the Trustee written notice of the Event of Default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the owners of not less than 25% in principal amount of the Bonds then Outstanding (other than Subordinate Bonds) shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers in the General Resolution granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses (including legal fees and expenses) and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Nothing contained in the General Resolution shall affect or impair the right of any Bond owner to enforce the payment of the principal of and interest on such owner's Bonds, or the obligation of the Corporation to pay the principal

of and interest on each Bond issued under the General Resolution to the owner thereof at the time and place in said Bond expressed.

Unless remedied or cured, the Trustee shall give to the Bond owners notice of each Event of Default under the General Resolution known to the Trustee within ninety (90) days after actual knowledge by the Trustee of the occurrence thereof. However, except in the case of default in the payment of the principal or Redemption Price, if any, of or interest on any of the Bonds, or in the making of any payment required to be made into the Bond Proceeds Account, the Trustee may withhold such notice if it determines that the withholding of such notice is in the interest of the Bond owners.

#### Priority of Payments After Default

In the event that upon the happening and continuance of any Event of Default the funds held by the Trustee shall be insufficient for the payment of the principal or Redemption Price, if any, of and interest then due on the Bonds affected, such funds (other than funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption) and any other amounts received or collected by the Trustee acting pursuant to the Act and the General Resolution, after making provision for the payment of any expenses necessary in the opinion of the Trustee to protect the interest of the owners of such Bonds and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee in the performance of its duties under the General Resolution, shall be applied as follows:

(1) Unless the principal of all of such Bonds shall have become or have been declared due and payable:

(a) To the payment to the persons entitled thereto of all installments of interest then due (other than with respect to Subordinate Bonds) in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference,

(b) To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any such Bonds (other than Subordinate Bonds) which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds (other than Subordinate Bonds) due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price, if any, due on such date, to the persons entitled thereto, without any discrimination or preference,

(c) To the payment to the persons entitled thereto of all installments of interest then due with respect to Subordinate Bonds in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference, and

(d) To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any Subordinate Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their

due dates and, if the amounts available shall not be sufficient to pay in full all the Subordinate Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price, if any, due on such date, to the persons entitled thereto, without any discrimination or preference.

(2) If the principal of all such Bonds shall have become or have been declared due and payable, first to the payment of the principal and interest then due and unpaid upon such Bonds (other than Subordinate Bonds) without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any such Bond (other than Subordinate Bonds) over any other such Bond (other than Subordinate Bonds), ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in such Bonds (other than Subordinate Bonds), and second, to the payment of the principal and interest then due and unpaid upon the Subordinate Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any such Subordinate Bond over any other such Subordinate Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in such Subordinate Bonds.

#### Defeasance

If the Corporation shall pay or cause to be paid to the owners of all Bonds then Outstanding the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the General Resolution, then the pledge of any Revenues and other monies, securities, funds and property pledged by the General Resolution and all other rights granted by the General Resolution shall be discharged and satisfied.

Bonds or interest installments for the payment or redemption of which monies shall have been set aside and shall be held in trust by the Trustee (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or Redemption Date thereof shall be deemed to have been paid within the meaning and with the effect expressed in the above paragraph. Except as otherwise provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, all Outstanding Bonds of any Series shall, prior to the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in the above paragraph if: (i) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Corporation shall have given to the Trustee in form satisfactory to it irrevocable instructions to give as provided in the General Resolution notice of redemption on said date of such Bonds, (ii) there shall have been set aside and shall be held in trust by the Trustee (through deposit by the Corporation of funds for such payment or redemption or otherwise) either (a) monies in an amount which shall be sufficient, or (b) Government Obligations or (c) obligations (1) validly issued by or on behalf of a state or political subdivision thereof, (2) the interest on which is excluded from gross income for Federal income taxation purposes pursuant to Section 103(a) of the Code and (3) fully secured by a first lien on Government Obligations, the principal of and the interest on which when due will provide monies which, together with the monies, if any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal or Redemption Price, if any, of and interest due and to become due on said Bonds on and prior to the Redemption Date or maturity date thereof, as the case may be, and (iii) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Corporation shall have given the Trustee in form satisfactory to it irrevocable instructions to give by mail, as soon as practicable, notice to the owners of

such Bonds that the deposit required by this subsection has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with the General Resolution and stating such maturity or Redemption Date upon which monies are to be available for the payment of the principal or Redemption Price, if any, on said Bonds. To the extent required for the payment of the principal or Redemption Price, if applicable, of and interest on said Bonds, neither monies deposited with the Trustee pursuant to the General Resolution nor principal or interest payments on any such Government Obligations or obligations described in clause (c) above and deposited with the Trustee pursuant to the General Resolution shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if any, of and interest on said Bonds; provided that any cash received from such principal or interest payments on such Government Obligations or obligations described in clause (c) above and deposited with the Trustee pursuant to the General Resolution, if not then needed for such purpose, shall, to the extent practicable, be reinvested in obligations described in clauses (b) or (c) above maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if any, of and interest to become due on said Bonds on and prior to such Redemption Date or maturity date thereof, as the case may be, and, if not required for the payment of such Bonds, any monies deposited with the Trustee pursuant to the General Resolution and principal and interest payments on the obligations described in clauses (b) or (c) above shall be paid over to the Corporation, as received by the Trustee, free and clear of any trust, lien or pledge. The Trustee may sell, transfer or otherwise dispose of the obligations described in clauses (b) and (c) above deposited with the Trustee pursuant to the General Resolution; provided that the amounts received upon any such sale, transfer or other disposition, or a portion of such amounts, shall be applied to the purchase of other obligations described in clauses (b) and (c) above, the principal of and the interest on which when due will provide monies which, together with the monies on deposit with the Trustee, shall be sufficient to pay when due the principal or Redemption Price, if applicable, of and interest due and to become due on said Bonds on and prior to the Redemption Date or maturity date thereof, as the case may be, in accordance with the General Resolution.

Amounts held by the Trustee for the payment of principal or Redemption Price of, or interest on, Bonds held by particular Bond owners with respect to which no claim for payment has been made shall be disposed of as provided by applicable law, or if there shall be no such applicable law, shall be returned to the Corporation three years after the date on which payment of such amounts would have been due.

## Report of Independent Auditors

The Members of the  
New York City Housing Development Corporation

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the New York City Housing Development Corporation (the Corporation), a component unit of the City of New York, as of and for the year ended October 31, 2009, which collectively comprise the Corporation's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the Corporation's 2008 financial statements and, in our report dated February 12, 2009 we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Corporation's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Corporation as of October 31, 2009, and the respective changes in financial position and where applicable, cash flows, thereof for the year then ended in conformity with U.S. generally accepted accounting principles.

Management's discussion and analysis and the schedule of funding progress on pages 3 to 8 and page 61 are not a required part of the basic financial statements but are supplementary information required by the Government Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding methods of measurement and presentation of this required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purposes of forming opinions on the financial statements that collectively comprise the Corporation's basic financial statements. The supplementary information included in Schedule 2 on pages 62 to 63 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**NEW YORK CITY HOUSING DEVELOPMENT CORPORATION**  
**Management's Discussion and Analysis**  
**Year Ended October 31, 2009**

**INTRODUCTION**

The New York City Housing Development Corporation (“HDC” or the “Corporation”) is a State public benefit corporation that finances affordable housing in New York City. HDC issues tax-exempt and taxable debt and uses the proceeds along with other monies of the Corporation to make loans to finance new residential construction and the rehabilitation of existing multi-family housing. HDC, which is financially self-supporting, also lends its own internally-generated funds for these purposes. All of these activities are reported in the financial statements under the heading “Housing Development Corporation.”

HDC currently has two active subsidiaries that are discretely presented as component units in the financial statements. The Residential Mortgage Insurance Corporation (“REMIC”) insures residential mortgages in New York City. The Housing Assistance Corporation (“HAC”) made mortgage loans for affordable housing in the 1980s. Presently, it provides rental subsidy assistance to a small number of residential developments.

The Corporation’s annual financial report consists of three parts: *management’s discussion and analysis* (this section), the basic *financial statements*, and *required supplementary information* which includes the schedule of funding progress and follows directly after the notes to the financial statements.

This section of the Corporation’s annual financial report presents our discussion and analysis of the Corporation’s financial performance during the fiscal year that ended on October 31, 2009. This period is also referred to as Fiscal Year 2009. Data is presented for the primary governmental entity HDC only. Reported amounts have been rounded to facilitate reading.

**FINANCIAL HIGHLIGHTS**

- In spite of the current economic conditions, significant growth in assets and liabilities has continued from last fiscal year due to ongoing financing activities.
- Thirty-one bond series sold, totaling \$1.43 billion, to create and preserve affordable housing. Of the total issued, \$1.24 billion was new money and \$192.4 million was refinancing of previously issued debt.
- Total assets of \$9.97 billion, an increase of \$840.4 million or 9.2% from 2008 as a result of borrowing activities noted above and related mortgages.
- Total liabilities of \$8.80 billion, an increase of \$779.7 million or 9.7% from 2008 as a result of the bonds issued and noted above.
- Total net assets of \$1.17 billion, an increase of \$60.7 million or 5.5% from 2008 due to normal operating activities.

## OVERVIEW OF THE FINANCIAL STATEMENTS

The Corporation is a self-supporting entity and follows enterprise fund reporting. An enterprise fund reports activity that is financed with debt that is secured solely by a pledge of the net revenue from that activity as well as activity that is not supported by taxes or similar revenues. HDC's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The accrual basis of accounting matches revenues and expenses to the time period in which they are earned or attributable, respectively, which may differ from the period in which the associated cash is received or expended.

Enterprise fund statements offer short-term and long-term financial information about the Corporation's activities. While detailed sub-fund information is not presented in the Corporation's financial statements, separate accounts are maintained for each bond issue and component unit, as well as the Corporation's general operating fund, known as the Corporate Services Fund. In addition, HDC also services construction and permanent loans on behalf of New York City's Department of Housing Preservation and Development ("HPD"). These sub-funds permit HDC to control and manage money for particular purposes and to demonstrate that the Corporation is properly using specific resources.

### HDC's Assets and Liabilities

The balance sheet presents the Corporation's assets, liabilities, and net assets as of October 31, 2009. The following table represents the changes in the primary entity, HDC's, net assets between October 31, 2008 and 2009 and should be read in conjunction with the financial statements. (Dollar amounts are in thousands):

	2009	2008	Change	Percent Change

<b>Total Liabilities</b>	<b>8,802,391</b>	<b>8,022,699</b>	<b>779,692</b>	<b>9.7</b>
<b>Net Assets</b>				
Restricted for bond obligations	522,469	420,651	101,818	24.2
Unrestricted	644,088	685,222	(41,134)	(6.0)
<b>Total Net Assets</b>	<b>\$1,166,557</b>	<b>\$1,105,873</b>	<b>\$60,684</b>	<b>5.5%</b>

Assets of the Corporation consist largely of the following: mortgage loans; cash and investments from bond proceeds, debt service and other reserves; funds designated for various housing programs; and other assets, which include participation interests in cash flows from pools of mortgage loans, housing-related notes receivable and purpose investments, and working capital. Total assets grew 9.2% or \$840.4 million from 2008 due to the Corporation's ongoing debt issuances and lending activities. In the prior fiscal year, total assets increased \$924.3 million or 11.3%.

As noted above, the growth in total assets in 2009 was due primarily to the Corporation's ongoing debt issuance and lending activities. When HDC sells bonds, the bond proceeds are an investment asset until converted to a loan asset once disbursed. The asset value is generally offset by the related bond liability.

Liabilities of the Corporation can be grouped into three main categories. By far the largest is HDC bonds outstanding, which totaled almost \$7.5 billion at October 31, 2009. The second largest category is "Payable to New York City" (the "City"). This includes construction loan funds administered on behalf of HPD and other assets which will ultimately revert to the City pursuant to various loan participation and other agreements. These include loan assets which are currently held by HDC and pledged to pay HDC bonds, but transfer to the City when the related bonds are retired. The last category, "Other", includes payable to mortgagors and deferred income. Payable to mortgagors are funds held and administered by HDC but are the property of others, such as escrows held by HDC in the course of its loan servicing functions. Deferred income is where HDC receives certain mortgage and bond-related fee income as cash, but as a result of using the accrual method of accounting only recognizes the income when earned over the appropriate time period. This deferred income is shown as a liability.

Total liabilities of the Corporation were \$8.80 billion at October 31, 2009. Liabilities grew 9.7% or \$779.7 million from the prior year, principally as a result of HDC issuing 31 new bond series during Fiscal Year 2009, net of bond redemptions and retirements. Although there was a net increase in the Payable to the City as a whole, three separate transactions primarily impacted the amount payable during the year. First, the aforementioned origination or purchase of a participation interest with the City in Mitchell Lama subordinate loans, interest and prepayments caused a net decline of \$5.5 million in Payable to the City. Second, a decline of \$4.8 million in the participation loan program with HPD due to the receipt of non-operating revenues and bond credit facility fees. Third, an increase of \$38.2 million in the administration of construction and permanent loans on behalf of the City (HPD).

Net assets of the Corporation are the excess of assets over liabilities, and totaled \$1.17 billion for the Corporation as of October 31, 2009. This represents an increase of \$60.7 million or 5.5% over the prior year. In 2008 total net assets increased \$45.7 million or 4.3%. The growth in net assets of \$60.7 million in 2009 is due to normal operating activities and a result of revenues in excess of expenses and is discussed below.

Net assets are classified as restricted or unrestricted, with restricted assets being committed by law or contract to specific purposes. HDC's most significant restricted assets

include debt service reserves for HDC bond issues and undisbursed bond proceeds held prior to construction advances. Unrestricted assets may be classified as designated or undesignated. Designated assets are those allocated by action or policy for specific purposes determined by HDC's Members, such as rating agency reserves (to support the Corporation's general obligation rating), specific housing loan programs to which the Corporation has committed resources under the Mayor's New Housing Marketplace Program, and working capital. Virtually all of the Corporation's net assets are either restricted or designated.

### HDC's Revenues and Expenses

The Statement of Revenues, Expenses and Changes in Fund Net Assets presents revenues recognized in and expenses attributed to the fiscal year ended October 31, 2009. The table below summarizes the primary entity, HDC's, revenues and expenses and presents comparative data. It should be read in conjunction with the financial statements. (Dollar amounts are in thousands):

<b>Net Assets, End of Year</b>	<b>\$1,166,557</b>	<b>\$1,105,873</b>	<b>\$60,684</b>	<b>5.5%</b>

Revenues of the Corporation are classified as operating and non-operating. Interest income from mortgage and other loan-related interest represents the Corporation's major source of operating revenue, which also includes various loan and bond program fees such as commitment, financing, and mortgage insurance and servicing fees. The Corporation's non-operating revenues consist mostly of earnings on investments including purpose investments. Investment income accrues to the benefit of the program for which the underlying sources of funds are utilized.

HDC's expenses are also classified as operating and non-operating. Operating expenses consist primarily of interest on bonds, which accounted for 82.0% of operating expenses in Fiscal Year 2009. Other operating expenses include corporate operating expenses (salaries, overhead, and depreciation) and fees. Non-operating expenses are relatively minor and consist largely of amortization of the capitalized value of a purchased cash flow.

HDC's change in net assets for Fiscal Year 2009 was positively or negatively affected as described below:

- Interest on loans declined by \$42.5 million or 19.7%. Although there was an increase in income from prepayments of non-participating loans in the Mitchell-Lama program, due to lower interest rates on the variable rate mortgages, interest on loans decrease for the year. In 2008, interest on loans decreased by \$25.5 million or 10.6% from the previous year due to decreases in variable interest rates and the prepayment of loans in the Mitchell-Lama program.
- Earnings on investments decreased by \$26.8 million or 43.5% mainly due to an environment of lower short-term interest rates that continued from last year. In 2008, earnings on investments decreased by \$20.0 million or 24.5% from the previous year.
- Interest expense declined from \$231.1 million to \$145.2 million or 37.2% mainly due to lower interest rates on Variable Rate Debt Obligations ("VRDO") which has continued from last year. In 2008, interest expense decreased by \$19.7 million or 7.8% from the previous year due to lower interest rates on "VRDO".
- Other operating expenses increased by \$1.3 million or 4.4% mainly as a result of an increase in bond related operating costs and costs related to Other Post Employment Benefits ("OPEB") for FY 2009. All other operating costs increased due to the growth in HDC's volume of business. In 2008, other operating expenses increased by \$2.0 million or 7.2% from the previous year because of an increase in bond related operating costs and costs related to OPEB.
- As a result of the factors noted above, particularly the large decline in interest expense, the Corporation's growth in net assets resulting from revenues in excess of expenses amounted to \$60.7 million, an increase of \$15.0 million from \$45.7 million in 2008.

## DEBT ADMINISTRATION

At year-end, the Corporation had approximately \$7.5 billion of bond principal outstanding, net of deferred bond refunding costs and discount and premium, an increase of 12.5% over the prior year. The following table summarizes the changes in bonds payable between October 31, 2008 and October 31, 2009. (Dollar amounts are in thousands):

	2009	2008	Percentage Increase FY 2008 to 2009
Bonds Payable	\$7,455,485	6,625,285	12.5%

Due to the ongoing credit crisis in the financial market, few of the Corporation's "VRDO" bond series were tendered during fiscal year 2009. These bonds series, which totaled \$17,120,000 were not remarketed for a certain period of time during the fiscal year and became Bank Bonds, along with the outstanding Bank Bonds held at October 31, 2008 of \$83,555,000. Between the end of fiscal year 2008 and March 31, 2009, all Bank Bonds under the Corporation's Housing Revenue Bond Program were successfully remarketed. There have been no Bank Bonds since March 31, 2009. Additional information on the Corporation's long-term debt can be found in Note 9 to the financial statements: "Bonds Payable".

## **NEW BUSINESS**

During Fiscal Year 2009, the Corporation issued 31 new taxable and tax-exempt bond series totaling \$1.43 billion. Included in this total were 22 series of Housing Revenue Bond Program bonds totaling \$946.8 million, six series of Multi-Family Mortgage Revenue Bonds Rental Projects Program bonds amounting to \$365.2 million, two series of Multi-Family Rental Housing Revenue Bond program bonds totaling \$51.9 million and one series of Residential Revenue Bonds program bonds for \$69.9 million. All of these funds are being used to provide mortgage and loan financing. In further support of its affordable housing mission, the Corporation also made low interest loans from its net assets. Subsequent to October 31 2009, HDC issued 6 additional series of bonds in the aggregate amount of \$794.8 million.

# New York City Housing Development Corporation

## Notes to the Financial Statements

October 31, 2009

### Note 1: Organization

The New York City Housing Development Corporation (the “Corporation” or “HDC”) is a corporate governmental agency constituting a public benefit corporation organized and existing under the laws of the State of New York (the “State”). The Corporation is also a tax exempt organization under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, (the “Code”). The Corporation was established in 1971 under the provisions of Article XII of the Private Housing Finance Law (the “Act”) of the State and is to continue in existence for at least as long as bonds, notes or other obligations of the Corporation are outstanding.

The Corporation was created to encourage the investment of private capital through low-interest mortgage loans in order to increase the supply of safe and sanitary dwelling accommodations for families and persons whose need for housing accommodations cannot be provided by unassisted private enterprise. To accomplish its objectives, the Corporation is empowered to finance housing through new construction or rehabilitation and to provide permanent financing for multi-family residential housing. The Corporation finances significant amounts of its activities through the issuance of bonds and notes. The bonds and notes of the Corporation are not debts of either the State or the City of New York (the “City”).

Pursuant to Governmental Accounting Standards Board Statement (“GASB”) No. 14, “The Financial Reporting Entity,” the Corporation’s financial statements are included in the City’s financial statements as a component unit for financial reporting purposes.

#### Primary Government Entity

For the purpose of these financial statements, the Corporation is the primary government entity. Financial activity in HDC’s bond and loan programs and in its Corporate Services Fund are aggregated and reported in the financial statements under Housing Development Corporation. The Corporation sells bonds, administers bond proceeds and manages bond revenues and repayments in accordance with bond resolutions adopted by its Board Members (see Note 9: “Bonds Payable”). Bond proceeds are used to make loans and provide for related costs and reserves, and loan repayments are applied to pay principal and interest on the related bonds (see Note 4: “Mortgage Loans”; Note 5: “Notes Receivable”; and Note 6: “Loan Participation Receivable for The City of New York”). Corporation resources that are not pledged under or governed by a bond resolution are managed in the Corporate Services Fund. This fund accounts for (1) fees and earnings transferred from the bond and loan programs; (2) Section 8 administrative fees; (3) fees earned on loans serviced for HDC and for the City; (4) income from Corporate Services Fund investments; (5) payment of the Corporation’s operating expenses; and (6) loan assets made with corporate funds.

The Corporation currently has two active subsidiaries that are reported as Discretely Presented Component Units in the financial statements and two inactive subsidiaries.

The Housing Assistance Corporation (“HAC”) and the New York City Residential Mortgage Insurance Corporation (“REMIC”) represent active subsidiaries and together with the Housing New York

# New York City Housing Development Corporation

## Notes to the Financial Statements

October 31, 2009

Corporation (“HNYC”) and the Real Estate Owned Corporation (“REO”) comprise the reporting entity. HAC and REMIC have been included in the Corporation’s financial statements as discretely presented component units of HDC. All of these entities have been reported as component units because HDC’s Members comprise all or a controlling majority of the Board for each entity and HDC’s staff provides all services for each entity.

### Discretely Presented Component Units

#### *(A) Housing Assistance Corporation*

The Housing Assistance Corporation is a public benefit corporation established pursuant to Section 654-b of the Act as a subsidiary of the Corporation.

HAC is empowered to receive monies from any source, including, but not limited to, the Corporation, the City or the State, for the purpose of assisting rental developments to maintain rentals affordable to low and moderate-income persons for whom the ordinary operation of private enterprise cannot supply safe, sanitary and affordable housing accommodations. In order to accomplish this objective, HAC may transfer, lend, pledge or assign these monies to any rental development or assist the Corporation in financing such developments. As a subsidiary of HDC, HAC’s functions are administered by the Corporation and its Board Members substantially overlap with HDC’s Board Members, so it is reported as a discretely presented component unit in HDC’s financial statements.

#### *(B) New York City Residential Mortgage Insurance Corporation*

The New York City Residential Mortgage Insurance Corporation is a public benefit corporation established pursuant to Section 654-d of the Act as a subsidiary of HDC. REMIC is the successor entity to the New York City Rehabilitation Mortgage Insurance Corporation (“Old REMIC”), which was dissolved on January 27, 1993. REMIC has the authority to insure residential mortgage loans throughout the City in order to promote the preservation of neighborhoods which are blighted, are becoming blighted or may become blighted, to discourage divestment and encourage the investment of mortgage capital in such neighborhoods and to provide safe, sanitary and affordable housing accommodations to persons and families for whom the ordinary operations of private enterprise cannot supply such accommodations.

REMIC is required to maintain three reserves. The Housing Insurance Fund can be used as a revolving fund solely for the payment of liabilities arising from housing insurance contracts issued by REMIC. The Housing Insurance Fund requirement as of any particular date is established by statute and must be in an amount equal to the aggregate of (i) one hundred percent of the insured amounts due and payable pursuant to housing insurance contracts, plus (ii) twenty percent of the insured amounts under housing insurance contracts other than insured amounts which are due and payable pursuant to (i) above, plus (iii) twenty percent of the amounts to be insured under REMIC’s commitments to insure. The Housing Insurance Fund requirement at October 31, 2009 is \$40,674,000.

REMIC must also maintain a Mortgage Insurance Fund which shall be used solely for the payment of

# New York City Housing Development Corporation

## Notes to the Financial Statements

October 31, 2009

liabilities arising from mortgage insurance contracts of the Old REMIC. The Mortgage Insurance Fund requirement at October 31, 2009 is \$250,000, which constitutes one hundred percent of Old REMIC's insured mortgage loans.

Any income or interest earned on these two reserves in excess of their respective requirements is transferred at least annually to the Premium Reserve Fund. The Premium Reserve Fund must also be maintained to provide for the payment of REMIC's liabilities arising from its operations, including liabilities arising from housing and mortgage insurance contracts. REMIC also maintains an Operating Fund for operation purposes. As a subsidiary of HDC, REMIC functions are administered by the Corporation. The Premium Reserve Fund and Operating Fund have a combined balance of \$10,184,000 at October 31, 2009. REMIC is reported as component units because HDC's Members comprise all or a controlling majority of the Board for each entity and HDC's staff provides all services for each entity.

### *(C) Housing New York Corporation*

The Housing New York Corporation is a public benefit corporation established pursuant to Section 654-c of the Act as a subsidiary of the Corporation. Authorization for the funding of the Housing New York Program ended on July 1, 1995. Consequently, HNYC can no longer issue bonds or notes to fund the Housing New York Program.

Upon repayment of all of the outstanding HNYC bonds on November 3, 2003, HNYC became an inactive subsidiary of the Corporation and its remaining funds were transferred out of HNYC. However, HNYC is not expected to be dissolved.

### Blended Component Unit

#### *(D) Real Estate Owned Corporation*

The NYC HDC Real Estate Owned Corporation ("REO Subsidiary Corporation"), was established under Section 654-a of the Act on September 20, 2004. The REO Subsidiary Corporation has the power to hold property whenever, in the sole discretion of the Corporation, it has become necessary to acquire a project in the case of sale under foreclosure or in lieu of foreclosure to effectuate the purposes of the Act. There was no activity by this subsidiary during fiscal year 2009 and it is treated as a blended component unit of HDC.

## **Note 2: Summary of Significant Accounting Policies**

The Corporation follows the principles of fund accounting, with a sub-fund for each bond series, for the Corporate Services Fund, and for each component unit. Each fund's assets, liabilities and net assets are accounted for as separate entities and follow enterprise fund reporting. Certain individual funds are aggregated into larger categories for the purpose of financial reporting. The accompanying financial statements are presented using the economic resources measurement focus and the accrual basis of accounting wherein revenues are recognized when earned and expenses when incurred.

# New York City Housing Development Corporation

## Notes to the Financial Statements

October 31, 2009

In its accounting and financial reporting, the Corporation follows the pronouncements of GASB. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 are followed by the Corporation to the extent that those standards do not conflict with or contradict guidance of the GASB. The Corporation has elected not to follow subsequent private-sector guidance.

Other significant accounting policies are:

### *A. Revenue and Expense Recognition*

The Corporation's operating revenue consists of earnings on loans and loan participation interests, fees and charges associated with both financing and servicing mortgages and loans, and other revenues that are received to cover the costs of raising capital. All other revenue, which is primarily investment income, is considered non-operating. Revenues are recognized when earned; commitment and financing fees are recognized over the life of the related mortgage.

