

Federal Tax Exemption2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds and 2008 Series D Bonds

In the opinion of Bond Counsel to the Corporation, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, (i) interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds and 2008 Series D Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), except that no opinion is expressed as to such exclusion of interest on any 2008 Series A-1-A Bond, 2008 Series A-1-B Bond, 2008 Series A-2 Bond or 2008 Series D Bond for any period during which such 2008 Series A-1-A Bond, 2008 Series A-1-B Bond, 2008 Series A-2 Bond or 2008 Series D Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with the proceeds of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds, or the 2008 Series D Bonds, respectively, or a “related person,” (ii) interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds and 2008 Series A-2 Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and (iii) interest on the 2008 Series D Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations.

2008 Series A-3 Bonds, 2008 Series B Bonds, 2008 Series C Bonds, and 2008 Series E Bonds

In the opinion of Bond Counsel to the Corporation, interest on the 2008 Series A-3 Bonds, 2008 Series B Bonds, 2008 Series C Bonds, and 2008 Series E Bonds is included in gross income for Federal income tax purposes pursuant to the Code.

State Tax Exemption2008 Bonds

In the opinion of Bond Counsel to the Corporation, under existing statutes, interest on the 2008 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York). See “TAX MATTERS.”

Dated: Date of delivery**Due: May 1 and November 1, as shown on the inside cover page**

Interest on the Multi-Family Housing Revenue Bonds, 2008 Series A-2, 2008 Series A-3 and 2008 Series C-2 (the “Fixed Rate Bonds”) of the New York City Housing Development Corporation (the “Corporation”) is payable semiannually on May 1 and November 1, commencing November 1, 2008, at the fixed rates set forth on the inside cover page. The Fixed Rate Bonds will be issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. See “DESCRIPTION OF THE FIXED RATE BONDS.”

The Multi-Family Housing Revenue Bonds, 2008 Series A-1-A, 2008 Series A-1-B, 2008 Series B, 2008 Series C-1 and 2008 Series D (the “Variable Rate Bonds”) of the Corporation are being issued as variable rate obligations which will bear interest from their date of issuance to but not including the Thursday following said date of issue at a rate per annum set forth for each Series in a certificate of the Corporation delivered on the date of issue of the Variable Rate Bonds. Thereafter, each Series of the Variable Rate Bonds will bear interest at the Weekly Rate, as determined for each Series of the Variable Rate Bonds from time to time by Bear, Stearns & Co. Inc., as Remarketing Agent, unless the method for determining the interest rate on such Series of Variable Rate Bonds is changed to a different method or the interest rate is converted to a fixed rate to maturity. So long as a Series of the Variable Rate Bonds bear interest at a Weekly Rate, interest is payable on the first Business Day of each month, commencing on the first Business Day of May, 2008. The Variable Rate Bonds will be issued as fully registered bonds in the denomination of \$100,000 or any \$5,000 increment in excess of \$100,000.

Each Series of the Variable Rate Bonds is subject to optional and mandatory tender as set forth herein. The Corporation will maintain a liquidity facility for each Series of the Variable Rate Bonds to provide funds for the purchase of such Series of the Variable Rate Bonds tendered but not remarketed by the Remarketing Agent. ***This Official Statement in general describes the Variable Rate Bonds only while the Variable Rate Bonds bear interest at the Weekly Rate.*** See “THE DEXIA INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS” and “THE JPMORGAN CHASE INITIAL LIQUIDITY FACILITY FOR THE VARIABLE RATE BONDS” and “DESCRIPTION OF THE VARIABLE RATE BONDS” herein.

The 2008 Series E Bonds are being issued as indexed floating rate obligations which will bear interest from their dated date to and including July 31, 2008 at a rate per annum set forth in a certificate of the Corporation delivered on the date of issue of the 2008 Series E Bonds. Thereafter, the 2008 Series E Bonds will bear interest at a floating rate reset quarterly based on an interest rate index and will be subject to a maximum rate, all as described herein. **THERE IS NO RIGHT TO TENDER THE 2008 SERIES E BONDS ON THE PART OF THE HOLDERS THEREOF AND THERE IS NO OBLIGATION TO PURCHASE THE 2008 SERIES E BONDS ON THE PART OF THE CORPORATION, THE UNDERWRITERS, THE PLACEMENT AGENT, THE TRUSTEE OR ANY OTHER PERSON.** The 2008 Series E Bonds will be issued as fully registered bonds in denominations of \$100,000 or any integral multiple of \$5,000 in excess of \$100,000. Interest on the 2008 Series E Bonds is payable quarterly on February 1, May 1, August 1 and November 1, commencing August 1, 2008. See “DESCRIPTION OF THE INDEX FLOATING RATE BONDS.”

The 2008 Bonds will be issued in book-entry form only and, when issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”). Interest on and principal of the 2008 Bonds will be payable by the Trustee to Cede & Co., as nominee of DTC, which will, in turn, remit such principal and interest to DTC Direct Participants for subsequent disbursement to the Beneficial Owners. Purchasers of the 2008 Bonds will not receive physical delivery of bond certificates. The 2008 Bonds will not be transferable or exchangeable, except for transfer to another nominee of DTC or otherwise as described herein. See “BOOK-ENTRY ONLY SYSTEM.” The Bank of New York, located in New York, New York, is the Trustee with respect to the 2008 Bonds. The 2008 Bonds are subject to redemption prior to maturity as set forth herein.

The 2008 Bonds are being issued, when combined with other available monies, to directly and indirectly finance construction and permanent mortgage loans for the acquisition and rehabilitation or new construction of certain developments. Payment of the principal or redemption price of and interest on the 2008 Bonds will be secured by the Revenues and assets pledged to such payment, including, without limitation, certain payments to be made under or with respect to certain mortgage loans, and monies and/or cash equivalents held under the Debt Service Reserve Account. The 2008 Bonds are being issued on a parity with and shall be entitled to the same benefit and security as other Bonds issued and to be issued under the General Resolution (other than Subordinate Bonds).

The 2008 Bonds are special obligations of the New York City Housing Development Corporation, a corporate governmental agency, constituting a public benefit corporation, organized and existing under the laws of the State of New York. The 2008 Bonds are not a debt of the State of New York or The City of New York, and neither the State of New York nor The City of New York shall be liable thereon, nor shall the 2008 Bonds be payable out of any funds other than those of the Corporation pledged therefor. The Corporation has no taxing power.

The 2008 Bonds are offered when, as and if issued and received by the Underwriters thereof subject to prior sale, to withdrawal or modification of the offer without notice, and to the unqualified approval of legality by Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Corporation. Certain legal matters related to the 2008 Bonds will be passed upon for the Corporation by its General Counsel. Certain legal matters related to the 2008 Bonds will be passed upon for the Underwriters and the Placement Agent by its Counsel, Orrick, Herrington & Sutcliffe LLP, New York, New York. Certain legal matters will be passed upon for the providers of the Initial Liquidity Facilities by their domestic counsel, Nixon Peabody LLP, New York, New York, and, in the case of the DEXIA Liquidity Facility, by its French counsel. It is expected that the 2008 Bonds will be available for delivery in New York, New York on or about April 24, 2008.

The 2008 Bonds are to be issued in accordance with the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law, constituting Chapter 44-b of the Consolidated Laws of the State of New York, as amended (the "Act"), and pursuant to a resolution entitled "Multi-Family Housing Revenue Bonds Bond Resolution" adopted by the Members of the Corporation on July 27, 1993, as amended from time to time (the "General Resolution"), and a supplemental resolution for the 2008 Series A-1 Bonds entitled "Ninetieth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-1" (the "2008 Series A-1 Supplemental Resolution"), a supplemental resolution for the 2008 Series A-2 Bonds entitled "Ninety-First Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-2" (the "2008 Series A-2 Supplemental Resolution"), a supplemental resolution for the 2008 Series A-3 Bonds entitled "Ninety-Second Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-3" (the "2008 Series A-3 Supplemental Resolution"), a supplemental resolution for the 2008 Series B Bonds entitled "Ninety-Third Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series B" (the "2008 Series B Supplemental Resolution"), a supplemental resolution for the 2008 Series C-1 Bonds entitled "Ninety-Fourth Supplemental Resolution Authorizing the Issuance of Multi-Family

Housing Revenue Bonds, 2008 Series C-1” (the “2008 Series C-1 Supplemental Resolution”), a supplemental resolution for the 2008 Series C-2 Bonds entitled “Ninety-Fifth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series C-2” (the “2008 Series C-2 Supplemental Resolution”), a supplemental resolution for the 2008 Series D Bonds entitled “Ninety-Sixth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series D” (the “2008 Series D Supplemental Resolution”) and a supplemental resolution for the 2008 Series E Bonds entitled “Ninety-Seventh Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series E” (the “2008 Series E Supplemental Resolution” and together with the 2008 Series A-1 Supplemental Resolution, the 2008 Series A-2 Supplemental Resolution, the 2008 Series A-3 Supplemental Resolution, the 2008 Series B Supplemental Resolution, the 2008 Series C-1 Supplemental Resolution, the 2008 Series C-2 Supplemental Resolution and the 2008 Series D Supplemental Resolution, the “2008 Supplemental Resolutions”) adopted by the Members of the Corporation on April 7, 2008. The General Resolution and the 2008 Supplemental Resolutions are referred to herein, collectively, as the “Resolutions.” Part II of this Official Statement sets forth additional information concerning the Corporation, the Act, the Program (as such term is defined below) and the Outstanding Bonds.

Pursuant to the General Resolution (except as otherwise expressly provided therein or in a Supplemental Resolution authorizing a series of bonds), all bonds issued thereunder are equally and ratably secured by the Revenues and assets pledged thereunder. All bonds issued or to be issued under the General Resolution, including the 2008 Bonds, are herein referred to as the “Bonds.” Under the General Resolution, the Corporation may issue Bonds to finance any corporate purpose for which Bonds may be issued under the Act or any other applicable law hereafter enacted. The activities of the Corporation undertaken pursuant to the General Resolution are hereinafter referred to as the “Program.” Under the Program, to date, the Corporation has issued Bonds to finance Mortgage Loans for privately owned multi-family rental housing for low and moderate income tenants. Multi-family housing developments financed by the Corporation under the Program are referred to herein individually as a “Development” or a “Project” and, collectively, as the “Developments” or the “Projects.”

The Corporation expects to separately remarket \$100,000,000 principal amount of its Multi-Family Housing Revenue Bonds, 2006 Series J-1 and \$25,650,000 principal amount of its Multi-Family Housing Revenue Bonds, 2006 Series J-2-B within the next thirty days. The 2006 Series J-1 Bonds and 2006 Series J-2-B Bonds will be offered pursuant to a separate Remarketing Circular and are not described herein.

INTRODUCTION

The Corporation is a corporate governmental agency, constituting a public benefit corporation, organized and existing under the laws of the State of New York (the “State”). The Corporation was created by the Act for the purpose of providing and encouraging the investment of private capital in safe and sanitary dwelling accommodations in the City of New York within the financial reach of families and persons of low income, which include families and persons whose need for housing accommodations cannot be provided by the ordinary operations of private enterprise, through the provision of low interest mortgage loans.

The 2008 Bonds are special revenue obligations of the Corporation, and payment of the principal or redemption price of and interest on the 2008 Bonds will be secured solely by the Revenues and assets pledged to such payment including, without limitation, certain payments to be made under or with respect to the Mortgage Loans, and monies and/or Cash Equivalents held under the Debt Service Reserve Account. The 2008 Bonds are being issued on a parity with, and shall be entitled to the same benefit and security of the General Resolution as, all other Bonds Outstanding (other than Subordinate Bonds) issued and to be issued thereunder. As of April 1, 2008, the aggregate principal balance of Bonds Outstanding was \$1,823,575,000. None of the Bonds Outstanding are Subordinate Bonds. See “SECURITY FOR THE BONDS” and “BONDS OUTSTANDING UNDER THE PROGRAM” in Part II of this Official Statement.

The Mortgage Loans may, but are not required to, be secured by supplemental security (“Supplemental Security”), including (a) mortgage insurance provided by (i) the Federal Housing Administration (“FHA”), (ii) the New York City Residential Mortgage Insurance Corporation, a subsidiary corporation of the Corporation (“REMIC”), and (iii) the State of New York Mortgage Agency (“SONYMA”), (b) mortgage-backed securities guaranteed by the Government National Mortgage Association (“GNMA”), (c) a credit enhancement instrument provided by Fannie Mae and (d) bank letters of credit (“Long-term LOCs”). In addition, the Developments related to the Mortgage Loans may, but are not required to, be assisted through Federal, State or local subsidy programs (“Subsidy Programs”) such as (a) the program (the “Mitchell-Lama Program” or “Mitchell-Lama”) authorized by Article 2 of the New York Private Housing Finance Law and the rules and regulations promulgated thereunder (the “Mitchell-Lama Law”), and the related Corporation Mitchell-Lama Restructuring Program (the “ML Restructuring Program”), (b) the interest reduction subsidies authorized by Section 236 of the National Housing Act of 1934, as amended (“Section 236”), pursuant to periodic interest reduction payment contracts (“Section 236 Contracts”), (c) the housing assistance payment program authorized by Section 8 of the United States Housing Act of 1937, as amended (“Section 8”), (d) various subordinate loan programs of the Corporation such as the Affordable Housing Permanent Loan Program (“AHPLP”), the Low-income Affordable Marketplace Program (“LAMP”), the Mitchell-Lama Repair Loan Program (“ML Repair Loan Program”) and the New Housing Opportunities Program (“New HOP”), (e) various Federal, State and other local subordinate loan or grant programs such as the Participation Loan Program (“PLP”), the Article 8-A Loan Program (“Article 8-A”), the §421-a Negotiable Certificate Program (the “Certificate Program”), the Mixed Income Rental Program (“MIRP”), General Municipal Law Article 16 (“GML Article 16”) programs, Housing Development Grant (“HoDAG”) programs and certain programs of the New York State Housing Trust Fund Corporation (“HTF”), and (f) subsidies through the Housing Assistance Corporation (“HAC”). The programs described in clauses (d), (e) and (f) in the immediately preceding sentence are referred to herein, collectively, as the “Subordinate Loan/Grant Programs.” See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” and “Appendix G—Description of Supplemental Security and Subsidy Programs” in Part II of this Official Statement. A Mortgage Loan also may represent the Corporation’s participant interest in a mortgage loan or pool of mortgage loans or the cash flow therefrom. A Mortgage Loan, or the mortgage loan underlying a participation interest, is required to be evidenced by a note and secured by a mortgage (but such mortgage need not create a first mortgage lien on the related Development).

The proceeds of the 2008 Series A Bonds, together with other available monies of the Corporation, are expected to be used to finance construction and permanent mortgage loans (the “2008 Series A Mortgage Loans”) for the acquisition, rehabilitation and/or construction of certain developments pursuant to the LAMP program. The proceeds of the 2008 Series B Bonds, together with other available monies of the Corporation, are expected to be used to finance construction and permanent mortgage loans (the “2008 Series B Mortgage Loans”) for newly constructed developments pursuant to the New HOP program. The proceeds of the 2008 Series C Bonds, together with other available monies of the Corporation, are expected to be used to refinance and restructure a permanent mortgage loan (the “2008 Series C Mortgage Loan”) for a certain existing development pursuant to the ML Restructuring Program. The proceeds of the 2008 Series D Bonds are expected to be used to refund the 2003 Series A Bonds within ninety (90) days of the issuance of the 2008 Series D Bonds. The proceeds of the 2003 Series A Bonds, together with other available monies, were used to refund the 1993 Series A Bonds and the 1993 Series B Bonds (collectively, the “1993 Bonds”), which were issued to retire certain of the Corporation’s outstanding bonds previously issued under separate bond resolutions of the Corporation (the “Original Bonds”). The Original Bonds were issued to provide funds to finance mortgage loans related to certain multi-family housing developments. Those Mortgage Loans were pledged as security under the General Resolution at the time of issuance of the 1993 Bonds. Upon the issuance of the 2008 Series D Bonds, those Mortgage Loans will remain pledged under the General Resolution and will be referred to as the “2008 Series D Mortgage Loans.” A portion of the proceeds of the 2008 Series E Bonds is expected to be used to reimburse the Corporation for amounts advanced by it to finance mortgage loans and redeem the 2005 Series B Bonds, the 2005 Series I Bonds, the 2006 Series E Bonds and the 2006 Series F Bonds issued under the General Resolution and the remaining portion is expected to be used to redeem, within ninety (90) days of the issuance of the 2008 Series E Bonds, the 1997 Series

C Bonds issued under the General Resolution. The 2005 Series B Bonds, the 2005 Series I Bonds, the 2006 Series E Bonds, the 2006 Series F Bonds and the 1997 Series C Bonds were issued to provide funds to finance or acquire Mortgage Loans related to certain multi-family housing developments. Upon the issuance of the 2008 Series E Bonds, those Mortgage Loans shall be pledged under the General Resolution and will be referred to as the “2008 Series E Mortgage Loans” (the 2008 Series A Mortgage Loans, the 2008 Series B Mortgage Loans, the 2008 Series C Mortgage Loan, the 2008 Series D Mortgage Loans and the 2008 Series E Mortgage Loans are referred to collectively as the “2008 Mortgage Loans”). In addition, proceeds of the 2008 Bonds, together with other available monies of the Corporation, are expected to be used to finance the costs of issuance of the 2008 Bonds and deposits to the Debt Service Reserve Account, if any. For a more detailed description of the financing plan and the Mortgage Loans to be funded with the proceeds of the 2008 Bonds, see “PLAN OF FINANCING.”

The ability of the Corporation to pay the principal or redemption price of and interest on the Bonds, including the 2008 Bonds, is dependent on the Revenues derived from the assets pledged to secure the Bonds, which consist of all the Mortgage Loans (including the 2008 Series A Mortgage Loans, the 2008 Series B Mortgage Loans, the 2008 Series C Mortgage Loan, the 2008 Series D Mortgage Loans and the 2008 Series E Mortgage Loans). In instances in which Supplemental Security backs a Mortgage Loan, timely receipt of the proceeds of the Supplemental Security may be material to the Corporation’s ability to pay the principal or redemption price of and interest on the Bonds. In cases in which Developments are beneficiaries of Subsidy Programs, full and timely receipt of subsidy payments, or loan or grant proceeds, may be necessary for full payment under the Mortgage Loans made with respect to such Developments. In the case of Mortgage Loans which are not secured by Supplemental Security or whose related Developments are not assisted under a Subsidy Program, the Revenues derived from such Mortgage Loans are entirely dependent on each Mortgagor’s ability to make payments under its Mortgage Loan. The Mortgagor’s ability to make payments required under its Mortgage Loan is and will be affected by a variety of factors including the maintenance of a sufficient level of occupancy, the level of operating expenses, sound management of a Development, the ability to achieve and maintain rents to cover payments under the Mortgage Loan, operating expenses, taxes, utility rates and maintenance costs, and changes in applicable laws and governmental regulations. In addition, the continued feasibility of a Development may depend in part upon general economic conditions and other factors in the surrounding area of a Development. See “THE PROGRAM—Certain Factors Affecting the Mortgage Loans” in Part II of this Official Statement and under the subheadings “Supplemental Security” and “Subsidy Programs” in Appendix G in Part II of this Official Statement.

The Variable Rate Bonds are variable rate demand bonds, initially issued in the Weekly Rate Mode. Each Series of the Variable Rate Bonds may be tendered at the option of the owners thereof and are subject to mandatory tender for purchase as described herein. Tendered Variable Rate Bonds are to be remarketed by the Remarketing Agent (which will initially be Bear, Stearns & Co. Inc.). Any 2008 Series A-1-A Bonds, 2008 Series B Bonds, 2008 Series C-1 Bonds and 2008 Series D Bonds not remarketed by the Remarketing Agent are to be purchased by funds provided under a standby bond purchase agreement for each Series of such Bonds (each a “Dexia Liquidity Facility” and collectively the “Dexia Liquidity Facilities”) between the Corporation and Dexia Crédit Local, acting through its New York Branch. Any 2008 Series A-1-B Bonds not remarketed by the Remarketing Agent are to be purchased by funds provided under a standby bond purchase agreement (the “JPMorgan Chase Liquidity Facility”) between the Corporation and JPMorgan Chase Bank, National Association. The Dexia Liquidity Facilities and the JPMorgan Chase Liquidity Facility are each an “Initial Liquidity Facility” and together the “Initial Liquidity Facilities” and Dexia Crédit Local, acting through its New York Branch and JPMorgan Chase Bank, National Association are each an “Initial Liquidity Facility Provider” and together the “Initial Liquidity Facility Providers.” THE PROVISIONS OF EACH DEXIA LIQUIDITY FACILITY ARE IDENTICAL EXCEPT WITH RESPECT TO SERIES DESIGNATIONS AND AMOUNTS. THE PROVISIONS OF THE JPMORGAN CHASE LIQUIDITY FACILITY ARE NOT IDENTICAL TO THE PROVISIONS OF THE DEXIA LIQUIDITY FACILITIES. See “DESCRIPTION OF THE VARIABLE RATE BONDS—Optional and Mandatory Purchase of Variable Rate Bonds—Additional Provisions Regarding Bank Bonds” with respect to a description of the payment provisions applicable to the Variable Rate Bonds held by the Initial Liquidity Facility Providers.

Under the General Resolution, the Corporation is authorized to issue Bonds (which may be secured on a parity with, or be subordinate in right of payment to, the Bonds which are not Subordinate Bonds) to finance any of its corporate purposes for which bonds may be issued under the Act, or any other applicable law now or hereafter enacted, including but not limited to financing mortgage loans and/or participation interests therein. No such additional Bonds may be issued under the General Resolution unless certain conditions set forth therein are met, including confirmation of the then existing ratings on the Outstanding Bonds (other than Subordinate Bonds) by each of the Rating Agencies then rating such Bonds.

If Mortgage Loans (including participation interests in mortgage loans) are to be financed by any such additional Bonds and pledged to secure the Bonds, such Mortgage Loans or the mortgage loans underlying a participation interest need not create a first mortgage lien on such Projects and such Mortgage Loans or the Projects financed thereby may, but are not required to, be subject to Supplemental Security insuring or securing against Mortgage Loan default losses. Such Supplemental Security, if any, may be in the form of, among other things, a mortgage insurance policy, a guaranteed mortgage-backed security, a letter of credit, a surety bond or an escrow deposit, any or all of which may be obtained pursuant to one or more programs of the Federal, State or local government.

The General Resolution does not require that the Corporation pledge its interests in the assets financed with the proceeds of additional Bonds, or the revenues derived therefrom, to secure the Bonds. Moreover, the Corporation may withdraw Mortgage Loans and surplus revenues from the pledge and lien of the General Resolution upon the filing with the Trustee of a Cash Flow Statement, except with respect to certain Mortgage Loans which, pursuant to the applicable Supplemental Resolutions, may be released without the filing of a Cash Flow Statement, as more fully described under the subheading “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” in Part II of this Official Statement.

The Bonds are not a debt of the State or The City of New York (the “City”), and neither the State nor the City shall be liable thereon, nor shall the Bonds be payable out of any funds other than those of the Corporation pledged therefor. The Corporation has no taxing power.

Descriptions of the Corporation, the 2008 Series A Mortgage Loans, the 2008 Series B Mortgage Loans, the 2008 Series C Mortgage Loan, the 2008 Series D Mortgage Loans, the 2008 Series E Mortgage Loans, the 2008 Bonds, sources of payment therefor, the Program, the Resolutions, the Initial Liquidity Facilities and the Initial Liquidity Facility Providers are included in Part I and Part II of this Official Statement. All summaries or descriptions herein of documents and agreements are qualified in their entirety by reference to such documents and agreements, and all summaries herein of the 2008 Bonds are qualified in their entirety by reference to the Resolutions and the provisions with respect thereto included in the aforesaid documents and agreements. The Corporation has covenanted in the General Resolution to provide a copy of each annual report of the Corporation (and certain special reports, if any) and any Accountant’s Certificate relating thereto to the Trustee and to each Bond owner who shall have filed such owner’s name and address with the Corporation for such purposes. The Corporation also has committed to provide certain information on an ongoing basis to certain repositories. For a description of the Corporation’s undertaking with respect to ongoing disclosure, see “CONTINUING DISCLOSURE.” Summaries of the Supplemental Security and Subsidy Programs are qualified in their entirety by reference to any statutes, regulations or agreements mentioned in such summaries. See Appendix G in Part II of this Official Statement.

PLAN OF FINANCING

General

2008 Series A Bonds

Upon the issuance of the 2008 Series A Bonds, a portion of the proceeds of such 2008 Series A Bonds initially will be deposited in the Bond Proceeds Account and invested in Investment Securities. Such proceeds are expected to be used by the Corporation to finance eight (8) construction Mortgage Loans for the acquisition and/or rehabilitation of three (3) existing developments and the construction of five (5) developments (collectively, the “2008 Series A Developments”), which loans, upon satisfaction of certain conditions, are expected to be converted to permanent Mortgage Loans. Such Mortgage Loans are collectively referred to herein as the “2008 Series A Mortgage Loans.” The aggregate principal amount of the 2008 Series A Mortgage Loans during construction is anticipated to be approximately \$110,020,000, with permanent 2008 Series A Mortgage Loans in an anticipated aggregate principal balance of approximately \$50,355,000. See “2008 Series A Mortgage Loans” below.

2008 Series B Bonds

Upon the issuance of the 2008 Series B Bonds, a portion of the proceeds of such 2008 Series B Bonds initially will be deposited in the Bond Proceeds Account and invested in Investment Securities. Such proceeds are expected to be used by the Corporation to finance construction Mortgage Loans (the “2008 Series B Mortgage Loans”) for five (5) developments to be constructed (the “2008 Series B Developments”), which loans, upon satisfaction of certain conditions, are expected to be converted to permanent Mortgage Loans. The principal amount of the 2008 Series B Mortgage Loans is anticipated to be approximately \$37,885,000. See “2008 Series B Mortgage Loans” below.

2008 Series C Bonds

Upon the issuance of the 2008 Series C Bonds, a portion of the proceeds of such 2008 Series C Bonds is expected to be used to finance one (1) first permanent Mortgage Loan (the “2008 Series C First Mortgage Loan”), one (1) second permanent Mortgage Loan (the “2008 Series C Second Mortgage Loan”) and one (1) third permanent Mortgage Loan (the “2008 Series C Third Mortgage Loan”) for one existing development (the “2008 Series C Development”) pursuant to the Corporation’s ML Restructuring Program to refinance and restructure existing Mitchell-Lama first and second mortgages on the 2008 Series C Development. A portion of the proceeds of the refinancing will be applied to redeem certain of the Corporation’s 2006 Series A Bonds previously issued under the General Resolution. The 2008 Series C First Mortgage Loan, the 2008 Series C Second Mortgage Loan and the 2008 Series C Third Mortgage Loan are collectively referred to herein as the “2008 Series C Mortgage Loan.” The aggregate principal amount of the 2008 Series C First Mortgage Loan is anticipated to be approximately \$35,020,002; the aggregate principal amount of the 2008 Series C Second Mortgage Loan is anticipated to be approximately \$1,478,847 and the aggregate principal amount of the 2008 Series C Third Mortgage Loan is anticipated to be approximately \$12,291,593. See “2008 Series C Mortgage Loan” below. The applicable 2008 Supplemental Resolutions provide that when no Mitchell-Lama Restructuring Bonds are Outstanding, the 2008 Series C Third Mortgage Loan shall be released from the lien of the General Resolution. Such release shall occur automatically and shall not require the provision of a Cash Flow Statement or a Cash Flow Certificate.

2008 Series D Bonds

The proceeds of the 2008 Series D Bonds are expected to be used to redeem the Corporation’s Multi-Family Housing Revenue Bonds, 2003 Series A, issued under the General Resolution (the “2003 Series A Bonds”) within ninety (90) days of the issuance of the 2008 Series D Bonds. The Mortgage Loans that are associated with the 2003 Series A Bonds will remain pledged under the General Resolution. Such Mortgage

Loans are described in Table 2 in “Appendix E-1– Developments and Mortgage Loans Outstanding Under the Program.” Upon issuance of the 2008 Series D Bonds, such Mortgage Loans will be referred to as the “2008 Series D Mortgage Loans.”

2008 Series E Bonds

Upon the issuance of the 2008 Series E Bonds, a portion of such 2008 Series E Bonds is expected to be used to reimburse the Corporation for amounts advanced by it to finance mortgage loans and pay the redemption price of all or a portion of the Corporation’s Multi-Family Housing Revenue Bonds, 2005 Series B, 2005 Series I, 2006 Series E and the 2006 Series F issued under the General Resolution. A portion of such 2008 Series E Bonds is also expected to be used to redeem all or a portion of the Corporation’s Multi-Family Housing Revenue Bonds, 1997 Series C within ninety (90) days of the issuance of the 2008 Series E Bonds issued under the General Resolution. Upon issuance of the 2008 Series E Bonds, the Mortgage Loans that are associated with the 2005 Series B Bonds, the 2005 Series I Bonds, the 2006 Series E Bonds, the 2006 Series F Bonds and the 1997 Series C Bonds shall be pledged under the General Resolution. Such Mortgage Loans are described in Table 2 in “Appendix E-1- Developments and Mortgage Loans Outstanding Under the Program.” Such Mortgage Loans will be referred to as the “2008 Series E Mortgage Loans.”

[†] For a description of LAMP, see Appendix G – “Description of Supplemental Security and Subsidy Programs – Subsidy Programs – Corporation Programs – Low Income Affordable Marketplace Program” in Part II of this Official Statement.

^{††} It is anticipated that REMIC Insurance will secure the first loss on the Mortgage up to twenty percent (20%) of the original permanent mortgage loan amount for these 2008 Series A Developments. For a description of REMIC, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—REMIC Insurance Program” in Part II of this Official Statement.

^{†††} For a description of SONYMA Insurance, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—SONYMA Insurance Program” in Part II of this Official Statement.

^{††††} \$315,000 of the construction loan amount will amortize during the construction period.

Rehabilitation of the Churchill House Development is expected to be completed within 24 months of the making of the applicable 2008 Series A Mortgage Loan, rehabilitation of the West Side Bronx Development is expected to be completed within 21 months of the making of the applicable 2008 Series A Mortgage Loan and rehabilitation of the Rose Hill Development is expected to be completed within 15 months of the making of the applicable 2008 Series A Mortgage Loan. Construction of the Tiffany Street Development is expected to be completed within 27 months of the making of the applicable 2008 Series A

Mortgage Loan, construction of the El Jardin de Seline Development, the Boricua Site E Development and the Walton Henwood Development is expected to be completed within 24 months of the making of the applicable 2008 Series A Mortgage Loan and construction of the 1334 Louis Nine Development is expected to be completed within 28 months of the making of the applicable 2008 Series A Mortgage Loan.

The 2008 Series A Mortgage Loans will be assigned a valuation of 100% under the 2008 Series A Supplemental Resolution. For a discussion of the valuation process, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” in Part II of this Official Statement. It is expected that the banks providing the letters of credit will service the 2008 Series A Mortgage Loans during construction or rehabilitation, as applicable, and the Corporation will service the 2008 Series A Mortgage Loans after construction or rehabilitation, as applicable see “HDC Commitments; Construction Letters of Credit” below and “THE PROGRAM—Servicing” in Part II of this Official Statement).

Mandatory Prepayment

Each of the Mortgagors of the 2008 Series A Developments, will be required to make a 2008 Series A Mortgage Loan Mandatory Prepayment, as described in the chart under the subheading “2008 Series A Developments” above upon construction completion and release of any applicable construction letter of credit. Said prepayments are expected to be used to redeem prior to maturity the 2008 Series A-1-B Bonds (see “DESCRIPTION OF THE VARIABLE RATE BONDS—Redemption Provisions for the 2008 Series A-1-B Bonds—Optional Redemption”). Although a significant source of funds for the 2008 Series A Mortgage Loan Mandatory Prepayments for said 2008 Series A Mortgage Loans is expected to come from the syndication of federal low income housing tax credits with respect to said 2008 Series A Mortgage Loans and, with respect to the Boricua Site E Development, the 1334 Louis Nine Development and the Walton Henwood Development, from the sale of certain real estate exemption certificates (the “421-a Certificates”) available under State law, the 2008 Series A Mortgage Loan Mandatory Prepayments are required to be made by each Mortgagor of the applicable 2008 Series A Development whether or not the federal low income housing tax credit syndication proceeds or proceeds of the sale of the 421-a Certificates are obtained. If a Mortgagor does not make the required 2008 Series A Mortgage Loan Mandatory Prepayment, there would be a default under the applicable 2008 Series A Mortgage Loan which would result in a draw on the applicable Construction LOC (as defined and described under the subheading “HDC Commitments; Construction Letters of Credit” below) by the Corporation in the full amount of the letter of credit which could result in the redemption of all of the applicable portion of 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds and/or 2008 Series A-2 Bonds. However, it is also possible in the event of such default that the Corporation and the letter of credit provider would agree to amend the applicable letter of credit to permit a partial draw in an amount equal to the applicable 2008 Series A Mortgage Loan Mandatory Prepayment; such proceeds would be applied to redeem prior to maturity the 2008 Series A-1-B Bonds, in which case the balance of the 2008 Series A Bonds would remain Outstanding. In such event, unless the Mortgagor of the applicable 2008 Series A Development cured such default, the applicable letter of credit provider would have the option to acquire said 2008 Series A Mortgage Loan by obligating the Corporation to make a draw on the applicable Construction LOC, the proceeds of which could be used to redeem the Outstanding 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds and/or 2008 Series A-2 Bonds in an amount equal to such 2008 Series A Mortgage Loan. See “DESCRIPTION OF THE VARIABLE RATE BONDS—Redemption Provisions for the 2008 Series A-1 Bonds—Optional Redemption” and “—Redemption Provisions for the 2008 Series A-2 Bonds—Special Redemption from Recoveries of Principal.”

Mortgage Terms

Each of the 2008 Series A Mortgage Loans will be evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the applicable 2008 Series A Development. The interest rate (inclusive of servicing and credit enhancement fees) for the permanent 2008 Series A Mortgage Loan (i) for the El Jardin de Seline Development is anticipated to be 6.15% and (ii) for all other Developments financed with the proceeds of 2008 Series A Bonds is anticipated to be 6.10% with the exception of the Boricua Site E

Development, which is anticipated to be 5.85%. The term to maturity for the 2008 Series A Mortgage Loan (i) for the Boricua Site E Development, the Tiffany Street Development, the 1334 Louis Nine Development and the Walton Henwood Development is anticipated to be approximately 35 years after completion of construction or rehabilitation, as applicable and (ii) for all other Developments financed with the proceeds of the 2008 Series A Bonds is anticipated to be approximately 30 years after completion of construction or rehabilitation, as applicable. The 2008 Series A Mortgage Loans are expected to contain provisions prohibiting the Mortgagor of the applicable 2008 Series A Development from making any prepayment, other than the applicable 2008 Series A Mortgage Loan Mandatory Prepayment, prior to approximately ten (10) years after the closing of the applicable 2008 Series A Mortgage Loan (see “DESCRIPTION OF THE VARIABLE RATE BONDS—Redemption Provisions for the Variable Rate Bonds” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 9” in Part II of this Official Statement).

HDC Commitment; Construction Letters of Credit

Each of the Mortgagors of the 2008 Series A Mortgage Loans has executed or is expected to execute (prior to issuance of the 2008 Series A Bonds) a commitment with the Corporation (an “HDC Commitment”) in which the Corporation will agree to provide a 2008 Series A Mortgage Loan. The HDC Commitment for the 2008 Series A Developments will require each related Mortgagor to obtain a letter of credit to be available during construction, from a bank acceptable to the Corporation as a condition to the Corporation providing a 2008 Series A Mortgage Loan during construction (a “Construction LOC”). The Construction LOCs need not meet the requirements under the Resolution for a Credit Facility. Such letters of credit will not be pledged to the owners of the 2008 Series A Bonds; however, any payments received by the Corporation from the letter of credit providers pursuant to such letters of credit will be pledged for the benefit of the owners of the 2008 Series A Bonds. It is anticipated that such letters of credit may be drawn upon by the Corporation if the applicable Mortgagor fails to make the required debt service payments on the related 2008 Series A Mortgage Loan. The amount drawn on a Construction LOC will be the outstanding principal balance of the applicable construction 2008 Series A Mortgage Loan plus the lesser of (i) accrued interest or (ii) the maximum amount available with respect to accrued interest, and such 2008 Series A Mortgage Loan will be immediately assigned to the letter of credit provider and no longer be pledged for the benefit of the owners of the 2008 Series A Bonds and will be free and clear of the pledge and lien of the General Resolution.

For those 2008 Series A Mortgage Loans for which Construction LOCs are issued, following the satisfaction of the conditions of the applicable HDC Commitment which may require, among other things, the provision by the Mortgagor of equity, the payment of the 2008 Series A Mortgage Loan Mandatory Prepayment, the satisfactory completion of construction or rehabilitation, as applicable, within a certain time schedule from the making of the applicable construction 2008 Series A Mortgage Loan and within a certain construction budget, the issuance of a certificate of occupancy, if applicable, the attainment of a specified minimum rental achievement level, and delivery of other required certificates and legal opinions, the Corporation will release the Construction LOC relating to the applicable construction 2008 Series A Mortgage Loan. If said Construction LOC is not released because of a failure by the Mortgagor of a 2008 Series A Development to comply with the conditions enumerated in the HDC Commitment or if said Construction LOC is not extended beyond its maturity until such conditions are satisfied, it is expected that said Construction LOC will be drawn upon by the Corporation and the proceeds from said draw could be used to redeem a portion of the Outstanding 2008 Series A Bonds (see “DESCRIPTION OF THE VARIABLE RATE BONDS—Redemption Provisions for the Variable Rate Bonds—Optional Redemption”).

No assurances can be given that such permanent 2008 Series A Mortgage Loans will be made or, if made, funded in the amounts presently contemplated by the Corporation (see “DESCRIPTION OF THE VARIABLE RATE BONDS—Redemption Provisions for the Variable Rate Bonds” and “DESCRIPTION OF THE FIXED RATE BONDS—Redemption Provisions for the 2008 Series A-2 Bonds”). Additionally, the Corporation may substitute other Developments for those described in the charts under the subheadings “2008 Series A Developments” above.

2008 Series B Mortgage Loans

2008 Series B Developments

It is anticipated that the proceeds of the 2008 Series B Bonds will be used to finance the 2008 Series B Mortgage Loans for the following 2008 Series B Developments:

Anticipated Mortgage Loan Supplemental Security [†]	Subsidy Program ^{††}	Development Name	Borough	Number of Units	Anticipated 2008 Series B Mortgage Loan Amount
REMIC	New HOP	Boricua Site D	Bronx	80	\$11,005,000
REMIC	New HOP	Boricua Site F	Bronx	77	\$10,220,000
REMIC	New HOP	Longwood Gardens	Bronx	25	\$ 2,375,000
REMIC	New HOP	Creston Towers ^{†††}	Bronx	42	\$ 2,110,000
REMIC	New HOP	870 Jennings	Bronx	84	\$12,175,000
	Total			308	\$37,885,000

[†] It is anticipated that REMIC Insurance will secure the first loss on the Mortgage up to twenty percent (20%) of the original permanent mortgage loan amount for these 2008 Series B Developments. For a description of REMIC, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—REMIC Insurance Program” in Part II of this Official Statement.

^{††} For a description of New HOP, see “Appendix G – Description of Supplemental Security and Subsidy Programs – Subsidy Programs – Corporation Programs – New Housing Opportunities Program” in Part II of this Official Statement.

^{†††} The Corporation financed a mortgage loan for this Development on February 28, 2008 and will reimburse itself with the proceeds of the 2008 Series B Bonds.

The 2008 Series B Mortgage Loans will be assigned a valuation of 100% under the applicable 2008 Supplemental Resolution. For a discussion of the valuation process, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” in Part II of this Official Statement. It is expected that the banks providing the Construction LOCs will service the 2008 Series B Mortgage Loans during construction and the Corporation will service the 2008 Series B Mortgage Loans after construction (see “HDC Commitments; Construction Letters of Credit” below and “THE PROGRAM—Servicing” in Part II of this Official Statement).

Mortgage Terms

Each of the 2008 Series B Mortgage Loans will be evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the applicable 2008 Series B Development. The interest rate for the permanent 2008 Series B Mortgage Loan for the Creston Towers Development is anticipated to be 7.10%, the interest rate for the permanent 2008 Series B Mortgage Loans for the Boricua Site D Development and the Boricua Site F Development is anticipated to be 6.75% and the interest rate for the permanent 2008 Series B Mortgage Loan for all other Developments financed with the proceeds of the 2008 Series B Bonds is anticipated to be 7.00%. The term to maturity for each 2008 Series B Mortgage Loan is anticipated to be approximately 35 years after completion of construction, other than the term to maturity for the 2008 Series B Mortgage Loan for the Longwood Gardens Development and the Creston Towers Development, which is anticipated to be 30 years after completion of construction. The 2008 Series B Mortgage Loans are expected to contain provisions prohibiting the Mortgagor of the applicable 2008 Series B Development from making any prepayment prior to approximately ten (10) years after the closing of the 2008 Series B Mortgage Loans. See “DESCRIPTION OF THE VARIABLE RATE BONDS—Redemption Provisions for the Variable Rate Bonds—Special Redemption from Recoveries of Principal” and “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 7.”

HDC Commitment; Construction Letter of Credit

Each of the Mortgagors of the 2008 Series B Mortgage Loans has executed or is expected to execute (prior to issuance of the 2008 Series B Bonds) an HDC Commitment in which the Corporation will agree to provide a 2008 Series B Mortgage Loan. The HDC Commitment for the 2008 Series B Developments will require each Mortgagor to obtain a Construction LOC to be available during construction from a bank acceptable to the Corporation as a condition to the Corporation providing a 2008 Series B Mortgage Loan during construction. The Construction LOCs need not meet the requirements under the Resolution for a Credit Facility. Such letters of credit will not be pledged to the owners of the 2008 Series B Bonds; however, any payments received by the Corporation from the letter of credit providers pursuant to such letters of credit will be pledged for the benefit of the owners of the 2008 Series B Bonds. It is anticipated that such letters of credit may be drawn upon by the Corporation if the applicable Mortgagor fails to make the required debt service payments on the related 2008 Series B Mortgage Loan. The amount drawn on a Construction LOC will be the outstanding principal balance of the applicable construction 2008 Series B Mortgage Loan plus the lesser of (i) accrued interest or (ii) the maximum amount available with respect to accrued interest, and such 2008 Series B Mortgage Loan will be immediately assigned to the letter of credit provider and no longer be pledged for the benefit of the owners of the 2008 Series B Bonds and will be free and clear of the pledge and lien of the General Resolution.

Following the satisfaction of the conditions of the applicable HDC Commitment which may require, among other things, the provision by the Mortgagor of equity, the satisfactory completion of construction within a certain time schedule from the making of the applicable construction 2008 Series B Mortgage Loan and within a certain construction budget, the issuance of a certificate of occupancy, the attainment of a specified minimum rental achievement level, and delivery of other required certificates and legal opinions, the Corporation will release the Construction LOC relating to the applicable construction 2008 Series B Mortgage Loan. If said Construction LOC is not released because of a failure by the Mortgagor of a 2008 Series B Development to comply with the conditions enumerated in the HDC Commitment or if said Construction LOC is not extended beyond its maturity until such conditions are satisfied, it is expected that said Construction LOC will be drawn upon by the Corporation and the proceeds from said draw could be used to redeem a portion of the Outstanding 2008 Series B Bonds. Until such Construction LOC is released, the bank issuing the Construction LOC will service or provide for the servicing of the applicable 2008 Series B Mortgage Loan. Thereafter, it is expected that the Corporation will service the applicable 2008 Series B Mortgage Loan (see “The PROGRAM—Servicing” in Part II of this Official Statement).

No assurances can be given that each of the Mortgagors of the 2008 Series B Mortgage Loans will enter into an HDC Commitment, or that such permanent 2008 Series B Mortgage Loans will be made or, if made, funded in the amounts presently contemplated by the Corporation. Additionally, the Corporation may substitute other Developments for the ones described in the chart under the subheadings “2008 Series B Developments” above.

2008 Series C Mortgage Loan

2008 Series C Development

It is anticipated that the proceeds of the 2008 Series C Bonds will be used to finance the 2008 Series C Mortgage Loan for the following 2008 Series C Development, as described below:

Anticipated Mortgage Loan Supplemental Security [†]	Subsidy Program	Development Name	Borough	Number of Units	Occupancy Rate	Anticipated 2008 Series C First Mortgage Loan Amount ^{†††}	Physical Inspection ^{†††} †
REMIC	ML Restructuring and Repair Loan	Big Six Towers ^{††}	Queens	983	97%	\$35,020,002	S

[†] It is anticipated that REMIC Insurance will secure the first loss on the Mortgage up to twenty percent (20%) of the original permanent mortgage loan amount for the 2008 Series C Development. For a description of REMIC, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—REMIC Insurance Program” in Part II of this Official Statement.

^{††} The Mortgagor of this Development is expected to prepay its first mortgage loan with the applicable 2008 Series C Mortgage Loan.
^{†††} In addition, the 2008 Series C Development will also be financed with a Second and Third Mortgage Loan. The principal amount of the 2008 Series C Second Mortgage Loan is anticipated to be approximately \$1,478,847 and the principal amount of the 2008 Series C Third Mortgage Loan is anticipated to be approximately \$12,291,593 as of the date of issuance of the 2008 Series C Bonds.

^{††††} Physical inspection ratings determined by the Corporation are as follows: SUP = superior; S = satisfactory; and BA = below average (see, “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings” in Part II of this Official Statement). This Development was completed in 1961.

The Mortgagor of the 2008 Series C Mortgage Loan has executed a commitment with the Corporation in which the Corporation has agreed to provide a 2008 Series C Mortgage Loan on a permanent basis to restructure, through refinancing, the Mortgagor’s existing first and second mortgage loans so that (i) the 2008 Series C First Mortgage Loan will have a later maturity date and lower rate of interest than the existing first mortgage loan that is being prepaid, (ii) the 2008 Series C Second Mortgage Loan will have a later maturity date than the portion of the existing second mortgage loan that is being prepaid and (iii) the remaining balance of the existing second mortgage loan will be refinanced with the 2008 Series C Third Mortgage Loan. For a description of the Mitchell-Lama Law, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs—Mitchell-Lama Program,” and for a description of the ML Restructuring Program, see “Appendix G—Description of Supplemental Security and Subsidy Programs—Subsidy Programs—Corporation Programs—Mitchell-Lama Programs—Mitchell-Lama Restructuring Program” in Part II of this Official Statement.

The 2008 Series C First Mortgage Loan will be assigned a valuation of 100%, the 2008 Series C Second and Third Mortgage Loans will be assigned a valuation of 0% under the 2008 Series C-1 Supplemental Resolution and the 2008 Series C-2 Supplemental Resolution, respectively. For a discussion of the valuation process, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.” It is expected that the Corporation will service the 2008 Series C Mortgage Loan (see “THE PROGRAM—Servicing” in Part II of this Official Statement). As of January 31, 2008, there were no delinquencies of 90 days and over and no material defaults with respect to the existing first and second mortgage loans related to the 2008 Series C Development.

Mortgage Terms

The 2008 Series C First Mortgage Loan will be evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the 2008 Series C Development. The interest rate for the 2008 Series C First Mortgage Loan is anticipated to be a blended rate of 6.43% and the term to maturity for the 2008 Series C First Mortgage Loan is 40 years. The 2008 Series C First Mortgage Loan is expected to contain provisions prohibiting prepayment by the Mortgagor of the applicable 2008 Series C Development prior to May 1, 2023. See “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 11” in Part II of this Official Statement.

The 2008 Series C Second Mortgage Loan will be evidenced by a mortgage note payable to the Corporation and secured by a second mortgage lien on the 2008 Series C Development. The 2008 Series C Second Mortgage Loan will accrue interest at 6.00% simple interest. The 2008 Series C Second Mortgage Loan shall have a term to maturity of 40 years and provide for no monthly payments of principal and interest and a balloon payment of the entire principal and accrued interest 90 days after the maturity of the related 2008 Series C First Mortgage Loan. The 2008 Series C Second Mortgage Loan contains provisions prohibiting prepayment by the Mortgagor of the applicable 2008 Series C Development prior to May 1, 2023 (see “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 11” in Part II of this Official Statement).

The 2008 Series C Third Mortgage Loan will be evidenced by a mortgage note payable to the Corporation and secured by a third mortgage lien on the 2008 Series C Development. The 2008 Series C Third Mortgage Loan shall bear interest at 0% and have a term to maturity of 40 years and provide for no monthly payments of principal and interest and a balloon payment of the entire principal 90 days after the maturity of the related 2008 Series C First Mortgage Loan. The 2008 Series C Third Mortgage Loan contains provisions prohibiting prepayment by the Mortgagor of the applicable 2008 Series C Development prior to May 1, 2023 (see “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 11” in Part II of this Official Statement). Pursuant to the terms of a Purchase and Sale Agreement between the Corporation and the City, the Corporation has agreed that on the date of issuance of the 2008 Series C Bonds, the Corporation will sell to the City, and the City will purchase from the Corporation, a residual right to ownership of the 2008 Series C Third Mortgage Loan, which will be transferred to the City on the date when no Mitchell-Lama Restructuring Bonds remain Outstanding under the General Resolution. In accordance with the provisions of the applicable Supplemental Resolution, release of the 2008 Series C Third Mortgage Loan on such date for such transfer will be made automatically and without the requirement for a filing of any Cash Flow Statement or Cash Flow Certificate.

2008 Series D Mortgage Loans

A portion of the proceeds of the 2008 Series D Bonds is expected to be used to redeem the 2003 Series A Bonds within ninety (90) days of the issuance of the 2008 Series D Bonds. The Mortgage Loans currently associated with the 2003 Series A Bonds will continue to be pledged under the General Resolution. Such Mortgage Loans are described in Table 2 in “Appendix E-1- Developments and Mortgage Loans Outstanding Under the Program.” Upon the issuance of the 2008 Series D Bonds, such Mortgage Loans will be associated with the 2008 Series D Bonds.

2008 Series E Mortgage Loans

Upon the issuance of the 2008 Series E Bonds, a portion of such 2008 Series E Bonds is expected to be used to reimburse the Corporation for amounts advanced by it to pay the redemption price of all or a portion of the Corporation’s Multi-Family Housing Revenue Bonds, 2005 Series B, 2005 Series I, 2006 Series E and the 2006 Series F issued under the General Resolution. A portion of such 2008 Series E Bonds is also expected to be used to redeem all or a portion of the Corporation’s Multi-Family Housing Revenue Bonds, 1997 Series C issued under the General Resolution within ninety (90) days of the issuance of the 2008 Series E Bonds. Upon issuance of the 2008 Series E Bonds, the Mortgage Loans currently associated with the 2005 Series B Bonds, the 2005 Series I Bonds, the 2006 Series E Bonds, the 2006 Series F Bonds and the 1997 Series C Bonds shall be pledged under the General Resolution. Such Mortgage Loans are described in Table 2 in “Appendix E-1- Developments and Mortgage Loans Outstanding Under the Program.” Such Mortgage Loans will be associated with the 2008 Series E Bonds.

DESCRIPTION OF THE FIXED RATE BONDS

General

The 2008 Series A-2 Bonds, 2008 Series A-3 Bonds and 2008 Series C-2 Bonds will bear interest at fixed rates to maturity and are referred to herein as the “Fixed Rate Bonds.” The Fixed Rate Bonds will mature on the dates and in the amounts set forth on the inside cover page of this Official Statement. The Bank of New York is the Trustee for the Bonds, including the 2008 Bonds.

The Fixed Rate Bonds will be dated the date of delivery thereof and will be issued as fully registered bonds in denominations of \$5,000 or any integral multiple thereof. Interest on the Fixed Rate Bonds will accrue from their dated date and be payable on May 1 and November 1 in each year, commencing November 1, 2008, at the rates per annum set forth on the inside cover page of this Official Statement. Interest on the Fixed Rate Bonds will be computed on the basis of a 360-day year consisting of twelve 30-day months.

Redemption Provisions for the 2008 Series A-2 Bonds

The 2008 Series A-2 Bonds are subject to special redemption and optional redemption prior to maturity, as described below.

Special Redemption from Recoveries of Principal

The 2008 Series A-2 Bonds are subject to redemption, in whole or in part, at any time at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series A-2 Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, from amounts representing: (a) Recoveries of Principal* with respect to the 2008 Series A Mortgage Loans deposited in the Redemption Account other than (i) proceeds of an optional prepayment of any 2008 Series A Mortgage Loan by the Mortgagor thereof or the proceeds of the applicable 2008 Series A Mortgage Loan Mandatory Prepayment, (ii) proceeds of the sale, assignment, endorsement or other disposition of any 2008 Series A Mortgage Loan (other than a sale, assignment, endorsement or other disposition required pursuant to the General Resolution in the event of a default under the General Resolution or made when, in the sole judgment of the Corporation, such 2008 Series A Mortgage Loan is in default) and (b) any other monies made available under the General Resolution in connection with the redemptions described in clause (a) above. See also “PLAN OF FINANCING—2008 Series A Mortgage Loans.”

Notwithstanding the foregoing paragraph, upon the filing of a Cash Flow Statement with the Trustee, and except as otherwise provided in a Supplemental Resolution authorizing a Series of Bonds other than the 2008 Series A-2 Bonds, (i) all or a portion of the 2008 Series A-2 Bonds may be redeemed in accordance with the redemption provisions described above in connection with Recoveries of Principal deposited in the Redemption Account derived from or with respect to any Mortgage Loans or Developments financed in connection with a Series of Bonds other than the 2008 Series A-2 Bonds and (ii) the Series of Bonds to be redeemed in connection with the Recoveries of Principal deposited in the Redemption Account derived from or with respect to any 2008 Series A Mortgage Loan or a Development financed therefrom shall be selected as directed by the Corporation; provided, however, that such selection need not include the 2008 Series A-2

*The applicable 2008 Supplemental Resolution, with respect to the 2008 Series A Mortgage Loans, provides that any prepayment premium or penalty shall not constitute a Recovery of Principal. The applicable 2008 Supplemental Resolution, with respect to the 2008 Series A Mortgage Loans provides that, with respect to any Acquired Project, the proceeds of sale of any Acquired Project shall constitute a Recovery of Principal. The applicable 2008 Supplemental Resolution with respect to the 2008 Series A Mortgage Loans provides that amounts obtained under a letter of credit or other credit enhancement security for a 2008 Series A Mortgage Loan or under any agreement entered into by the Corporation and the provider of such letter of credit or other credit enhancement in connection with the providing of such letter of credit or credit enhancement in the event of default on such 2008 Series A Mortgage Loan other than with respect to scheduled principal and/or interest payments required by such 2008 Series A Mortgage Loan shall constitute Recoveries of Principal. The applicable 2008 Supplemental Resolution, with respect to the 2008 Series A Mortgage Loans, provides that the payment of the 2008 Series A Mandatory Mortgage Loan Prepayment shall constitute a Recovery of Principal.

Bonds and shall not include certain Series of Bonds. In addition, notwithstanding anything to the contrary contained in the General Resolution or the applicable 2008 Supplemental Resolution for the purposes of the redemptions specified in the foregoing two paragraphs, and all provisions of the General Resolution with respect thereto, the 2008 Series A Mortgage Loans shall be treated as having been financed from the proceeds of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds and 2008 Series A-3 Bonds without regard to Series as if the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds and the 2008 Series A-3 Bonds constituted one Series; provided, however, that in connection with any redemption specified above, the Corporation may, in its sole discretion, select Bonds of any or all such Series to be redeemed.

As provided in the Resolutions, the Corporation may file written instructions with the Trustee, accompanied by a Cash Flow Statement, directing that all or any portion of Recoveries of Principal be deposited in the Bond Proceeds Account or the Revenue Account instead of to the Redemption Account. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” and “Appendix B—Summary of Certain Provisions of the General Resolution” in Part II of this Official Statement.

See “THE PROGRAM—Certain Factors Affecting the Mortgage Loans” and “Appendix E-2—Mortgage Loan Prepayment Provisions” in Part II of this Official Statement for a description of the prepayment features applicable to the Mortgage Loans.

Special Redemption from Unexpended 2008 Series A Bond Proceeds

The 2008 Series A-2 Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series A-2 Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date, in an amount not in excess of amounts on deposit in the Bond Proceeds Account representing unexpended proceeds of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds and the 2008 Series A-3 Bonds not used to finance the 2008 Series A Mortgage Loans and any other monies made available under the General Resolution in connection with such redemption.

Notwithstanding anything to the contrary contained in the General Resolution, the applicable 2008 Supplemental Resolutions, for the purposes of the redemption specified in this subsection, and all provisions of the General Resolution with respect thereto, any 2008 Series A Mortgage Loans financed from the proceeds of the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds and the 2008 Series A-3 Bonds shall be treated as having been financed from the proceeds of the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds and 2008 Series A-3 Bonds on a pro-rata basis; provided, however, that in connection with any redemption with respect to unexpended proceeds of the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds and the 2008 Series A-3 Bonds not used to finance the 2008 Series A Mortgage Loans, the Corporation may, in its sole discretion, select Bonds of either or all of the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds or the 2008 Series A-3 Bonds.

Optional Redemption

The 2008 Series A-2 Bonds are subject to redemption, at the option of the Corporation, in whole or in part, at any time prior to maturity on or after May 1, 2018, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series A-2 Bonds or portions thereof to be redeemed, plus accrued interest to the Redemption Date.

Redemption Provisions for the 2008 Series A-3 Bonds

The 2008 Series A-3 Bonds are not subject to redemption.

Redemption Provisions for the 2008 Series C-2 Bonds

The 2008 Series C-2 Bonds are subject to sinking fund redemption prior to maturity, all as described below.

Sinking Fund Redemption

The 2008 Series C-2 Term Bonds maturing on November 1, 2018 are subject to redemption at a Redemption Price equal to one hundred percent (100%) of the principal amount of the 2008 Series C-2 Term Bonds to be redeemed plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such 2008 Series C-2 Bonds specified for each of the Redemption Dates shown below:

2008 SERIES C-2 TERM BONDS MATURING ON NOVEMBER 1, 2018

[†] Stated maturity

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45th) day preceding the due date of such Sinking Fund Payment, to the purchase of the 2008 Series C-2 Bonds to be redeemed from such Sinking Fund Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any 2008 Series C-2 Bonds, for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal amount of the 2008 Series C-2 Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the 2008 Series C-2 Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption.

Optional Redemption

The 2008 Series C-2 Bonds are not subject to redemption, at the option of the Corporation.

Selection of Bonds to be Redeemed

Subject to the redemption requirements set forth in a Supplemental Resolution authorizing a particular Series of Bonds, in the event of a partial redemption of Bonds in connection with Recoveries of Principal, the Series, the maturity or maturities, and the amount thereof, to be so redeemed shall be selected as directed by the Corporation in written instructions filed with the Trustee accompanied by a Cash Flow Statement. In the absence of such direction, (i) Bonds of each Series subject to redemption shall be redeemed in connection with Recoveries of Principal derived from or with respect to the Mortgage Loans financed from or allocated to such Bonds and (ii) Bonds of each maturity within each Series of Bonds subject to redemption shall be redeemed in the proportion that the amount Outstanding of each such maturity bears to the total amount of all Outstanding Bonds of such Series. The maturities of 2008 Series C-2 Bonds to be redeemed in accordance with the optional redemption provisions described above shall be selected as directed by the Corporation. In the event of redemption of less than all the Bonds of the same Series and maturity, the Trustee shall select the Bonds by lot, using such method of selection as it shall deem proper in its sole discretion. Notwithstanding anything to the contrary contained in the General Resolution or the applicable 2008 Supplemental Resolutions no Fixed Rate Bond shall be selected for redemption if the portion of such Fixed Rate Bond remaining after such redemption would not be in a denomination authorized by the applicable Fixed Rate Supplemental Resolutions.

Corporation's Right to Purchase Bonds

The Corporation retains the right to purchase any Series of Fixed Rate Bonds, at such times, in such amounts and at such prices as the Corporation shall determine, subject to the provisions of the General Resolution, and, thereby, reduce its obligations, including Sinking Fund Payments, for such Series of Fixed Rate Bonds. See "SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates" in Part II of this Official Statement.

Notice of Redemption

When the Trustee receives notice from the Corporation of its election or direction to redeem all or a portion of a Series of Fixed Rate Bonds, or is otherwise required to redeem all or a portion of a Series of Fixed Rate Bonds, the Trustee will give notice, in the name of the Corporation, of the redemption of such Fixed Rate Bonds. Such notice will specify the Series and maturities of the Fixed Rate Bonds to be redeemed, the Redemption Date, any conditions precedent to such redemption and the place or places where amounts due upon such redemption will be payable. Not less than thirty (30) days before the Redemption Date for the Fixed Rate Bonds, the Trustee is to mail a copy of such notice to the registered owners of any Fixed Rate Bonds which are to be redeemed at their last addresses appearing upon the registry books. Interest will not be payable on any Series of Fixed Rate Bonds after the Redemption Date if notice has been given and if sufficient monies have been deposited with the Trustee to pay the principal or applicable Redemption Price of and interest on such Series of Fixed Rate Bonds on such date and all conditions precedent, if any, to such redemption shall have been satisfied.

DESCRIPTION OF THE VARIABLE RATE BONDS

General

The 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series B Bonds, 2008 Series C-1 Bonds and 2008 Series D Bonds will bear interest at variable rates, initially reset weekly, are subject to optional and mandatory tender as described herein and are referred to herein as the "Variable Rate Bonds." The Variable Rate Bonds will mature on the dates and in the amounts set forth on the inside cover page of this Official Statement. The Bank of New York is the Trustee for the Bonds, including the Variable Rate Bonds.

The Variable Rate Bonds are to be dated as set forth on the cover page of this Official Statement. The Variable Rate Bonds will bear interest from the date of their delivery until payment of the principal thereof is

made or provided for in accordance with the provisions of the Resolutions, whether at maturity, upon redemption or otherwise. The Variable Rate Bonds are being issued as variable rate obligations which will bear interest from their date of issue to but not including the Thursday following said date of issue at a rate per annum set forth in a certificate of the Corporation delivered on the date of issuance of the Variable Rate Bonds. Thereafter, the Variable Rate Bonds will bear interest initially at the Weekly Rate as determined from time to time by the Remarketing Agent. At no time shall the interest rate on the Variable Rate Bonds exceed the applicable Maximum Rate. The interest rate for each Series of Variable Rate Bonds will be determined separately. Each Series of Variable Rate Bonds is subject to conversion to alternate methods of determining interest rates thereon from time to time and to conversion to an interest rate fixed to maturity upon the terms and conditions described herein.

This Official Statement in general describes the Variable Rate Bonds only while the Variable Rate Bonds bear interest at a Weekly Rate.

The Variable Rate Bonds shall be issued solely in fully registered form, without coupons, issuable during a Weekly Rate Period in the denomination of \$100,000 or any \$5,000 increment in excess of \$100,000.

Interest on the Variable Rate Bonds shall be payable on a monthly basis on the first Business Day of each month commencing on the first Business Day of May, 2008, on any Change Date and on the maturity date of the Variable Rate Bonds. Interest on the Variable Rate Bonds shall be computed on the basis of a 365 or 366-day year, for the actual number of days elapsed. If the date for payment of interest on or principal or Redemption Price of the Variable Rate Bonds is a day other than a Business Day, then payment may be made on the next succeeding Business Day with the same force and effect as if made on the date originally fixed for payment, and in the case of such payment no interest shall accrue for the period from the date originally fixed for payment to such next succeeding Business Day.

Weekly Rate Period. The Variable Rate Bonds shall bear interest at the Weekly Rate determined in accordance with the Resolutions, during the period from the date of initial issuance and delivery of the Variable Rate Bonds to the earlier of the first Interest Method Change Date or the final maturity or redemption in whole of the Variable Rate Bonds. The interest rate for each Series of Variable Rate Bonds will be determined separately.

The Weekly Rate for each Series of Variable Rate Bonds shall be the lowest interest rate, not exceeding the applicable Maximum Rate, which, in the determination of the Remarketing Agent as of the date of determination and under prevailing market conditions, would result as nearly as practicable in the market price for the Variable Rate Bonds of such Series on the Weekly Effective Rate Date being one hundred percent (100%) of the principal amount thereof, such interest rate to be determined as follows. The Remarketing Agent shall determine the Weekly Rate for each Series of the Variable Rate Bonds not later than 10:00 a.m., New York City time, on the Weekly Effective Rate Date for each Weekly Rate Term; provided, however, that the Weekly Rate for each Series of Variable Rate Bonds from the date of initial issuance and delivery of the Variable Rate Bonds to but not including the Thursday following said date of issue shall be the rate for the Variable Rate Bonds of such Series determined by the Corporation and set forth in a certificate delivered to the Trustee on the date of such issuance and delivery. The Remarketing Agent shall immediately give notice of the determination of any Weekly Rate to the Corporation, the Trustee, the Tender Agent and the Liquidity Provider by telecopy or other similar means of electronic communication or by such other method of communication as shall be mutually agreed upon by the Remarketing Agent and the recipients of such notice.

On the Business Day immediately following (i) the issuance and delivery of the Variable Rate Bonds and (ii) the establishment of any subsequent Weekly Rate Period, the Trustee shall deliver or mail by first-class mail, postage prepaid or by facsimile transmission or other similar electronic means, to the owner of each Variable Rate Bond at the address shown on the registration books of the Corporation held by the Trustee, a notice stating the Weekly Rate to be borne by such Variable Rate Bonds and that from and after the Weekly Effective Rate Date the Variable Rate Bonds will bear interest at the Weekly Rate for the duration of the

applicable Weekly Rate Period. Such notice shall further specify the name, address and telephone number of the person or persons from whom information with respect to the Weekly Rate for each succeeding Weekly Rate Term may be obtained. Unless an Interest Method Change Date occurs, a new Weekly Rate Term shall automatically commence on the day after the termination of the current Weekly Rate Term.

If for any reason the position of the Remarketing Agent is vacant, or if the Remarketing Agent fails in the performance of its duty to determine the Weekly Rate for a Series of Variable Rate Bonds for any Weekly Rate Term or the Weekly Rate for a Series of Variable Rate Bonds is held to be invalid or unenforceable by a court of law, as set forth in a written notice from the Corporation to the Trustee, the Weekly Rate for such Series of Variable Rate Bonds for such Weekly Rate Term shall be determined by the Trustee and shall be (i) if a Liquidity Facility is in effect, one hundred percent (100%) of the most recent The Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index theretofore published in *The Bond Buyer* or otherwise made available to the Trustee (the "Alternate Rate") or (ii) if a Liquidity Facility is not in effect, the applicable Maximum Rate.

If the Initial Liquidity Facility Providers fail to purchase any Variable Rate Bonds of the applicable Series tendered or deemed tendered for purchase by the Bondowners thereof and not remarketed or if an Initial Liquidity Facility for a Series of Variable Rate Bonds is terminated without Alternate Liquidity in place, the Variable Rate Bonds of such Series will continue to bear interest as described under this heading "Weekly Rate Period." Bondowners will continue to have the right to tender their Variable Rate Bonds of such Series during such period, but the Purchase Price of such Variable Rate Bonds will be payable solely from remarketing proceeds. If remarketing proceeds are not available, then Bondowners may be required to hold such Variable Rate Bonds to their maturity or prior redemption. See "INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS" for a description of the circumstances under which an Initial Liquidity Facility will terminate and the conditions to a Liquidity Facility Provider's obligation to purchase.

Interest Rate Changes. No change in the method of determining the interest rate on a Series of Variable Rate Bonds shall be made unless the Trustee has received, at least 30 days prior to the Interest Method Change Date, (1) a Certificate of an Authorized Officer of the Corporation specifying (i) the date which is to be the Interest Method Change Date and (ii) the method of determining the interest rate which shall take effect on such date, (2) if necessary, an amendment to the Liquidity Facility conforming such Liquidity Facility to the requirements of the Resolutions applicable to such instrument from and after the Interest Method Change Date or provision for the issuance of an Alternate Liquidity meeting the requirements of the Resolutions, in which case the Interest Method Change Date shall also be a Facility Change Date, together with various opinions of counsel as set forth in the Resolutions, (3) an opinion of Bond Counsel to the Corporation to the effect that the proposed change in the method of determining the interest rate on such Variable Rate Bonds is consistent with the provisions of the Resolutions and will not adversely affect the exclusion of the interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds or the 2008 Series D Bonds from gross income for Federal income tax purposes, and (4)(i) permission from Bond Counsel to the Corporation, the opinion of which as to the exclusion from gross income for Federal income tax purposes of interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds or 2008 Series D Bonds is on file with the Trustee, to deliver such opinion in connection with the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds or 2008 Series D Bonds, or (ii) an opinion from Bond Counsel to the Corporation as described in the Resolutions to the effect that the interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds or the 2008 Series D Bonds is not included in gross income for Federal income tax purposes.

Optional and Mandatory Purchase of Variable Rate Bonds

Purchase of the Variable Rate Bonds on Demand of Owner

Each owner of a Variable Rate Bond may, by delivery of a written notice of tender to the Principal Office of the Tender Agent at 101 Barclay Street, Floor 7W, Attention: New York Municipal Finance Unit, New York, New York 10286 (or such other address as may be established by the Tender Agent from time to time), and the Remarketing Agent at 383 Madison Avenue, 11th Floor, New York, New York 10179 (or such other address as may be established by the Remarketing Agent from time to time), not later than 5:00 p.m., New York City time, on any Business Day not less than seven calendar days before the particular Business Day chosen as the purchase date, demand payment of the Purchase Price on and as of such purchase date of all or a portion of such Variable Rate Bond in any denomination authorized by the Resolutions; provided, however, that no portion of a Variable Rate Bond shall be purchased unless any remaining portion of such Variable Rate Bond is in a denomination authorized by the Resolutions. Each such notice of tender shall be irrevocable and effective upon receipt and shall:

(i) be delivered to the Tender Agent and the Remarketing Agent at their respective Principal Offices and be in a form satisfactory to the Tender Agent; and

(ii) state (A) the aggregate principal amount of the Variable Rate Bonds to be purchased and the numbers of the Variable Rate Bonds to be purchased, and (B) the date on which such Variable Rate Bonds are to be purchased, which date shall be a Business Day not prior to the seventh (7th) day next succeeding the date of delivery of such notice and which date will be prior to any Change Date.

If any Variable Rate Bonds are to be purchased prior to an Interest Payment Date and after the Record Date in respect thereof, the owner of such Variable Rate Bond demanding purchase thereof shall deliver to the Tender Agent a due bill, payable to bearer, for interest due on such Interest Payment Date.

Any Variable Rate Bonds for which a demand for purchase has been made shall be delivered to the Tender Agent at or prior to 12:00 noon, New York City time, on the date designated for purchase, with an appropriate endorsement for transfer or accompanied by a bond power endorsed in blank.

Any Variable Rate Bonds not so delivered to the Tender Agent on or prior to the purchase date (“Undelivered Variable Rate Bonds”) for which there has been irrevocably deposited in trust with the Trustee or the Tender Agent an amount of moneys sufficient to pay the Purchase Price of such Undelivered Variable Rate Bonds shall be deemed to have been purchased at the Purchase Price. IN THE EVENT OF A FAILURE BY AN OWNER OF AFFECTED VARIABLE RATE BONDS TO DELIVER ITS AFFECTED VARIABLE RATE BONDS ON OR PRIOR TO THE PURCHASE DATE, SAID OWNER SHALL NOT BE ENTITLED TO ANY PAYMENT (INCLUDING ANY INTEREST TO ACCRUE SUBSEQUENT TO THE PURCHASE DATE) OTHER THAN THE PURCHASE PRICE FOR SUCH UNDELIVERED VARIABLE RATE BONDS, AND ANY UNDELIVERED VARIABLE RATE BONDS SHALL NO LONGER BE ENTITLED TO THE BENEFITS OF THE RESOLUTIONS EXCEPT FOR THE PAYMENT OF THE PURCHASE PRICE THEREFOR.

Notwithstanding the above, in the event that any Variable Rate Bond whose owner has exercised its demand purchase option is remarketed to such owner, such owner need not deliver such Variable Rate Bond to the Tender Agent but such Variable Rate Bond shall be deemed to have been delivered to the Tender Agent and remarketed and redelivered to such owner.

Mandatory Purchase of Variable Rate Bonds on Interest Method Change Date

Each Series of the Variable Rate Bonds shall be subject to mandatory tender for purchase on any Interest Method Change Date for such Series of Variable Rate Bonds at the Purchase Price. The Trustee shall deliver, or mail by first class mail, postage prepaid, a notice not later than fifteen (15) days prior to the Interest Method Change Date to the Remarketing Agent, the Liquidity Provider and to the owner of each Variable Rate Bond to which such notice relates, at its address shown on the registration books of the Corporation held by the Trustee. Any notice given in such manner shall be conclusively presumed to have been duly given, whether or not the owner receives such notice. Such notice shall set forth, in substance, the Interest Method Change Date and reason therefor, that all owners of affected Variable Rate Bonds shall be deemed to have tendered their Variable Rate Bonds for purchase on the Interest Method Change Date, and the Purchase Price for such Variable Rate Bonds.

Owners of Variable Rate Bonds to which a mandatory tender for purchase relates shall be required to tender their affected Variable Rate Bonds to the Tender Agent for purchase at the Purchase Price on the Interest Method Change Date with an appropriate endorsement for transfer to the Tender Agent, or accompanied by a bond power endorsed in blank. Any Undelivered Variable Rate Bonds for which there has been irrevocably deposited in trust with the Trustee or Tender Agent an amount of moneys sufficient to pay the Purchase Price of such Undelivered Variable Rate Bonds shall be deemed to have been purchased at the Purchase Price on the Interest Method Change Date. IN THE EVENT OF A FAILURE BY AN OWNER OF AFFECTED VARIABLE RATE BONDS TO DELIVER ITS AFFECTED VARIABLE RATE BONDS ON OR PRIOR TO THE INTEREST METHOD CHANGE DATE, SAID OWNER SHALL NOT BE ENTITLED TO ANY PAYMENT (INCLUDING ANY INTEREST TO ACCRUE SUBSEQUENT TO THE INTEREST METHOD CHANGE DATE) OTHER THAN THE PURCHASE PRICE FOR SUCH UNDELIVERED VARIABLE RATE BONDS, AND ANY UNDELIVERED VARIABLE RATE BONDS SHALL NO LONGER BE ENTITLED TO THE BENEFITS OF THE RESOLUTIONS, EXCEPT FOR THE PAYMENT OF THE PURCHASE PRICE THEREFOR.

Mandatory Purchase of Variable Rate Bonds Upon Replacement, Termination or Expiration of Liquidity Facility

Each Series of the Variable Rate Bonds shall be subject to mandatory tender for purchase on any Facility Change Date for such Series of Variable Rate Bonds at the Purchase Price. The Trustee shall deliver, or mail by first class mail, postage prepaid, a notice not later than fifteen (15) days prior to the Facility Change Date to the Remarketing Agent, the Liquidity Provider and to the owner of each Variable Rate Bond to which such notice relates at its address shown on the registration books of the Corporation held by the Trustee. Any notice given in such manner shall be conclusively presumed to have been duly given, whether or not the owner receives such notice. Such notice shall set forth, in substance, the Facility Change Date and reason therefor, that all owners of affected Variable Rate Bonds shall be deemed to have tendered their Variable Rate Bonds for purchase on the Facility Change Date, and the Purchase Price for such Variable Rate Bonds.

Owners of Variable Rate Bonds to which a mandatory tender for purchase relates shall be required to tender their affected Variable Rate Bonds to the Tender Agent for purchase at the Purchase Price on the Facility Change Date with an appropriate endorsement for transfer to the Tender Agent, or accompanied by a bond power endorsed in blank. Any Undelivered Variable Rate Bonds for which there has been irrevocably deposited in trust with the Trustee or Tender Agent an amount of moneys sufficient to pay the Purchase Price of the Undelivered Variable Rate Bonds shall be deemed to have been purchased at the Purchase Price on the Facility Change Date. IN THE EVENT OF A FAILURE BY AN OWNER OF AFFECTED VARIABLE RATE BONDS TO DELIVER ITS AFFECTED VARIABLE RATE BONDS ON OR PRIOR TO THE FACILITY CHANGE DATE, SAID OWNER SHALL NOT BE ENTITLED TO ANY PAYMENT (INCLUDING ANY INTEREST TO ACCRUE SUBSEQUENT TO THE FACILITY CHANGE DATE) OTHER THAN THE PURCHASE PRICE FOR SUCH UNDELIVERED VARIABLE RATE BONDS, AND ANY UNDELIVERED VARIABLE RATE BONDS SHALL NO LONGER BE ENTITLED TO THE

BENEFITS OF THE RESOLUTIONS, EXCEPT FOR THE PAYMENT OF THE PURCHASE PRICE THEREFOR.

Initial Liquidity Facility Providers' Right To Cause a Mandatory Tender for Purchase of Variable Rate Bonds Upon Certain Events of Default Under an Initial Liquidity Facility

Pursuant to the Resolutions, for so long as an Initial Liquidity Facility for a Series of Variable Rate Bonds is in effect for such Series of Variable Rate Bonds, upon the receipt by the Trustee of written notice from the applicable Initial Liquidity Facility Provider that certain events of default have occurred under the applicable Initial Liquidity Facility, the Trustee shall specify a Change Date on which the Variable Rate Bonds of such Series shall be subject to mandatory tender for purchase, which Change Date shall not be later than twenty-five (25) days following receipt by the Trustee of such written notice from the applicable Initial Liquidity Facility Provider. Upon receipt of such written notice from the applicable Initial Liquidity Facility Provider, the Trustee shall deliver, or mail by first class mail, postage prepaid, a notice not later than fifteen (15) days prior to the Change Date to the Remarketing Agent and to the owner of each Variable Rate Bond to which such notice relates at its address shown on the registration books of the Corporation held by the Trustee. Any notice given in such manner shall be conclusively presumed to have been duly given, whether or not the owner receives such notice. See "THE DEXIA INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS" and "THE JPMORGAN CHASE INITIAL LIQUIDITY FACILITY FOR THE VARIABLE RATE BONDS" for a discussion of the events of default that may result in a mandatory tender.

Such notice shall set forth, in substance, the Change Date and reason therefor, that all owners of affected Variable Rate Bonds shall be deemed to have tendered their Variable Rate Bonds for purchase on the Change Date, and the Purchase Price for such Variable Rate Bonds. Owners of Variable Rate Bonds to which a mandatory tender for purchase relates shall be required to tender their affected Variable Rate Bonds to the Tender Agent for purchase at the Purchase Price on the Change Date with an appropriate endorsement for transfer to the Tender Agent, or accompanied by a bond power endorsed in blank. Any Undelivered Variable Rate Bonds for which there has been irrevocably deposited in trust with the Trustee or Tender Agent an amount of moneys sufficient to pay the Purchase Price of the Undelivered Variable Rate Bonds shall be deemed to have been purchased at the Purchase Price on the Change Date. IN THE EVENT OF A FAILURE BY AN OWNER OF AFFECTED VARIABLE RATE BONDS TO DELIVER ITS AFFECTED VARIABLE RATE BONDS ON OR PRIOR TO THE CHANGE DATE, SAID OWNER SHALL NOT BE ENTITLED TO ANY PAYMENT (INCLUDING ANY INTEREST TO ACCRUE SUBSEQUENT TO THE CHANGE DATE) OTHER THAN THE PURCHASE PRICE FOR SUCH UNDELIVERED VARIABLE RATE BONDS, AND ANY UNDELIVERED VARIABLE RATE BONDS SHALL NO LONGER BE ENTITLED TO THE BENEFITS OF THE RESOLUTIONS, EXCEPT FOR THE PAYMENT OF THE PURCHASE PRICE THEREFOR.

Following the occurrence of certain events of default, an Initial Liquidity Facility will automatically and immediately terminate or be suspended without notice or mandatory tender. See "The Dexia Initial Liquidity Facilities for the Variable Rate Bonds" and "The JPMorgan Chase Initial Liquidity Facility for the Variable Rate Bonds" herein. Pursuant to the Tender Agent Agreement, the Tender Agent will subsequently give notice to Variable Rate Bondholders of such termination or suspension.

Remarketing

The Corporation will enter into a Remarketing Agreement for each Series of Variable Rate Bonds with the Remarketing Agent pursuant to which the Remarketing Agent will undertake the duties of Remarketing Agent, including determining interest rates and using its best efforts to remarket tendered Variable Rate Bonds of such Series. The Remarketing Agreement provides that the Remarketing Agent may at any time resign and be discharged of its duties, generally by giving 30 days' written notice, and that the Corporation may remove the Remarketing Agent upon 30 days' written notice. In the event the Remarketing Agent is unable to remarket the Variable Rate Bonds of a Series so tendered while the applicable Initial

Liquidity Facility is in effect, the applicable Initial Liquidity Facility Provider is to purchase such Variable Rate Bonds in accordance with the applicable Initial Liquidity Facility. The Remarketing Agent will not be required to remarket Variable Rate Bonds under certain conditions, including after the occurrence and continuation of an Event of Default under the Resolutions.

Corporation Not Responsible for Failed Purchase or Remarketing of Variable Rate Bonds

The Corporation is not responsible for any failure by an Initial Liquidity Facility Provider to purchase Variable Rate Bonds tendered at the option of the Bond owner or subject to mandatory tender for purchase or for the Remarketing Agent's failure to remarket the Variable Rate Bonds. Failure to purchase a Variable Rate Bond tendered at the option of the Bond owner or subject to mandatory tender for purchase does not constitute an Event of Default under the Resolutions. See "DESCRIPTION OF THE VARIABLE RATE BONDS—General—Weekly Rate Period."

Additional Provisions Regarding Bank Bonds

Pursuant to the Resolutions, Variable Rate Bonds purchased by an Initial Liquidity Facility Provider pursuant to an Initial Liquidity Facility will be "Bank Bonds." If any Bank Bond is Outstanding for longer than ninety (90) days, the Trustee shall deliver, or mail by first class mail, postage prepaid, to the Remarketing Agent and to the owners of the applicable Series of Variable Rate Bonds a notice stating such fact.

If Bank Bonds exist, each Initial Liquidity Facility requires the Corporation, in addition to paying interest on Bank Bonds, to repay the applicable Initial Liquidity Facility Provider for the Purchase Price of Variable Rate Bonds paid by such Initial Liquidity Facility Provider, unless such Bank Bonds are remarketed. Each Dexia Liquidity Facility provides that, after an initial period, such amounts must be repaid in fourteen equal semiannual installments (the "Dexia Term Out Period"), each of which may exceed the sinking fund requirement, if any, applicable to such Bank Bonds which is due during the corresponding period. The JPMorgan Chase Liquidity Facility provides that, after an initial period, such amounts must be repaid in six equal annual installments (the "JPMorgan Chase Term Out Period"), each of which may exceed the sinking fund requirement, if any, applicable to such Bank Bonds which is due during the corresponding period. See "THE DEXIA INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS" and "THE JPMORGAN CHASE INITIAL LIQUIDITY FACILITY FOR THE VARIABLE RATE BONDS."

Principal of Bank Bonds during the Dexia Term Out Period and the JPMorgan Chase Term Out Period is payable from Revenues after the payment of debt service on all other Bonds and is subject to the delivery of a Cash Flow Statement. Principal of Bank Bonds other than during the Dexia Term Out Period and the JPMorgan Chase Term Out Period and interest on Bank Bonds is payable from Revenues on a parity with all other Bonds (other than Subordinate Bonds). The interest rate on Bank Bonds is determined differently than the interest rate on the Variable Rate Bonds. The interest rate on Bank Bonds may be higher than the interest rate on the Variable Rate Bonds and is not subject to the Maximum Rate.

Failure to pay principal of or interest on Bank Bonds is an event of default under each Initial Liquidity Facility and may result in the termination or suspension of the obligation of an Initial Liquidity Facility Provider to purchase tendered Variable Rate Bonds pursuant to an Initial Liquidity Facility. See "THE DEXIA INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS" and "THE JPMORGAN CHASE INITIAL LIQUIDITY FACILITY FOR THE VARIABLE RATE BONDS."

Provisions Affecting Variable Rate Bonds if a Change of Method of Determining the Interest Rate Cannot be Effected or if a Liquidity Facility Cannot be Replaced

In the event of a Facility Change Date or an Interest Method Change Date and following the provision of notice of mandatory purchase of Variable Rate Bonds of the affected Series, the Trustee receives notice from the Corporation or the Remarketing Agent, as applicable, that a change in the method of determining the

interest rate on the applicable Series of Variable Rate Bonds cannot be effected, or a Liquidity Facility that was to be replaced cannot be replaced, the Change Date shall be cancelled, unless the prior Liquidity Facility is expiring within sixty (60) days after the Change Date. The Trustee shall promptly deliver or mail by first class mail, postage prepaid, a notice to the owners of the applicable Series of Variable Rate Bonds stating that such change shall not occur (and the reasons therefor) and that the related mandatory tender shall be canceled.

Changes of Time Period for Provision of Notice Relating to Mandatory Purchase Provision or Demand Purchase Option

Each 2008 Supplemental Resolution relating to each Series of the Variable Rate Bonds provides that it is subject to amendment and supplement by a Supplemental Resolution, from time to time, to effect a change with respect to the time periods for provision of notice relating to the Mandatory Purchase Provision, Demand Purchase Option or interest rate determination or the time periods for interest rate determination or the procedure for tendering Variable Rate Bonds in connection with the Mandatory Purchase Provision or Demand Purchase Option, which Supplemental Resolution may be adopted and become effective (i) upon filing of a copy thereof certified by an Authorized Officer of the Corporation with the Trustee, (ii) upon filing with the Trustee and the Corporation of consents to such Supplemental Resolution executed by the Trustee and the applicable Liquidity Provider, and (iii) after such period of time as the Trustee and the Corporation deem appropriate following notice to the Variable Rate Bond owners but not less than thirty (30) days. A copy of any such Supplemental Resolution shall be provided to the owners of the applicable Series of Variable Rate Bonds.

Delivery of Variable Rate Bonds in Book-Entry-Only Form

Notwithstanding any other provision of the Resolutions to the contrary, so long as any Variable Rate Bond is held in book-entry form, such Variable Rate Bond need not be delivered in connection with any optional or mandatory tender of Variable Rate Bonds described under “DESCRIPTION OF THE VARIABLE RATE BONDS.” In such case, payment of the Purchase Price in connection with such tender shall be made to the registered owner of such Variable Rate Bonds on the date designated for such payment, without further action by the Beneficial Owner who delivered notice, and transfer of beneficial ownership shall be made in accordance with the procedures of DTC. See “BOOK-ENTRY ONLY SYSTEM” herein.

Disclosure Concerning Remarketing of the Variable Rate Bonds

The information contained under this subheading “Disclosure Concerning Remarketing of the Variable Rate Bonds” has been provided by the Remarketing Agent for use in this Official Statement but has not been required by the Corporation to be included herein and, to the extent such information does not describe express provisions in the Resolutions or the Remarketing Agreement, the Corporation does not accept any responsibility for its accuracy or completeness.

The Remarketing Agent is Paid by the Corporation

The Remarketing Agent's responsibilities include determining the interest rate for each Series of Variable Rate Bonds from time to time and remarketing the Variable Rate Bonds that are optionally or mandatorily tendered by the owners thereof (subject, in each case, to the terms of the Remarketing Agreement), all as further described in this Official Statement. The Remarketing Agent is appointed by the Corporation and is paid by the Corporation for its services. As a result, the interests of the Remarketing Agent may differ from those of existing holders and potential purchasers of Variable Rate Bonds.

The Remarketing Agent Routinely Purchases Bonds for its Own Account

The Remarketing Agent acts as remarketing agent for a variety of variable rate demand obligations and, in its sole discretion, routinely purchases such obligations for its own account. The Remarketing Agent is permitted, but not obligated, to purchase tendered Variable Rate Bonds for its own account and, in its sole discretion, routinely acquires such tendered Variable Rate Bonds in order to achieve a successful remarketing

of the Variable Rate Bonds (i.e., because there otherwise are not enough buyers to purchase the Variable Rate Bonds) or for other reasons. However, the Remarketing Agent is not obligated to purchase Variable Rate Bonds, and may cease doing so at any time without notice. The Remarketing Agent may also make a market in the Variable Rate Bonds by routinely purchasing and selling Variable Rate Bonds other than in connection with an optional or mandatory tender and remarketing. Such purchases and sales may be at or below par. However, the Remarketing Agent is not required to make a market in the Variable Rate Bonds. The Remarketing Agent may also sell any Variable Rate Bonds it has purchased to one or more affiliated investment vehicles for collective ownership or enter into derivative arrangements with affiliates or others in order to reduce its exposure to the Variable Rate Bonds. The purchase of Variable Rate Bonds by the Remarketing Agent may create the appearance that there is greater third party demand for the Variable Rate Bonds in the market than is actually the case. The practices described above also may result in fewer Variable Rate Bonds being tendered in a remarketing.

Variable Rate Bonds May be Offered at Different Prices on Any Date Including an Interest Rate Determination Date

Pursuant to the Remarketing Agreement, the Remarketing Agent is required to determine the applicable rate of interest that, in its judgment, is the lowest rate that would permit the sale of Variable Rate Bonds of a Series at par plus accrued interest, if any, on and as of the date on which the rate is determined (the “Rate Determination Date”). The interest rate will reflect, among other factors, the level of market demand for the Variable Rate Bonds (including whether the Remarketing Agent is willing to purchase Variable Rate Bonds for its own account). There may or may not be Variable Rate Bonds of such Series tendered and remarketed on a Rate Determination Date or a Weekly Effective Rate Date, the Remarketing Agent may or may not be able to remarket any Variable Rate Bonds tendered for purchase on such date at par and the Remarketing Agent may sell Variable Rate Bonds at varying prices to different investors on such date or any other date. The Remarketing Agent is not obligated to advise purchasers in a remarketing if it does not have third party buyers for all of the Variable Rate Bonds at the remarketing price. The Remarketing Agent, in its sole discretion, may offer Variable Rate Bonds on any date, including the Rate Determination Date, at a discount to par to some investors.

The Ability to Sell the Variable Rate Bonds other than through Tender Process May Be Limited

The Remarketing Agent may buy and sell Variable Rate Bonds other than through the tender process. However, it is not obligated to do so and may cease doing so at any time without notice and may require holders that wish to tender their Variable Rate Bonds to do so through the Tender Agent with appropriate notice. Thus, investors who purchase the Variable Rate Bonds, whether in a remarketing or otherwise, should not assume that they will be able to sell their Variable Rate Bonds other than by tendering the Variable Rate Bonds in accordance with the tender process.

Variable Rate Bonds Not Remarketed

In the event the Remarketing Agent is unable to remarket the Variable Rate Bonds of a Series so tendered while an Initial Liquidity Facility for such Series is in effect, the applicable Initial Liquidity Facility Provider is to purchase such Variable Rate Bonds in accordance with the applicable Initial Liquidity Facility.

Following the occurrence of certain events of default, each Initial Liquidity Facility will automatically and immediately terminate or be suspended without notice or mandatory tender. See “THE DEXIA INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS” and “THE JPMORGAN CHASE INITIAL LIQUIDITY FACILITY FOR THE VARIABLE RATE BONDS.”

Redemption Provisions for the Variable Rate Bonds

The Variable Rate Bonds are subject to sinking fund redemption and optional redemption prior to maturity, as described below.

Optional Redemption

The Variable Rate Bonds are subject to redemption, at the option of the Corporation, in whole or in part, on any Business Day, at a Redemption Price equal to one hundred percent (100%) of the principal amount of the Variable Rate Bonds or portions thereof to be redeemed, plus accrued interest to the Redemption Date.

Sinking Fund Redemption for the 2008 Series A-1-A Bonds

The 2008 Series A-1-A Term Bonds maturing on November 1, 2046, are subject to redemption at a Redemption Price equal to one hundred percent (100%) of the principal amount thereof plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such 2008 Series A-1-A Bonds specified for each of the Redemption Dates shown below:

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45th) day preceding the due date of such Sinking Fund Payment, to the purchase of the 2008 Series D Bonds to be redeemed from such Sinking Fund Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any 2008 Series D Bonds for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal

amount of the 2008 Series D Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the 2008 Series D Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption.

Selection of Bonds to be Redeemed

Subject to the redemption requirements set forth in a Supplemental Resolution authorizing a particular Series of Bonds, in the event of a partial redemption of Bonds in connection with Recoveries of Principal, the Series, the maturity or maturities, and the amount thereof, to be so redeemed shall be selected as directed by the Corporation in written instructions filed with the Trustee accompanied by a Cash Flow Statement. In the absence of such direction, (i) Bonds of each Series subject to redemption shall be redeemed in connection with Recoveries of Principal derived from or with respect to the Mortgage Loans financed from or allocated to such Bonds and (ii) Bonds of each maturity within each Series of Bonds subject to redemption shall be redeemed in the proportion that the amount Outstanding of each such maturity bears to the total amount of all Outstanding Bonds of such Series. The Series and maturities of Variable Rate Bonds to be redeemed in accordance with the optional redemption provisions described above shall be selected as directed by the Corporation. In the event of redemption of less than all the Bonds of the same Series and maturity, the Trustee shall select the Bonds by lot, using such method of selection as it shall deem proper in its sole discretion. Notwithstanding anything to the contrary contained in the General Resolution or the applicable 2008 Supplemental Resolutions (i) for so long as the Initial Liquidity Facility shall be in effect, the first Variable Rate Bonds to be redeemed shall be Bank Bonds, and (ii) no Variable Rate Bond shall be selected for redemption if the portion of such Variable Rate Bond remaining after such redemption would not be in a denomination authorized by the applicable 2008 Supplemental Resolutions.

Corporation's Right to Purchase Bonds

The Corporation retains the right to purchase any Series of Variable Rate Bonds, at such times, in such amounts and at such prices as the Corporation shall determine, subject to the provisions of the General Resolution, and, thereby, reduce its obligations, including Sinking Fund Payments, for such Series of Variable Rate Bonds. See "SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates" in Part II of this Official Statement.

Notice of Redemption

When the Trustee receives notice from the Corporation of its election or direction to redeem all or a portion of a Series of Variable Rate Bonds, or is otherwise required to redeem all or a portion of a Series of Variable Rate Bonds, the Trustee will give notice, in the name of the Corporation, of the redemption of such Variable Rate Bonds. Such notice will specify the Series and maturities of the Variable Rate Bonds to be redeemed, the Redemption Date, any conditions precedent to such redemption and the place or places where amounts due upon such redemption will be payable. Not less than fifteen (15) days before the Redemption Date for Variable Rate Bonds or the Index Floating Rate Bonds, the Trustee is to mail a copy of such notice to the registered owners of any Variable Rate Bonds or Index Floating Rate Bonds, or portions thereof, which are to be redeemed, at their last addresses appearing upon the registry books. Interest will not be payable on any Series of Variable Rate Bonds after the Redemption Date if notice has been given and if sufficient monies have been deposited with the Trustee to pay the principal or applicable Redemption Price of and interest on such Series of Variable Rate Bonds on such date and all conditions precedent, if any, to such redemption shall have been satisfied.

DESCRIPTION OF THE INDEX FLOATING RATE BONDS

General

The 2008 Series E Bonds will bear interest at floating rates, initially reset quarterly based on an interest rate index as described herein and are referred to herein as the “Index Floating Rate Bonds.” The Index Floating Rate Bonds will mature on the dates and in the amounts set forth on the inside cover page of this Official Statement. The Bank of New York is the Trustee for the Bonds, including the Index Floating Rate Bonds.

The Index Floating Rate Bonds initially issued will be dated the date of delivery thereof and will be issued as fully registered bonds in denominations of \$100,000 or any integral multiple of \$5,000 in excess of \$100,000.

Interest on the Index Floating Rate Bonds shall be payable on each 2008 Series E Reset Date (as defined below) and shall be computed on the basis of a 365 or 366-day year, actual number of days elapsed. The Index Floating Rate Bonds are being issued as variable rate obligations which will bear interest from their dated date to and including July 31, 2008 at a rate per annum set forth in a certificate of the Corporation delivered on the date of issue of the Index Floating Rate Bonds.

Thereafter, the Index Floating Rate Bonds will bear interest at a variable rate equal to the FHLB Discount Notes Funding Cost (as defined below) plus three-tenths of one percent (0.3%). The FHLB Discount Notes Funding cost with respect to a Floating Rate Term beginning on a particular 2008 Series E Reset Date shall be determined on the Determination Date which immediately precedes such 2008 Series E Reset Date. If, on a Determination Date, the FHLB Discount Notes Funding cost is not displayed as described below, the rate for the next succeeding Floating Rate Term shall be equal to Three-Month LIBOR (as defined below) plus fifteen one-hundredths percent (0.15%). The Index Floating Rate Bonds will be subject to a maximum interest rate of fifteen percent (15%) per annum. See Part II – “SECURITY FOR THE BONDS – Interest Rate Caps” for a discussion of certain agreements entered into by the Corporation to manage its exposure to variable interest rates. The variable rate on the Index Floating Rate Bonds shall be established for each Floating Rate Term and shall, with respect to such Floating Rate Term, be in effect from the 2008 Series E Reset Date that is the first day of such Floating Rate Term until (but not including) the next 2008 Series E Reset Date (or earlier redemption date).

No later than the close of business on the second business day following each Determination Date, the Trustee shall give notice of the interest rate determined on such Determination Date to the Corporation and to each Bondowner of the Index Floating Rate Bonds who has filed its name and address with the Trustee for such purpose.

For the purposes of this subsection and “Redemption Provisions for the Index Floating Rate Bonds—Special Redemption from Recoveries of Principal” and “—Optional Redemption” below, the following terms shall have the following meaning:

“Determination Date” means the date which is two (2) business days prior to the next 2008 Series E Reset Date.

“FHLB Discount Notes Funding Cost” means the rate set forth on Reuters page 1FHLJ (or such other Reuters page as may replace said Reuters page 1FHLJ) or Bloomberg Financial Markets Commodities News Service under SRLB3MTH Index, at 10:00 a.m. (New York City time) on a Determination Date, with a maturity equal to three months following such Determination Date.

“Floating Rate Term” means the period commencing on a 2008 Series E Reset Date and ending on the last calendar day prior to the next succeeding 2008 Series E Reset Date.

“Official BBA LIBOR Fixings Page” means the display designated as page “Official BBA LIBOR Fixings” on the Bloomberg Financial Markets Commodities News Service (or such other page as may replace the Official BBA LIBOR Fixings Page on that service for the purpose of displaying London interbank offered rates of major banks).

“Three-Month LIBOR” means the per annum rate for deposits in United States dollars for three (3) months which appears on the Official BBA LIBOR Fixings Page as of 11:00 a.m. London, England time, on a Determination Date. If on a Determination Date such rate does not appear on the Official BBA LIBOR Fixings Page, the Trustee will request the principal London office of each of at least two major banks, determined by the Trustee, that are engaged in transactions in the London interbank market, to provide the Trustee with its offered quotation for United States dollar deposits for three (3) months to prime banks in the London interbank market as of 11:00 a.m., London, England time, on such date. If at least two such major banks provide the Trustee with such offered quotations, “Three-Month LIBOR” on such date will be the arithmetic mean (rounded, if necessary, to the nearest one-sixteenth of a percent, with a one thirty-second being rounded upwards) of all such quotations. If on such date fewer than two of the major banks provide the Trustee with such an offered quotation, “Three-Month LIBOR” on such date will be the arithmetic mean (rounded, if necessary, to the nearest one-sixteenth of a percent, with a one thirty-second being rounded upwards) of the offered rates which one or more leading banks in the City of New York (other than the Trustee or another bank owned by, or affiliated with, the Trustee) are quoting as of 11:00 a.m., New York City time, on such date to leading European banks for United States dollar deposits for three (3) months; provided, however, that if such banks are not quoting as described above, “Three-Month LIBOR” will be the “Three-Month LIBOR” applicable to the most recent Floating Rate Term for which “Three-Month LIBOR” was available.

“2008 Series E Reset Date” means February 1, May 1, August 1 and November 1 of each year, commencing August 1, 2008.

THERE IS NO RIGHT TO TENDER THE INDEX FLOATING RATE BONDS ON THE PART OF THE HOLDERS THEREOF AND THERE IS NO OBLIGATION TO PURCHASE THE INDEX FLOATING RATE BONDS ON THE PART OF THE CORPORATION, THE UNDERWRITERS, THE PLACEMENT AGENT, THE TRUSTEE OR ANY OTHER PERSON.

Redemption Provisions for Index Floating Rate Bonds

The Index Floating Rate Bonds are subject to sinking fund redemption and optional redemption prior to maturity, all as described below.

Optional Redemption

The Index Floating Rate Bonds are subject to redemption, at the option of the Corporation, in whole or in part, on any 2008 Series E Reset Date on or after May 1, 2009, at a Redemption Price equal to 100% of the principal amount of the Index Floating Rate Bonds or portions thereof to be so redeemed, plus accrued interest to the Redemption Date.

Sinking Fund Redemption

The Index Floating Rate Bonds maturing on November 1, 2037 are subject to redemption at a Redemption Price equal to 100% of the principal amount thereof plus accrued interest to the date of redemption thereof, from mandatory Sinking Fund Payments which are required to be made in amounts sufficient to redeem on May 1 and November 1 of each year the principal amount of such Index Floating Rate Bonds specified for each of the Redemption Dates shown below:

† Stated maturity

The amounts accumulated for each Sinking Fund Payment may be applied by the Trustee, at the direction of the Corporation, prior to the forty-fifth (45th) day preceding the due date of such Sinking Fund Payment, to the purchase of the Index Floating Rate Bonds to be redeemed from such Sinking Fund Payments, at prices (including any brokerage and other charges) not exceeding the applicable Redemption Price, plus accrued interest to the date of purchase; provided, however, that the purchase of such Bonds may, to the extent permitted by law, be at prices exceeding the applicable Redemption Price if the Corporation files a Cash Flow Statement with the Trustee as provided in the General Resolution.

Upon the purchase or redemption of any Index Floating Rate Bonds, for which Sinking Fund Payments shall have been established, other than by application of Sinking Fund Payments, an amount equal to the principal amount of the Index Floating Rate Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the Index Floating Rate Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption.

Selection of Bonds to be Redeemed

Subject to the redemption requirements set forth in a Supplemental Resolution authorizing a particular Series of Bonds, in the event of a partial redemption of Bonds in connection with Recoveries of Principal, the Series, the maturity or maturities, and the amount thereof, to be so redeemed shall be selected as directed by the Corporation in written instructions filed with the Trustee accompanied by a Cash Flow Statement. In the absence of such direction, (i) Bonds of each Series subject to redemption shall be redeemed in connection with Recoveries of Principal derived from or with respect to the Mortgage Loans financed from or allocated to such Bonds and (ii) Bonds of each maturity within each Series of Bonds subject to redemption shall be redeemed in the proportion that the amount Outstanding of each such maturity bears to the total amount of all Outstanding Bonds of such Series. The maturities of Index Floating Rate Bonds to be redeemed in accordance with the optional redemption provisions described above shall be selected as directed by the Corporation. In the event of redemption of less than all the Bonds of the same maturity, the Trustee shall select the Bonds by lot, using such method of selection as it shall deem proper in its sole discretion. Notwithstanding anything to the contrary contained in the General Resolution or the applicable 2008 Supplemental Resolution, no Index Floating Rate Bond shall be selected for redemption if the portion of such Index Floating Rate Bond remaining after such redemption would not be in a denomination authorized by the applicable 2008 Supplemental Resolution.

Corporation's Right to Purchase Bonds

The Corporation retains the right to purchase the Index Floating Rate Bonds, at such times, in such amounts and at such prices as the Corporation shall determine, subject to the provisions of the General Resolution, and, thereby, reduce its obligations, including Sinking Fund Payments, for such Index Floating Rate Bonds. See "SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates" in Part II of this Official Statement.

Notice of Redemption

When the Trustee receives notice from the Corporation of its election or direction to redeem all or a portion of Index Floating Rate Bonds, or is otherwise required to redeem all or a portion of Index Floating Rate Bonds, the Trustee will give notice, in the name of the Corporation, of the redemption of such Index Floating Rate Bonds. Such notice will specify the maturities of the Index Floating Rate Bonds to be redeemed, the Redemption Date, any conditions precedent to such redemption and the place or places where amounts due upon such redemption will be payable. Not less than fifteen (15) days before the Redemption Date for Variable Rate Bonds or the Index Floating Rate Bonds, the Trustee is to mail a copy of such notice to the registered owners of any Variable Rate Bonds or Index Floating Rate Bonds, or portions thereof, which are to be redeemed, at their last addresses appearing upon the registry books. Interest will not be payable on any Index Floating Rate Bonds after the Redemption Date if notice has been given and if sufficient monies have been deposited with the Trustee to pay the principal or applicable Redemption Price of and interest on such Index Floating Rate Bonds on such date and all conditions precedent, if any, to such redemption shall have been satisfied.

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company ("DTC"), New York, New York, will act as the securities depository for the 2008 Bonds. The 2008 Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2008 Bond certificate will be issued for each Series and maturity of the 2008 Bonds, totaling in the aggregate the principal amount of the 2008 Bonds, and will be deposited with DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 2.2 million issues of U.S. and non-U.S. equity, corporate and municipal debt issues and money market instruments from over 100 countries that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Fixed Income Clearing Corporation and Emerging Markets Clearing Corporation (“NSCC”, “FICC” and “EMCC”, respectively, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”, and together with Direct Participants, “Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission.

Purchases of the 2008 Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2008 Bonds on DTC’s records. The ownership interest of each actual purchaser of each 2008 Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase, but Beneficial Owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2008 Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the 2008 Bonds, except in the event that use of the book-entry system for such 2008 Bonds is discontinued.

To facilitate subsequent transfers, all 2008 Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the 2008 Bonds with DTC and their registration in the name of Cede & Co. or such other nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2008 Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of a Series of the 2008 Bonds are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such Series of 2008 Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the 2008 Bonds unless authorized by a Direct Participant in accordance with DTC’s procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Corporation as soon as possible after the record date. The

Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the 2008 Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the 2008 Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Corporation or the Trustee on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC, the Trustee or the Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Corporation or the Trustee, disbursement of such payments to Direct Participants shall be the responsibility of DTC and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to a Series of 2008 Bonds at any time by giving reasonable notice to the Corporation or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, such Series of 2008 Bond certificates are required to be printed and delivered.

The Corporation may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, the 2008 Bond certificates for the applicable Series will be printed and delivered to DTC.

A Beneficial Owner shall give notice to elect to have its Variable Rate Bonds purchased or tendered, through its Participant, to the Tender Agent, and shall effect delivery of such Variable Rate Bonds by causing the Direct Participant to transfer the Participant's interest in the Variable Rate Bonds, on DTC's records, to the Tender Agent. The requirement for physical delivery of the Variable Rate Bonds in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the Variable Rate Bonds are transferred by Direct Participants on DTC's records and followed by a book-entry credit of tendered Variable Rate Bonds to the Tender Agent's DTC Account.

The information herein concerning DTC and DTC's book-entry-only system has been obtained from sources that the Corporation believes to be reliable, but the Corporation takes no responsibility for the accuracy thereof.

Each person for whom a Participant acquires an interest in the 2008 Bonds, as nominee, may desire to make arrangements with such Participant to receive a credit balance in the records of such Participant, and may desire to make arrangements with such Participant to have all notices of redemption or other communications to DTC, which may affect such persons, to be forwarded in writing by such Participant and to have notification made of all interest payments. **NEITHER THE CORPORATION NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO SUCH PARTICIPANTS OR THE PERSONS FOR WHOM THEY ACT AS NOMINEES WITH RESPECT TO THE 2008 BONDS.**

So long as Cede & Co. is the registered owner of the 2008 Bonds, as nominee for DTC, references herein to the Bondholders or registered owners of the 2008 Bonds (other than under the caption "TAX MATTERS" herein) shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of the 2008 Bonds.

When reference is made to any action which is required or permitted to be taken by the Beneficial Owners, such reference shall only relate to those permitted to act (by statute, regulation or otherwise) on behalf

of such Beneficial Owners for such purposes. When notices are given, they shall be sent by the Trustee to DTC only.

For every transfer and exchange of 2008 Bonds, the Beneficial Owner may be charged a sum sufficient to cover any tax, fee or other governmental charge that may be imposed in relation thereto.

The Corporation, in its sole discretion and without the consent of any other person, may terminate the services of DTC with respect to the 2008 Bonds if the Corporation determines that (i) DTC is unable to discharge its responsibilities with respect to the 2008 Bonds, or (ii) a continuation of the requirement that all of the Outstanding Bonds be registered in the registration books kept by the Trustee in the name of Cede & Co., as nominee of DTC, is not in the best interests of the Beneficial Owners. In the event that no substitute securities depository is found by the Corporation or restricted registration is no longer in effect, 2008 Bond certificates will be delivered as described in the Resolution.

NONE OF THE CORPORATION, THE UNDERWRITERS, THE PLACEMENT AGENT NOR THE TRUSTEE WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DIRECT PARTICIPANTS, TO INDIRECT PARTICIPANTS, OR TO ANY BENEFICIAL OWNER WITH RESPECT TO (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY DIRECT PARTICIPANT, OR ANY INDIRECT PARTICIPANT; (II) ANY NOTICE THAT IS PERMITTED OR REQUIRED TO BE GIVEN TO THE OWNERS OF THE 2008 BONDS UNDER THE RESOLUTIONS; (III) THE SELECTION BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY PERSON TO RECEIVE PAYMENT IN THE EVENT OF A PARTIAL REDEMPTION OF THE 2008 BONDS; (IV) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANT OR INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM, IF ANY, OR INTEREST DUE WITH RESPECT TO THE 2008 BONDS; (V) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE OWNER OF THE 2008 BONDS; OR (VI) ANY OTHER MATTER.

THE DEXIA INITIAL LIQUIDITY FACILITIES FOR THE VARIABLE RATE BONDS

The Corporation expects to execute an Initial Liquidity Facility for each of the 2008 Series A-1-A Bonds, 2008 Series B Bonds, 2008 Series C-1 Bonds and 2008 Series D Bonds (each, a “Dexia Liquidity Facility” and, collectively, the “Dexia Liquidity Facilities”) with Dexia Crédit Local, acting through its New York Branch (“Dexia”) on the date of delivery of such Variable Rate Bonds. Each Dexia Initial Liquidity Facility contains various provisions, covenants and conditions, certain of which are summarized below. Certain words or terms used in the following summary are defined hereinbelow and other words or terms not defined hereinbelow are defined elsewhere in this Official Statement, in the applicable Dexia Initial Liquidity Facility, the General Resolution or the applicable Supplemental Resolution, and reference thereto is made for such definitions. Each Dexia Initial Liquidity Facility requires Dexia to provide funds for the purchase of the applicable Series of Variable Rate Bonds that have been tendered and not remarketed subject to certain conditions described below. Each of the Dexia Initial Liquidity Facilities is available solely to provide funds necessary to pay the purchase price of the Variable Rate Bonds of the Series supported thereby and none of the other Dexia Initial Liquidity Facilities described herein is available to pay the purchase price of the Variable Rate Bonds of such Series. In addition, none of the Dexia Initial Liquidity Facilities guarantees the payment of principal of or interest or redemption premium, if any, of the Variable Rate Bonds of the applicable Series or of the Variable Rate Bonds of any other Series in the event of non-payment of such interest, principal or redemption premium, if any, by the Corporation.

The obligation of Dexia pursuant to each Dexia Initial Liquidity Facility to provide funds for the purchase of the applicable Variable Rate Bonds that have been tendered and not remarketed shall end on the earliest of (i) April 24, 2014, as such date may be extended from time to time in accordance with a Dexia Initial Liquidity Facility, (ii) the date on which no Variable Rate Bonds of the related Series are Outstanding,

(iii) the close of business on the Business Day immediately following the Conversion Date of the related Series, (iv) the close of business on the thirtieth (30th) day following the date on which a Notice of Termination Date is received by the Corporation and the Trustee pursuant to specified sections of the related Dexia Initial Liquidity Facility, or if such thirtieth (30th) day is not a Business Day, the next succeeding Business Day, (v) the date on which the Available Commitment has been reduced to zero or terminated in its entirety pursuant to the specified sections of the applicable Dexia Initial Liquidity Facility and (vi) under the circumstances described below under “Events of Default and Remedies.” The period referred to in the preceding sentence is hereinafter referred to as the “Commitment Period.”

Subject to the terms and conditions of each Dexia Initial Liquidity Facility, Dexia agrees from time to time during the Commitment Period to purchase, with its own funds, Variable Rate Bonds of the applicable Series at the purchase price on a purchase date. Dexia’s obligation is limited to an amount equal to the aggregate principal amount of the Variable Rate Bonds of the applicable Series then Outstanding plus an amount equal to at least 34 days of interest at 12% for the tax-exempt Variable Rate Bonds, and 15% for the taxable Variable Rate Bonds of the applicable Series.

The obligation of Dexia to purchase Variable Rate Bonds of the applicable Series on any date is subject to the satisfaction of the following conditions, unless waived in writing by Dexia: (i) no Event of Default or Default described in paragraph (a) or (b) below shall have occurred and be continuing; and (ii) Dexia shall have timely received a notice of purchase.