Operating expenses include bonding costs, expenses for administering the various bond resolutions, personnel expenses, corporate operating expenses, amortization of capitalized issuance and financing costs, and depreciation expense. The Corporation reports all other expenses, including distributions of first mortgage earnings to the City in connection with loan participations and the payment, if necessary, of mortgage loan principal receipts on bond interest payments, as non-operating expenses. Expenses are recognized as incurred. Virtually all resources are either restricted or designated. Net assets have been restricted in accordance with terms of an award, agreement or by state law. Designated assets are committed for specific purposes pursuant to HDC policy and/or Board directives. Please see Note 17: "Net Assets" for more detailed information.

### *B. Cash Equivalents and Investments*

Short-term bank deposits and investments with stated maturities of 90 days or less are reported as Cash and Cash Equivalents. All investments are reported at fair value, except for investment agreements. The Corporation's investment agreements, which can take the form of open time deposits or fixed repurchase agreements, are reported at an amount equal to principal and accrued interest.

Generally Accepted Accounting Principles ("GAAP") generally require that restricted assets be reported as non-current assets. In the case of cash equivalents and investments, this treatment generally causes restricted investments with maturities less than one year to be reported as non-current. However, to more accurately report the alignment of HDC's current liability for payment of bond principal and interest with funds available to satisfy these liabilities, HDC has included in Current Assets the cash, cash equivalents and investments held as of October 31, 2009 \$228,806,000 for payment of bond principal and interest due in the following year.

### *C. Purpose Investments*

As part of its financing activities, HDC has made five housing development loans that are secured by GNMA certificates rather than mortgages on the related properties. The GNMA certificates provide

# New York City Housing Development Corporation

## Notes to the Financial Statements

payments at such times and in such amounts as to fully repay the respective HDC loans, and are the only source of repayment for these loans. As such, the GNMA certificates are treated under U.S. Treasury regulations as acquired program obligations. The GNMA certificates are classified in the financial statements as purpose investments and identified separately from other investments and restricted investments in the financial statements. However, interest earned on the GNMA certificate is included in investment income.

It is the Corporation's policy to record GNMA's at amortized cost, which amounted to \$194,196,000 and \$194,866,000, at October 31, 2009 and October 31, 2008, respectively. The fair value of these purpose investments amounted to \$198,199,000 and \$189,683,000, at October 31, 2009 and at October 31, 2008, respectively.

### *D. Earnings on Investments*

Earnings on investments include interest income and changes in fair market value. Investment earnings on monies held for the City, project reserves for replacement and certain other project escrows are not reported as revenues; rather, they are reported as payable to the City or payable to mortgagors, respectively.

### *E. Debt Issuance Costs, Bond Discount and Other Bond Related Costs*

Debt issuance costs and bond discount and premium are amortized over the life of the related bond issues using the effective interest method. Premiums paid in connection with interest rate cap agreements are amortized and reported as interest expense over the life of the respective agreements. Deferred Bond Refunding Costs are amortized to expenses over the shorter of the life of the refunding bonds or the refunded bonds.

### *F. Allowance for Credit Losses*

HDC's loans are underwritten according to standards the Corporation believes prudent and are closely monitored for payment and for management of the associated housing developments. In addition, many of the Corporation's mortgages have credit enhancements through letters of credit, mortgage insurance and other supports. As such, HDC believes that the likelihood of experiencing material credit losses relating to its bonded mortgage programs is unlikely. Management has determined that current charges against income are not required.

### *G. Summarized Financial Information*

The financial statements include summarized comparative information for the year ended October 31, 2008 in total but not by reporting unit. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Corporation's financial statements for the year ended October 31, 2008 (which are available from the Corporation and on its website).

#### H. Reclassifications

Certain fiscal year 2008 balances have been reclassified in order to conform to the current year presentation.

#### Note 3: Investments and Deposits

The Corporation is authorized to engage in investment activity pursuant to the Act and the Corporation's respective bond resolutions. Investment policies are set for the Corporation by the Members of the Corporation on an annual basis, through the annual adoption of written investment guidelines. Investments are reviewed on a periodic basis by the Corporation's Audit Committee. Day-to-day investment decisions are made by the Corporation's Investment Committee. The Corporation principally invests in securities of the United States and its agencies, highly rated commercial paper, open time deposits ("OTDs") in the form of investment agreements, demand accounts, and repurchase agreements. In fiscal year 2009, HDC continued investing in municipal bonds of New York State and New York City, consistent with the Corporation statute and Investment Guidelines. The Corporation did not enter into any reverse repurchase agreements during the year ended October 31, 2009. According to management, the Corporation is not in violation of any provisions of the foregoing policies.

All securities, other than securities held by the respective trustees for the benefit of the bondholders, are held by the Corporation or its agents in the Corporation's name. Bond program investments are held by the trustee of the applicable program. All investment transactions are recorded on a delivery basis. As of October 31, 2009, the Corporation had the following investments.

## Notes to the Financial Statements

October 31, 2009

*Interest Rate Risk:* As a means of limiting its exposure to fair value losses arising from rising interest rates, the Corporation's Investment Guidelines charge the Investment Committee with "...determining appropriate investment instruments...based on...length of time funds are available for investment purposes..." among other factors. Thus, maturities are matched to the Corporation's liquidity needs.

*Credit Risk:* The Corporation's investment guidelines and policies are designed to protect principal by limiting credit risk. This is accomplished through by making decisions based on a review of ratings, collateral, and diversification requirements that vary according to the type of investment.

As of October 31, 2009, investments in Federal National Mortgage Association ("FNMA" or "Fannie Mae"), Federal Home Loan Mortgage Corporation ("FHLMC" or "Freddie Mac") and Federal Home Loan Bank ("FHLB") were rated in the highest long-term or short-term ratings category by Standard & Poor's and/or Moody's Investors Service (Fannie Mae, Freddie Mac, FHLB are collectively referred to as "Agency"). These ratings were AAA and A-1+ by Standard & Poor's and Aaa and P-1 by Moody's for long-term and short-term instruments, respectively. Some investments were not rated by Fitch Ratings. Of the investments that were rated by Fitch Ratings, they carried ratings from AAA to A-. Money Market, OTDs and Repurchase Agreements in the form of OTDs are not rated, however, the providers are rated.

Investments in Fannie Mae, Freddie Mac and FHLB are implicitly guaranteed by the U.S. government and are classified as U.S. Agency securities. They carry ratings equivalent to the credit ratings for the U.S. government. As of October 31, 2009, the credit ratings for the U.S. government securities were the highest category of AAA and Aaa (as applicable) by Standard & Poor's and Moody's Investors Service, respectively.

Ratings for investments in NYS/NYC municipal bonds are based on the issuers rating for its general obligation debt or the rating of their letter-of-credit providers, as the case may be. The letter-of-credit providers' ratings carried a range from AAA to A, and Aaa to A1, by Standard & Poor's and Moody's Investors Service, respectively. The remaining investments, short term and long term, that were rated by Standard & Poor's and/or Moody's Investors Service were rated from AAA to BBB, and Aaa to Baa1. Some investments were not rated by Fitch Ratings. Of the investments that were rated by Fitch Ratings, they carried ratings from AAA to BBB-. Money Market, Open Time Deposits and Repurchase Agreements in the form of OTDs are not rated, however, the providers are rated.

*Custodial Credit Risk:* For investments, custodial credit risk is the risk that in the event of the failure of the counterparty, the Corporation will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Corporation, and are held by either the counterparty or the counterparty's trust department or agent but not in the name of the Corporation.

The Corporation manages custodial credit risk by limiting its investments to highly rated institutions and/or requiring high quality collateral be held by the counterparty in the name of the Corporation, and accordingly, the Corporation was not exposed to custodial credit risk on its investment securities.

## Notes to the Financial Statements

October 31, 2009

On September 15, 2008, Lehman Brothers Holdings Inc. (“LBI”) filed for Chapter 11 bankruptcy. At the time, HDC had a \$15,083,000 investment in Repurchase Agreements that was issued by LBI and its’ subsidiary. Although LBI, as the counterparty, failed to fulfill its responsibility when the investment matured on September 19, 2008, at no time was HDC exposed to any custodial credit risk because the related collateral on these investment was held by HDC’s trustee and not by LBI. As a result of this failed delivery, HDC sold the collateral, a Treasury Inflation Protected Security (“TIPS”) to recover its investment. The proceeds from the sale of the collateral were more than enough to recover the investment and the excess proceeds of \$147,000 were set aside as a liability. Shortly after the close of fiscal year 2009, HDC received notice from the trustee for the liquidation of LBI regarding the above transaction. HDC’s legal department is in contact with the trustee and the resolution of this matter is pending.

As of October 31, 2009, open time deposits in the amount of \$30,351,000, repurchase agreements in the amount of \$307,827,000, and demand accounts in the amount of \$784,420,000 were collateralized by high quality instruments such as U.S. Treasury Notes, U.S. Treasury Bills and Agency investments held by the Corporation’s agent in the name of the Corporation. All such investments are not subject to custodial credit risk.

For deposits, custodial credit risk is the risk that in the event of a bank failure, the Corporation’s deposit may not be returned to it. HDC limits its deposits to highly rated institutions, and such deposits are either in trust accounts or insured through the FDIC. HDC bank deposits amounted to \$11,914,000 as of October 31, 2009, of which \$2,593,000 was secured in trust accounts, which are protected under state law. \$9,321,000 was held in DDA accounts, which are FDIC-insured through the Temporary Liquidity Guarantee Program’s Transaction Account Guarantee Program, announced by the FDIC on October 14, 2008.

*Concentration of Credit Risk:* The Corporation reviews its credit concentration monthly and under current policy limits exposure to any one commercial paper provider to \$25 million. The Corporation’s Credit Risk unit monitors concentration risk amongst issuers and reports to the Members of the Corporation’s Audit Committee.

The following table shows issuers that represent 5% or more of total investments at October 31, 2009 (\$ in thousands):

#### Note 4: Mortgage Loans

The Corporation has outstanding, under various loan programs, mortgage loans of \$6,563,945,000 and \$5,899,464,000 as of October 31, 2009 and 2008, respectively. These amounts represent the portion of mortgage loans for which the Corporation has advanced monies. The portion of mortgage loans that has not yet been advanced is recorded as investments and this amounted to \$1,087,127,000 and \$1,007,649,000 at October 31, 2009 and October 31, 2008, respectively. (See Note 15: “Commitments”).

#### Changes in Mortgage Loans

The changes in Mortgage Loans are as follows:

Mortgage loans outstanding at October 31, 2007	\$4,996,460,000
Mortgage Advances	1,016,755,000
Principal Collections	(113,766,000)

<hr/>	
Mortgage loans outstanding at October 31, 2009	\$6,563,945,000

#### *(A) New York City Housing Development Corporation*

The HDC mortgage loans listed above were originally repayable over terms of 2 to 50 years and bear interest at rates from 0.08% to 12% per annum. Almost all mortgage loans receivable are collateralized by first or second mortgages on the property of the housing sponsors and contain exculpatory clauses with respect to the liability of the principals of such housing sponsors. The table above does not include loans which are not secured by mortgages, which include a military housing loan and a loan to the New York City Housing Authority (“NYCHA”), each secured by notes (See Note 5: “Notes Receivable”) and loans secured by GNMA certificates (see Note 2C: “Purpose Investments”). Of the total HDC mortgages held as of October 31, 2009, 82% are first mortgages and 18% are subordinate loans.

In FY 2008, HDC received \$106,745,000 in mortgage loans prepayments from various projects and recorded such amount as prepaid mortgage principal. As of October 2009, the projects satisfied the conditions of prepayment and the mortgage loan receivable balance was reduced.

On August 26, 2009, HDC purchased from the United States Department of Housing and Urban Development (“HUD”) a Multi-Family Loan Portfolio for the purchase price of \$5,530,000. The Portfolio is composed of ten (10) fixed rate, self-amortizing mortgage loans with an aggregate unpaid principal balance of \$15,225,000. Nine (9) of the Mortgages are first lien mortgages and one is a second lien mortgage. By acquiring the portfolio at a significant discount below the par value of mortgages, HDC will be able to provide a substantial amount of preservation funding through a Repair Revolving Fund (RRF) created as a condition of the sale as required by HUD.

### *(B) Housing Assistance Corporation*

The Housing Assistance Corporation financed construction and capitalized interest costs for eight affordable housing projects during the period of 1986 to 1990. These loans, funded by the City, accrue interest at the rate of 0-1% per annum. As of October 31, 2009, there were five loans remaining and the total outstanding loan balance was \$30,419,000 and \$30,457,000 at October 31, 2009 and October 31, 2008, respectively.

### **Note 5: Notes Receivable**

HDC has two loans outstanding that are secured by notes and pledged revenues. Military Housing Notes Receivable of \$47,165,000 was received in connection with the 2004 Series A Class I & II Military Housing Revenue Bond (Fort Hamilton LLC Project) issuance. The notes are secured by pledged revenues of the development under a Master Trust Indenture. The interest rate on the mortgage loan is a blended rate of 6.32% which is equal to the bond interest rate. The interest on the mortgage is collected semi-annually on the debt service date.

In addition, notes receivable from New York City Housing Authority (“NYCHA”) in connection with the Corporation’s 2005 Series A Capital Fund Program Revenue Bond issuance was \$265,003,000 at October 31, 2009. This note is secured under a Master Trust Indenture by NYCHA’s pledge of HUD’s annual appropriation of public housing capital funds to NYCHA.

### **Note 6: Loan Participation Receivable for The City of New York**

In fiscal year 2002, the Corporation acquired interests in two real estate mortgage investment trusts in connection with its housing activities. In addition, the Corporation entered into various agreements with the City whereby HDC sold bonds and used the bond proceeds to purchase from the City interests in various mortgage loans and pools of mortgage loans.

First, in each of fiscal years 2002 and 2003, HDC used bond proceeds from its Multi-Family Housing Revenue Bonds, “2002 Series D” and Multi-Family Housing Revenue Bonds, “2003 Series D” bond issues to purchase a subordinated position in a 100% participation interest in a portion of the cash flows from a pool of mortgage loans the City had previously securitized in 1996. This pool is known as the Sheridan Trust II and HDC’s purchased asset is the Class B Certificate. Upon completion of the 2003 transaction, HDC’s participation interest covered all the cash flows of the Sheridan Trust II, subject to the prior lien of the senior interest holder. Because HDC’s ownership interest in the asset was subordinate to that of another owner, with no rights to revenues from the asset until the senior holder was retired, the related loan asset was not recorded when purchased. In September, 2005 the senior lien interests were satisfied and HDC became the primary beneficiary of Sheridan Trust II. At that time, therefore, the loan asset was added to HDC’s balance sheet and was valued at its principal amount.

At issuance, the 2002 Series D and 2003 Series D bonds were substantially over collateralized by their respective total loan assets. This presented the Corporation with an opportunity to recapitalize the underlying loan portfolio. In April 2006, the Corporation issued its Multi-Family Housing Revenue

# **New York City Housing Development Corporation**

## **Notes to the Financial Statements**

**October 31, 2009**

Bonds, “2006 Series A” bonds to refinance the 2002 Series D and 2003 Series D bonds. At the time, the principal amount of the Sheridan Trust II had a balance of \$211,455,000 that was transferred to the 2006 Series A bond program. As of October 31, 2009, the principal amount was \$147,315,000.

Second, in fiscal year 2005, HDC used bond proceeds to acquire from the City a 100% participation interest in the cash flows payable to the City as owner of the Class B Certificate of the NYC Mortgage Loan Trust, also created by the City in 1996. Class A Certificates of this trust remain outstanding and HDC’s interest is subordinate to scheduled and make-whole payments to the Class A Certificate holders, but it does receive unscheduled revenue from this participation interest. The Class B Certificate does not have a stated principal amount and is valued at its purchase price, as adjusted for the return of capital. At October 31, 2009, this amount was \$6,745,000.

Third, the remaining \$460,003,000 in “Loan Participation Receivable - The City of New York” represents the excess of collateral over its associated bonds.

In each case, the “Loan Participation Receivable - The City of New York” are pledged to the associated bonds but revert to the City when such bonds are retired. See Note 11: “Payable to The City of New York”.

### **Note 7: Other Receivables**

Other Receivables of \$11,714,000 represent mortgage commitment and financing fees, servicing fees receivable, Reserve for Replacement loans and Corporate Services Fund loans not secured by mortgages on the properties, and interest receivable on HPD loans serviced (but not owned) by HDC.

### **Note 8: Other Non Current Assets**

Other non-current assets totaled \$9,032,000 at October 31, 2009, and consist of (a) various interest rate caps purchased by the Corporation in connection with certain bond issuances; and (b) the value of purchased cash flows related to the 223(f) Program.

Interest rate caps are used to mitigate the Corporation’s exposure to rising interest rates on its variable rate debt. Three interest rate caps were purchased from the New York City Transitional Finance Authority (“TFA”) in connection with the Corporation’s issuance of its 2002 Series C and 2002 Series D Multi-Family Housing Revenue Bonds. These caps were carried at their amortized value. On December 2, 2005, by mutual agreement between the Corporation and the TFA, these interest rate caps were cancelled. As a condition of cancellation, TFA delivered, at its expense, three new interest rate caps from Goldman Sachs Mitsui Marine Derivative Products with substantially the same terms and conditions as the original caps. At that time, the combined balances of the interest rate caps had an amortized value of \$16,088,000 and a fair value of \$7,275,000 and, accordingly, the Corporation recorded a fair market value adjustment of \$8,813,000 in fiscal year 2006.

On April 28, 2006, the Corporation issued the 2006 Series A bonds to refinance both the 2002 Series D and 2003 Series D bonds, and the related interest rate caps on these bonds were transferred to the 2006

Series A bond program. At October 31, 2009, the value of the interest rate caps for 2006 Series A and 2002 Series C were \$5,923,000 and \$1.00, respectively.

The purchased cash flows are revenue streams consisting of (a) the excess of mortgagors' payments over bond debt service payments, trustee fees and servicing fees to the Corporation and (b) the earnings on certain restricted funds (which earnings are excluded from the Combined Statement of Revenues and Expenses), relating to the 223(f) program and Multi-Family Housing Revenue Bonds, 2001 Series B. These cash flows were purchased by the Corporation from the City of New York in fiscal year 1996. The purchase price amounts, representing the discounted value of the future cash flows, were recorded as an asset and have been amortized over the remaining mortgage life. During fiscal year 2009, \$313,000 was amortized and is reported as a non-operating expense. The unamortized value of these purchased cash flows is \$3,109,000 at October 31, 2009.

### Note 9: Bonds Payable

The Corporation's authority to issue bonds and notes for any corporate purpose is limited by the Act to the extent that (i) the aggregate principal amount outstanding may not exceed \$8.75 billion, exclusive of refunding bonds or notes, and (ii) the maximum Capital Reserve Fund requirement may not exceed \$85 million. No bonds are currently subject to the Capital Reserve Fund requirement. These limits may be changed from time to time through State legislation. As of October 31, 2009, the limit on aggregate principal amount outstanding remains unchanged at \$8.75 billion.

#### Bond Programs

The Corporation issues bonds and notes to fund mortgage loans for multi-family residential developments under the bond programs described below. As of October 31, 2009, the Corporation had bonds outstanding in the aggregate principal amount of \$7,454,967,000. All of the bonds are separately secured, except for the bonds issued under the General Resolution which are equally and ratably secured by the assets pledged under the General Resolution (see "*C. Housing Revenue Bond Program*" below). None of the bonds under the bond programs described in "*A. Multi-Family Bond Program*", "*D. Liberty Bond Program*", and "*E. Section 223(f) Refinancing Bond Program*" provide security under the General Resolution, and none of the bonds under these programs is secured by the General Resolution.

*A. Multi-Family Bond Program.* The Corporation established its Multi-Family Bond Program to develop privately-owned multi-family housing, all or a portion of which is reserved for low income tenants. The following describes the Corporation's activities under its Multi-Family Bond Program.

(1) Rental Projects; Fannie Mae or Freddie Mac Enhanced: The Corporation has issued tax-exempt and/or taxable bonds which either (i) are secured by mortgage loan payments, which payments are secured by obligations of Fannie Mae under various collateral agreements, (ii) are secured by a Direct Pay Credit Enhancement Instrument issued by Fannie Mae or (iii) are secured by a Direct Pay Credit Enhancement Agreement with Freddie Mac.

(2) Rental Projects; Letter of Credit Enhanced: The Corporation has issued tax-exempt and/or taxable bonds to finance a number of mixed income projects and entirely low income projects, which bonds are

secured by letters of credit issued by investment-grade rated commercial lending institutions.

(3) Residential Housing; Credit Enhanced: The Corporation has issued bonds to provide financing for residential facilities for hospital staff and for post-secondary students, faculty and staff which bonds are secured by bond insurance or letters of credit issued by investment-grade rated institutions.

(4) Cooperative Housing; SONYMA-Insured Mortgage Loan: The Corporation has issued tax-exempt obligations in order to fund underlying mortgage loans to cooperative housing developments. Each mortgage loan in this program is insured by the State of New York Mortgage Agency (“SONYMA”).

(5) Rental Project; REMIC-Insured Mortgage Loan: The Corporation has issued tax-exempt bonds to finance a mortgage loan for a residential facility, which mortgage loan is insured by the New York City Residential Mortgage Insurance Corporation (“REMIC”), which is a subsidiary of the Corporation.

(6) Senior Housing; Letter of Credit Enhanced: The Corporation has issued tax-exempt obligations to finance a mortgage loan for low-income senior housing, which obligations are secured by letters of credit issued by investment-grade rated commercial lending institutions.

(7) Cooperative Housing; Letter of Credit Enhanced: The Corporation has issued taxable obligations in order to fund underlying mortgage loans to cooperative housing developments, which bonds are secured by letters of credit issued by investment-grade rated commercial lending institutions.

*B. Military Housing Revenue Bond Program.* Under this program, the Corporation has issued taxable obligations in order to fund a portion of the cost of the design, demolition, renovation, construction and operation of housing units in residential family housing areas located at Fort Hamilton.

*C. Housing Revenue Bond Program.* Under its Housing Revenue Bond Program, the Corporation may issue bonds payable solely from and secured by the assets held under its General Resolution which include a pool of mortgage loans, some of which are construction loans (which pool contains FHA-insured mortgage loans, REMIC-insured mortgage loans, SONYMA-insured mortgage loans, GNMA mortgage-backed securities, other mortgage loans and participation interests in mortgage loans), the revenues received on account of all such loans and securities, and other assets pledged under such resolution and any supplemental resolution for a particular series of bonds. Certain of the projects, which secure a portion of the mortgage loans, receive the benefits of subsidy payments. As of October 31, 2009, one hundred and twenty one (121) series of bonds have been issued under the Housing Revenue Bond Program.

*D. Liberty Bond Program.* In accordance with Section 301 of the Job Creation and Worker Assistance Act of 2002, the Corporation has issued tax-exempt and taxable bonds, each secured by a letter of credit or a direct pay credit enhancement instrument to finance the development of multi-family housing within an area of lower Manhattan designated in such legislation as the “Liberty Zone”.

## Notes to the Financial Statements

October 31, 2009

*E. Section 223(f) Refinancing Bond Program.* Under this program, the Corporation acquired mortgages originally made by The City of New York (the “City”), obtains federal insurance thereon and either sells such insured mortgages or issues its obligations secured by said insured mortgages and pays the net proceeds of the sale of such mortgages or issuance of obligations to the City. Each series of bonds issued under this program is secured by a mortgage loan insured by FHA pursuant to Section 223(f) of Title II of the National Housing Act of 1934, as amended (the “National Housing Act”). Debt service on each series of bonds is paid only from monies received on account of the applicable mortgage loan securing such series, including, with respect to certain projects, interest reduction subsidy payments received by the Corporation pursuant to Section 236 of the National Housing Act.

*F. Capital Fund Revenue Bond Program.* Under this program, the Corporation has issued tax-exempt obligations in order to assist the New York City Housing Authority with the execution of a multi-year construction initiative that addressed critical capital improvement needs of their aging housing portfolio.

### Changes in Bonds Payable

The summary of changes in Bonds Payable was as follows:

Bonds Payable outstanding at October 31, 2007	\$5,897,268,000

## Notes to the Financial Statements

October 31, 2009

In early 2008, the Corporation acted quickly to reduce its exposure to auction rate bonds after the market collapsed and had reduced its auction rate portfolio down to one remaining series, Multi-Family Housing Revenue Bonds 2007 Series B-2. To reduce the financial losses related to this bond series, after several failed auctions that led to the bonds carrying a rate of 12%, the Corporation, acting through its REMIC subsidiary, began bidding on these bonds as was permitted under rules promulgated by the Securities and Exchange Commission (“SEC”) and Internal Revenue Service (“IRS”), without ending the tax-exempt status of such bonds, at a rate matching or below the Corporation’s underwriting rate. The Corporation provided temporary loans to REMIC to facilitate these investment purchases until the bonds were redeemed. On October 1, 2009, the Corporation issued its fixed rate 2009 Series G bonds to refund the 2007 Series B-2 Series bonds and the temporary loan made to REMIC was paid back with interest to the Corporation.

### Note 11: Payable to The City of New York

#### *(A) New York City Housing Development Corporation*

Since fiscal year 2002, the Corporation has entered into various agreements with the City whereby HDC sold bonds and used the bond proceeds to purchase from the City interests in various mortgage loans and pools of mortgage loans. Additionally, starting from fiscal year 2005 and 2006 and onward, HDC originated second mortgage loans in which it sold a residual interest to the City. Cash flow derived from these loan interests is pledged to the repayment of the related HDC bonds. At such time as these HDC bonds are retired, ownership of the associated loan interests transfers to the City. The excess of such interest over the amount of the related bonds, which totaled \$614,063,000 at October 31, 2009 is reported in the Corporation Balance Sheet as "Loan participation receivable - The City of NY" in the Noncurrent Assets section and "Payable to The City of New York: Loan participation agreement" in the Noncurrent Liabilities. The related details are described in the next three paragraphs.

In fiscal years 2002 and 2003, the Corporation issued its Multi-Family Housing Revenue Bonds, 2002 Series D and Multi-Family Housing Revenue Bonds, 2003 Series D (the "2002 Series D Bonds" and "2003 Series D Bonds", respectively). In each case, HDC used the bond proceeds to purchase from the City a 100% participation interest in the cash flow of a portfolio of mortgage loans and a 100% participation interest in the cash flows of a loan pool securitized by the City in 1996 and known as the Sheridan Trust II. As noted in Note 6: "Loan Participation Interest Receivable", the 2002 Series D Bonds and 2003 Series D Bonds were substantially over-collateralized by their respective total loan assets. Due to over-collateralization of these bonds and the opportunity to release funds to the Corporation by capitalizing the underlying loan portfolio, the Corporation issued the 2006 Series A

bonds to refinance the 2002 Series D Bonds and 2003 Series D Bonds. At October 31, 2009, the Corporation's payable to the City relating to its Multi-Family Housing Revenue Bonds, 2006 Series A bonds was \$301,577,000.