Events of Default and Remedies. The following events constitute Events of Default under each Dexia Initial Liquidity Facility:

(1) The Corporation shall fail to pay when due (a) (i) any principal of or sinking fund requirement due on any Variable Rate Bond of the applicable Series (including any Bank Bond of such Series prior to the commencement of the Dexia-Term Out Period) and (ii) any interest on any Variable Rate Bond of the applicable Series (including any Bank Bond of such Series) or (b) any principal payment due on any Bank Bond of the applicable Series during the Dexia Term Out Period or (c) any other amount owed to Dexia pursuant to specified sections of such Dexia Initial Liquidity Facility; or

(2) The Corporation shall fail to pay when due any amount owing under specified sections of such Dexia Initial Liquidity Facility (other than those referred to in paragraph (1) above); or

(3) Any representation or warranty made by or on behalf of the Corporation in such Dexia Initial Liquidity Facility, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or in any other Related Document or in any certificate or statement delivered under said documents shall be incorrect or untrue in any material respect when made or deemed to have been made; or

(4) The Corporation shall default in the due performance or observance of any of the covenants set forth in specified sections of such Dexia Initial Liquidity Facility; or

(5) The Corporation shall materially default in the due performance or observance of any other term, covenant or agreement contained in such Dexia Initial Liquidity Facility (other than those referred to in paragraphs (1), (2), (3) and (4) above) or the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or any other Related Document and such default shall remain unremedied for a period of thirty (30) days after the Corporation shall have received notice thereof; or

(6) One or more final, unappealable judgments against the Corporation for the payment of money, which judgments are not covered by insurance, and which judgments are to be enforced pursuant to a lien upon, or an attachment against, any or all of the Trust Estate, the operation or result of which judgments, individually or in the aggregate, equal or exceed \$10,000,000 and which judgments shall remain unpaid, undischarged, unbonded or undismissed for a period of thirty (30) days; or

(7) (a) The Corporation shall commence any case, proceeding or other action (i) under any existing or future law of any jurisdiction, domestic or foreign, relating to bankruptcy, insolvency, reorganization or relief of debtors, seeking to have an order for relief entered with respect to it, or seeking to adjudicate it as bankrupt or insolvent, or seeking reorganization, arrangement, adjustment, winding-up, liquidation, dissolution, composition or other relief with respect to it, or seeking to declare a moratorium with respect to the Variable Rate Bonds of the applicable Series or any Parity Debt, or (ii) seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its assets or for all or any portion of the Trust Estate; or the Corporation shall make a general assignment for the benefit of its creditors; or (b) there shall be commenced against the Corporation any case, proceeding or other action of a nature referred to in clause (a) above which (i) results in an order for such relief or in the appointment of a receiver or similar official or (ii) remains undismissed, undischarged or unbonded for a period of sixty (60) days; or (c) there shall be commenced against the Corporation, any case, proceeding or other action seeking issuance of a warrant of attachment, execution, distraint or similar process against all or any substantial part of its assets or for all or any portion of the Trust Estate, which results in the entry of an order for any such relief which shall not have been vacated, discharged, or stayed or bonded pending appeal within sixty (60) days from the entry thereof; or (d) the Corporation shall take any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the acts set forth in clause (a), (b) or (c) above; or (e) the Corporation shall generally not, or shall be unable to, or shall admit in writing, its inability to, pay its debts; or

(8) (a) Any provision of the Act, a Dexia Initial Liquidity Facility, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or the applicable Series of Variable Rate Bonds relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on such applicable Series of Variable Rate Bonds (including any Bank Bonds of such Series) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt, shall at any time, and for any reason, cease to be valid and binding on the Corporation, or shall be declared to be null and void, invalid or unenforceable as the result of a final nonappealable judgment by any federal or state court or as a result of any legislative or administrative action by any governmental authority having jurisdiction over the Corporation; or (b) the Corporation repudiates or otherwise denies that it has any further liability or obligation under or with respect to any provision of the Act, such Dexia Initial Liquidity Facility, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate, such applicable Series of Variable Rate Bonds or any Parity Debt relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the applicable Series of Variable Rate Bonds (including any Bank Bonds of such Series) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt; or (c) the State or the Corporation shall have taken or permitted to be taken any official action, or has duly enacted any statute, which would materially adversely affect the enforceability of any provision of such Dexia Initial Liquidity Facility, the applicable Series of Variable Rate Bonds, the Act, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or any Parity Debt relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the applicable Series of Variable Rate Bonds (including any Bank Bonds of such Series) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt; or (d) any Governmental Authority with jurisdiction to rule on the validity or enforceability of such Dexia Initial Liquidity Facility, the applicable Series of Variable Rate Bonds, the Act, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or any Parity Debt shall find or rule, in a judicial or administrative proceeding, that any provision of such Dexia Initial Liquidity Facility, the applicable Series of Variable Rate Bonds, the Act, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or any Parity Debt, as the case may be, relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the applicable Series of Variable Rate Bonds (including any Bank Bonds of such Series) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt, is not valid or not binding on, or enforceable against, the Corporation; or (e) the State or the Corporation (i) makes a claim in a judicial or administrative proceeding that the Corporation has no further liability or obligation under such Dexia Initial Liquidity Facility, the Variable Rate Bonds of the applicable Series, the Act, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or any Parity Debt to pay, when due, the principal of or interest on the applicable Series of Variable Rate Bonds (including any

Bank Bonds of such Series) or any Parity Debt or (ii) contests in a judicial or administrative proceeding the validity or enforceability of any provision of the applicable Dexia Initial Liquidity Facility, the applicable Series of Variable Rate Bonds, the Act, the General Resolution, the applicable Supplemental Resolution, the applicable Bond Series Certificate or any Parity Debt relating to or otherwise affecting (A) the Corporation's ability or obligation to pay, when due, the principal of or interest on the applicable Series of Variable Rate Bonds (including any Bank Bonds of such Series) or any Parity Debt or (B) the Trust Estate securing said Bonds and Parity Debt; or (f) a debt moratorium or comparable extraordinary restriction on repayment of debt shall have been declared or imposed (whether or not in writing) with respect to the applicable Series of Variable Rate Bonds (including any Bank Bond of such Series) or any Parity Debt; or

(9) Standard & Poor's Ratings Services and Moody's Investors Service and any other rating agency then rating the Variable Rate Bonds of the applicable Series and any Parity Debt shall have (a) assigned the applicable Variable Rate Bonds or any Parity Debt, a long-term rating below "BBB-" and "Baa3," respectively (or comparable rating, in the case of another rating agency), (b) withdrawn their long-term ratings of the applicable Series of Variable Rate Bonds or any Parity Debt for any credit-related reason or (c) suspended their long-term ratings of the applicable Series of Variable Rate Bonds or any Parity Debt for any credit-related reasons; *provided, however*, that any downgrade, withdrawal or suspension described in any of the foregoing provisions shall not be deemed an Event of Default under such Dexia Initial Liquidity Facility if said downgrade, withdrawal or suspension, as the case may be, shall be attributable to the downgrade, withdrawal or suspension of the long-term ratings assigned to any bond insurance or other credit enhancement provided by a person other than the Corporation; or

(10) (a) Except as otherwise provided in clause (b) below, any "event of default" as defined in Section 10.1 of the General Resolution which is not cured within any applicable cure period shall occur which, if not cured, would give rise to remedies available thereunder; or any "event of default" which is not cured within any applicable grace period shall occur which, if not cured, would give rise to remedies available under any other agreement between the Corporation and Dexia regarding Parity Debt; or (b) the Corporation shall fail to make any payment in respect of principal or interest on any Parity Debt, issued and outstanding or to be issued, when due (i.e., whether upon said Parity Debt's scheduled maturity, required prepayment, acceleration, upon demand or otherwise, except as such payments may be accelerated, demanded or required to be prepaid under such Dexia Initial Liquidity Facility), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Parity Debt.

Following the occurrence of certain of the above referenced Events of Default, Dexia may take any one or more of the following actions, among others. Reference is made to each Dexia Initial Liquidity Facility for a complete listing of all consequences of Events of Default.

(a) In the case of any Event of Default specified in paragraph 1(a), 7(a), 7(d), 7(e), 8(a), 8(b), 8(c), 8(f), 9 or 10(b) above (each, a "Special Event of Default"), the Available Commitment period (as defined in the applicable Dexia Initial Liquidity Facility) shall immediately be reduced to zero, in which case the obligations of Dexia under Article II of the applicable Dexia Initial Liquidity Facility shall immediately terminate and expire without requirement of notice by Dexia; *provided*, that (i) the Event of Default described in paragraph 1(a) hereof will not qualify as a "Special Event of Default" under the applicable Dexia Initial Liquidity Facility if the failure to pay the principal of, or interest on, a Bank Bond of such Series is due solely to an acceleration of all of the Bank Bonds of such Series for any reason other than nonpayment as described in paragraph 1(a) hereof and (ii) the Suspension Events described in paragraph (b) below will not qualify as "Special Events of Default" unless and until the conditions described in said paragraph (b) below for such qualification have been satisfied. After such termination or expiration, Dexia shall deliver promptly to the Corporation, the Trustee, the Tender Agent and the Remarketing Agent written notice of such termination or expiration; *provided, however*, that failure to provide such written notice shall have no effect on the validity or enforceability of such termination or expiration.

(b) In the case of any Event of Default or Default specified in paragraph 1(b), 7(b), 7(c), 8(d) or 8(e) above (each, a “Suspension Event”), the obligation of Dexia to purchase Variable Rate of the applicable Series under the applicable Dexia Initial Liquidity Facility shall be immediately suspended without notice or demand and, thereafter, Dexia shall be under no obligation to purchase Variable Rate-Bonds of the applicable Series until the Available Commitment is reinstated as described below. Promptly upon the occurrence of any such Suspension Event, Dexia shall notify the Corporation, the Trustee, the Tender Agent and the Remarketing Agent of such suspension and the effective date of such suspension in writing by facsimile, promptly confirmed by regular mail; *provided*, that Dexia shall incur no liability of any kind by reason of its failure to give such notice and such failure shall in no way affect the suspension of the Available Commitment to purchase Variable Rate Bonds of the applicable Series-pursuant to such-Dexia Initial Liquidity Facility.

(i) Upon the occurrence of an Event of Default described in paragraph 1(b) above, Dexia’s obligations to purchase Variable Rate Bonds of the applicable Series shall be suspended immediately and automatically and remain suspended until the earlier to occur of the Corporation curing the Event of Default resulting in said suspension, three (3) years after the effective date of the suspension of Dexia’s obligations following such Event of Default described in paragraph 1(b) above and the date on which Dexia’s obligations under the applicable Dexia Initial Liquidity Facility have terminated or expired in accordance with the terms thereof (the “Termination Date”). If the Corporation shall cure the Event of Default described in paragraph 1(b) above within three (3) years of the occurrence thereof and prior to the Termination Date, then the Available Commitment and the obligations of Dexia under such Dexia Initial Liquidity Facility shall thereupon be reinstated (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in such Dexia Initial Liquidity Facility). Notwithstanding the foregoing, if within three (3) years after the effective date of the suspension of the obligations of Dexia pursuant to any Event of Default described in paragraph 1(b) above, the Corporation shall not have cured the Event of Default resulting in said suspension when the Termination Date occurs, then the Available Commitment and the obligations of Dexia to purchase Variable Rate of the applicable Series shall terminate on the Termination Date without notice or demand and, thereafter, Dexia shall be under no obligation to purchase such Variable Rate Bonds.

(ii) Upon the occurrence of an Event of Default described in paragraph 7(b)(i), Dexia’s obligations to purchase Variable Rate Bonds of the applicable Series shall be suspended immediately and automatically and remain suspended until said case, proceeding or other action referred to therein is either (i) dismissed, discharged or bonded, three (3) years have elapsed since the occurrence of said Event of Default or the Termination Date occurs, whichever is first. In the event that said Event of Default shall have been dismissed, discharged or bonded prior to the end of such three (3) year period and prior to the Termination Date, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds shall be reinstated and the terms of the applicable Dexia Initial Liquidity Facility shall continue in full force and effect as if there had been no such suspension (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in the applicable Dexia Initial Liquidity Facility). In the event that said Suspension Event shall not have been dismissed, discharged or bonded within such three (3) year period when the Termination Date occurs, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds shall terminate on the Termination Date without notice or demand and, thereafter, Dexia shall be under no obligation to purchase such Variable Rate Bonds.

(iii) Upon the occurrence of a Default described in paragraph 7(b)(ii), Dexia’s obligations to purchase such Variable Rate Bonds of the applicable Series shall be immediately and automatically suspended and remain suspended until the case, proceeding or other action referred to therein is either dismissed, discharged or bonded within sixty (60) days from the commencement of such case, proceeding or action, or the Termination Date occurs, whichever is first. In the event that said Suspension Event shall have been dismissed, discharged or bonded within the sixty (60) day period described therein and prior to the Termination Date, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds shall be reinstated and the terms of such Dexia Initial Liquidity Facility shall continue in full force and effect as if there had been no such suspension (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in the applicable Dexia Initial Liquidity Facility). In the event

that said Suspension Event shall not have been dismissed, discharged or bonded within said sixty (60) day period when the Termination Date occurs, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds of the applicable Series shall terminate on the Termination Date without notice or demand and, thereafter, Dexia shall be under no obligation to purchase such Variable Rate Bonds.

(iv) Upon the occurrence of a Default described in paragraph 7(c), Dexia's obligations to purchase such Variable Rate Bonds of the applicable Series shall be immediately and automatically suspended and remain suspended until the case, proceeding or other action referred to therein is either vacated, discharged, or stayed or bonded pending appeal within sixty (60) days from the commencement of such case, proceeding or action, or the Termination Date occurs, whichever is first. In the event that said Suspension Event shall have been vacated, discharged, or stayed or bonded pending appeal within the sixty (60) day period described therein and prior to the Termination Date, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds shall be reinstated and the terms of the applicable Dexia Initial Liquidity Facility shall continue in full force and effect as if there had been no such suspension (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in the applicable Dexia Initial Liquidity Facility). In the event that said Suspension Event shall not have been vacated, discharged, or stayed or bonded pending appeal within the sixty (60) day period when the Termination Date occurs, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds of the applicable Series shall terminate on the Termination Date without notice or demand and, thereafter, the Bank shall be under no obligation to purchase such Variable Rate Bonds of the applicable Series.

(v) Upon the occurrence of an Event of Default described in paragraph 8(d) or 8(e), Dexia's obligation to purchase such Variable Rate Bonds of the applicable Series shall be immediately and automatically suspended and remain suspended unless a court with jurisdiction to rule on such an Event of Default shall enter a final and nonappealable judgment that any of the material provisions of the Act or any other document described in paragraph 8(d) are not valid or not binding on, or enforceable against, the Corporation or that a claim or contest described in paragraph 8(e) shall have been upheld in favor of the State or the Corporation in accordance with a final and nonappealable judgment, then, in each such case, the Available Commitment and the obligation of Dexia to purchase Variable Rate Bonds of the applicable Series shall immediately terminate without notice or demand and, thereafter, Dexia shall be under no obligation to purchase such Variable Rate Bonds. If a court with jurisdiction to rule on such an Event of Default shall find or rule by entry of a final and nonappealable judgment that the material provision of the Act or any other document described in paragraph 8(d) is valid and binding on, or enforceable against, the Corporation or that the claim or contest described in paragraph 8(e) shall have been dismissed pursuant to a final and nonappealable judgment, then the Available Commitment and the obligations of Dexia under such Dexia Initial Liquidity Facility shall, in each such case, thereupon be reinstated (unless the Commitment Period shall otherwise have expired or the Available Commitment shall otherwise have been terminated, suspended or expired as provided in such Dexia Initial Liquidity Facility. Notwithstanding the foregoing, if three (3) years after the effective date of the suspension of the obligations of Dexia pursuant to any Event of Default described in paragraph 8(d) or 8(e), litigation is still pending and a determination regarding same shall not have been dismissed or otherwise made pursuant to a final and non-appealable judgment, as the case may be, when the Termination Date occurs, then the Available Commitment and the obligation of Dexia to purchase such Variable Rate Bonds of the applicable Series shall terminate on the Termination Date without notice or demand and, thereafter, Dexia shall be under no obligation to purchase such Variable Rate Bonds.

In the case of any Suspension Event, the Tender Agent shall immediately notify all Bondowners of the suspension and/or termination of both the Available Commitment and the obligation of Dexia to purchase Eligible Bonds.

(c) Upon the occurrence of any Event of Default, Dexia shall have all remedies provided at law or equity, including, without limitation, specific performance; and in addition, Dexia, in its sole discretion, may do one or more of the following: (i) declare all obligations of the Corporation to Dexia under the applicable Dexia Initial Liquidity Facility (other than payments of principal and redemption price of and

interest on the Bank Bonds of such Series, unless said Bank Bonds of such Series have otherwise become subject to acceleration pursuant to the General Resolution) to be immediately due and payable, and the same shall thereupon become due and payable without demand, presentment, protest, notice of intent to accelerate, notice of acceleration or further notice of any kind, all of which are expressly waived; (ii) Dexia may give written notice of such Event of Default and termination of the applicable Dexia Initial Liquidity Facility (“Notice of Termination Date”) to the Trustee, the Tender Agent, the Corporation and the Remarketing Agent requesting a mandatory tender; *provided*, that the obligation of Dexia to purchase Variable Rate Bonds of the applicable Series shall terminate on the thirtieth (30th) day (or if such day is not a Business Day, the next following Business Day) after such Notice of Termination Date is received by the Trustee and, on and after such date, the Available Commitment shall terminate and Dexia shall be under no obligation under the applicable Dexia Initial Liquidity Facility to purchase such Variable Rate Bonds; (iii) exercise any right or remedy available to it under any other provision of such Dexia Initial Liquidity Facility; or (iv) exercise any other rights or remedies available under the General Resolution, the applicable Supplemental Resolution, the applicable Bonds Series Certificate or any other Related Document, any other agreement or at law or in equity; *provided, further; however*, Dexia shall not have the right to terminate its obligation to purchase the Variable Rate Bonds of the applicable series except as provided above.

THE JPMORGAN CHASE INITIAL LIQUIDITY FACILITY FOR THE VARIABLE RATE BONDS

The Corporation expects to execute an Initial Liquidity Facility for the 2008 Series A-1-B Bonds (the “JPMorgan Chase Liquidity Facility”) with JPMorgan Chase Bank, National Association (“JPMorgan Chase”), on the date of delivery of such 2008 Series A-1-B Bonds. The JPMorgan Chase Initial Liquidity Facility contains various provisions, covenants and conditions, certain of which are summarized below. Certain words or terms used in the following summary are defined hereinbelow and other words or terms not defined hereinbelow are defined elsewhere in this Official Statement, in the JPMorgan Chase Initial Liquidity Facility, the General Resolution or the Supplemental Resolution, and reference thereto is made for such definitions.

The JPMorgan Chase Initial Liquidity Facility requires JPMorgan Chase to provide funds for the purchase of the 2008 Series A-1-B Bonds that have been tendered and not remarketed subject to certain conditions described below. The JPMorgan Initial Liquidity Facility does not guaranty the payment of principal of or interest or redemption premium, if any, on the 2008 Series A-1-B Bonds in the event of non-payment of such interest, principal or redemption premium, if any, by the Corporation.

The obligation of JPMorgan Chase pursuant to the JPMorgan Chase Initial Liquidity Facility to provide funds for the purchase of the 2008 Series A-1-B Bonds that have been tendered and not remarketed shall end on the earliest of (i) April 22, 2009, as such date may be extended from time to time in accordance with the JPMorgan Chase Initial Liquidity Facility, (ii) the date on which no 2008 Series A-1-B Bonds are Outstanding, (iii) the close of business on the Business Day immediately following the Conversion Date, (iv) the close of business on the thirtieth (30th) day following the date on which the Corporation and the Tender Agent receive a notice from JPMorgan Chase that the JPMorgan Chase Initial Liquidity Facility is being terminated following certain events of default under such JPMorgan Chase Initial Liquidity Facility, or if such thirtieth (30th) day is not a Business Day, the next succeeding Business Day, (v) the date on which Available Commitment has been reduced to zero or terminated in its entirety at the option of the Corporation and (vi) immediately and without notice following certain events of default under the JPMorgan Chase Initial Liquidity Facility under the circumstances described below under “Events of Default and Remedies.” The period referred to in the preceding sentence is hereinafter referred to as the “Commitment Period.”

Subject to the terms and conditions of the JPMorgan Chase Initial Liquidity Facility, JPMorgan Chase agrees from time to time during the Commitment Period to purchase, with its own funds, 2008 Series A-1-B Bonds that have been tendered for purchase and not remarketed, at the purchase price on a purchase date. JPMorgan Chase’s obligation is limited to an amount equal to the aggregate principal amount of the 2008 Series A-1-B Bonds then Outstanding plus an amount equal to at least 34 days of interest at the 12% on such Outstanding 2008 Series A-1-B Bonds.

The obligation of JPMorgan Chase to purchase 2008 Series A-1-B Bonds on any date is subject to the satisfaction of the following conditions, unless waived in writing by JPMorgan Chase: (i) no Event of Default or Default described in paragraph (a) or (b) below shall have occurred and be continuing; and (ii) JPMorgan Chase shall have timely received a notice of purchase.

Events of Default and Remedies. The following events constitute Events of Default under the JPMorgan Chase Initial Liquidity Facility:

(1) The Corporation shall fail to pay when due (a) (i) any principal of or sinking fund requirement due on any 2008 Series A-1-B Bonds (including any Bank Bond prior to the commencement of the JPMorgan Chase Bank Bond amortization period) and (ii) any interest on any 2008 Series A-1-B Bonds (including any Bank Bond) or (b) any principal payment due on any Bank Bond during the JPMorgan Chase Bank Bond amortization period or (c) any other amount owed to JPMorgan Chase pursuant to specified sections of such JPMorgan Chase Initial Liquidity Facility; or

(2) The Corporation shall fail to pay when due any amount owing under specified sections of such JPMorgan Chase Initial Liquidity Facility (other than those referred to in paragraph (1) above); or

(3) Any representation or warranty made by or on behalf of the Corporation in such JPMorgan Chase Initial Liquidity Facility, the Resolutions, the Bond Purchase Agreement, the Bond Series Certificate or the Remarketing Agreement (collectively, the “Related Documents”) or in any certificate or statement delivered under said documents shall be incorrect or untrue in any material respect when made or deemed to have been made; or

(4) The Corporation shall default in the due performance or observance of any of the covenants set forth in specified sections of such JPMorgan Chase Initial Liquidity Facility; or

(5) The Corporation shall materially default in the due performance or observance of any other term, covenant or agreement contained in such JPMorgan Chase Initial Liquidity Facility (other than those referred to in paragraphs (1), (2), (3) and (4) above), the Resolutions or the other Related Documents and such default shall remain unremedied for a period of thirty (30) days after the Corporation shall have received notice thereof; or

(6) One or more final, unappealable judgments against the Corporation for the payment of money, which judgments are not covered by insurance, or which judgments are to be enforced pursuant to liens upon, or attachments against, any or all of the Trust Estate, the operation or result of which judgments, individually or in the aggregate, equal or exceed \$10,000,000 and which judgments shall remain unpaid, undischarged, unbonded or undismissed for a period of thirty (30) days; or

(7) (a) The Corporation shall commence any case, proceeding or other action (i) under any existing or future law of any jurisdiction, domestic or foreign, relating to bankruptcy, insolvency, reorganization or relief of debtors, seeking to have an order for relief entered with respect to it, or seeking to adjudicate it as bankrupt or insolvent, or seeking reorganization, arrangement, adjustment, winding-up, liquidation, dissolution, composition or other relief with respect to it, or seeking to declare a moratorium with respect to the 2008 Series A-1-B Bonds or any Parity Debt, or (ii) seeking appointment of a receiver, trustee, custodian or other similar official for it or for all or any substantial part of its assets or for all or any portion of the Trust Estate; or the Corporation shall make a general assignment for the benefit of its creditors; or (b) there shall be commenced against the Corporation any case, proceeding or other action of a nature referred to in clause (a) above which (i) results in an order for such relief or in the appointment of a receiver or similar official or (ii) remains undismissed, undischarged or unbonded for a period of sixty (60) days; or (c) there shall be commenced against the Corporation, any case, proceeding or other action seeking issuance of a warrant of attachment, execution, distraint or similar process against all or any substantial part of its assets or for all or any portion of the Trust Estate, which results in the entry of an order for any such relief which shall not have been vacated, discharged, or stayed or bonded pending appeal within sixty (60) days from the entry thereof; or (d) the Corporation shall take any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the acts set forth in clause (a), (b) or (c) above; or (e) the Corporation shall generally not, or shall be unable to, or shall admit in writing, its inability to, pay its debts; or

(8) (a) Any provision of the Act, the JPMorgan Chase Initial Liquidity Facility, the Resolutions, the Bond Series Certificate or the 2008 Series A-1-B Bonds relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the 2008 Series A-1-B Bonds (including any Bank Bonds) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt, shall at any time, and for any reason, cease to be valid and binding on the Corporation, or shall be declared to be null and void, invalid or unenforceable as the result of a final nonappealable judgment by any federal or state court or as a result of any legislative or administrative action by any governmental authority having jurisdiction over the Corporation; or (b) the Corporation repudiates or otherwise denies that it has any further liability or obligation under or with respect to any provision of the Act, such JPMorgan Chase Initial Liquidity Facility, the Resolutions, the Bond Series Certificate, the 2008 Series A-1-B Bonds or any Parity Debt relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the 2008 Series A-1-B Bonds (including any Bank Bonds) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt; or (c) the State or the Corporation shall have taken or permitted to be taken any official action, or has duly enacted any statute, which would materially adversely affect the enforceability of any provision of such JPMorgan Chase Initial Liquidity Facility, the 2008 Series A-1-B Bonds, the Act, the Resolutions, the Bond Series Certificate or any Parity Debt relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the 2008 Series A-1-B Bonds (including any Bank Bonds) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt; or (d) any Governmental Authority with jurisdiction to rule on the validity or enforceability of such JPMorgan Chase Initial Liquidity Facility, the 2008 Series A-1-B Bonds, the Act, the Resolutions, the Bond Series Certificate or any Parity Debt shall find or rule, in a judicial or administrative proceeding, that any provision of such JPMorgan Chase Initial Liquidity Facility, the 2008 Series A-1-B Bonds, the Act, the Resolutions, the Bond Series Certificate or any Parity Debt, as the case may be, relating to (i) the ability or the obligation of the Corporation to pay, when due, the principal of or interest on the 2008 Series A-1-B Bonds (including any Bank Bonds) or any Parity Debt or (ii) the Trust Estate securing said Bonds and Parity Debt, is not valid or not binding on, or enforceable against, the Corporation; or (e) the State or the Corporation (i) makes a claim in a judicial or administrative proceeding that the Corporation has no further liability or obligation under such JPMorgan Chase Initial Liquidity Facility, the 2008 Series A-1-B Bonds, the Act, the Resolutions, the Bond Series Certificate or any Parity Debt to pay, when due, the principal of or interest on the 2008 Series A-1-B Bonds (including any Bank Bonds) or any Parity Debt or (ii) contests in a judicial or administrative proceeding the validity or enforceability of any provision of the JPMorgan Chase Initial Liquidity Facility, the 2008 Series A-1-B Bonds, the Act, the Resolutions, the Bond Series Certificate, or any Parity Debt relating to or otherwise affecting (A) the Corporation's ability or obligation to pay, when due, the principal of or interest on the 2008 Series A-1-B Bonds (including any Bank Bonds) or any Parity Debt or (B) the Trust Estate securing said Bonds and Parity Debt; or (f) a debt moratorium or comparable extraordinary restriction on repayment of debt shall have been declared or imposed (whether or not in writing) with respect to the 2008 Series A-1-B Bonds (including any Bank Bond) or any Parity Debt; or

(9) Standard & Poor's Ratings Services, Moody's Investors Service and any other rating agency then rating the 2008 Series A-1-B Bonds and any Parity Debt shall have (a) assigned the 2008 Series A-1-B Bonds or any Parity Debt, a long-term rating below "BBB-" and "Baa3," respectively (or comparable rating, in the case of another rating agency), (b) withdrawn their long-term ratings of the 2008 Series A-1-B Bonds or any Parity Debt for any credit-related reason or (c) suspended their long-term ratings of the 2008 Series A-1-B Bonds or any Parity Debt for any credit-related reason; provided, however, that any downgrade, withdrawal or suspension described in any of the foregoing provisions shall not be deemed an Event of Default under such JPMorgan Chase Initial Liquidity Facility if said downgrade, withdrawal or suspension, as the case may be, shall be attributable to the downgrade, withdrawal or suspension of the long-term ratings attributable to any bond insurance or other credit enhancement provided by a person other than the Corporation; or

(10) (a) Except as otherwise provided in clause (b) below, any "event of default" as defined in Section 10.1 of the General Resolution which is not cured within any applicable cure period shall occur which, if not cured, would give rise to remedies available thereunder, or any "event of default" which is not cured within any applicable grace period shall occur which, if not cured, would give rise to remedies available under

any other agreement between the Corporation and JPMorgan Chase regarding Parity Debt; or (b) the Corporation shall fail to make any payment in respect of principal or interest on any Parity Debt issued and outstanding or to be issued, when due (i.e., whether upon said Parity Debt's scheduled maturity, required prepayment, acceleration, upon demand or otherwise, except as such payments may be accelerated, demanded or required to be prepaid under such JPMorgan Chase Initial Liquidity Facility), and such failure shall continue after the applicable grace period, if any, specified in the agreement or instrument relating to such Parity Debt.

Following the occurrence of certain of the above referenced Events of Default, JPMorgan Chase may take any one or more of the following actions, among others. Reference is made to the JPMorgan Chase Initial Liquidity Facility for a complete listing of all consequences of Events of Default.

(a) In the case of any Event of Default specified in paragraph 1(a), 7(a), 7(d), 7(e), 8(a), 8(b), 8(c), 8(f), 9 or 10(b) above (each a "Special Event of Default"), the Available Commitment (as defined in the JPMorgan Chase Initial Liquidity Facility) shall immediately be reduced to zero, in which case the obligations of JPMorgan Chase under such JPMorgan Chase Initial Liquidity Facility shall immediately terminate and expire without requirement of notice by JPMorgan Chase; provided, that (i) the Event of Default described in paragraph 1(a) above will not qualify as a "Special Event of Default" if the failure to pay principal of, or interest on, a Bank Bond is due solely to an acceleration of all of the Bank Bonds by JPMorgan Chase for any reason other than nonpayment as described in paragraph 1(a) hereof and (ii) the Suspension Events described in paragraph (b) below will not qualify as "Special Events of Default" unless and until the conditions described in said paragraph (b) below for such qualification have been satisfied. After such termination or expiration, JPMorgan Chase shall deliver promptly to the Corporation, the Trustee, the Tender Agent and the Remarketing Agent written notice of such termination or expiration; provided, however, that failure to provide such written notice shall have no effect on the validity or enforceability of such termination or expiration.

(b) In the case of any Event of Default or Default specified in paragraph 1(b), 7(b), 7(c), 8(d) or 8(e) above (each, a "Suspension Event"), the obligation of JPMorgan Chase to purchase 2008 Series A-1-B Bonds under the JPMorgan Chase Initial Liquidity Facility shall be immediately suspended without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase 2008 Series A-1-B Bonds until the Available Commitment is reinstated as described below. Promptly upon the occurrence of any such Suspension Event, JPMorgan Chase shall notify the Corporation, the Trustee, the Tender Agent and the Remarketing Agent of such suspension and the effective date of such suspension in writing by facsimile, promptly confirmed by regular mail; provided, that JPMorgan Chase shall incur no liability of any kind by reason of its failure to give such notice and such failure shall in no way affect the suspension of the Available Commitment or its obligation to purchase 2008 Series A-1-B Bonds pursuant to such JPMorgan Chase Initial Liquidity Facility.

Upon the occurrence of an Event of Default described in paragraph 1(b) above, JPMorgan Chase's obligations to purchase 2008 Series A-1-B Bonds shall be suspended immediately and automatically and remain suspended until the Corporation cures the Event of Default resulting in said suspension or the date on which JPMorgan Chase's obligations under the JPMorgan Chase Initial Liquidity Facility have terminated or expired in accordance with the terms thereof (the "Termination Date"), whichever is first to occur. If the Corporation shall cure the Event of Default described in paragraph 1(b) above prior to the Termination Date, then the Available Commitment and the obligations of JPMorgan Chase under such JPMorgan Chase Initial Liquidity Facility shall thereupon be reinstated (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in such JPMorgan Chase Initial Liquidity Facility). Notwithstanding the foregoing, if the Corporation shall not have cured the Event of Default resulting in said suspension prior to the Termination Date, then the Available Commitment and the obligations of JPMorgan Chase to purchase 2008 Series A-1-B Bonds shall terminate on the Termination Date without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase such 2008 Series A-1-B Bonds.

Upon the occurrence of an Event of Default described in paragraph 7(b)(i) above, JPMorgan Chase's obligations to purchase 2008 Series A-1-B Bonds shall be suspended immediately and automatically and

remain suspended until said case, proceeding or other action referred to therein is either dismissed, discharged or bonded or the Termination Date occurs, whichever is first. In the event that the Event of Default described in paragraph 7(b)(i) above shall have been dismissed, discharged or bonded prior to the Termination Date, then the Available Commitment and the obligation of the JPMorgan Chase to purchase 2008 Series A-1-B Bonds shall be reinstated and the terms of the JPMorgan Chase Initial Liquidity Facility shall continue in full force and effect as if there had been no such suspension (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in said JPMorgan Chase Initial Liquidity Facility). In the event that said Suspension Event shall not have been dismissed, discharged or bonded prior to the Termination Date, then the Available Commitment and the obligation of the JPMorgan Chase to purchase 2008 Series A-1-B Bonds shall terminate on such Termination Date without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase 2008 Series A-1-B Bonds.

Upon the occurrence of a Default described in paragraph 7(b)(ii) above, JPMorgan Chase's obligations to purchase 2008 Series A-1-B Bonds shall be immediately and automatically suspended and remain suspended until the case, proceeding or other action referred to therein is either dismissed, discharged or bonded within sixty (60) days from the commencement of such case, proceeding or action, or the Termination Date occurs, whichever is first. In the event that said Suspension Event shall have been dismissed, discharged or bonded within the sixty (60) day period described therein and prior to the Termination Date, then the Available Commitment and the obligation of JPMorgan Chase to purchase such 2008 Series A-1-B Bonds shall be reinstated and the terms of such JPMorgan Chase Initial Liquidity Facility shall continue in full force and effect as if there had been no suspension (unless the Commitment Period shall have otherwise have been terminated, suspended or expired as provided in the JPMorgan Chase Initial Liquidity Facility). In the event that said Suspension Event shall not have been dismissed, discharged or bonded within such sixty (60) day period when the Termination Date occurs, then the Available Commitment and the obligation of JPMorgan Chase to purchase such 2008 Series A-1-B Bonds shall terminate on the Termination Date without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase such 2008 Series A-1-B Bonds.

Upon the occurrence of a Default described in paragraph 7(c), JPMorgan Chase's obligations to purchase 2008 Series A-1-B Bonds shall be immediately and automatically suspended and remain suspended until the case, proceeding or other action referred to therein is either vacated, discharged, or stayed or bonded pending appeal within sixty (60) days from the commencement of such case, proceeding or action, or the Termination Date occurs, whichever is first. In the event that said Event of Default described in paragraph 7(c) shall have been vacated, discharged, or stayed or bonded pending appeal within the sixty (60) day period described therein and prior to the Termination Date, then the Available Commitment and the obligation of JPMorgan Chase to purchase the 2008 Series A-1-B Bonds shall be reinstated and the terms of the JPMorgan Chase Initial Liquidity Facility shall continue in full force and effect as if there had been no such suspension (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in the JPMorgan Chase Initial Liquidity Facility). In the event that said Event of Default described in paragraph 7(c) shall not have been vacated, discharged, or stayed or bonded pending appeal within such sixty (60) day period when the Termination Date occurs, then the Available Commitment and the obligation of JPMorgan Chase to purchase the 2008 Series A-1-B Bonds shall terminate on such Termination Date without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase the 2008 Series A-1-B Bonds.

Upon the occurrence of an Event of Default described in paragraph 8(d) or 8(e), JPMorgan Chase's obligations to purchase the 2008 Series A-1-B Bonds shall be immediately and automatically suspended and remain suspended unless and until a court with jurisdiction to rule on such an Event of Default shall enter a final and nonappealable judgment that any of the material provisions of the Act or any other document described in paragraph 8(d) are not valid or not binding on, or enforceable against, the Corporation or that a claim or contest described in paragraph 8(e) shall have been upheld in favor of the State or the Corporation in accordance with a final and nonappealable judgment, then, in each such case, the Available Commitment and the obligation of JPMorgan Chase to purchase 2008 Series A-1-B Bonds shall immediately terminate without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase such 2008 Series

A-1-B Bonds. If a court with jurisdiction to rule on such an Event of Default shall find or rule by entry of a final and nonappealable judgment that the material provision of the Act or any other document described in paragraph 8(d) is valid and binding on, or enforceable against, the Corporation or that the claim or contest described in paragraph 8(e) shall have been dismissed pursuant to a final and nonappealable judgment, then the Available Commitment and the obligations of JPMorgan Chase under the JPMorgan Chase Initial Liquidity Facility shall, in each such case, thereupon be reinstated (unless the Commitment Period shall otherwise have been terminated, suspended or expired as provided in the JPMorgan Chase Initial Liquidity Facility). Notwithstanding the foregoing, if the suspension of the obligations of JPMorgan Chase pursuant to any Event of Default described in paragraph 8(d) or 8(e) remains in effect and litigation is still pending and a determination regarding same shall not have been dismissed or otherwise made pursuant to a final and non-appealable judgment, as the case may be, when the Termination Date occurs, then the obligation of JPMorgan Chase to purchase such 2008 Series A-1-B Bonds shall terminate on the Termination Date without notice or demand and, thereafter, JPMorgan Chase shall be under no obligation to purchase such 2008 Series A-1-B Bonds.

In the case of each Suspension Event, the Tender Agent shall subsequently notify all Bondowners of the suspension and/or termination of both the Available Commitment and the obligation of JPMorgan Chase to purchase the 2008 Series A-1-B Bonds.

(c) Upon the occurrence of any Event of Default, JPMorgan Chase shall have all remedies provided at law or equity, including, without limitation, specific performance; and in addition, JPMorgan Chase, in its sole discretion, may do one or more of the following: (i) declare all obligations of the Corporation to JPMorgan Chase under the JPMorgan Chase Initial Liquidity Facility (other than payments of principal and redemption price of and interest on the Bank Bonds, unless said Bank Bonds have otherwise become subject to acceleration pursuant to the General Resolution) to be immediately due and payable, and the same shall thereupon become due and payable without demand, presentment, protest, notice of intent to accelerate, notice of acceleration or further notice of any kind, all of which are expressly waived; (ii) JPMorgan Chase may give written notice of such Event of Default and termination of the JPMorgan Chase Initial Liquidity Facility (“Notice of Termination Date”) to the Trustee, the Tender Agent, the Corporation and the Remarketing Agent requesting a mandatory tender; provided that the obligation of JPMorgan Chase to purchase 2008 Series A-1-B Bonds shall terminate on the thirtieth (30th) day (or if such day is not a Business Day, the next following Business Day) after such Notice of Termination Date is received by the Trustee and, on such date, the Available Commitment shall terminate and JPMorgan Chase shall be under no obligation to purchase such 2008 Series A-1-B Bonds; (iii) exercise any right or remedy available to it under any other provision of such JPMorgan Chase Initial Liquidity Facility; or (iv) exercise any other rights or remedies available under the Resolutions or any other Related Document, any other agreement or at law or in equity; provided, further; however, JPMorgan Chase shall not have the right to terminate its obligation to purchase the 2008 Series A-1-B Bonds except as described above.

JPMorgan Chase Bank, National Association

JPMorgan Chase Bank, National Association (“JPMorgan Chase”) is a wholly owned bank subsidiary of JPMorgan Chase & Co., a Delaware corporation whose principal office is located in New York, New York. JPMorgan Chase offers a wide range of banking services to its customers, both domestically and internationally. It is chartered and its business is subject to examination and regulation by the Office of the Comptroller of the Currency.

None of such information or any of the statements referred to in the preceding paragraphs under this heading “JPMorgan Chase Bank, National Association” is guaranteed as to accuracy or completeness by the Corporation or the Underwriters, or is to be construed as a representation by the Corporation or the Underwriters. Furthermore, neither the Corporation nor the Underwriters make any representations as to the financial condition or resources of JPMorgan Chase or as to the absence of material adverse changes subsequent to December 31, 2007 in such information referred to above.

UNDERWRITING AND PLACEMENT

Bear, Stearns & Co. Inc. has agreed, subject to certain conditions, to purchase the Variable Rate Bonds from the Corporation at a purchase price of \$174,110,000 and to make a public offering of such Variable Rate Bonds at prices that are not in excess of the public offering prices stated on the inside cover page of this Official Statement. Such Underwriter will be obligated to purchase all such Variable Rate Bonds if any are purchased. Such Variable Rate Bonds may be offered and sold to certain dealers (including Bear, Stearns & Co. Inc.) at prices lower than such public offering prices, and such public offering prices may be changed, from time to time, by such Underwriter. Such Underwriter will receive an underwriting fee in the amount of \$456,460. Bear, Stearns & Co. Inc. has also agreed, subject to certain conditions, to place the Index Floating Rate Bonds for a placement agent fee in the amount of \$153,137.

Bear, Stearns & Co. Inc. and Goldman, Sachs & Co. have jointly and severally agreed, subject to certain conditions, to purchase the Fixed Rate Bonds from the Corporation at a purchase price of \$26,465,000 and to make a public offering of such Fixed Rate Bonds at prices that are not in excess of the public offering prices stated on the inside cover page of this Official Statement. Such Underwriters will be obligated to purchase all such Fixed Rate Bonds if any are purchased. Such Fixed Rate Bonds may be offered and sold to certain dealers (including Bear, Stearns & Co. Inc. and Goldman, Sachs & Co.) at prices lower than such public offering prices, and such public offering prices may be changed, from time to time, by such Underwriters. Such Underwriters will receive an underwriting fee in the amount of \$155,881.

JPMorgan Chase & Co. (“JPMorgan Chase”) announced it is acquiring The Bear Stearns Companies Inc. (“Bear Stearns”). The Boards of Directors of both companies have unanimously approved the transaction. JPMorgan Chase is guaranteeing the trading obligations of Bear Stearns and its subsidiaries and is providing management oversight for its operations. Other than shareholder approval, the closing is not subject to any material conditions. The transaction is expected to have an expedited close by the end of the calendar second quarter 2008. The Federal Reserve, the Office of the Comptroller of the Currency (OCC) and other federal agencies have given all necessary approvals.

RATINGS

Standard & Poor’s Ratings Services and Moody’s Investors Service, Inc. have assigned the Fixed Rate Bonds and the Index Floating Rate Bonds ratings of “AA” and “Aa2,” respectively. Standard & Poor’s Ratings Services and Moody’s Investors Service, Inc. have assigned the Variable Rate Bonds ratings of “AA/A-1+” and “Aa2/VMIG1,” respectively. Such ratings reflect only the respective views of such rating agencies, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that either or both of such ratings will be retained for any given period of time or that the same will not be revised downward or withdrawn entirely by the rating agency

furnishing the same if, in its judgment, circumstances so warrant. Any such downward revision or withdrawal of such ratings, or either of them, may have an adverse effect on the market price of the 2008 Bonds.

TAX MATTERS

Opinion of Bond Counsel to the Corporation

In the opinion of Bond Counsel to the Corporation, under existing statutes and court decisions, (i) interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds and 2008 Series D Bonds (the “Tax-Exempt Bonds”) is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), except that no opinion is expressed as to such exclusion of interest on any Tax-Exempt Bond for any period during which any such Tax-Exempt Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a “substantial user” of the facilities financed with the proceeds of the Tax-Exempt Bonds or a “related person”; (ii) interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds and 2008 A-2 Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code and (iii) interest on the 2008 Series D Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; such interest, however, is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations. In rendering such opinion, Bond Counsel to the Corporation has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors of the Developments financed or refinanced with the proceeds of the Tax-Exempt Bonds, and others in connection with the issuance of the Tax-Exempt Bonds and Bond Counsel to the Corporation has assumed compliance by the Corporation and the Mortgagors of the Developments financed or refinanced with the proceeds of the Tax-Exempt Bonds with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the Tax-Exempt Bonds from gross income under Section 103 of the Code.

In the opinion of Bond Counsel to the Corporation, interest on the 2008 Series A-3 Bonds, 2008 Series B Bonds, 2008 Series C Bonds, and 2008 Series E Bonds (collectively, the “Taxable Bonds”) is included in gross income for Federal income tax purposes, pursuant to the Code.

In addition, in the opinion of Bond Counsel to the Corporation, under existing statutes, interest on the 2008 Bonds is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

Bond Counsel to the Corporation expresses no opinion regarding any other Federal or state tax consequences with respect to the 2008 Bonds. Bond Counsel to the Corporation renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update its opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. Bond Counsel to the Corporation expresses no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the Tax-Exempt Bonds, or the exemption from personal income taxes of interest on the 2008 Bonds under state and local tax law.

Tax-Exempt Bonds

The Tax-Exempt Bonds were sold at substantially the same time pursuant to the same plan of financing, and are payable from the same source of funds. For purposes of arbitrage and certain other Federal tax matters, the Tax-Exempt Bonds are treated as one issue. Thus, for interest on the Tax-Exempt Bonds to be excluded from gross income for Federal income tax purposes, such requirements must be satisfied with respect to all of the Tax-Exempt Bonds.

Summary of Certain Federal Tax Requirements - 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds

Under applicable provisions of the Code, the exclusion from gross income of interest on the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds for purposes of Federal income taxation requires that (i) at least 25% of the units in each Project financed by the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds be occupied during the “Qualified Project Period” (defined below) by individuals whose incomes, determined in a manner consistent with Section 8 of the United States Housing Act of 1937, as amended, do not exceed 60% of the median income for the area, as adjusted for family size, and (ii) all of the units of each Project be rented or available for rental on a continuous basis during the Qualified Project Period. “Qualified Project Period” for each such Project means a period commencing upon the later of (a) occupancy of 10% of the units in each such Project or (b) the date of issue of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds and running until the later of (i) the date which is 15 years after occupancy of 50% of the units in each such Project, (ii) the first date on which no tax-exempt private activity bonds issued with respect to each such Project are outstanding or (iii) the date on which any assistance provided with respect to such Project under Section 8 of the 1937 Housing Act terminates. Such Project will meet the continuing low income requirement as long as the income of the individuals occupying the unit does not increase to more than 140% of the applicable limit. Upon an increase over 140% of the applicable limit, the next available unit of comparable or smaller size in the Project must be rented to an individual having an income of 60% or less of the area median income, as adjusted for family size.

In the event of noncompliance with the requirements described in the preceding paragraph arising from events occurring after the issuance of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds, the Treasury Regulations provide that the exclusion of interest from gross income for Federal income tax purposes will not be impaired if the Corporation takes appropriate corrective action within a reasonable period of time after such noncompliance is first discovered or should have been discovered by the Corporation.

Summary of Certain Federal Tax Requirements - 2008 Series D Bonds

Applicable Federal tax law provides that gross income for Federal income tax purposes does not include interest on the 2008 Series D Bonds which are issued to refund certain bonds originally issued before December 31, 1985 and certain bonds originally issued before December 31, 1980 if the 2008 Series D Bonds meet the requirements of certain transition rules of the Mortgage Subsidy Bond Act of 1980, the Tax Reform Act of 1986, and all applicable requirements of the Code and the Internal Revenue Code of 1954, as amended (the “1954 Code”).

Under applicable provisions of the 1954 Code, the exclusion from gross income of interest on the 2008 Series D Bonds for purposes of Federal income taxation requires with respect to the Developments refinanced by the 2008 Series D Bonds that were originally financed by bonds of the Corporation issued in 1983 (the “1983 Bonds”) that (i) at least 20% of the units in such Developments (15% if the Development is located in certain low income or economically distressed areas) be occupied during the “Qualified Project Period” (as defined in this paragraph) by individuals whose incomes, determined in a manner consistent with Section 8 of the 1937 Housing Act, at the time of initial occupancy do not exceed 80% of the median income for the area, (ii) all of the units of each of such Developments be rented or available for rental on a continuous basis during the Qualified Project Period or for so long as any 2008 Series D Bonds are outstanding, whichever is longer, and (iii) no building in any of such Developments contains less than five units if one of such units is occupied by an owner of the units. “Qualified Project Period” means a period commencing upon occupancy of 10% of the units in a Development and running until the latest of (i) the date which is 10 years after occupancy of 50% of the units in a Development, (ii) the date which is subsequent to initial occupancy of the first such unit by a period of time equal to one-half of the sum of the total number of days which comprise the term of the 2008 Series D Bonds and the period of time that any prior obligations refunded by the 2008 Series D

Bonds remained outstanding, or (iii) the date upon which any HAP Contract for a Development entered into pursuant to Section 8 of the 1937 Housing Act terminates.

The requirements of the 1954 Code set forth in the preceding paragraph do not apply to the Developments refinanced by the 2008 Series D Bonds that were originally financed by bonds of the Corporation issued in 1979, as a result of the meeting of certain transition rules.

Compliance and Additional Requirements

The Code establishes certain additional requirements which must be met subsequent to the issuance and delivery of the Tax-Exempt Bonds in order that interest on the Tax-Exempt Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of the proceeds of the Tax-Exempt Bonds, yield and other limits regarding investments of the proceeds of the Tax-Exempt Bonds and other funds, and rebate of certain investment earnings on such amounts on a periodic basis to the United States.

The Corporation has covenanted in the Resolutions that it shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the Tax-Exempt Bonds shall be excluded from gross income for Federal income tax purposes. The Corporation has included provisions in the Resolutions and its Tax Regulatory Certificate, and has established procedures in order to assure compliance with the requirements which must be met subsequent to the issuance of the Tax-Exempt Bonds. In connection with the issuance of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds, the Corporation will receive certain certifications from the Mortgagor of each Development to be financed with the proceeds of the 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, and 2008 Series A-2 Bonds to assure compliance with the Code. In connection with the issuance of 2008 Series D Bonds, the Corporation entered into an agreement with certain Mortgagors of the Developments financed with the proceeds of the 1983 Bonds to assure compliance with the 1954 Code. However, no assurance can be given that in the event of a breach of any such covenants, or noncompliance with the provisions, procedures or certifications set forth therein, the remedies available to the Corporation and/or the owners of the Tax-Exempt Bonds can be judicially enforced in such manner as to assure compliance with the above-described requirements and therefore to prevent the loss of the exclusion of interest from gross income for Federal income tax purposes. Any loss of such exclusion of interest from gross income may be retroactive to the date from which interest on the Tax-Exempt Bonds is payable.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the Tax-Exempt Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a Tax-Exempt Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own advisors regarding the Federal tax consequences of owning and disposing of the Tax-Exempt Bonds.

Prospective owners of the Tax-Exempt Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property, casualty and life insurance companies, individual recipients of Social Security or railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for Federal income tax purposes. Interest on the Tax-Exempt Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Information Reporting and Backup Withholding

Information reporting requirements will apply to interest paid on tax-exempt obligations, including the Tax-Exempt Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9 “Request for Taxpayer Identification Number and Certification”, or unless the recipient is one of a limited class of exempt recipients, including corporations. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to “backup withholding”, which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a “payor” generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Tax-Exempt Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Tax-Exempt Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s Federal income tax once the required information is furnished to the Internal Revenue Service.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities and court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Tax-Exempt Bonds under federal or state law and could affect the market price for, or the marketability of, the Tax-Exempt Bonds. Currently, litigation in various jurisdictions (including *Davis v. Kentucky Dep’t of Revenue of the Finance and Admin. Cabinet*, 197 S.W.3d 557 (2006), for which oral arguments have occurred before the U.S. Supreme Court) has called into question the permissibility under the U.S. Constitution of disparate state tax treatment of interest on bonds issued by a state and its political subdivisions and on obligations issued by other states and their political subdivisions. New York State statutes currently result in such disparate treatment. Prospective purchasers of the Tax-Exempt Bonds should consult their own tax advisers regarding the foregoing matters.

Taxable Bonds

The following discussion is a brief summary of certain United States Federal income tax consequences of the acquisition, ownership and disposition of the Taxable Bonds by original purchasers of the Taxable Bonds who are “U.S. Holders”, as defined herein. This summary does not discuss all of the United States Federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules.

Holders of the Taxable Bonds should consult with their own tax advisers concerning the United States Federal income tax and other consequences with respect to the acquisition, ownership and disposition of the Taxable Bonds as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

Original Issue Discount

In general, if Original Issue Discount (“OID”) is greater than a statutorily defined *de minimis* amount, a holder of a 2008 Series A-3 Bond or 2008 Series C-2 Bond having a maturity of more than one year from its date of issue must include in Federal gross income (for each day of the taxable year, or portion of the taxable year, in which such holder holds such 2008 Series A-3 Bond or 2008 Series C-2 Bond) the daily portion of OID, as it accrues (generally on a constant yield method) and regardless of the holder’s method of accounting. “OID” is the excess of (i) the “stated redemption price at maturity” over (ii) the “issue price”. “Issue price” means the first price at which a substantial amount of the 2008 Series A-3 Bond or 2008 Series C-2 Bond is

sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers). “Stated redemption price at maturity” means the sum of all payments, other than “qualified stated interest”, provided by such 2008 Series A-3 Bond or 2008 Series C-2 Bond. “Qualified stated interest” is stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate. A holder may irrevocably elect to include in gross income all interest that accrues on a 2008 Series A-3 Bond or 2008 Series C-2 Bond using the constant-yield method, subject to certain modifications.

Original Issue Premium

In general, if a 2008 Series A-3 Bond or 2008 Series C-2 Bond is originally issued for an issue price (excluding accrued interest) that reflects a premium over the sum of all amounts payable on the 2008 Series A-3 Bond or 2008 Series C-2 Bond other than “qualified stated interest” (a “Taxable Premium Bond”), that Taxable Premium Bond will be subject to Section 171 of the Code, relating to bond premium. In general, the holder of a Taxable Premium Bond may either deduct the bond premium under Section 171(a)(1) or may elect under Section 171(c) of the Code to amortize that premium as “amortizable bond premium” over the remaining term of the Taxable Premium Bond, determined based on constant yield principles (in certain cases involving a Taxable Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the highest yield on such bond). Any such election is generally irrevocable and applies to all debt instruments of the holder (other than tax-exempt bonds) held at the beginning of the first taxable year to which the election applies and to all such debt instruments thereafter acquired. Under certain circumstances, the holder of a Taxable Premium Bond may realize a taxable gain upon disposition of the Taxable Premium Bond even though it is sold or redeemed for an amount less than or equal to the holder's original acquisition cost.

Disposition and Defeasance

Generally, upon the sale, exchange, redemption or other disposition (which would include a legal defeasance) of a Taxable Bond, a holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such holder’s adjusted tax basis in the Taxable Bond. The Corporation may cause the deposit of moneys or securities in escrow in such amount and manner as to cause the Taxable Bonds to be deemed to be no longer outstanding under the Resolutions (a “defeasance”). (See Appendix B, “Summary of Certain Provisions of the General Resolution” in Part II of this Official Statement). For Federal income tax purposes, such defeasance could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, the character and timing of receipt of payments on the Taxable Bonds subsequent to any such defeasance could also be affected.

Backup Withholding and Information Reporting

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest and the proceeds of the sale of a Taxable Bond before maturity within the United States. Backup withholding may apply to holders of Taxable Bonds under Section 3406 of the Code. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner’s United States Federal income tax provided the required information is furnished to the Internal Revenue Service (the “Service”).

U.S. Holders

The term “U.S. Holder” means a beneficial owner of a Taxable Bond that is: (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the

United States or of any political subdivision thereof, (iii) an estate the income of which is subject to United States Federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

Miscellaneous

Tax legislation, administrative actions taken by tax authorities and court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Taxable Bonds under state law and could affect the market price for, or the marketability of, the Taxable Bonds. Currently, litigation in various jurisdictions (including *Davis v. Kentucky Dep't of Revenue of the Finance and Admin. Cabinet*, 197 S.W.3d 557 (2006), for which oral arguments have occurred before the U.S. Supreme Court) has called into question the permissibility under the U.S. Constitution of disparate state tax treatment of interest on bonds issued by a state and its political subdivisions and on obligations issued by other states and their political subdivisions. New York State statutes currently result in such disparate treatment. Prospective purchasers of the Taxable Bonds should consult their own tax advisers regarding the foregoing matters.

IRS CIRCULAR 230 DISCLOSURE

To ensure compliance with requirements imposed by the Service, bondholders of Taxable Bonds (the "Taxable Bondholders") are advised that (i) any U.S. federal tax advice contained in this Official Statement (including any attachments) is not intended or written by Bond Counsel to the Corporation to be used, and that it cannot be used, by any Taxable Bondholder, for the purpose of avoiding penalties that may be imposed on a Taxable Bondholder under the Code; (ii) such advice is written to support the promotion or marketing of the Taxable Bonds or matter(s) addressed by such written advice; and (iii) Taxable Bondholders should seek advice based on their particular circumstances from an independent tax advisor.

NO LITIGATION

At the time of delivery and payment for the 2008 Bonds, the Corporation will deliver, or cause to be delivered, a certificate of the Corporation substantially to the effect that there is no litigation or other proceeding of any nature now pending or threatened against or adversely affecting the Corporation of which the Corporation has notice or, to the Corporation's knowledge, any basis therefor, seeking to restrain or enjoin the issuance, sale, execution or delivery of the 2008 Bonds, or in any way contesting or affecting the validity of the 2008 Bonds, the Resolutions, the Disclosure Agreement (as defined below), any investment agreement related to the 2008 Bonds or any proceedings of the Corporation taken with respect to the issuance or sale of the 2008 Bonds, or the pledge, collection or application of any monies or security provided for the payment of the Bonds (including the 2008 Bonds), or the financing of any 2008 Mortgage Loans, or the redemption of any Outstanding Bonds directly or indirectly using the proceeds of the 2008 Bonds or the existence, powers or operations of the Corporation, or contesting the completeness or accuracy of the Official Statement or any supplement or amendment thereto, if any.

CERTAIN LEGAL MATTERS

All legal matters incident to the authorization, issuance, sale and delivery of the 2008 Bonds by the Corporation are subject to the approval of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel to the Corporation. Certain legal matters will be passed upon for the Corporation by its General Counsel. Certain legal matters will be passed upon for the Underwriter and the Placement Agent by its Counsel, Orrick, Herrington & Sutcliffe LLP, New York, New York. Orrick, Herrington & Sutcliffe LLP has represented one Mortgagor, which Mortgagor has an aggregate outstanding Mortgage Loan of approximately \$6,000,000 that was financed with the proceeds of the 2004 Series C Bonds. Certain legal matters will be passed upon for the Initial Liquidity Facility Providers by their counsel, Nixon Peabody LLP, and for Dexia by its French counsel.