The Corporation has completed numerous transactions as part of its Mitchell-Lama Restructuring Program, an affordable housing preservation program. The following Multi-Family Housing Revenue Bonds were issued prior to the current fiscal year: 2004 Series D, 2004 Series E-1, 2004 Series E-2, 2005 Series A-1, 2005 Series A-2, 2005 Series F-1, 2005 Series F-2, 2005 Series J-1, 2005 Series J-2, 2006 Series D-1, 2006 Series D-2, 2008 Series C-1, 2008 Series C-2, 2008 Series G-1, 2008 Series G-2 and, this fiscal year, 2008 Series J and 2008 Series L (collectively, "Mitchell-Lama Restructuring Bonds"), in which HDC funded, in addition to various new first and second mortgage loans, the acquisition of participation interests in City-owned second mortgages and associated cash flows. As long as any Mitchell-Lama Restructuring Bonds are outstanding, all cash flows from the purchased interests must be applied to debt service on such bonds. Once all such bonds are retired, HDC's participation interests revert to the City. HDC also sold to the City a residual interest in the second mortgage loans the Corporation originated. These loans also transfer to the City when the bonds are retired. At October 31, 2009, the Corporation's payable to the City under the Mitchell-Lama Restructuring Bonds program was \$312,486,000.

In fiscal year 2009, the Multi-Family Housing Revenue Bond, 2008 Series C-1 & C-2 (Big Six) and 2008 Series G-1 & G-2 (River Terrace) were refinanced by 2008 Series J. The existing third mortgage loan for Big Six in the amount of \$12,290,000 was transferred to 2008 Series J. The Corporation also issued the Multi-Family Housing Revenue Bond Series 2008 Series L to refinance two projects; Tivoli Towers in the 223F program and Tanya Tower in the Mitchell-Lama program. For Tanya Tower, the Corporation entered into a Purchase and Sales Agreement with the City in which HDC sold to the City, for a purchase price of \$10, the residual interest in the new second mortgage loan in the amount of \$2,661,000.

In 2009, HPD and HDC entered into a Memorandum of Understanding ("MOU"), which provides for the granting of funds by HPD to HDC pursuant to Section 661 of the Act, to make subordinate loans for affordable housing. At October 31, 2009, the total related payable to the City was \$25,339,000.

The Corporation also administers construction loans on behalf of HPD, using funds provided by HPD. All such funds are the property of HPD and are thus reported as due to the City in the Corporation's financial statements. At October 31, 2009, the total related payable to the City was \$168,708,000.

### *(B) Housing Assistance Corporation*

Funding for HAC was received through the City in 1985. All of HAC's assets, after repayment of HDC advances to HAC and if unused for HAC purposes, will revert back to the City. At October 31, 2009, total resources payable to the City amounted to \$54,405,000. The resources held for the City are primarily the mortgage loans described in Note 4, "Mortgage Loans," and the investments held to fund tenant assistance payments.

### Note 12: Retirement Programs

The Corporation is a participating employer in the New York City Employees' Retirement System ("NYCERS"), a cost sharing multi-employer plan, of which 83 employees of the Corporation are members. The Corporation made contributions to NYCERS of \$1,019,415, \$865,160 and \$573,453 during fiscal years 2009, 2008 and 2007, respectively. Copies of NYCERS' financial statements can be obtained by writing to 335 Adams Street, Suite 2300, Brooklyn, NY 11201-3751.

The Corporation also offers its employees the option of participating in a Tax Sheltered Annuity Plan managed by Wachovia Bank, N.A. as an alternate or supplemental retirement plan under Section 403(b) of the Internal Revenue Code. The Internal Revenue Service has approved the Corporation as an entity which can provide this type of plan to its employees. The majority of the Corporation's employees participate in this plan.

### Note 13: Postemployment Benefits Other Than Pension

The Corporation sponsors a single employer health care plan that provides postemployment medical benefits for eligible retirees and their spouses. The Corporation does not issue a publicly available financial report for the plan.

Benefit provisions for the plan are established and amended by actions taken by HDC's Members and there is no statutory requirement for HDC to continue this plan for future HDC employees. The plan is a non-contributory plan with all payments for plan benefits being funded by HDC on a pay-as-you-go basis.

HDC follows the provisions of GASB Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions." This statement establishes guidelines for reporting costs associated with "other postemployment benefits" ("OPEB"). HDC's annual OPEB cost for the plan is calculated based on the annual required contribution ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The ARC includes interest of \$61,000 on the net OPEB obligation. HDC's annual OPEB cost for the current year and the related information for the plan are as follows (dollar amounts in thousands):

Annual required contribution	\$ 1,592
Contributions made	(19)
Increase in net OPEB obligation	1,573
Net OPEB obligation—beginning of year	4,856
Net OPEB obligation—end of year	\$ 6,429

**New York City Housing Development Corporation**  
**Notes to the Financial Statements**  
**October 31, 2009**

HDC's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for the previous three years were as follows (dollar amounts in thousands):

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
10/31/09	\$ 1,592	1.19%	\$ 6,429
10/31/08	1,675	1.06%	4,856
10/31/07	1,617	0.53%	3,199

As of October 31, 2009, the actuarial accrued liability for benefits was \$18,658,000, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$11,260,000 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 151%.

The actuarial valuation date was October 31, 2008. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between HDC and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

For the actuarial valuation, the frozen entry age actuarial cost method was used. The actuarial assumptions included a 4% discount rate, 3% wage inflation rate and an annual healthcare cost trend rate of 9% grading down to an ultimate rate of 5%. The unfunded actuarial accrued liability is being amortized over 30 years as a level percentage of projected payroll on an open basis. The remaining amortization period was 26 years.

**Note 14: Due to the United States Government – Non Current**

The amount reported in this classification is made up of two major components.

*A. Due to HUD*

The Corporation has entered into contracts with HUD to administer housing assistance payment contracts with housing projects occupied by tenants qualifying for Section 8 housing assistance payments. Pursuant to the contracts, HUD makes annual contributions to the Corporation in an amount equal to the annual assistance payments plus an administrative fee, if applicable, for the Corporation.

## Notes to the Financial Statements

October 31, 2009

The Corporation receives the annual contract contributions periodically during the year and disburses funds monthly for the benefit of the covered projects. As of October 31, 2009, the Corporation held \$651,000 in prefunded annual contributions. Related fees earned during fiscal year 2009 amounted to \$422,000 and are included in operating income.

### *B. Rebate Fund*

In order to maintain the exemption from federal income tax of interest on bonds issued subsequent to January 1, 1986, the Corporation established a separate fund, the Rebate Fund, into which amounts required to be rebated to the Federal Government pursuant to Section 148 of the Code are deposited. In general, the Code requires the payment to the U. S. Treasury of the excess of the amount earned on all non-purpose obligations over the amount that would have been earned if the gross proceeds of the issue were invested at a rate equal to the yield on the issue. Project or construction funds, debt service funds or any other funds or accounts funded with proceeds of such bonds, including earnings, or pledged to or expected to be used to pay interest on such bonds are subject to this requirement. Issues with respect to which all gross proceeds are expended for the governmental purpose of the issue within the required time period after the date of issue and debt service funds with annual gross earnings of less than \$100,000 are exempt from this requirement. Payment is to be made after the end of the fifth bond year and after every fifth bond year thereafter, and within 60 days after retirement of the bonds. At October 31, 2009, HDC had set aside \$1,175,000 to make future rebate payments when due.

### **Note 15: Commitments**

#### *(A) New York City Housing Development Corporation*

The Corporation is committed under one operating lease for office space for minimum annual rentals for the next five years and thereafter as follows:

Year Ending October 31,	
2010.....	\$1,599,000
2011.....	1,640,000
2012.....	1,640,000
2013.....	1,640,000
2014.....	1,640,000
2015.....	410,000
Total	\$ 8,569,000

For fiscal year 2009, the Corporation's rental expense amounted to \$1,895,000.

HDC's practice is to close loans only when all the funds committed to be advanced have been made available through bond proceeds or a reservation of corporate funds. Funds are invested prior to being advanced as described in Note 3: "Investments and Deposits" and are reported as restricted assets.

## Notes to the Financial Statements

### October 31, 2009

The portion of closed construction loans that had not yet been advanced is as follows at October 31, 2009:

<u>Programs:</u>	
Multi-Family Bond Programs	
Housing Revenue	\$ 386,716,000
Liberty Bond	9,299,000
New Housing Opportunity Program (NEW HOP)	160,199,000
Loans Secured by GNMA Certificates	11,266,000
Low-Income Affordable	270,431,000
Mitchell-Lama Repair Loans	11,574,000
Mixed Income Rental Program (MIRP)	398,000
Corporate Services Fund Loans	219,117,000
Unadvanced Construction Loans (closed loans)	\$ 1,069,000,000

As of October 31, 2009 the Corporation had not executed any commitment letters.

The Corporation has made a programmatic funding commitment in support of the City's housing initiatives. HDC has reserved funds to fulfill these commitments, but the timing and amount of remaining loan closings cannot be determined. The programmatic commitment is as follows:

- The Corporation entered into a Memorandum of Understanding ("MOU") with HPD dated as of May 5, 2004 that outlines the Corporation's obligations to purchase participations totaling up to \$55,632,000 in affordable housing loans for various HPD programs during fiscal years 2004 to 2006, and HPD's commitment to purchase these loans extend back to that period with accrued interest in 2007 and 2008. As of October 31, 2009, loans totaling \$27,208,000 had been closed and \$26,810,000 had been advanced. An unadvanced portion of \$398,000 for the closed loans is included in the chart above. The Corporation's commitment to purchase loans under the MOU has expired. Out of the total loans advanced through FY 2009, \$9,992,000 in loans were assigned back to HPD after repayment to HDC of the same amount.

*(B) New York City Residential Mortgage Insurance Corporation*

As of October 31, 2009, REMIC insured loans with coverage totaling \$130,253,000 and had outstanding commitments to insure loans with a maximum insurance coverage of \$73,120,000.

#### **Note 16: Contingencies**

In the normal conduct of the Corporation's business, it is involved in litigation matters. In the opinion of management and the Corporation's legal counsel, the ultimate disposition of such litigation should not have a material adverse effect on the combined financial position of the Corporation.

### Note 17: Net Assets

The Corporation's Net Assets represent the excess of assets over liabilities and consist largely of mortgage loans and investments. HDC's net assets are categorized as follows:

- Restricted Net Assets are net assets that have been restricted in use in accordance with the terms of an award, agreement or by State law. This includes loan assets, bond proceeds and reserve funds that are pledged to bondholders, funds held pursuant to contractual obligations with HPD and HUD, and REMIC reserves that are required by statute, among other items (see chart below).
- Unrestricted Net Assets are the remaining net assets, which can be further categorized as Designated or Undesignated. Designated Assets are not governed by statute or contract but are committed for specific purposes pursuant to HDC policy and/or Board directives. Designated Assets include funds and assets committed to various housing initiatives, reserves to maintain HDC's credit ratings, and working capital.

#### Changes in Net Assets

## ACTIVITIES OF THE CORPORATION

The Corporation is engaged in the various activities and programs described below.

**I. BOND PROGRAMS.** The Corporation issues bonds and notes to fund mortgage loans for multi-family residential developments under the programs described below. The multi-family residential developments financed under the General Resolution are described below in “Section C – Housing Revenue Bond Program.” As of July 31, 2010, the Corporation had bonds outstanding in the aggregate principal amount of approximately \$8,427,393,952. All of the bonds are separately secured, except for the bonds issued under the General Resolution which are equally and ratably secured by the assets pledged under the General Resolution. None of the bonds under the bond programs described in “Section A–Multi-Family Program,” “Section D–Liberty Bond Program,” and “Section E–Section 223(f) Refinancing Program” provide security under the General Resolution, and none of the bonds under these programs is secured by the General Resolution.

A. Multi-Family Program. The Corporation established its Multi-Family Program to develop privately-owned multi-family housing, all or a portion of which is reserved for low income tenants. The following describes the Corporation’s activities under its Multi-Family Program.

(1) Rental Projects; Fannie Mae or Freddie Mac Enhanced: The Corporation has issued tax-exempt and/or taxable bonds which either (i) are secured by mortgage loan payments, which payments are secured by obligations of Fannie Mae under various collateral agreements, (ii) are secured by a Direct Pay Credit Enhancement Instrument issued by Fannie Mae or (iii) are secured by a Direct Pay Credit Enhancement Agreement with Federal Home Loan Mortgage Corporation (“Freddie Mac”).

(2) Rental Projects; Letter of Credit Enhanced: The Corporation has issued tax-exempt and/or taxable bonds to finance a number of mixed income projects and entirely low income projects, which bonds are secured by letters of credit issued by investment-grade rated commercial lending institutions.

(3) Residential Housing; Credit Enhanced: The Corporation has issued bonds to provide financing for residential facilities for hospital staff and for post-secondary students, faculty and staff which bonds are secured by bond insurance or letters of credit issued by investment-grade rated institutions.

(4) Cooperative Housing; SONYMA-Insured Mortgage Loan: The Corporation has issued tax-exempt bonds in order to fund underlying mortgage loans to cooperative housing developments. Each mortgage loan in this program is insured by the State of New York Mortgage Agency (“SONYMA”).

(5) Rental Project; REMIC-Insured Mortgage Loan: The Corporation has issued tax-exempt bonds to finance a mortgage loan for a residential facility, which mortgage loan is insured by the New York City Residential Mortgage Insurance Corporation (“REMIC”), which is a subsidiary of the Corporation.

(6) Senior Housing; Letter of Credit Enhanced: The Corporation has issued tax-exempt bonds to finance a mortgage loan for low-income senior housing, which bonds are secured by letters of credit issued by investment-grade rated commercial lending institutions.

(7) Cooperative Housing; Letter of Credit Enhanced: The Corporation has issued taxable bonds in order to fund underlying mortgage loans to cooperative housing developments, which bonds are secured by letters of credit issued by investment-grade rated commercial lending institutions.

B. Military Housing Revenue Bond Program. Under this program, the Corporation has issued taxable bonds in order to fund a portion of the costs of the design, demolition, renovation, construction and operation of housing units in residential family housing areas located at Fort Hamilton.

C. Housing Revenue Bond Program. Under its Housing Revenue Bond Program, the Corporation may issue bonds payable solely from and secured by the assets held under the General Resolution which include a pool of mortgage loans, some of which are construction loans (which pool contains FHA-insured mortgage loans, REMIC-insured mortgage loans, SONYMA-insured mortgage loans, GNMA mortgage-backed securities, other mortgage loans and participation interests in mortgage loans), the revenues received on account of all such loans and securities, and other assets pledged under such resolution and any supplemental resolution for a particular series of bonds. Certain of the projects, which secure a portion of the mortgage loans, receive the benefits of subsidy payments. As of July 31, 2010, one hundred and thirty one (131) series of bonds have been issued under the Housing Revenue Bond Program including the Corporation's Multi-Family Housing Revenue Bonds (Federal New Issue Bond Program), 2009 Series 1 and 2009 Series 2, which are not secured by the General Resolution.

D. Liberty Bond Program. In accordance with Section 301 of the Job Creation and Worker Assistance Act of 2002, the Corporation has issued tax-exempt and taxable bonds, each secured by a letter of credit, to finance the development of multi-family housing within an area of lower Manhattan designated in such legislation as the "Liberty Zone."

E. Section 223(f) Refinancing Program. Under this program, the Corporation acquires mortgages originally made by The City of New York (the "City"), obtains federal insurance thereon and either sells such insured mortgages or issues its obligations secured by said insured mortgages and pays the net proceeds of the sale of such mortgages or issuance of obligations to the City. Each series of bonds issued under this program is secured by a mortgage loan insured by FHA pursuant to Section 223(f) of Title II of the National Housing Act of 1934, as amended (the "National Housing Act"). Debt service on each series of bonds is paid only from monies received on account of the applicable mortgage loan securing such series, including, with respect to certain projects, interest reduction subsidy payments received by the Corporation pursuant to Section 236 of the National Housing Act.

F. Capital Fund Revenue Bond Program. Under this program, the Corporation has issued tax-exempt bonds in order to assist the New York City Housing Authority with the execution of a multi-year construction initiative that will address critical capital improvement needs of their aging housing portfolio.

The following table summarizes bonds outstanding under these bond programs as of July 31, 2010:

**II. MORTGAGE LOAN PROGRAMS.** The Corporation funds mortgage loans under various mortgage loan programs, including the significant programs described below. These mortgage loans are funded from bond proceeds and/or the Corporation’s unrestricted reserves. See “PART I—BOND PROGRAMS” above.

A. *Affordable Housing Permanent Loan Program.* The Corporation established a program to make permanent mortgage loans for projects constructed or rehabilitated, often in conjunction with The City of New York Department of Housing Preservation and Development (“HPD”) and other lender loan programs.

B. *Low-Income Affordable Marketplace Program.* The Corporation has established a Low-income Affordable Marketplace Program (“LAMP”) to finance the construction or substantial rehabilitation of developments affordable to low-income tenants. LAMP projects are financed primarily with a first mortgage loan funded from tax-exempt bonds proceeds, as of right 4% Federal tax credits and a subordinate mortgage loan funded from the Corporation’s reserves. The subordinate loan is provided at 1% interest with fixed minimum payments of at least interest only but may provide for amortization.

C. *Low Income Affordable Marketplace Preservation Program.* The Corporation has established a Low-income Affordable Marketplace Preservation Program (“LAMP Preservation”) to finance the acquisition and moderate rehabilitation of developments affordable to low-income tenants. LAMP Preservation projects are financed with a mortgage loan funded by tax-exempt bonds proceeds and as of right 4% Federal tax credits.

D. *Mixed Income.* The Corporation has established a Mixed-Income Program to finance the construction or substantial rehabilitation of mixed-income multi-family rental housing. Mixed Income projects are financed with a first mortgage loan funded from tax-exempt bond proceeds, a subordinate mortgage loan funded from the Corporation’s reserves and in some cases, as of right 4% Federal tax credits. Typically, the developments reserve 50% of the units for market rate tenants, 30% of the units for moderate to middle income tenants and 20% of the units for low income tenants.

E. *New Housing Opportunities Program.* The Corporation has established a New Housing Opportunities Program (“New HOP”) to finance the construction or substantial rehabilitation of developments affordable to low and moderate income tenants. New HOP projects are financed with a first mortgage loan funded from taxable or tax-exempt bonds proceeds and a subordinate mortgage loan funded from the Corporation’s reserves. The subordinate loan is provided at 1% interest with fixed minimum payments of at least interest only but may provide for amortization.

**III. OTHER LOAN PROGRAMS.** In addition to funding mortgage loans, the Corporation funds loans not secured by a mortgage under various programs, including the programs described below.

A. *New Ventures Incentive Program.* The Corporation participated in the New Ventures Incentive Program (“NewVIP”), a multi-million dollar public-private partnership between the City and member banks established in the fall of 2003. The Corporation originated three NewVIP loans, all of which have been repaid.

B. Other. Among other programs, the Corporation has funded a loan to finance the construction of military housing at Fort Hamilton in Brooklyn, New York secured by notes and financed through the issuance of bonds. The Corporation has funded a loan to the New York City Housing Authority (“NYCHA”) to provide funds for modernization and to make certain improvements to numerous various public housing projects owned by NYCHA in the City. The Corporation has provided interest-free working capital loans to not-for-profit sponsors of projects through HPD’s Special Initiatives Program. The proceeds of such loans are used for rent-up expenses and initial operation costs of such projects. The Corporation also has provided interim assistance in the form of unsecured, interest-free loan to the Neighborhood Partnership Housing Development Fund Company, Inc. to fund certain expenses associated with HPD’s Neighborhood Entrepreneurs Program.

**IV. LOAN SERVICING.** The Corporation services the majority of its own loans and also services loans for others. Such loan servicing activities, which are described below, relate to over 1,514 mortgage loans with an approximate aggregate face amount of \$12.6 billion.

A. Portfolio Servicing. The Corporation acts as loan servicer in connection with the permanent mortgage loans made to approximately 655 developments under its bond, mortgage loan and other loan programs (including its Housing Revenue Bond Program) in the approximate aggregate face amount of \$7.2 billion.

B. HPD Loan Servicing. The Corporation acts as loan servicer in connection with certain construction and permanent housing loan programs of HPD pursuant to several agreements with HPD. As of July 31, 2010, the Corporation was servicing construction and permanent loans made to approximately 630 developments in the approximate aggregate face amount of \$2.4 billion.

C. Loan Servicing Monitoring. In addition to the Corporation’s loan servicing activities, the Corporation monitors the loan servicing activities of other servicers who service approximately 229 mortgage loans made under the Corporation’s various bond, mortgage loan and other loan programs in the approximate aggregate face amount of \$3.0 billion.

**DEVELOPMENTS AND MORTGAGE LOANS  
OUTSTANDING UNDER THE PROGRAM**

The following tables contain information with respect to the Developments and Mortgage Loans Outstanding under the Program as of July 31, 2010 (except as noted).

Table 1 sets forth the valuation assigned to the Mortgage Loans with respect to each Series of Bonds issued as of July 31, 2010. See “SECURITY FOR THE BONDS—Mortgage Loans” and “—Cash Flow Statements and Cash Flow Certificates.”

Table 2 sets forth information with respect to individual Developments and permanent Mortgage Loans financed with the proceeds of each Series of Bonds issued as of July 31, 2010 except the 2006 Series A Participant Interest, 2005 Series F Participant Interest, 2005 Series J Participant Interest, 2004 Participant Interest and the ML Restructuring Second and Third Mortgage Loans. See “THE PROGRAM—Mortgage Loans—Permanent Mortgage Loans.”

Table 3 sets forth information on an aggregated basis with respect to Developments and permanent mortgage loans underlying the 2006 Series A Participant Interest. For additional information, see “THE PROGRAM—2006 Series A Participant Interest.”

Table 4 sets forth information with respect to individual Developments and construction Mortgage Loans. See “THE PROGRAM—Mortgage Loans—Construction Mortgage Loans.”

Table 5 sets forth information with respect to the mortgage loans held as assets of the Certificates of Trust underlying the 2004 Participant Interest. See “THE PROGRAM—2004 Participant Interest.”

Table 6 sets forth information on an aggregated basis with respect to Developments and permanent Mortgage Loans securing the ML Restructuring Subordinate Mortgage Loans. See “THE PROGRAM—ML Restructuring Mortgage Loans.”

Table 7 sets forth information on an aggregated basis with respect to Developments and permanent Mortgage Loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest. See “THE PROGRAM – 2005 Series F Participant Interest and the 2005 Series J Participant Interest.”

Table 8 sets forth information on an aggregated basis with respect to an interest in payments received from certain mortgage loans purchased with the proceeds of the Corporation’s 2009 Series I Bonds.

\* Although these Bonds have been retired, the Mortgage Loans financed with such Series of Bonds remain pledged under the Resolution.

<sup>(1)</sup> Subsequent to July 31, 2010, the Corporation expects to make advances from Construction Mortgage Loans (see Table 4 in this Appendix).

<sup>(2)</sup> The proceeds of the 2004 Series D Bonds were used to purchase the 2004 Participant Interest. For purposes of valuation under the Resolution, the principal balance of the Mortgage Loan with respect to the 2004 Series D Bonds is 100% of the amount of the projected cash flow to be paid under the Class B Certificates and not the principal amount of the underlying mortgage loans. See "The Program – 2004 Participant Interest."

<sup>(3)</sup> The Outstanding Principal Balance of Mortgage Loans for the 2004 Series E Bonds, the 2005 Series A Bonds, the 2005 Series E Bonds, the 2005 Series F Bonds, the 2005 Series J Bonds, the 2006 Series D Bonds, the 2008 Series C Bonds, the 2008 Series J Bonds and the 2008 Series L Bonds does not include the 2004 Series E Second Mortgage Loans, the 2005 Series A Second Mortgage Loans, the 2005 Series E Second Mortgage Loans, the 2005 Series F Second Mortgage Loans, the 2006 Series D Second Mortgage Loans, the 2008 Series J Second Mortgage Loans, the 2008 Series L Second Mortgage Loans and the 2008 Series C Third Mortgage Loan, the 2005 Series F Participant Interest or the 2005 Series J Participant Interest, which have not been valued. See "The Program— ML Restructuring Mortgage Loans."

<sup>(4)</sup> Subsequent to July 31, 2010, the Corporation expects to finance construction and permanent mortgage loans.

<sup>(5)</sup> The 2009 Series J Bonds redeemed \$8,525,000 of the 1998 Series B Bonds and \$8,525,000 of the 1999 Series E Bonds.

<sup>(6)</sup> The 2009 Series G Bonds redeemed \$24,175,000 of the 2007 Series B-2 Bonds.

<sup>(7)</sup> The 2009 Series M Bonds redeemed \$30,945,000 of the 2008 Series A-1 Bonds.

† Unless otherwise noted, Section 8 refers to the Section 8 New Construction/Substantial Rehabilitation Program.

†† For Mortgage Loans that have been refinanced, the Mortgage Loan Closing Date represents the initial closing date. The Mortgage Loan refinancing occurred in the year of the Applicable Series Resolution.

††† Where there is more than one expiration date, the Development was completed in two or more stages. Subsequent to July 31, 2010, expiration dates for expiring contracts have been extended unless the Mortgagor has prepaid the Mortgage Loan.

†††† Physical inspection ratings determined by the Corporation are as follows: SUP = Superior; S = Satisfactory; BA = Below Average; and U = Unsatisfactory (see Appendix E-3).

\* REMIC Insurance is for twenty-five (25%) of the Mortgage Loan for this Development.

\*\* REMIC Insurance is for twenty (20%) of the Mortgage Loan for this Development.

\*\*\* REMIC Insurance is for fifty-one (51%) of the Mortgage Loan for this Development.

\*\*\*\* REMIC Insurance is for fifty (50%) of the Mortgage Loan for this Development.

◊ The Mortgagor of this Development is regulated by HPD pursuant to the Mitchell-Lama Law.

1 The Corporation has been notified that the Mortgagor of this Development is in the process of restructuring this Mortgage Loan under the HUD "Mark-to-Market" program; however, the Corporation can give no assurance as to whether such restructuring (including the possible prepayment of this Mortgage Loan) will occur and, if such restructuring or prepayment occurs, when such prepayment will be made. (See "Appendix G – Description of Supplemental Security and Subsidy Programs – Subsidy Programs – Section 8 Program").

2 The Mortgagor of this Development has prepaid this Mortgage Loan.

3 The Mortgagor of this Development has received a Notice of Violation/Default of its 236 Contract from HUD because of its low inspection rating.