FINANCIAL STATEMENTS

The financial statements of the Corporation for the year ended October 31, 2007, which are included as Appendix C to Part II of this Official Statement, have been audited by Ernst & Young LLP, independent auditors, as stated in their report appearing therein. The information contained in these financial statements, which are provided for informational purposes only, should not be used in any way to modify the description of the security for the Bonds contained herein. The assets of the Corporation, other than those pledged pursuant to the General Resolution including certain instruments of the Corporation with respect to the Debt Service Reserve Account, are not pledged to nor are they available to Bond owners.

CONTINUING DISCLOSURE

In order to assist the Underwriter in complying with the provisions of paragraph (b)(5) of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), the Corporation and the Trustee will enter into a written agreement for the benefit of the holders of the 2008 Bonds (the “Disclosure Agreement”) to provide continuing disclosure. The Corporation will undertake to provide to each nationally recognized municipal securities information repository designated by the Securities and Exchange Commission (a “Repository”), and if and when one is established, a state information depository for the State of New York (the “State Information Depository”), on an annual basis on or before 150 days after the end of each fiscal year of the Corporation commencing with the fiscal year ended October 31, 2008, certain financial and operating data, referred to herein as “Corporation Annual Information,” including, but not limited to annual financial statements of the Corporation. In addition, the Corporation will undertake in the Disclosure Agreement, for the benefit of the holders of the 2008 Bonds, to provide to each such Repository or to the Municipal Securities Rulemaking Board (“MSRB”), and to the State Information Depository, in a timely manner, the notices required to be provided by Rule 15c2-12 and described below.

The Corporation Annual Information shall consist of the following: (a) annual financial statements of the Corporation prepared in conformity with accounting principles generally accepted in the United States and audited by an independent firm of certified public accountants in accordance with auditing standards generally accepted in the United States; provided, however, that if financial statements are not available in accordance with the dates described above, unaudited financial statements shall be provided and such audited financial statements shall be delivered to each Repository and to the State Information Depository when they become available; (b) a statement setting forth the amount on deposit in the Debt Service Reserve Account; (c) a statement setting forth the valuations of the Mortgage Loans with respect to each Series of Bonds; and (d) financial and operating data of the type set forth in the Part II of this Official Statement under the headings or subheadings “BONDS OUTSTANDING UNDER THE PROGRAM,” “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates” (chart only), “SECURITY FOR THE BONDS—Summary of Program Assets and Revenues,” “THE PROGRAM—Mortgage Loans” (charts only), “Appendix D—Activities of the Corporation,” “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program,” “Appendix E-2—Mortgage Loan Prepayment Provisions” (chart only), “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings” (chart only), “Appendix E-4—Cross-Call Provisions and Related Information,” “Appendix F-1—Certain Investments under the General Resolution” and “Appendix F-2—Interest Rate Cap Agreements;” together with (e) such narrative explanation as may be necessary to avoid misunderstanding and to assist the reader in understanding the presentation of financial and operating data concerning the Corporation and in judging the financial information about the Corporation.

Pursuant to the Disclosure Agreement, the Corporation will further undertake to use its best efforts to provide to each Repository and the State Information Depository, on an annual basis on or before 150 days after the end of each fiscal year of any Mortgagor whose payment obligations under its Mortgage Note equals or exceeds twenty percent (20%) of the aggregate payment obligations due under all outstanding Mortgage Notes, certain financial and operating data, referred to herein as “Mortgagor Annual Information,” including, but not limited to, annual financial statements of such Mortgagor, prepared in accordance with generally

accepted accounting principles and audited by an independent firm of certified public accountants in accordance with generally accepted auditing standards if so required by the applicable Mortgage; provided, however, that if audited financial statements are required but not available in accordance with the dates described above, unaudited financial statements shall be provided and such audited financial statements shall be delivered to each Repository and to the State Information Depository when they become available. Currently, there are no Mortgages whose payment obligations equal or exceed the twenty percent (20%) threshold.

The notices required to be provided by Rule 15c2-12, which the Corporation will undertake to provide as described above, include notices of any of the following events with respect to the 2008 Bonds, if material: (1) principal and interest payment delinquencies; (2) non-payment related defaults; (3) unscheduled draws on debt service reserves reflecting financial difficulties; (4) unscheduled draws on credit enhancements reflecting financial difficulties; (5) substitution of credit or liquidity providers, or their failure to perform; (6) adverse tax opinions or events affecting the tax-exempt status of the Tax-Exempt Bonds; (7) modification to the rights of holders of 2008 Bonds; (8) 2008 Bond calls; (9) defeasances of all or a portion of the 2008 Bonds; (10) the release, substitution or sale of property securing repayment of the 2008 Bonds and (11) rating changes; and to each Repository or to the MSRB and to the State Information Depository, in a timely manner, notice of a failure by the Corporation to provide the Corporation Annual Information or the Mortgagor Annual Information required by the Disclosure Agreement.

If any party to the Disclosure Agreement fails to comply with any provisions thereof, then each of the other parties to the Disclosure Agreement and, as a direct or third party beneficiary, as the case may be, any holder of the 2008 Bonds may enforce, for the equal benefit and protection of all holders similarly situated, by mandamus or other suit or proceeding at law or in equity, the Disclosure Agreement against such party and any of its officers, agents and employees, and may compel such party or any such officers, agents or employees to perform and carry out their duties thereunder; provided that the sole and exclusive remedy for breach or default under the Disclosure Agreement to provide the continuing disclosure described above is an action to compel specific performance of the undertakings contained therein, and no person or entity may recover monetary damages thereunder under any circumstances; provided, however, that the rights of any holder of 2008 Bonds to challenge the adequacy of the information provided by the Corporation are conditioned upon the provisions of the General Resolution with respect to the enforcement of remedies of holders of the 2008 Bonds upon the occurrence of an Event of Default described in the General Resolution. A breach or default under the Disclosure Agreement shall not constitute an Event of Default under the General Resolution. In addition, if all or any part of Rule 15c2-12 ceases to be in effect for any reason, then the information required to be provided under the Disclosure Agreement, insofar as the provisions of Rule 15c2-12 no longer in effect required the provision of such information, shall no longer be required to be provided. Beneficial Owners of the 2008 Bonds are third-party beneficiaries of the Disclosure Agreement and, as such, are deemed to be holders of the 2008 Bonds of the purposes of exercising remedies.

The foregoing undertakings are intended to set forth a general description of the type of financial information and operating data that will be provided; the descriptions are not intended to state more than general categories of financial information and operating data. Where an undertaking calls for information that no longer can be generated because the operations to which it related have been materially changed or discontinued, a statement to that effect will be provided. The Disclosure Agreement, however, may be amended or modified without the consent of the holders of the 2008 Bonds under certain circumstances set forth in the Disclosure Agreement.

Copies of the Disclosure Agreement, when executed and delivered by the parties thereto on the date of the initial delivery of the 2008 Bonds, will be on file at the office of the Corporation.

With regard to each Series of Bonds issued under the General Resolution to which Rule 15c2-12 applies, the Corporation has entered into agreements substantially identical to the Disclosure Agreement and

PROPOSED FORMS OF OPINION OF BOND COUNSEL TO THE CORPORATION

Upon delivery of the Tax-Exempt Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, proposes to deliver its approving opinion in substantially the following form:

NEW YORK CITY HOUSING
DEVELOPMENT CORPORATION
110 William Street
New York, New York 10038

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$46,610,000 Multi-Family Housing Revenue Bonds, 2008 Series A-1-A (the “2008 Series A-1-A Bonds”), \$51,705,000 Multi-Family Housing Revenue Bonds, 2008 Series A-1-B (the “2008 Series A-1-B Bonds”), \$3,405,000 Multi-Family Housing Revenue Bonds, 2008 Series A-2 (the “2008 Series A-2 Bonds”) and \$12,670,000 Multi-Family Housing Revenue Bonds, 2008 Series D (the “2008 Series D Bonds”; the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds, the 2008 Series A-2 Bonds and the 2008 Series D Bonds being collectively referred to as the “2008 Bonds”) of the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, organized and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”).

The 2008 Bonds are authorized to be issued pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and, with respect to the 2008 Series A-1-A Bonds and the 2008 Series A-1-B Bonds, the Ninetieth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-1 of the Corporation, adopted April 7, 2008, with respect to the 2008 Series A-2 Bonds, the Ninety-First Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-2 of the Corporation, adopted April 7, 2008, and with respect to the 2008 Series D Bonds, the Ninety-Sixth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series D of the Corporation, adopted April 7, 2008 (collectively, the “Supplemental Resolutions”; the General Resolution and the Supplemental Resolutions being collectively referred to as the “Resolutions”). The 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds and the 2008 Series A-2 Bonds are being issued for the purpose of financing, in part, the 2008 Series A Mortgage Loans (as defined in the Resolutions) and the 2008 Series D Bonds are being issued for the purpose of providing the Corporation with monies to refinance certain outstanding mortgage loans and retire certain outstanding bonds of the Corporation.

The 2008 Bonds are dated, mature, are payable, bear interest and are subject to redemption as provided in the Resolutions and the applicable Bond Series Certificates (as defined in the Supplemental Resolutions) of the Corporation fixing the terms and conditions of the 2008 Series A-1-A Bonds, the 2008 Series A-1-B Bonds and the 2008 Series D Bonds.

We have not examined nor are we passing upon matters relating to the real and personal property referred to in the mortgages which are to secure the 2008 Bonds.

Upon the basis of the foregoing, we are of the opinion that:

1. The Corporation has been duly created and validly exists as a corporate governmental agency constituting a public benefit corporation, under and pursuant to the laws of the State of

New York (including the Act), and has good right and lawful authority, among other things, to finance the 2008 Series A Mortgage Loans and to retire certain outstanding bonds of the Corporation, to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the 2008 Bonds, and to perform its obligations under the terms and conditions of the Resolutions, as covenanted in the Resolutions.

2. The Resolutions have been duly adopted by the Corporation, are in full force and effect, and are valid and binding upon the Corporation and enforceable in accordance with their terms.

3. The 2008 Bonds have been duly authorized, sold and issued by the Corporation in accordance with the Resolutions and the laws of the State of New York (the "State"), including the Act.

4. The 2008 Bonds are valid and legally binding special revenue obligations of the Corporation payable solely from the revenues, funds or monies pledged for the payment thereof pursuant to the Resolutions, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the benefit, protection and security of the provisions, covenants and agreements of the Resolutions.

5. The 2008 Bonds are secured by a pledge in the manner and to the extent set forth in the Resolutions. The Resolutions create the valid pledge of and lien on the Revenues (as defined in the Resolutions) and all the Accounts established by the Resolutions and monies and securities therein, which the Resolutions purport to create, subject only to the provisions of the Resolutions permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolutions.

6. The 2008 Bonds are not a debt of the State or The City of New York and neither is liable thereon, nor shall the 2008 Bonds be payable out of any funds other than those of the Corporation pledged for the payment thereof.

7. Under existing statutes and court decisions, (i) interest on the 2008 Bonds is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), except that no opinion is expressed as to such exclusion of interest on any 2008 Series A-1-A Bonds, 2008 Series A-1-B Bonds, 2008 Series A-2 Bonds (collectively, the "AMT Bonds") and 2008 Series D Bonds for any period during which any such AMT Bond or 2008 Series D Bond is held by a person who, within the meaning of Section 147(a) of the Code, is a "substantial user" of the facilities financed with the proceeds of the AMT Bonds or the 2008 Series D Bonds or a "related person"; (ii) interest on the 2008 Series D Bonds is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; however, interest on the 2008 Series D Bonds is included in the adjusted current earnings of certain corporations for purposes of calculating the alternative minimum tax imposed on such corporations; and (iii) interest on the AMT Bonds is treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code. In rendering this opinion, we have relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Corporation, the Mortgagors (as defined in the General Resolution) of the 2008 Series A Mortgage Loans, the Mortgagors of the 2008 Series D Mortgage Loans (as defined in the Resolutions), and others in connection with the issuance of the 2008 Bonds and we have assumed compliance by the Corporation and such Mortgagors with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2008 Bonds from gross income under Section 103 of the Code.

Under existing statutes, interest on the 2008 Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof (including The City of New York).

We express no opinion regarding any other Federal or state tax consequences with respect to the 2008 Bonds. We render this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update this opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any

action hereafter taken or not taken in reliance upon an opinion of other counsel on the exclusion from gross income for Federal income tax purposes of interest on the 2008 Bonds, or the exemption from personal income taxes of interest on the 2008 Bonds under state and local tax law.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the 2008 Bonds and the Resolutions may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to the general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed 2008 Series A-1-A Bond, an executed 2008 Series A-1-B Bond, an executed 2008 Series A-2 Bond and an executed 2008 Series D Bond, and in our opinion the forms of such Bonds and their execution are regular and proper.

Very truly yours,

Upon delivery of the Taxable Bonds, Hawkins Delafield & Wood LLP, Bond Counsel to the Corporation, proposes to deliver its approving opinion in substantially the following form:

NEW YORK CITY HOUSING
DEVELOPMENT CORPORATION

Ladies and Gentlemen:

We have examined a record of proceedings relating to the issuance of \$8,300,000 Multi-Family Housing Revenue Bonds, 2008 Series A-3 (the “2008 Series A-3 Bonds”), \$37,885,000 Multi-Family Housing Revenue Bonds, 2008 Series B (the “2008 Series B Bonds”), \$25,240,000 Multi-Family Housing Revenue Bonds, 2008 Series C-1 (the “2008 Series C-1 Bonds”), \$14,760,000 Multi-Family Housing Revenue Bonds, 2008 Series C-2 (the “2008 Series C-2 Bonds”) and \$100,000,000 Multi-Family Housing Revenue Bonds, 2008 Series E (the “2008 Series E Bonds”; the 2008 Series A-3 Bonds, the 2008 Series B Bonds, the 2008 Series C-1 Bonds, the 2008 Series C-2 Bonds and the 2008 Series E Bonds being collectively referred to as the “2008 Bonds”) of the New York City Housing Development Corporation (the “Corporation”), a corporate governmental agency, constituting a public benefit corporation, organized and existing under and pursuant to the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of New York), as amended (the “Act”).

The 2008 Bonds are authorized to be issued pursuant to the Act, the Multi-Family Housing Revenue Bonds Bond Resolution of the Corporation, adopted July 27, 1993, as amended (the “General Resolution”), and, with respect to the 2008 Series A-3 Bonds, the Ninety-Second Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series A-3 of the Corporation, adopted April 7, 2008, with respect to the 2008 Series B Bonds, the Ninety-Third Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series B of the Corporation, adopted April 7, 2008, with respect to the 2008 Series C-1 Bonds, the Ninety-Fourth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series C-1 of the Corporation, adopted April 7, 2008, with respect to the 2008 Series C-2 Bonds, the Ninety-Fifth Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series C-2 of the Corporation, adopted April 7, 2008, and with respect to the 2008 Series E Bonds, the Ninety-Seventh Supplemental Resolution Authorizing the Issuance of Multi-Family Housing Revenue Bonds, 2008 Series E of the Corporation, adopted April 7, 2008 (collectively, the “Supplemental Resolutions”; the General Resolution and the Supplemental Resolutions being collectively referred to as the “Resolutions”). The 2008 Series A-3 Bonds are being issued for the purpose of financing, in part, the 2008 Series A Mortgage Loans, the 2008 Series B Bonds are being issued for the purpose of financing the 2008 Series B Mortgage Loans, the 2008 Series C-1 Bonds and the 2008 Series C-2 Bonds are being issued for the purpose of financing the 2008 Series C Mortgage Loan (as such terms are defined in the Resolutions) and the 2008 Series E Bonds are being issued for the purpose of providing the Corporation with monies to refinance certain outstanding mortgage loans and retire certain outstanding bonds of the Corporation.

The 2008 Bonds are dated, mature, are payable, bear interest and are subject to redemption as provided in the Resolutions and the applicable Bond Series Certificates (as defined in the Supplemental Resolutions) of the Corporation fixing the terms and conditions of the 2008 Series B Bonds and the 2008 Series C-1 Bonds.

We have not examined nor are we passing upon matters relating to the real and personal property referred to in the mortgages which are to secure the 2008 Bonds.

Upon the basis of the foregoing, we are of the opinion that:

1. The Corporation has been duly created and validly exists as a corporate governmental agency constituting a public benefit corporation, under and pursuant to the laws of the State of New York (including the Act), and has good right and lawful authority, among other things, to finance the 2008 Series A Mortgage Loans, the 2008 Series B Mortgage Loans and the 2008 Series C Mortgage Loan, to refinance certain outstanding mortgage loans and to retire certain outstanding bonds of the Corporation, to provide sufficient funds therefor by the adoption of the Resolutions and the issuance and sale of the 2008 Bonds, and to perform its obligations under the terms and conditions of the Resolutions, as covenanted in the Resolutions.

2. The Resolutions have been duly adopted by the Corporation, are in full force and effect, and are valid and binding upon the Corporation and enforceable in accordance with their terms.

3. The 2008 Bonds have been duly authorized, sold and issued by the Corporation in accordance with the Resolutions and the laws of the State of New York (the "State"), including the Act.

4. The 2008 Bonds are valid and legally binding special revenue obligations of the Corporation payable solely from the revenues, funds or monies pledged for the payment thereof pursuant to the Resolutions, are enforceable in accordance with their terms and the terms of the Resolutions, and are entitled to the benefit, protection and security of the provisions, covenants and agreements of the Resolutions.

5. The 2008 Bonds are secured by a pledge in the manner and to the extent set forth in the Resolutions. The Resolutions create the valid pledge of and lien on the Revenues (as defined in the Resolutions) and all the Accounts established by the Resolutions and monies and securities therein, which the Resolutions purport to create, subject only to the provisions of the Resolutions permitting the use and application thereof for or to the purposes and on the terms and conditions set forth in the Resolutions.

6. The 2008 Bonds are not a debt of the State or The City of New York and neither is liable thereon, nor shall the 2008 Bonds be payable out of any funds other than those of the Corporation pledged for the payment thereof.

7. Interest on the 2008 Bonds is included in gross income for Federal income tax purposes pursuant to the Internal Revenue Code of 1986, as amended. Under existing statutes, interest on the 2008 Bonds is exempt from personal income taxes imposed by the State or any political subdivision thereof (including The City of New York).

We express no opinion regarding any other Federal or state tax consequences with respect to the 2008 Bonds. We render this opinion under existing statutes and court decisions as of the issue date, and assume no obligation to update this opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation, or otherwise. We express no opinion on the effect of any action hereafter taken or not taken in reliance upon an opinion of other counsel on the exemption from personal income taxes of interest on the 2008 Bonds under state and local tax law.

In rendering this opinion, we are advising you that the enforceability of rights and remedies with respect to the 2008 Bonds and the Resolutions may be limited by bankruptcy, insolvency and other laws affecting creditors' rights or remedies heretofore or hereafter enacted and is subject to the general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law).

We have examined an executed 2008 Series A-3 Bond, an executed 2008 Series B Bond, an executed 2008 Series C-1 Bond, an executed 2008 Series C-2 Bond and an executed 2008 Series E Bond, and in our opinion the forms of such Bonds and their execution are regular and proper.

Very truly yours,

NEW YORK CITY HOUSING DEVELOPMENT CORPORATION

Multi-Family Housing Revenue Bonds

INTRODUCTION

The purpose of this Part II of this Official Statement is to set forth certain information concerning the Corporation, the Program and the Bonds in connection with the issuance or remarketing of certain Series of Bonds by the Corporation. Each Series of Bonds is issued pursuant to the Act, the General Resolution, and a related Supplemental Resolution. Certain defined terms used herein are set forth in Part I of this Official Statement or in “Appendix A—Definition of Certain Terms.”

THE CORPORATION

Purposes and Powers

The Corporation, which commenced operations in 1972, is a corporate governmental agency constituting a public benefit corporation organized and existing under the laws of the State, created for the purposes of providing, and encouraging the investment of private capital in, safe and sanitary dwelling accommodations in the City of New York (the “City”) for families and persons of low income, which include families and persons whose need for housing accommodations cannot be provided by the ordinary operations of private enterprise, or in areas designated as blighted through the provision of low interest mortgage loans. Powers granted the Corporation under the Act include the power to issue bonds, notes and other obligations to obtain funds to carry out its corporate purposes, and to refund the same; to acquire, hold and dispose of real and personal property; to make mortgage loans to specified private entities; to purchase loans from lending institutions; to make loans insured or co-insured by the Federal government for new construction and rehabilitation of multiple dwellings; to make and to contract for the making of loans for the purpose of financing the acquisition, construction or rehabilitation of multi-family housing accommodations; to acquire and to contract to acquire any Federally-guaranteed security evidencing indebtedness on a mortgage securing a loan; to acquire mortgages from the City, obtain Federal insurance thereon and either sell such insured mortgages or issue its obligations secured by said insured mortgages and to pay the net proceeds of such sale of mortgages or issuance of obligations to the City; and to do any and all things necessary or convenient to carry out its purposes. The Act further provides that the Corporation and its corporate existence shall continue at least so long as its bonds, including the Bonds, notes, or other obligations are outstanding.

The sale of the Bonds and the terms of such sale are subject to the approval of the Comptroller of the City. The Corporation is a “covered organization” as such term is defined in the New York State Financial Emergency Act for The City of New York, as amended, and the issuance of the Bonds is subject to the review of the New York State Financial Control Board for The City of New York.

The Corporation’s audited financial statements for the fiscal year ended October 31, 2007, including as Schedule 2 supplemental information related to the Program, are contained in Appendix C hereto. In addition, a summary of assets and revenues related to the Program are described, in part, under “SECURITY FOR THE BONDS—Summary of Program Assets and Revenues.” For a description of the bond, mortgage loan, loan and servicing activities of the Corporation, see “Appendix D—Activities of the Corporation.”

Organization and Membership

The Corporation, pursuant to the Act, consists of the Commissioner of The City of New York Department of Housing Preservation and Development (“HPD”) (who is designated as Chairperson of the Corporation pursuant to the Act), the Commissioner of Finance of the City and the Director of Management and Budget of the City (such officials to serve ex-officio), and four (4) public members, two (2) appointed by the Mayor of the City (the “Mayor”) and two (2) appointed by the Governor of the State. The Act provides that the powers of the Corporation shall be vested in and exercised by not less than four (4) members. The Corporation may delegate to one or more of its members, officers, agents or employees such powers and duties as it deems proper.

None of the Bonds Outstanding are Subordinate Bonds. As of April 1, 2008, approximately \$1,553,940,000, or eighty-five percent (85%), of the Bonds Outstanding bear interest at a fixed rate and approximately \$269,635,000 or fifteen percent (15%) of the Bonds Outstanding bear interest at a variable rate. The Corporation has entered into interest rate caps to hedge the variable interest rate exposure associated with its variable interest rate bond program. See “SECURITY FOR THE BONDS – Interest Rate Caps” and “Appendix F-2 —Interest Rate Cap Agreements” herein. See “Appendix E-4—Cross Call Provisions and Related Information” for more information regarding the interest rates and final maturities of the Outstanding Bonds.

SECURITY FOR THE BONDS

Pledge of the General Resolution

The General Resolution constitutes a contract among the Corporation, the Trustee and the owners of the Bonds issued thereunder and, except as otherwise provided under the General Resolution or in a Supplemental Resolution authorizing a Series of Bonds, its provisions are for the equal benefit, protection and security of the owners of all such Bonds, each of which, regardless of maturity, is to be of equal rank without preference, priority or distinction. The General Resolution authorizes the issuance of Bonds having a charge and lien on the Revenues and other assets pledged under the General Resolution subordinate to the charge and lien of the Bonds (the “Subordinate Bonds”). Prior to the issuance of any Bonds (other than the Subordinate Bonds), the General Resolution requires that the Trustee be provided with confirmation of the then existing ratings on the Bonds (other than the Subordinate Bonds) by each of the Rating Agencies then rating such Bonds. See “Additional Bonds” below.

The Bonds are special revenue obligations of the Corporation payable solely from the Revenues and Accounts described below.

Payment of the principal or Redemption Price of and interest on all Bonds is secured by a pledge of Revenues, which consist of, among other things, unless otherwise provided in a Supplemental Resolution authorizing a Series of Bonds, all payments received by the Corporation from or on account of the Mortgage Loans, including scheduled, delinquent and advance payments of principal of and interest on the Mortgage Loans, proceeds from the sale, assignment, endorsement or other disposition of the Mortgage Loans, amounts received on account of the acceleration of payments due under the Mortgage Loans or other remedial proceedings taken in the event of a default thereon, proceeds of any mortgage insurance or credit enhancement with respect to defaulted Mortgage Loans, proceeds of any hazard insurance or condemnation award, and income derived from the investment of funds held by the Trustee in Accounts established under or pursuant to the General Resolution. Revenues do not, however, include amounts required to be deposited in the Rebate Fund, escrow payments, late charges or administrative, financing, extension, servicing or settlement fees on account of any Mortgage Loan. Payment of the Bonds is also secured by a pledge by the Corporation of its right, title and interest in and to the Mortgage Loans and, except as otherwise provided in any Supplemental Resolution authorizing a particular Series of Bonds, of all Accounts established pursuant to the General Resolution (including the investments thereof, if any). Under the General Resolution, the Corporation is not required to subject to the pledge and lien of the General Resolution assets, including mortgage loans, financed by Bonds issued thereunder. In addition, under the General Resolution the Corporation may pledge Accounts created pursuant to a Supplemental Resolution authorizing a particular Series of Bonds solely to the Bonds of such Series or exclude such Accounts from the pledge of the General Resolution. See “Appendix B—Summary of Certain Provisions of the General Resolution.”

The foregoing pledges are also subject to the terms and provisions of the General Resolution requiring transfers of amounts to the Rebate Fund and permitting the application of the Revenues and amounts in such Accounts for certain purposes, including financing Mortgage Loans, funding the Debt Service Reserve Account in order to maintain such Account at its required level, paying certain amounts to the Trustee, the Corporation and Credit Facility Providers, if any, and paying certain investment fees, if any. The Corporation is also authorized under the General Resolution to withdraw surplus revenues and any Mortgage Loans, free and clear of the pledge and lien of the General Resolution upon filing a Cash Flow Statement with the Trustee. See “Cash Flow Statements and Cash Flow Certificates” below and “Appendix B—Summary of Certain Provisions of the General Resolution—Revenue Account.”

Mortgage Loans

Under the General Resolution, the Corporation is authorized to issue Bonds to finance any of its corporate purposes for which the Corporation may issue bonds under the Act, or any other applicable law now

or hereafter enacted. Such corporate purposes include, but are not limited to, financing one or more Mortgage Loans. The term Mortgage Loan is defined under the General Resolution as a loan for a Project, evidenced by a note, secured by a Mortgage (but such Mortgage need not create a first mortgage lien on such Project) and specified in a Supplemental Resolution as being subject to the lien of the General Resolution. The term Mortgage Loan also includes a participation by the Corporation with another party or parties, public or private, in a loan made to a Mortgagor with respect to a Project, or pool of such loans, and any instrument evidencing an ownership in any such loan or the cash flow therefrom, including, but not limited to, guaranteed mortgage-backed securities. In addition to Mortgage Loans, the Corporation may finance mortgage loans and other assets that are not subject to the pledge of the General Resolution. See “THE PROGRAM—General” and “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” for a description of the Mortgage Loans financed under the Program to date.

If Mortgage Loans are financed under the General Resolution, such Mortgage Loans may, but are not required to, be subject to Supplemental Security insuring or securing against Mortgage Loan default losses. Such Supplemental Security, if any, is required to be specified in the Supplemental Resolution authorizing the related Series of Bonds and may be in the form of, among other things, a policy of mortgage insurance, a guaranteed mortgage-backed security, a letter of credit, a surety bond or an escrow deposit, any or all of which may be obtained pursuant to one or more programs of the Federal, State or local government.

In the case of most of its programs, the Corporation has not assumed sole responsibility for the underwriting of mortgage loans financed thereunder. For certain Mortgage Loans in the Program, the Corporation relies on the underwriting criteria and expertise of other parties, including HUD, FHA, Fannie Mae, REMIC, SONYMA, credit facility providers and/or HPD. For certain other Mortgage Loans in the Program, the Corporation, in conjunction with conventional lenders, credit facility providers and/or HPD, has underwritten such Mortgage Loans. In the future, the Corporation may determine to undertake such underwriting responsibility by itself. In the General Resolution, the Corporation has covenanted to retain and employ competent personnel for the purposes of carrying out its powers thereunder.

Except as otherwise provided in a Supplemental Resolution authorizing Bonds, the Corporation shall do all acts and things necessary to receive and collect Revenues (including diligent enforcement of the prompt collection of all arrears on Mortgage Loans) and shall diligently enforce, and take all steps, actions and proceedings reasonably necessary in the judgment of the Corporation to protect its rights with respect to or to maintain any Supplemental Security on Mortgage Loans or any Subsidy Programs in connection with the Projects securing the Mortgage Loans or the occupancy thereof and to enforce all terms, covenants and conditions of the Mortgage Loans, including the collection, custody and prompt application of all Escrow Payments for the purposes for which they were made. See “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans.”

Pursuant to the respective Supplemental Resolutions, the Mortgage Loans have been assigned certain valuations. See “Cash Flow Statements and Cash Flow Certificates” below.

Cash Flow Statements and Cash Flow Certificates

The General Resolution provides that the Corporation shall file with the Trustee a current Cash Flow Statement: (i) whenever any Series of Bonds is issued; (ii) upon purchase or redemption of Bonds of a Series in a manner other than (a) as contemplated in the last Cash Flow Statement filed by the Corporation with the Trustee or (b) on a basis whereby the Bonds of each maturity of such Series are purchased or redeemed in the proportion that the amount Outstanding of such maturity bears to the total amount of all Outstanding Bonds of such Series, when such purchases or redemptions are to be made in connection with Recoveries of Principal; (iii) prior to withdrawing monies for payment to the Corporation, pursuant to the General Resolution, free and clear of the pledge and lien of the General Resolution, in an amount in excess of the amounts determined to be available for such purpose in the last Cash Flow Statement filed with the Trustee; (iv) prior to selling Mortgage Loans not in default; (v) prior to the financing of or amending Mortgage

Loans to contain terms that would adversely affect the cash flow projections contained in the last Cash Flow Statement filed with the Trustee; (vi) prior to the releasing of any Mortgage Loan from the pledge and lien of the General Resolution; (vii) prior to the application of Recoveries of Principal to any use other than the purchase or redemption of Bonds; (viii) prior to the purchase of Bonds pursuant to certain provisions of the General Resolution at prices in excess of those specified in the General Resolution; or (ix) prior to the application of monies in the Redemption Account resulting from Recoveries of Principal derived from or with respect to any Mortgage Loans to the purchase or redemption of Bonds of a Series other than the Series issued to finance such Mortgage Loans. A Cash Flow Statement is not required in connection with the release of the 2006 Series A Mortgage Loan when no 2006 Series A Bonds are Outstanding or the release of funds in payment of the 2006 HDC Fee (of 1.25% of the outstanding principal amount of the 2006 Series A Bonds). In addition, a Cash Flow Statement is not required in connection with the release of the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and certain of the second Mortgage Loans originated pursuant to the ML Restructuring Program when the Mitchell-Lama Restructuring Bonds are no longer Outstanding.

In addition, the Corporation shall not take any of the actions described in clauses (ii) through (ix) of the preceding paragraph unless subsequent to such action the amount of monies and Investment Securities held in the Bond Proceeds Account, the Redemption Account, the Revenue Account and the Debt Service Reserve Account (valued at their cost to the Corporation, as adjusted by amortization of the discount or premium paid upon purchase of such obligations ratably to their respective maturities), together with accrued but unpaid interest thereon, and the outstanding principal balance of Mortgage Loans, together with accrued but unpaid interest thereon, and any other assets, valued at their realizable value, pledged for the payment of the Bonds will exceed the aggregate principal amount of and accrued but unpaid interest on Outstanding Bonds; provided, however, that in the event that a Supplemental Resolution authorizing the issuance of a Series of Bonds specifies that, for purposes of the requirements of this paragraph, the Mortgage Loans financed by such Series of Bonds shall be valued at other than their outstanding principal balance, then, with respect to such Mortgage Loans, such other value shall be used in the calculations required by this paragraph. Each Supplemental Resolution assigns or provides for the assignment of a valuation to the Mortgage Loans financed thereunder; each such valuation had been established by the Corporation as a result of discussions with the Rating Agencies during the ratings process for each particular Series of Bonds. Pursuant to the respective Supplemental Resolutions, and for purposes of the requirements of this paragraph, the value of the Mortgage Loans with respect to each Series of Bonds is set forth in “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program.” However, with respect to certain Mortgage Loans financed and expected to be financed by a Series of Bonds, the Corporation may increase or decrease the foregoing percentage with respect to any such Mortgage Loan by furnishing to the Trustee (i) a Certificate of an Authorized Officer specifying such higher or lower percentage and (ii) evidence satisfactory to the Trustee that each Rating Agency shall have approved the use of such higher or lower percentage without such use having an adverse effect on its rating on the Bonds.

A Cash Flow Statement consists of a statement of an Authorized Officer of the Corporation giving effect to actions proposed to be taken and demonstrating in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding that amounts then expected to be on deposit in the Accounts in each such Bond Year will be at least equal to all amounts required by the General Resolution to be on deposit in the Accounts for the payment of the principal and Redemption Price of and interest on the Bonds and for the funding of the Debt Service Reserve Account to the Debt Service Reserve Account Requirement. However, a Supplemental Resolution may provide that an Account established in such Supplemental Resolution not be taken into account when preparing the Cash Flow Statement. The Cash Flow Statement shall set forth the assumptions upon which the estimates therein are based, which assumptions are to be based upon the Corporation’s reasonable expectations and must not adversely affect any of the Rating Agencies’ ratings on the Bonds. In calculating the amount of interest due in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding on Bonds bearing interest at a variable rate, the interest rate used shall be assumed to be the fixed rate, which in the judgment of the remarketing agent for such Bonds, or such other financial consultant selected by the Corporation and experienced in the sale of municipal securities (having due

regard to the prevailing market conditions), would be necessary to enable such Bonds to be sold at par in the secondary market on the date of such calculation or such higher or lower rate which does not adversely affect any of the Rating Agencies' ratings on the Bonds. Upon filing a Cash Flow Statement with the Trustee, the Corporation is to perform its obligations under the General Resolution in accordance, in all material respects, with the assumptions set forth in such Cash Flow Statement. Except with respect to actions being taken contemporaneously with the delivery of a Cash Flow Statement, facts reflected in a Cash Flow Statement may be as of a date or reasonably adjusted to a date not more than 180 days prior to the date of delivery of such statement. See "Appendix B—Summary of Certain Provisions of the General Resolution."

In lieu of filing a Cash Flow Statement, a Cash Flow Certificate may be filed in order to take the actions described in (1) clause (iii) of the first paragraph of this subsection or (2) clause (v) of the first paragraph of this subsection relating to amending Mortgage Loans but only if, in the judgment of the Corporation, such amendments do not materially adversely affect the cash flow projections contained in the last Cash Flow Statement. A Cash Flow Certificate shall consist of a statement of an Authorized Officer of the Corporation to the effect of one of the following:

(a) The proposed action is consistent with the assumptions set forth in the latest Cash Flow Statement; or

(b) After giving effect to the proposed action, in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding, amounts expected to be on deposit in the Accounts in each such Bond Year will be at least equal to all amounts required by the General Resolution to be on deposit in such Accounts for the payment of the principal and Redemption Price of and interest on the Bonds, and for the funding of the Debt Service Reserve Account to the Debt Service Reserve Account Requirement, except that to the extent specified in a Supplemental Resolution, an Account established in said Supplemental Resolution shall not be taken into account in connection with such Cash Flow Certificate; or

(c) The proposed action will not in and of itself adversely affect the amounts expected to be on deposit in the Accounts in the current and each succeeding Bond Year in which Bonds are scheduled to be Outstanding, except that the Cash Flow Certificate shall not consider any Accounts which a Supplemental Resolution specifies shall not be taken into account in connection with the delivery of a Cash Flow Certificate.

Debt Service Reserve Account

The Corporation is required to establish a Debt Service Reserve Account for the Bonds pursuant to the General Resolution. If on any Interest Payment Date or Redemption Date the amount available in the Revenue Account and Redemption Account, as applicable, is insufficient to pay Principal Installments and interest due on any Bonds, the Trustee must apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

Under the General Resolution, the Debt Service Reserve Account Requirement is the aggregate of the amounts specified as the Debt Service Reserve Account Requirement for each Series of Bonds in a Supplemental Resolution authorizing the issuance of such Series of Bonds. There is no minimum Debt Service Reserve Account Requirement under the General Resolution. The General Resolution further provides that the Debt Service Reserve Account Requirement for any Series of Bonds may be funded, in whole or in part, through Cash Equivalents if so provided in a Supplemental Resolution authorizing such Series. See "Appendix B—Summary of Certain Provisions of the General Resolution—Debt Service Reserve Account." As of January 31, 2008, the Debt Service Reserve Account had a balance of \$71,300,032.98 including a payment obligation of \$11,925,500 by the Corporation which constitutes a general obligation of the Corporation; the aggregate Debt Service Reserve Account Requirement for all of the Bonds Outstanding was

met as of such date. See “Appendix F-1—Certain Investments under the General Resolution—Debt Service Reserve Account.”

Mortgage Loan Reserve Account

In 2005, the Corporation established a Mortgage Loan Reserve Account for the Mortgage Loans that receive credit enhancement from Fannie Mae. Funds in the Mortgage Loan Reserve Account may be used by the Trustee at the direction and discretion of the Corporation to pay a portion of the debt service on the Fannie Mae Credit Enhanced Mortgage Loans. As of January 31, 2008, the Mortgage Loan Reserve Account had a balance of \$1,365,000. See “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—Fannie Mae—Fannie Mae Credit Enhancement Instrument.”

Interest Rate Caps

In connection with its variable interest rate bond program, the Corporation has entered into agreements to manage its exposure to variable interest rate risk (the “Interest Rate Cap Agreements”) under which, in exchange for an upfront payment from the Corporation, the counterparties to such Interest Rate Cap Agreements agree to pay an amount equal to interest on specified amortizing notional amounts calculated using the amount by which a specified index (the “Index”) exceeds a specified interest rate (the “Strike Rate”). Under certain Interest Rate Cap Agreements, the counterparty is not obligated to pay the Corporation with respect to such notional amounts, the amount by which the rate exceeds a specified ceiling rate (the “Ceiling Rate”). The Corporation has pledged the payments, if any, received from the counterparties pursuant to the Interest Rate Cap Agreements to the General Resolution for the benefit of the Bond owners.

The table in Appendix F-2 hereto sets forth the following information with respect to each Interest Rate Cap Agreement the Corporation has entered: Series of Bonds, counterparty, Index, Strike Rate, Ceiling Rate, effective date and termination date. See “Appendix F-2 – Interest Rate Cap Agreements.”

Additional Bonds

Additional Bonds, subordinate to or on parity with the Bonds then Outstanding, may be issued by the Corporation pursuant to the General Resolution. Prior to the issuance of any such additional Bonds (other than the Subordinate Bonds), the General Resolution requires that the Trustee be provided with, among other things, confirmation of the then existing rating on the Bonds (other than the Subordinate Bonds) by each of the Rating Agencies then rating such Bonds. See “Appendix B—Summary of Certain Provisions of the General Resolution” for a description of the requirements that must be met under the General Resolution prior to the issuance of additional Bonds.

Bonds Not a Debt of the State or the City

The Bonds are not a debt of the State or the City and neither the State nor the City shall be liable thereon, nor shall the Bonds be payable out of any funds other than those of the Corporation pledged therefor. The Corporation has no taxing power.

Summary of Program Assets and Revenues

Accompanying the audited financial statements of the Corporation for the fiscal year ended October 31, 2007 is supplemental information related to the Program (referred to therein as the “Housing Revenue Bond Program”) which is specifically set forth in Schedule 2, all as set forth in Appendix C hereto. Schedule 2 is supplemental information primarily related to the Program for the Corporation’s fiscal years ended October 31, 2007 and 2006. Said schedule includes (i) a balance sheet with assets, liabilities and net assets substantially related to the assets pledged under the General Resolution and (ii) a schedule of revenues, expenses and changes in fund net assets substantially related to the revenues pledged under the General

Resolution. Said schedule does not include financial information with respect to activities under the General Resolution subsequent to October 31, 2007, including the issuance of Bonds or the making of Mortgage Loans after such date.

Schedule 2 contains a schedule of balance sheet information which reflects net assets of approximately \$384,142,000 for the fiscal year ended October 31, 2007, an increase of 0.3% from the 2006 fiscal year. This schedule also provides information pertaining to revenues, expenses and changes in fund net assets that reflects changes in net assets of approximately \$1,403,000 in the fiscal year ended October 31, 2007, a decrease from \$33,017,000 in the 2006 fiscal year.

The Corporation may withdraw assets and surplus revenues from the pledge and lien of the General Resolution upon the filing with the Trustee of a Cash Flow Statement or a Cash Flow Certificate as more fully described in “Cash Flow Statements and Cash Flow Certificates” above. Since the inception of the Program, the Corporation has made withdrawals of surplus revenues. During the fiscal year ended October 31, 2007, the Corporation withdrew \$32,669,366 in surplus revenues. Subsequent to October 31, 2007, the Corporation withdrew \$13,207,536 in surplus revenues.

Certain Investments

Notwithstanding anything to the contrary contained in the General Resolution, any Investment Securities purchased by the Trustee with funds that are pledged pursuant to the General Resolution must, as of the date of such purchase, be rated by each of the Rating Agencies in a category at least equal to the rating category of the Bonds (other than Subordinate Bonds) (or “A-1+” or “P-1,” as applicable, if the Investment Security has a remaining term at the time it is provided not exceeding one (1) year); provided, however, that the Trustee may purchase Investment Securities that are rated lower than that set forth above, so long as the purchase of such Investment Securities does not, as of the date of such purchase, in and of itself, result in a reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies. A change in the rating of any Investment Securities purchased by the Trustee, subsequent to the date of purchase, would not require the Trustee to sell such Investment Securities. If a Rating Agency were to downgrade or withdraw the rating on any Investment Securities previously purchased by the Trustee, the rating on the Bonds could be negatively affected. See “RATINGS.” Investment earnings on Accounts are to be transferred to the Revenue Account except as otherwise provided by the General Resolution. See “Appendix B—Summary of Certain Provisions of the General Resolution—Deposits and Investments” and “—Revenue Account.”

The tables in Appendix F-1 hereto set forth for each Series of Bonds: the type of investment, the investment agreement, the counterparties to the respective investment agreements with the Corporation and the Trustee, the amount of investment (except with respect to the Revenue Account), and the interest rate and the maturity date for such investments, for the Debt Service Reserve Account, the Bond Proceeds Account and certain of the amounts deposited in the Revenue Account.

THE PROGRAM

General

Under the Program, the Corporation may issue Bonds to finance any corporate purpose for which bonds may be issued under the Act or any other applicable law now or hereafter enacted. The Bonds have been issued to, among other things, finance construction Mortgage Loans (the “Construction Mortgage Loans”), and/or finance permanent Mortgage Loans and/or the acquisition of permanent Mortgage Loans (collectively, the “Permanent Mortgage Loans”), for certain newly constructed or rehabilitated Developments. Construction Mortgage Loans and Permanent Mortgage Loans are referred to herein, collectively, as the “Mortgage Loans.”

The General Resolution provides for the issuance of additional Bonds to be used for financing any corporate purpose including the financing of Mortgage Loans and Developments which are neither secured by Supplemental Security nor subsidized pursuant to a Subsidy Program. The General Resolution does not require Mortgage Loans to be secured by first mortgage liens on their respective Developments. A Mortgage Loan also may represent the Corporation’s participation interest in a mortgage loan or the cash flow therefrom (see “2004 Participant Interest,” “2005 Series F Participant Interest and 2005 Series J Participant Interest,” and “2006 Series A Participant Interest,” below). Moreover, the Corporation may withdraw Mortgage Loans and surplus revenues from the pledge and lien of the General Resolution upon the filing with the Trustee of a Cash Flow Statement or Cash Flow Certificate or, with respect to certain Mortgage Loans, without the filing of a Cash Flow Statement or a Cash Flow Certificate. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.”

The information below is as of January 31, 2008.

Mortgage Loans

General

The Mortgage Loans financed Developments located throughout the City of New York. Approximately 150 Developments have more than one Mortgage Loan. The following table summarizes all of the Mortgage Loans outstanding under the Program as of January 31, 2008 other than the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest (which are described under “2004 Participant Interest,” “2005 Series F Participant Interest and 2005 Series J Participant Interest” below) and the 2004 Series E Second Mortgage Loans, the 2005 Series A Second Mortgage Loans, the 2005 Series E Second Mortgage Loan, the 2005 Series F Second Mortgage Loans, the 2005 Series J Second Mortgage Loans and the 2006 Series D Second Mortgage Loans, (such second Mortgage Loans are collectively referred to as the “ML Restructuring Second Mortgage Loans”), (which are described under “ML Restructuring Mortgage Loans” below).

Summary of All Mortgage Loans

	Number of Mortgage Loans	Outstanding Principal Balance of Mortgage Loans	Percentage of Total Outstanding Principal Balance of Mortgage Loans
Permanent Mortgage Loans	805	\$1,754,361,442	84.43%
Construction Mortgage Loans	68	323,497,139	15.57%
TOTAL†	873	\$2,077,858,581	100.00%

† May not add due to rounding.

See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program.”

Approximately 515 of the Permanent Mortgage Loans relate to the 2006 Series A Participant Interest and are subject to a participation interest (see “2006 Series A Participant Interest” below).

There have been no material monetary defaults on any of the Mortgage Loans (generally loans that are sixty (60) to ninety (90) days delinquent in payment of debt service) other than (i) temporary financial difficulties with respect to certain Developments which have since been cured and (ii) certain of the mortgage loans underlying the 2006 Series A Participant Interest prior to the acquisition by the Corporation of a participation interest with respect to such mortgage loans or the cash flow therefrom, and, currently, with respect to one (1) such mortgage loan with an aggregate outstanding principal balance of \$5,779,050 (see “Mortgage Loans with Current Financial Difficulties” below). In addition, the Corporation is currently aware that one (1) Development under the Program with a Mortgage Loan with an aggregate outstanding principal

balance of \$991,546.04 as of January 31, 2008 has received notice of a default for failure to timely complete the Project.

The mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, the ML Restructuring Second Mortgage Loans, certain of the mortgage loans underlying the 2006 Series A Participant Interest and certain of the 2005 Series B Mortgage Loans are secured by second mortgage liens on their respective Developments. Nearly all of the other outstanding Mortgage Loans under the Program are secured by first mortgage liens on their respective Developments. For a description of the valuations assigned to the Mortgage Loans pursuant to the respective Supplemental Resolutions, see “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.” As further security, as of January 31, 2008, approximately one hundred fifteen (115) Permanent Mortgage Loans, with an aggregate outstanding principal balance of approximately \$786,127,573, and fifty-three (53) Construction Mortgage Loans, with an aggregate outstanding principal balance of \$254,195,822, were subject to Supplemental Security. The balance of the Mortgage Loans was not secured by Supplemental Security. In the event of a default on the Mortgage Loans that are not secured by Supplemental Security, the related mortgage liens would likely be the sole security for repayment (see “Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures” below). The information in this paragraph with respect to Supplemental Security excludes information relating to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest, and the 2006 Series A Participant Interest.

In addition, Developments related to most of the Mortgage Loans outstanding under the Program are beneficiaries of one or more Subsidy Programs. However, Developments relating to approximately forty (40) Permanent Mortgage Loans, with an aggregate outstanding principal balance of approximately \$54,859,681 as of January 31, 2008 (35 of which, with an aggregate outstanding principal balance of approximately \$46,904,706, are regulated by HPD under the Mitchell-Lama Law), are neither secured by Supplemental Security nor subsidized through Subsidy Programs. Each Supplemental Security program and Subsidy Program is implemented under different Federal, State or local statutes, and is subject to its own rules and guidelines. See Appendix E-1 hereto and “Appendix G—Description of Supplemental Security and Subsidy Programs.”

Permanent Mortgage Loans

A majority of the Developments with Permanent Mortgage Loans, as measured by outstanding principal balance, have been in operation since at least 2000. As of January 31, 2008, two hundred forty-one (241) of the Developments (which Developments represent approximately eighty-six percent (86%) of the aggregate outstanding principal balance of Permanent Mortgage Loans) were at least ninety-five (95%) occupied. Forty (40) of the Developments (which Developments represent approximately 11% of the aggregate outstanding principal balance of Permanent Mortgage Loans) were at least ninety (90%) and less than ninety-five (95%) occupied. Ten (10) of the Developments (which Developments represent approximately three percent (3%) of the aggregate outstanding principal balance of Permanent Mortgage Loans) were less than ninety (90%) occupied. The information contained in this paragraph excludes information relating to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest and the 2006 Series A Participant Interest and the related Developments, which are generally seasoned Mortgage Loans with Developments that have been in operation on average for more than 15.3 years.

The following table summarizes the Supplemental Security and Subsidy Programs, if any, relating to the completed Developments and Permanent Mortgage Loans (excluding the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, the ML Restructuring Second Mortgage Loans) outstanding under the Program as of January 31, 2008.

All of the Construction Mortgage Loans (other than the ML Repair Mortgage Loans, which have an aggregate outstanding construction mortgage loan amount of approximately \$16,000,000) are secured by standby letters of credit; such letters of credit need not meet the requirements under the General Resolution for Credit Facilities. Such letters of credit may be drawn upon by the Corporation if a Mortgagor fails to make the required payments of interest and principal on the related Construction Mortgage Loan. Such letters of credit are not pledged to the owners of the Bonds; however, any payments received by the Corporation from the letter of credit providers pursuant to such letters of credit will be pledged for the benefit of the owners of the Bonds. It is anticipated that upon conversion of the Construction Mortgage Loans secured by letters of credit to Permanent Mortgage Loans, the letters of credit will be released and such Permanent Mortgage Loans (other than those secured by REMIC Insurance, SONYMA Insurance, GNMA or a Long-term LOC) will not be secured by Supplemental Security. See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Developments and Construction Mortgage Loans Outstanding under the Program as of January 31, 2008.”

2004 Participant Interest

In connection with the issuance of the 2004 Series D Bonds, the Corporation entered into a Participation Agreement (the “2004 Participation Agreement”) with the City and purchased a 100% beneficial ownership interest (the “2004 Participant Interest”) in all cash flow (with certain exceptions) to be paid to the City as owner of the Class B Certificates (the “Class B Certificates”) issued under the NYC Mortgage Loan Trust, Multifamily Mortgage Pass-Through Certificates, Series 1996, created by the REMIC Pooling and Servicing Agreement, dated as of June 1, 1996, among the City, as depositor, the Corporation, as servicer, and State Street Bank and Trust Company, as trustee (collectively, the “Certificates Trust”). The Certificates Trust consists of a trust fund made up primarily of Section 236 Contracts related to 11 permanent second mortgage loans. As of January 31, 2008, such mortgage loans had an aggregate outstanding principal balance of approximately \$46,894,348. However, for purposes of the General Resolution, the 2004 Participant Interest constitutes a “Mortgage Loan” and for purposes of valuation under the General Resolution the principal balance of such Mortgage Loan is the amount of the projected cash flow to be paid under the Class B Certificates and not the principal amount of the underlying mortgage loans. As of January 31, 2008, the 2004 Participant Interest was valued at \$18,025,053. Subject to prepayments of the second mortgage loans, the monthly Section 236 contract payments are projected to begin on April 1, 2017 and end on September 1, 2025 and range from \$13,870 to \$222,448 per year.

The Class B Certificates are subordinate in right of payment to the \$16,993,187 principal amount outstanding, as of January 31, 2008, of the Class A-3 NYC Mortgage Loan Trust, Multifamily Mortgage Pass-Through Certificate, Series 1996 (the “Class A Certificates”). The Class A Certificates are secured by an insurance policy issued by AMBAC Indemnity Corporation (the “Class A Certificates Insurance Policy”). Based upon the Class A Certificates Insurance Policy, the Class A Certificates are rated “AAA” by S&P and “Aaa” by Moody’s. There are currently no defaults under the pooling and servicing agreement related to the Class A Certificates or the Class B Certificates.

The Corporation has pledged the 2004 Participant Interest (net of certain amounts to be paid to the Corporation) for the benefit of the Holders of the Bonds; provided that the 2004 Participant Interest will be automatically released from the lien of the General Resolution on the date that no Mitchell-Lama Restructuring Bonds remain Outstanding under the Resolution, and such release shall not require a Cash Flow Statement or a Cash Flow Certificate.

The second mortgage loans deposited with the Certificates Trust contain terms permitting prepayment thereof at the option of the mortgagors at any time. Except as stated below, the portion of such payments distributable under the Certificates Trust after required payments on the Senior Class Certificates (the “Excess Prepayment Distribution”) will be paid as a cash distribution under the 2004 Participant Interest and will constitute a Recovery of Principal under the General Resolution which the Corporation can determine to apply to the redemption of any Series of Mitchell-Lama Restructuring Bonds. The Corporation has offered to each of the mortgagors with mortgage loans deposited with the Certificates Trust the opportunity to receive new mortgage financing under the ML Restructuring Program of the Corporation, which new mortgage financing will cause prepayment of the related mortgages deposited with the Certificates Trust and, to the extent of any Excess Prepayment Distribution, be paid as a cash distribution under the 2004 Participant Interest. Any such cash distributions under the 2004 Participant Interest will not constitute Recoveries of Principal under the General Resolution and the Corporation expects to cause the release of such amounts from the lien of the General Resolution (in accordance with the requirements of the General Resolution) to reimburse it for funds advanced by the Corporation for the restructuring. To the extent that any of such mortgagors with mortgage loans deposited with the Certificates Trust do not participate in the ML Restructuring Program but obtain other sources for prepayment of their mortgage loans, any prepayment of the related mortgages deposited with the Certificates Trust by such mortgagors, to the extent of any Excess Prepayment Distribution and less any amounts owed to the Corporation, will be paid as a cash distribution under the 2004 Participant Interest and will constitute a Recovery of Principal under the General Resolution and may only be used to redeem Mitchell-Lama Restructuring Bonds. See “Appendix E-4—Cross-Call Provisions and Related Information.” Mortgagors of eleven (11) Developments have prepaid their mortgage loans as part of their participation in the ML Restructuring Program. Mortgagors of nine (9) Developments have prepaid their mortgage loans with their own financing. The Mortgagors of two (2) additional applicable Developments have notified the Corporation of their intent to prepay with their own financing. For additional information regarding the 2004 Participant Interest, see “Certain Factors Affecting the Mortgage Loans—Subsequent Prepayments” and “—Prepayment Notifications,” “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—2004 Series D Second Mortgage Loans Held as Assets of the Certificates Trust Underlying the 2004 Participant Interest as of January 31, 2008.”

2005 Series F Participant Interest and the 2005 Series J Participant Interest

In connection with the issuance of the 2005 Series F-2 Bonds, the Corporation entered into a Participation Agreement (the “2005 Series F Participation Agreement”) with the City and purchased a 100% participation interest in twelve (12) second mortgage loans. In connection with the issuance of the 2005 Series J-2 Bonds, the Corporation entered into a Participation Agreement (the “2005 Series J Participation Agreement”) with the City and purchased a 100% participation interest in eleven (11) second mortgage loans. The mortgage notes relating to such mortgage loans are held by the City and secured by second mortgage liens on the applicable Developments (the “2005 Series F Participant Interest Developments” and the “2005 Series J Participant Interest Developments,” respectively). Such mortgage loans are not secured by Supplemental

Security (see “THE PROGRAM—Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures” and “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to the Mortgage Loans”). The City of New York Department of Housing Preservation and Development (“HPD”) services all of such mortgage loans. All of the 2005 Series F Participant Interest Developments and 2005 Series J Participant Interest Developments have first mortgage loans that are held and serviced by the Corporation.

The aggregate number of dwelling units in the 2005 Series F Participant Interest Developments is approximately 1,949 in seven (7) developments. The aggregate outstanding principal balance of the second mortgage loans underlying the 2005 Series F Participant Interest is approximately \$31,746,614 as of January 31, 2008. No principal or interest payments are due on the underlying mortgage loans for approximately twelve years from the date the Corporation acquired the 2005 Series F Participant Interest. The accrued and unpaid interest on the mortgage loans is approximately \$25,370,236 as of January 31, 2008. Approximately \$13,270,191 of additional interest is scheduled to accrue to the commencement date of the payment of debt service on the mortgage loans absent any prepayments and without taking into account certain interest earnings for which the mortgagors receive credit. Debt service payments are scheduled to commence approximately ten years prior to the mortgage loan maturity date. The mortgage loans mature between August 1, 2027 and October 1, 2028 and the weighted average interest rate for the mortgage loans is 3.96%. The aggregate number of dwelling units in the 2005 Series J Participant Interest Developments is approximately 2,132 in three (3) developments. The aggregate outstanding principal balance of the second mortgage loans underlying the 2005 Series J Participant Interest is approximately \$18,502,401 as of January 31, 2008. No principal or interest payments are due on the underlying mortgage loans for approximately thirteen years. The current accrued and unpaid interest on the mortgage loans is approximately \$12,144,102 as of January 31, 2008. Approximately \$9,173,818 of additional interest is scheduled to accrue to the commencement date of the payment of debt service on the mortgage loans absent any prepayments and without taking into account certain interest earnings for which the mortgagors receive credit. Debt service payments are scheduled to commence approximately ten years prior to the mortgage loan maturity date. The mortgage loans mature between October 1, 2028 and April 1, 2039 and the weighted average interest rate for the mortgage loans is 3.33%.