4 The Mortgagor of this Development has notified the Corporation of its intention to prepay this mortgage loan.

† The cash flow on the Class B-1 Sheridan Trust II Certificate is based on the weighted average mortgage interest rate on the 2006 Series A Trust Mortgage Loans (net of servicing and trustee fees). The payments on the Class B-1 Sheridan Trust II Certificate began on September 26, 2005.

\* Since July 31, 2010, the Corporation has received regularly scheduled payments on the mortgage loans. In addition, since July 31, 2010, the Corporation has received notification from the mortgagors of six (6) mortgage loans underlying the 2006 Series A Mortgage Loan with an aggregate outstanding principal balance of \$7,223,655 that such mortgagors intend to prepay their mortgage loans. Also, subsequent to July 31, 2010, one (1) mortgage loan underlying the 2006 Series A Participant Interest with an aggregate outstanding principal balance of \$2,487,480 has been prepaid.

\*\* May not add due to rounding.

\*\*\* All of the mortgagors of these mortgage loans are regulated by HPD pursuant to the Mitchell-Lama Law.

<sup>†</sup> For purposes of valuation under the General Resolution, the 2004 Participant Interest constitutes a “Mortgage Loan” and the principal balance of such Mortgage Loan is the amount of the projected cash flow to be paid under the Class B Certificates and not the principal amount of the underlying mortgage loans. As of July 31, 2010, such valuation was \$16,785,324. In addition, the Corporation receives the portion of the prepayments of the mortgage loans that is distributable under the Certificates Trust after required payments on the Senior Class Certificates. See “THE PROGRAM - 2004 Participant Interest.”

\* Since July 31, 2010, the Corporation has received regularly scheduled payments on the mortgage loans. In addition, since July 31, 2010, one (1) mortgage, with an aggregate outstanding balance of approximately \$6.3 million, is anticipated to be prepaid pursuant to participation in the ML Restructuring Program.

<sup>▼</sup> Includes accrued interest.

\* A portion of the proceeds of the 2009 Series I Bonds was used to acquire the right and interest in certain payments from 10 mortgage loans. Such loans were not acquired and do not constitute Mortgage Loans under the General Resolution. The interest acquired in connection with the issuance of the 2009 Series I Bonds consisted of all debt service payments and prepayments on one loan (after deducting the HDC servicing fee) and one-half of the debt service payments and prepayments on the other nine loans (after deducting the HDC servicing fee) up to a total aggregate amount equal to \$5,530,390 plus interest on the unpaid balance at the rate of 7% per annum (with amounts received first credited to interest and then to the principal amount). The right and interest in such payments are pledged to the General Resolution.

\*\* Original number of loans = 10

\*\*\* Original number of units = 1,763

## MORTGAGE LOAN PREPAYMENT PROVISIONS

One of the following categories of prepayment provisions applies to the voluntary prepayment of principal with respect to each of the outstanding Mortgage Loans. Appendix E-1 denotes which one of the prepayment provisions applies to each outstanding Mortgage Loan. The following chart summarizes the applicability of each prepayment category as of July 31, 2010. The chart does not include information with respect to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and the ML Restructuring Second and Third Mortgage Loans.

Prepayment Category	Number of Mortgage Loans	Outstanding Principal Balance of Mortgage Loans*	Percentage of Total Outstanding Principal Balance of Mortgage Loans*

In general, any prepayment described below is subject to the payment of certain fees and charges, and any prepayment premium or penalty described below will not constitute a Pledged Receipt or Recovery of Principal. In addition, prior written notice of any optional prepayment to the Corporation or the Mortgage Banker, as applicable, generally is required.

**Category 1.** Prepayments of the principal amount of the Mortgage Loan may be made at any time.

**Category 2.** Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA.

**Category 3.** Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA and the Corporation, and may not be made prior to the later of (i) 21 years after the date on which any units in the Development are first occupied or (ii) the date on which assistance under the HAP Contract relating to the Development is terminated.

**Category 4.** Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA and the Corporation, and may not be made prior to the later of (i) 22 years and 4 months after the date on which any unit in the Development is first occupied or (ii) the date on which assistance under the HAP Contract relating to the Development is terminated.

**Category 5.** Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA and the Corporation, and may not be made prior to the later of (i) sixteen (16) years and

three (3) months after the date on which any unit in the Development is first occupied or (ii) the date on which assistance under the HAP Contract relating to the Development is terminated.

**Category 6.** Prepayments of the principal amount of the Mortgage Loan require the prior approval of the Corporation and may not be made prior to the date on which assistance under the HAP Contract relating to the Development is terminated.

**Category 7.** Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately ten (10) years after the closing of the Mortgage Loan.

**Category 8.** Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately six (6) to ten (10) years after the closing of the Mortgage Loan, and is subject to the payment of a premium for a specified period of time.

**Category 9.** Prepayments of the principal amount of the permanent Mortgage Loan may not be made prior to approximately ten (10) years after the closing of the Mortgage Loan and is subject to the payment of a premium for a specified period of time.

In addition, the Mortgagor is required to make a mandatory prepayment of a portion of the Mortgage Loan, without any premium, approximately two (2) to five (5) years after the closing of the Mortgage Loan (which mandatory prepayment may be made prior to such time). The amount of a Mortgage Loan subject to such mandatory prepayment represents the difference between the Construction Mortgage Loan Amount and the Anticipated Permanent Mortgage Loan Amount. See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Developments and Construction Mortgage Loans Outstanding under the Program as of July 31, 2010.”

**Category 10.** Prepayments of the principal amount of the Mortgage Loan may not be made prior to fifteen (15) years after the date of the making of the permanent financing for the Mortgage Loan, and is subject to the payment of a premium for a specified period of time.

**Category 11.** Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately fifteen (15) years after the closing of the Mortgage Loan.

**Category 12.** Prepayments of the principal amount of the Mortgage Loan may not be made prior to twenty (20) years after the date of the making of the permanent financing for the Mortgage Loan, and is subject to the payment of a premium for a specified period of time.

**Category 13.** No prepayments of the Mortgage Loan are permitted.

### PERMANENT MORTGAGE LOAN PHYSICAL INSPECTION RATINGS

The Corporation conducts an annual site review of each Development to monitor its physical condition; however, Developments with FHA-insured Mortgage Loans having a superior inspection rating need only be inspected by the Corporation every three (3) years and Developments with Permanent Mortgage Loans made recently may not have been inspected by the Corporation. During this review, the Corporation undertakes various procedures to monitor both the exterior and interior physical condition of the Developments. The exterior review includes an inspection of exterior walls and foundations, roofs, exterior walkways, security systems, and gas, water and sewage systems. The Corporation's interior review includes an inspection of floors, stairs, interior walkways, community space, electrical and plumbing fixtures, heating and air conditioning systems, and boiler facilities. In addition, the Corporation inspects, among other things, each Development's play areas, elevators, and fire and safety safeguards.

The Corporation's inspection ratings for the Developments, which incorporate HUD's inspection ratings for FHA-insured mortgage loans, include four rating levels: superior (HUD score: 90-100), satisfactory (HUD score: 60-89), below average (HUD score: 46-59) and unsatisfactory (HUD score: 0-45). Any FHA-insured Mortgage Loan with a below average or unsatisfactory physical inspection rating may be subject to foreclosure by HUD (see "THE PROGRAM—FHA-Insured Mortgage Loans with Low Inspection Ratings"). Appendix E-1 denotes which one of the four rating levels applies to each outstanding inspected Development. The following chart summarizes the applicability of each physical inspection rating level as of July 31, 2010. A significant majority of the mortgage loans underlying the 2006 Series A Mortgage Loan are not inspected by the Corporation; such mortgage loans not inspected by the Corporation are not included in this chart. In addition, the table excludes information with respect to the Developments related to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and the ML Restructuring Second and Third Mortgage Loans other than those Developments with other Mortgage Loans under the Open Resolution.

PHYSICAL INSPECTION	Number of Mortgage Loans*	Outstanding Principal Balance of Mortgage Loans	PERCENTAGE OF TOTAL OUTSTANDING PRINCIPAL BALANCE OF MORTGAGE LOANS
Superior	26	\$ 228,437,570	15.98%
Satisfactory	329	1,128,131,351	78.32%

<b>TOTAL**</b>	<b>390</b>	<b>\$1,440,386,881</b>	<b>100.00%</b>

#### Superior

This rating is assigned based on a physical inspection that reveals no fire and safety violations; no roof or boiler leakage; no structural deficiencies; strict implementation of maintenance practices; adequate funds available to make necessary repairs; and overall attractive physical plant with highly presentable public and utility areas.

\* Developments with Permanent Mortgage Loans made recently may not yet have been inspected by the Corporation.

\*\* May not add due to rounding.

**Satisfactory**

This rating is assigned based on a physical inspection that reveals only minor violations in the Development which the Corporation believes management will cure; no structural deficiencies; no fire and safety violations; and basic adherence to maintenance practices.

**Below Average**

This rating is assigned based on a physical inspection that reveals an inoperable fire alarm control system for the Development regardless of other existing conditions; other fire and safety hazards in the Development; inoperable elevators; and/or structural deficiencies. Failure to correct all deficiencies or failure to fully comply with the Corporation's inspection process and/or reporting requirements after a satisfactory review may result in a below average rating on a subsequent review.

**Unsatisfactory**

This rating is assigned based on a physical inspection that reveals repeat violations including those covered under a below average rating; hazardous conditions throughout the Development including structural damage, leaking roofs and boilers; unattractive public and/or utility areas; and/or failure to correct deficiencies despite written warnings on at least two (2) occasions.

## CROSS-CALL PROVISIONS AND RELATED INFORMATION

The following table sets forth for each Series of Bonds: the original par amount, the outstanding par amount, the maximum interest rate, the final maturity, whether cross-calls into a Series are permitted, and whether cross-calls out of a Series are permitted. As used herein, the term “cross-calls” refers to the redemption of Bonds of one Series from amounts representing Recoveries of Principal derived from or with respect to Mortgage Loans attributable to a different Series of Bonds. This table is not intended by the Corporation to be entirely inclusive of the information necessary for a Bondholder to determine the likelihood of redemptions due to cross-calls or otherwise with respect to a particular Series of Bonds. Many factors may affect the Corporation’s decision to cross-call including, but not limited to, economic factors and certain limitations under Federal tax law.

**DESCRIPTION OF SUPPLEMENTAL SECURITY AND SUBSIDY PROGRAMS****SUPPLEMENTAL SECURITY****FHA Insurance Program**

General. The following describes briefly the multi-family mortgage insurance program administered by HUD, acting through FHA, pursuant to Sections 220, 221(d)(3), 221(d)(4) or 223(f) of the National Housing Act, as amended (the “National Housing Act”), and is qualified in its entirety by reference to the National Housing Act and the regulations thereunder. The applicable FHA regulations regarding such Sections of the National Housing Act are contained in Part 200, Part 220 and Part 221 of Title 24 of the Code of Federal Regulations and, with certain exceptions, incorporate by reference the provisions of Subpart A, Part 207 of Title 24 of the Code of Federal Regulations concerning eligibility requirements of mortgages covering multi-family housing under Section 207 of the National Housing Act and the provisions of Subpart B, Part 207 of Title 24 of the Code of Federal Regulations concerning the contract rights and obligations of the mortgagee with respect to mortgages insured under Section 207 of the National Housing Act. In the event of a conflict between the documents governing the FHA-insured Mortgage Loans, the National Housing Act or the FHA rules, regulations and program requirements and the Resolutions, the documents governing the FHA-insured Mortgage Loans or provisions of the National Housing Act and FHA rules, regulations and program requirements will be controlling. FHA Insurance benefits under the program are available only if the mortgagee of record is an FHA-approved mortgagee. The Corporation has been an FHA-approved mortgagee under the FHA Insurance program since 1972.

FHA regulations define a default under an FHA-insured mortgage (including the note incorporated therein) as: (1) a failure to make any payments due under such mortgage or (2) a failure to perform any other mortgage covenant (which includes covenants in the regulatory agreement executed in connection with such FHA-insured mortgage) if the mortgagee, because of such failure, has accelerated the debt. In the event that there is a default beyond applicable notice and grace periods under the FHA regulatory agreement and FHA so requests, the mortgagee, at its option, may declare the whole indebtedness due and payable. Furthermore, the FHA regulations provide that upon notice of a violation of a mortgage covenant, FHA reserves the right to require the mortgagee to accelerate payment of the outstanding principal in order to protect FHA’s interests. A mortgagee is entitled to receive the benefits of the mortgage insurance after the mortgagor has defaulted and such default (as defined in the FHA regulations) has continued for a period of thirty (30) days subject to certain requirements.

It is the responsibility of the mortgagee to notify FHA in the event of such a default by the mortgagor under the mortgage note or mortgage. FHA regulations further require the mortgagee to make an election, within forty-five (45) days after the date on which the mortgagee becomes eligible to receive FHA Insurance benefits, (i) to assign the mortgage to FHA or (ii) to acquire title to and convey the project property to FHA, unless such time period is extended by FHA.

The mortgagee is required to submit all required documentation within forty-five (45) days of the date the mortgage is assigned to FHA unless the time is extended by FHA. The documentation required to be supplied to FHA includes the mortgage note, the mortgage, the security agreement, the financing statements, the title policy, the hazard policy and other instruments, together with assignments of such documents to FHA. If the election is not made or the documents are not delivered within the forty-five (45) days allowed, FHA will not pay the mortgagee interest on sums outstanding from the date the election should have been made or the date the required documents should have been submitted to FHA,

whichever is applicable, to the date when the mortgage insurance claim is finally paid, unless FHA has agreed to extend the period with interest.

The FHA Insurance benefits received in the event of any claim under the FHA Insurance contract will be subject to certain deductions. The mortgagee will be entitled to settlement of the insurance claim in cash (or, if elected by the mortgagee, in FHA debentures), upon assignment of the mortgage, in an amount equal to 99% of the amount of the principal balance of a defaulted mortgage loan outstanding as of the date of default, after adjustment for certain expenses and for deposits or assets held by the mortgagee for the benefit of the development and not assigned to FHA. However, the Corporation has covenanted in the applicable Supplemental Resolutions to receive insurance claim settlements in cash. FHA Insurance benefits include the payment of interest at the FHA debenture rate on the amount of the insurance claim from the date of default to the date the claim is paid (or such earlier date by which the mortgagee is required to file the election to assign the mortgage or complete submissions as described above, if the mortgagee fails to take such action on a timely basis). The interest rate on the FHA debentures is the rate in effect as of the date of the commitment for FHA Insurance or as of the date of initial endorsement of the note by FHA, whichever is higher. In the case of a monetary default, the date of default is deemed to be the date on which payment on the mortgage loan originally should have been received. Since interest is paid one month in arrears on the FHA-insured Mortgage Loans, the Corporation, in the event of a claim for FHA Insurance benefits, will not be reimbursed for interest which has accrued in the previous month and was due and payable on the date of default.

In connection with a claim for FHA Insurance benefits, FHA may require delivery to it of certain cash items. Cash items are defined to include, among other things, any cash held by or on behalf of the mortgagee which has not been applied to reduce the mortgage, funds held by the mortgagee for the account of the mortgagor, any unadvanced balance of the insured note and any undrawn balance under letters of credit delivered to the mortgagee in connection with endorsement of the insured note. The mortgagee is responsible for all funds in its custody and must therefore obtain approval from FHA and others when required, prior to release of any funds which may be in its possession. Failure to properly protect such funds may result in a deduction from the FHA Insurance benefits in an amount equal to the funds FHA asserts should have properly been held as a deposit.

In the event of an assignment, in order to receive FHA Insurance benefits, FHA requires the mortgagee to make certain warranties with respect to the validity and priority of the mortgage lien and to furnish FHA with a title insurance policy or policies which name FHA as an insured party and which assure that the mortgage constitutes a first lien on the project, subject only to such exceptions previously approved by FHA. The mortgagee will be required to remove any unapproved intervening liens and to obtain an updated title endorsement within the 45-day period (or such longer period as may be approved by FHA) during which documents are required to be submitted. FHA will deduct the amount of any unapproved liens which have priority over the insured mortgage lien from the mortgage insurance benefits.

FHA typically pays a portion of an insurance claim prior to the delivery of all required documentation, including the mortgage note and the mortgage. If a claim is made, FHA will usually, but is not obligated to, pay 90% of the outstanding principal balance of the note within fifteen (15) days of the recordation of an assignment of the mortgage to FHA. Remaining balances are paid to the mortgagee after FHA has received final financial data and final legal clearance has been received. During the period from the date of default on the mortgage until final payment (or such earlier date by which the mortgagee is required to complete submissions as described above), FHA pays interest on the remaining unpaid amount of the insurance claim at the FHA debenture rate.

Under FHA regulations, if the Corporation receives proceeds from any policy of casualty insurance, it may not exercise its option under the mortgages related to the FHA-insured Mortgage Loans to use such proceeds for either rebuilding the Developments, prepaying the mortgage notes or for any other disposition without FHA's prior written approval. If FHA fails to give its approval to the use of the insurance proceeds within thirty (30) days after written request by the Corporation, the Corporation may use or apply the funds for the purposes specified in such mortgages without prior FHA approval.

Regulatory Agreement, Rent Adjustments and HUD's Supervisory Powers. Under the form of regulatory agreement used in connection with developments financed pursuant to FHA-insured mortgage loans (the "Regulatory Agreement"), the mortgagor is required, among other things, to make all payments due under the mortgage loan and to pay a specified amount monthly into the reserve fund for replacements, which must at all times be under the control of state or local housing finance agencies (the "HFA") and disbursements from which may be made only with HUD's consent or, if authorized by HUD, with the consent of the HFA. In addition, the mortgagor must deposit all rents and other receipts of the development in a development bank account and may withdraw funds from such account only in accordance with the Regulatory Agreement for expenses of the development, certain required remittances to HUD, or distributions of return on equity. For projects subject to rent regulation by HUD (which include projects assisted with Section 8 contracts), rental increases may be made only with the approval of HUD. At any time HUD will consider a written request for a rental increase if such request is properly supported by substantiating evidence. Within a reasonable time HUD must either:

- 1) approve an increase in the rental schedule to compensate for any net increase in taxes other than income taxes and in operating and maintenance expenses over which the mortgagor has no effective control. With respect to certain mortgage loans insured pursuant to Section 223(f) of the National Housing Act, HUD may approve an additional increase giving consideration to the debt associated with any subordinate mortgage on the project provided HUD determines that market conditions warrant an increase sufficient to amortize all or part of such subordinate mortgage on the project and that such an increase will not unduly jeopardize the economic stability of the project because of adverse effects on rent collections or vacancies; or
- 2) deny the increase, stating the reasons therefor.

Rent increases for projects assisted with Section 8 contracts are governed by the provisions of the applicable Section 8 contract. Generally, projects insured under Sections 220 and 221(d)(4) of the National Housing Act are not subject to rent regulation by HUD, with certain project-by-project exceptions.

The Regulatory Agreement also contains provisions detailing requirements for tenant eligibility, nondiscrimination, and permissible uses of, or changes to, the development; and prohibits the conveyance, transference or encumbrance of the development or any right to manage the development without the prior written approval of HUD. The mortgagor may not make, receive, or retain any distribution of assets or income from the development except from "surplus cash" and only as permitted under the Regulatory Agreement and applicable laws.

The mortgagor is also prohibited, without the prior written approval of HUD, from remodeling, adding to or demolishing any part of the development or engaging in any other business or activity or incurring any obligation or liability not in connection with the development.

In the event of a violation in the performance of the mortgagor's obligations under the Regulatory Agreement and the mortgagor's failure to cure such violation after receiving notice from HUD, even in the absence of a default under a mortgage note or a mortgage, HUD may (a) notify the HFA of such

default and request the HFA to declare a default under the mortgage note and the mortgage, and the HFA may, at its option, declare the whole indebtedness due and thereupon proceed with foreclosure of the mortgage or assign the mortgage note and the mortgage to HUD, (b) collect all rents and charges in connection with the operation of the development and use such collections to pay the mortgagor's obligations under the Regulatory Agreement, the mortgage note and the mortgage and the expenses of maintaining the development, (c) take possession of and operate the development, and (d) apply for an injunction, appointment of a receiver or such other relief as may be appropriate.

The Regulatory Agreement provides that the mortgagor of the development assumes no personal liability for payments due under the related mortgage note and mortgage, for the reserve for replacements or for matters not under its control. The Regulatory Agreement does provide, however, that the mortgagor is liable for funds or property of the development in the possession of the mortgagor and which the mortgagor is not entitled to retain, and for the mortgagor's actions, or those of others which the mortgagor has authorized, in violation of the Regulatory Agreement.

Loss of FHA Insurance. FHA requires the maintenance of specified casualty insurance on mortgaged properties. The mortgagee must obtain such coverage in the event the mortgagor fails to do so. The failure to maintain adequate casualty insurance on a development may result in the partial or full loss of the FHA Insurance benefits in the event of damage to or destruction of such development. FHA Insurance benefits may also be lost for failure to pay required FHA mortgage insurance premiums or failure to provide FHA with required notices. FHA Insurance benefits may also be denied if fraudulent statements were made to FHA by the HFA or by the mortgagor with the knowledge of the HFA.

### **REMIC Insurance Program**

General. REMIC was created in January 1993 as a public benefit corporation of the State under Section 654-d of the New York Private Housing Finance Law (the "REMIC Act"). The REMIC Act also established REMIC as a subsidiary of the Corporation. REMIC is the successor to the New York City Rehabilitation Mortgage Insurance Corporation ("Old REMIC") which was in operation from 1973 until January 1993 when REMIC assumed all of Old REMIC's obligations, including its contracts of insurance and commitments to insure mortgages.

REMIC consists of nine members, seven of whom are the members of the Corporation plus two additional members who are appointed by the Mayor of the City. The Chairperson of the Corporation is also the Chairperson of REMIC. The powers of REMIC are vested in and exercised by no less than five members. REMIC may delegate to one or more of its members, officers, agents or employees such powers and duties as it deems proper. The officers and staff of REMIC are all employees of the Corporation. The REMIC Act prohibits REMIC from issuing a commitment to insure a mortgage loan made by the Corporation unless such commitment is approved by at least two members of a three member committee composed of the Chairperson and the two members of REMIC who are not members of the Corporation.

Purposes and Powers. REMIC's purpose is to insure mortgage loans in order to promote the preservation of neighborhoods in New York City which are blighted, are becoming blighted or may become blighted; to discourage disinvestment and encourage investment of mortgage capital in such neighborhoods; and to provide safe, sanitary and affordable housing accommodations to persons and families for which the ordinary operations of private enterprise cannot supply such accommodations. In furtherance of its corporate purpose, REMIC is authorized to enter into commitments to insure mortgages and contracts of insurance, and fulfill its obligations and enforce its rights under any insurance so furnished, including any contracts of insurance of Old REMIC.

REMIC is empowered to insure permanent first mortgage loans made by financial institutions for multi-family housing accommodations, one to four family homes, and emergency, transitional or shelter housing (“Shelter Housing”) located in the City of New York. This includes multi-family rental and cooperative buildings, owner-occupied one to four family homes, cooperative units, condominium units, Shelter Housing and mixed-use buildings, provided that, with respect to mixed-use buildings containing more than six dwelling units and Shelter Housing, the above-ground commercial space must contain less than 25% of the total above-ground square footage of the insured property. REMIC insurance coverage (the “Coverage Percentage”) is limited by property type and loan type. Lenders can obtain up to 50% coverage on preservation loans (i.e., refinancing and/or acquisition loans), up to 75% on rehabilitation loans (i.e., permanent loans which replace construction or rehabilitation financing) and up to 100% on preservation or rehabilitation loans made by a public employee pension system or another public benefit corporation, including the Corporation, when such loan is funded with the proceeds of a bond issue.

REMIC Funds. The REMIC Act establishes a housing insurance fund (the “HIF”), a mortgage insurance fund (the “REMIC MIF”) and a REMIC premium reserve fund (“PRF”). REMIC is required to maintain the HIF to serve as a revolving fund for carrying out the provisions of the REMIC Act with respect to housing insurance contracts entered into by REMIC. The HIF requirement, as of any particular date of computation, is equal to an amount of money or cash equivalents equal to the aggregate of (a) the insured amounts of loans due and payable as of such date pursuant to its housing insurance contracts, plus (b) an amount equal to 20% of the insured amounts under REMIC’s housing insurance contracts (other than insured amounts due and payable pursuant to clause (a) above) plus 20% of the amounts to be insured under REMIC’s commitments to insure. Increases to the HIF are funded solely from monies from the PRF. The term “cash equivalent” means a letter of credit, insurance policy, surety, guarantee, indemnity or other security arrangement.

The REMIC Act provides that no monies shall be withdrawn from the HIF at any time in such amount as would reduce the amount in the HIF to less than the HIF requirement, except for the purpose of paying liabilities arising from housing insurance contracts as they come due and for the payment of which other monies are not available.

As of July 31, 2010, the HIF’s total liability against commitments and against housing insurance contracts in force was approximately \$212 million. As of July 31, 2010, the HIF had a total loan amount on outstanding commitments and housing insurance contracts in force of approximately \$851 million on 245 properties. As of July 31, 2010, the HIF was funded in cash or marketable securities in an amount at least equal to the HIF requirement.

REMIC is also required to maintain the REMIC MIF which serves as a revolving fund for carrying out the provisions of Old REMIC’s commitments to insure and insurance contracts which are known as “mortgage insurance contracts” rather than “housing insurance contracts.” The REMIC MIF requirement, as of any particular date of computation, is equal to an amount of money equal to the aggregate of (a) the insured amounts of loans due and payable as of such date pursuant to its mortgage insurance contracts plus (b) an amount equal to the greater of \$7,500,000 or 20% of the insured amounts under REMIC’s mortgage insurance contracts (other than insured amounts due and payable pursuant to clause (a) above) plus 20% of the amounts to be insured under Old REMIC’s commitments to insure; provided, however, the REMIC MIF requirement will be decreased to an amount equal to the aggregate of (x) the amounts due and payable or insured under mortgage insurance contracts and (y) the amounts to be insured under Old REMIC commitments, when the total of such amounts is less than \$7,500,000. Increases to the REMIC MIF are funded solely from monies from the PRF.

The REMIC Act provides that no monies shall be withdrawn from the REMIC MIF at any time in such amount as would reduce the amount in the REMIC MIF to less than the REMIC MIF requirement,

except for the purpose of paying liabilities arising from mortgage insurance contracts as they become due and for the payment of which other monies are not available.

As of July 31, 2010, the REMIC MIF's total liability against mortgage insurance contracts in force was \$204,136. As of July 31, 2010, the REMIC MIF had a total loan amount on outstanding commitments and mortgage insurance contracts in force of \$452,269 on seven (7) properties. As of July 31, 2010, the REMIC MIF was funded in an amount at least equal to the REMIC MIF requirement.