All of the mortgage loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest contain provisions permitting the Mortgagor of the 2005 Series F Participant Interest Development or 2005 Series J Participant Interest Development to prepay the applicable mortgage loan, in whole or in part, at any time (see “Appendix E-2—Mortgage Loan Prepayment Provisions—Category 1”). If any of such mortgagors do not participate in the ML Restructuring Program but obtain other sources of prepayment of their mortgage loans, such payments will be paid as a cash distribution under the 2005 Series F Participant Interest or 2005 Series J Participant Interest, as applicable, and will constitute a Recovery of Principal under the General Resolution which the Corporation can determine to apply to the redemption of Mitchell-Lama Restructuring Bonds. The Corporation has offered to each of the mortgagors of the mortgage loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest the opportunity to receive new mortgage financing under the ML Restructuring Program of the Corporation, which new mortgage financing will cause prepayment of the related mortgages and be paid as a cash distribution under the 2005 Series F Participant Interest or the 2005 Series J Participant Interest, as applicable. The 2005 Series F-2 Supplemental Resolution and the 2005 Series J-2 Supplemental Resolution each provides that any such cash distributions under the 2005 Series F Participant Interest or the 2005 Series J Participant Interest, as applicable, will not constitute Recoveries of Principal under the General Resolution and the Corporation expects to cause the release of such amounts from the lien of the General Resolution (in accordance with the requirements of the General Resolution) to reimburse it for funds advanced by the Corporation for the restructuring.

The 2005 Series F Participant Interest and the 2005 Series J Participant Interest shall be automatically released from the lien of the General Resolution when no Mitchell-Lama Restructuring Bonds are Outstanding without the requirement for a filing of any Cash Flow Statement or Cash Flow Certificate.

Pursuant to the 2005 Series F Participation Agreement and the 2005 Series J Participation Agreement, notwithstanding the acquisition of a 100% participation interest by the Corporation, legal title to the mortgage loans underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest will remain with the City.

For additional information regarding the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, see “Certain Factors Affecting the Mortgage Loans—Subsequent Prepayments” and “—Prepayment Notifications” and “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Mortgage Loans Underlying the 2005 Series F Participant Interest and the 2005 Series J Participant Interest Outstanding Under the Program as of January 31, 2008.”

2006 Series A Participant Interest

In connection with the issuance of the 2006 Series A Bonds, the Corporation refunded the 2002 Series D Bonds and the 2003 Series D Bonds issued by the Corporation under the General Resolution. In connection with the issuance of the 2002 Series D Bonds, the Corporation entered into a Participation Agreement (the “2002 Participation Agreement”) with the New York City Mortgage Sale Facilitation Trust 2002-2, a Delaware statutory trust (the “2002 Facilitation Trust”), and purchased a participation interest with the proceeds of the 2002 Series D Bonds. The 2002 Participation Agreement was amended and restated in connection with the issuance of the 2003 Series D Bonds and further amended in connection with the issuance of the 2006 Series A Bonds. In connection with the issuance of the 2003 Series D Bonds, the Corporation entered into a Participation Agreement (the “2003 Participation Agreement”) with the New York City Mortgage Sale Facilitation Trust 2003-1, a Delaware statutory trust (the “2003 Facilitation Trust,” with the 2002 Facilitation Trust, the “Facilitation Trusts”), and purchased a participation interest with the proceeds of the 2003 Series D Bonds. The 2003 Participation Agreement was amended in connection with the issuance of the 2006 Series A Bonds. The 2002 Participation Agreement and the 2003 Participation Agreement, as so amended, are referred to as the “Participation Agreements.”

Such participation interests in the aggregate consist of (i) a 100% participation interest in certain permanent mortgage loans for multi-family housing developments (the “2006 Series A Purchased Mortgage Loans”), (ii) a 100% participation interest in a portion of the cash flow derived from the Class E-1 Sheridan Trust II Multifamily Mortgage Pass-Through Certificate, Series 1996M-1 (the “Class B-1 Sheridan Trust II Certificate”), at a pass-through rate of 3.361%, which certificate evidences a beneficial ownership interest in the Class B Sheridan Trust Multifamily Mortgage Pass-Through Certificate, Series 1995M-1 (the “Class B Sheridan Trust Certificate”), which certificate, in turn, represents a beneficial ownership interest in certain permanent mortgage loans (the “2006 Series A Trust Mortgage Loans”) excluding certain voting rights with respect to the Class B-1 Sheridan Trust II Certificate, (iii) all rights, but not the obligations, of the “owner” of the 2006 Series A Purchased Mortgage Loans under the servicing agreements with respect to the 2006 Series A Purchased Mortgage Loans, and (iv) all rights of the Facilitation Trusts under the Purchase and Sale Agreements between the City and each Facilitation Trust (collectively, the “Purchase and Sale Agreements”), pursuant to which the City assigned the 2006 Series A Purchased Mortgage Loans and the Class B-1 Sheridan Trust II Certificate to the applicable Facilitation Trust (such interests, net of certain amounts payable to the Corporation and other servicers for servicing the underlying mortgage loans are referred to collectively as the “2006 Series A Participant Interest”).

The Corporation has pledged the 2006 Series A Participant Interest for the benefit of the Holders of the Bonds; provided that such 2006 Series A Participant Interest shall be automatically released from the lien of the General Resolution when no 2006 Series A Bonds are Outstanding and such release shall not require the provision of a Cash Flow Statement or a Cash Flow Certificate. The 2006 Series A Participant Interest constitutes a “Mortgage Loan” under the General Resolution and is referred to herein as the “2006 Series A Mortgage Loan.”

Approximately 37.91% of the aggregate outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan are secured by a first mortgage lien on the applicable Development and approximately 62.09% of the aggregate outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan are secured by a second mortgage lien on the applicable Development. The mortgage loans underlying the 2006 Series A Mortgage Loan are generally seasoned mortgage loans with Developments that have been in operation on average for more than 15.3 years.

The mortgage loans underlying the 2006 Series A Mortgage Loan were originated and underwritten by parties other than the Corporation.

Pursuant to the Purchase and Sale Agreements, legal title to the 2006 Series A Purchased Mortgage Loans remained with the City. In addition, with respect to the 2006 Series A Purchased Mortgage Loans that are regulated pursuant to the Mitchell-Lama Law, HPD remained the supervising agency. The Corporation, the Facilitation Trusts and HPD have entered into agreements pursuant to which HPD agreed to pursue certain remedies with respect to any defaulted mortgage loan underlying the 2006 Series A Purchased Mortgage Loans as directed by the Corporation. In the event title to any Development related to the 2006 Series A Purchased Mortgage Loans is acquired as a result of proceedings instituted upon a default on a 2006 Series A Purchased Mortgage Loan, such Development shall constitute an “Acquired Project” for purposes of the General Resolution (see “Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures”). In addition, if a monetary default on such 2006 Series A Purchased Mortgage Loan was caused by a breach of a representation or warranty given by the City, HPD or Community Preservation Corporation (“CPC”) with respect to such 2006 Series A Purchased Mortgage Loan, or, if such breach prevents the Corporation from realizing on the security provided by such 2006 Series A Purchased Mortgage Loan, the City has agreed to correct such breach, repurchase such 2006 Series A Purchased Mortgage Loan or substitute mortgages of equal value.

The Corporation’s rights as to the 2006 Series A Trust Mortgage Loans are limited by (i) the terms of the trust related to the Class B Sheridan Trust Certificate and (ii) the fact that voting rights with respect to said trust, including the right to amend or terminate said trust, have been retained by the City and not granted to the Corporation. The City has agreed, however, to consult with the Corporation prior to the exercise of such rights and not to exercise any such rights in a manner that shall have a material adverse effect on the rights of the Corporation to receive payments on the Class B-1 Sheridan Trust II Certificate without the prior written consent of the Corporation.

For additional information regarding the mortgage loans underlying the 2006 Series A Participant Interest, see “Certain Factors Affecting the Mortgage Loans—Subsequent Prepayments” and “-Prepayment Notifications” and “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—2006 Series A Purchased Mortgage Loans and 2006 Series A Trust Mortgage Loans as of January 31, 2008.”

ML Restructuring Mortgage Loans

The proceeds of certain of the Mitchell-Lama Restructuring Bonds were used to finance mortgage loans, each of which was evidenced by a mortgage note payable to the Corporation and secured by a first mortgage lien on the applicable Development (the “ML Restructuring First Mortgage Loans”). The term to maturity for most of the ML Restructuring First Mortgage Loans is 30 years. The ML Restructuring First Mortgage Loans contain provisions prohibiting prepayment by the Mortgagor of the applicable Development for approximately fifteen years following the execution of such ML Restructuring First Mortgage Loans.

The proceeds of certain of the Mitchell-Lama Restructuring Bonds were also used to finance mortgage loans to the Mortgagors of the ML Restructuring First Mortgage Loans each of which was evidenced by a mortgage note payable to the Corporation and secured by a second mortgage lien on the applicable Development (the “ML Restructuring Second Mortgage Loans”). The interest rate for each ML Restructuring Second Mortgage Loan is 0% and the term to maturity for most of the ML Restructuring Mortgage Loans is 30

years. The ML Restructuring Second Mortgage Loans do not amortize and the balloon payment on each of the ML Restructuring Second Mortgage Loans is due within 90 days after maturity of the related ML Restructuring First Mortgage Loan. Most of the ML Restructuring Second Mortgage Loans contain provisions prohibiting prepayment by the Mortgagor of the applicable Development, for approximately fifteen years following the execution of such ML Restructuring First Mortgage Loans. The ML Restructuring Second Mortgage Loans were assigned a 0% valuation. See “SECURITY FOR THE BONDS—Cash Flow Statements and Cash Flow Certificates.” The Corporation sold to the City a residual right to ownership of the ML Restructuring Mortgage Loans, which will be transferred to the City on the date when no Mitchell-Lama Restructuring Bonds remain Outstanding under the General Resolution. Such transfer of the ML Restructuring Second Mortgage Loans on such date will be made automatically and without the requirement for a filing of any Cash Flow Statement or Cash Flow Certificate.

Prepayments of the ML Restructuring First Mortgage Loans and prepayments of the ML Restructuring Second Mortgage Loans may be used to redeem only Mitchell-Lama Restructuring Bonds. See “Appendix E-4—Cross-Call Provisions and Related Information.” For additional information regarding the ML Restructuring Second Mortgage Loans, see “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program— ML Restructuring Second Mortgage Loans Outstanding Under the Program as of January 31, 2008.”

Servicing

All of the Mortgage Loans are serviced by the Corporation except for (i) the Mortgage Loans financed through the acquisition of GNMA Securities which are serviced by the applicable Mortgage Banker, (ii) certain mortgage loans underlying the 2006 Series A Participant Interest which are serviced by private third-party servicers as described below and (iii) certain Construction Mortgage Loans which are serviced by the bank issuing the letter of credit during construction. The mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest are also serviced by the Corporation. Servicing by the Corporation includes the collection of mortgage payments from the Mortgagors of the applicable Developments.

With respect to Mortgage Loans serviced by the Corporation and not regulated by HPD, an escrow account for the payment of taxes, hazard insurance and mortgage insurance, if any, is maintained by the Corporation for each Development and is funded from the monthly revenues of each such Development. FHA and GNMA regulations impose similar obligations on the Mortgage Banker in connection with the Mortgage Loans financed through the acquisition of GNMA Securities. However, with respect to Mortgage Loans regulated by HPD pursuant to the Mitchell-Lama Law and not insured by FHA, there is no such escrow requirement. With respect to Mortgage Loans serviced by the Corporation and not regulated by HPD, each Mortgagor is also required to maintain a reserve fund for replacements with the Corporation. These reserve funds for replacements are funded from the monthly revenues of their respective Development. With respect to Mortgage Loans regulated by HPD pursuant to the Mitchell-Lama Law and not insured by FHA, each Mortgagor is required to maintain a reserve fund for replacements. In general, the applicable escrows and reserves for the Developments serviced by the Corporation were funded at the required levels. The Corporation requires financial statements for each Development serviced by the Corporation to be furnished to the Corporation annually.

The Corporation conducts an annual site review of each Development with a Permanent Mortgage Loan serviced by the Corporation to monitor its physical condition; however, Developments with FHA-insured Mortgage Loans having a superior inspection rating need only be inspected by the Corporation every three (3) years and the Corporation generally does not inspect Developments for which the Corporation holds only a subordinate lien mortgage. During this review, the Corporation undertakes various procedures to monitor the exterior and interior physical condition of the Developments. See “Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings.”

The Corporation's inspection ratings for the Developments, which incorporate HUD's inspection ratings for FHA-insured mortgage loans, include four rating levels: superior (HUD score: 90-100), satisfactory (HUD score: 60-89), below average (HUD score: 46-59) and unsatisfactory (HUD score: 0-45). Developments with FHA-insured mortgage loans with a physical condition that is below average or unsatisfactory may be subject to certain actions by HUD (see "FHA-Insured Mortgage Loans with Low Inspection Ratings" below). As of January 31, 2008, the physical condition of the inspected Developments (other than those related to the 2006 Series A Participant Interest), based upon the aggregate outstanding principal balance of Permanent Mortgage Loans, was approximately 17.4% superior, 73.5% satisfactory, 5.1% below average and 4.0% unsatisfactory. The foregoing information excludes information with respect to the Developments related to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest. As of January 31, 2008, the physical condition of the inspected Developments related to the 2006 Series A Participant Interest, based upon the aggregate outstanding principal balance of the mortgage loans underlying the 2006 Series A Participant Interest, was approximately 25.55% superior, 58.43% satisfactory, 1.90% below average and 0.24% unsatisfactory. Developments subject to approximately 13.88% in outstanding principal balance of mortgage loans underlying the 2006 Series A Participant Interest have not been inspected recently. See "THE PROGRAM—Servicing."

As a result of certain recently-instituted procedures by HUD, properties with FHA-insured mortgage loans which score under 60 according to HUD's inspection ratings may be subject to foreclosure by HUD. See "FHA-Insured Mortgage Loans with Low Inspection Ratings" below and Appendix E-1 hereto.

Any Development subsidized through the Section 8 program which receives an unsatisfactory physical condition rating may have its subsidy payments reduced, suspended or terminated. In addition, HUD may reduce the Section 236 subsidy in certain cases if a unit or units in a Development subsidized through the Section 236 program become not habitable for any reason. In the event such payments were reduced, suspended or terminated in respect of a Permanent Mortgage Loan subsidized by a HAP Contract or a Section 236 Contract, such reduced, suspended or terminated payments would not be available to pay debt service on such Mortgage Loan, which could result in a default on such Mortgage Loan.

The Corporation's inspection reviews include recommendations for curing deficiencies. The Corporation monitors those Developments which receive below average and unsatisfactory ratings in order to determine whether (i) required reports have been made and/or (ii) curative work has been undertaken and completed within a prescribed time frame. In order to cure deficiencies and thus improve the ratings of such Developments, the Corporation may advise the Mortgagor to request a drawdown on its respective reserve fund for replacements. If the reserves are not sufficient to cover the work required to improve a Development's rating or if the Corporation has determined that the low rating is due to Mortgagor neglect, the Corporation will meet with the Mortgagor to discuss corrective actions in all review reporting areas which include management practices, financial operations, and vouchering procedures, as well as physical condition. For additional information concerning the Permanent Mortgage Loans and the related Developments, their respective physical inspection ratings, and the Corporation's inspection procedures and rating categories, see "Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Developments and Permanent Mortgage Loans Outstanding under the Program as of January 31, 2008" and "Appendix E-3—Permanent Mortgage Loan Physical Inspection Ratings." In addition, the Corporation conducts an annual review of (i) the inspected Developments to monitor their financial condition and (ii) the Developments subsidized through the Section 8 program to monitor their financial management controls.

In addition to the Corporation, CPC and Wachovia Multifamily Capital Inc. ("Wachovia"), both of which are experienced mortgage loan servicers, service the mortgage loans underlying the 2006 Series A Participant Interest. Approximately 197 of the mortgage loans underlying the 2006 Series A Participant Interest (representing \$277,783,698 of the outstanding principal balance) are serviced by CPC, approximately 41 of the mortgage loans underlying the 2006 Series A Participant Interest (representing \$78,388,325 of the outstanding principal balance) are serviced by Wachovia and the remainder of the mortgage loans underlying the 2006 Series A Participant Interest are serviced by the Corporation. In addition to collecting mortgage

payments, required escrows and reserves from the Mortgagors of the applicable Developments, CPC and Wachovia currently conduct annual physical inspections of the Developments that are subject to the mortgage loans underlying the 2006 Series A Participant Interest that they service. The Corporation currently conducts annual inspections of the Developments that it services that are subject to first mortgage liens.

In addition to insurance coverage required by FHA, the Corporation requires property, liability, boiler and machinery, and fidelity insurance for the Mortgage Loans that it services (see “Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—FHA Insurance Program—General”). Property insurance must cover at least the outstanding Mortgage Loan amount and lost rental value of at least one year’s rental income at the Development. As of January 31, 2008, all such Developments were in compliance with the Corporation’s insurance requirements. With respect to the mortgage loans underlying the 2006 Series A Participant Interest serviced by CPC, CPC has agreed to monitor, pursuant to servicing agreements, compliance by the applicable Mortgagor with the insurance requirements set forth in the loan documents related to such mortgage loans underlying the 2006 Series A Participant Interest.

Certain Factors Affecting the Mortgage Loans

Scheduled Payments of Principal and Interest

The ability of the Corporation to pay the principal or redemption price of and interest on the Bonds is dependent on the Revenues derived from the assets pledged to secure the Bonds, including the Mortgage Loans, and with respect to such Mortgage Loans, the proceeds under the applicable Supplemental Security program, if any, in the event of a default on a Mortgage Loan, and the full and timely receipt of subsidy payments under the applicable Subsidy Program, if any. The ability of each Mortgagor to make the required payments under its Mortgage Loan is and will be affected by a variety of factors, including the maintenance of a sufficient level of occupancy, the maintenance of the physical condition of its Development, the level of operating expenses, sound management of its Development, timely receipt of subsidy payments, as applicable, the ability to achieve and maintain rents sufficient to cover payments under such Mortgage Loan and operating expenses (including taxes, utility rates and maintenance costs), any changes in the amount of subsidy payments, if any, changes in applicable laws and governmental regulations, and the financial condition of the Mortgagor. In addition, the continued feasibility of a Development may depend in part upon general economic conditions and other factors in the surrounding area of a Development.

Accordingly, in the event of the occurrence of substantial increases in operating costs without corresponding increases in rent levels on a timely basis, substantial reductions in occupancy or a reduction, loss or termination of subsidy payments, there may be a default with regard to one or more of the Mortgage Loans. In the event of any such default, the Corporation is required to apply for payment of proceeds under the applicable Supplemental Security program, if any, due with regard to any such Mortgage Loan. In the event of any such default where such Mortgage Loan is not secured by Supplemental Security, such mortgage lien would likely be the sole security for repayment of such Mortgage Loan (see “New York Foreclosure Procedures and Bankruptcy—New York Foreclosure Procedures” below and “Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans”). Such proceeds, when received, together with other monies available under or pursuant to the General Resolution may be applied to redeem an allocable portion of certain Bonds. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” For a discussion of Supplemental Security and Subsidy Programs, see Appendix G hereto.

Prepayments of Principal

General. The Corporation may receive amounts relating to the principal of the Mortgage Loans financed with the proceeds of the Bonds prior to the scheduled due date of such principal. As of January 31, 2008, (i) principal prepayments, at the option of the applicable Mortgagor, are permitted with respect to

approximately 512 Mortgage Loans with an aggregate outstanding principal balance of approximately \$686,740,819 (the “Unrestricted Prepayment Mortgage Loans”) and the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and (ii) principal prepayments, at the option of the applicable Mortgagor, are (A) not permitted at all or only after a prescribed time period, or (B) permitted only with the approval of FHA and/or the Corporation and, under certain circumstances, only after a prescribed time period, with respect to approximately 361 Mortgage Loans with an aggregate outstanding principal balance of approximately \$1,391,117,762 (the “Restricted Prepayment Mortgage Loans”) and the ML Restructuring Second Mortgage Loans. All of the Mortgage Loans and the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest are subject to prepayment of principal in whole or in part from proceeds of insurance or condemnation. Prepayments of principal may be subject to other terms and conditions, including the payment of penalties and premiums. There may be certain other restrictions outside the Mortgage Loan documents that limit the ability of the applicable Mortgagor to prepay. Any such prepayment could result in the special redemption from Recoveries of Principal of certain Bonds at any time. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.”

For a more detailed discussion of the prepayment terms and conditions for all of the outstanding Mortgage Loans under the Program, see “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” which identifies the applicable categories of prepayment provisions for each Mortgage Loan and Appendix E-2 hereto which sets forth each of the Mortgage Loan prepayment categories. In general, prepayments are subject to the payment of certain fees and expenses, and any prepayment premium or penalty does not constitute a Pledged Receipt or Recovery of Principal unless otherwise specified in a Supplemental Resolution. In addition, prior written notice of any optional prepayment to the Corporation or the Mortgage Banker, as applicable, generally is required.

Under the General Resolution, advance payments of amounts to become due pursuant to a Mortgage Loan, including those made at the option of a Mortgagor, shall be deposited in the Redemption Account. Unless specifically directed otherwise by written instructions of an Authorized Officer of the Corporation and accompanied by a Cash Flow Statement, any monies in the Redemption Account resulting from such Recoveries of Principal shall be applied to the purchase or redemption of Bonds of the Series issued to finance the Mortgage Loans which gave rise to the Recoveries of Principal. See “THE PROGRAM – 2004 Participant Interest” and “– 2005 Series F Participant Interest and the 2005 Series J Participant Interest” for a discussion of the application of prepayments of the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest, respectively.

Notwithstanding the preceding paragraph, if the Corporation files a Cash Flow Statement with the Trustee, it may deposit such Recoveries of Principal in the Bond Proceeds Account or the Revenue Account in lieu of applying such monies to purchase or redeem Bonds. See “Appendix B—Summary of Certain Provisions of the General Resolution—Bond Proceeds Account” and “—Revenue Account” with respect to the right of the Corporation to apply prepayments of the Mortgage Loans for purposes other than the purchase or redemption of Bonds, and the right of the Corporation to withdraw surplus revenues in the Revenue Account from the pledge and lien of the General Resolution. See the description of the redemption provisions for the applicable series of Bonds in Part I of the Official Statement. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.”

Subsequent Prepayments. Subsequent to January 31, 2008, two (2) Unrestricted Prepayment Mortgage loans relating to President Arms and Linden Plaza, with an aggregate outstanding principal balance of \$31,830,615 have been prepaid. Subsequent to January 31, 2008, two (2) mortgage loans underlying the 2006 Series A Participant Interest, with an aggregate outstanding principal balance of approximately \$1,251,458 have been prepaid. The Corporation expects to use a substantial portion of this money to redeem outstanding 2006 Series A Bonds.

Prepayment Notifications. The Corporation expects that there will be significant prepayments of the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest and the 2006 Series A Participant Interest. The Corporation has received two (2) prepayment notifications with respect to mortgage loans underlying the 2004 Participant Interest with an aggregate outstanding principal balance of \$7,023,402, and one (1) prepayment notification with respect to mortgage loans underlying the 2005 Series J Participant Interest with an aggregate outstanding principal balance of \$1,716,557. Subsequent to January 31, 2008, the Corporation has received two (2) prepayment notifications with respect to mortgage loans underlying the 2006 Series A Participant Interest with an aggregate outstanding principal balance of \$15,680,981.

From time to time the Corporation has received inquiries or expressions of interest from Mortgagors regarding the possible prepayment, refinancing or restructuring of their respective Mortgage Loans. There can be no assurance as to whether any such prepayment, refinancing or restructuring will occur.

New York Foreclosure Procedures and Bankruptcy

Below are descriptions of current foreclosure procedures in New York State and current bankruptcy provisions for mortgage loans generally. Such descriptions are relevant for Mortgage Loans under the Program not fully secured by Supplemental Security.

New York Foreclosure Procedures. In order to recover the debt due on a defaulted mortgage loan, the holder of the mortgage loan may either commence an action on the mortgage debt or commence an action to foreclose the mortgage. New York law restricts the ability of the holder of a mortgage loan to simultaneously bring an action to recover the mortgage debt and foreclose the mortgage. For purposes of these restrictions, actions to recover the mortgage debt include actions against the party primarily liable on the mortgage debt, actions against any guarantor of the mortgage debt and actions on insurance policies insuring the mortgaged premises. If an election is made to commence an action to foreclose the mortgage, no other action on the mortgage debt may be commenced to recover any part of the mortgage debt without leave of court. If an election is made to commence an action on the mortgage debt, where final judgment has been rendered in such an action, an action may not be commenced to foreclose the mortgage unless the sheriff has been issued an execution against the property of the defendant, which has been returned wholly or partially unsatisfied. In addition, there is New York case law indicating that if an action is commenced on the mortgage debt where final judgment has not been rendered and a subsequent action is commenced to foreclose the mortgage, then the action on the mortgage debt must be stayed or discontinued to prevent the mortgagee from pursuing both actions simultaneously.

Where a foreclosure action is brought, every person having an estate or interest in possession or otherwise in the property whose interest is claimed to be subject and subordinate to the mortgage must be made a party defendant to the action in order to have its interest in the property extinguished. At least twenty (20) days before a final judgment directing a sale is rendered, the mortgagee must file, in the clerk's office for the county where the mortgaged property is located, a notice of the pendency of the action. Judicial foreclosure in New York is a lengthy process, as judicial intervention is required at all stages, including but not limited to (1) the appointment of a referee to compute the amount due, (2) the appointment of a receiver to operate the property during the pendency of the action, (3) the confirmation of the referee's oath and report, (4) the issuance of the judgment of foreclosure and sale, (5) the confirmation of the sale, and (6) the issuance of a deficiency judgment and/or rights to surplus monies. If during the pendency of the action the mortgagor pays into court the amount due for principal and interest and the costs of the action together with the expenses of the proceedings to sell, if any, the court will (i) dismiss the complaint without costs against the mortgagee if the payment is made before judgment directing the sale or (ii) stay all proceedings upon judgment if the payment is made after judgment directing sale but before sale.

Where the mortgage debt remains partly unsatisfied after the sale of the property, the court, upon application, may award the mortgagee a deficiency judgment for the unsatisfied portion of the mortgage debt,

or as much thereof as the court may deem just and equitable, against a mortgagor who has appeared or has been personally served in the action. Prior to entering a deficiency judgment the court determines the fair and reasonable market value of the mortgaged premises as of the date such premises were bid in at auction or such nearest earlier date as there shall have been any market value thereof. In calculating the deficiency judgment, the court will reduce the amount to which the mortgagee is entitled by the higher of the sale price of the mortgaged property and the fair market value of the mortgaged property as determined by the court.

The mortgagee may also, at its discretion, negotiate with the delinquent mortgagor to offer a deed in lieu of foreclosure to the mortgagee, where appropriate. In some situations this would allow the mortgagee to reduce the cost of, and the time involved in, acquiring the property.

Most of the Mortgage Loans under the Program are non-recourse to the Mortgagor. Therefore, the Corporation may only have limited rights to pursue the enforcement of an action on the debt. Consequently, with respect to such Mortgage Loans, the above provisions relating to an action on the mortgage debt, as opposed to a foreclosure action, are not applicable.

The Section 236 Contracts for the Development subsidized under the Section 236 program at Linden Plaza provide that the Secretary may terminate the periodic interest reduction payments made by HUD (the "HUD Payments") under the Section 236 Contract if an action of foreclosure is instituted by the Corporation unless the foreclosure proceeding is instituted by the Corporation subject to the continuing lien of the respective Mortgage, and such Development is acquired by a purchaser eligible to be an owner under Section 236. The Section 236 Contract for the Knickerbocker Plaza Development provide that HUD Payments under the Section 236 Contract shall terminate if the related Development is acquired by the Corporation or by any ineligible owner, and also provide that the Secretary may terminate HUD Payments if an action of foreclosure is instituted, unless the Secretary approves a plan providing for continuity of eligibility of the related Development for receiving HUD Payments. It may not be possible, under New York foreclosure procedures to complete a foreclosure sale subject to the continuing lien of the mortgage being foreclosed. Under Pub. L. 98-473, enacted in 1984, contract authority which would otherwise be subject to recapture by HUD at the time of termination of a contract for Section 236 interest reduction payments as a result of a foreclosure of the mortgage loan on a development shall remain available for such development for the balance of the contract term, and the Secretary is directed to offer to execute new Section 236 Contracts with the new owners of such projects, subject to satisfaction of statutory eligibility requirements. On this basis the Corporation believes that, notwithstanding the language of the Section 236 Contracts, in the event of a foreclosure of a Mortgage Loan secured by a Section 236 Contract not subject to FHA Insurance (which also would include 2006 Series A Trust Mortgage Loans with Section 236 Contracts), the Secretary would enter into a contract for Section 236 interest reduction payments with the new owner, subject to the satisfaction of statutory eligibility requirements, the availability of appropriations and the willingness of the mortgagee to enter into a new contract for interest reduction payments.

With respect to the 2006 Series A Purchased Mortgage Loans, the Corporation entered into a special servicing agreement with HPD and the Facilitation Trusts which sets forth procedures to be followed with regard to any 2006 Series A Purchased Mortgage Loan subject to foreclosure.

For a description of provisions regarding enforcement and foreclosure of the Mortgage Loans under the General Resolution, see "Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans."

Bankruptcy. If a petition for relief under Federal bankruptcy law were filed voluntarily by a mortgagor, or involuntarily against a mortgagor by its creditors, the filing would operate as an automatic stay of the commencement or continuation of any judicial or other proceedings, including without limitation, foreclosure proceedings, against such mortgagor and its property. If a bankruptcy court so ordered, the mortgagor's property, including its revenues, could be used for the benefit of the mortgagor, despite the rights granted the mortgagee or a trustee. Certain provisions of the mortgage that make the initiation of bankruptcy

and related proceedings by or against the mortgagor an event of default thereunder are not enforceable in the mortgagor's bankruptcy proceeding.

In addition, if a bankruptcy court concludes that a mortgagee is "adequately protected," it might (A) substitute other security for the property presently pledged and (B) subordinate the lien of the mortgagee or a trustee to (i) claims by persons supplying goods and services to the mortgagor after commencement of such bankruptcy proceedings, (ii) the administrative expenses of the bankruptcy proceedings and (iii) a lien granted a lender proving funds to the mortgagor during the pendency of the bankruptcy case.

In bankruptcy proceedings initiated by the filing of a petition under Chapter 11 of the United States Bankruptcy Code, a mortgagor or another party-in-interest could elect to file a plan of reorganization which seeks to modify the rights of creditors generally, or any class of creditors, including secured creditors. In the event a mortgagor files under Chapter 11, the mortgagor may seek to modify the terms of the mortgage note and the mortgage in a plan of reorganization. In a reorganization case, a mortgagee holds a secured claim equal to the lesser of the value of the mortgaged premises or the debt. If the adjusted value is less than the pre-petition debt, then the mortgagee is not entitled to post-petition interest and the deficiency will be treated as an unsecured claim. With respect to the mortgagee's secured claim, if the debtor intends to retain the premises, the debtor will generally propose to treat the mortgage as unimpaired by curing any monetary defaults and reinstating the terms of the mortgage. Alternatively, the debtor may seek to alter the terms, however, the mortgagee is entitled to retain its lien under a plan and must receive deferred cash payments totaling the amount of the claim with a present value not less than the value of the mortgaged premises. If the premises are to be sold by the debtor, the mortgagee can bid at the bankruptcy court sale and offset its claim against the selling price at such sale.

Mortgage Loans with Current Financial Difficulties

As of January 31, 2008, the mortgagor of one 2006 Series A Purchased Mortgage Loan, which is secured by a second mortgage lien, with an outstanding principal balance of \$5,779,050, has failed to make full payments since July 2006. The borrower has submitted a proposed work-out plan. The proposal is currently under review by the Corporation, CPC, which holds the first mortgage lien, and HPD, the named mortgagee.

FHA-Insured Mortgage Loans with Low Inspection Ratings

On January 16, 2003, HUD sent out a memorandum revising the administrative procedures for physical inspections of FHA-insured properties that score less than 60 total points. Properties scoring 30 and under are automatically referred to HUD's Departmental Enforcement Center ("DEC"). Those scoring between 31 and 59 are electively referred to DEC by the local field office. The Multifamily HUB Director may delay or recall a property referral for good cause. A justification for the referral must be approved by the Director, Headquarters Office of Asset Management. Once referred to DEC, DEC issues a Notice of Violation/Default of Regulatory Agreement and Housing Assistance Payment Contract. The property owner has sixty (60) days to certify that all repairs have been completed. HUD will then re-inspect the property. If the property scores above 60 (a satisfactory rating and above), normal monitoring resumes. If the score is below 60 (a below average or unsatisfactory rating), HUD may consider the owner in default and may pursue available remedies. Available remedies may include termination of subsidy payments under the affected Housing Assistance Payment Contract or requiring that the mortgagee accelerate and assign the FHA-insured mortgage loan to HUD as a result of the default under the Project's Regulatory Agreement in exchange for FHA Insurance benefits. See "Appendix G—Description of Supplemental Security and Subsidy Programs—Supplemental Security—FHA Insurance Program," and "—Subsidy Programs—Section 236 Program" and "—Section 8 Program."

AGREEMENT OF THE STATE

Section 657 of the Act provides that the State pledges to and agrees with the holders of obligations of the Corporation, including owners of the Bonds, that it will not limit or alter the rights vested by the Act in the Corporation to fulfill the terms of any agreements made with the owners of the Bonds, or in any way impair the rights and remedies of such owners until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such owners of the Bonds, are fully met and discharged.

LEGALITY OF THE BONDS FOR INVESTMENT AND DEPOSIT

Under the provisions of Section 662 of the Act, the Bonds are securities in which all public officers and bodies of the State of New York and all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the State, may properly and legally invest funds, including capital, in their control or belonging to them. The Bonds are also securities which may be deposited with and may be received by all public officers and bodies of the State and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the State is now or hereafter authorized.

DEFINITIONS OF CERTAIN TERMS

Set forth below are certain defined terms used in this Official Statement and in the Resolutions.

In some instances, the General Resolution permits the modification of certain of its provisions by a Supplemental Resolution relating to a specific Series of Bonds. Certain modifications to the General Resolution, which have been made with respect to the 2008 Bonds by the provisions of the 2008 Supplemental Resolutions are reflected in the defined terms below. Certain modifications to the General Resolution, which have been made with respect to the 2006 Series A Bonds by the provisions of the Sixty-Ninth Supplemental Resolution adopted by the Members of the Corporation on April 12, 2006 (the “2006 Series A Supplemental Resolution”) are reflected in the defined terms set forth below. These have been included because the outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan (most of which are not secured by Supplemental Security and, in some cases, the related Developments are not subsidized under any Subsidy Program) exceeds 10% of the aggregate outstanding principal balance of all Mortgage Loans financed under the General Resolution. Other Supplemental Resolutions authorizing other Series of Bonds have also modified certain provisions of the General Resolution with respect to the Series of Bonds authorized thereunder and such modifications are not reflected in the defined terms set forth below because the foregoing test has not been met. This Appendix A does not purport to be comprehensive or definitive and is qualified by reference to the Resolutions and the Supplemental Resolutions relating to each Series of Bonds, copies of which may be obtained from the Corporation.

The following terms shall have the following meanings in this Official Statement and in the Resolutions unless the context shall clearly indicate otherwise:

“Account” means one of the special accounts (other than the Rebate Fund) created and established pursuant to the General Resolution or a Supplemental Resolution.

“Accountant” means such reputable and experienced independent certified public accountant or firm of independent certified public accountants as may be selected by the Corporation and satisfactory to the Trustee and may be the accountant or firm of accountants who regularly audit the books and accounts of the Corporation.

“Acquired Project” means a Project financed by a Mortgage Loan, title to or the right to possession of which has been acquired by or on behalf of the Corporation or, in the case of a Project financed by a 2006 Series A Purchased Mortgage Loan, another entity, through protection and enforcement of rights conferred by law or the Mortgage upon such Project.

“Acquired Project Expenses” means all costs and expenses arising from the acquisition, ownership, possession, operation or maintenance of an Acquired Project, including reasonable operating, repair and replacement reserves therefor.

“Acquired Project Gross Operating Income” means all monies received in connection with the acquisition, ownership, possession, operation or maintenance of an Acquired Project.

“Acquired Project Net Operating Income” means Acquired Project Gross Operating Income less Acquired Project Expenses.

“Act” means the New York City Housing Development Corporation Act, Article XII of the Private Housing Finance Law (Chapter 44-b of the Consolidated Laws of the State of New York), as amended.

“AHPLP” means the Corporation’s Affordable Housing Permanent Loan Program.

“Alternate Liquidity” means any instrument in effect and purpose similar to the Initial Liquidity Facility, including, but not limited to, a letter of credit, guaranty, standby loan commitment, standby bond purchase agreement, or other liquidity facility, or any combination thereof, (i) approved by the Corporation and delivered to the Trustee for the benefit of the owners of the applicable Series of the Variable Rate Bonds, (ii) replacing the most recent previously existing Liquidity Facility, (iii) the provision of which shall not result in the suspension, downgrade or termination of the existing ratings of the applicable Series of the Variable Rate Bonds by any of the Rating Agencies, (iv) dated as of a date not later than the expiration date of the Liquidity Facility for which the same is to be substituted (or, if no such Liquidity Facility exists, dated as of the Interest Method Change Date), and (v) issued on substantially similar terms and conditions with respect to the rights of the owners of the applicable Series of the Variable Rate Bonds to timely receipt of the Purchase Price thereof (including, but not limited to, the Mandatory Purchase Provision) as the then existing Liquidity Facility; provided that (a) the stated amount of the Alternate Liquidity shall equal the sum of (x) the aggregate principal amount of the applicable Series of the Variable Rate Bonds at the time Outstanding, plus (y) during a Weekly Rate Period, an amount equal to at least 34 days of interest (at the applicable Maximum Rate) on all Variable Rate Bonds at the time Outstanding, or such other amount as the Corporation shall determine based on then current rating agency standards, and (b) if said Alternate Liquidity is to be in effect during a Weekly Rate Period, it must provide for payment of the Purchase Price upon the exercise by any owner of a Variable Rate Bond of the Demand Purchase Option.

“Article 8-A” means the Article 8-A Loan Program.

“Authorized Officer” means the Chairperson, Vice-Chairperson, President, First Senior Vice President or any other Senior Vice President of the Corporation and, in the case of any act to be performed or duty to be discharged, any other member, officer or employee of the Corporation then authorized to perform such act or discharge such duty.

“Bank Bond” means any Variable Rate Bond for which the Purchase Price has been paid with moneys provided under a Liquidity Facility as described in the applicable 2008 Supplemental Resolution.

“Bond” means one of the bonds to be authenticated and delivered pursuant to the General Resolution.

“Bond Counsel’s Opinion” means an opinion signed by an attorney or firm of attorneys of nationally recognized standing in the field of law relating to municipal, state and public agency financing, selected by the Corporation and satisfactory to the Trustee.

“Bond owner” or “owner” or words of similar import, when used with reference to a Bond, means any person who shall be the registered owner of any Outstanding Bond.

“Bond Proceeds Account” means the Bond Proceeds Account established pursuant to the General Resolution.

“Bond Series Certificate” means a Certificate of an Authorized Officer fixing the terms, conditions and other details of each Series of Variable Rate Bonds in accordance with the delegation of power to do so under the applicable 2008 Supplemental Resolutions.

“Bond Year” means a twelve month period ending on the first day of November of any year.

“Business Day” means any day other than (a) a Saturday or a Sunday, (b) any day on which banking institutions located in (i) the City of New York, New York or (ii) the city in which the Principal Office of the Trustee is located or (iii) the city in which the Principal Office of the banking institution at which demands for payment under a Liquidity Facility are honored are required or authorized by law to close, (c) a day on which the New York Stock Exchange is closed, (d) a day on which the Auction Agent, if any, is closed or (e) so long as any Series of Bonds is held in book-entry form, a day on which DTC is closed.

“Cap” means any financial arrangement entered into by the Corporation with an entity which is a cap, floor or collar, or any similar transaction or combination thereof or any option with respect thereto executed by the Corporation for the purpose of limiting its exposure with respect to interest rate fluctuations which has been designated in writing to the Trustee by an Authorized Officer of the Corporation as a Cap with respect to the variable interest rate Bonds listed in “Appendix F-2 – Interest Rate Cap Agreements.” “Cap” shall also include any such financial arrangement described above entered into by the Corporation with an entity, as a replacement of a Cap that has been terminated and which has been so designated in writing to the Trustee by an Authorized Officer of the Corporation with respect to the variable interest rate Bonds listed in “Appendix F-2 – Interest Rate Cap Agreements.”

“Cap Receipts” means any amount actually received by the Corporation or the Trustee under a Cap.

“Cash Equivalent” means a Letter of Credit, Insurance Policy, Surety, Guaranty or other Security Arrangement (each as defined and provided for in a Supplemental Resolution providing for the issuance of Bonds rated by the Rating Agencies or in another Supplemental Resolution), provided by an institution which has received a rating of its claims paying ability from the Rating Agencies at least equal to the then existing rating on the Bonds (other than Subordinate Bonds) or whose unsecured long-term debt securities are rated at least the then existing rating on the Bonds (other than Subordinate Bonds) (or “A-1+” or “P-1,” as applicable, if the Cash Equivalent has a remaining term at the time of acquisition not exceeding one year) by the Rating Agencies; provided, however, that a Cash Equivalent may be provided by an institution which has received a rating of its claims paying ability which is lower than that set forth above or whose unsecured long-term (or short-term) debt securities are rated lower than that set forth above, so long as the providing of such Cash Equivalent does not, as of the date it is provided, in and of itself, result in the reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies.

“Cash Flow Certificate” means a Cash Flow Certificate conforming to the requirements of the General Resolution.

“Cash Flow Statement” means a Cash Flow Statement conforming to the requirements of the General Resolution.

“Certificate” means (i) a signed document either attesting to or acknowledging the circumstances, representations or other matters therein stated or set forth or setting forth matters to be determined pursuant to the Resolution or (ii) the report of an accountant as to audit or other procedures called for by the Resolution.

“Certificate Program” means the §421-a Negotiable Certificate Program.

“Certificates Trust” means the NYC Mortgage Loan Trust created pursuant to the REMIC Pooling and Servicing Agreement dated as of June 1, 1996 among the City of New York, as Depositor, the Corporation, as servicer, and State Street Bank and Trust Company, as trustee.

“Change Date” means (i) each Interest Method Change Date, (ii) each Facility Change Date, and (iii) a date not later than twenty-five (25) days after receipt by the Trustee of a "Notice of Termination Date" under an Initial Liquidity Facility, which date shall be specified in the notice of the Trustee of the purchase of all Variable Rate Bonds of a Series provided pursuant to the applicable 2008 Supplemental Resolution.

“City” means The City of New York, a municipal corporation organized and existing under and pursuant to the laws of the State.

“Class B Certificates” means the Class B-I Certificate, the Class B-II Certificate, the Class B-III Certificate, the Class B-IV Certificate and the Class B-V Certificate issued under the Certificates Trust.

“Code” means the Internal Revenue Code of 1954 or 1986, each as amended from time to time, and as applicable to the Bonds pursuant to Section 1313 of the Tax Reform Act of 1986, as amended.

“Corporation” means the New York City Housing Development Corporation, or any body, agency or instrumentality of the State which shall hereafter succeed to the powers, duties and functions of the Corporation.

“Corporation Corporate Purposes” means any purpose for which the Corporation may issue bonds pursuant to the Act or other applicable law.

“Costs of Issuance” means all items of expense, directly or indirectly payable or reimbursable by or to the Corporation and related to the authorization, sale and issuance of Bonds, including but not limited to printing costs, costs of preparation and reproduction of documents, filing and recording fees, initial fees and charges of the Trustee, legal fees and charges, fees and disbursements of consultants and professionals, costs of credit ratings, fees and charges for preparation, execution, transportation and safekeeping of Bonds, and any other cost, charge or fee in connection with the original issuance of Bonds.

“Credit Facility” means (i) an unconditional and irrevocable letter of credit in form and drawn on a bank or banks acceptable to the Corporation (which bank or banks must be rated by each of the Rating Agencies in a category at least equal to the rating category of the Bonds (other than Subordinate Bonds) (or “A-1+” or “P-1,” as applicable, if the Credit Facility has a remaining term at the time it is provided not exceeding one year); provided, however, that such letter of credit may be provided by a bank or banks whose rating is lower than that set forth above, so long as the providing of such letter of credit does not, as of the date it is provided, in and of itself, result in a reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies, (ii) cash, (iii) a certified or bank check, (iv) Investment Securities, or (v) any other credit facility similar to the above in purpose and effect, including, but not limited to, a guaranty, standby loan or purchase commitment, insurance policy, surety bond or financial security bond or any combination thereof, which is approved by each of the Rating Agencies.

“Credit Facility Provider” means the issuer of or obligor under a Credit Facility.

SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION

Set forth below are abridged or summarized excerpts of certain sections of the General Resolution. In some instances, the General Resolution permits the modification of certain of its provisions by a Supplemental Resolution relating to a specific Series of Bonds. Certain modifications to the General Resolution, which have been made with respect to the 2006 Series A Bonds by the provisions of the 2006 Series A Supplemental Resolution, have also been summarized below. These have been included because the outstanding principal balance of the mortgage loans underlying the 2006 Series A Mortgage Loan (most of which are not secured by Supplemental Security and, in some cases, the related Developments are not subsidized under any Subsidy Program) exceeds 10% of the aggregate outstanding principal balance of all Mortgage Loans financed under the General Resolution. Other Supplemental Resolutions authorizing other Series of Bonds have also modified certain provisions of the General Resolution with respect to the Series of Bonds authorized thereunder and such modifications have not been summarized below because the foregoing test has not been met. The excerpts set forth below do not purport to be complete or to cover all sections of the General Resolution. Reference is made to the General Resolution and the Supplemental Resolutions relating to each Series of Bonds, copies of which are on file with the Corporation and the Trustee, for a complete statement of the rights, duties and obligations of the Corporation, the Trustee and the Bond owners thereunder.

Contract With Bond Owners—Security for Bonds—Limited Obligation

In consideration of the purchase and acceptance of the Bonds by those who shall own the same from time to time, the provisions of the General Resolution shall be deemed to be and shall constitute a contract among the Corporation, the Trustee and the owners from time to time of such Bonds. The pledges and assignments made in the General Resolution and the provisions, covenants and agreements therein set forth to be performed by or on behalf of the Corporation shall be for the benefit, protection and security of the owners of any and all of such Bonds, each of which, regardless of the time of its issue or maturity, shall be of equal rank without preference, priority or distinction over any other thereof except as expressly provided in the General Resolution or a Supplemental Resolution authorizing a Series of Bonds. The Corporation pledges the Revenues and all amounts held in any Account established under the General Resolution to the payment of the principal or Redemption Price of and interest on the Bonds, subject to provisions permitting the use and application of such amounts for stated purposes, as provided in the General Resolution; provided, however, that notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, pursuant to a Supplemental Resolution authorizing the issuance of a Series of Bonds, also pledge such Revenues and amounts to one or more Credit Facility Providers who have provided Credit Facilities to secure such Series of Bonds and such further pledge may be either on a parity with or subordinate to the pledge set forth in this paragraph to secure the payment of the Bonds, all as set forth in such Supplemental Resolution; and provided further, however, that the Corporation may, pursuant to a Supplemental Resolution, provide that amounts in an Account established pursuant to such Supplemental Resolution be excluded from the pledge set forth in this paragraph to secure the payment of the Bonds or otherwise limit such pledge with respect to such Account. The foregoing pledge does not include amounts on deposit in or required to be deposited in the Rebate Fund. The Bonds shall be special revenue obligations of the Corporation payable solely from the revenues and assets pledged therefor pursuant to the General Resolution.

Provisions for Issuance of Bonds

In order to provide sufficient funds for financing the Corporation Corporate Purposes, Bonds of the Corporation are authorized to be issued without limitation as to amount except as may be provided by law. The Bonds shall be executed by the Corporation for issuance and delivered to the Trustee and thereupon shall be authenticated by the Trustee and delivered to the Corporation or upon its order, but only upon the receipt by the Trustee of, among other things:

- (a) a Bond Counsel's Opinion to the effect that (i) the General Resolution and the Supplemental Resolution have been duly adopted by the Corporation and are in full force and effect and are valid and binding upon the Corporation and enforceable in accordance with their terms (except to the extent that the enforceability thereof may be limited by bankruptcy, insolvency and other laws affecting creditors' rights and remedies and is subject to general principles of equity (regardless of whether such enforceability is considered in a proceeding in equity or at law)); (ii) the General Resolution and such Supplemental Resolution create the valid pledge and lien which they purport to create of and on the Revenues and all the Accounts established under the General Resolution and such Supplemental Resolution and monies and securities on deposit therein, subject to the use and application thereof for or to the purposes and on the terms and conditions permitted by the General Resolution and such Supplemental Resolution; and (iii) upon the execution, authentication and delivery thereof, such Bonds will have been duly and validly authorized and issued in accordance with the laws of the State, including the Act as amended to the date of such Opinion, and in accordance with the General Resolution and such Supplemental Resolution;
- (b) a written order as to the delivery of such Bonds, signed by an Authorized Officer;
- (c) the amount of the proceeds of such Bonds to be deposited with the Trustee pursuant to the General Resolution;
- (d) a Cash Flow Statement conforming to the requirements of the General Resolution; and
- (e) except with respect to the initial Series of Bonds issued under the General Resolution, confirmation of the then existing rating on the Bonds (other than Subordinate Bonds) by each of the Rating Agencies.

Refunding Bonds

Refunding Bonds of the Corporation may be issued under and secured by the General Resolution, subject to the conditions provided in the General Resolution, from time to time, for the purpose of providing funds, with any other available funds, for (i) redeeming (or purchasing in lieu of redemption) prior to their maturity or maturities, or retiring at their maturity or maturities, all or any part of the Outstanding Bonds of any Series, including the payment of any redemption premium thereon (or premium, to the extent permitted by law, included in the purchase price, if purchased in lieu of redemption), (ii) making any required deposits to the Debt Service Reserve Account, (iii) if deemed necessary by the Corporation, paying the interest to accrue on the refunding Bonds or refunded Bonds to the date fixed for their redemption (or purchase) and (iv) paying any expenses in connection with such refunding. Before such Bonds shall be issued, the Corporation shall adopt a Supplemental Resolution authorizing the issuance and sale of such Bonds, fixing the amount and the details thereof, describing the Bonds to be redeemed and setting forth determinations required by the General Resolution.

Except as otherwise provided in the Supplemental Resolution authorizing a Series of refunding Bonds, refunding Bonds shall be on a parity with and shall be entitled to the same benefit and security of the General Resolution as all other Bonds (other than Subordinate Bonds) issued under the General Resolution, provided, however, a Supplemental Resolution may provide for differences in the maturities thereof or the Interest Payment Dates or the rate or rates of interest or the provisions for redemption.

Before any Series of refunding Bonds shall be authenticated and delivered by the Trustee, there shall be on file with the Trustee, among other things, the following:

- (a) the documents specified under the heading "Provisions for Issuance of Bonds";
- (b) a certificate of an Authorized Officer stating that the proceeds (excluding accrued interest but including any premium) of such refunding Bonds, together with any monies which have been made available to the Trustee for the purpose of paying Debt Service, or the principal of and the interest on the investment of such proceeds or any such monies, will be not less than an amount sufficient to pay the principal of and the redemption premium, if any, on the Bonds to be refunded and the interest which will become due and payable on or prior to the date of their payment or redemption and the expenses in connection with such refunding and to make any required deposits to the Debt Service Reserve Account; and
- (c) if all or part of the refunded Bonds are to be redeemed prior to maturity, irrevocable instructions from an Authorized Officer to the Trustee to redeem the applicable Bonds.

The proceeds of such refunding Bonds and the investment income therefrom shall, to the extent practicable, be invested and reinvested by the Trustee, with the approval of the Corporation in Investment Securities, and the monies so invested shall be available for use when required.

Application and Disbursement of Bond Proceeds

Unless otherwise provided in the applicable Supplemental Resolution, the proceeds of sale of a Series of Bonds, shall, as soon as practicable upon the delivery of such Bonds by the Trustee, be applied as follows:

- (1) the amount, if any, received at such time as a premium above the aggregate principal amount of such Bonds shall be applied as specified in the Certificate of an Authorized Officer, and such portion of the amount, if any, received as accrued interest shall be deposited in the Revenue Account as shall be directed by an Authorized Officer;
- (2) with respect to any Series issued for the purpose of refunding Bonds or any other bonds, notes or other obligations of the Corporation or other entity, the amount, if any, required to pay Costs of Issuance, as designated by an Authorized Officer of the Corporation, shall be deposited in the Bond Proceeds Account;
- (3) with respect to any Series issued for the purpose of refunding Bonds or any other bonds, notes or other obligations of the Corporation or other entity, the balance remaining after such deposits have been made as specified in (1) and (2) above shall be applied as specified in the Supplemental Resolution authorizing such Series;
- (4) the amount, if any, necessary to cause the amount on deposit in the Debt Service Reserve Account to equal the Debt Service Reserve Account Requirement immediately following

the time of such delivery shall be deposited in the Debt Service Reserve Account together with such additional amount, if any, as may be specified in the Supplemental Resolution authorizing such Bonds; and

(5) the balance remaining after such deposits have been made shall be deposited in the Bond Proceeds Account.

Except as otherwise provided in the applicable Supplemental Resolution, amounts in the Bond Proceeds Account shall not be disbursed for financing a Mortgage Loan, including either advances during construction or permanent financing thereof, unless, among other things, (1) the instrument evidencing such Mortgage Loan and the Mortgage and any other document securing such Mortgage Loan shall have been duly executed and delivered and, in the opinion of counsel, who may be counsel to the Mortgagor, constitute valid and binding agreements between the parties thereto enforceable in accordance with their terms, except as such enforcement may be limited by operation of bankruptcy, insolvency or similar laws affecting the rights and remedies of creditors; (2) there shall have been filed with the Trustee, an opinion of counsel, who may be counsel to the Corporation, to the effect that such Mortgage Loan complies with all provisions of the Act or otherwise applicable law and the General Resolution; (3) the Mortgage is the subject of a policy of title insurance, in an amount not less than the amount of the unpaid principal balance of the Mortgage Loan, insuring in favor of the Corporation, a mortgage lien (which need not be a first mortgage lien, if so provided in the applicable Supplemental Resolution), subject only to Permitted Encumbrances, on the real property securing the Mortgage Loan; and (4) the Project is insured against loss by fire and other hazards as required by the Corporation.

Deposits and Investments

Any amounts that are pledged pursuant to the General Resolution and held by the Trustee in any Accounts under or pursuant to the General Resolution may be invested in Investment Securities. In computing the amount in any Account, obligations purchased as an investment of monies therein shall be valued at amortized value or if purchased at par value, at par.

Upon receipt of written instructions from an Authorized Officer of the Corporation, the Trustee shall exchange any coin or currency of the United States of America or Investment Securities held by it pursuant to the General Resolution or any Supplemental Resolution for any other coin or currency of the United States of America or Investment Securities of like amount.

Notwithstanding anything to the contrary contained in the General Resolution, any Investment Securities purchased by the Trustee with funds that are pledged pursuant to the General Resolution must, as of the date of such purchase, be rated by each of the Rating Agencies in a category at least equal to the rating category of the Bonds (other than Subordinate Bonds) (or "A-1+" or "P-1," as applicable if the Investment Security has a remaining term at the time it is provided not exceeding one year); provided, however, that the Trustee may purchase Investment Securities that are rated lower than that set forth above, so long as the purchase of such Investment Securities does not, as of the date of such purchase, in and of itself, result in a reduction or withdrawal of the then existing rating assigned to the Bonds (other than Subordinate Bonds) by any of the Rating Agencies.

Establishment of Accounts

The General Resolution establishes the following special trust accounts to be held and maintained by the Trustee in accordance with the General Resolution:

- (1) Bond Proceeds Account;
- (2) Revenue Account;
- (3) Redemption Account; and
- (4) Debt Service Reserve Account.

Bond Proceeds Account

There shall be deposited from time to time in the Bond Proceeds Account any proceeds of the sale of Bonds representing principal or premium or other amounts required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution and any other amounts determined by the Corporation to be deposited therein from time to time. Upon the issuance, sale and delivery of any Series of Bonds pursuant to the General Resolution, the Corporation shall establish on the books of the Corporation a separate sub-account designated “_____ Series _____ Bond Proceeds Sub-Account” (inserting therein the appropriate series and other necessary designation). Upon payment of any amounts from the Bond Proceeds Account, such payments shall be charged to the appropriate Bond Proceeds Sub-Account on the books of the Corporation.

Amounts in the Bond Proceeds Account shall be expended only (i) to finance one or more of the Corporation Corporate Purposes, including but not limited to, the financing of Mortgage Loans, in accordance with the General Resolution, which may include making Mortgage Loans, acquiring Mortgage Loans or refinancing Mortgage Loans; (ii) to pay Costs of Issuance; (iii) to pay principal of and interest on the Bonds when due, in accordance with the General Resolution, to the extent amounts in the Revenue Account are insufficient for such purpose; (iv) to purchase or redeem Bonds in accordance with the General Resolution; (v) to pay, purchase or redeem bonds, notes or other obligations of the Corporation or any other entity in accordance with the General Resolution; and (vi) if so provided in a Supplemental Resolution, to reimburse a Credit Facility Provider for amounts obtained under a Credit Facility for the purposes described in clauses (iii), (iv) or (v) of this paragraph.

At least one day prior to each Interest Payment Date the Corporation shall deliver to the Trustee a Certificate of an Authorized Officer setting forth the amounts necessary and available to pay the principal of and interest on the Bonds from the amount on deposit in the Bond Proceeds Account, after giving effect to the actual and expected application of amounts therein to the financing of the Corporation Corporate Purposes as of the date of such Certificate, the amount on deposit for such use in the Revenue Account, and any other amount available for such use pursuant to a Supplemental Resolution. On each Interest Payment Date the Trustee shall transfer the amounts so stated to the Revenue Account.

If so provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, the Corporation may direct the Trustee in writing to transfer amounts in the Bond Proceeds Account to fund the payment, purchase or redemption of bonds, notes or other obligations, which may include interest thereon, theretofore issued by the Corporation or any other entity upon receipt by the Trustee of a written requisition setting forth (i) the issue of bonds, notes or other obligations with respect to which the transfer is to be made, and (ii) the amount of the transfer.

Revenue Account

The Corporation shall cause all Pledged Receipts to be deposited promptly with the Trustee in the Revenue Account. There shall also be deposited in the Revenue Account any other amounts required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution. Earnings on

all Accounts established under the General Resolution not required to be deposited in the Rebate Fund shall be deposited, as realized, in the Revenue Account.

The Trustee shall pay out of the Revenue Account (i) on or before each Interest Payment Date, the amounts required for the payment of the Principal Installments, if any, and interest due on the Outstanding Bonds on such date, and (ii) on or before the Redemption Date or date of purchase, the amounts required for the payment of accrued interest on Outstanding Bonds to be redeemed or purchased on such date unless the payment of such accrued interest shall be otherwise provided for, and in each such case, such amounts shall be applied by the Trustee to such payments; provided, however, that if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to make the payments referred to in this paragraph, then amounts in the Revenue Account which would have otherwise been used to make such payments may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

Any amount accumulated in the Revenue Account up to the unsatisfied balance of each Sinking Fund Payment may, and if so directed in writing by the Corporation shall, be applied (together with amounts accumulated in the Revenue Account with respect to interest on the Bonds for which such Sinking Fund Payment was established) by the Trustee prior to the forty-fifth day preceding the due date of such Sinking Fund Payment (i) to the purchase of Bonds of the maturity for which such Sinking Fund Payment was established, at prices (including any brokerage and other charges) not exceeding the Redemption Price plus accrued interest, or (ii) to the redemption of such Bonds, if then redeemable by their terms, at the Redemption Prices referred to above; provided, however, that the purchase of such Bonds may be at prices exceeding that set forth in clause (i) of this paragraph if the Corporation shall have filed with the Trustee a Cash Flow Statement pursuant to the General Resolution, and provided further, however, that if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to make the purchases referred to in this paragraph, then amounts in the Revenue Account which would have otherwise been used to make such purchases may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

Except as otherwise provided in an applicable Supplemental Resolution, upon the purchase or redemption of any Bond for which Sinking Fund Payments have been established from amounts in the Revenue Account, an amount equal to the principal amount of the Bonds so purchased or redeemed shall be credited toward the next Sinking Fund Payment thereafter to become due with respect to the Bonds of such maturity and the amount of any excess of the amounts so credited over the amount of such Sinking Fund Payment shall be credited by the Trustee against future Sinking Fund Payments in direct chronological order, unless otherwise instructed in writing by an Authorized Officer at the time of such purchase or redemption.

As soon as practicable after the forty-fifth day preceding the due date of any such Sinking Fund Payment, the Trustee shall call for redemption on such due date, Bonds of the maturity for which such Sinking Fund Payment was established in such amount as shall be necessary to complete the retirement of a principal amount of Bonds equal to the unsatisfied balance of such Sinking Fund Payment. The Trustee shall so call such Bonds for redemption whether or not it then has monies in the Revenue Account sufficient to pay the applicable Redemption Price thereof on the Redemption Date.

On each Interest Payment Date, the Trustee shall transfer from the Revenue Account (i) first, to the Debt Service Reserve Account, an amount equal to the amount necessary to be transferred to such Account in order that the amount on deposit therein be equal to the Debt Service Reserve Account Requirement (or such lesser amount as may be available), (ii) second, to the Bond Proceeds Account, such amount as the Corporation determines is required to finance Corporation Corporate Purposes, as evidenced by a Certificate of an Authorized Officer, (iii) third, if so directed by the Corporation, to the

Trustee, an amount equal to the Trustee's unpaid fees and expenses, (iv) fourth, if so directed by the Corporation, to any Credit Facility Providers, an amount equal to any fees due and owing to such Credit Facility Providers, (v) fifth, to the Corporation, an amount equal to the administrative fee, if any, of the Corporation, to the extent unpaid and (vi) sixth, to the entities providing Investment Securities with respect to the Accounts or any arrangements or agreements with respect thereto, amounts equal to the fees due and payable on or before the next succeeding Interest Payment Date to such entities, as designated in a Certificate of an Authorized Officer. At any time after the transfers described in (i), (ii), (iii), (iv), (v) and (vi) above have been made, except as otherwise provided in a Supplemental Resolution, the Corporation may, upon the written request of an Authorized Officer and upon filing with the Trustee of a Cash Flow Statement or a Cash Flow Certificate pursuant to the General Resolution, withdraw free and clear of the lien of the General Resolution any amount remaining in the Revenue Account.

Notwithstanding any other provision under this heading, the Trustee may at any time make transfers from the Revenue Account, upon the written direction of an Authorized Officer, to the Redemption Account for the purposes of such Account. No such transfer shall be made, however, unless there is on deposit in the Revenue Account after such transfer an amount equal to the Debt Service accrued on all Outstanding Bonds as of the date of such transfer.

Notwithstanding any other provision under this heading, no payments shall be required to be made into the Revenue Account so long as the amount on deposit therein shall be sufficient to pay all Outstanding Bonds (including the Sinking Fund Payments for the retirement thereof) in accordance with their terms, and any Revenues thereafter received by the Corporation may be applied to any corporate purpose of the Corporation free and clear of the pledge and lien of the General Resolution.

Redemption Account

There shall be deposited in the Redemption Account all amounts which are required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution and any other amounts available therefor and determined by the Corporation to be deposited therein. Subject to the provisions of the General Resolution or of any Supplemental Resolution authorizing the issuance of a Series of Bonds, requiring the application thereof to the payment, purchase or redemption of any particular Bonds, the Trustee shall apply any amounts deposited in the Redemption Account to the purchase or redemption of Bonds at the times and in the manner provided in the General Resolution.

Notwithstanding anything to the contrary contained in the General Resolution, if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to purchase or redeem Bonds, then amounts in the Redemption Account which would otherwise have been used for such purposes may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

Debt Service Reserve Account

There shall be deposited in the Debt Service Reserve Account all amounts required to be deposited therein pursuant to the General Resolution and any Supplemental Resolution and any other amounts received and determined to be deposited therein by the Corporation.

Amounts on deposit in the Debt Service Reserve Account shall be applied, to the extent other funds are not available therefor pursuant to the General Resolution and the applicable Supplemental Resolution, to pay the Principal Installments of and interest on the Outstanding Bonds when due, whether by call for redemption or otherwise.

Whenever the amount in the Debt Service Reserve Account exceeds the Debt Service Reserve Account Requirement, the amount of such excess, upon the direction of the Corporation, shall be transferred to the Revenue Account.

Monies in the Debt Service Reserve Account may, and at the direction of the Corporation shall, be withdrawn by the Trustee and deposited in the Redemption Account for the purchase or redemption of Bonds at any time, provided that subsequent to such purchase or redemption the amount in the Debt Service Reserve Account will not be less than the Debt Service Reserve Account Requirement.

If on any Interest Payment Date or Redemption Date for the Bonds the amount in the Revenue Account and the Redemption Account, as applicable, shall be less than the amount required for the payment of the Principal Installments and interest due on the Outstanding Bonds on such date, the Trustee shall apply amounts from the Debt Service Reserve Account to the extent necessary to make good the deficiency.

Notwithstanding anything to the contrary contained in the General Resolution, if, pursuant to a Supplemental Resolution, amounts obtained under a Credit Facility are to be used to pay the Principal Installments of and interest on Bonds, then amounts in the Debt Service Reserve Account which would otherwise have been used for such purposes may be applied to reimburse the Credit Facility Provider for the amounts so obtained, all in accordance with such Supplemental Resolution.

The 2006 Series A Supplemental Resolution, with respect to the 2006 Series A Bonds, provides that, notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, at any time, provide to the Trustee one or more Cash Equivalents for deposit in the Debt Service Reserve Account with respect to such Bonds. The 2008 Series A-1 Supplemental Resolution, with respect to the 2008 Series A-1-A Bonds, the 2008 Series A-2 Supplemental Resolution, with respect to the 2008 Series A-2 Bonds, the 2008 Series B Supplemental Resolution, with respect to the 2008 Series B Bonds, the 2008 Series C-1 Supplemental Resolution, with respect to the 2008 Series C-1 Bonds, the 2008 Series C-2 Supplemental Resolution, with respect to the 2008 Series C-2 Bonds, the 2008 Series D Supplemental Resolution, with respect to the 2008 Series D Bonds and the 2008 Series E Supplemental Resolution, with respect to the 2008 Series E Bonds, provide that, notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, at any time, provide to the Trustee one or more Cash Equivalents for deposit in the applicable Debt Service Reserve Account with respect to the applicable Series of Bonds. In the event any such Cash Equivalents are so provided (other than in connection with the initial issuance of the applicable Series of Bonds, or to replenish the Debt Service Reserve Account) in replacement of funds on deposit in the Debt Service Reserve Account, the Trustee shall make such deposit and transfer funds in an equivalent amount from the Debt Service Reserve Account to the Revenue Account.

Rebate Fund

The General Resolution also establishes the Rebate Fund as a special trust account to be held and maintained by the Trustee. Except as otherwise provided in a Supplemental Resolution with respect to an Account established thereunder which is not pledged to the payment of the Bonds or to any Credit Facility Provider in connection with a Credit Facility securing one or more Series of Bonds, earnings on all Accounts required to be deposited into the Rebate Fund shall be deposited, at least as frequently as the end of each fifth Bond Year and at the time that the last Bond that is part of the Series for which a Rebate Amount is required is discharged, into the Rebate Fund.

The Rebate Fund and the amounts deposited therein shall not be subject to a security interest, pledge, assignment, lien or charge in favor of the Trustee or any Bond owner or any other person other than as set forth in the General Resolution.

The Trustee, upon the receipt of a certification of the Rebate Amount from an Authorized Officer, shall deposit in the Rebate Fund at least as frequently as the end of each fifth Bond Year and at the time that the last Bond that is part of the Series for which a Rebate Amount is required is discharged, an amount such that the amount held in the Rebate Fund after such deposit is equal to the Rebate Amount calculated as of such time of calculation. The amount deposited in the Rebate Fund pursuant to the previous sentence shall be deposited from amounts withdrawn from the Revenue Account, and to the extent such amounts are not available in the Revenue Account, directly from earnings on the Accounts.

Amounts on deposit in the Rebate Fund shall be invested in the same manner as amounts on deposit in the Accounts, except as otherwise specified by an Authorized Officer to the extent necessary to comply with the tax covenant set forth in the General Resolution, and except that the income or interest earned and gains realized in excess of losses suffered by the Rebate Fund due to the investment thereof shall be deposited in or credited to the Rebate Fund from time to time and reinvested.

In the event that, on any date of calculation of the Rebate Amount, the amount on deposit in the Rebate Fund exceeds the Rebate Amount, the Trustee, upon the receipt of written instructions from an Authorized Officer, shall withdraw such excess amount and deposit it in the Revenue Account.

The Trustee, upon the receipt of written instructions and certification of the Rebate Amount from an Authorized Officer, shall pay to the United States, out of amounts in the Rebate Fund, (i) not less frequently than once each five (5) years after the date of original issuance of each Series for which a Rebate Amount is required, an amount such that, together with prior amounts paid to the United States, the total paid to the United States is equal to 90% of the Rebate Amount with respect to each Series for which a Rebate Amount is required as of the date of such payment, and (ii) notwithstanding the provisions of the General Resolution, not later than sixty (60) days after the date on which all Bonds of a Series for which a Rebate Amount is required have been paid in full, 100% of the Rebate Amount as of the date of payment.

Payment of Bonds

The Corporation covenants that it will duly and punctually pay or cause to be paid, as provided in the General Resolution, the principal or Redemption Price of every Bond and the interest thereon, at the dates and places and in the manner stated in the Bonds, according to the true intent and meaning thereof and shall duly and punctually pay or cause to be paid all Sinking Fund Payments, if any, becoming payable with respect to any of the Bonds.

Tax Covenants

The following covenants are made solely for the benefit of the owners of, and shall be applicable solely to, any Bonds as designated in a Supplemental Resolution, to which the Corporation intends that the following covenants shall apply.

The Corporation shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the Bonds shall be excluded from gross income for Federal income tax purposes, except in the event that the owner of any such Bond is a “substantial user” of the facilities financed by the Bonds or a “related person” within the meaning of the Code.

The Corporation shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the Corporation to be used directly or indirectly to acquire any securities or obligations or other investment property, the acquisition of which would cause any Bond to be an “arbitrage bond” as defined in Section 148(a) of the Code.

Except as otherwise permitted in a Supplemental Resolution authorizing the issuance of a Series of Bonds the Corporation shall not permit any person or “related person” (as defined in the Code) to purchase Bonds in an amount related to the Mortgage Loan to be acquired by the Corporation from such person or “related person.”

Pursuant to the provisions of supplemental resolutions for Bonds the interest on which is included in gross income for Federal income tax purposes, the Corporation has provided that the provisions under this heading do not apply to such Bonds.

Covenants with Respect to the Mortgage Loans

The Corporation pledges for the benefit of the Bond owners all of its right, title and interest in and to the Mortgage Loans, which pledge shall be valid and binding from and after the date of adoption of the General Resolution. Such Mortgage Loans shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Corporation, irrespective of whether such parties have notice thereof. Notwithstanding anything to the contrary contained in the General Resolution, the Corporation may, pursuant to a Supplemental Resolution authorizing a Series of Bonds, (i) also pledge one or more Mortgage Loans for the benefit of one or more Credit Facility Providers who have provided Credit Facilities to secure such Series of Bonds and such further pledge may be either on a parity with or subordinate to the pledge set forth in this paragraph to secure the payment of the Bonds, all as set forth in such Supplemental Resolution or (ii) provide that any or all of the mortgage loans financed by the Series of Bonds authorized pursuant to such Supplemental Resolution be excluded from the pledge set forth in this paragraph to secure the payment of the Bonds or otherwise limit such pledge with respect to such mortgage loans. In addition, notwithstanding the foregoing, any Mortgage Loan pledged under the General Resolution may, at the written direction of the Corporation, be released from such pledge upon the filing with the Trustee of a Cash Flow Statement pursuant to the General Resolution. Upon the happening of an event of default specified under the heading “Events of Default,” the written request of the Trustee or the owners of not less than twenty-five per centum (25%) in principal amount of the Outstanding Bonds (other than Subordinate Bonds), the Corporation shall effectuate the assignment and deliver the Mortgage Loans to the Trustee. If, however, the Trustee and the Bond owners are restored to their positions in accordance with the General Resolution, the Trustee shall assign such Mortgage Loans with respect thereto back to the Corporation.

Notwithstanding the foregoing, pursuant to the 2006 Series A Supplemental Resolution, at such time as no 2006 Series A Bonds are Outstanding, the 2006 Series A Mortgage Loan shall be released from the pledge set forth in the foregoing paragraph without the filing of a Cash Flow Statement or a Cash Flow Certificate. Notwithstanding the foregoing, pursuant to the Supplemental Resolutions authorizing the issuance of Outstanding Mitchell-Lama Restructuring Bonds, at such time as no Mitchell-Lama Restructuring Bonds are Outstanding, the 2004 Participant Interest, the 2004 Series E Second Mortgage Loans, the 2005 Series A Second Mortgage Loans, the 2005 Series E Second Mortgage Loans, the 2005 Series F Second Mortgage Loans, the 2005 Series J Second Mortgage Loans, the 2005 Series F Participant Interest, the 2005 Series J Participant Interest, the 2006 Series D Second Mortgage Loans and the 2008 Series C Third Mortgage Loan shall be released from the pledge set forth in the foregoing paragraph without the filing of a Cash Flow Statement or a Cash Flow Certificate.

In order to pay the Principal Installments of and interest on the Bonds when due, the Corporation shall, except as otherwise provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, from time to time, with all practical dispatch and in a sound and economical manner consistent in all respects with the Act, any other applicable law, the provisions of the General Resolution and sound banking practices and principles, (i) use and apply the proceeds of the Bonds, to the extent not reasonably or otherwise required for other purposes of the kind permitted by the General Resolution, to finance the Corporation Corporate Purposes pursuant to the Act, any other applicable law and the General Resolution and any applicable Supplemental Resolution, (ii) do all such acts and things as shall be necessary to receive and collect Revenues (including diligent enforcement of the prompt collection of all arrears on Mortgage Loans), (iii) diligently enforce, and take all steps, actions and proceedings reasonably necessary in the judgment of the Corporation to protect its rights with respect to or to maintain any insurance on Mortgage Loans or any subsidy payments in connection with the Projects securing the Mortgage Loans or the occupancy thereof and to enforce all terms, covenants and conditions of the Mortgage Loans, including the collection, custody and prompt application of all Escrow Payments for the purposes for which they were made.

Pursuant to the 2006 Series A Supplemental Resolution, with respect to the 2006 Series A Purchased Mortgage Loans, and pursuant to the 2008 Supplemental Resolutions, with respect to the 2008 Mortgage Loans, the following additional provisions shall apply:

(1) The Corporation shall take all steps, actions and proceedings necessary, in the judgment of the Corporation, to protect its rights with respect to (i) any mortgage securing a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan, (ii) the Mortgages securing the 2008 Mortgage Loans and (iii) the 2008 Series C Mortgage Loan.

(2) Whenever, in the Corporation's judgment, it shall be necessary in order to protect and enforce the rights of the Corporation under a mortgage securing (i) a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan, (ii) a Mortgage securing a 2008 Mortgage Loan or (iii) the 2008 Series C Mortgage Loan, as the case may be, and to protect and enforce the rights and interests of Bondholders, the Corporation may, in its discretion, commence foreclosure proceedings against each mortgagor or Mortgage, as the case may be, in default under the provisions of such mortgage or Mortgage, as the case may be, and/or, in protection and enforcement of its rights under such mortgage or Mortgage, as the case may be, the Corporation may, in its discretion, acquire and take possession of the Project covered by such mortgage or Mortgage, as the case may be, by bidding for and purchasing such Project at the foreclosure sale thereof, by deed in lieu of foreclosure or otherwise.

(3) Upon acquisition by the Corporation of a Project securing (i) a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) a 2008 Mortgage Loan, as the case may be, by foreclosure, deed in lieu of foreclosure or otherwise, the Corporation shall have title thereto or be in possession thereof, the Corporation shall, as the case may be, operate and administer such Project in the place and stead of the mortgagor or Mortgage, as the case may be, and in the manner required of such mortgagor or Mortgage, as the case may be, by the terms and provisions of such mortgage or Mortgage, as the case may be. The Corporation shall pay the Acquired Project Net Operating Income derived from such Acquired Project to the Trustee for deposit into the Revenue Account.

(4) Notwithstanding the provisions of paragraph (3) above, upon acquisition by the Corporation of a Project securing (i) a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) a 2008 Mortgage Loan, as the case may be, whether by foreclosure, deed in lieu of foreclosure or otherwise:

(a) The Corporation may at any time thereafter sell such Project to another qualified entity and make a mortgage loan or Mortgage Loan, as the case may be, with respect thereto as if such entity were the original mortgagor or Mortgagor, as the case may be, provided that (i) the mortgage or Mortgage, as the case may be, securing such a mortgage loan or Mortgage Loan, as the case may be, shall contain the terms, conditions, provisions and limitations substantially similar to the mortgage or Mortgage, as the case may be, of such Project which had previously secured the related 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008 Mortgage Loan, as the case may be, (ii) said new mortgage loan or Mortgage Loan, as the case may be, shall automatically become subject to the lien of the General Resolution and (iii) the Corporation shall file with the Trustee a Certificate of an Authorized Officer describing said replacement mortgage loan or Mortgage Loan, as the case may be, and specifying which 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008 Mortgage Loan, as the case may be, has been so replaced; or

(b) The Corporation may at any time thereafter sell such Project provided that the proceeds of such sale shall be treated as Pledged Receipts, with respect to the 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan, and a Recovery of Principal, with respect to the 2008 Mortgage Loans.

(5) In addition, and as an alternative to the rights of the Corporation described above, following a default under (i) a 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or (ii) a 2008 Mortgage Loan, as the case may be, the Corporation may, in its discretion, cause or consent to the sale of a Project to another qualified entity and, in connection with any such sale (a) allow the purchaser to assume the related mortgage or Mortgage, as the case may be, or (b) make a mortgage loan or Mortgage Loan, as the case may be, with respect thereto as if such entity were the original mortgagor or Mortgagor, as the case may be, if such sale shall occur after the original mortgage or Mortgage, as the case may be, shall have been discharged, provided, however, that (i) the mortgage or Mortgage, as the case may be, securing such a mortgage loan or Mortgage Loan, as the case may be, shall contain the terms, conditions, provisions and limitations substantially similar to the mortgage or Mortgage, as the case may be, of such Project which had previously secured the related 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008 Mortgage Loan, as the case may be, (ii) said new mortgage loan or Mortgage Loan, as the case may be, shall automatically become subject to the lien of the General Resolution and (iii) the Corporation shall file with the Trustee a Certificate of an Authorized Officer describing said replacement mortgage loan or Mortgage Loan, as the case may be, and specifying which underlying 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan or 2008 Mortgage Loan, as the case may be, has been so replaced.

(6) Any rights of the Corporation set forth in (1)-(5) above may be exercised by (i) to the extent permitted by law, a subsidiary of the Corporation established pursuant to Section 654-a of the Act and (ii) with respect to the 2006 Series A Purchased Mortgage Loan backing the 2006 Series A Mortgage Loan only, another entity in accordance with the provisions of the Special Servicing Agreement.

(7) With respect to the 2008 Mortgage Loans only (other than the 2008 Series C Mortgage Loan), as a further alternative to the rights of the Corporation described above, following a default under a 2008 Mortgage Loan, the Corporation may, in its discretion, obtain amounts under any letter of credit or other credit enhancement securing such 2008 Mortgage Loan or under any agreement entered into by the Corporation and the provider of such letter of credit or

other credit enhancement in connection with the providing of such letter of credit or credit enhancement, in accordance with the terms thereof; provided that if the Corporation obtains funds in an amount equal to the outstanding principal balance of such 2008 Mortgage Loan, plus the lesser of (i) accrued interest thereon or (ii) the maximum amount available with respect to accrued interest thereon, pursuant to any such letter of credit, credit enhancement or other agreement, the Corporation shall immediately assign such 2008 Mortgage Loan to or upon the order of the provider thereof free and clear of the lien of the General Resolution.

Issuance of Additional Obligations

The Corporation shall not hereafter create or permit the creation of or issue any obligations or create any indebtedness which will be secured by a superior charge and lien on the Revenues and assets pledged under or pursuant to the General Resolution for the payment of the Bonds (other than Subordinate Bonds). In addition, the Corporation shall not hereafter create or permit the creation of or issue any obligations or create any additional indebtedness (other than additional Bonds and except as expressly permitted by the General Resolution with respect to pledges made for the benefit of Credit Facility Providers) which will be secured by an equal charge and lien on the Revenues and assets pledged under or pursuant to the General Resolution. The Corporation expressly reserves the right (i) to issue one or more Series of Subordinate Bonds pursuant to Supplemental Resolutions and (ii) to issue one or more series of bonds, notes or other obligations pursuant to other resolutions which will be secured by a subordinate charge and lien on the Revenues and assets pledged under the General Resolution.

Sale of Mortgage Loans

The Corporation is authorized to sell, assign or otherwise dispose of a Mortgage Loan, in addition to a sale, assignment or disposition required pursuant to the General Resolution or any applicable Supplemental Resolution, provided the proceeds of such sale, assignment or disposition shall be treated as Recoveries of Principal for purposes of the General Resolution and provided, further, that, with respect to any Mortgage Loan not in default, a Cash Flow Statement is filed with the Trustee. Notwithstanding the above to the contrary, the 2006 Series A Supplemental Resolution provides that the Corporation is not authorized to sell, assign or otherwise dispose of the 2006 Series A Mortgage Loan or any mortgage loan underlying the 2006 Series A Mortgage Loan prior to May 1, 2016 other than a mortgage loan in default.

Disposition of Recoveries of Principal

All Recoveries of Principal shall be deposited in the Redemption Account and applied to the redemption of Bonds as soon as practically possible; provided, however, that, except as otherwise provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, in lieu of such deposit, the Corporation may, upon filing a Cash Flow Statement, direct the Trustee to deposit all or a portion of any such Recoveries of Principal in the Bond Proceeds Account or the Revenue Account.

Powers of Amendment

Any modification of or amendment to the provisions of the General Resolution and of the rights and obligations of the Corporation and of the owners of the Bonds may be made by a Supplemental Resolution, with the written consent (given as provided in the General Resolution), (i) of the owners of at least two-thirds in principal amount of the Bonds Outstanding at the time such consent is given, (ii) in case less than all of the Bonds then Outstanding are affected by the modification or amendment, of the owners of at least two-thirds in principal amount of the Bonds so affected and Outstanding at the time such consent is given, and (iii) in case the modification or amendment changes the terms of any Sinking Fund Payment, of the owners of at least two-thirds in principal amount of the Bonds of the particular

Series and maturity entitled to such Sinking Fund Payment and Outstanding at the time such consent is given; provided, however, that in addition to the foregoing and notwithstanding anything to the contrary contained in the General Resolution, any modification of or amendment to a Supplemental Resolution authorizing the issuance of a Series of Bonds and of the rights and obligations of the Corporation and of the owners of the Bonds of such Series thereunder, in any particular, may, if no Bonds other than the Bonds of such Series are affected by the modification or amendment, be made by a Supplemental Resolution, but only, in the event such Supplemental Resolution shall require the consent of Bond owners, with the written consent given as provided in the General Resolution, of at least two-thirds in principal amount of the Bonds of such Series Outstanding at the time such consent is given. If any such modification or amendment will not take effect so long as any Bonds of any specified Series and maturity remain Outstanding however, the consent of the owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under this paragraph. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the owner of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds the consent of the owners of which is required to effect any such modification or amendment, or shall change or modify any of the rights or obligations of the Trustee without its written assent thereto.

The Corporation may adopt, without the consent of any owners of the Bonds, Supplemental Resolutions to, among other things, provide limitations and restrictions in addition to the limitations and restrictions contained in the General Resolution on the issuance of other evidences of indebtedness; add to the covenants and agreements or limitations and restrictions on, the Corporation's other covenants and agreements or limitations and restrictions which are not contrary to or inconsistent with the General Resolution; surrender any right, power or privilege of the Corporation under the General Resolution, but only if the surrender is not contrary to or inconsistent with the covenants and agreements of the Corporation contained in the General Resolution; confirm any pledge under the General Resolution of the Revenues or of any other revenues or assets; modify any of the provisions of the General Resolution in any respect whatever (but no such modification shall be effective until all Bonds theretofore issued are no longer Outstanding); provide for the issuance of Bonds in coupon form payable to bearer; authorize the issuance of a Series of Bonds and prescribe the terms and conditions thereof; cure any ambiguity or correct any defect or inconsistent provision in the General Resolution (provided that the Trustee shall consent thereto); comply with the Code; pledge under the General Resolution any additional collateral as further security for the Bonds or specific Series of Bonds, including, but not limited to, additional Mortgage Loans or other assets or revenues; appoint a trustee (other than the Trustee) with respect to any Subordinate Bonds; or make any additions, deletions or modifications to the General Resolution which, in the opinion of the Trustee, are not materially adverse to the interests of the Bond owners.

Events of Default

Each of the following events shall constitute an "Event of Default" with respect to the Bonds: (1) payment of the principal or Redemption Price, if any, of or interest on any Bond when and as the same shall become due, whether at maturity or upon call for redemption or otherwise, shall not be made when and as the same shall become due; or (2) the Corporation shall fail or refuse to comply with the provisions of the General Resolution or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained therein or in any applicable Supplemental Resolution or the Bonds, and such failure, refusal or default shall continue for a period of forty-five (45) days after written notice thereof by the Trustee or the owners of not less than 5% in principal amount of the Outstanding Bonds (other than Subordinate Bonds).

Remedies

Upon the happening and continuance of any Event of Default specified in clause (1) of the preceding paragraph, the Trustee shall proceed, or upon the happening and continuance of any Event of Default specified in clause (2) of the preceding paragraph, the Trustee may proceed and, upon the written request of the owners of not less than 25% in principal amount of the Outstanding Bonds (other than Subordinate Bonds), shall proceed, in its own name, subject to the provisions of the General Resolution, to protect and enforce the rights of the Bond owners by such of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights: (1) by mandamus or other suit, action or proceeding at law or in equity, to enforce all rights of the Bond owners, including the right to require the Corporation to receive and collect Revenues adequate to carry out the covenants and agreements as to the Mortgage Loans and to require the Corporation to carry out any other covenants or agreements with such Bond owners, including the assignment of the Mortgage Loans, and to perform its duties under the Act; (2) by bringing suit upon the Bonds; (3) by action or suit in equity, to require the Corporation to account as if it were the trustee of an express trust for the owners of the Bonds; (4) by action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the owners of the Bonds; (5) by declaring all Outstanding Bonds due and payable (provided that with respect to an Event of Default specified in clause (2) of the preceding paragraph, no such declaration shall be made without the consent of the owners of 100% in principal amount of the Outstanding Bonds (other than Subordinate Bonds)), and if all defaults shall be cured, then, with the written consent of the owners of not less than 25% in principal amount of the Outstanding Bonds (other than Subordinate Bonds), by annulling such declaration and its consequences; or (6) in the event that all Outstanding Bonds are declared due and payable, by selling Mortgage Loans and any Investment Securities securing such Bonds.

In the enforcement of any rights and remedies under the General Resolution, the Trustee shall be entitled to sue for, enforce payment of and receive any and all amounts then or during any default becoming, and at any time remaining, due and unpaid from the Corporation for principal, Redemption Price, interest or otherwise, under any provisions of the General Resolution or a Supplemental Resolution or of the Bonds with interest on overdue payments at the rate of interest specified in such Bonds, together with any and all costs and expenses of collection and of all proceedings thereunder and under such Bonds, without prejudice to any other right or remedy of the Trustee or of the Bond owners, and to recover and enforce a judgment or decree against the Corporation for any portion of such amounts remaining unpaid, with interest, costs and expenses (including without limitation pre-trial, trial and appellate attorneys' fees), and to collect from any monies available for such purpose, in any manner provided by law, the monies adjudged or decreed to be payable.

Anything in the General Resolution to the contrary notwithstanding, the owners of the majority in principal amount of the Bonds then Outstanding (other than Subordinate Bonds) shall have the right, by an instrument or concurrent instruments in writing executed and delivered to the Trustee, to direct the method of conducting all remedial proceedings to be taken by the Trustee under the General Resolution, provided that such direction shall not be otherwise than in accordance with law or the provisions of the General Resolution, and that the Trustee shall have the right to decline to follow any such direction which in the opinion of the Trustee would be unjustly prejudicial to Bond owners not parties to such direction.

No owner of any Bond shall have any right to institute any suit, action, mandamus or other proceeding in equity or at law under the General Resolution, or for the protection or enforcement of any right under the General Resolution unless such owner shall have given to the Trustee written notice of the Event of Default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the owners of not less than 25% in principal amount of the Bonds then Outstanding (other than Subordinate Bonds) shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a

reasonable opportunity either to proceed to exercise the powers in the General Resolution granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses (including legal fees and expenses) and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time. Nothing contained in the General Resolution shall affect or impair the right of any Bond owner to enforce the payment of the principal of and interest on such owner's Bonds, or the obligation of the Corporation to pay the principal of and interest on each Bond issued under the General Resolution to the owner thereof at the time and place in said Bond expressed.

Unless remedied or cured, the Trustee shall give to the Bond owners notice of each Event of Default under the General Resolution known to the Trustee within ninety (90) days after actual knowledge by the Trustee of the occurrence thereof. However, except in the case of default in the payment of the principal or Redemption Price, if any, of or interest on any of the Bonds, or in the making of any payment required to be made into the Bond Proceeds Account, the Trustee may withhold such notice if it determines that the withholding of such notice is in the interest of the Bond owners.

Priority of Payments After Default

In the event that upon the happening and continuance of any Event of Default the funds held by the Trustee shall be insufficient for the payment of the principal or Redemption Price, if any, of and interest then due on the Bonds affected, such funds (other than funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption) and any other amounts received or collected by the Trustee acting pursuant to the Act and the General Resolution, after making provision for the payment of any expenses necessary in the opinion of the Trustee to protect the interest of the owners of such Bonds and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee in the performance of its duties under the General Resolution, shall be applied as follows:

(1) Unless the principal of all of such Bonds shall have become or have been declared due and payable:

(a) To the payment to the persons entitled thereto of all installments of interest then due (other than with respect to Subordinate Bonds) in the order of the maturity of such installments, and, if the amount available shall not be sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference,

(b) To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any such Bonds (other than Subordinate Bonds) which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Bonds (other than Subordinate Bonds) due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price, if any, due on such date, to the persons entitled thereto, without any discrimination or preference,

(c) To the payment to the persons entitled thereto of all installments of interest then due with respect to Subordinate Bonds in the order of the maturity of such installments, and, if the amount available shall not be

sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference, and

(d) To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any Subordinate Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates and, if the amounts available shall not be sufficient to pay in full all the Subordinate Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price, if any, due on such date, to the persons entitled thereto, without any discrimination or preference.

(2) If the principal of all such Bonds shall have become or have been declared due and payable, first to the payment of the principal and interest then due and unpaid upon such Bonds (other than Subordinate Bonds) without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any such Bond (other than Subordinate Bonds) over any other such Bond (other than Subordinate Bonds), ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in such Bonds (other than Subordinate Bonds), and second, to the payment of the principal and interest then due and unpaid upon the Subordinate Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any such Subordinate Bond over any other such Subordinate Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in such Subordinate Bonds.

Defeasance

If the Corporation shall pay or cause to be paid to the owners of all Bonds then Outstanding the principal and interest and Redemption Price, if any, to become due thereon, at the times and in the manner stipulated therein and in the General Resolution, then the pledge of any Revenues and other monies, securities, funds and property pledged by the General Resolution and all other rights granted by the General Resolution shall be discharged and satisfied.

Bonds or interest installments for the payment or redemption of which monies shall have been set aside and shall be held in trust by the Trustee (through deposit by the Corporation of funds for such payment or redemption or otherwise) at the maturity or Redemption Date thereof shall be deemed to have been paid within the meaning and with the effect expressed in the above paragraph. Except as otherwise provided in a Supplemental Resolution authorizing the issuance of a Series of Bonds, all Outstanding Bonds of any Series shall, prior to the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in the above paragraph if: (i) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Corporation shall have given to the Trustee in form satisfactory to it irrevocable instructions to give as provided in the General Resolution notice of redemption on said date of such Bonds, (ii) there shall have been set aside and shall be held in trust by the Trustee (through deposit by the Corporation of funds for such payment or redemption or otherwise) either (a) monies in an amount which shall be sufficient, or (b) Government Obligations or (c) obligations (1) validly issued by or on behalf of a state or political subdivision thereof, (2) the interest on which is excluded from gross income for Federal income taxation purposes pursuant to Section 103(a) of

the Code and (3) fully secured by a first lien on Government Obligations, the principal of and the interest on which when due will provide monies which, together with the monies, if any, deposited with the Trustee at the same time, shall be sufficient to pay when due the principal or Redemption Price, if any, of and interest due and to become due on said Bonds on and prior to the Redemption Date or maturity date thereof, as the case may be, and (iii) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Corporation shall have given the Trustee in form satisfactory to it irrevocable instructions to give by mail, as soon as practicable, notice to the owners of such Bonds that the deposit required by this subsection has been made with the Trustee and that said Bonds are deemed to have been paid in accordance with the General Resolution and stating such maturity or Redemption Date upon which monies are to be available for the payment of the principal or Redemption Price, if any, on said Bonds. To the extent required for the payment of the principal or Redemption Price, if applicable, of and interest on said Bonds, neither monies deposited with the Trustee pursuant to the General Resolution nor principal or interest payments on any such Government Obligations or obligations described in clause (c) above and deposited with the Trustee pursuant to the General Resolution shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal or Redemption Price, if any, of and interest on said Bonds; provided that any cash received from such principal or interest payments on such Government Obligations or obligations described in clause (c) above and deposited with the Trustee pursuant to the General Resolution, if not then needed for such purpose, shall, to the extent practicable, be reinvested in obligations described in clauses (b) or (c) above maturing at times and in amounts sufficient to pay when due the principal or Redemption Price, if any, of and interest to become due on said Bonds on and prior to such Redemption Date or maturity date thereof, as the case may be, and, if not required for the payment of such Bonds, any monies deposited with the Trustee pursuant to the General Resolution and principal and interest payments on the obligations described in clauses (b) or (c) above shall be paid over to the Corporation, as received by the Trustee, free and clear of any trust, lien or pledge. The Trustee may sell, transfer or otherwise dispose of the obligations described in clauses (b) and (c) above deposited with the Trustee pursuant to the General Resolution; provided that the amounts received upon any such sale, transfer or other disposition, or a portion of such amounts, shall be applied to the purchase of other obligations described in clauses (b) and (c) above, the principal of and the interest on which when due will provide monies which, together with the monies on deposit with the Trustee, shall be sufficient to pay when due the principal or Redemption Price, if applicable, of and interest due and to become due on said Bonds on and prior to the Redemption Date or maturity date thereof, as the case may be, in accordance with the General Resolution.

Amounts held by the Trustee for the payment of principal or Redemption Price of, or interest on, Bonds held by particular Bond owners with respect to which no claim for payment has been made shall be disposed of as provided by applicable law, or if there shall be no such applicable law, shall be returned to the Corporation three years after the date on which payment of such amounts would have been due.

Report of Independent Auditors

The Members of the
New York City Housing Development Corporation

We have audited the accompanying financial statements of the business-type activities and the aggregate discretely presented component units of the New York City Housing Development Corporation (the Corporation), a component unit of the City of New York, as of and for the year ended October 31, 2007, which collectively comprise the Corporation's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit. The prior year summarized comparative information has been derived from the Corporation's 2006 financial statements and, in our report dated January 26, 2007 we expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Corporation's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As discussed in Note 13 to the financial statements, effective October 31, 2006, the Corporation adopted the provisions of Governmental Accounting Standards Board Statement No. 45, *Accounting and Financial Reporting by Employer's for Postretirement Benefits Other Than Pensions*.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the Corporation as of October 31, 2007, and the respective changes in financial position and where applicable, cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2008 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis and the schedule of funding progress on pages 3 to 8 and page 57 are not a required part of the basic financial statements but are supplementary information required by the Government Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding methods of measurement and presentation of this required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purposes of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in Schedule 2 on pages 58 to 59 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NEW YORK CITY HOUSING DEVELOPMENT CORPORATION
Management's Discussion and Analysis
Year Ended October 31, 2007

INTRODUCTION

The New York City Housing Development Corporation ("HDC" or the "Corporation") is a State public benefit corporation that finances affordable housing in New York City. HDC issues tax-exempt and taxable debt and uses the proceeds along with other monies of the Corporation to make loans to finance new residential construction and rehabilitation of existing multi-family housing. HDC, which is financially self-supporting, also lends its own internally-generated funds for these purposes. All of these activities are reported in the financial statements under the heading "Housing Development Corporation."

HDC currently has two active subsidiaries that are discretely presented as component units in the financial statements. The Residential Mortgage Insurance Corporation ("REMIC") insures residential mortgages in New York City. The Housing Assistance Corporation ("HAC") made mortgage loans for affordable housing in the 1980s and provides rental subsidy assistance to a small number of residential developments.

The Corporation's annual financial report consists of three parts: *management's discussion and analysis* (this section), the basic *financial statements*, and *required supplementary information* which is the schedule of funding progress and follows directly after the notes to the financial statements.

This section of the Corporation's annual financial report presents our discussion and analysis of the Corporation's financial performance during the fiscal year that ended on October 31, 2007. This period is also referred to as Fiscal Year 2007. Data is presented for the primary governmental entity HDC only. Figures have been rounded to facilitate reading.

FINANCIAL HIGHLIGHTS

- Significant growth in assets and liabilities due to ongoing financing activities.
- Thirty-seven bond series sold, totaling \$1.08 billion, to create and preserve affordable housing. Of the total issued, \$991.1 million was new money and \$86.9 million was refinancing of previously issued debt.
- Total assets of \$8.2 billion, an increase of \$853.4 million or 11.6% from 2006 as a result of borrowing activities noted above and related mortgages.
- Total liabilities of \$7.14 billion, an increase of \$778.0 million or 12.2% from 2006 as a result of the bonds issued and noted above.
- Total net assets of \$1.06 billion, an increase of \$75.4 million or 7.7% from 2006 due to normal operating activities.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Corporation is a self-supporting entity and follows enterprise fund reporting. An enterprise fund reports activity that is financed with debt that is secured solely by a pledge of the net revenue from that activity as well as activity that is not supported by taxes or similar revenues. HDC's financial statements are presented using the economic resources measurement focus and the accrual basis of accounting. The accrual basis of accounting matches revenues and expenses to the time period in which they are earned or attributable, respectively, which may differ from the period in which the associated cash is received or expended.

Enterprise fund statements offer short-term and long-term financial information about the Corporation's activities. While detailed sub-fund information is not presented in the Corporation's financial statements, separate accounts are maintained for each bond issue and component unit, as well as the Corporation's general operating fund, known as the Corporate Services Fund. In addition, HDC also services construction and permanent loans on behalf of New York City's Department of Housing Preservation and Development ("HPD"). These sub-funds permit HDC to control and manage money for particular purposes and to demonstrate that the Corporation is properly using specific resources.

HDC's Assets and Liabilities

The balance sheet in the financial statements presents the Corporation's assets, liabilities, and net assets as of October 31, 2007. The following table represents the changes in the primary entity HDC's net assets between October 31, 2006 and 2007 and should be read in conjunction with the financial statements. Dollars are in thousands.

Unrestricted	635,100	566,742	68,358	12.1
Total Net Assets	\$1,060,143	\$984,739	\$75,404	7.7%

Assets of the Corporation consist largely of the following: mortgage loans; cash and investment for bond proceeds, debt service and other reserves; funds designated for various housing programs; and other assets, which include participation interests in cash flows from pools of mortgage loans, housing-related notes receivable and purpose investments, and working capital. Total assets grew 11.6% or \$853.4 million from 2006 due to the Corporation's ongoing debt issuance and lending activities. In the prior fiscal year, total assets increased \$713.0 million or 10.7%.

As noted above the growth in total assets in 2007 was due primarily to the Corporation's ongoing debt issuance and lending activities. When HDC sells bonds, the bond proceeds are an investment asset until converted to a loan asset once disbursed. The asset value is generally offset by the related bond liability.

Liabilities of the Corporation can be grouped into three main categories. By far the largest is HDC bonds outstanding, which totaled \$5.9 billion at October 31, 2007. The second largest category is "Payable to New York City" (the "City"). This includes construction loan funds administered on behalf of HPD and other assets which will ultimately revert to the City under various loan participation and other agreements. These include loan assets which are currently held by HDC and pledged to pay HDC bonds, but transfer to the City when the related bonds are retired. The last category, "Other," includes payable to mortgagors and deferred income. Payable to mortgagors are funds held and administered by HDC but are the property of others, such as escrows held by HDC in the course of its loan servicing functions. When HDC receives certain mortgage- and bond-related fee income as cash, but as a result of using the accrual method of accounting only recognizes the income when earned over the appropriate time period, this is classified as deferred income and is shown as a liability.

Total liabilities of the Corporation were \$7.14 billion at October 31, 2007. Liabilities grew 12.2% or \$778.0 million from the prior year, principally as a result of HDC issuing 37 new bond series during Fiscal Year 2007, net of bond redemptions and retirements. Although there was a net decrease in the Payable to the City as a whole, three separate transactions primarily impacted the payable during the year. First, the aforementioned origination or purchase of a participation interest with HPD in the Mitchell Lama second loans caused an increase of \$10.4 million in Payable to the City. At the same time this declined by \$18.1 million due to the prepayment of a few loans in Mitchell-Lama loan programs. Second, a decline of \$10.3 million in the participation loan program with HPD due to the receipt of non-operating revenues and bond credit facility fees. And third, an increase of \$4.9 million in the administration of construction and permanent loans on behalf of the City (HPD).

Net assets of the Corporation are the excess of assets over liabilities, and totaled \$1.06 billion for the Corporation as of October 31, 2007. This represents an increase of \$75.4 million or 7.7% over the prior year. In 2006 total net assets increased \$183.1 million or 22.8%. The significant increase in 2006 reflects the one-time transaction of loan participation agreement securitization proceeds from 2006 Series A bonds. Without this one time transaction, the Corporation earned \$85.0 million due to its normal operating activities. The growth in net assets

of \$75.4 million in 2007 is a result of revenues in excess of expenses in fiscal year 2007 and is discussed below.

Net assets are classified as restricted or unrestricted, with restricted assets being committed by law or contract to specific purposes. HDC's most significant restricted assets include debt service reserves for HDC bond issues and undisbursed bond proceeds held prior to construction advances. Unrestricted assets may be classified as designated or undesignated. Designated assets are those allocated by HDC Member's action or policy for specific purposes, such as rating agency reserves (to support the Corporation's general obligation rating), specific housing loan programs to which the Corporation has committed resources under the Mayor's New Housing Marketplace Program, and working capital. Virtually all of the Corporation's net assets are either restricted or designated.

HDC's Revenues and Expenses

The Statement of Revenues, Expenses and Changes in Fund Net Assets in the financial statements presents revenues recognized in and expenses attributed to the fiscal year ended October 31, 2007. The table below summarizes the primary entity HDC's revenues and expenses and presents comparative data. It should be read in conjunction with the financial statements. All amounts are in thousands of dollars.

Revenues of the Corporation are classified as operating and non-operating. Interest income from mortgage and other loan-related interests represents the Corporation's major source of operating revenue, which also includes various loan and bond program fees such as commitment, financing, and mortgage insurance and servicing fees. The Corporation's non-operating revenues consist mostly of earnings on investments including purpose investments. Investment income accrues to the benefit of the program for which the underlying sources of funds are utilized.

HDC's expenses are also classified as operating and non-operating. Operating expenses are led by interest on bonds, which accounted for 89.8% of operating expenses in Fiscal Year 2007. Other operating expenses include corporate operating expenses (salaries, overhead, and depreciation) and fees. Non-operating expenses are relatively minor and consist largely of amortization of the capitalized value of a purchased cash flow.

HDC's change in net assets for Fiscal Year 2007 was positively or negatively affected as described below:

- Interest on loans rose \$13.3 million or 5.8% mainly due to an increase in loan balances and a minimal increase in variable interest rates, as well as income from prepayment of non-participating loans in the Mitchell-Lama Program. In 2006, interest on loans increased by \$75.1 million or 49.2% from the previous year due to higher variable interest rates, higher loan balances and the prepayment of loans in the Mitchell-Lama Program.
- Earnings on investments grew by \$17.5 million or 27.2% due to higher invested balances and a marginal increase in short-term rates. In 2006, earnings on investments increased \$21.6 million or 50.8% from the previous year due to higher investment balances and higher short-term rates.
- Interest expense grew from \$217.8 million to \$250.8 million or 15.1% mainly due to HDC bond issuance and marginal rising variable interest rates. In 2006, interest expense increased by \$73.7 million or 51.1% from the previous year due to more bond issuance and higher variable interest rates.
- Other operating expenses declined by \$0.7 million or 2.4% primarily as a result of a reduction in bond related operating costs. All other operating costs increased related to the growth in HDC's volume of business and costs related to Other Post Employment Benefits ("OPEB") for FY 2007. In 2006, other operating expenses increased by \$2.3 million or 8.5% from the previous year for similar reasons.
- As a result of the factors above, the Corporation's growth in net assets resulting from revenues in excess of expenses is \$75.4 million, a decline of \$107.7 million from 2006. In 2006, net assets increased by \$183.1 million, which included a one-time transaction of loan participation agreement resecuritization proceeds of \$98.1 million from the 2006 Series A bonds. Without the one-time transaction, the decline in net assets would be \$9.6 million or 11.3%.

DEBT ADMINISTRATION

At year-end, the Corporation had \$5.9 billion of bond principal outstanding, net of deferred bond refunding costs, discount and premium, an increase of 14.5% over the prior year. The following table summarizes the changes in bonds payable between October 31, 2006 and October 31, 2007. Dollars in thousands.

	2007	2006	Percentage Increase FY 2006 to 2007
Bonds Payable	\$5,897,268	5,149,414	14.5%

Additional information on the Corporation's long-term debt can be found in Note 9 to the financial statements: "Bonds Payable".

NEW BUSINESS

During Fiscal Year 2007, the Corporation issued 37 new taxable and tax-exempt bond series totaling \$1.08 billion. Included in this total were 14 series of Housing Revenue Bond Program bonds totaling \$464.9 million, 20 series of Multi-Family Mortgage Revenue Bonds Rental Projects Program bonds amounting to \$518.5 million, one series of Multi-Family Secured Mortgage Revenue Bonds for \$4.5 million and two series of Liberty Bonds totaling \$90.0 million. All of these funds are being used to provide mortgage and loan financing. In further support of its affordable housing mission, the Corporation also made low interest loans from its net assets. Between the end of Fiscal Year 2007 and December 31, 2007, HDC issued 7 additional series of bonds in the aggregate amount of \$200.5 million.

The Corporation adopted in fiscal year 2006 Government Accounting Standard Board ("GASB") No. 45 for Other Post Employment Benefits ("OPEB") and recognized an annual cost of \$1.6 million for fiscal year 2007. The actuarial accrued liability for benefits was \$15,391,000 as of October 31, 2007, all of which is unfunded.

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

Note 1: Organization

The New York City Housing Development Corporation (the "Corporation" or "HDC") is a corporate governmental agency constituting a public benefit corporation organized and existing under the laws of the State of New York (the "State"). The Corporation is also a tax exempt organization under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, (the "Code"). The Corporation was established in 1971 under the provisions of Article XII of the Private Housing Finance Law (the "Act") of the State and is to continue in existence for at least as long as bonds, notes or other obligations of the Corporation are outstanding.

The Corporation was created to encourage the investment of private capital through low-interest mortgage loans in order to increase the supply of safe and sanitary dwelling accommodations for families and persons whose need for housing accommodations cannot be provided by unassisted private enterprise. To accomplish its objectives, the Corporation is empowered to finance housing through new construction or rehabilitation and to provide permanent financing for multi-family residential housing. The Corporation finances significant amounts of its activities through the issuance of bonds and notes. The bonds and notes of the Corporation are not debts of either the State or the City of New York (the "City").

Pursuant to Governmental Accounting Standards Board Statement ("GASB") No. 14, "The Financial Reporting Entity," the Corporation's financial statements are included in the City's financial statements as a component unit for financial reporting purposes.

Primary Government Entity

For the purpose of these financial statements, the Corporation is the primary government entity. Financial activity in HDC's bond and loan programs and in its Corporate Services Fund are aggregated and reported in the financial statements under Housing Development Corporation. The Corporation sells bonds, administers bond proceeds and manages bond revenues and repayments in accordance with bond resolutions adopted by its Board Members (see Note 9: "Bonds Payable"). Bond proceeds are used to make loans and provide for related costs and reserves, and loan repayments are applied to pay principal and interest on the related bonds (see Note 4: "Mortgage Loans"; Note 5: "Notes Receivable"; and Note 6: "Loan Participation Interests Receivable"). Corporation resources that are not pledged under or governed by a bond resolution are managed in the Corporate Services Fund. This fund accounts for (1) fees and earnings transferred from the bond and loan programs; (2) Section 8 administrative fees; (3) fees earned on loans serviced for HDC and for the City; (4) income from Corporate Services Fund investments; (5) payment of the Corporation's operating expenses; and (6) loan assets made with corporate funds.

The Corporation currently has two active subsidiaries that are reported as Discretely Presented Component Units in the financial statements, and two inactive subsidiaries.

The Housing Assistance Corporation ("HAC") and the New York City Residential Mortgage Insurance

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

Corporation ("REMIC") represent active subsidiaries and together with the Housing New York Corporation ("HNYC") and the Real Estate Owned Corporation ("REO") comprise the reporting entity. HAC and REMIC have been included in the Corporation's financial statements as discretely presented component units of HDC. All of these entities have been reported as component units because HDC's Members comprise all or a controlling majority of the Board for each entity and HDC's staff provides all services for each entity.

Discretely Presented Component Units

(A) Housing Assistance Corporation

The Housing Assistance Corporation is a public benefit corporation established pursuant to Section 654-b of the Act as a subsidiary of the Corporation.

HAC is empowered to receive monies from any source, including, but not limited to, the Corporation, the City or the State, for the purpose of assisting rental developments to maintain rentals affordable to low and moderate-income persons for whom the ordinary operation of private enterprise cannot supply safe, sanitary and affordable housing accommodations. In order to accomplish this objective, HAC may transfer, lend, pledge or assign these monies to any rental development or assist the Corporation in financing such developments. As a subsidiary of HDC, HAC's functions are administered by the Corporation and its Board Members substantially overlap with HDC's Board Members, so it is reported as a discretely presented component unit in HDC's financial statements.

(B) New York City Residential Mortgage Insurance Corporation

The New York City Residential Mortgage Insurance Corporation is a public benefit corporation established pursuant to Section 654-d of the Act as a subsidiary of HDC. REMIC is the successor entity to the New York City Rehabilitation Mortgage Insurance Corporation ("Old REMIC"), which was dissolved on January 27, 1993. REMIC has the authority to insure residential mortgage loans throughout the City in order to promote the preservation of neighborhoods which are blighted, are becoming blighted or may become blighted, to discourage divestment and encourage the investment of mortgage capital in such neighborhoods and to provide safe, sanitary and affordable housing accommodations to persons and families for whom the ordinary operations of private enterprise cannot supply such accommodations.

REMIC is required to maintain three reserves. The Housing Insurance Fund can be used as a revolving fund solely for the payment of liabilities arising from housing insurance contracts issued by REMIC. The Housing Insurance Fund requirement as of any particular date is established by statute and must be in an amount equal to the aggregate of (i) one hundred percent of the insured amounts due and payable pursuant to housing insurance contracts, plus (ii) twenty percent of the insured amounts under housing insurance contracts other than insured amounts which are due and payable pursuant to (i) above, plus (iii) twenty percent of the amounts to be insured under REMIC's commitments to insure. The Housing Insurance Fund requirement at October 31, 2007 is \$30,547,000.

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

REMIC must also maintain a Mortgage Insurance Fund which shall be used solely for the payment of liabilities arising from mortgage insurance contracts of the Old REMIC. The Mortgage Insurance Fund requirement at October 31, 2007 is \$442,000, which constitutes one hundred percent of Old REMIC's insured mortgage loans.

Any income or interest earned on these two reserves in excess of their respective requirements is transferred at least annually to the Premium Reserve Fund. The Premium Reserve Fund must also be maintained to provide for the payment of REMIC's liabilities arising from its operations, including liabilities arising from housing and mortgage insurance contracts. REMIC also maintains an Operating Fund for operation purposes. As a subsidiary of HDC, REMIC functions are administered by the Corporation. Hence there are no additional operating expenses other than administrative fees paid to HDC. The Premium Reserve Fund and Operating Fund have a combined balance of \$14,713,000 at October 31, 2007. REMIC's Board Members substantially overlap with HDC's Board Members, so it is reported as a discretely presented component unit in HDC's financial statements.

(C) Housing New York Corporation

The Housing New York Corporation is a public benefit corporation established pursuant to Section 654-c of the Act as a subsidiary of the Corporation. Authorization for the funding of the Housing New York Program ended on July 1, 1995. Consequently, HNYC can no longer issue bonds or notes to fund the Housing New York Program.

Upon repayment of all of the outstanding HNYC bonds on November 3, 2003, HNYC became an inactive subsidiary of the Corporation and its remaining funds were transferred out of HNYC. However, HNYC is not expected to be dissolved.

Blended Component Unit

(D) Real Estate Owned Corporation

The NYC HDC Real Estate Owned Corporation ("REO Subsidiary Corporation"), was established under Section 654-a of the Act on September 20, 2004. The REO Subsidiary Corporation has the power to hold property whenever, in the sole discretion of the Corporation, it has become necessary to acquire a project in the case of sale under foreclosure or in lieu of foreclosure to effectuate the purposes of the Act. There was no activity by this subsidiary during the last fiscal year and it is treated as a blended component unit of HDC.