REMIC also maintains the PRF to provide for payment of REMIC's liabilities arising from its operations, its housing insurance contracts and its mortgage insurance contracts. All monies deposited in the PRF, whether from earned premiums, investment income or other sources, represent the excess over the REMIC MIF and HIF requirements. If the amounts in the HIF and the REMIC MIF are below their respective requirements, amounts in the PRF are available to restore these funds to their requirements. As of July 31, 2010, the PRF totaled approximately \$13 million.

Claims for Loss. As of July 31, 2010, Old REMIC and the REMIC MIF had paid a total of twelve (12) claims for loss on insurance policies under its mortgage insurance coverage in the aggregate amount of \$598,291. As of July 31, 2010, the HIF had neither paid claims for loss nor had any policies in force on which claims for loss had been submitted.

The claims-paying ability of the HIF is rated "AA" by S&P. The REMIC MIF and the PRF are not rated by any recognized rating agency. Such ratings reflect only the respective views of such rating agencies, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that this rating will be retained for any given period of time or that the same will not be revised downward or withdrawn entirely by the rating agency furnishing the same if, in its judgment, circumstances so warrant.

The payment of principal and interest on the Bonds is not secured by or payable from monies held in the HIF, the REMIC MIF or the PRF, and REMIC is not liable on the Bonds. The REMIC Act provides that all amounts in the HIF, with certain exceptions, shall be used solely for the payment of its liabilities arising from housing insurance contracts. Only monies in the HIF and the PRF will be available to REMIC for payment of REMIC's liabilities under the REMIC Insurance. There are no other dedicated sources of revenue to pay for the insurance obligations of REMIC. There can be no assurance that the amounts on deposit in the HIF and PRF will not be depleted through payment of liabilities arising with respect to insured mortgage loans other than REMIC-insured Mortgage Loans.

The audited financial statements of REMIC for the fiscal year ended October 31, 2009 are included in the audited financial statements of the Corporation for the fiscal year ended October 31, 2009 which are contained in Appendix C to this Official Statement. Copies of the Annual Report of the Corporation, which includes information on REMIC, are available from REMIC at 110 William Street, New York, New York 10038, telephone: (212) 227-5500, or through its internet address: [www.nychdc.com/subsidiaries/REMIC.html](http://www.nychdc.com/subsidiaries/REMIC.html).

Benefits for the Mortgage Loans secured or expected to be secured by REMIC Insurance under HIF. The REMIC Master Policy of Insurance (the "REMIC Policy"), which covers a specified percentage of the original Mortgage Loan amount for each insured Mortgage Loan on a first loss basis, requires each insured lender benefitting from REMIC Insurance (an "Insured") to notify REMIC within forty-five (45) days after a payment default by a Mortgagor on an insured Mortgage Loan and to provide various additional notices during the period of default. When a Mortgagor fails to pay a total aggregate amount equal to four regular monthly payments of principal and interest, and any escrow payments due under the terms of an insured Mortgage Loan, disregarding any waivers or extensions by the Insured

(termed “Four Months in Default” under the REMIC Policy), and assuming such notices have been timely submitted and other preconditions have been met, the Insured may make a claim for REMIC Insurance benefits.

Upon receipt of a notice of default under an insured Mortgage Loan, REMIC has the right to purchase the Mortgage Loan from the Insured for a price equal to the unpaid principal balance thereof and all “Allowed Costs” (defined to mean delinquent interest, taxes, attorney fees and the like) not previously reimbursed by REMIC. Thereafter, REMIC is to receive an assignment of the Mortgage Loan and all reserves held for the credit of the related Development. The Insured may also request, if the Mortgage Loan is Four Months in Default, that REMIC enter into (i) a periodic payment plan lasting no more than two years during which time the Insured is to receive from REMIC on a quarterly basis the amounts due on the Mortgage Loan net of the operating income from the Development assigned by the Mortgagor to the Insured, or (ii) where there is no reasonable expectation that there will be a cure of the Mortgage Loan default, a lump sum payment agreement requiring payment by REMIC to the Insured of an amount equal to the average of two quoted market valuations of the property plus the Coverage Percentage of Allowed Costs. At the end of the two year periodic payment plan period, any additional insurance benefits due to the Insured are to be paid by REMIC. In the case of both a periodic payment plan and a lump sum payment plan, total insurance benefits paid may not exceed the lesser of (x) the Coverage Percentage of the full Claim for Loss (defined below), or (y) the Coverage Percentage of the Mortgage Loan principal amount as initially insured.

Unless the related Mortgage Loan is purchased by REMIC, or a periodic payment plan or lump sum payment plan has been executed, as described above, the Insured is required by the REMIC Policy to commence proceedings to obtain title to the Development when the insured Mortgage Loan becomes Four Months in Default (although the Insured is free to commence such proceedings upon any default). However, upon consent of REMIC or satisfaction of certain other conditions, actions, including foreclosure proceedings, may be undertaken in which title to the property will pass to a third party.

In the event that the Insured obtains title to the Development, the Insured may present a claim under the REMIC Insurance and REMIC, at its option, will pay insurance benefits in either of the following amounts:

(a) the full “Claim for Loss,” consisting of the Mortgage Loan principal balance as of the date of default and Allowed Costs but net of reserves held for the Development and net of any portion of the claim attributable to Insured fault or previously reimbursed to the Insured, in which case title to the Development is to be transferred to REMIC, or

(b) a percentage of the full Claim for Loss equal to the Coverage Percentage thereof, but not in excess of the Coverage Percentage of the Mortgage Loan principal amount as initially insured, in which case the Insured is to retain title to the Development.

If proceedings are undertaken in which title to the property passes to a third party, the Insured may claim under the REMIC Insurance for payment of the full Claim for Loss, net of the amounts realized by the Insured from such proceedings, but never in excess of the Coverage Percentage of the Mortgage Loan principal amount as initially insured.

For specific information on the coverage provided by REMIC Insurance, reference should be made to the applicable REMIC commitment and the Master Policy issued by REMIC, which are available at the offices of the Corporation.

The REMIC Insurance may terminate pursuant to its terms upon the occurrence of certain events including, without limitation, the nonpayment of renewal premium, the material modification of the Mortgage without the prior written approval of REMIC, and the disposal of property or collateral securing the Mortgage Loan prior to the final settlement of a claim for loss.

With respect to the Mortgage Loans insured or expected to be insured by REMIC, amounts in the HIF are available, and amounts in the REMIC MIF and the PRF are not available, to pay any liability incurred by REMIC with respect to such Mortgage Loans.

As of July 31, 2010, one hundred and fifteen (115) permanent Mortgage Loans under the Program, with an aggregate outstanding Mortgage Loan balance of approximately \$523 million are partially insured by REMIC.

REMIC makes no representation as to the contents of this Official Statement (other than this section), the suitability of the Bonds for any investor, the feasibility of the Developments, or compliance with any securities or tax laws and regulations which may relate to the issuance and sale of the Bonds.

REMIC's role is limited to providing the coverage set forth in the REMIC Insurance.

### **SONYMA Insurance Program**

As further described below, the State of New York Mortgage Agency ("SONYMA") operates a mortgage insurance program. Mortgage Loans insured by SONYMA are referred to as the "SONYMA-insured Mortgage Loans." ***The Bonds are not insured by SONYMA and SONYMA is not liable on the Bonds.***

General. SONYMA was established pursuant to the State of New York Mortgage Agency Act, Chapter 612 of the Laws of New York, 1970, as amended (the "SONYMA Act"). The directors of SONYMA consist of the State Comptroller or his appointee, the Director of the Budget of the State of New York, the Commissioner of the New York State Division of Housing and Community Renewal, one director appointed by the Temporary President of the State Senate, one director appointed by the Speaker of the State Assembly, and four directors appointed by the Governor with the advice and consent of the State Senate. SONYMA employs a staff of approximately 113 employees, including 10 persons who staff the legal, underwriting and risk evaluation, administrative and servicing units of the SONYMA Mortgage Insurance Fund. The issuance of commitments to insure loans of greater than \$2,000,000 requires the approval of SONYMA's Mortgage Insurance Committee and the issuance of commitments to insure loans of greater than \$7,000,000 also requires the approval of the directors of SONYMA.

The SONYMA Act authorizes SONYMA to enter into commitments to insure mortgages and contracts of mortgage insurance and to contract to facilitate the financial activities of the Convention Center Development Corporation (the "CCDC"), a subsidiary of the New York State Urban Development Corporation, and to fulfill SONYMA's obligations and enforce its rights under any insurance or financial support so furnished. Part II of the SONYMA Act, authorizing the mortgage insurance program, was adopted by the State Legislature in 1978 to encourage financial institutions to make mortgage loans in neighborhoods suffering from disinvestment by providing mortgage insurance to minimize the investment risk. In 1989, the SONYMA Act was amended to authorize SONYMA to provide insurance for a loan or pool of loans (a) when the property is located in an "economic development zone" as defined under State law, (b) when the property will provide affordable housing, (c) when the entity providing the mortgage financing was or is created by local, State or Federal legislation, and certifies to SONYMA that the project meets the program criteria applicable to such entity or (d) when the property will provide a retail or community service facility that would not otherwise be provided.

In December 2004, the SONYMA Act was amended to authorize SONYMA to enter into agreements with CCDC to provide a source or potential source of financial support to bonds of the CCDC and, to the extent not otherwise provided in respect of the support of bonds, for its ancillary bond facilities.

**The SONYMA Act authorizes SONYMA to create a mortgage insurance fund (the “SONYMA Mortgage Insurance Fund”). The SONYMA Mortgage Insurance Fund is used as a revolving fund for carrying out the provisions of the SONYMA Act with respect to mortgages insured thereunder and with respect to providing credit support for the CCDC bonds or ancillary bond facilities. The Bonds are not secured by monies held in the SONYMA Mortgage Insurance Fund and SONYMA is not liable on the Bonds. The SONYMA Act provides that all monies held in the SONYMA Mortgage Insurance Fund, with certain exceptions, shall be used solely for the payment of its liabilities arising from mortgages insured by SONYMA or for providing credit support for the CCDC bonds or ancillary bond facilities pursuant to the SONYMA Act. Only monies in the appropriate accounts of the SONYMA Mortgage Insurance Fund will be available to SONYMA for payment of SONYMA’s liabilities under the SONYMA mortgage insurance policies for the SONYMA-insured Mortgage Loans (the “SONYMA Insurance”).**

The SONYMA Act establishes within the SONYMA Mortgage Insurance Fund a project pool insurance account with respect to insurance on properties other than one to four dwelling units (the “Project Pool Insurance Account”), a special account (the “Special Account”), a single family pool insurance account with respect to insurance related to one to four dwelling units (the “Single Family Pool Insurance Account”), and a development corporation credit support account with respect to providing credit support for the bonds or ancillary bond facilities of the CCDC (the “Development Corporation Credit Support Account”). The Development Corporation Credit Support Account is a source or potential source of payment of the sum of the respective amounts (or percentages) of required or permissive funding by the CCDC of each reserve and financial support fund established by the CCDC for its bonds and, to the extent not otherwise provided in respect of the support of bonds, for its ancillary bond facilities for which SONYMA has determined that the Development Corporation Credit Support Account is or will be a source or potential source of funding.

The SONYMA Act provides that assets of the Project Pool Insurance Account, the Special Account, the Single Family Pool Insurance Account and the Development Corporation Credit Support Account shall be kept separate and shall not be commingled with each other or with any other accounts which may be established from time to time, except as authorized by the SONYMA Act. The SONYMA-insured Mortgage Loans are insured by SONYMA under the Project Pool Insurance Account.

The SONYMA Act provides that all monies held in the Project Pool Insurance Account, with certain exceptions, shall be used solely for the payment of its liabilities arising from mortgages insured by SONYMA pursuant to the SONYMA Act. The claims-paying ability of each of the Project Pool Insurance Account and the Single Family Pool Insurance Account of the SONYMA Mortgage Insurance Fund are rated “Aa1” by Moody’s Investors Service. The claims-paying ability of the Project Pool Insurance Account and the Single Family Pool Insurance Account of the SONYMA Mortgage Insurance Fund are rated “AA-” and “AA+,” respectively, by Fitch, Inc. Such ratings reflect only the views of such organizations; an explanation of the significance of such ratings may be obtained from the respective rating agencies. There is no assurance that such ratings will continue for any period of time or that they will not be revised downward or withdrawn entirely by such rating agencies if, in their judgment, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds. These ratings were established subsequent to SONYMA’s change in its procedures to now require that reserves established with respect to project primary insurance it provides be deposited to the Project Pool Insurance Account. The claims paying

ability of the Development Corporation Credit Support Account has not been rated. The SONYMA Act provides that SONYMA may not execute a contract to provide credit support to the bonds or ancillary bond facilities of the CCDC if, at the time such contract is executed, such execution would impair any then existing credit rating of the Single Family Pool Insurance Account or the Project Pool Insurance Account.

The SONYMA Mortgage Insurance Fund is funded primarily by a surtax on the State mortgage recording tax. Section 253(1-a) of the State Tax Law (the "State Tax Law") imposes a surtax (the "Tax") on recording mortgages of real property situated within the State. Excluded from the Tax are, among others, recordings of mortgages executed by voluntary nonprofit hospital corporations, mortgages executed by or granted to the Dormitory Authority of the State of New York and mortgages, wherein the mortgagee is a natural person, on mortgaged premises consisting of real property improved by a structure containing six or fewer residential dwelling units, each with separate cooking facilities. The Tax is equal to \$0.25 for each \$100 (and each remaining major fraction thereof) of principal debt which is secured by the mortgage. Section 261 of the State Tax Law requires the respective recording officers of each county of the State, on or before the tenth day of each month, after deducting certain administrative expenses incident to the maintenance of their respective recording offices, to pay SONYMA for deposit to the credit of the SONYMA Mortgage Insurance Fund the portion of the Tax collected by such counties during the preceding month, except that: (i) with respect to mortgages recorded on and after May 1, 1987, the balance of the Tax paid during each month to the recording officers of the counties comprising the Metropolitan Commuter Transportation District on mortgages of any real property improved by a structure containing six residential dwelling units or less with separate cooking facilities, shall be paid over to the Metropolitan Transportation Authority; (ii) with respect to mortgages recorded on and after May 1, 1987, the balance of the Tax paid during each month to the recording officers of the County of Erie on mortgages of any real property improved by a structure containing six residential dwelling units or less with separate cooking facilities, shall be paid over to the State Comptroller for deposit into the Niagara Frontier Transportation Authority light rail rapid transit special assistance fund; and (iii) Taxes paid upon mortgages covering real property situated in two or more counties shall be apportioned by the State Tax Commission among SONYMA, the Metropolitan Transportation Authority and the Niagara Frontier Transportation Authority, as appropriate.

Mortgage recording taxes have been collected in the State for more than 75 years. SONYMA has been entitled to receive Tax receipts since December 1978. Under existing law, no further action on the part of the State legislature is necessary for the SONYMA Mortgage Insurance Fund to continue to receive such monies. However, the State is not bound or obligated to impose, or to impose at current levels, the mortgage recording taxes described above or to direct the proceeds to SONYMA as currently provided. The SONYMA Mortgage Insurance Fund's receipt of Tax receipts is dependent upon the performance by the county recording officers of their collection and remittance obligations; the State Tax Commission is given general supervisory power over such officers. Tax receipts paid to the Mortgage Insurance Fund in calendar years 2005, 2006, 2007, 2008 and 2009 were approximately \$168 million, \$184 million, \$210 million, \$140 million and \$73 million respectively.

The SONYMA Act provides that SONYMA must credit the amount of money received from the recording officer of each county to the Special Account. The SONYMA Act provides that SONYMA may credit from the Special Account to the Project Pool Insurance Account, the Single Family Pool Insurance Account or the Development Corporation Credit Support Account, such moneys as are needed to satisfy the mortgage insurance fund requirement (as defined in the SONYMA Act) (the "Mortgage Insurance Fund Requirement") of the Project Pool Insurance Account, the Single Family Pool Insurance Account and the Development Corporation Credit Support Account, respectively, except that during any twelve-month period ending on March thirty-first the aggregate amount credited to the Development Corporation Credit Support Account (excluding investment earnings thereon) shall not exceed the lesser

of (i) fifty million dollars or (ii) the aggregate of the amounts required under the contracts executed by SONYMA to provide credit support to the CCDC's bonds or ancillary bond facilities. The SONYMA Act also provides that if at any time the moneys, investments and cash equivalents (valued as determined by SONYMA) of the Project Pool Insurance Account, the Single Family Pool Insurance Account or the Development Corporation Credit Support Account exceed the amount necessary to attain and maintain the credit rating or, with respect to credit support to the CCDC's bonds or ancillary bond facilities, credit worthiness (as determined by SONYMA) required to accomplish the purposes of either of such Accounts, SONYMA shall transfer such excess to the Special Account. Any excess balance in the Special Account is required to be remitted to the State annually. The SONYMA Act provides that no monies shall be withdrawn from any account within the SONYMA Mortgage Insurance Fund at any time in such amount as would reduce the amount in each account of such Fund to less than its applicable Mortgage Insurance Fund Requirement, except for the purpose of paying liabilities as they become due and for the payment of which other monies are not available. There can be no assurance that the amounts on deposit in the Project Pool Insurance Account will not be depleted through payment of liabilities arising with respect to insured mortgage loans other than the SONYMA-insured Mortgage Loans.

The Mortgage Insurance Fund Requirement as of any particular date of computation is equal to an amount of money or cash equivalents equal to (a) the aggregate of (i) the insured amounts of loans and such amount of credit support for the CCDC's bonds or ancillary bond facilities that SONYMA has determined to be due and payable as of such date pursuant to its contracts to insure mortgages or provide credit support for the CCDC's bonds or ancillary bond facilities plus (ii) an amount equal to twenty per centum (20%) of the amounts of loans insured under SONYMA's insurance contracts plus twenty per centum (20%) of the amounts to be insured under SONYMA's commitments to insure less the amounts payable pursuant to subparagraph (i) above (provided, however, that if the board of directors of SONYMA shall have established a higher per centum for a category of loans pursuant to the SONYMA Act, such per centum shall be substituted for twenty per centum (20%) in this paragraph as, for example, the March 2001 board of directors determination that the per centum for special needs facilities was forty per centum (40%)), plus (iii) an amount equal to the respective amounts established by contracts under which SONYMA has determined that the Development Corporation Credit Support Account will provide credit support for CCDC, less the amounts payable with respect to credit support for CCDC's bonds or ancillary bond facilities pursuant to subparagraph (i) above less (b) the aggregate of the amount of each reinsurance contract procured in connection with obligations of SONYMA determined by SONYMA to be a reduction pursuant to this paragraph in calculating the Mortgage Insurance Fund Requirement. Pursuant to the SONYMA Act, the board of directors of SONYMA may, from time to time, establish a Mortgage Insurance Fund Requirement in an amount higher than the twenty per centum (20%) set forth above. There can be no assurance that, in the future, there will not be additional changes in the Mortgage Insurance Fund Requirement for any category of loans.

As of March 31, 2010, the amount of reserves (money or cash equivalents) in the Project Pool Insurance Account was \$1,172,991,557 and the Mortgage Insurance Fund Requirement related to such Account was \$604,361,825. Amounts on deposit in the Project Pool Insurance Account may be transferred to other accounts or withdrawn as described in the second preceding paragraph.

As of March 31, 2010, the SONYMA Mortgage Insurance Fund's total liability against project mortgage insurance commitments and policies in force was \$2,542,077,853 and the SONYMA Mortgage Insurance Fund had a total loan amount on outstanding project mortgage insurance commitments and policies in force of \$2,703,946,943.

As of March 31, 2010, the Project Pool Insurance Account had paid 48 project mortgage insurance claims for loss in the aggregate amount of \$112,769,173. As of March 31, 2010, the SONYMA Mortgage

Insurance Fund had 13 project mortgage insurance policies in force on which claims for loss had been submitted. SONYMA estimates that its total liability thereon is \$53,245,470.

On September 28, 2005, the board of directors of SONYMA authorized SONYMA to enter into a credit support agreement with CCDC, pursuant to which SONYMA has agreed to provide credit support for the New York Convention Center Development Corporation Revenue Bonds (Hotel Unit Fee Secured) Series 2005 (the "CCDC Series 2005 Bonds") issued by CCDC. SONYMA has made an initial deposit of \$33.8 million into the Development Corporation Credit Support Account and, thereafter, will maintain a minimum balance of \$25 million in such Account. These moneys will be used to support the payment of an amount equal to up to one-third of the scheduled principal and interest due on the CCDC Series 2005 Bonds.

In addition to the mortgage insurance program and the credit support program, the SONYMA Act authorizes SONYMA to purchase and make commitments to purchase mortgage loans on single-family (one- to four-unit) housing and home improvement loans from certain lenders in the State. The SONYMA Act also empowers SONYMA to make and purchase certain student loans. SONYMA may issue its bonds to finance purchases of loans.

Copies of SONYMA's audited financial statements for the fiscal year ended October 31, 2009 are available from the State of New York Mortgage Agency, 641 Lexington Avenue, New York, New York 10022, telephone (212) 688-4000.

SONYMA makes no representation as to the contents of this Official Statement (other than this section), the suitability of the Bonds for any investor, the feasibility of any Project or compliance with any securities or tax laws and regulations which may relate to the issuance and sale of the Bonds.

SONYMA's role is limited to providing the coverage set forth in the SONYMA Insurance.

#### Collection of SONYMA Mortgage Insurance Benefits.

It is expected that the SONYMA-insured Mortgage Loans will be or have been insured by SONYMA upon compliance with certain conditions contained in their respective SONYMA insurance commitments. As of the date of this Official Statement, any Mortgage Loans insured by SONYMA have been insured for 100% of the outstanding principal balance thereof. In the future, however, the Corporation may seek partial insurance from SONYMA with respect to certain Mortgage Loans. The following description relates only to Mortgage Loans which are insured for 100% of the outstanding principal balance thereof.

Pursuant to the SONYMA Insurance with respect to each of the SONYMA-insured Mortgage Loans, following certain defaults under the respective Mortgage securing such Mortgage Loans, the Corporation shall file a claim for loss with SONYMA. Thereupon, SONYMA has the option to either (i) make periodic payments of its obligation under the SONYMA Insurance in amounts equal to the scheduled principal and interest payments due with respect to such Mortgage Loan plus certain other amounts expended by the Corporation (for which the Corporation has not been reimbursed) or (ii) make a lump sum payment under the SONYMA Insurance in an amount equal to the sum of the principal outstanding and interest accrued on such Mortgage Loan from the date of such claim for loss to the date of payment in respect of such claim for loss and certain other amounts expended by the Corporation (for which the Corporation has not been reimbursed). Periodic payments are to be made monthly. In addition, if SONYMA has chosen initially to make periodic payments it may nevertheless exercise its option to make a lump sum payment in the full amount of its then outstanding obligation under the SONYMA Insurance at any time while SONYMA is making periodic payments. Upon a lump sum payment by

SONYMA, the Corporation shall assign such Mortgage to SONYMA. The SONYMA Insurance with respect to such Mortgage Loan may terminate pursuant to its terms upon the occurrence of certain events including the nonpayment of renewal premium. For specific information on the coverage provided by the SONYMA Insurance with respect to such Mortgage Loan, reference should be made to the policy related to such SONYMA Insurance which is available for inspection at the office of the Corporation.

The Corporation has covenanted not to take any action to conflict with SONYMA regulations so as to jeopardize the SONYMA Insurance. In addition, in the event of a default under any of the SONYMA-insured Mortgage Loans, the Corporation has covenanted to undertake to assign such Mortgage Loan to SONYMA or take such other actions in timely fashion so as to avoid any loss or diminution of benefits receivable as SONYMA Insurance.

### **GNMA Mortgage-Backed Securities Program**

GNMA Securities are “fully-modified, pass-through” securities which require the Mortgage Banker that issued such GNMA Securities or its assignee (i) to make monthly payments of principal and interest on the aggregate principal balance thereof to the holder of the GNMA Securities, whether or not the Mortgage Banker receives payments on the mortgage loans backing the GNMA Securities from the mortgagor, and (ii) to pass through any prepayments of principal and premiums on the mortgage loans received by the Mortgage Banker. GNMA Securities are guaranteed as to full and timely payment of principal and interest by GNMA, a wholly-owned corporate instrumentality of the United States within the Department of Housing and Urban Development with its principal office in Washington, D.C.

GNMA Guaranty. GNMA is authorized by Section 306(g) of Title III of the National Housing Act to guarantee the timely payment of the principal of and interest on securities which are based on and backed by, among other things, an FHA-insured mortgage loan under the National Housing Act. Section 306(g) of the National Housing Act provides further that “the full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guaranty under this subsection.” An opinion, dated December 12, 1969, of an Assistant Attorney General of the United States, states that, under Section 306(g) of the National Housing Act, such guarantees of mortgage-backed securities (of the type to be delivered to the Trustee on behalf of the Corporation) are authorized to be made by GNMA and “would constitute general obligations of the United States backed by its full faith and credit.”

GNMA guarantees the timely payment of the principal of and interest on the GNMA Security by the Mortgage Banker. Interest and principal payments on the underlying mortgage loans received by the Mortgage Banker from the mortgagor are the primary source of monies for payments on the GNMA Securities. If such payments are less than what is due under the GNMA Security, the Mortgage Banker is obligated to advance its own funds to insure timely payment of all amounts coming due on the GNMA Security. GNMA guarantees such timely payment to the holder of the GNMA Securities by the Mortgage Banker whether or not made by a mortgagor. If such payments are not received as scheduled, the holder of the GNMA Securities has recourse directly to GNMA. The GNMA Securities do not constitute a liability of, nor evidence any recourse against, the Mortgage Banker as the issuer of the GNMA Securities, but recourse thereon is solely against GNMA.

In order to meet its obligations under such guaranty, GNMA, in its corporate capacity under Section 306(d) of Title III of the National Housing Act, may issue its general obligations to the United States Treasury in an amount outstanding at any time sufficient to enable GNMA, with no limitations as to amount, to perform its obligations under its guaranty of the timely payment of the principal of and interest on a GNMA Security. The Treasury is authorized to purchase any obligations so issued by GNMA and has indicated in a letter dated February 13, 1970, from the Secretary of the Treasury to the

Secretary of HUD that the Treasury will make loans to GNMA, if needed, to implement the aforementioned guaranty. GNMA further warrants to the holder of each GNMA Security, that, in the event it is called upon at any time to make good its guaranty of the payment of principal and interest on a GNMA Security, it will, if necessary, in accordance with Section 306(d) of the National Housing Act, apply to the Treasury Department of the United States for a loan or loans in amounts sufficient to make payments of principal and interest.

Under the GNMA Mortgage-Backed Securities Program, the Mortgage Banker is obligated to execute a Guaranty Agreement which provides that, in the event of a default by the Mortgage Banker, including (i) a request to GNMA to make a payment of principal or interest on a GNMA Security, (ii) the insolvency of the Mortgage Banker, or (iii) a default by the Mortgage Banker under any other Guaranty Agreement with GNMA, GNMA shall have the right to extinguish the Mortgage Banker's interest in the mortgage loans that back GNMA Securities, which then shall become the absolute property of GNMA, subject only to the unsatisfied rights of the owners of the GNMA Securities. In such event, the GNMA Guaranty Agreement provides that GNMA shall be the successor in all respects to the Mortgage Banker in its capacity under the GNMA Guaranty Agreement and shall be subject to all responsibilities, duties and liabilities (except the Mortgage Banker's indemnification of GNMA) of the Mortgage Banker pursuant to the GNMA Guaranty Agreement. GNMA may contract for another eligible issuer of GNMA Securities to undertake and agree to assume any part or all of such responsibilities, duties or liabilities of the Mortgage Banker, as long as no such agreement detracts from or diminishes the responsibilities, duties or liabilities of GNMA in its capacity as guarantor of the GNMA Security or otherwise adversely affects the rights of the owners of the GNMA Securities.

Payment of Principal and Interest on the GNMA Securities. GNMA Securities provide that accrued interest for thirty (30) days is payable by the Mortgage Banker to the holder of the GNMA Securities on the fifteenth (15<sup>th</sup>) of each successive month thereafter until maturity of the GNMA Security. The GNMA Securities are payable in equal monthly installments, subject to prepayment. The aggregate amount of principal due on the GNMA Securities is in an amount equal to the scheduled principal amortization currently due on the underlying mortgage note.

Each of the monthly installments is subject to adjustment by reason of any prepayments or other early or unscheduled recoveries of principal on the mortgage note. In any event, the Mortgage Banker is obligated to pay to the holder of the GNMA Securities, monthly installments of not less than the interest due on the GNMA Securities at the rate specified in the GNMA Securities, together with any scheduled installments of principal whether or not collected from the mortgagor, and any prepayments or early recoveries of principal (including insurance proceeds and condemnation awards that are applied to principal and FHA insurance benefits) and prepayment premiums paid under the Mortgage Note. Final payment shall be made upon surrender of each outstanding GNMA Security. Any such prepayment could result in the redemption of Bonds at any time.

In the event that a mortgagor defaults under an FHA-insured mortgage loan that backs a GNMA Security, the Mortgage Banker may elect to file a claim for FHA Insurance benefits. See "FHA Insurance Program" above.

Under the GNMA Mortgage-Backed Securities Program, the Mortgage Banker is required to service and otherwise administer the mortgage loans in accordance with generally accepted practices of the mortgage banking industry and the GNMA Servicer Guide. The monthly remuneration of the Mortgage Banker, for its servicing and administrative functions, and the guaranty fee charged by GNMA, are based on the unpaid principal amount of GNMA Securities outstanding. Repayment of principal on such GNMA Securities will be based on repayment of the respective mortgage note which, because of the

minimum 0.25% higher interest rate on the note will occur more slowly than would repayment by equal installments of principal and interest at the interest rate on the GNMA Securities.

### **Fannie Mae**

General. Fannie Mae is a federally chartered corporation organized and existing under the Federal National Mortgage Association Charter Act, 12 U.S.C. 1716 et seq. Fannie Mae was originally established in 1938 as a United States government agency to provide supplemental liquidity to the mortgage market and became a stockholder-owned and privately managed corporation by legislation enacted in 1968.

Fannie Mae purchases, sells, and otherwise deals in mortgages in the secondary market rather than as a primary lender. It does not make direct mortgage loans but acquires mortgage loans originated by others. In addition, Fannie Mae issues mortgage-backed securities (“MBS”), primarily in exchange for pools of mortgage loans from lenders. Fannie Mae receives guaranty fees for its guarantee of timely payment of principal of and interest on MBS certificates.

On September 6, 2008, Fannie Mae’s safety and soundness regulator, the Federal Housing Finance Agency, or FHFA, placed Fannie Mae into conservatorship. As the conservator, FHFA succeeded to all rights, titles, powers and privileges of Fannie Mae, and of any stockholder, officer, or director of Fannie Mae with respect to Fannie Mae and the assets of Fannie Mae.

On September 7, 2008 Fannie Mae, through its conservator, entered into two agreements with the U.S. Department of the Treasury (“Treasury”) – a Senior Preferred Stock Purchase Agreement (“Stock Purchase Agreement”) and a Common Stock Warrant (“Warrant”). Pursuant to the Stock Purchase Agreement, Fannie Mae issued to Treasury 1,000,000 shares of Senior Preferred Stock with an initial liquidation preference of \$1,000 per share and the Warrant, which allows Treasury to purchase, for a nominal price, shares of common stock equal to 79.9% of the outstanding common stock of Fannie Mae.

The Senior Preferred Stock and the Warrant were issued to Treasury as an initial commitment fee for Treasury’s commitment (the “Commitment”), set forth in the Stock Purchase Agreement, to initially provide up to \$100 billion in funds to Fannie Mae. The Stock Purchase Agreement was amended on May 6, 2009 to increase the size of the Commitment to \$200 billion, and further amended on December 24, 2009, to increase the maximum size of the Commitment to the greater of (a) \$200 billion, or (b) \$200 billion plus the cumulative amount of any net worth deficits Fannie Mae may have as of the end of each fiscal quarter in 2010, 2011, and 2012, less any positive net worth Fannie Mae may have as of December 31, 2012. Fannie Mae generally may draw funds under the Commitment on a quarterly basis when Fannie Mae’s total liabilities exceed its total assets on its consolidated balance sheet calculated in accordance with Generally Accepted Accounting Principles as of the end of a quarter. As of June 30, 2010, Fannie Mae has drawn \$83.6 billion in funds under the Commitment from Treasury. Fannie Mae also disclosed in its Annual Report on Form 10-Q for the quarterly period ended June 30, 2010 that it was requesting an additional \$1.5 billion in funding from the Treasury Department, which it expects to receive on or before September 30, 2010.

The Stock Purchase Agreement and the Warrant contain covenants that significantly restrict Fannie Mae’s business activities. These covenants include a prohibition on the issuance of equity securities (except in limited instances), a prohibition on the payment of dividends or other distributions on Fannie Mae’s equity securities (other than the Senior Preferred Stock or the Warrant), a prohibition on Fannie Mae’s issuance of subordinated debt securities, and a limitation on the amount of debt securities Fannie Mae may have outstanding

The Stock Purchase Agreement, the Warrant and the Credit Facility contain covenants that significantly restrict Fannie Mae's business activities. These covenants include a prohibition on the issuance of equity securities (except in limited instances), a prohibition on the payment of dividends or other distributions on Fannie Mae's equity securities (other than the Senior Preferred Stock or the Warrant), a prohibition on Fannie Mae's issuance of subordinated debt securities, and a limitation on the amount of debt securities Fannie Mae may have outstanding.

**The securities of Fannie Mae are not guaranteed by the United States and do not constitute a debt or obligation of the United States or any agency or instrumentality thereof other than Fannie Mae.**

Information on Fannie Mae and its financial condition is contained in periodic reports that are filed with the Securities and Exchange Commission (the "SEC"). The SEC filings are available at the SEC's website at [www.sec.gov](http://www.sec.gov). The periodic reports filed by Fannie Mae with the SEC are also available on Fannie Mae's web site at <http://www.fanniemae.com/ir/sec> or from Fannie Mae at the Office of Investor Relations at 202-752-7115.

Fannie Mae is incorporating by reference in this Official Statement the documents listed below that Fannie Mae publishes from time to time. This means that Fannie Mae is disclosing information to you by referring you to those documents. Those documents are considered part of this Official Statement, so you should read this Official Statement, and any applicable supplements or amendments, together with those documents before making an investment decision.

You should rely only on the information provided or incorporated by reference in this Official Statement and any applicable supplement, and you should rely only on the most current information.

Fannie Mae incorporates by reference the following documents Fannie Mae has filed, or may file with the SEC:

- Fannie Mae's Form 10-K for the fiscal year ended December 31, 2009, filed with the SEC on February 26, 2010, Fannie Mae's Form 10-Q for the quarterly period ended March 31, 2010, filed with the SEC on May 10, 2010, and Fannie Mae's Form 10-Q for the quarterly period ended June 30, 2010, filed with the SEC on August 5, 2010; and
- all other proxy statements that Fannie Mae files with the SEC, and all documents Fannie Mae files with the SEC pursuant to Section 13(a), 13(c) or 14 of the Exchange Act after the date of this Official Statement and prior to the termination of the offering of securities under the Official Statement, excluding any information "furnished" to the SEC on Form 8-K.

Fannie Mae makes no representation as to the contents of this Official Statement, the suitability of the Bonds for any investor, the feasibility of performance of any project, or compliance with any securities, tax or other laws or regulations. Fannie Mae's role with respect to the Bonds is limited to issuing and discharging its obligations under the Credit Enhancement Instrument and exercising the rights reserved to it in the Resolution and the Program Agreement and the Assignments executed in connection therewith.

Fannie Mae Credit Enhancement Instrument. Pursuant to a Program Agreement with the Corporation, Fannie Mae has issued its credit enhancement instrument (the "Credit Enhancement Instrument") with respect to a specified pool of Mortgage Loans (the "Fannie Mae Credit Enhanced Mortgage Loans"). Each of the Fannie Mae Credit Enhanced Mortgage Loans in the pool will be entitled to the benefits of a contract to make periodic interest reduction payments ("IRPs") entered into by the

Secretary of HUD pursuant to Section 236(b) of the National Housing Act with the applicable Mortgagor. See “Subsidy Programs – Section 236 Program” in this Appendix G. Each such Mortgage Loan will be bifurcated in to a 236 Loan component expected to be paid from IRPs paid by HUD and a Conventional Loan component expected to be paid from income of the related Development. The Fannie Mae Credit Enhanced Mortgage Loans will be pledged to the Trustee and to Fannie Mae, as their interests may appear.

Under the Credit Enhancement Instrument, Fannie Mae will agree to make “Debt Service Advances” and “Buy-Out Advances” (described below) with respect to the Fannie Mae Credit Enhanced Mortgage Loans following a failure by the Mortgagor of any such Mortgage Loan to pay when due and in full payments required with respect to its Mortgage Loan (a “Borrower Payment Default”).

Fannie Mae will agree to make Debt Service Advances to the Trustee on demand of the Trustee (i) with respect to the Conventional Loan component of the Fannie Mae Credit Enhanced Mortgage Loans, if a Borrower Payment Default has occurred and is continuing and the aggregate principal and interest payments received in any Payment Period on the Conventional Loan component are less than 75 percent of all the scheduled principal and interest payments to be made on the Conventional Loan component for the same Payment Period (such difference is referred to as the “Conventional Shortfall”) and (ii) with respect to the 236 Loan component of the Fannie Mae Credit Enhanced Mortgage Loans, if a Borrower Payment Default has occurred and is continuing and the aggregate principal and interest payments received in any Payment Period on the 236 Loan component are less than 100% of all the scheduled principal and interest payments to be made on the 236 Loan components for such Payment Period (such difference is referred to as the “236 Shortfall”). A Debt Service Advance will be in an amount equal to such Conventional Shortfall or 236 Shortfall. Debt Service Advances will relate to a deficiency in the aggregate payments made by all Fannie Mae Credit Enhanced Mortgage Loans during the Payment Period as set forth in the Program Agreement (and will not relate to any particular Fannie Mae Credit Enhanced Mortgage Loan).

If a Borrower Payment Default has occurred and is continuing with respect to the Conventional Loan component of Fannie Mae Credit Enhanced Mortgage Loans and the aggregate principal and interest payments received in any Payment Period for the Conventional Loan component is 75% or more (but less than 100%) of all the scheduled principal and interest payments to be made for the same Payment Period for the Conventional Loan Component, the Fannie Mae Credit Enhancement Instrument may not be drawn on to make up such deficiency. At the direction of the Corporation, the Trustee may apply amounts in the Mortgage Loan Reserve Account to pay debt service on Bonds the proceeds of which financed Fannie Mae Credit Enhanced Mortgage Loans.

Fannie Mae will also agree to make Buy-Out Advances to the Trustee in respect of any Fannie Mae Credit Enhanced Mortgage Loan with respect to which a Borrower Payment Default has occurred (a “Defaulted Mortgage Loan”) under the terms and conditions set forth in the Credit Enhancement Instrument and the Supplemental Resolution. A Buy-Out Advance relates to a particular Fannie Mae Credit Enhanced Mortgage Loan. The Corporation may demand that Fannie Mae make a Buy-Out Advance with respect to a Defaulted Mortgage Loan upon the first to occur of (i) the completion of a foreclosure action on the Defaulted Mortgage Loan and the resulting transfer of the property securing that Defaulted Mortgage Loan; and (ii) the commencement of a foreclosure action on a Defaulted Mortgage Loan after conclusion of all administrative remedies by HPD with respect to such Defaulted Mortgage Loan and HPD’s written certification to the effect that HPD will not contest or resist the proposed foreclosure, but in no event may the Corporation demand a Buy-Out Advance unless not less than two years has elapsed from the date of the first uncured Borrower Payment Default with respect to that Defaulted Mortgage Loan. Both Fannie Mae and the Corporation will each have the right, acting alone, to commence a foreclosure action, but only if HPD has provided a HPD Certification for such Defaulted

Mortgage Loan. Upon payment of a Buy-Out Advance with respect to a Defaulted Mortgage Loan, all rights to such Defaulted Mortgage Loan and all payments made with respect to such Defaulted Mortgage Loan will be for the benefit of Fannie Mae and Fannie Mae shall be entitled to and/or control all rights with respect to such Defaulted Mortgage Loan.

Each Buy-Out Advance is to be in an amount equal to the unpaid principal balance of the Defaulted Mortgage Loan for which such advance is being made (“Defaulted Mortgage Loan Balance”), less an allocation of Buy-Out Credits (described below) then outstanding, if any, but not in an amount in excess of the Defaulted Mortgage Loan Balance. Fannie Mae may choose to make an allocation of Net Buy-Out Credits (described below) to the Buy-Out Advance and, if more than one Defaulted Mortgage Loan is the subject of one Buy-Out Advance, to which Defaulted Mortgage Loan or Loans within the Buy-Out Advance. Should Fannie Mae fail to make a selection, Fannie Mae will be deemed to have elected to apply any Net Buy-Out Credits then available to the Buy-Out Advance and if more than one Defaulted Mortgage Loan is included in the Buy-Out Advance, to the Defaulted Mortgage Loans in the chronological order in which such loans defaulted. The Defaulted Mortgage Loan Balance is to exclude all accrued and unpaid interest on the Defaulted Mortgage Loan, capitalized interest, interest on interest, late fees, collection costs and Mortgage Loan Costs or any other sums added to the principal balance at any time for purposes of determining the amount of the Buy-Out Advance for such Defaulted Mortgage Loan.

If a Debt Service Advance was made with respect to the 236 Loan component of the Fannie Mae Credit Enhanced Mortgage Loans, Buy-Out Credits earned by Fannie Mae will be the aggregate scheduled principal components of the unpaid installments of such Fannie Mae Credit Enhanced Mortgage Loans for the Payment Period for which that Debt Service Advance was made. If a Debt Service Advance was made with respect to the Conventional Loan component of the Fannie Mae Credit Enhanced Mortgage Loan, the Buy-Out Credits earned by Fannie Mae will be the amount of the Debt Service Advance, multiplied by a fraction, the denominator of which is equal to the scheduled principal and interest payments payable on the portion of the Fannie Mae Credit Enhanced Mortgage Loans to be paid from the income of the Developments during the relevant Payment Period and the numerator of which is equal to the scheduled principal payments during such Payment Period with respect to such portion of the Fannie Mae Credit Enhanced Mortgage Loans. “Net Buy-Out Credits” will equal (i) the sum of all Buy-Out Credits earned by Fannie Mae from time to time less (ii) the sum of all reimbursements allocable to principal received by Fannie Mae and all Buy-Out Credits applied to Buy-Out Advances.

Pursuant to the applicable Supplemental Resolution, the Corporation is required for each applicable Payment Period, to calculate the aggregate Mortgage Loan Shortfall on all Defaulted Mortgage Loans for such Payment Period, if any, including a breakdown of the Conventional Loan Component Reserve Withdrawal Amount, the Conventional Loan Component Shortfall, if any, and the 236 Loan Component Shortfall, if any, for such Defaulted Mortgage Loans, and to submit such calculations in writing to the Trustee, with a copy to Fannie Mae, no later than the twentieth (20th) day of the calendar month (or if such twentieth (20th) day is not a Business Day, on the next succeeding Business Day) immediately preceding an Interest Payment Date. The Trustee is to request a Debt Service Advance under the Credit Enhancement Instrument not less than four (4) Business Days before the next succeeding Interest Payment Date. If a Certificate in respect of a Debt Service Advance is presented under the Credit Enhancement Instrument at or prior to 12:00 noon, Washington, D.C. time, on a Business Day, and the Certificate conforms to the requirements of the Credit Enhancement Instrument, Fannie Mae is required to either pay to the Trustee the amount specified or provide the Trustee with the fedwire number relating to the wiring of that amount no later than 12:00 noon, Washington, D.C. time, on the third Business Day following such presentation.

All payments received with respect to Defaulted 236 Mortgage Loans are to be applied to pay Mortgage Loan Costs (defined below) and then to reimburse Fannie Mae for any advances it has made. All payments received with respect to Defaulted Conventional Mortgage Loans are to be applied first to pay Mortgage Loan Costs and then to make the following payments in the following order of priority: to reimburse Fannie Mae for the portion of Debt Service Advances not allocable to the principal of Mortgage Loans, to the Trustee for unpaid and unreimbursed interest payments, to reimburse Fannie Mae for the portion of Debt Service Advances allocable to principal and to the Trustee for unpaid and unreimbursed principal payments. "Mortgage Loan Costs" means any of the amounts paid by the Corporation, any Servicer or Fannie Mae with respect to a Mortgage Loan for any of the following: (a) taxes and assessments, (b) insurance premiums, (c) any payments, reasonably determined by the Corporation or Fannie Mae to be necessary to preserve and protect the property related to the Mortgage Loan, and (d) any payments, as reasonably determined by the Corporation or Fannie Mae to be necessary to exercise any legal or equitable remedies (including reasonable attorney, appraisal, environmental or other professional fees and expenses).

Fannie Mae may remove a Fannie Mae Credit Enhanced Mortgage Loan from the pool covered by the Credit Enhancement Instrument if certain representations made by the Corporation with respect to such Mortgage Loan are not correct. In the Program Agreement, the Corporation makes certain representations concerning its corporate authority to enter into the Program Agreement as well as representations regarding the Fannie Mae Credit Enhanced Mortgage Loans, including the documentation relating to the Mortgage Loans, the properties that are subject to the Mortgage Loans, the priority of the liens created by the Mortgage Loans, the Mortgagors and the operation of the Developments. In addition, a Fannie Mae Credit Enhanced Mortgage Loan will be removed from the pool covered by the Credit Enhancement Instrument following a Buy-Out Advance with respect to such Fannie Mae Credit Enhanced Mortgage Loan. Last, the Corporation may remove a Fannie Mae Credit Enhanced Mortgage Loan from the pool covered by the Credit Enhancement Instrument (i) prior to a date approximately 15 years from the date the Mortgage Loan became a Fannie Mae Credit Enhanced Mortgage, with the consent of Fannie Mae upon the filing of a Cash Flow Statement and (ii) on and after a date approximately 15 years from the date the Mortgage Loan became a Fannie Mae Credit Enhanced Mortgage, upon the filing of a Cash Flow Statement. Any Fannie Mae Credit Enhanced Mortgage Loan removed from the pool other than by reason of a Buy-Out Advance shall continue to be a Mortgage Loan pledged under the Resolution subject to the terms of the Resolution permitting subsequent removal. Any Fannie Mae Credit Enhanced Mortgage Loan removed from the pool by reason of a Buy-Out Advance shall no longer be pledged for the benefit of the Bond owners under the Resolution.

### **Long-term LOCs**

Supplemental Security in the form of a letter of credit issued by a bank or other financial institution may be provided with respect to a permanent Mortgage Loan (a "Long-term LOC"). The Long-term LOCs need not meet the requirements under the General Resolution for a Credit Facility and will not be pledged to the owners of the Bonds; however, any payments received by the Corporation from the letter of credit provider pursuant to a Long-term LOC constitute Revenues and therefore will be pledged for the benefit of the owners of the Bonds. It is anticipated that Long-term LOCs will provide that they may be drawn upon by the Corporation if the applicable Mortgagor fails to make the required debt service payments on the related Mortgage Loan. The Long-term LOCs are expected to provide that the amount drawn on a Long-term LOC be equal to such required debt service payment or, at the direction of the provider of the Long-term LOC, to the outstanding principal balance of the applicable Mortgage Loan plus the lesser of (i) accrued interest or (ii) the maximum amount available under the Long-term LOC with respect to accrued interest. It is expected that, in the case of the latter draw, such Mortgage Loan will be immediately assigned to the Long-term LOC provider, will no longer be pledged

for the benefit of the owners of the Bonds and will be free and clear of the pledge and lien of the General Resolution.

The following table provides information regarding Long-term LOCs for Mortgage Loans as of September 30, 2010:

<b>Long-term LOC Bank</b>	<b>Number of LOCs</b>	<b>Total Dollar Amount</b>
Citibank N.A.	11	\$67,064,032

Each bank providing a Long-Term LOC is a wholly-owned subsidiary of a parent corporation. These parent corporations file annual, quarterly, and certain other reports with the Securities and Exchange Commission (the “SEC”). Such reports are available at the SEC’s website at [www.sec.gov](http://www.sec.gov).

### **Construction LOCs**

Prior to the Corporation making a Mortgage Loan to a Mortgagor, such Mortgagor executes an HDC Commitment in which the Corporation agrees to provide the applicable Mortgage Loan. The HDC Commitment may require the Mortgagor to obtain a letter of credit (a “Construction LOC”) to be available during construction from a bank or other financial institution acceptable to the Corporation as a condition to the Corporation providing the applicable Mortgage Loan during construction. The Construction LOCs need not meet the requirements under the Resolution for a Credit Facility. Such letters of credit will not be pledged to the owners of the Bonds; however, any payments received by the Corporation from the letter of credit providers pursuant to such Construction LOCs constitute Revenues and therefore will be pledged for the benefit of the owners of the Bonds. It is anticipated that such Construction LOCs may be drawn upon by the Corporation if the applicable Mortgagor fails to make the required debt service payments on the applicable Mortgage Loan. The amount drawn on a Construction LOC will be the outstanding principal balance of the applicable construction Mortgage Loan plus the lesser of (i) accrued interest or (ii) the maximum amount available with respect to accrued interest, and such Mortgage Loan will be immediately assigned to the letter of credit provider and no longer be pledged for the benefit of the owners of the Bonds and will be free and clear of the pledge and lien of the General Resolution.

Following the satisfaction of the conditions of the applicable HDC Commitment which may require, among other things, the provision by the Mortgagor of equity, the satisfactory completion of construction within a certain time schedule from the making of the applicable construction Mortgage Loan and within a certain construction budget, the issuance of a certificate of occupancy, the attainment of a specified minimum rental achievement level, and delivery of other required certificates and legal opinions, the Corporation will release the Construction LOC relating to the applicable construction Mortgage Loan. If said Construction LOC is not released because of a failure by the Mortgagor of applicable Development to comply with the conditions enumerated in the HDC Commitment or if said Construction LOC is not extended beyond its maturity until such conditions are satisfied, it is expected that said Construction LOC will be drawn upon by the Corporation and the proceeds from said draw could be used to redeem a portion of the Series of Bonds issued to finance such Mortgage Loan. Generally, until such Construction LOC is released, the bank issuing the Construction LOC will service or provide for the servicing of the applicable Mortgage Loan. Thereafter, it is expected that the Corporation will service the applicable Mortgage Loan (see “The PROGRAM—Servicing” in Part II of this Official Statement).

The following table provides information regarding Construction LOCs for Mortgage Loans as of September 30, 2010:

<b>Construction LOC Bank</b>	<b>Number of LOCs</b>	<b>Total Dollar Amount</b>
Bank of America, N.A.	3	142,657,551
The Bank of New York Mellon	6	94,489,722 <sup>(3)</sup>
Capital One Bank <sup>(1)</sup>	5	74,515,388
Citibank N.A.	15	364,389,966
TD Bank, N.A.	1	5,426,385
HSBC Bank USA, N.A.	8	95,830,224
Hudson Valley Bank <sup>(2)</sup>	1	4,226,505
JPMorgan Chase Bank, N.A.	19	372,675,888
M & T Bank	2	27,754,048
Wells Fargo Bank	1	9,284,333
<b>Total:</b>	<b>61</b>	<b>\$1,191,250,010</b>

<sup>(1)</sup> These Construction LOCs are each confirmed by an irrevocable standby letter of credit confirmation issued by Federal Home Loan Bank of Atlanta.

<sup>(2)</sup> This Construction LOC is confirmed by an irrevocable standby letter of credit confirmation issued by Federal Home Loan Bank of New York.

<sup>(3)</sup> Only a portion of the Mortgage Loan for the Sedgcliff Development in the amount of \$13,400,000 is financed with proceeds of the Multi-Family Housing Revenue Bonds. The remaining portion of such Mortgage Loan in the amount of \$4,600,000 is financed with a portion of the proceeds of the NIBP Series 1 Bonds. In the event of a draw on the Construction LOC for such Development, the amount equal to the portion funded with NIBP Series 1 Bonds would not be available to redeem Bonds issued under the General Resolution.

Each bank providing a Construction LOC is a wholly-owned subsidiary of a parent corporation. These parent corporations file annual, quarterly, and certain other reports with the Securities and Exchange Commission (the “SEC”). Such reports are available at the SEC’s website at [www.sec.gov](http://www.sec.gov).

## **SUBSIDY PROGRAMS**

### **Mitchell-Lama Program**

**General.** The Mitchell-Lama program was created to facilitate the construction and continued operation of affordable moderate and middle income rental and cooperative housing in the State of New York. The Developments which are regulated under the Mitchell-Lama program are currently all non-refinanced rental housing projects located in the City of New York and, therefore, this summary of the Mitchell-Lama program is limited to non-refinanced rental projects. Each rental project in the Mitchell-Lama program was constructed and is operated as a limited-profit housing project or a cooperative in accordance with Article 2 of the New York Private Housing Finance Law and the rules and regulations promulgated thereunder (the “Mitchell-Lama Law”).

**HPD Supervision.** The City of New York Department of Housing Preservation and Development (“HPD”) has supervisory authority over those projects in the Mitchell-Lama program which received financing from the City or the Corporation. HPD carries out all its supervisory functions with limited resources, which may affect the priority or completion time frames for its various supervisory activities.