Note 2: Summary of Significant Accounting Policies

The Corporation follows the principles of fund accounting, with a sub-fund for each bond series, for the Corporate Services Fund, and for each component unit. Each fund's assets, liabilities and net assets are accounted for as separate entities and follow enterprise fund reporting. Certain individual funds are

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

aggregated into larger categories for the purpose of financial reporting. The accompanying financial statements are presented using the economic resources measurement focus and the accrual basis of accounting wherein revenues are recognized when earned and expenses when incurred.

In its accounting and financial reporting, the Corporation follows the pronouncements of GASB. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989 are followed by the Corporation to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. The Corporation has elected not to follow subsequent private-sector guidance.

Other significant accounting policies are:

A. Revenue and Expense Recognition

The Corporation's operating revenue consists of earnings on loans and loan participation interests, fees and charges associated with both financing and servicing mortgages and loans, and other revenues that are received to cover the costs of raising capital. All other revenue, which is primarily investment income, is considered non-operating. Revenues are recognized when earned; commitment and financing fees are recognized over the life of the related mortgage.

Operating expenses include bonding costs, expenses for administering the various bond resolutions, personnel expenses, corporate operating expenses, amortization of capitalized issuance and financing costs, and depreciation expense. The Corporation reports all other expenses, including distributions of first mortgage earnings to the City in connection with loan participations and the payment, if necessary, of mortgage loan principal receipts on bond interest payments, as non-operating expenses. Expenses are recognized as incurred. Virtually all resources are either restricted or designated. Net assets have been restricted in accordance with terms of an award, agreement or by state law. Designated assets are committed for specific purposes pursuant to HDC policy and/or Board directives. Please see Footnote 17 for more detailed information.

B. Cash Equivalents and Investments

Short-term bank deposits and investments with stated maturities of 90 days or less are reported as Cash and Cash Equivalents and recorded at cost. All investments with maturities longer than 90 days are reported as investments and are carried at fair value, except for investment agreements. The Corporation's investment agreements, which can take the form of open time deposits or fixed repurchase agreements, are reported at an amount equal to principal and accrued interest.

Generally Accepted Accounting Principles ("GAAP") generally require that restricted assets be reported as non-current assets. In the case of cash equivalents and investments, this treatment generally causes restricted investments with maturities less than one year to be reported as non-current. However, to more accurately report the alignment of HDC's current liability for payment of bond principal and interest with funds available to satisfy these liabilities, HDC has included in Current Assets the cash, cash

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

equivalents and investments held as of October 31, 2007 for payment of bond principal and interest due in the following year.

C. Earnings on Investments

Earnings on investments include interest income and changes in fair value. Investment earnings on monies held for the City, project reserves for replacement and certain other project escrows are not reported as revenues; rather, they are reported as payable to the City or payable to mortgagors, respectively.

D. Debt Issuance Costs, Bond Discount and Other Bond Related Costs

Debt issuance costs and bond discount and premium are amortized over the life of the related bond issues using the effective interest method. Premiums paid in connection with interest rate cap agreements are amortized and reported as interest expense over the life of the respective agreements. Deferred Bond Refunding Costs are amortized to expenses over the shorter of the life of the refunding bonds or the refunded bonds.

E. Allowance for Credit Losses

HDC's loans are underwritten according to standards the Corporation believes prudent and are closely monitored for payment and for management of the associated housing developments. In addition, many of the Corporation's mortgages have credit enhancements through letters of credit, mortgage insurance and other supports. As such, HDC believes that the likelihood of experiencing material credit losses relating to its bonded mortgage programs is unlikely. Management has determined that current charges against income are not required.

F. Summarized Financial Information

The financial statements include summarized comparative information for the year ended October 31, 2006 in total but not by reporting unit. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Corporation's financial statements for the year ended October 31, 2006.

Note 3: Investments and Deposits

The Corporation is authorized to engage in investment activity pursuant to the Act and the Corporation's respective bond resolutions. Investment policies are set for the Corporation by the Members of the Corporation on an annual basis, through the annual adoption of written Investment Guidelines. Investments are reviewed on a periodic basis by the Corporation's Audit Committee. Day-to-day investment decisions are made by the Corporation's Investment Committee, whose members include the Chief Financial Officer, the Deputy Chief Financial Officer, the Controller, and the Vice President for

Cash Management. The Corporation principally invests in securities of the United States and its agencies, highly rated commercial paper, open time deposits (“OTDs”) in the form of investment agreements, demand accounts, and repurchase agreements. The Corporation did not enter into any reverse repurchase agreements during the year ended October 31, 2007. According to management, the Corporation is not in violation of any provisions of the foregoing policies.

All securities, other than securities held by the respective trustees for the benefit of the bondholders, are held by the Corporation or its agents in the Corporation’s name. Bond program investments are held by the trustee of the applicable program. All investment transactions are recorded on a delivery basis. As of October 31, 2007, the Corporation had the following investments.

Total	\$2,303,903	1,081,491	940,612	26,302	255,498

In addition to the investments identified above, as of October 31, 2007, the Corporation held \$8,155,000 uninvested as cash in various trust and escrow accounts. As of October 31, 2006, this amounted to \$5,310,000.

As part of its financing activities, HDC has made five housing development loans that are secured by GNMA certificates rather than mortgages on the properties. The GNMA certificates provide payments at such times and in such amounts as to fully repay the respective HDC loans, and are the only source of repayment for these loans. As such, the GNMA certificates are treated under U.S. Treasury regulations as acquired program obligations. The GNMA certificates are classified in the financial statements as purpose investments and identified separately from other investments and restricted investments in the financial statements. However, interest earned on the GNMA certificate is included in investment income.

Interest Rate Risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the Corporation’s Investment Guidelines charge the Investment Committee with “...determining appropriate investment instruments...based on...length of time funds are available for investment

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

purposes...” among other factors. Thus, maturities are matched to the Corporation’s liquidity needs.

Credit Risk: The Corporation’s investment guidelines and policies are designed to protect principal by limiting credit risk. This is accomplished through ratings, collateral, and diversification requirements that vary according to the type of investment.

As of October 31, 2007, investments in Federal National Mortgage Association (“FNMA” or “Fannie Mae”), Federal Home Loan Mortgage Corporation (“FHLMC” or “Freddie Mac”), Federal Farm Credit Bond and Federal Home Loan Bank (“FHLB”) were rated in the highest long-term or short-term ratings category (as applicable) by Standard & Poor’s and/or Moody’s Investors Service. These ratings were AAA and A-1+ by Standard & Poor’s and Aaa and P-1 by Moody’s for long-term and short-term instruments, respectively. Some investments were not rated by Fitch Ratings. Of the investments that were rated by Fitch Ratings, they carried ratings from AAA to BBB+. Investments in commercial paper were rated in the highest short-term category by at least two major rating agencies (A-1+ by Standard & Poor’s, P-1 by Moody’s). Money Market and NOW accounts, OTDs and Repurchase Agreements in the form of OTDs are not rated, however, the providers are rated.

Custodial Credit Risk: For investments, custodial credit risk is the risk that in the event of the failure of the counterparty, the Corporation will not be able to recover the value of its investments or collateral securities that are in the possession of the outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Corporation, and are held by either the counterparty or the counterparty’s trust department or agent but not in the name of the Corporation.

The Corporation manages custodial credit risk by limiting its investments to highly rated institutions and/or requiring high quality collateral be held by the counterparty in the name of the Corporation. At October 31, 2007, the Corporation was not exposed to custodial credit risk on its investment securities.

As of October 31, 2007, open time deposits in the amount of \$182,395,000, \$478,846,000 of repurchase agreements, and demand accounts in the amount of \$29,907,000 were collateralized by high quality instruments such as US Treasury Notes, US Treasury Bills and Agency investments held by the Corporation’s agent in the name of the Corporation. All such investments are not subject to custodial credit risk.

For deposits, custodial credit risk is the risk that in the event of a bank failure, the Corporation’s deposit may not be returned to it. HDC bank deposits amounted to \$12,371,000 at October 31, 2007, of which \$11,871,000 was uninsured and uncollateralized.

Concentration of Credit Risk: The Corporation reviews its credit concentration monthly and under current policy limits exposure to any one commercial paper provider to \$10 million. Effective December 17, 2007, the Corporation’s Investment Committee increased this limit to \$25 million. However, the Corporation’s Credit Risk unit monitors concentration risk amongst issuers and reports to the Members of the Corporation’s Audit Committee. At October 31, 2007, 8.70% or \$199.7 million of the

New York City Housing Development Corporation

Corporation's investments were in FHLB, 8.20% or \$190.1 million were in GNMA and 5.60% or \$128.1 million were in FHLMC.

Note 4: Mortgage Loans

The Corporation has outstanding, under various loan programs, mortgage loans of \$5,397,654,000 and \$4,995,116,000 as of October 31, 2007 and 2006, respectively. These amounts represent the portion of mortgage loans for which the Corporation has advanced monies. The portion of mortgage loans that has not yet been advanced is recorded as investments and this amounted to \$1,093,718,000 and \$719,637,000 at October 31, 2007 and October 31, 2006, respectively. (See Note 15: "Commitments").

Changes in Mortgage Loans

The changes in Mortgage Loans are as follows:

Mortgage loans outstanding at October 31, 2005	\$4,450,301,000
Mortgage Advances	839,299,000
Principal Collections	(294,595,000)

Mortgage loans outstanding at October 31, 2006	4,995,116,000
Mortgage Advances	623,456,000
Principal Collections	(220,933,000)
Discount/Premium Amortized	15,000
<hr/>	
Mortgage loans outstanding at October 31, 2007	\$5,397,654,000

(A) New York City Housing Development Corporation

The HDC mortgage loans listed above were originally repayable over terms of 1.5 to 50 years and bear interest at rates from 1% to 10.36% per annum. Almost all mortgage loans receivable are collateralized by first or second mortgages on the property of the housing sponsors and contain exculpatory clauses with respect to the liability of the principals of such housing sponsors. The table above does not include loans which are not secured by mortgages, which include a military housing loan and a loan to the New York City Housing Authority ("NYCHA"), each secured by notes (See Note 5: "Notes Receivable") and loans secured by GNMA certificates (see Note 3: "Investments and Deposits"). Of the total HDC mortgages held as of October 31, 2007, 81% are first mortgages and 19% are subordinate loans.

(B) Housing Assistance Corporation

The Housing Assistance Corporation financed construction and capitalized interest costs for eight affordable housing projects during the period of 1986 to 1990. These loans, funded by the City, accrue interest at the rate of 0-1% per annum, and in most cases the interest is deferred until approximately twenty years after origination. None of the loans are amortizing. All funds received by HAC are applied to its corporate purpose. As of October 31, 2007, there were five loans remaining and the total outstanding loan balance was \$30,457,000.

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

Note 5: Notes Receivable

HDC has two loans outstanding that are secured by notes and pledged revenues. Military Housing Notes Receivable of \$47,545,000 were received in connection with the 2004 Series A Class I & II Military Housing Revenue Bond (Fort Hamilton LLC Project) issuance. The notes are secured by pledged revenues of the development under a Master Trust Indenture.

In addition, notes receivable from New York City Housing Authority ("NYCHA") in connection with the Corporation's 2005 Series A Capital Fund Program Revenue Bond issuance was \$142,995,000 at October 31, 2007. This note is secured under a Master Trust Indenture by NYCHA's pledge of HUD's annual appropriation of public housing capital funds to NYCHA.

Note 6: Loan Participation Interests Receivable

The Corporation has acquired interests in two real estate mortgage investment trusts in connection with its housing activities.

First, in each of fiscal years 2002 and 2003, HDC used bond proceeds from its Multi-Family Housing Revenue Bonds, "2002 Series D" and Multi-Family Housing Revenue Bonds, "2003 Series D" bond issues to purchase a subordinate position 100% participation interest in a portion of the cash flows from a pool of mortgage loans the City had previously securitized in 1996. This pool is known as the Sheridan Trust II and HDC's purchased asset is the Class B Certificate. Upon completion of the 2003 transaction, HDC's participation interest covered all the cash flows of the Sheridan Trust II, subject to the prior lien of the senior interest holder. Because HDC's ownership interest in the asset was subordinate to that of another owner, with no rights to revenues from the asset until the senior holder was retired, the related loan asset was not recorded when purchased. In September, 2005 the senior lien interests were satisfied and HDC became the primary beneficiary of the Trust. At that time, therefore, the loan asset was added to HDC's balance sheet and was valued at its principal amount.

At issuance, the 2002 Series D and 2003 Series D bonds were substantially over collateralized by their respective total loan assets. This presented the Corporation with an opportunity to recapitalize the underlying loan portfolio. In April 2006, the Corporation issued its Multi-Family Housing Revenue Bonds, "2006 Series A" bonds to refinance the 2002 Series D and 2003 Series D bonds. At the time, the principal amount of the Sheridan Trust II had a balance of \$211,455,000 that was transferred to the 2006 Series A bond program. At October 31, 2007, this principal amount was \$182,154,000.

Second, in fiscal year 2005, HDC used bond proceeds to acquire from the City a 100% participation interest in the cash flows payable to the City as owner of the Class B Certificate of the NYC Mortgage Loan Trust, also created by the City in 1996. Class A Certificates of this trust remain outstanding and HDC's interest is subordinate to scheduled and make-whole payments to the Class A Certificate holders, but it does receive unscheduled revenue from this participation interest. The Class B Certificate does not have a stated principal amount and is valued at its purchase price, as adjusted for the return of capital.

New York City Housing Development Corporation
Notes to the Financial Statements
October 31, 2007

At October 31, 2007, this amount was \$7,243,000.

In each case, the loan participation interests are pledged to the associated bonds but revert to the City when such bonds are retired. See Note 11: "Payable to The City of New York".

Note 7: Other Receivables

Other Receivables of \$9,302,000 represent unamortized commitment and financing fees, servicing fees receivable, Reserve for Replacement loans and Corporate Services Fund loans not secured by mortgages on the properties, and interest receivable on HPD loans serviced (but not owned) by HDC.

Note 8: Other Non-Current Assets

Other non-current assets totaled \$8,326,000 at October 31, 2007, and consist of (a) various interest rate caps purchased by the Corporation in connection with certain bond issuances; and (b) the value of purchased cash flows related to the 223(f) Program and the Multi-Family Housing Revenue Bonds, 2001 Series B.

Interest rate caps are used to mitigate the Corporation's exposure to rising interest rates on its variable rate debt. Three interest rate caps were purchased from the New York City Transitional Finance Authority ("TFA") in connection with the Corporation's issuance of its 2002 Series C and 2002 Series D Multi-Family Housing Revenue Bonds. These caps were carried at their amortized value. On December 2, 2005, by mutual agreement between the Corporation and the TFA, these interest rate caps were cancelled. As a condition of cancellation, TFA delivered, at its expense, three new interest rate caps from Goldman Sachs Mitsui Marine Derivative Products with substantially the same terms and conditions as the original caps. At that time, the combined balances of the interest rate caps had an amortized value of \$16,088,000 and a fair value of \$7,275,000 and accordingly, the Corporation recorded a fair market value adjustment of \$8,813,000 in fiscal year 2006.

On April 28, 2006, the Corporation issued the 2006 Series A bonds to refinance both the 2002 Series D and 2003 Series D bonds, and the related interest rate caps on these bonds were transferred to the 2006 Series A bond program. At October 31, 2007, the value of the interest rate caps for 2006 Series A and 2002 Series C were \$4,253,000 and \$150, respectively.

On May 25, 2005, the Corporation purchased two interest rate caps from Goldman Sachs Mitsui Marine Derivative Products in connection with the Corporation's issuance of its Multi-Family Housing Revenue Bonds, 2005 Series A-2 and 2005 Series B bonds. On March 22, 2006, the 2005 Series A-2 bonds were redeemed and the remaining amounts of its interest rate caps were written off. As of October 31, 2007, the value of the interest rate caps for the 2005 Series B was \$13,000.

The purchased cash flows are revenue streams consisting of (a) the excess of mortgagors' payments over bond debt service payments, trustee fees and servicing fees to the Corporation and (b) the earnings on certain restricted funds (which earnings are excluded from the Combined Statement of Revenues and

New York City Housing Development Corporation

Notes to the Financial Statements

Expenses), relating to the 223(f) program and Multi-Family Housing Revenue Bonds, 2001 Series B. These cash flows were purchased by the Corporation from the City of New York in fiscal year 1996. The purchase price amounts, representing the discounted value of the future cash flows, were recorded as an asset and have been amortized over the remaining mortgage life. During fiscal year 2007, \$742,000 was amortized and is reported as a non-operating expense. The unamortized value of these purchased cash flows is \$4,059,000 at October 31, 2007.

Note 9: Bonds Payable

The Corporation's authority to issue bonds and notes for any corporate purpose is limited by the Act to the extent that (i) the aggregate principal amount outstanding may not exceed \$7.75 billion, exclusive of refunding bonds or notes, and (ii) the maximum Capital Reserve Fund requirement may not exceed \$30 million. No bonds are currently subject to the Capital Reserve Fund requirement. These limits may be changed from time to time through State legislation. During the year ended October 31, 2007, the limit on aggregate principal amount outstanding was raised from \$6.25 billion to \$7.75 billion.

Bond Programs

The Corporation issues bonds and notes to fund mortgage loans for multi-family residential developments under the bond programs described below. As of October 31, 2007, the Corporation had bonds outstanding in the aggregate principal amount of \$5,897,116,000. All of the bonds are separately secured, except for the bonds issued under the General Resolution which are equally and ratably secured by the assets pledged under the General Resolution (see "*B. Housing Revenue Bond Program*" below). None of the bonds under the bond programs described in "*A. Multi-Family Bond Program*", "*C. Liberty Bond Program*", and "*D. Section 223(f) Refinancing Bond Program*" provide security under the General Resolution, and none of the bonds under these programs is secured by the General Resolution.

A. Multi-Family Bond Program. The Corporation established its Multi-Family Bond Program to develop privately-owned multi-family housing, all or a portion of which is reserved for low income tenants. The following describes the Corporation's activities under its Multi-Family Bond Program.

(1) Rental Projects; Fannie Mae or Freddie Mac Enhanced: The Corporation has issued tax-exempt and/or taxable bonds which either (i) are secured by mortgage loan payments, which payments are secured by obligations of Fannie Mae under various collateral agreements, (ii) are secured by a Direct Pay Credit Enhancement Instrument issued by Fannie Mae or (iii) are secured by a Direct Pay Credit Enhancement Agreement with Freddie Mac.

(2) Rental Projects; Letter of Credit Enhanced: The Corporation has issued tax-exempt and/or taxable bonds to finance a number of mixed income projects and entirely low income projects, which bonds are secured by letters of credit issued by investment-grade rated commercial lending institutions.

(3) Rental Projects; FHA-Insured Mortgage Loan: The Corporation has issued bonds to finance a number of mixed income projects with mortgages insured by the Federal Housing Administration

New York City Housing Development Corporation

(“FHA”).

(4) Hospital Staff Housing; Credit Enhanced: The Corporation has issued bonds to provide financing for residential facilities for hospital staff, which are secured by bond insurance or letters of credit issued by investment-grade rated institutions.

(5) Cooperative Housing; SONYMA-Insured Mortgage Loan: The Corporation has issued tax-exempt obligations in order to fund underlying mortgage loans to cooperative housing developments. Each mortgage loan in this program is insured by the State of New York Mortgage Agency (“SONYMA”).

(6) Rental Project; REMIC-Insured Mortgage Loan: The Corporation has issued tax-exempt bonds to finance a mortgage loan for a residential facility, and this mortgage loan is insured by REMIC.

(7) Senior Housing; Letter of Credit Enhanced: The Corporation has issued tax-exempt obligations to finance a mortgage loan for low-income senior housing, which obligations are secured by letters of credit issued by investment-grade rated commercial lending institutions.

(8) Military Housing Revenue Bond Program: The Corporation has issued taxable bonds to fund a loan for the development of housing for military personnel at a federal military base.

(9) Capital Fund Revenue Bond Program; FGIC-Insured Bonds: The Corporation has issued tax-exempt obligations in order to fund a loan to NYCHA to provide funds for modernization and to make improvements to numerous public housing projects owned by NYCHA. Scheduled payment of bond principal and interest is guaranteed by a municipal bond insurance policy issued by Financial Guaranty Insurance Company (“FGIC”).

B. Housing Revenue Bond Program. Under its Housing Revenue Bond Program, the Corporation may issue bonds payable solely from and secured by the assets held under its General Resolution, adopted in 1993 and, as amended and supplemented, used for the ongoing issuance of bonds. Assets pledged to bondholders under the General Resolution include a pool of mortgage loans, some of which are construction loans (which pool contains FHA-insured mortgage loans, REMIC-insured mortgage loans, securities, other mortgage loans and participation interests in mortgage loans); the revenues received on account of all such loans and securities; and other assets pledged under such resolution and any supplemental resolution for a particular series of bonds. Certain of the projects, which secure a portion of the mortgage loans, receive the benefits of subsidy payments.

C. Liberty Bond Program. In accordance with Section 301 of the Job Creation and Worker Assistance Act of 2002, as amended, the Corporation has issued tax-exempt and taxable bonds, each secured by a letter of credit or Freddie Mac or Fannie Mae Credit Enhancement, to finance the development of multi-family housing within an area of lower Manhattan designated in such legislation as the “Liberty Zone”.

D. Section 223(f) Refinancing Bond Program. Under this program, the Corporation acquired mortgages originally made by the City, obtained Federal insurance thereon and either sold the insured mortgages or

New York City Housing Development Corporation

Notes to the Financial Statements

issued its obligations secured by these insured mortgages and paid the net proceeds of the sale of such mortgages or issuance of obligations to the City. Each series of bonds issued under this program is secured by a mortgage loan insured by FHA pursuant to Section 223(f) of Title II of the National Housing Act of 1934. Debt service on each series of bonds is paid only from monies received on account of the applicable mortgage loan securing such series, including, with respect to certain projects, interest reduction subsidy payments received by the Corporation pursuant to Section 236 of the National Housing Act.

Note 11: Payable to The City of New York

(A) New York City Housing Development Corporation

Since fiscal year 2002, the Corporation has entered into various agreements with the City whereby HDC sold bonds and used the bond proceeds to purchase from the City interests in various mortgage loans and pools of mortgage loans, and, in fiscal years 2005 and 2006, HDC originated second mortgage loans in which it sold a residual interest to the City. Cash flow derived from these loan interests is pledged to the

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

repayment of the related HDC bonds. At such time as these HDC bonds are retired, ownership of the associated loan interests transfers to the City. Therefore, to the extent to which such interests exceed the amount of the related bonds, the excess is reported as payable to the City.

In fiscal years 2002 and 2003, the Corporation issued its Multi-Family Mortgage Revenue Bonds, 2002 Series D and Multi-Family Mortgage Revenue Bonds, 2003 Series D. In each case, HDC used the bond proceeds to purchase from the City a 100% participation interest in the cash flow of a portfolio of mortgage loans and a 100% participation interest in the cash flows of a loan pool securitized by the City in 1996 and known as the Sheridan Trust II. As noted in Note 6: "Loan Participation Interest Receivable", the 2002 Series D and 2003 Series D bonds were substantially over-collateralized by their respective total loan assets. Due to over-collateralization of these bonds, to recapitalize the underlying loan portfolio, in April 2006, by mutual agreement with the City, the Corporation issued the 2006 Series A bonds to refinance the 2002 Series D and 2003 Series D bonds. At October 31, 2007, the Corporation's payable to the City relating to its 2006 Series A bonds was \$320,868,000.

The Corporation has completed numerous transactions as part of its Mitchell-Lama Restructuring Program, an affordable housing preservation program. During fiscal years 2005 and 2006, through the issuance of Multi-Family Housing Revenue Bonds, 2004 Series D, 2004 Series E-1, 2004 Series E-2, 2005 Series A-1, 2005 Series A-2, 2005 Series F-1, 2005 Series F-2, 2005 Series J-1, 2005 Series J-2, 2006 Series D-1 and 2006 Series D-2 (collectively, "Mitchell-Lama Restructuring Bonds"), HDC funded, in addition to various new first and second mortgage loans, the acquisition of participation interests in City-owned second mortgages and associated cash flows. As long as any Mitchell-Lama Restructuring Bonds are outstanding, all cash flows from the purchased interests must be applied to debt service on such bonds. Once all such bonds are retired, HDC's participation interests revert to the City. HDC also sold to the City a residual interest in the second mortgage loans the Corporation originated. These loans also transfer to the City when the bonds are retired. At October 31, 2007, the Corporation's payable to the City under the Mitchell-Lama Restructuring Bonds program was \$307,309,000.

In fiscal year 2007, the Corporation issued the Multi-Family Rental Housing Bond (Seaview Towers), 2006 Series A. The Corporation entered into a Purchase and Sale Agreement with the City in which HDC had paid \$10,315,000 to acquire a second mortgage loan from the City and the City paid HDC \$156,000 for the residual interest in the second mortgage loan. Upon retirement of all of the Mitchell-Lama Restructuring bonds, the residual interest in the second mortgage loan will revert back to the City of New York. At October 31, 2007, the Corporation's payable to the City under this agreement was \$10,404,000.

The City's Department of Housing Preservation and Development ("HPD") acts as the regulatory agency for the Multi-Family Housing Revenue Bond 1996 Series A program mortgage, and as such, receives servicing fees from HDC. At October 31, 2007, the servicing fees payable to HPD under the 1996 Series A Housing Revenue Bond Program were \$5,000.

The Corporation also administers construction loans on behalf of HPD, using funds provided by HPD. All such funds are the property of HPD and are thus reported as due to the City in the Corporation's

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

financial statements. At October 31, 2007, the related payable to the City was \$142,990,000.

(B) Housing Assistance Corporation

Funding for HAC was received through the City in 1985. All of HAC's assets, after repayment of HDC advances to HAC and if unused for HAC purposes, will revert back to the City. At October 31, 2007, total resources payable to the City amounted to \$61,412,000. The resources held for the City are primarily the mortgage loans described in Note 4, "Mortgage Loans," and the investments held to fund tenant assistance payments.

Note 12: Retirement Programs

The Corporation is a participating employer in the New York City Employees' Retirement System ("NYCERS"), a cost sharing multi-employer plan, of which 67 employees of the Corporation are members. The Corporation made contributions to NYCERS of \$573,453, \$332,088 and \$377,110 during fiscal years 2007, 2006 and 2005, respectively. Copies of NYCERS' financial statements can be obtained by writing to 335 Adams Street, Suite 2300, Brooklyn, NY 11201-3751.

The Corporation also offers its employees the option of participating in a Tax Sheltered Annuity Plan which prior to July 1, 2007 was managed by The Equitable Life Assurance Society of the United States. Effective July 1, 2007, this plan is managed by Wachovia Bank, N.A. as an alternate or supplemental retirement plan under Section 403(b) of the Internal Revenue Code. The Internal Revenue Service has approved the Corporation as an entity which can provide this type of plan to its employees. The majority of the Corporation's employees participate in this plan.

Note 13: Postemployment Benefits Other Than Pension

The Corporation sponsors a single employer health care plan that provides postemployment medical benefits for eligible retirees and their spouses. The Corporation does not issue a publicly available financial report for the plan.

Benefit provisions for the plan are established and amended by actions taken by HDC's Members and there is no statutory requirement for HDC to continue this plan for future HDC employees. The plan is a non-contributory plan with all payments for plan benefits being funded by HDC on a pay-as-you-go basis.

During 2006, HDC adopted the accounting provisions of GASB Statement No. 45, "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions." This statement establishes guidelines for reporting costs associated with "other postemployment benefits" ("OPEB"). HDC's annual OPEB cost for the plan is calculated based on the annual required contribution ("ARC"), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal costs each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

thirty years. HDC's annual OPEB cost for the current year and the related information for the plan are as follows (dollar amounts in thousands):

Annual required contribution	\$ 1,617
Contributions made	(8)
Increase in net OPEB obligation	1,609
Net OPEB obligation—beginning of year	1,590
Net OPEB obligation—end of year	\$ 3,199

HDC's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal years 2007 and 2006 were as follows (dollar amounts in thousands):

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
10/31/07	\$ 1,617	0.53%	\$ 3,199
10/31/06	\$ 1,595	0.34%	\$ 1,590

As of October 31, 2007, the actuarial accrued liability for benefits was \$15,391,000, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$9,871,000 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 156%.

The actuarial valuation date was October 31, 2006. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multi-year trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between HDC and the plan members to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

For the actuarial valuation, the frozen entry age actuarial cost method was used. The actuarial assumptions included a 4% discount rate, 3% wage inflation rate and an annual healthcare cost trend rate of 10% medical and grading down to an ultimate rate of 5%. The unfunded actuarial accrued liability is being amortized over 30 years as a level percentage of projected payroll on an open basis. The remaining amortization period was 28 years.

Notes to the Financial Statements

Note 14: Due to the United States Government

The amount reported in this classification is made up of two major components.

A. Due to HUD

The Corporation has entered into contracts with the United States Department of Housing and Urban Development ("HUD") to administer housing assistance payment contracts with housing projects occupied by tenants qualifying for Section 8 housing assistance payments. Pursuant to the contracts, HUD makes annual contributions to the Corporation in an amount equal to the annual assistance payments plus an administrative fee, if applicable, for the Corporation.

The Corporation receives the annual contract contributions periodically during the year and disburses funds monthly for the benefit of the covered projects. As of October 31, 2007, the Corporation held \$57,000 in prefunded annual contributions. Related fees earned during fiscal year 2007 amounted to \$3,626,000 and are included in operating income. The Corporation also holds \$31,000 which represents excess 236 interest reduction subsidies.

B. Rebate Fund

In order to maintain the exemption from federal income tax of interest on bonds issued subsequent to January 1, 1986, the Corporation established a separate fund, the Rebate Fund, into which amounts required to be rebated to the Federal Government pursuant to Section 148 of the Code are deposited. In general, the Code requires the payment to the U. S. Treasury of the excess of the amount earned on all non-purpose obligations over the amount that would have been earned if the gross proceeds of the issue were invested at a rate equal to the yield on the issue. Project or construction funds, debt service funds or any other funds or accounts funded with proceeds of such bonds, including earnings, or pledged to or expected to be used to pay interest on such bonds are subject to this requirement. Issues with respect to which all gross proceeds are expended for the governmental purpose of the issue within the required time period after the date of issue and debt service funds with annual gross earnings of less than \$100,000 are exempt from this requirement. Payment is to be made after the end of the fifth bond year and after every fifth bond year thereafter, and within 60 days after retirement of the bonds. At October 31, 2007, HDC had set aside \$3,104,000 to make future rebate payments when due.

Note 15: Commitments

(A) New York City Housing Development Corporation

The Corporation is committed under one operating lease for office space for minimum annual rentals for the next five years and thereafter as follows:

<u>Total</u>	<u>\$ 11,521,000</u>

For fiscal year 2007, the Corporation’s rental expense amounted to \$1,850,000.

HDC’s practice is to close loans only when all the funds committed to be advanced have been made available through bonds proceeds or a reservation of corporate funds. Funds are invested prior to being advanced as described in Note 3: “Investments and Deposits” and are reported as restricted assets. The portion of closed construction loans that had not yet been advanced is as follows at October 31, 2007:

Program:

Multi-Family Bond Programs

As of October 31, 2007 the Corporation had executed commitment letters for several loans that had not yet closed. Ultimate funding of these loans is conditioned on various factors.

Corporate Services Fund Loans	\$ 14,390,000
<u>Total Signed Commitments</u>	<u>\$ 14,390,000</u>

The Corporation has made a programmatic funding commitment in support of the City’s housing initiatives. HDC has reserved funds to fulfill these commitments, but the timing and amount of remaining loan closings cannot be determined. The programmatic commitment is as follows:

- The Corporation entered into a Memorandum of Understanding (“MOU”) with HPD dated as of May 5, 2004 that outlines the Corporation’s obligations to purchase participations totaling up to

New York City Housing Development Corporation

Notes to the Financial Statements

October 31, 2007

\$55,632,000 in affordable housing loans for various HPD programs during fiscal years 2004 to 2006, and HPD's commitment to purchase these loans extend back to that period with accrued interest in 2007 and 2008. As of October 31, 2007, loans totaling \$27,208,000 had been closed and \$25,359,000 had been advanced. An unadvanced portion of \$1,849,000 for the closed loans is included in the chart above. The Corporation's commitment to purchase loans under the MOU has expired.

(B) New York City Residential Mortgage Insurance Corporation

As of October 31, 2007, REMIC insured loans with coverage totaling \$121,632,000 and had outstanding commitments to insure loans with a maximum insurance coverage of \$31,104,000.

Note 16: Contingencies

In the normal conduct of the Corporation's business, it is involved in litigation matters. In the opinion of management and the Corporation's legal counsel, the ultimate disposition of such litigation should not have a material adverse effect on the combined financial position of the Corporation.

Note 17: Net Assets

The Corporation's Net Assets represent the excess of assets over liabilities and consist largely of mortgage loans and investments. HDC's net assets are categorized as follows:

- Restricted Net Assets are net assets that have been restricted in use in accordance with the terms of an award, agreement or by State law. This includes loan assets, bond proceeds and reserve funds that are pledged to bondholders, funds held pursuant to contractual obligations with HPD and HUD, and REMIC reserves that are required by statute, among other items (see chart below).
- Unrestricted Net Assets are the remaining net assets, which can be further categorized as Designated or Undesignated. Designated Assets are not governed by statute or contract but are committed for specific purposes pursuant to HDC policy and/or Board directives. Designated Assets include funds and assets committed to various housing initiatives, reserves to maintain HDC's credit ratings, and working capital.

Changes in Net Assets

The changes in Net Assets are as follows:

	Restricted	Unrestricted	Total
Net assets at October 31, 2005	\$388,148,000	413,459,000	801,607,000

ACTIVITIES OF THE CORPORATION

The Corporation is engaged in the various activities and programs described below.

I. BOND PROGRAMS. The Corporation issues bonds and notes to fund mortgage loans for multi-family residential developments under the programs described below. The multi-family residential developments financed under the General Resolution are described below in “Section B – Housing Revenue Bond Program.” As of January 31, 2008, the Corporation had bonds outstanding in the aggregate principal amount of approximately \$5,945,101,531. All of the bonds are separately secured, except for the bonds issued under the General Resolution which are equally and ratably secured by the assets pledged under the General Resolution. None of the bonds under the bond programs described in “Section A–Multi-Family Program,” “Section C–Liberty Bond Program,” and “Section D–Section 223(f) Refinancing Program” provide security under the General Resolution, and none of the bonds under these programs is secured by the General Resolution.

A. Multi-Family Program. The Corporation established its Multi-Family Program to develop privately-owned multi-family rental housing, all or a portion of which is reserved for low income tenants. The following describes the Corporation’s activities under its Multi-Family Program.

(1) Rental Projects; Fannie Mae or Freddie Mac Enhanced: The Corporation has issued tax-exempt and/or taxable bonds which either (i) are secured by mortgage loan payments, which payments are secured by obligations of Fannie Mae under various collateral agreements, (ii) are secured by a Direct Pay Credit Enhancement Instrument issued by Fannie Mae or (iii) are secured by a Direct Pay Credit Enhancement Agreement with Federal Home Loan Mortgage Corporation (“Freddie Mac”).

(2) Rental Projects; Letter of Credit Enhanced: The Corporation has issued tax-exempt and/or taxable bonds to finance a number of mixed income projects and entirely low income projects, which bonds are secured by letters of credit issued by investment-grade rated commercial lending institutions.

(3) Rental Projects; FHA-Insured Mortgage Loan: The Corporation has issued bonds to finance a number of mixed income projects with mortgages insured by the Federal Housing Administration (“FHA”).

(4) Hospital Staff Housing; Credit Enhanced: The Corporation has issued bonds to provide financing for residential facilities for hospital staff, which bonds are secured by bond insurance or letters of credit issued by investment-grade rated institutions.

(5) Cooperative Housing; SONYMA-Insured Mortgage Loan: The Corporation has issued tax-exempt obligations in order to fund underlying mortgage loans to cooperative housing developments. Each mortgage loan in this program is insured by the State of New York Mortgage Agency (“SONYMA”).

(6) Rental Project; REMIC-Insured Mortgage Loan: The Corporation has issued tax-exempt bonds to finance a mortgage loan for a residential facility, which mortgage loan is insured by the New York City Residential Mortgage Insurance Corporation (“REMIC”), which is a subsidiary of the Corporation.

(7) Senior Housing; Letter of Credit Enhanced: The Corporation has issued tax-exempt obligations to finance a mortgage loan for low-income senior housing, which obligations are secured by letters of credit issued by investment-grade rated commercial lending institutions.

B. Housing Revenue Bond Program. Under its Housing Revenue Bond Program, the Corporation may issue bonds payable solely from and secured by the assets held under the General Resolution which include a pool of mortgage loans, some of which are construction loans (which pool contains FHA-insured

mortgage loans, REMIC-insured mortgage loans, SONYMA-insured mortgage loans, GNMA mortgage-backed securities, other mortgage loans and participation interests in mortgage loans), the revenues received on account of all such loans and securities, and other assets pledged under such resolution and any supplemental resolution for a particular series of bonds. Certain of the projects, which secure a portion of the mortgage loans, receive the benefits of subsidy payments. As of January 31, 2008, eighty-seven (87) series of bonds have been issued under the Housing Revenue Bond Program.

C. Liberty Bond Program. In accordance with Section 301 of the Job Creation and Worker Assistance Act of 2002, the Corporation has issued tax-exempt and taxable bonds, each secured by a letter of credit, to finance the development of multi-family housing within an area of lower Manhattan designated in such legislation as the “Liberty Zone.”

D. Section 223(f) Refinancing Program. Under this program, the Corporation acquires mortgages originally made by The City of New York (the “City”), obtains federal insurance thereon and either sells such insured mortgages or issues its obligations secured by said insured mortgages and pays the net proceeds of the sale of such mortgages or issuance of obligations to the City. Each series of bonds issued under this program is secured by a mortgage loan insured by FHA pursuant to Section 223(f) of Title II of the National Housing Act of 1934, as amended (the “National Housing Act”). Debt service on each series of bonds is paid only from monies received on account of the applicable mortgage loan securing such series, including, with respect to certain projects, interest reduction subsidy payments received by the Corporation pursuant to Section 236 of the National Housing Act.

The following table summarizes bonds outstanding under these bond programs as of January 31, 2008:

II. MORTGAGE LOAN PROGRAMS. The Corporation funds mortgage loans under various mortgage loan programs, including the significant programs described below. These mortgage loans are funded from bond proceeds and/or the Corporation’s unrestricted reserves. See “PART I—BOND PROGRAMS” above.

A. *Affordable Housing Permanent Loan Program.* The Corporation has established a program to make permanent mortgage loans for projects constructed or rehabilitated, often in conjunction with The City of New York Department of Housing Preservation and Development (“HPD”) and other lender loan programs.

B. *Low-Income Affordable Marketplace Program.* The Low-income Affordable Marketplace Program (“LAMP”) finances the creation of predominately low-income housing using tax-exempt bonds and as of right 4% tax credits with 10% to 30% of the project reserved for formerly homeless households. LAMP allows the direct infusion of subsidy from the Corporation’s reserves. The funds are advanced during construction and remain in the project through the term of the permanent mortgage loan. During construction, the funds bear interest at 1%. While in the permanent phase, the funds must at least bear interest at 1%, but may provide for amortization, depending on the particular project.

C. *Mixed Income.* Under the Mixed-Income Program, HDC combines the use of credit enhanced variable rate, tax-exempt private activity bonds with subordinate loans funded from the Corporation’s reserves to finance mixed-income multi-family rental housing. Typically, the developments reserve 50% of the units for market rate tenants, 30% of the units for moderate to middle income tenants and 20% of the units for low income tenants.

D. *New Housing Opportunities Program.* The Corporation has established a New Housing Opportunities Program (“New HOP”) to make construction and permanent mortgage loans for developments intended to house low and moderate income tenants. The developments also receive subordinate loans from the Corporation. The first mortgage loans under New HOP have been, or are expected to be, financed by the proceeds of obligations issued under the Housing Revenue Bond Program. See “Section B—Housing Revenue Bond Program” in PART I—BOND PROGRAMS above.

III. OTHER LOAN PROGRAMS. In addition to funding mortgage loans, the Corporation funds loans not secured by a mortgage under various programs, including the programs described below.

A. *New Ventures Incentive Program.* The Corporation participated in the New Ventures Incentive Program (“NewVIP”), a multi-million dollar public-private partnership between the City and member banks established in the fall of 2003. The Corporation originated three NewVIP loans, two of which have been repaid.

B. *Other.* Among other programs, the Corporation has funded a loan to finance the construction of military housing at Fort Hamilton in Brooklyn, New York secured by notes and financed through the issuance of bonds. The Corporation has funded a loan to the New York City Housing Authority (“NYCHA”) to provide funds for modernization and to make certain improvements to numerous various public housing projects owned by NYCHA in the City. The Corporation has provided interest-free working capital loans to not-for-profit sponsors of projects through HPD’s Special Initiatives Program. The proceeds of such loans are used for rent-up expenses and initial operation costs of such projects. The Corporation also has provided interim assistance in the form of

unsecured, interest-free loan to the Neighborhood Partnership Housing Development Fund Company, Inc. to fund certain expenses associated with HPD's Neighborhood Entrepreneurs Program.

IV. LOAN SERVICING. The Corporation services the majority of its own loans and also services loans for others. Such loan servicing activities, which are described below, relate to over 1,422 mortgage loans with an approximate aggregate face amount of \$9.5 billion.

A. Portfolio Servicing. The Corporation acts as loan servicer in connection with the permanent mortgage loans made to approximately 590 developments under its bond, mortgage loan and other loan programs (including its Housing Revenue Bond Program) in the approximate aggregate face amount of \$4.7 billion.

B. HPD Loan Servicing. The Corporation acts as loan servicer in connection with certain construction and permanent housing loan programs of HPD pursuant to several agreements with HPD. As of January 31, 2008, the Corporation was servicing construction and permanent loans made to approximately 619 developments in the approximate aggregate face amount of \$2.0 billion.

C. Loan Servicing Monitoring. In addition to the Corporation's loan servicing activities, the Corporation monitors the loan servicing activities of other servicers who service approximately 213 mortgage loans made under the Corporation's various bond, mortgage loan and other loan programs in the approximate aggregate face amount of \$2.7 billion.

* Although these Bonds have been retired, the Mortgage Loans financed with such Series of Bonds remain pledged under the Resolution.

(1) Subsequent to January 31, 2008, the Corporation expects to make advances from Construction Mortgage Loans (see Table 4 in this Appendix).

(2) The proceeds of the 2004 Series D Bonds were used to purchase the 2004 Participant Interest. For purposes of valuation under the Resolution, the principal balance of the Mortgage Loan with respect to the 2004 Series D Bonds is 100% of the amount of the projected cash flow to be paid under the Class B Certificates and not the principal amount of the underlying mortgage loans. See “The Program – 2004 Participant Interest.”

(3) The Outstanding Principal Balance of Mortgage Loans for the 2004 Series E Bonds, the 2005 Series A Bonds, the 2005 Series E Bonds, the 2005 Series F Bonds, the 2005 Series J Bonds and the 2006 Series D Bonds does not include the 2004 Series E Second Mortgage Loans, the 2005 Series A Second Mortgage Loans, the 2005 Series E Second Mortgage Loans, the 2005 Series F Second Mortgage Loans and the 2006 Series D Second Mortgage Loans, the 2005 Series F Participant Interest or the 2005 Series J Participant Interest, which each have a valuation of 0%. See “The Program— ML Restructuring Mortgage Loans.”

(4) May not add due to rounding.

† Unless otherwise noted Section 8 refers to the Section 8 New Construction/Substantial Rehabilitation Program.

†† For Mortgage Loans that have been refinanced, the Mortgage Loan Closing Date represents the initial closing date. The Mortgage Loan refinancing occurred in the year of the Applicable Series Resolution.

††† Where there is more than one expiration date, the Development was completed in two or more stages. Subsequent to January 31, 2008, expiration dates for expiring contracts have been extended unless the Mortgage Loan has prepaid the Mortgage Loan.

†††† Physical inspection ratings determined by the Corporation are as follows: SUP = Superior; S = Satisfactory; BA = Below Average; and U = Unsatisfactory (see Appendix E-3).

* REMIC Insurance is for twenty-five (25%) of the Mortgage Loan for this Development.

** REMIC Insurance is for twenty (20%) of the Mortgage Loan for this Development.

*** REMIC Insurance is for fifty-one (51%) of the Mortgage Loan for this Development.

◆ The Mortgage of this Development is regulated by HPD pursuant to the Mitchell-Lama Law.

1 The Corporation expects to modify the interest rate on this Mortgage Loan from 9.70% to 6.25%.

2 The Mortgage of this Development prepaid this Mortgage Loan on February 1, 2008.

3 The Corporation has been notified that a reduction in HAP Contract payments has occurred due to non-compliance with the HUD “Mark-to-Market” program. (See

“Appendix G – Description of Supplemental Security and Subsidy Programs – Subsidy Programs – Section 8 Program”).

4 The Mortgage of this Development prepaid this Mortgage Loan on April 9, 2008.

[†] For purposes of valuation under the General Resolution, the 2004 Participant Interest constitutes a “Mortgage Loan” and the principal balance of such Mortgage Loan is the amount of the projected cash flow to be paid under the Class B Certificates and not the principal amount of the underlying mortgage loans. As of January 31, 2008, such valuation was \$18,025,053. In addition, the Corporation receives the portion of the prepayments of the mortgage loans that is distributable under the Certificates Trust after required payments on the Senior Class Certificates. See “THE PROGRAM - 2004 Participant Interest.”

* Since January 31, 2008, the Corporation has received regularly scheduled payments on the mortgage loans. In addition, since January 31, 2008, the Corporation has received notification from the mortgagors of two (2) mortgage loans underlying the 2004 Participant Interest with an aggregate outstanding principal balance of \$7,023,402 that such mortgagors intend to prepay their mortgage loans.

The Corporation has received notification from the mortgagor of one (1) mortgage loan underlying the 2005 Series J Participant Interest with an aggregate outstanding principal balance of \$1,716,557 that such mortgagor intends to prepay its mortgage loan.

† The Corporation owns a participation interest in these loans. See “THE PROGRAM – 2005 Series F Participant Interest and 2005 Series J Participant Interest” in Part II of the Official Statement.

MORTGAGE LOAN PREPAYMENT PROVISIONS

One of the following categories of prepayment provisions applies to the voluntary prepayment of principal with respect to each of the outstanding Mortgage Loans. Appendix E-1 denotes which one of the prepayment provisions applies to each outstanding Mortgage Loan. The following chart summarizes the applicability of each prepayment category as of January 31, 2008. The chart does not include information with respect to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and the ML Restructuring Second Mortgage Loans.

In general, any prepayment described below is subject to the payment of certain fees and charges, and any prepayment premium or penalty described below will not constitute a Pledged Receipt or Recovery of Principal. In addition, prior written notice of any optional prepayment to the Corporation or the Mortgage Banker, as applicable, generally is required.

Category 1. Prepayments of the principal amount of the Mortgage Loan may be made at any time.

Category 2. Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA.

Category 3. Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA and the Corporation, and may not be made prior to the later of (i) 21 years after the date on which any units in the Development are first occupied or (ii) the date on which assistance under the HAP Contract relating to the Development is terminated.

Category 4. Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA and the Corporation, and may not be made prior to the later of (i) 22 years and 4 months after the date on which any unit in the Development is first occupied or (ii) the date on which assistance under the HAP Contract relating to the Development is terminated.

Category 5. Prepayments of the principal amount of the Mortgage Loan require the prior approval of FHA and the Corporation, and may not be made prior to the later of (i) sixteen (16) years and

three (3) months after the date on which any unit in the Development is first occupied or (ii) the date on which assistance under the HAP Contract relating to the Development is terminated.

Category 6. Prepayments of the principal amount of the Mortgage Loan require the prior approval of the Corporation and may not be made prior to the date on which assistance under the HAP Contract relating to the Development is terminated.

Category 7. Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately ten (10) years after the closing of the Mortgage Loan.

Category 8. Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately six (6) to ten (10) years after the closing of the Mortgage Loan, and is subject to the payment of a premium for a specified period of time.

Category 9. Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately ten (10) years after the closing of the Mortgage Loan and is subject to the payment of a premium for a specified period of time.

In addition, the Mortgagor is required to make a mandatory prepayment of a portion of the Mortgage Loan, without any premium, approximately two (2) to five (5) years after the closing of the Mortgage Loan (which mandatory prepayment may be made prior to such time). The amount of a Mortgage Loan subject to such mandatory prepayment represents the difference between the Construction Mortgage Loan Amount and the Anticipated Permanent Mortgage Loan Amount. See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program—Developments and Construction Mortgage Loans Outstanding under the Program as of January 31, 2008.”

Category 10. Prepayments of the principal amount of the Mortgage Loan may not be made prior to fifteen (15) years after the date of the making of the permanent financing for the Mortgage Loan, and is subject to the payment of a premium for a specified period of time.

Category 11. Prepayments of the principal amount of the Mortgage Loan may not be made prior to approximately fifteen (15) years after the closing of the Mortgage Loan.

Category 12. Prepayments of the principal amount of the Mortgage Loan may not be made prior to twenty (20) years after the date of the making of the permanent financing for the Mortgage Loan, and is subject to the payment of a premium for a specified period of time.

Category 13. No prepayments of the Mortgage Loan are permitted.

PERMANENT MORTGAGE LOAN PHYSICAL INSPECTION RATINGS

The Corporation conducts an annual site review of each Development to monitor its physical condition; however, Developments with FHA-insured Mortgage Loans having a superior inspection rating need only be inspected by the Corporation every three (3) years and Developments with Permanent Mortgage Loans made recently may not have been inspected by the Corporation. During this review, the Corporation undertakes various procedures to monitor both the exterior and interior physical condition of the Developments. The exterior review includes an inspection of exterior walls and foundations, roofs, exterior walkways, security systems, and gas, water and sewage systems. The Corporation's interior review includes an inspection of floors, stairs, interior walkways, community space, electrical and plumbing fixtures, heating and air conditioning systems, and boiler facilities. In addition, the Corporation inspects, among other things, each Development's play areas, elevators, and fire and safety safeguards.

The Corporation's inspection ratings for the Developments, which incorporate HUD's inspection ratings for FHA-insured mortgage loans, include four rating levels: superior (HUD score: 90-100), satisfactory (HUD score: 60-89), below average (HUD score: 46-59) and unsatisfactory (HUD score: 0-45). Any FHA-insured Mortgage Loan with a below average or unsatisfactory physical inspection rating may be subject to foreclosure by HUD (see "THE PROGRAM—FHA-Insured Mortgage Loans with Low Inspection Ratings"). Appendix E-1 denotes which one of the four rating levels applies to each outstanding inspected Development. The following chart summarizes the applicability of each physical inspection rating level as of January 31, 2008. A significant majority of the mortgage loans underlying the 2006 Series A Mortgage Loan are not inspected by the Corporation; such mortgage loans not inspected by the Corporation are not included in this chart. In addition, the table excludes information with respect to the Developments related to the mortgage loans underlying the 2004 Participant Interest, the 2005 Series F Participant Interest and the 2005 Series J Participant Interest and the ML Restructuring Second Mortgage Loans other than those Developments with other Mortgage Loans under the Open Resolution.

Superior

This rating is assigned based on a physical inspection that reveals no fire and safety violations; no roof or boiler leakage; no structural deficiencies; strict implementation of maintenance practices; adequate funds available to make necessary repairs; and overall attractive physical plant with highly presentable public and utility areas.

* Developments with Permanent Mortgage Loans made recently may not yet have been inspected by the Corporation.

** May not add due to rounding.

Satisfactory

This rating is assigned based on a physical inspection that reveals only minor violations in the Development which the Corporation believes management will cure; no structural deficiencies; no fire and safety violations; and basic adherence to maintenance practices.

Below Average

This rating is assigned based on a physical inspection that reveals an inoperable fire alarm control system for the Development regardless of other existing conditions; other fire and safety hazards in the Development; inoperable elevators; and/or structural deficiencies. Failure to correct all deficiencies or failure to fully comply with the Corporation's inspection process and/or reporting requirements after a satisfactory review may result in a below average rating on a subsequent review.

Unsatisfactory

This rating is assigned based on a physical inspection that reveals repeat violations including those covered under a below average rating; hazardous conditions throughout the Development including structural damage, leaking roofs and boilers; unattractive public and/or utility areas; and/or failure to correct deficiencies despite written warnings on at least two (2) occasions.

CROSS-CALL PROVISIONS AND RELATED INFORMATION

The following table sets forth for each Series of Bonds: the original par amount, the outstanding par amount, the maximum interest rate, the final maturity, whether cross-calls into a Series are permitted, and whether cross-calls out of a Series are permitted. As used herein, the term “cross-calls” refers to the redemption of Bonds of one Series from amounts representing Recoveries of Principal derived from or with respect to Mortgage Loans attributable to a different Series of Bonds. This table is not intended by the Corporation to be entirely inclusive of the information necessary for a Bondholder to determine the likelihood of redemptions due to cross-calls or otherwise with respect to a particular Series of Bonds. Many factors may affect the Corporation’s decision to cross-call including, but not limited to, economic factors and certain limitations under Federal tax law.

² This Series of Bonds bears interest at a variable rate equal to the FHLB Discount Notes Funding Cost plus three-tenths of one percent (0.3%). "FHLB Discount Notes Funding Cost" means the rate set forth on Telerate 24701 (or such other Telerate page as may replace said page 24701), at 10:00 a.m. (New York City time) on a Determination Date, with a maturity equal to three (3) months following such Determination Date. For this purpose, "Determination Date" means the date which is two (2) business days prior to the next Reset Date, and "Reset Date" means February 1, May 1, August 1 and November 1 of each year.

³ This Series of Bonds bears interest at an auction rate.

⁴ Cross-calls into this Series of Bonds are only permitted from, and cross-calls out of this Series are only permitted to, any Series of Mitchell-Lama Restructuring Bonds issued or to be issued.

DESCRIPTION OF SUPPLEMENTAL SECURITY AND SUBSIDY PROGRAMS

SUPPLEMENTAL SECURITY

FHA Insurance Program

General. The following describes briefly the multi-family mortgage insurance program administered by HUD, acting through FHA, pursuant to Sections 220, 221(d)(3), 221(d)(4) or 223(f) of the National Housing Act, as amended (the “National Housing Act”), and is qualified in its entirety by reference to the National Housing Act and the regulations thereunder. The applicable FHA regulations regarding such Sections of the National Housing Act are contained in Part 200, Part 220, Part 221 and Part 223, respectively, of Title 24 of the Code of Federal Regulations and, with certain exceptions, incorporate by reference the provisions of Subpart A, Part 207 of Title 24 of the Code of Federal Regulations concerning eligibility requirements of mortgages covering multi-family housing under Section 207 of the National Housing Act and the provisions of Subpart B, Part 207 of Title 24 of the Code of Federal Regulations concerning the contract rights and obligations of the mortgagee with respect to mortgages insured under Section 207 of the National Housing Act. In the event of a conflict between the documents governing the FHA-insured Mortgage Loans, the National Housing Act or the FHA rules, regulations and program requirements and the Resolutions, the documents governing the FHA-insured Mortgage Loans or provisions of the National Housing Act and FHA rules, regulations and program requirements will be controlling. FHA Insurance benefits under the program are available only if the mortgagee of record is an FHA-approved mortgagee. The Corporation has been an FHA-approved mortgagee under the FHA Insurance program since 1972.

FHA regulations define a default under an FHA-insured mortgage (including the note incorporated therein) as: (1) a failure to make any payments due under such mortgage or (2) a failure to perform any other mortgage covenant (which includes covenants in the regulatory agreement executed in connection with such FHA-insured mortgage) if the mortgagee, because of such failure, has accelerated the debt. In the event that there is a default beyond applicable notice and grace periods under the FHA regulatory agreement and FHA so requests, the mortgagee, at its option, may declare the whole indebtedness due and payable. Furthermore, the FHA regulations provide that upon notice of a violation of a mortgage covenant, FHA reserves the right to require the mortgagee to accelerate payment of the outstanding principal in order to protect FHA’s interests. A mortgagee is entitled to receive the benefits of the mortgage insurance after the mortgagor has defaulted and such default (as defined in the FHA regulations) has continued for a period of thirty (30) days subject to certain requirements.

It is the responsibility of the mortgagee to notify FHA in the event of such a default by the mortgagor under the mortgage note or mortgage. FHA regulations further require the mortgagee to make an election, within forty-five (45) days after the date on which the mortgagee becomes eligible to receive FHA Insurance benefits, (i) to assign the mortgage to FHA or (ii) to acquire title to and convey the project property to FHA, unless such time period is extended by FHA.

The mortgagee is required to submit all required documentation within forty-five (45) days of the date the mortgage is assigned to FHA unless the time is extended by FHA. The documentation required to be supplied to FHA includes the mortgage note, the mortgage, the security agreement, the financing statements, the title policy, the hazard policy and other instruments, together with assignments of such documents to FHA. If the election is not made or the documents are not delivered within the forty-five (45) days allowed, FHA will not pay the mortgagee interest on sums outstanding from the date the

election should have been made or the date the required documents should have been submitted to FHA, whichever is applicable, to the date when the mortgage insurance claim is finally paid, unless FHA has agreed to extend the period with interest.