HPD regulates the project’s rental procedures and tenant income limits. HPD oversees the renting of vacant units including the establishment of waiting lists and the advertising process relating thereto. HPD approves the admission of new tenants as well as the transfer of existing tenants to other units in a project. HPD also verifies initial and annual tenant income certifications submitted by tenants to ensure that the tenant income requirements of the Mitchell-Lama program are maintained. Tenants

with incomes in excess of the certain income requirements are required to pay rent surcharges to the project owners.

HPD conducts a periodic physical inspection of the common areas of the projects in the Mitchell-Lama program in order to assess property maintenance levels. HPD has power to audit the books of a project owner and conducts a periodic site administrative review to review service contracts, insurance coverage and the project's record keeping systems. HPD also reviews all commercial leases, contracts in excess of \$5,000 or \$10,000 depending on project size, monthly project operations reports, the use of blocked reserve accounts and the annual profit retained by the project owner.

HPD approves all rent increase applications after holding a public hearing and reviewing a financial analysis prepared by HPD and project owners, provided, however, such rental increases in projects benefitting from the Section 236 program are also subject to the approval of HUD. HPD has the right to remove any or all of the existing directors of an ownership entity and to appoint individuals that HPD deems advisable in the event of a violation of a provision of the owner's certificate of incorporation, any applicable law, the loan or mortgage contract or HPD's rules and regulations.

Corporation Rent Increase Authority. Other than with respect to the 2002 Series D Mortgage Loans regulated pursuant to the Mitchell-Lama Law, the Act empowers the Corporation and the Resolutions require the Corporation (whenever it shall find that the maximum rentals, which are charged tenants of the dwellings in any Project in the Mitchell-Lama program, in whole or in part, shall not be sufficient together with all other income of the Mortgagor to meet within reasonable limits all necessary payments to be made by the Mortgagor of all expenses, including fixed charges, sinking funds, reserves and dividends) to request the Mortgagor to make application to vary such rentals so as to secure sufficient income, and upon the Mortgagor's failure to do so within thirty (30) days after the receipt of written request from the Corporation, to request HPD to take action upon HPD's own motion so to vary such rental rate, and upon failure of HPD either upon application by the Mortgagor or upon its own motion so to vary such rental rate within sixty (60) days after receipt of written request from the Corporation to do so, to vary such rental rate by action of the Corporation. Any such rental increases in Developments benefitting from the Section 236 program shall also be subject to the approval of HUD. The Corporation has only taken such actions relating to rental increases with respect to one (1) Development which was done in 1978.

Tax Exemption. The Mitchell-Lama Law provides that with the consent of the local legislative body, the real property, both land and improvements, of a project shall be exempt from local and municipal taxes, other than assessments for local improvements, to the extent of all or part of the value of the property included in such project which represents an increase over the assessed valuation of such real property at the time of its acquisition for the project by the company, provided however, that the real property in a project acquired for purposes of rehabilitation shall be exempt to the extent of all or part of the value of the property included in such rehabilitation and provided further that the minimum tax to be paid shall not be less than ten per centum (10%) of the annual shelter rent of such project. This tax exemption continues so long as the mortgage loan made to the owner remains outstanding. In the case of any Project in the Mitchell-Lama program which is the subject of a ground lease, such tax exemption is reflected in the underlying lease payments. Pursuant to the Act, the property of the Corporation is exempt from State and local taxes. In the event the Corporation shall become the owner of a Development, it would be exempt from the payment of real estate taxes.

### **Section 236 Program**

General. Pursuant to Section 236(b) of the National Housing Act ("Section 236"), the Secretary of HUD (the "Secretary") entered into certain contracts (each a "Section 236 Contract") to make periodic

interest reduction payments to Section 236 mortgagees on behalf of the mortgagors of housing projects designed for occupancy by persons or families as described in Article 2 of the Private Housing Finance Law and families of low income. HUD's interest reduction subsidy payment share is in an amount equal to the difference between the monthly payment for principal, interest and mortgage insurance premiums or mortgage servicing fees, as appropriate, which a mortgagor is obligated to pay under its mortgage loan and the monthly payment for principal and interest a mortgagor would be obligated to pay if its mortgage loan were to bear interest at the rate of one per centum (1%) per annum. Under Section 236, interest reduction payments with respect to a project (the "HUD Payments") shall be made only during the period that such project is operated as a rental or cooperative housing project.

Termination of HUD Payments. HUD is obligated to make HUD Payments under a Section 236 Contract and may not terminate HUD Payments under a Section 236 Contract, except under the circumstances described below, including, but not limited to, certain foreclosure actions instituted by the Corporation (see "THE PROGRAM—Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy" and "Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans"). If HUD Payments are terminated, the Secretary may reinstate them at his or her discretion pursuant to such additional requirements as the Secretary may prescribe. A Section 236 Contract may be terminated at the option of, and upon written notice from, the Secretary after the expiration of one year from the date of the termination of HUD Payments, unless such payments have been reinstated. **In the event HUD were to terminate HUD Payments in respect of a Development subsidized through a Section 236 Contract, such terminated HUD Payments would not be available to pay debt service on the related Mortgage Loan (a "Section 236 Mortgage Loan"), which could result in a default on such Mortgage Loan.**

Acquisition by Ineligible Owner; Transfer Limitation of Mortgage Loan. HUD may terminate HUD Payments with respect to a Project if the Project is acquired by any owner who is not an eligible mortgagor under Section 236. Each Mortgagor has covenanted in the Section 236 Contract only to transfer such Project to an eligible Mortgagor approved by the Secretary and each Mortgagor has covenanted in the Mortgage not to transfer such Project without the consent of the Section 236 mortgagee. The Department of Housing and Urban Development Reform Act of 1989 (the "HUD Reform Act") made public entities eligible to be owners of projects receiving assistance under Section 236. Pursuant to the HUD Reform Act, the Corporation is an eligible Section 236 owner. Transfer of a Project is also subject to the prior approval of HPD.

Each Section 236 Contract provides that the corresponding Section 236 Mortgage Loan may only be assigned, including any assignment or reassignment between the Corporation and the Trustee, with HUD's prior written approval.

Excess Income. Pursuant to each Section 236 Contract, there is established (i) a basic or subsidized rental charge for each subsidized dwelling unit in the Project (the "basic rent"), determined on the basis of the anticipated operating costs of the Project assuming the payment of principal and interest on a mortgage note bearing interest at the rate of 1% per annum and an amortization period of up to fifty (50) years, and (ii) a fair market rental charge for each such unit, determined on the basis of the anticipated operating costs of the Project assuming payment of principal and interest at the unsubsidized mortgage rate (the "market rent"). The rent charged for each subsidized unit (the "tenant rent") is the greater of the basic rent or thirty per centum (30%) of the tenant's adjusted monthly income, but in no event may the Mortgagor charge an amount in excess of the market rent (not including permitted surcharges). Under each Section 236 Contract, the Section 236 mortgagee and HUD must approve all rent increases.

Each Section 236 Contract provides that the Mortgagor shall pay monthly to HUD all rental charges collected in excess of the basic rental charges for all occupied units (“Excess Income Payments”). In a notice issued by HUD on January 4, 1991 with respect to all mortgagors subject to Section 236 Contracts, HUD stated that it would implement strict enforcement actions against an owner of a project who does not remit excess rental amounts. This notice states that HUD should attempt to recover Excess Income Payments if the affected mortgagor does not make a lump sum payment or enter into a repayment schedule with HUD through the following actions listed in order of priority: use of the project’s residual receipts, repayment of distributions, surplus cash and finally, project income. Among HUD’s numerous potential remedies against the affected mortgagors are suspension of interest reduction payments. No assurance can be given regarding which remedies, if any, HUD will utilize against affected mortgagors in the event HUD seeks to affirmatively enforce the collection of Excess Income Payments.

Prior to April 1996, mortgagors were permitted to calculate the amount of Excess Income Payments payable to HUD on a project-wide basis, which enabled mortgagors to use Excess Income Payments to offset collection losses from nonpaying tenants. Section 236 was amended to require that, beginning in 1996, Excess Income Payments must be remitted to HUD on a unit-by-unit basis, thus precluding the ability of mortgagors to use such Excess Income Payments to offset collection losses and potentially reducing the income available to the projects.

In 1999, Congress passed the “Preserving Affordable Housing for Senior Citizens and Families into the 21st Century Act” (the “1999 Act”). This and subsequent legislation allow Mortgagors of Section 236 Developments to retain excess rents for project purposes if consented to by HUD. Based solely on a review of the most recent information submitted to it by the Mortgagors of the Section 236 Developments where the Corporation is the Section 236 mortgagee (which relate to the Section 236 Mortgage Loans other than the underlying 2002 Series D Trust Mortgage Loans), the Corporation believes that such Mortgagors are current on the Excess Income Payments due to HUD. No assurance can be given as to the impact of the revised Section 236 in the current or any future fiscal year on the ability of the Mortgagors of the Section 236 Developments to cover operating expenses and debt service on their respective Section 236 Mortgage Loans without requiring an increase in rents after Excess Income Payments are remitted to HUD.

The 1999 Act also permits Mortgagors of Section 236 Developments to refinance their mortgages (if the mortgages are otherwise eligible for prepayment) while retaining the Section 236 subsidy, which HUD generally refers to as its Section 236 “decoupling” program. HUD has considerable discretion in implementing the decoupling program and Section 236 Contracts executed pursuant to the program may have terms different from those described herein for the program generally. Among other things, in order to benefit from the decoupling program, the Mortgagor must agree to enforce the income and rent restrictions applicable to the development for a period ending five years beyond the term of assistance under the new Section 236 Contract.

Certain Mortgagor Covenants. Each Mortgagor has covenanted in the Section 236 Contract to limit admission to the subsidized dwelling units in the Project to those families whose incomes do not exceed the applicable limits approved by the Section 236 mortgagee or the Secretary, with the exception of those tenants who agree to pay fair market rent. The Section 236 Contracts contain other covenants relating to the preference for occupancy for certain displaced or low income families, the compliance with applicable civil rights laws prohibiting discrimination in housing, the maintenance of information and records concerning tenants and tenant income in a form required under HUD regulations, the availability for inspection of such information and records, prohibitions against denying occupancy due to number of children in the family and the number of subsidized units which may be rented to any one tenant at any one time. The Secretary has the authority to suspend or terminate HUD Payments at any time upon

default by a Mortgagor under any of such covenants as well or upon any other default by a Mortgagor or the Section 236 mortgagee under the terms and conditions of the Section 236 Contract.

Each Mortgagor has covenanted to maintain habitability of the Project units. Under the terms of certain Section 236 Contracts, HUD may adjust subsidy payments in the event a subsidized unit is destroyed or otherwise rendered not habitable for any reason unless such unit is restored or rehabilitated within a reasonable time or unless an unsubsidized unit is designated in its place.

Set-Off Rights of the United States. Payments under a Section 236 Contract duly and properly paid and actually received by or on behalf of the Corporation have been pledged to the Trustee as part of the security for the Bonds, and the Corporation is obligated to deliver to the Trustee all such payments upon receipt. Under Federal law, the United States Government has the right to set-off liabilities to the United States against the amounts payable under a Section 236 Contract. The Corporation does not believe it has any liabilities to the United States which would result in any set-off against such payments for those projects where it is the Section 236 mortgagee. The set-off right of the United States described above applies only to payments under a Section 236 Contract which have not actually been paid by HUD. Once payments under a Section 236 Contract are received by the Corporation and delivered to a trustee, they cannot be subjected to repayment to the United States by such trustee. However, in the case of excessive payments under a Section 236 Contract, the Section 236 mortgagee would remain obligated to refund to the Secretary the amount which was overpaid, and such liabilities could be offset against future payments under the Section 236 Contract.

Section 236, the rules, regulations and directives promulgated pursuant thereto and the Section 236 Contracts, do not contain any express requirement that any savings which result from a reduction in the Corporation's cost of borrowing due to a refunding of its obligations issued to finance a mortgage loan must be used to lower the interest rate on the mortgage loan and thereby to reduce HUD Payments. Consequently, the Corporation did not reduce the interest rate on the applicable Section 236 Mortgage Loans as a result of the issuance of the 1996 Series A Bonds. Based on the foregoing, the Corporation does not believe that HUD or any other party is entitled to all or a portion of the Corporation's debt service savings that result from the issuance of the 1996 Series A Bonds. Similarly, the Corporation does not believe that HUD or any other party is entitled to any amounts received by the Corporation as a result of the redemption of: (i) the Corporation's bonds that originally financed the Knickerbocker Plaza Development related to the Additional Mortgage Loan contributed in connection with the issuance of the 1999 Series A Bonds and (ii) the Corporation's bonds that originally financed the developments related to the Mortgage Loans contributed in connection with the issuance of the 2001 Series B Bonds. However, no assurance can be provided that HUD will not assert a right to reduce the amount of payments payable under the applicable Section 236 Contracts based upon the issuance of the 1996 Series A Bonds and/or the 2001 Series B Bonds and/or the aforesaid redemptions. If such a right is asserted, HUD could take certain actions including attempting to reduce payments under the applicable Section 236 Contracts.

HPD Supervision. All but one of the Projects with Section 236 Contracts were constructed and are operated as limited-profit housing projects or cooperatives in accordance with the Mitchell-Lama Law. For more information on the Mitchell-Lama Law, see "Mitchell-Lama Program" above.

## **Section 8 Program**

General. The following is a brief description of the housing assistance payments program (the "Section 8 program") authorized by Section 8 of the United States Housing Act of 1937, as amended (the "1937 Housing Act"), which is qualified in its entirety by references to the applicable provisions of said Act and the regulations thereunder (the "Regulations"). The description applies to the variant of the Section 8 program which provides assistance under subsidy contracts for projects which set aside units for

lower income families. Accordingly, this variant of the Section 8 program may be referred to as the “project-based Section 8 program.”

The Section 8 program is administered by HUD and authorizes subsidy payments pursuant to Housing Assistance Payments Contracts (“HAP Contracts”) to the owners of qualified housing for the benefit of lower income families (defined generally as families whose income does not exceed 80% of the median income for the area as determined by HUD) and very-low income families (defined generally as families whose income does not exceed 50% of the median income for the area as defined by HUD). Provision is made under the 1937 Housing Act and Regulations for administration of the Section 8 program through state or local housing finance agencies acting as contract administrator (the “Contract Administrator”) of the HAP Contracts. Under this arrangement, the Contract Administrator agrees to pay the subsidy to or for the account of the mortgagor and concurrently contracts with HUD for payments of the subsidy by HUD to it. HUD may also serve as Contract Administrator.

Under 1937 Housing Act and the Regulations, not more than 25% of the dwelling units which were available for occupancy under HAP Contracts before October 1, 1981 and which are leased thereafter shall be available for leasing by lower income families other than very-low income families; and not more than 15% of the dwelling units which become available for occupancy under HAP Contracts after October 1, 1981 shall be available for leasing by lower income families other than very-low income families. The law also requires that not less than 40% of the dwelling units that become available for occupancy in any fiscal year shall be available for leasing only by families whose annual income does not exceed 30% of area median income (as determined by HUD and adjusted for family size) at the time of admission.

Amount and Payment of Subsidy. Section 8 subsidies available for debt service on the Bonds are based upon the “contract rent” applicable to specified dwelling units. The contract rent is initially based on the fair market rent for the dwelling unit, which is determined by HUD periodically with respect to each locality and published in the Federal Register. The housing assistance payments generally represent the difference between the contract rents for all eligible units in a development, as approved by HUD from time to time, and the eligible tenant’s contribution, which is generally 30% of such tenant’s income, as adjusted for family size, income and expenses, with certain adjustments, although each assisted family is generally required to pay a minimum rent of between \$25 and \$50 per month. The contract rents for a development are generally limited to the “fair market rents” established by HUD as reasonable in relation to rents for comparable units in the area.

Subsidy Contracts. The payment of subsidies under the Section 8 program is made pursuant to two contracts entered into with respect to each development assisted under such program: an annual contributions contract (the “ACC”) between HUD and the Contract Administrator, and the HAP Contract between the Contract Administrator and the owner. The ACC obligates the United States to provide funds to the Contract Administrator with which to make monthly housing assistance payments to the owner pursuant to a HAP Contract.

It is useful, in discussing the project-based Section 8 Program to distinguish between contracts executed under the 1937 Housing Act and the Regulations prior to 1997 which have not yet expired for the first time (“Original Contracts”), and contracts under the 1937 Housing Act and the Regulations which have been renewed generally subsequent to 1997 (“Renewal Contracts”). This distinction is of significance as a consequence of the amendments to the 1937 Housing Act which went into effect beginning in 1997.

The ACC establishes the maximum annual amount of the housing assistance payments to be made by HUD for the account of the mortgagor of a development. This amount may not exceed the total

of the initial contract rents and utility allowances for the eligible units in a development and any administrative fee. For projects under the Original Contracts, if the amount of housing assistance payments actually disbursed under an ACC in any given year is less than the total available amount, some or all of the excess (including an amount equal to the portion of the contract rents payable by the tenants) is required to be set aside by HUD in a “project account” for the particular development and will be available in future years to fund increases in contract rents for the development, decreases in family incomes or other costs authorized or approved by HUD. In the event that previously appropriated amounts are not sufficient to meet HUD’s contractual obligations to the Section 8 Developments, HUD is required by applicable Section 8 provisions to take such additional steps authorized by subsection (c)(5) of Section 8 of the 1937 Housing Act as may be necessary to obtain funds to assure that payment will be adequate to cover increases in contract rents and decreases in tenant payments. Under subsection (c)(5) of Section 8: “[t]he Secretary [of HUD] shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.”

In practice until recently, HUD has sought and received amendment authority from Congress sufficient to enable it to discharge its obligations under the HAP Contracts and the ACCs. During 2007, a revision in HUD’s interpretation of its outstanding contracts coupled with the amount of appropriations available led to many late payments to owners while HUD made adjustments. See “Late Payments in 2007” below.

The HAP Contract provides for housing assistance payments with respect to a dwelling unit covered by the HAP Contract on the condition that such unit is maintained according to the requirements of the HAP Contract and is occupied by an eligible tenant. An ACC remains in effect for as long as a HAP Contract is in effect.

Adjustment of Subsidy Amounts. Each HAP Contract provides for certain adjustments in contract rents. With respect to Original Contracts, HUD publishes at least annually an Annual Adjustment Factor (“AAF”), which is intended to reflect changes in the fair market rent established in the housing area for similar types and sizes of dwelling units; interim revisions may be made where market conditions warrant. Upon request from the owner to the Corporation, the AAF is applied on the anniversary date of each HAP Contract to contract rents, provided that no adjustment shall result in a material difference between the rents charged for subsidized and comparable non-subsidized dwelling units except to the extent that the differences existed with respect to the contract rents set at HAP Contract execution or cost certification where applicable. (The difference that existed between the contract rent for a unit at HAP Contract execution and the rent on comparable unassisted units is generally referred to by HUD as the “initial difference” in contract rents.) In addition, provision is made in the regulations for special additional adjustments to reflect increases in actual and necessary expenses of owning and maintaining the subsidized units which have resulted from substantial general increases in real property taxes, assessments, utility rates and utilities not covered by regulated rates, if the owner demonstrates that the automatic annual adjustments have not provided adequate compensation. Under current law (Section 8(c)(2)(C) of the 1937 Housing Act), “[t]he Secretary may not reduce the contract rents in effect on or after April 15, 1987, for newly constructed, substantially rehabilitated, or moderately rehabilitated projects assisted under the section ... unless the project has been refinanced in a manner that reduces the periodic payments of the owner.”

Notwithstanding the foregoing, if the contract rents for a development exceed the applicable HUD fair market rents, then contract rents cannot be increased beyond comparable market rents (plus the

initial difference) as determined by independent appraisals of at least three comparable local developments submitted by the owner. In addition, the AAFs for Section 8 units which experienced no turnover in tenants since their preceding HAP Contract anniversary date shall be one percentage point less than the AAFs that would otherwise apply.

With respect to Renewal Contracts, the HAP Contract will, in most cases, provide for annual adjustments in contract rents based upon an Operating Cost Adjustment Factor (OCAF). The OCAF is intended to reflect increases in the cost of operating comparable rental properties, which may or may not correspond to circumstances affecting a particular Section 8 Development. HAP Contracts renewed for terms longer than one year will be subject to Congressional appropriations, which may not be available. HUD's provision of such amendments and renewals was partially disrupted for a temporary period during 2007, when HUD determined appropriations available at the time to be inadequate to fulfill all such needs. For further discussion of that situation, see "Late Payments in 2007" below. The failure of the Congress to appropriate funds to pay subsidies pursuant to Renewal Contracts could have an adverse impact on the ability of the related Section 8 Developments to pay debt service. In addition, the prohibition on adjustments that would lower contract rents, explained above, does not apply to HAP Contracts that are Renewal Contracts.

Vacancies and Debt Service. Generally, the Section 8 subsidy is payable with respect to the dwelling unit only when it is occupied by a qualified person or family. However, applicable law and regulations provide for payment of the subsidy under certain circumstances and, for a limited period of time, when the dwelling unit is not occupied. Upon the occurrence of a vacancy in a dwelling unit, a subsidy amounting to 80% of the contract rent is payable for a vacancy period of 60 days subject to compliance by the mortgagor with certain conditions relating primarily to a diligent effort to rent the subsidized unit. The payment of a subsidy with respect to a dwelling unit vacant after initial rent-up may continue for an additional 12 months from the expiration of the 60-day period in an amount equal to the principal and interest payments required to amortize the debt service attributable to the vacant unit, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. Such continued payments also require the mortgagor to show that project costs exceed revenues, a good faith effort is being made to fill the unit and the additional subsidy payments do not exceed the deficiency attributable to the vacant units. With respect to the Section 8 Developments receiving subsidies pursuant to the Section 8 Moderate Rehabilitation Program, vacancy payments are only available for a maximum period of 60 consecutive days.

Compliance With Subsidy Contracts. The ACC and the HAP Contract each contain numerous agreements on the part of the Contract Administrator and the owner concerning, among other things, maintenance of the development as decent, safe and sanitary housing and compliance with a number of requirements typical of Federal contracts (such as non-discrimination, equal employment opportunity, relocation, pollution control and labor standards) as to which non-compliance by the owner may result in abatement by HUD or the Contract Administrator, as the case may be, of the payment of the Federal subsidy, in whole or in part.

Housing assistance payments will continue as long as the owner complies with the requirements of the HAP Contract and has leased the assisted units to an eligible tenant or satisfies the criteria for receiving assistance for vacant units. The Contract Administrator, which has primary responsibility for administering each HAP Contract subject to review and audit by HUD, subject to an opportunity by the mortgagor to cure any default under the HAP Contract, may abate housing assistance payments and recover overpayments pending remedy of the default. If the default is not cured, the Contract Administrator may terminate the HAP Contract or take other corrective action, in its discretion or as directed by HUD. HUD has an independent right to determine whether the owner is in default and to take corrective action and apply appropriate remedies.

If HUD determines that the Contract Administrator has failed to fulfill its obligations, HUD may, after notice to the Contract Administrator giving it a reasonable opportunity to take corrective action, require that the Contract Administrator assign to it all rights under the HAP Contract. The Corporation has, to date, never been notified by HUD that it has failed to fulfill its obligations with respect to any of the Developments. In recent years, HUD has placed increasing emphasis on assuring that Contract Administrators fulfill their obligations in this respect.

Expiration of Subsidy Contracts. Until 1997, there was substantial uncertainty as to what would happen to Section 8 developments upon the expiration of their HAP Contracts at the end of their terms. HUD's Fiscal Year 1998 Appropriations Act, Pub. L. 105-65, signed into law on October 27, 1997, included within it the "Multifamily Assisted Housing Reform and Affordability Act of 1997" (as amended several times thereafter, the "MAHRA"). Under the so-called Mark-to-Market program established by MAHRA, many FHA-insured Section 8 projects with expiring HAP Contracts are eligible to receive continuing Section 8 assistance through contract renewals. Such Renewal Contracts may have terms from one to twenty years, subject to Congressional appropriations. As noted above, absent such appropriations, there is no assurance that funds will be available under these contracts. Additionally, FHA-insured Section 8 developments with expiring HAP Contracts and above-market rents may be eligible for restructuring plans and, upon restructuring, to receive continuing Section 8 assistance pursuant to contracts subject to Congressional appropriations. These restructuring plans may include partial or full prepayment of mortgage debt intended to reduce Section 8 rent levels to those of comparable market rate properties or to the minimum level necessary to support proper operations and maintenance, and in certain cases is designed to result in a change from "project-based" to "tenant-based" Section 8 payments. MAHRA provides, however, that no restructuring or renewal of HAP Contracts will occur if the owner of a project has engaged in material adverse financial or managerial actions or omissions with respect to that project or other Federally assisted projects, or if the poor condition of the project cannot be remedied in a cost effective manner.

Although the primary focus of the Mark-to-Market Program is developments that have FHA-insured mortgages with terms ranging from 30 to 40 years and which have HAP Contracts with substantially shorter terms, MAHRA contained distinct mortgage restructuring and HAP Contract renewal and contract rent determination standards for Section 8 developments for which the primary financing or mortgage insurance was provided by a state or local government, or a unit or instrumentality of such government. Such projects, including the Section 8 Developments, were, under MAHRA, excluded from restructuring and instead are eligible for renewals at the lesser of (i) existing rents, adjusted by an operating cost adjustment factor established by HUD, (ii) a budget-based rent, or (iii) in the case of certain "moderate rehabilitation" Section 8 assistance contracts, the lesser of (x) existing rents, adjusted by an operating cost factor determined by HUD, (y) existing fair market rents (less any amounts allowed for tenant purchased utilities), or (z) comparable market rents for the market area. Under current HUD policy, existing fair market rents for moderate rehabilitation projects means 120% of HUD's published existing fair market rents.

Although initially exempt from restructuring, the 1999 amendments to MAHRA made Section 8 developments with FHA-insured mortgages for which the primary financing was provided by a unit of state or local government subject to the Mark-to-Market program unless the implementation of a mortgage restructuring plan would be in conflict with applicable law or agreements governing such financing. The 1999 amendments also provide for a new program for preservation of Section 8 developments that allows increases in Section 8 rent levels for certain Section 8 developments (including Section 236 Developments which also have project-based HAP Contracts) that have below market rents, to market-rate or near market-rate levels.

Contract rents available upon any renewal may be significantly lower than the current Section 8 contract rents in the Section 8 Developments, and the corresponding reduction in housing assistance payments for such Developments would materially adversely affect the ability of the Mortgagors of such Developments to pay the currently scheduled principal and interest on the related Mortgage Loans. Any termination or expiration of HAP Contracts without renewal or replacement with other project-based assistance (whether due to enactment of additional legislation, material adverse financial or managerial actions by a Mortgagor, poor condition of the project or other causes) would also have a material adverse impact on the ability of the related Section 8 Developments to generate revenues sufficient to pay the currently scheduled principal of and interest on the related Mortgage Loans. See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” for a description of the Mortgage Loans and the expiration dates of the HAP Contracts. While MAHRA generally allows mortgagors to renew HAP Contracts (absent certain material adverse conduct or conditions), mortgagors are not required to renew HAP Contracts beyond their initial expiration or the expiration of a renewal term.

A reduction in Section 8 contract rents or the termination or expiration of the HAP Contract (without renewal or replacement with other project-based assistance, or without prepayment, forgiveness, write-down or refinancing as described below), as described in the previous paragraphs, could thus result in a default under the Mortgage Loan for the related Section 8 Development. One (1) of the Developments under the Program with an FHA-insured Mortgage Loan, Woodycrest Courts II, had its Section 8 contract rents reduced by HUD. The mortgagor of this Development is in the process of negotiating a restructuring of the related Mortgage Loan with FHA which, if not completed, would mean that the amount of the Mortgage Loan would not be reduced; therefore, a default under this Mortgage Loan could occur. Nonetheless, if any or all of such Mortgage Loans were to default, FHA Insurance benefits received by the Corporation or proceeds from enforcement actions (including foreclosure) regarding those Mortgage Loans not subject to Supplemental Security, together with monies held in the Accounts under or pursuant to the General Resolution, including the Debt Service Reserve Account, are expected to be sufficient to redeem, pursuant to a special redemption from Recoveries of Principal, an allocable portion of certain Bonds in the event the Corporation is required or elects to redeem Bonds with such funds. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” Moreover, in the event of such partial redemption, sufficient monies are expected to be available from the remaining Mortgage Loans, the Debt Service Reserve Account and earnings on all monies held in the Accounts maintained under the Resolutions to continue to make timely payments of scheduled principal of and interest on the remaining Outstanding Bonds.

The restructuring plans established by MAHRA referred to above, as a general matter, contemplate restructuring FHA-insured mortgage loans on certain Section 8 projects through a nondefault partial or full prepayment of such loans. Nondefault partial or full prepayment or similar forgiveness or write-down of mortgage debt pursuant to a restructuring of these Mortgage Loans could result in the special redemption from Recoveries of Principal of an allocable portion of certain Bonds at any time with the proceeds the Corporation receives from any such prepayment, forgiveness or write-down. In addition, the Mortgagors of these Mortgage Loans could opt to refinance their Mortgage Loans in full, pursuant to Section 223(a) (7) of the National Housing Act, which could also result in the special redemption from Recoveries of Principal of an allocable portion of certain Bonds at any time with the proceeds the Corporation receives from any such refinancing. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” See Appendix E-1 hereto for a description of the Mortgage Loans and the expiration dates of the HAP Contracts.

Exception Projects Under MAHRA. MAHRA contains distinct mortgage restructuring and HAP Contract renewal and contract rent determination standards for certain Section 8 projects which require

differentiation from the majority of developments. For example, one is the case noted above, in which primary financing or mortgage insurance was provided by a state or local government, or a unit or instrumentality of such government. A second important group of differentiated projects are those financed under Section 202 of the Housing Act of 1959 that also received Section 8 HAP Contracts when first constructed (“Section 202 Properties”). Such projects are, under MAHRA, excluded from restructuring and mark-down of their rents, and are known as “Exception Projects.” Exception Projects are not involuntarily subject to mark-down to market, i.e. the rents may not be reduced below a level upon renewal or prepayment which would not provide the property with funds sufficient to operate the property with a balanced budget. A budget-based analysis is typically performed in connection with the renewal of a HAP Contract for a Section 202 Property. The owner of a Section 202 Property may opt to be renewed under the other renewal options discussed above, but in so doing risks losing the Exception Project designation. For some Section 202 Properties with below market rents this could be a viable option; any contemplation of this would need to be analyzed on a case by case basis. Section 202 Properties are Exception Projects and are statutorily eligible for renewals at the lesser of (i) existing rents, adjusted by an OCAF or (ii) a budget-based rent. Recent legislation and regulations facilitate the refinancing of Section 202 Properties. HUD has recently published final Regulations for the refinancing and rehabilitation of financed and constructed developments under Section 202 with Section 8 subsidies.

No Assurance as to Congressional Action. The HAP Contracts for most of the Section 8 Developments expire or have expired prior to the respective maturity dates of the related Mortgage Loans. Since payments received under the HAP Contracts constitute a primary source of revenues for the related Developments, the expiration of the HAP Contracts (without renewal or replacement) – whether Original Contracts or Renewal Contracts – would have a material adverse impact on the ability of the related Developments to generate revenues sufficient to pay the principal of and interest on the related Mortgage Loans. There can be no assurance that the HAP Contracts will be renewed or replaced or fully funded. Since 1997, MAHRA has been changed in a variety of ways and is always subject to Congressional reconsideration. In the event of the expiration of one or more of the HAP Contracts (without renewal or replacement), there is a likelihood of a default on one or more of the related Mortgage Loans. In the case of Section 8 Developments with FHA Mortgage Loans, the Mortgage Loan(s) would be assigned to FHA for FHA Insurance benefits. Upon receipt of such FHA Insurance benefits or proceeds received from enforcement actions (including foreclosure) of a defaulted Mortgage Loan not subject to supplemental security, the Corporation may elect to redeem an allocable portion of certain Bonds. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” See Appendix E-1 hereto for the date of expiration of the HAP Contracts.

Late Payments in 2007. During 2007, a revision by HUD in its legal interpretation of its Section 8 renewal contracts led HUD to conclude that it only could stay within appropriated funding levels by amending renewal contracts to more explicitly allow for partial-year funding of those contracts. As a result of the time it took to implement this change, many fiscal 2007 payments were not paid on time. While HUD allowed owners to take steps such as borrowing against project reserves, some owners indicated that the delayed payments caused late fees on mortgages or other bills or interruptions in service at their properties.

HUD now has made the necessary contract changes to allow for partial-year renewal funding, but has told Congress that further improvements are needed in its budgeting, contract management and payment process. If future problems in these systems resulting from partial-year funding or otherwise cause delayed subsidy payments, such delays could jeopardize owners’ ability to fulfill their mortgage obligations in a timely fashion, and thus jeopardize amounts available for payment of the Bonds.

Project-Based Voucher Programs. In addition to the project-based Section 8 program described in the preceding paragraphs, the 1937 Housing Act and the Regulations grant certain state and

local housing agencies authority to establish programs (“Project-Based Voucher Programs”) pursuant to which they may enter into HAP Contracts to provide assistance to projects that set aside units for lower income families, using up to twenty percent of the funds they receive from HUD under annual contributions contracts for the administration of the housing choice voucher program authorized by Section 8(o) of the 1937 Housing Act (the “Housing Choice Voucher Program”). Under Project-Based Voucher Programs, as under the project-based Section 8 program described in the preceding paragraphs, HAP Contracts provide for housing assistance payments to owners generally equal to the difference between specified contract rents for covered units in a project and the respective tenants’ required contributions. However, under a Project Based Voucher Program, rules concerning the establishment of initial contract rents, the terms of periodic adjustment of contract rents (including whether reduction to levels below the initial rents may occur), the availability of payments for vacant units, and the availability of renewal of a HAP Contract upon expiration of its stated term, differ from the rules applicable to the project-based Section 8 program described in the preceding paragraphs and depend in part on the policies of the state or local agency operating the Project-Based Voucher Program. The project-based HAP Contracts may only be for terms up to 15 years each, and the state or local agency must determine whether renewal of the contracts for terms of up to 15 years each is appropriate to continue providing affordable housing for lower income families. A state or local agency’s obligations pursuant to a HAP Contract under its Project-Based Voucher Program are subject to the annual appropriation by Congress and obligation by HUD of funds in amounts sufficient to operate the Housing Choice Voucher Program, including the agency’s Project-Based Voucher Program.

Tenant-Based Housing Choice Vouchers. Pursuant to the Housing Choice Voucher Program referred to in the preceding paragraph, funds appropriated by Congress are distributed by HUD to certain state and local housing agencies under annual contributions contracts for the purpose of making housing assistance payments to owners of housing units that eligible families who have been granted a voucher by the agency have chosen to lease. A HAP Contract under the Housing Choice Voucher Program entered into between the agency and the owner of the housing unit chosen by such a family generally provides for housing assistance payments to such owner for the term of the family’s tenancy equal to the difference between (a) an amount that is generally 30% of such family’s income (with certain adjustments and subject to certain floor amounts) and (b) the lower of the rent payable under the family’s lease (with certain adjustments) or a specified payment standard established by the agency in accordance with HUD requirements. Such payments are subject to termination if, among other reasons, the respective family moves out of the unit or the agency determines that sufficient funding is not available under its annual contributions contract for continued assistance to families in the Housing Choice Voucher Program, and are subject to reduction for reasons that include reduction in the size of the respective family or reduction in the agency’s established payment standards.

### **Public Housing**

The 1937 Housing Act and the regulations thereunder provide that amounts appropriated by Congress in any year for the public housing operating fund under Section 9 of such Act (“Section 9”) are to be allocated by HUD among eligible state and local public housing agencies according to a formula that takes into account projections of the income from, and standards for the costs of, operating and managing the housing units assisted under the 1937 Housing Act (other than under the Section 8 program) (“Public Housing Units”) that are owned, operated or assisted by such agencies. Such appropriated funds allocated to a public housing agency (“Public Housing Operating Subsidy”) are provided to the agency pursuant to an annual contributions contract between HUD and the agency. Under certain circumstances, a public housing agency may request that such annual contributions contract be amended to permit use of Public Housing Operating Subsidy to pay eligible costs of operating and managing Public Housing Units located within a property that is owned and operated by an entity other than the agency (an “Owner Entity”) and to provide for capital assistance for such units from amounts

appropriated by Congress for the public housing capital fund under Section 9 and made available to the agency by HUD (“Capital Fund Assistance”). An annual contributions contract so amended (an “Amended ACC”) generally provides that, for the purpose of ensuring that Public Housing Units are operated in accordance with applicable law, regulations and HUD policies in effect from time to time (“Applicable Public Housing Requirements”), the Owner Entity shall enter into a regulatory and operating agreement with the agency and shall enter into a declaration of covenants for the benefit of HUD restricting use of the property by the Owner Entity and successive owners that is prior to any other encumbrance of the property (collectively, together with the Amended ACC, “Mixed-Finance Agreements”).

Among other provisions, Mixed-Finance Agreements with respect to Public Housing Units owned by an Owner Entity generally (1) provide for allocation of a portion of the agency’s Public Housing Operating Subsidy to such Public Housing Units, (2) require that Public Housing Units be developed, operated and maintained in accordance with Applicable Public Housing Requirements, including requirements concerning occupancy by eligible lower income families (which may include minimum requirements as to occupancy by families whose income does not exceed 30% of the median income for the area as determined by HUD) and requirements concerning determination of rents, for a period extending to the latest of 10 years beyond the end of the year in which Public Housing Operating Subsidy is last provided by the agency, 20 years after any modernization using Capital Fund Assistance is last completed and, in the case of Public Housing Units developed using Capital Fund Assistance, 40 years after the units become available for occupancy, (3) prohibit disposition of the Public Housing Units before the expiration of such period, (4) require HUD consent prior to transferring or encumbering interests in the Public Housing Units or in the Owner Entity, and (5) provide that, in the event of casualty or condemnation with respect to the property in which the Public Housing Units are located, proceeds shall be applied to restoration of the property to the extent feasible, and any reduction of the number of units in the property shall neither reduce the percentage of units that are subject to Applicable Public Housing Requirements nor (except in certain circumstances) reduce the number of units that are subject to such requirements.

## **Corporation Programs**

### **Affordable Housing Permanent Loan Program**

The Corporation’s Affordable Housing Permanent Loan Program (“AHPLP”) was intended to make small permanent first mortgage loans on projects primarily developed under programs sponsored by HPD. Generally, the maximum amount of each mortgage loan is \$2,000,000 and does not exceed 60% of the combined mortgage loans from HPD or other-subordinated lenders. The Corporation services the permanent first mortgage loan and the HPD subordinate mortgage loan.

For each AHPLP construction mortgage loan, the Corporation entered into a buy-sell agreement with the mortgagor’s construction lender. A minimum replacement reserve of \$250 per unit is required. It is expected that AHPLP permanent mortgage loans will not be secured by Supplemental Security.

### **Low-Income Affordable Marketplace Program**

The Corporation established the Low-income Affordable Marketplace Program (“LAMP”) to finance the construction or substantial rehabilitation of developments affordable to low-income tenants. LAMP projects are financed with a combination of a first construction and permanent mortgage loan funded from tax-exempt bond proceeds, as of right 4% Federal tax credits and a second mortgage loan funded from the Corporation’s reserves. Formerly known as 100% LITE, LAMP may also be used to finance mixed-income projects, where a minimum of 80% of the units are affordable to those earning less than or equal to 60% of the area median income. Each development financed under LAMP will be subject to a regulatory agreement restricting the rents to levels affordable to low income households.

For each construction mortgage loan made with bond proceeds, the Corporation will require the developer to post a bank letter of credit, guarantee or other security equal to the face amount of such loan plus a specified interest reserve amount. The letter of credit may be drawn upon by the Corporation if the developer fails to make scheduled payments of interest and principal on the construction mortgage loan. Any amounts received by the Corporation under the letter of credit are pledged to the holders of bonds issued under the General Resolution. Following the completion of construction and the fulfillment of certain other conditions, the Corporation will release the letter of credit. The Corporation may seek mortgage insurance from SONYMA or REMIC for all or a portion of the principal balance of the permanent mortgage loans.

The second mortgage loan is a subordinate loan of up to \$65,000 per unit provided at 1% interest with fixed minimum payments of at least interest only.

#### **Low-Income Affordable Marketplace Preservation Program**

The Corporation has established a Low-income Affordable Marketplace Preservation Program (“LAMP Preservation”) to finance the acquisition and moderate rehabilitation of developments affordable to low-income tenants. LAMP Preservation projects are financed with a mortgage loan funded from tax-exempt bonds proceeds and as of right 4% Federal tax credits. This program does not offer a second mortgage loan funded by the Corporation. Tenant income must be the lesser of 60% of area median income or levels required by additional subsidy providers.

The Corporation may seek mortgage insurance from SONYMA or REMIC for all or a portion of the principal balance of the permanent mortgage loans.

#### **Mitchell-Lama Programs**

The Mitchell-Lama program was enacted by the State in the mid-1950’s as a way to promote and facilitate the construction of affordable rental and cooperative housing throughout New York State. The law stated that after twenty years from the occupancy date, the mortgagor is allowed to prepay the mortgage and release the affordability obligations of the program. To preserve such projects as affordable housing and to prevent owners of these projects from leaving the Mitchell-Lama program, the Corporation has developed the Mitchell-Lama Restructuring Program and the Mitchell-Lama Repair Loan Program as described below.

#### **Mitchell-Lama Restructuring Program**

The Mitchell-Lama Restructuring Program preserves Mitchell-Lama projects as affordable housing by refinancing existing mortgages. To refinance the mortgage loans the Corporation will refund the existing bonds that financed or refinanced the original Mitchell-Lama development loans by issuing longer term bonds and/or restructure the mortgagor’s existing first and second mortgage loans. The Corporation restructures the existing mortgage loans into new mortgage loans which contain an extended maturity date and a lower rate of interest. A new subordinate mortgage loan, which is subject to a residual right of ownership by the City, is made with a reduced rate of interest, usually 0%, due as a balloon payment upon the retirement of the new senior mortgage loans.

#### **Mitchell-Lama Repair Loan Program**

A significant number of the Mitchell-Lama developments are aging (each is between 30 and 40 years old) and are in need of significant repairs. The Corporation, under the Mitchell-Lama Repair Loan Program, will provide additional loans to these Mitchell-Lama projects with the issuances of taxable bond proceeds. These loans may be used to fund system modernizations, capital improvements or repairs at the Mitchell-Lama developments. The Corporation oversees the satisfactory completion of such modernizations, improvements and repairs.

### **Mixed Income Program**

The Corporation established the Mixed Income Program to finance the construction or substantial rehabilitation of mixed-income multi-family rental housing. The Mixed-Income Program combines a first mortgage loan funded from variable or fixed rate tax-exempt bond proceeds and a subordinate mortgage loan funded from the Corporation's reserves. Some projects also qualify for as of right 4% Federal tax credits. Typically, the developments reserve 50% of the units for market rate tenants, 30% of the units for moderate to middle income tenants and 20% of the units for low income tenants. Each development will be subject to a regulatory agreement restricting the rents to levels affordable to low, moderate and middle income households.

For each Mixed Income construction mortgage loan made with bond proceeds, the Corporation will require the developer to post a bank letter of credit, guarantee or other security equal to the face amount of such loan plus a specified interest reserve amount. The letter of credit may be drawn upon by the Corporation if the developer fails to make scheduled payments of interest and principal on the construction mortgage loan. Any amounts received by the Corporation under the letter of credit are pledged to the holders of bonds issued under the General Resolution. Following the completion of construction and the fulfillment of certain other conditions, the Corporation will release the letter of credit. The Corporation may seek mortgage insurance from SONYMA or REMIC for all or a portion of the principal balance of the permanent mortgage loans.

The subordinate loan amortizes at a minimum 2% constant but may provide for full amortization.

### **New Housing Opportunities Program**

The Corporation established the New Housing Opportunities Program ("New HOP") in 1997 to finance the construction or substantial rehabilitation of affordable low, moderate and middle income housing in New York City which would not otherwise be produced by the ordinary operations of private enterprise. New HOP projects are financed with a first mortgage loan funded from variable or fixed-rate bonds proceeds and a second subordinate mortgage loan funded from the Corporation's reserves. Each development financed under New HOP will be subject to a regulatory agreement restricting the rents to levels affordable to low, moderate and middle income households.

For each New HOP construction mortgage loan made with bond proceeds, the Corporation will require the developer to post a bank letter of credit, guarantee or other security equal to the face amount of such loan plus a specified interest reserve amount. The letter of credit may be drawn upon by the Corporation if the developer fails to make scheduled payments of interest and principal on the construction mortgage loan. Any amounts received by the Corporation under the letter of credit are pledged to the holders of bonds issued under the General Resolution. Following the completion of construction and the fulfillment of certain other conditions, the Corporation will release the letter of credit. In certain cases, the Corporation will finance a permanent first mortgage loan only. The Corporation may seek mortgage insurance from SONYMA or REMIC for all or a portion of the principal balance of the permanent mortgage loans.

The subordinate loan is provided at 1% interest with fixed minimum payments of at least interest only but may provide for amortization, depending on underwriting criteria established by the Corporation.

### **Participation Loan Program**

The Participation Loan Program (“PLP”) was established in 1977 pursuant to Article XV of the Private Housing Finance Law of the State of New York. PLP is designed to increase accessibility to mortgage capital for the rehabilitation of privately owned multi-family housing in the City of New York. HPD administers PLP which provides mortgage financing for the rehabilitation of such housing at nominal interest rates.

HPD may only make a loan pursuant to PLP if another bona fide lender, such as the Corporation, also lends a portion of the funds necessary to complete the rehabilitation of the project. HPD’s PLP loans are typically secured by subordinate mortgages. Currently, the Corporation holds certain first position Mortgage Loans (some of which benefit from Supplemental Security) assisted under PLP and also holds subordinate Mortgage Loans originally funded under PLP, which loans were acquired from HPD upon the issuance of the 2002 Series D Bonds and the 2003 Series D Bonds.

In addition, Federal HOME funds available under the Housing and Community Development Act of 1992 are administered by HPD which provides mortgage financing for the rehabilitation and certain new construction of privately owned multi-family housing in the City of New York at nominal interest rates. HPD may make such a loan if non-Federal matching funds are available.

### **Article 8-A Loan Program**

The Article 8-A Loan Program (“Article 8-A”) was established in 1970 pursuant to the Private Housing Finance Law of the State of New York. Article 8-A is available to owners of privately owned multi-family housing developments if: (i) each dwelling unit in such development is available at rents affordable to low income persons or families and (ii) such owner is unable to obtain financing from the private sector. Article 8-A loan proceeds may be used to eliminate any substandard or unsanitary condition at a development, or for replacement or rehabilitation of systems at a development or other improvements necessary to prolong the useful life of a development.

HPD administers Article 8-A which provides mortgage financing for the rehabilitation of such housing at below-market interest rates. Article 8-A loans are typically secured by subordinate mortgages.

### **§421-a Negotiable Certificate Program**

HPD’s §421-a Negotiable Certificate Program (the “Certificate Program”) was designed to link the creation of market rate multi-family housing in certain areas of Manhattan (the “Geographic Exclusion Zone”) with the development of low income housing in other areas of New York City. In general, newly constructed multi-family housing in the Geographic Exclusion Zone was not eligible to receive any real estate tax exemption unless the developer of such housing either (i) set aside at least 20% of the units in such projects for low income households or (ii) purchased §421-a Negotiable Certificates from other developers who have constructed or rehabilitated low income housing in other areas of the City of New York (“off-site projects” or “off-site units”) pursuant to the rules and regulations of the Certificate Program. The Certificate Program generally permitted HPD to grant five §421-a Negotiable Certificates for each off-site low income unit created under the Certificate Program. In turn, each §421-a Negotiable Certificate allowed the developer of a market rate unit in the Geographic Exclusion Zone to receive a 10-year phased exemption from any increase in such market rate unit’s assessed value relating to the construction of such market rate unit. The 10-year phased real estate tax exemption increased the value of the market rate Geographical Exclusion Zone unit. Therefore, the developer of the market rate unit paid the developer of the off-site unit to be able to receive and utilize the §421-a Negotiable Certificates that was generated by the off-site low income project. The program was authorized by §421-a of the New York Real Property Tax Law which has since been amended.

### **Low Income Rental Program**

Under the Low Income Rental Program (“LIRP”), formerly known as Mixed Income Rental Program (“MIRP”), sponsors purchase land or vacant buildings, and construct or rehabilitate multi-family units in order to create affordable rentals, with a targeted set aside of up to 30% of the units for formerly homeless families and the remaining units to be reserved for households earning less than or equal to 60% of the New York City area median income. Under LIRP, HPD will provide a direct subsidy of up to \$75,000 per unit. The funds from HPD are advanced through a 1% loan for a maximum term of 30 years.

LIRP is used to leverage construction and permanent financing from private institutional lenders and from other public sources including the Corporation and the State. LIRP may be combined with other Subsidy Programs, including the Certificate Program.

### **New York State Housing Trust Fund Corporation Programs**

The New York State Housing Trust Fund Corporation (“HTF”), a public benefit corporation which operates under the aegis of the Division of Housing and Community Renewal (“DHCR”), has two initiatives involving tax exempt bond financing: the Homes For Working Families Initiative (“HWFI”) and the Senior Housing Initiative (“SHI”). Under both programs, HTF assistance of up to \$35,000 per unit will be provided in the form of low or deferred interest mortgages for affordable housing projects.

Through HWFI, DHCR provides subordinate permanent financing at an interest rate of 1% to private developers for the new construction or substantial rehabilitation of affordable rental housing projects. Under HWFI, 100% of the units must be affordable to households earning less than 60% of area median income. At least 50% of project cost must be financed by tax-exempt bonds issued under Section 142 of the Internal Revenue Code in order to enable the projects to qualify for Federal low-income housing tax credits.

Pursuant to SHI, DHCR provides subordinate permanent financing at an interest rate of 0% to 1% to not-for-profit developers for the new construction or substantial rehabilitation of affordable rental housing for the elderly. Under SHI, occupancy is limited to seniors, defined as households headed by a person 60 years of age or older. Approximately 20% of the units in a project assisted through the SHI must be affordable to households earning less than 50% of area median income.

### **General Municipal Law Article 16**

Article 16 of the General Municipal Law, Section 690 et seq. authorizes certain municipalities in the State, including the City, to make grants or loans (i) to the owner of any property that is part of an urban development action area project (as defined in such law) for the purpose of rehabilitation of an existing private or multiple dwelling, (ii) for the purpose of providing site improvements, or (iii) for the purpose of providing for other costs of construction for the development of private and multiple dwelling housing accommodations. Any loan made in accordance with this section shall be secured by a note and mortgage. In the case of a loan for the purpose of providing rental housing for persons of low income, the rental development must be subject to a regulatory agreement limiting profits and rentals charged.

With regard to the Mortgage Loans financed or expected to be financed by the Corporation which are subsidized through General Municipal Law, Article 16, the initial feasibility of these Developments was determined by the Corporation, HPD and a conventional construction lender. HPD’s General Municipal Law, Article 16 permanent loan is subordinate to the Corporation’s Mortgage Loan and both loans are not secured by Supplemental Security. In the event of a default on the Corporation’s Mortgage

Loan, any proceeds resulting from a foreclosure which might result from such default would be applied to satisfy the Corporation's Mortgage Loan prior to HPD's General Municipal Law, Article 16 loan.

### **Housing Development Grant Program**

Pursuant to the Housing Development Grant ("HoDAG") Program, which was authorized by Section 17 of the 1937 Housing Act, HUD made grants to localities for rental housing projects within such localities' respective jurisdictions. HPD received such a grant for certain of the Developments and utilized the funds provided by HUD to make a second unsecured mortgage loan. During the term of the HoDAG second uninsured mortgage loan made to the Mortgagor by HPD, the Mortgagor is required to comply with certain HoDAG Program requirements, including restrictions relative to the occupancy of certain units by low income tenants. If HoDAG Program requirements are not adhered to by the Mortgagor of the Development which received the HoDAG funds, the Mortgagor is required to repay HPD the amount of HoDAG grant funds, subject to certain adjustments. HUD may require the City to refund the grant monies. While no payments are due on this second position permanent loan during the term of the applicable Mortgage Loan, upon a violation of the HoDAG Program requirements by the Mortgagor, the City may then proceed to enforce its right to collect such grant monies from the Mortgagor.

### **Housing Assistance Corporation Programs**

The Housing Assistance Corporation ("HAC") is a public benefit corporation of the State established pursuant to Section 654-b of the Act as a subsidiary of the Corporation. HAC is to continue in existence until terminated by law; provided, however, that no such termination shall take effect as long as its obligations remain outstanding. The payments and funds of HAC are not considered to be assets of the Corporation and are not pledged under the Resolutions.

HAC is empowered to receive monies from any source, including, but not limited to, the Corporation, the City or the State, for the purpose of assisting rental developments to maintain rentals affordable to low and moderate income persons for whom the ordinary operation of private enterprise cannot supply safe, sanitary and affordable housing accommodations. In order to accomplish this objective, HAC may transfer, lend, pledge or assign these monies to any rental development (and may enter into agreements for such purposes with mortgagors of rental developments) or assist the Corporation in financing such developments.

HAC provides monthly rental assistance payments pursuant to a Tenant Assistance Contract ("TAC"). See "Appendix E-1—Developments and Mortgage Loans Outstanding under the Program" for the date of expiration of the TACs.