The FHA Insurance benefits received in the event of any claim under the FHA Insurance contract will be subject to certain deductions. The mortgagee will be entitled to settlement of the insurance claim in cash (or, if elected by the mortgagee, in FHA debentures), upon assignment of the mortgage, in an amount equal to 99% of the amount of the principal balance of a defaulted mortgage loan outstanding as of the date of default, after adjustment for certain expenses and for deposits or assets held by the mortgagee for the benefit of the development and not assigned to FHA. However, the Corporation has covenanted in the applicable Supplemental Resolutions to receive insurance claim settlements in cash. FHA Insurance benefits include the payment of interest at the FHA debenture rate on the amount of the insurance claim from the date of default to the date the claim is paid (or such earlier date by which the mortgagee is required to file the election to assign the mortgage or complete submissions as described above, if the mortgagee fails to take such action on a timely basis). The interest rate on the FHA debentures is the rate in effect as of the date of the commitment for FHA Insurance or as of the date of initial endorsement of the note by FHA, whichever is higher. In the case of a monetary default, the date of default is deemed to be the date on which payment on the mortgage loan originally should have been received. Since interest is paid one month in arrears on the FHA-insured Mortgage Loans, the Corporation, in the event of a claim for FHA Insurance benefits, will not be reimbursed for interest which has accrued in the previous month and was due and payable on the date of default.

In connection with a claim for FHA Insurance benefits, FHA may require delivery to it of certain cash items. Cash items are defined to include, among other things, any cash held by or on behalf of the mortgagee which has not been applied to reduce the mortgage, funds held by the mortgagee for the account of the mortgagor, any unadvanced balance of the insured note and any undrawn balance under letters of credit delivered to the mortgagee in connection with endorsement of the insured note. The mortgagee is responsible for all funds in its custody and must therefore obtain approval from FHA and others when required, prior to release of any funds which may be in its possession. Failure to properly protect such funds may result in a deduction from the FHA Insurance benefits in an amount equal to the funds FHA asserts should have properly been held as a deposit.

In the event of an assignment, in order to receive FHA Insurance benefits, FHA requires the mortgagee to make certain warranties with respect to the validity and priority of the mortgage lien and to furnish FHA with a title insurance policy or policies which name FHA as an insured party and which assure that the mortgage constitutes a first lien on the project, subject only to such exceptions previously approved by FHA. The mortgagee will be required to remove any unapproved intervening liens and to obtain an updated title endorsement within the 45-day period (or such longer period as may be approved by FHA) during which documents are required to be submitted. FHA will deduct the amount of any unapproved liens which have priority over the insured mortgage lien from the mortgage insurance benefits.

FHA typically pays a portion of an insurance claim prior to the delivery of all required documentation, including the mortgage note and the mortgage. If a claim is made, FHA will usually, but is not obligated to, pay 90% of the outstanding principal balance of the note within fifteen (15) days of the recordation of an assignment of the mortgage to FHA. Remaining balances are paid to the mortgagee after FHA has received final financial data and final legal clearance has been received. During the period from the date of default on the mortgage until final payment (or such earlier date by which the mortgagee is required to complete submissions as described above), FHA pays interest on the remaining unpaid amount of the insurance claim at the FHA debenture rate.

Under FHA regulations, if the Corporation receives proceeds from any policy of casualty insurance, it may not exercise its option under the mortgages related to the FHA-insured Mortgage Loans to use such proceeds for either rebuilding the Developments, prepaying the mortgage notes or for any other disposition without FHA's prior written approval. If FHA fails to give its approval to the use of the insurance proceeds within thirty (30) days after written request by the Corporation, the Corporation may use or apply the funds for the purposes specified in such mortgages without prior FHA approval.

Regulatory Agreement, Rent Adjustments and HUD's Supervisory Powers. Under the form of regulatory agreement used in connection with developments financed pursuant to FHA-insured mortgage loans (the "Regulatory Agreement"), the mortgagor is required, among other things, to make all payments due under the mortgage loan and to pay a specified amount monthly into the reserve fund for replacements, which must at all times be under the control of state or local housing finance agencies (the "HFA") and disbursements from which may be made only with HUD's consent or, if authorized by HUD, with the consent of the HFA. In addition, the mortgagor must deposit all rents and other receipts of the development in a development bank account and may withdraw funds from such account only in accordance with the Regulatory Agreement for expenses of the development, certain required remittances to HUD, or distributions of return on equity. For projects subject to rent regulation by HUD (which include projects assisted with Section 8 contracts), rental increases may be made only with the approval of HUD. At any time HUD will consider a written request for a rental increase if such request is properly supported by substantiating evidence. Within a reasonable time HUD must either:

- 1) approve an increase in the rental schedule to compensate for any net increase in taxes other than income taxes and in operating and maintenance expenses over which the mortgagor has no effective control. With respect to certain mortgage loans insured pursuant to Section 223(f) of the National Housing Act, HUD may approve an additional increase giving consideration to the debt associated with any subordinate mortgage on the project provided HUD determines that market conditions warrant an increase sufficient to amortize all or part of such subordinate mortgage on the project and that such an increase will not unduly jeopardize the economic stability of the project because of adverse effects on rent collections or vacancies; or
- 2) deny the increase, stating the reasons therefor.

Rent increases for projects assisted with Section 8 contracts are governed by the provisions of the applicable Section 8 contract. Generally, projects insured under Sections 220 and 221(d)(4) of the National Housing Act are not subject to rent regulation by HUD, with certain project-by-project exceptions.

The Regulatory Agreement also contains provisions detailing requirements for tenant eligibility, nondiscrimination, and permissible uses of, or changes to, the development; and prohibits the conveyance, transference or encumbrance of the development or any right to manage the development without the prior written approval of HUD. The mortgagor may not make, receive, or retain any distribution of assets or income from the development except from "surplus cash" and only as permitted under the Regulatory Agreement and applicable laws.

The mortgagor is also prohibited, without the prior written approval of HUD, from remodeling, adding to or demolishing any part of the development or engaging in any other business or activity or incurring any obligation or liability not in connection with the development.

In the event of a violation in the performance of the mortgagor's obligations under the Regulatory Agreement and the mortgagor's failure to cure such violation after receiving notice from HUD, even in the absence of a default under a mortgage note or a mortgage, HUD may (a) notify the HFA of such

default and request the HFA to declare a default under the mortgage note and the mortgage, and the HFA may, at its option, declare the whole indebtedness due and thereupon proceed with foreclosure of the mortgage or assign the mortgage note and the mortgage to HUD, (b) collect all rents and charges in connection with the operation of the development and use such collections to pay the mortgagor's obligations under the Regulatory Agreement, the mortgage note and the mortgage and the expenses of maintaining the development, (c) take possession of and operate the development, and (d) apply for an injunction, appointment of a receiver or such other relief as may be appropriate.

The Regulatory Agreement provides that the mortgagor of the development assumes no personal liability for payments due under the related mortgage note and mortgage, for the reserve for replacements or for matters not under its control. The Regulatory Agreement does provide, however, that the mortgagor is liable for funds or property of the development in the possession of the mortgagor and which the mortgagor is not entitled to retain, and for the mortgagor's actions, or those of others which the mortgagor has authorized, in violation of the Regulatory Agreement.

Loss of FHA Insurance. FHA requires the maintenance of specified casualty insurance on mortgaged properties. The mortgagee must obtain such coverage in the event the mortgagor fails to do so. The failure to maintain adequate casualty insurance on a development may result in the partial or full loss of the FHA Insurance benefits in the event of damage to or destruction of such development. FHA Insurance benefits may also be lost for failure to pay required FHA mortgage insurance premiums or failure to provide FHA with required notices. FHA Insurance benefits may also be denied if fraudulent statements were made to FHA by the HFA or by the mortgagor with the knowledge of the HFA.

REMIC Insurance Program

General. REMIC was created in January 1993 as a public benefit corporation of the State under Section 654-d of the New York Private Housing Finance Law (the "REMIC Act"). The REMIC Act also established REMIC as a subsidiary of the Corporation. REMIC is the successor to the New York City Rehabilitation Mortgage Insurance Corporation ("Old REMIC") which was in operation from 1973 until January 1993 when REMIC assumed all of Old REMIC's obligations, including its contracts of insurance and commitments to insure mortgages.

REMIC consists of nine members, seven of whom are the members of the Corporation plus two additional members who are appointed by the Mayor of the City. The Chairperson of the Corporation is also the Chairperson of REMIC. The powers of REMIC are vested in and exercised by no less than five members. REMIC may delegate to one more of its members, officers, agents or employees such powers and duties as it deems proper. The officers and staff of REMIC are all employees of the Corporation. The REMIC Act prohibits REMIC from issuing a commitment to insure a mortgage loan made by the Corporation unless such commitment is approved by at least two members of a three member committee composed of the Chairperson and the two members of REMIC who are not members of the Corporation.

Purposes and Powers. REMIC's purpose is to insure mortgage loans in order to promote the preservation of neighborhoods in New York City which are blighted, are becoming blighted or may become blighted; to discourage disinvestment and encourage investment of mortgage capital in such neighborhoods; and to provide safe, sanitary and affordable housing accommodations to persons and families for which the ordinary operations of private enterprise cannot supply such accommodations. In furtherance of its corporate purpose, REMIC is authorized to enter into commitments to insure mortgages and contracts of insurance, and fulfill its obligations and enforce its rights under any insurance so furnished, including any contracts of insurance of Old REMIC.

REMIC is empowered to insure permanent first mortgage loans made by financial institutions for multi-family housing accommodations, one to four family homes, and emergency, transitional or shelter housing (“Shelter Housing”) located in the City of New York. This includes multi-family rental and cooperative buildings, owner-occupied one to four family homes, cooperative units, condominium units, Shelter Housing and mixed-use buildings, provided that, with respect to mixed-use buildings containing more than six dwelling units and Shelter Housing, the above-ground commercial space must contain less than 25% of the total above-ground square footage of the insured property. REMIC insurance coverage (the “Coverage Percentage”) is limited by property type and loan type. Lenders can obtain up to 50% coverage on preservation loans (i.e., refinancing and/or acquisition loans), up to 75% on rehabilitation loans (i.e., permanent loans which replace construction or rehabilitation financing) and up to 100% on preservation or rehabilitation loans made by a public employee pension system or another public benefit corporation, including the Corporation, when such loan is funded with the proceeds of a bond issue.

REMIC Funds. The REMIC Act establishes a housing insurance fund (the “HIF”), a mortgage insurance fund (the “REMIC MIF”) and a REMIC premium reserve fund (“PRF”). REMIC is required to maintain the HIF to serve as a revolving fund for carrying out the provisions of the REMIC Act with respect to housing insurance contracts entered into by REMIC. The HIF requirement, as of any particular date of computation, is equal to an amount of money or cash equivalents equal to the aggregate of (a) the insured amounts of loans due and payable as of such date pursuant to its housing insurance contracts, plus (b) an amount equal to 20% of the insured amounts under REMIC’s housing insurance contracts (other than insured amounts due and payable pursuant to clause (a) above) plus 20% of the amounts to be insured under REMIC’s commitments to insure. Increases to the HIF are funded solely from monies from the PRF. The term “cash equivalent” means a letter of credit, insurance policy, surety, guarantee, indemnity or other security arrangement.

The REMIC Act provides that no monies shall be withdrawn from the HIF at any time in such amount as would reduce the amount in the HIF to less than the HIF requirement, except for the purpose of paying liabilities arising from housing insurance contracts as they come due and for the payment of which other monies are not available.

As of January 31, 2008, the HIF’s total liability against commitments and against housing insurance contracts in force was \$157,483,326. As of January 31, 2008, the HIF had a total loan amount on outstanding commitments and housing insurance contracts in force of \$502,602,960 on 204 properties. As of January 31, 2008, the HIF was funded in cash or marketable securities in an amount at least equal to the HIF requirement.

REMIC is also required to maintain the REMIC MIF which serves as a revolving fund for carrying out the provisions of Old REMIC’s commitments to insure and insurance contracts which are known as “mortgage insurance contracts” rather than “housing insurance contracts.” The REMIC MIF requirement, as of any particular date of computation, is equal to an amount of money equal to the aggregate of (a) the insured amounts of loans due and payable as of such date pursuant to its mortgage insurance contracts plus (b) an amount equal to the greater of \$7,500,000 or 20% of the insured amounts under REMIC’s mortgage insurance contracts (other than insured amounts due and payable pursuant to clause (a) above) plus 20% of the amounts to be insured under Old REMIC’s commitments to insure; provided, however, the REMIC MIF requirement will be decreased to an amount equal to the aggregate of (x) the amounts due and payable or insured under mortgage insurance contracts and (y) the amounts to be insured under Old REMIC commitments, when the total of such amounts is less than \$7,500,000. Increases to the REMIC MIF are funded solely from monies from the PRF.

The REMIC Act provides that no monies shall be withdrawn from the REMIC MIF at any time in such amount as would reduce the amount in the REMIC MIF to less than the REMIC MIF requirement,

except for the purpose of paying liabilities arising from mortgage insurance contracts as they become due and for the payment of which other monies are not available.

As of January 31, 2008, the REMIC MIF's total liability against mortgage insurance contracts in force was \$425,652. As of January 31, 2008, the REMIC MIF had a total loan amount on outstanding commitments and mortgage insurance contracts in force of \$770,089 on twelve (12) properties. As of January 31, 2008, the REMIC MIF was funded in an amount at least equal to the REMIC MIF requirement.

REMIC also maintains the PRF to provide for payment of REMIC's liabilities arising from its operations, its housing insurance contracts and its mortgage insurance contracts. All monies deposited in the PRF, whether from earned premiums, investment income or other sources, represent the excess over the REMIC MIF and HIF requirements. If the amounts in the HIF and the REMIC MIF are below their respective requirements, amounts in the PRF are available to restore these funds to their requirements. As of January 31, 2008, the PRF totaled approximately \$15,922,880.

Claims for Loss. As of January 31, 2008, Old REMIC and the REMIC MIF had paid a total of twelve (12) claims for loss on insurance policies under its mortgage insurance coverage in the aggregate amount of \$589,291. As of January 31, 2008, the HIF had neither paid claims for loss nor had any policies in force on which claims for loss had been submitted.

The claims-paying ability of the HIF is rated "AA" and "AA-" by S&P and Fitch, Inc., respectively. The REMIC MIF and the PRF are not rated by any recognized rating agency. Such ratings reflect only the respective views of such rating agencies, and an explanation of the significance of such ratings may be obtained from the rating agency furnishing the same. There is no assurance that either or both of such ratings will be retained for any given period of time or that the same will not be revised downward or withdrawn entirely by the rating agency furnishing the same if, in its judgment, circumstances so warrant.

The payment of principal and interest on the Bonds is not secured by or payable from monies held in the HIF, the REMIC MIF or the PRF, and REMIC is not liable on the Bonds. The REMIC Act provides that all amounts in the HIF, with certain exceptions, shall be used solely for the payment of its liabilities arising from housing insurance contracts. Only monies in the HIF and the PRF will be available to REMIC for payment of REMIC's liabilities under the REMIC Insurance. There are no other dedicated sources of revenue to pay for the insurance obligations of REMIC. There can be no assurance that the amounts on deposit in the HIF and PRF will not be depleted through payment of liabilities arising with respect to insured mortgage loans other than REMIC-insured Mortgage Loans.

The audited financial statements of REMIC for the fiscal year ended October 31, 2007 are included in the audited financial statements of the Corporation for the fiscal year ended October 31, 2007 which are contained in Appendix C to this Official Statement. Copies of the Annual Report of the Corporation, which includes information on REMIC, are available from REMIC at 110 William Street, New York, New York 10038, telephone: (212) 227-5500, or through its internet address: www.nychdc.org/subsidiaries/REMIC.htm.

Benefits for the Mortgage Loans secured or expected to be secured by REMIC Insurance under HIF. The REMIC Master Policy of Insurance (the "REMIC Policy"), which covers a specified percentage of the original Mortgage Loan amount for each insured Mortgage Loan on a first loss basis, requires each insured lender benefitting from REMIC Insurance (an "Insured") to notify REMIC within forty-five (45) days after a payment default by a Mortgagor on an insured Mortgage Loan and to provide various additional notices during the period of default. When a Mortgagor fails to pay a total aggregate

amount equal to four regular monthly payments of principal and interest, and any escrow payments due under the terms of an insured Mortgage Loan, disregarding any waivers or extensions by the Insured (termed “Four Months in Default” under the REMIC Policy), and assuming such notices have been timely submitted and other preconditions have been met, the Insured may make a claim for REMIC Insurance benefits.

Upon receipt of a notice of default under an insured Mortgage Loan, REMIC has the right to purchase the Mortgage Loan from the Insured for a price equal to the unpaid principal balance thereof and all “Allowed Costs” (defined to mean delinquent interest, taxes, attorney fees and the like) not previously reimbursed by REMIC. Thereafter, REMIC is to receive an assignment of the Mortgage Loan and all reserves held for the credit of the related Development. The Insured may also request, if the Mortgage Loan is Four Months in Default, that REMIC enter into (i) a periodic payment plan lasting no more than two years during which time the Insured is to receive from REMIC on a quarterly basis the amounts due on the Mortgage Loan net of the operating income from the Development assigned by the Mortgagor to the Insured, or (ii) where there is no reasonable expectation that there will be a cure of the Mortgage Loan default, a lump sum payment agreement requiring payment by REMIC to the Insured of an amount equal to the average of two quoted market valuations of the property plus the Coverage Percentage of Allowed Costs. At the end of the two year periodic payment plan period, any additional insurance benefits due to the Insured are to be paid by REMIC. In the case of both a periodic payment plan and a lump sum payment plan, total insurance benefits paid may not exceed the lesser of (x) the Coverage Percentage of the full Claim for Loss (defined below), or (y) the Coverage Percentage of the Mortgage Loan principal amount as initially insured.

Unless the related Mortgage Loan is purchased by REMIC, or a periodic payment plan or lump sum payment plan has been executed, as described above, the Insured is required by the REMIC Policy to commence proceedings to obtain title to the Development when the insured Mortgage Loan becomes Four Months in Default (although the Insured is free to commence such proceedings upon any default). However, upon consent of REMIC or satisfaction of certain other conditions, actions, including foreclosure proceedings, may be undertaken in which title to the property will pass to a third party.

In the event that the Insured obtains title to the Development, the Insured may present a claim under the REMIC Insurance and REMIC, at its option, will pay insurance benefits in either of the following amounts:

(a) the full “Claim for Loss,” consisting of the Mortgage Loan principal balance as of the date of default and Allowed Costs but net of reserves held for the Development and net of any portion of the claim attributable to Insured fault or previously reimbursed to the Insured, in which case title to the Development is to be transferred to REMIC, or

(b) a percentage of the full Claim for Loss equal to the Coverage Percentage thereof, but not in excess of the Coverage Percentage of the Mortgage Loan principal amount as initially insured, in which case the Insured is to retain title to the Development.

If proceedings are undertaken in which title to the property passes to a third party, the Insured may claim under the REMIC Insurance for payment of the full Claim for Loss, net of the amounts realized by the Insured from such proceedings, but never in excess of the Coverage Percentage of the Mortgage Loan principal amount as initially insured.

For specific information on the coverage provided by REMIC Insurance, reference should be made to the applicable REMIC commitment and the Master Policy issued by REMIC, which are available at the offices of the Corporation.

The REMIC Insurance may terminate pursuant to its terms upon the occurrence of certain events including, without limitation, the nonpayment of renewal premium, the material modification of the Mortgage without the prior written approval of REMIC, and the disposal of property or collateral securing the Mortgage Loan prior to the final settlement of a claim for loss.

With respect to the Mortgage Loans insured or expected to be insured by REMIC, amounts in the HIF are available, and amounts in the REMIC MIF and the PRF are not available, to pay any liability incurred by REMIC with respect to such Mortgage Loans.

As of January 31, 2008, seventy-five (75) permanent Mortgage Loans under the Program, with an aggregate outstanding Mortgage Loan balance of \$332,059,982, are partially insured by REMIC.

REMIC makes no representation as to the contents of this Official Statement (other than this section), the suitability of the Bonds for any investor, the feasibility of the Developments, or compliance with any securities or tax laws and regulations which may relate to the issuance and sale of the Bonds.

REMIC's role is limited to providing the coverage set forth in the REMIC Insurance.

SONYMA Insurance Program

As further described below, the State of New York Mortgage Agency ("SONYMA") operates a mortgage insurance program. Mortgage Loans insured by SONYMA are referred to as the "SONYMA-insured Mortgage Loans." ***The Bonds are not insured by SONYMA and SONYMA is not liable on the Bonds.***

General. SONYMA was established pursuant to the State of New York Mortgage Agency Act, Chapter 612 of the Laws of New York, 1970, as amended (the "SONYMA Act"). The directors of SONYMA consist of the State Comptroller or his appointee, the Director of the Budget of the State of New York, the Commissioner of the New York State Division of Housing and Community Renewal, one director appointed by the Temporary President of the State Senate, one director appointed by the Speaker of the State Assembly, and four directors appointed by the Governor with the advice and consent of the State Senate. SONYMA employs a staff of approximately 113 employees, including 10 persons who staff the legal, underwriting and risk evaluation, administrative and servicing units of the SONYMA Mortgage Insurance Fund. The issuance of commitments to insure loans of greater than \$1,500,000 requires the approval of SONYMA's Mortgage Insurance Committee and the issuance of commitments to insure loans of greater than \$5,000,000 also requires the approval of the members of SONYMA.

The SONYMA Act authorizes SONYMA, among other things, to enter into commitments to insure mortgages and contracts of mortgage insurance and to contract to facilitate the financial activities of the Convention Center Development Corporation (the "CCDC"), a subsidiary of the New York State Urban Development Corporation, and to fulfill SONYMA's obligations and enforce its rights under any insurance or financial support so furnished. Part II of the SONYMA Act, authorizing, among other things, the mortgage insurance program, was adopted by the State Legislature in 1978 to encourage financial institutions to make mortgage loans in neighborhoods suffering from disinvestment by providing mortgage insurance to minimize the investment risk. In 1989, the SONYMA Act was amended to authorize SONYMA to provide insurance for a loan or pool of loans (a) when the property is located in an "economic development zone" as defined under State law, (b) when the property will provide affordable housing, (c) when the entity providing the mortgage financing was or is created by local, State or Federal legislation, and certifies to SONYMA that the project meets the program criteria applicable to such entity or (d) when the property will provide a retail or community service facility that would not otherwise be provided. The SONYMA-insured Mortgage Loans are insured under the SONYMA Act.

In December 2004, the SONYMA Act was amended to authorize SONYMA to enter into agreements with CCDC to provide a source or potential source of financial support to bonds of the CCDC and, to the extent not otherwise provided in respect of the support of bonds, for its ancillary bond facilities.

The SONYMA Act authorizes SONYMA to create a mortgage insurance fund (the “SONYMA Mortgage Insurance Fund”). The SONYMA Mortgage Insurance Fund is used as a revolving fund for carrying out the provisions of the SONYMA Act with respect to mortgages insured thereunder and with respect to providing credit support for the CCDC bonds or ancillary bond facilities. The Bonds are not secured by monies held in the SONYMA Mortgage Insurance Fund and SONYMA is not liable on the Bonds. The SONYMA Act provides that all monies held in the SONYMA Mortgage Insurance Fund, with certain exceptions, shall be used solely for the payment of its liabilities arising from mortgages insured by SONYMA or for providing credit support for the CCDC bonds or ancillary bond facilities pursuant to the SONYMA Act. Only monies in the appropriate accounts of the SONYMA Mortgage Insurance Fund will be available to SONYMA for payment of SONYMA’s liabilities under the SONYMA mortgage insurance policies for the SONYMA-insured Mortgage Loans (the “SONYMA Insurance”).

The SONYMA Act establishes within the SONYMA Mortgage Insurance Fund a project pool insurance account with respect to insurance on properties other than one to four dwelling units (the “Project Pool Insurance Account”), a special account (the “Special Account”), a single family pool insurance account with respect to insurance related to one to four dwelling units (the “Single Family Pool Insurance Account”), and a project corporation credit support account with respect to providing credit support for the bonds or ancillary bond facilities of the CCDC (the “Development Corporation Credit Support Account”). The Development Corporation Credit Support Account is a source or potential source of payment of the sum of the respective amounts (or percentages) of required or permissive funding by the CCDC of each reserve and financial support fund established by the CCDC for its bonds and, to the extent not otherwise provided in respect of the support of bonds, for its ancillary bond facilities for which SONYMA has determined that the Development Corporation Credit Support Account is or will be a source or potential source of funding.

The SONYMA Act provides that assets of the Project Pool Insurance Account, the Special Account, the Single Family Pool Insurance Account and the Development Corporation Credit Support Account shall be kept separate and shall not be commingled with each other or with any other accounts which may be established from time to time, except as authorized by the SONYMA Act. The SONYMA-insured Mortgage Loans are insured by SONYMA under the Project Pool Insurance Account.

The SONYMA Act provides that all monies held in the Project Pool Insurance Account, with certain exceptions, shall be used solely for the payment of its liabilities arising from mortgages insured by SONYMA pursuant to the SONYMA Act. The claims-paying ability of the Project Pool Insurance Account and the Single Family Pool Insurance Account of the SONYMA Mortgage Insurance Fund are rated “Aa1” and “Aaa,” respectively, by Moody’s Investors Service. The claims-paying ability of the Project Pool Insurance Account and the Single Family Pool Insurance Account of the SONYMA Mortgage Insurance Fund are rated “AA-” and “AA+,” respectively, by Fitch, Inc. Such ratings were most recently affirmed by each respective organization in 2005 and reflect only the views of such organizations; an explanation of the significance of such ratings may be obtained from the respective rating agencies. There is no assurance that such ratings will continue for any period of time or that they will not be revised downward or withdrawn entirely by such rating agencies if, in their judgment, circumstances so warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price of the Bonds. These ratings were established subsequent to SONYMA’s change in its procedures to now require that reserves established with respect to project

primary insurance it provides be deposited to the Project Pool Insurance Account. The claims paying ability of the Development Corporation Credit Support Account has not been rated. The SONYMA Act provides that SONYMA may not execute a contract to provide credit support to the bonds or ancillary bond facilities of the CCDC if, at the time such contract is executed, such execution would impair any then existing credit rating of the Single Family Pool Insurance Account or the Project Pool Insurance Account.

The SONYMA Mortgage Insurance Fund is funded primarily by a surtax on the State mortgage recording tax. Section 253(1-a) of the State Tax Law (the "State Tax Law") imposes a surtax (the "Tax") on recording mortgages of real property situated within the State. Excluded from the Tax are, among others, recordings of mortgages executed by voluntary nonprofit hospital corporations, mortgages executed by or granted to the Dormitory Authority of the State of New York and mortgages, wherein the mortgagee is a natural person, on mortgaged premises consisting of real property improved by a structure containing six or fewer residential dwelling units, each with separate cooking facilities. The Tax is equal to \$0.25 for each \$100 (and each remaining major fraction thereof) of principal debt which is secured by the mortgage. Section 261 of the State Tax Law requires the respective recording officers of each county of the State, on or before the tenth day of each month, after deducting certain administrative expenses incident to the maintenance of their respective recording offices, to pay SONYMA for deposit to the credit of the SONYMA Mortgage Insurance Fund the portion of the Tax collected by such counties during the preceding month, except that: (i) with respect to mortgages recorded on and after May 1, 1987, the balance of the Tax paid during each month to the recording officers of the counties comprising the Metropolitan Commuter Transportation District on mortgages of any real property improved by a structure containing six residential dwelling units or less with separate cooking facilities, shall be paid over to the Metropolitan Transportation Authority; (ii) with respect to mortgages recorded on and after May 1, 1987, the balance of the Tax paid during each month to the recording officers of the County of Erie on mortgages of any real property improved by a structure containing six residential dwelling units or less with separate cooking facilities, shall be paid over to the State Comptroller for deposit into the Niagara Frontier Transportation Authority light rail rapid transit special assistance fund; and (iii) Taxes paid upon mortgages covering real property situated in two or more counties shall be apportioned by the State Tax Commission among SONYMA, the Metropolitan Transportation Authority and the Niagara Frontier Transportation Authority, as appropriate.

Mortgage recording taxes have been collected in the State for more than 75 years. SONYMA has been entitled to receive Tax receipts since December 1978. Under existing law, no further action on the part of the State legislature is necessary for the SONYMA Mortgage Insurance Fund to continue to receive such monies. However, the State is not bound or obligated to impose, or to impose at current levels, the mortgage recording taxes described above or to direct the proceeds to SONYMA as currently provided. The SONYMA Mortgage Insurance Fund's receipt of Tax receipts is dependent upon the performance by the county recording officers of their collection and remittance obligations; the State Tax Commission is given general supervisory power over such officers. Tax receipts paid to the Mortgage Insurance Fund in calendar years 2003, 2004, 2005, 2006 and 2007 were approximately \$106 million, \$131 million, \$168 million, \$184 million and \$210 million respectively.

The SONYMA Act provides that SONYMA must credit the amount of money received from the recording officer of each county to the Special Account. The SONYMA Act provides that SONYMA may credit from the Special Account to the Project Pool Insurance Account, the Single Family Pool Insurance Account or the Development Corporation Credit Support Account, such moneys as are needed to satisfy the mortgage insurance fund requirement (as defined in the SONYMA Act)(the "Mortgage Insurance Fund Requirement") of the Project Pool Insurance Account, the Single Family Pool Insurance Account and the Development Corporation Credit Support Account, respectively, except that during any twelve-month period ending on March thirty-first the aggregate amount credited to the Development

Corporation Credit Support Account (excluding investment earnings thereon) shall not exceed the lesser of (i) fifty million dollars or (ii) the aggregate of the amounts required under the contracts executed by SONYMA to provide credit support to the CCDC's bonds or ancillary bond facilities. The SONYMA Act also provides that if at any time the monies, investments and cash equivalents (valued as determined by SONYMA) of the Project Pool Insurance Account, the Single Family Pool Insurance Account or the Development Corporation Credit Support Account exceed the amount necessary to attain and maintain the credit rating or, with respect to credit support to the CCDC's bonds or ancillary bond facilities, credit worthiness (as determined by SONYMA) required to accomplish the purposes of either of such Accounts, SONYMA shall transfer such excess to the Special Account. Any excess balance in the Special Account is required to be remitted to the State annually. The SONYMA Act provides that no monies shall be withdrawn from any account within the SONYMA Mortgage Insurance Fund at any time in such amount as would reduce the amount in each account of such Fund to less than its applicable Mortgage Insurance Fund Requirement, except for the purpose of paying liabilities as they become due and for the payment of which other monies are not available. There can be no assurance that the amounts on deposit in the Project Pool Insurance Account will not be depleted through payment of liabilities arising with respect to insured mortgage loans other than the SONYMA-insured Mortgage Loans.

The Mortgage Insurance Fund Requirement as of any particular date of computation is equal to an amount of money or cash equivalents equal to (a) the aggregate of (i) the insured amounts of loans and such amount of credit support for the CCDC's bonds or ancillary bond facilities that SONYMA has determined to be due and payable as of such date pursuant to its contracts to insure mortgages or provide credit support for the CCDC's bonds or ancillary bond facilities plus (ii) an amount equal to twenty per centum (20%) of the amounts of loans insured under SONYMA's insurance contracts plus twenty per centum (20%) of the amounts to be insured under SONYMA's commitments to insure less the amounts payable pursuant to subparagraph (i) above (provided, however, that if the board of directors of SONYMA shall have established a higher per centum for a category of loans pursuant to the SONYMA Act, such per centum shall be substituted for twenty per centum (20%) in this paragraph as, for example, the March 2001 determination that the per centum for special needs facilities was forty per centum), plus (iii) an amount equal to the respective amounts established by contracts under which SONYMA has determined that the Development Corporation Credit Support Account will provide credit support for CCDC, less the amounts payable with respect to credit support for CCDC's bonds or ancillary bond facilities pursuant to subparagraph (i) above less (b) the aggregate of the amount of each reinsurance contract procured in connection with obligations of SONYMA determined by SONYMA to be a reduction pursuant to this paragraph in calculating the Mortgage Insurance Fund Requirement. Pursuant to the SONYMA Act, the board of directors of SONYMA may, from time to time, establish a Mortgage Insurance Fund Requirement in an amount higher than the twenty per centum (20%) set forth above. In March 2001, the board of directors of SONYMA authorized a SONYMA Mortgage Insurance Fund Requirement of forty per centum (40%) for special needs facilities. There can be no assurance that, in the future, there will not be additional changes in the Mortgage Insurance Fund Requirement for any category of loans.

As of October 31, 2007, the amount of reserves (money or cash equivalents) on deposit in the Project Pool Insurance Account was \$1,036,538,114 and the Mortgage Insurance Fund Requirement related to such Account was \$550,372,071. Amounts on deposit in the Project Pool Insurance Account may be transferred to other accounts or withdrawn as described in the second preceding paragraph.

As of October 31, 2007, the SONYMA Mortgage Insurance Fund's total liability against project mortgage insurance commitments and policies in force was \$2,193,183,377 and the SONYMA Mortgage Insurance Fund had a total loan amount on outstanding project mortgage insurance commitments and policies in force of \$2,354,103,605.

As of October 31, 2007, the Project Pool Insurance Account had paid 38 project mortgage insurance claims for loss in the aggregate amount of \$84,288,197. As of October 31, 2007, the SONYMA Mortgage Insurance Fund had 13 project mortgage insurance policies in force on which claims for loss had been submitted. SONYMA estimates that its total liability thereon is \$65,295,463.

On September 28, 2005, the board of directors of SONYMA authorized SONYMA to enter into a credit support agreement with CCDC, pursuant to which SONYMA has agreed to provide credit support for the New York Convention Center Development Corporation Revenue Bonds (Hotel Unit Fee Secured) Series 2005 (the "CCDC Series 2005 Bonds") issued by CCDC. SONYMA has made an initial deposit of \$33.8 million into the Development Corporation Credit Support Account and, thereafter, will maintain a minimum balance of \$25 million in such Account. These moneys will be used to support the payment of an amount equal to up to one-third of the scheduled principal and interest due on the CCDC Series 2005 Bonds.

In addition to the mortgage insurance program and the credit support program, the SONYMA Act authorizes SONYMA to purchase and make commitments to purchase mortgage loans on single-family (one- to four-unit) housing and home improvement loans from certain lenders in the State. The SONYMA Act also empowers SONYMA to make and purchase certain student loans. SONYMA may issue its bonds to finance purchases of loans.

Copies of SONYMA's annual report for the fiscal year ended October 31, 2006 and audited financial statements for the fiscal year ended October 31, 2006 are available from the State of New York Mortgage Agency, 641 Lexington Avenue, New York, New York 10022, telephone (212) 688-4000.

SONYMA makes no representation as to the contents of this Official Statement (other than this section), the suitability of the Bonds for any investor, the feasibility of any Project or compliance with any securities or tax laws and regulations which may relate to the issuance and sale of the Bonds.

SONYMA's role is limited to providing the coverage set forth in the SONYMA Insurance.

Collection of SONYMA Mortgage Insurance Benefits.

A. For SONYMA-Insured Mortgage Loans financed by the proceeds of the 1995 Series A Bonds. The Corporation has covenanted not to take any action that would conflict with the requirements or procedures of SONYMA so as to jeopardize the SONYMA Insurance on the SONYMA-insured Mortgage Loans. In the event of a default under a SONYMA Mortgage Loan, the Corporation has covenanted to undertake to assign such SONYMA Mortgage Loan to SONYMA in a timely fashion so as to avoid any loss or diminution of benefits receivable as SONYMA Insurance and to make claims for SONYMA Insurance benefits in cash.

In the event a payment due with respect to a SONYMA Mortgage Loan is in default for 60 days, the Corporation is required to notify SONYMA of the default and thereby trigger the Corporation's right to assign said Mortgage to SONYMA if the default is not cured within the following 60 days. If the default is not fully cured within 120 days, the Corporation is required to exercise its right to assign said Mortgage to SONYMA. Subject to the terms and conditions of the SONYMA commitment to insure each SONYMA Mortgage Loan and the policy issued in connection therewith, SONYMA has agreed that, within ten (10) days after assignment of a Mortgage by the Corporation to SONYMA, it shall pay the Corporation an amount at least equal to the full unpaid principal balance of the SONYMA Mortgage Loan and all accrued interest on such Mortgage Loan.

The SONYMA Insurance with respect to a SONYMA Mortgage Loan may terminate pursuant to its terms upon the occurrence of certain events including the nonpayment of renewal premium, the modification of a SONYMA Mortgage without the prior written approval of SONYMA, and the disposal of property or collateral securing a SONYMA Mortgage Loan prior to the final settlement of a claim for loss.

B. For SONYMA-Insured Mortgage Loans other than the Mortgage Loans financed by the proceeds of the 1995 Series A Bonds. It is expected that the SONYMA-insured Mortgage Loans other than the Mortgage Loans financed by the 1995 Series A Bonds will be or have been insured by SONYMA upon compliance with certain conditions contained in their respective SONYMA insurance commitments. As of the date of this Official Statement, any Mortgage Loans insured by SONYMA have been insured for 100% of the outstanding principal balance thereof. In the future, however, the Corporation may seek partial insurance from SONYMA with respect to certain Mortgage Loans. The following description relates only to Mortgage Loans (other than Mortgage Loans financed by the proceeds of the 1995 Series A Bonds) which are insured for 100% of the outstanding principal balance thereof.

Pursuant to the SONYMA Insurance with respect to each of the SONYMA-insured Mortgage Loans (other than the Mortgage Loans financed by the 1995 Series A Bonds), following certain defaults under the respective Mortgage securing such Mortgage Loans, the Corporation shall file a claim for loss with SONYMA. Thereupon, SONYMA has the option to either (i) make periodic payments of its obligation under the SONYMA Insurance in amounts equal to the scheduled principal and interest payments due with respect to such Mortgage Loan plus certain other amounts expended by the Corporation (for which the Corporation has not been reimbursed) or (ii) make a lump sum payment under the SONYMA Insurance in an amount equal to the sum of the principal outstanding and interest accrued on such Mortgage Loan from the date of such claim for loss to the date of payment in respect of such claim for loss and certain other amounts expended by the Corporation (for which the Corporation has not been reimbursed). Periodic payments are to be made monthly. In addition, if SONYMA has chosen initially to make periodic payments it may nevertheless exercise its option to make a lump sum payment in the full amount of its then outstanding obligation under the SONYMA Insurance at any time while SONYMA is making periodic payments. Upon a lump sum payment by SONYMA, the Corporation shall assign such Mortgage to SONYMA. The SONYMA Insurance with respect to such Mortgage Loan may terminate pursuant to its terms upon the occurrence of certain events including the nonpayment of renewal premium. For specific information on the coverage provided by the SONYMA Insurance with respect to such Mortgage Loan, reference should be made to the policy related to such SONYMA Insurance which is available for inspection at the office of the Corporation.

The Corporation has covenanted not to take any action to conflict with SONYMA regulations so as to jeopardize the SONYMA Insurance. In addition, in the event of a default under any of the SONYMA-insured Mortgage Loans (other than the Mortgage Loans financed by the 1995 Series A Bonds), the Corporation has covenanted to undertake to assign such Mortgage Loan to SONYMA or take such other actions in timely fashion so as to avoid any loss or diminution of benefits receivable as SONYMA Insurance.

GNMA Mortgage-Backed Securities Program

GNMA Securities are “fully-modified, pass-through” securities which require the Mortgage Banker that issued such GNMA Securities or its assignee (i) to make monthly payments of principal and interest on the aggregate principal balance thereof to the holder of the GNMA Securities, whether or not the Mortgage Banker receives payments on the mortgage loans backing the GNMA Securities from the mortgagor, and (ii) to pass through any prepayments of principal and premiums on the mortgage loans received by the Mortgage Banker. GNMA Securities are guaranteed as to full and timely payment of principal and interest by GNMA, a wholly-owned corporate instrumentality of the United States within the Department of Housing and Urban Development with its principal office in Washington, D.C.

GNMA Guaranty. GNMA is authorized by Section 306(g) of Title III of the National Housing Act to guarantee the timely payment of the principal of and interest on securities which are based on and backed by, among other things, an FHA-insured mortgage loan under the National Housing Act. Section 306(g) of the National Housing Act provides further that “the full faith and credit of the United States is pledged to the payment of all amounts which may be required to be paid under any guaranty under this subsection.” An opinion, dated December 12, 1969, of an Assistant Attorney General of the United States, states that, under Section 306(g) of the National Housing Act, such guarantees of mortgage-backed securities (of the type to be delivered to the Trustee on behalf of the Corporation) are authorized to be made by GNMA and “would constitute general obligations of the United States backed by its full faith and credit.”

GNMA guarantees the timely payment of the principal of and interest on the GNMA Security by the Mortgage Banker. Interest and principal payments on the underlying mortgage loans received by the Mortgage Banker from the mortgagor are the primary source of monies for payments on the GNMA Securities. If such payments are less than what is due under the GNMA Security, the Mortgage Banker is obligated to advance its own funds to insure timely payment of all amounts coming due on the GNMA Security. GNMA guarantees such timely payment to the holder of the GNMA Securities by the Mortgage Banker whether or not made by a mortgagor. If such payments are not received as scheduled, the holder of the GNMA Securities has recourse directly to GNMA. The GNMA Securities do not constitute a liability of, nor evidence any recourse against, the Mortgage Banker as the issuer of the GNMA Securities, but recourse thereon is solely against GNMA.

In order to meet its obligations under such guaranty, GNMA, in its corporate capacity under Section 306(d) of Title III of the National Housing Act, may issue its general obligations to the United States Treasury in an amount outstanding at any time sufficient to enable GNMA, with no limitations as to amount, to perform its obligations under its guaranty of the timely payment of the principal of and interest on a GNMA Security. The Treasury is authorized to purchase any obligations so issued by GNMA and has indicated in a letter dated February 13, 1970, from the Secretary of the Treasury to the Secretary of HUD that the Treasury will make loans to GNMA, if needed, to implement the aforementioned guaranty. GNMA further warrants to the holder of each GNMA Security, that, in the event it is called upon at any time to make good its guaranty of the payment of principal and interest on a GNMA Security, it will, if necessary, in accordance with Section 306(d) of the National Housing Act,

apply to the Treasury Department of the United States for a loan or loans in amounts sufficient to make payments of principal and interest.

Under the GNMA Mortgage-Backed Securities Program, the Mortgage Banker is obligated to execute a Guaranty Agreement which provides that, in the event of a default by the Mortgage Banker, including (i) a request to GNMA to make a payment of principal or interest on a GNMA Security, (ii) the insolvency of the Mortgage Banker, or (iii) a default by the Mortgage Banker under any other Guaranty Agreement with GNMA, GNMA shall have the right to extinguish the Mortgage Banker's interest in the mortgage loans that back GNMA Securities, which then shall become the absolute property of GNMA, subject only to the unsatisfied rights of the owners of the GNMA Securities. In such event, the GNMA Guaranty Agreement provides that GNMA shall be the successor in all respects to the Mortgage Banker in its capacity under the GNMA Guaranty Agreement and shall be subject to all responsibilities, duties and liabilities (except the Mortgage Banker's indemnification of GNMA) of the Mortgage Banker pursuant to the GNMA Guaranty Agreement. GNMA may contract for another eligible issuer of GNMA Securities to undertake and agree to assume any part or all of such responsibilities, duties or liabilities of the Mortgage Banker, as long as no such agreement detracts from or diminishes the responsibilities, duties or liabilities of GNMA in its capacity as guarantor of the GNMA Security or otherwise adversely affects the rights of the owners of the GNMA Securities.

Payment of Principal and Interest on the GNMA Securities. GNMA Securities provide that accrued interest for thirty (30) days is payable by the Mortgage Banker to the holder of the GNMA Securities on the fifteenth (15th) of each successive month thereafter until maturity of the GNMA Security. The GNMA Securities are payable in equal monthly installments, subject to prepayment. The aggregate amount of principal due on the GNMA Securities is in an amount equal to the scheduled principal amortization currently due on the underlying mortgage note.

Each of the monthly installments is subject to adjustment by reason of any prepayments or other early or unscheduled recoveries of principal on the mortgage note. In any event, the Mortgage Banker is obligated to pay to the holder of the GNMA Securities, monthly installments of not less than the interest due on the GNMA Securities at the rate specified in the GNMA Securities, together with any scheduled installments of principal whether or not collected from the mortgagor, and any prepayments or early recoveries of principal (including insurance proceeds and condemnation awards that are applied to principal and FHA insurance benefits) and prepayment premiums paid under the Mortgage Note. Final payment shall be made upon surrender of each outstanding GNMA Security. Any such prepayment could result in the redemption of Bonds at any time.

In the event that a mortgagor defaults under an FHA-insured mortgage loan that backs a GNMA Security, the Mortgage Banker may elect to file a claim for FHA Insurance benefits. See "FHA Insurance Program" above.

Under the GNMA Mortgage-Backed Securities Program, the Mortgage Banker is required to service and otherwise administer the mortgage loans in accordance with generally accepted practices of the mortgage banking industry and the GNMA Servicer Guide. The monthly remuneration of the Mortgage Banker, for its servicing and administrative functions, and the guaranty fee charged by GNMA, are based on the unpaid principal amount of GNMA Securities outstanding. Repayment of principal on such GNMA Securities will be based on repayment of the respective mortgage note which, because of the minimum 0.25% higher interest rate on the note will occur more slowly than would repayment by equal installments of principal and interest at the interest rate on the GNMA Securities.

Fannie Mae

General. Fannie Mae is a federally chartered and stockholder-owned corporation organized and existing under the Federal National Mortgage Association Charter Act, 12 U.S.C. 1716 et seq. Fannie Mae was originally established in 1938 as a United States government agency to provide supplemental liquidity to the mortgage market and became a stockholder-owned and privately managed corporation by legislation enacted in 1968.

Fannie Mae purchases, sells, and otherwise deals in mortgages in the secondary market rather than as a primary lender. It does not make direct mortgage loans but acquires mortgage loans originated by others. In addition, Fannie Mae issues mortgage-backed securities (“MBS”), primarily in exchange for pools of mortgage loans from lenders. Fannie Mae receives guaranty fees for its guarantee of timely payment of principal of and interest on MBS certificates.

Fannie Mae is subject to regulation by the Secretary of Housing and Urban Development (“HUD”) and the Director of the independent Office of Federal Housing Enterprise Oversight within HUD (“OFHEO”). Approval of the Secretary of Treasury is required for Fannie Mae’s issuance of its debt obligations and MBS.

The securities of Fannie Mae are not guaranteed by the United States and do not constitute a debt or obligation of the United States or any agency or instrumentality thereof other than Fannie Mae.

Information on Fannie Mae and its financial condition is contained in periodic reports that are filed with the Securities and Exchange Commission (the “SEC”). The SEC filings are available at the SEC’s website at www.sec.gov. The periodic reports filed by Fannie Mae with the SEC are also available on Fannie Mae’s web site at <http://www.fanniemae.com/ir/sec> or from Fannie Mae at the Office of Investor Relations at 202-752-7115.

Fannie Mae is incorporating by reference in this Official Statement the documents listed below that Fannie Mae publishes from time to time. This means that Fannie Mae is disclosing information to you by referring you to those documents. Those documents are considered part of this Official Statement, so you should read this Official Statement, and any applicable supplements or amendments, together with those documents before making an investment decision.

You should rely only on the information provided or incorporated by reference in this Official Statement and any applicable supplement, and you should rely only on the most current information.

Fannie Mae incorporates by reference the following documents Fannie Mae has filed, or may file with the SEC:

- Fannie Mae’s Form 10-K for the fiscal year ended December 31, 2007, filed with the SEC on February 27, 2008; and
- all other proxy statements that Fannie Mae files with the SEC, and all documents Fannie Mae files with the SEC pursuant to Section 13(a), 13(c) or 14 of the Exchange Act after the date of this Official Statement and prior to the termination of the offering of securities under the Official Statement, excluding any information “furnished” to the SEC on Form 8-K.

Fannie Mae makes no representation as to the contents of this Official Statement, the suitability of the Bonds for any investor, the feasibility of performance of any project, or compliance with any

securities, tax or other laws or regulations. Fannie Mae's role with respect to the Bonds is limited to issuing and discharging its obligations under the Credit Enhancement Instrument and exercising the rights reserved to it in the Resolution and the Program Agreement and the Assignments executed in connection therewith.

Fannie Mae Credit Enhancement Instrument. Pursuant to a Program Agreement with the Corporation, Fannie Mae has issued its credit enhancement instrument (the "Credit Enhancement Instrument") with respect to a specified pool of Mortgage Loans (the "Fannie Mae Credit Enhanced Mortgage Loans"). Each of the Fannie Mae Credit Enhanced Mortgage Loans in the pool will be entitled to the benefits of a contract to make periodic interest reduction payments ("IRPs") entered into by the Secretary of HUD pursuant to Section 236(b) of the National Housing Act with the applicable Mortgagor. See "Subsidy Programs – Section 236 Program" in this Appendix G. Each such Mortgage Loan will be bifurcated in to a 236 Loan component expected to be paid from IRPs paid by HUD and a Conventional Loan component expected to be paid from income of the related Development. The Fannie Mae Credit Enhanced Mortgage Loans will be pledged to the Trustee and to Fannie Mae, as their interests may appear.

Under the Credit Enhancement Instrument, Fannie Mae will agree to make "Debt Service Advances" and "Buy-Out Advances" (described below) with respect to the Fannie Mae Credit Enhanced Mortgage Loans following a failure by the Mortgagor of any such Mortgage Loan to pay when due and in full payments required with respect to its Mortgage Loan (a "Borrower Payment Default").

Fannie Mae will agree to make Debt Service Advances to the Trustee on demand of the Trustee (i) with respect to the Conventional Loan component of the Fannie Mae Credit Enhanced Mortgage Loans, if a Borrower Payment Default has occurred and is continuing and the aggregate principal and interest payments received in any Payment Period on the Conventional Loan component are less than 75 percent of all the scheduled principal and interest payments to be made on the Conventional Loan component for the same Payment Period (such difference is referred to as the "Conventional Shortfall") and (ii) with respect to the 236 Loan component of the Fannie Mae Credit Enhanced Mortgage Loans, if a Borrower Payment Default has occurred and is continuing and the aggregate principal and interest payments received in any Payment Period on the 236 Loan component are less than 100% of all the scheduled principal and interest payments to be made on the 236 Loan components for such Payment Period (such difference is referred to as the "236 Shortfall"). A Debt Service Advance will be in an amount equal to such Conventional Shortfall or 236 Shortfall. Debt Service Advances will relate to a deficiency in the aggregate payments made by all Fannie Mae Credit Enhanced Mortgage Loans during the Payment Period as set forth in the Program Agreement (and will not relate to any particular Fannie Mae Credit Enhanced Mortgage Loan).

If a Borrower Payment Default has occurred and is continuing with respect to the Conventional Loan component of Fannie Mae Credit Enhanced Mortgage Loans and the aggregate principal and interest payments received in any Payment Period for the Conventional Loan component is 75% or more (but less than 100%) of all the scheduled principal and interest payments to be made for the same Payment Period for the Conventional Loan Component, the Fannie Mae Credit Enhancement Instrument may not be drawn on to make up such deficiency. At the direction of the Corporation, the Trustee may apply amounts in the Mortgage Loan Reserve Account to pay debt service on Bonds the proceeds of which financed Fannie Mae Credit Enhanced Mortgage Loans.

Fannie Mae will also agree to make Buy-Out Advances to the Trustee in respect of any Fannie Mae Credit Enhanced Mortgage Loan with respect to which a Borrower Payment Default has occurred (a "Defaulted Mortgage Loan") under the terms and conditions set forth in the Credit Enhancement Instrument and the Supplemental Resolution. A Buy-Out Advance relates to a particular Fannie Mae

Credit Enhanced Mortgage Loan. The Corporation may demand that Fannie Mae make a Buy-Out Advance with respect to a Defaulted Mortgage Loan upon the first to occur of (i) the completion of a foreclosure action on the Defaulted Mortgage Loan and the resulting transfer of the property securing that Defaulted Mortgage Loan; and (ii) the commencement of a foreclosure action on a Defaulted Mortgage Loan after conclusion of all administrative remedies by HPD with respect to such Defaulted Mortgage Loan and HPD's written certification to the effect that HPD will not contest or resist the proposed foreclosure, but in no event may the Corporation demand a Buy-Out Advance unless not less than two years has elapsed from the date of the first uncured Borrower Payment Default with respect to that Defaulted Mortgage Loan. Both Fannie Mae and the Corporation will each have the right, acting alone, to commence a foreclosure action, but only if HPD has provided a HPD Certification for such Defaulted Mortgage Loan. Upon payment of a Buy-Out Advance with respect to a Defaulted Mortgage Loan, all rights to such Defaulted Mortgage Loan and all payments made with respect to such Defaulted Mortgage Loan will be for the benefit of Fannie Mae and Fannie Mae shall be entitled to and/or control all rights with respect to such Defaulted Mortgage Loan.

Each Buy-Out Advance is to be in an amount equal to the unpaid principal balance of the Defaulted Mortgage Loan for which such advance is being made ("Defaulted Mortgage Loan Balance"), less an allocation of Buy-Out Credits (described below) then outstanding, if any, but not in an amount in excess of the Defaulted Mortgage Loan Balance. Fannie Mae may choose to make an allocation of Net Buy-Out Credits (described below) to the Buy-Out Advance and, if more than one Defaulted Mortgage Loan is the subject of one Buy-Out Advance, to which Defaulted Mortgage Loan or Loans within the Buy-Out Advance. Should Fannie Mae fail to make a selection, Fannie Mae will be deemed to have elected to apply any Net Buy-Out Credits then available to the Buy-Out Advance and if more than one Defaulted Mortgage Loan is included in the Buy-Out Advance, to the Defaulted Mortgage Loans in the chronological order in which such loans defaulted. The Defaulted Mortgage Loan Balance is to exclude all accrued and unpaid interest on the Defaulted Mortgage Loan, capitalized interest, interest on interest, late fees, collection costs and Mortgage Loan Costs or any other sums added to the principal balance at any time for purposes of determining the amount of the Buy-Out Advance for such Defaulted Mortgage Loan.

If a Debt Service Advance was made with respect to the 236 Loan component of the Fannie Mae Credit Enhanced Mortgage Loans, Buy-Out Credits earned by Fannie Mae will be the aggregate scheduled principal components of the unpaid installments of such Fannie Mae Credit Enhanced Mortgage Loans for the Payment Period for which that Debt Service Advance was made. If a Debt Service Advance was made with respect to the Conventional Loan component of the Fannie Mae Credit Enhanced Mortgage Loan, the Buy-Out Credits earned by Fannie Mae will be the amount of the Debt Service Advance, multiplied by a fraction, the denominator of which is equal to the scheduled principal and interest payments payable on the portion of the Fannie Mae Credit Enhanced Mortgage Loans to be paid from the income of the Developments during the relevant Payment Period and the numerator of which is equal to the scheduled principal payments during such Payment Period with respect to such portion of the Fannie Mae Credit Enhanced Mortgage Loans. "Net Buy-Out Credits" will equal (i) the sum of all Buy-Out Credits earned by Fannie Mae from time to time less (ii) the sum of all reimbursements allocable to principal received by Fannie Mae and all Buy-Out Credits applied to Buy-Out Advances.

Pursuant to the applicable Supplemental Resolution, the Corporation is required for each applicable Payment Period, to calculate the aggregate Mortgage Loan Shortfall on all Defaulted Mortgage Loans for such Payment Period, if any, including a breakdown of the Conventional Loan Component Reserve Withdrawal Amount, the Conventional Loan Component Shortfall, if any, and the 236 Loan Component Shortfall, if any, for such Defaulted Mortgage Loans, and to submit such calculations in writing to the Trustee, with a copy to Fannie Mae, no later than the twentieth (20th) day of the calendar

month (or if such twentieth (20th) day is not a Business Day, on the next succeeding Business Day) immediately preceding an Interest Payment Date. The Trustee is to request a Debt Service Advance under the Credit Enhancement Instrument not less than four (4) Business Days before the next succeeding Interest Payment Date. If a Certificate in respect of a Debt Service Advance is presented under the Credit Enhancement Instrument at or prior to 12:00 noon, Washington, D.C. time, on a Business Day, and the Certificate conforms to the requirements of the Credit Enhancement Instrument, Fannie Mae is required to either pay to the Trustee the amount specified or provide the Trustee with the fedwire number relating to the wiring of that amount no later than 12:00 noon, Washington, D.C. time, on the third Business Day following such presentation.

All payments received with respect to Defaulted 236 Mortgage Loans are to be applied to pay Mortgage Loan Costs (defined below) and then to reimburse Fannie Mae for any advances it has made. All payments received with respect to Defaulted Conventional Mortgage Loans are to be applied first to pay Mortgage Loan Costs and then to make the following payments in the following order of priority: to reimburse Fannie Mae for the portion of Debt Service Advances not allocable to the principal of Mortgage Loans, to the Trustee for unpaid and unreimbursed interest payments, to reimburse Fannie Mae for the portion of Debt Service Advances allocable to principal and to the Trustee for unpaid and unreimbursed principal payments. "Mortgage Loan Costs" means any of the amounts paid by the Corporation, any Servicer or Fannie Mae with respect to a Mortgage Loan for any of the following: (a) taxes and assessments, (b) insurance premiums, (c) any payments, reasonably determined by the Corporation or Fannie Mae to be necessary to preserve and protect the property related to the Mortgage Loan, and (d) any payments, as reasonably determined by the Corporation or Fannie Mae be necessary to exercise any legal or equitable remedies (including reasonable attorney, appraisal, environmental or other professional fees and expenses).

Fannie Mae may remove a Fannie Mae Credit Enhanced Mortgage Loan from the pool covered by the Credit Enhancement Instrument if certain representations made by the Corporation with respect to such Mortgage Loan are not correct. In the Program Agreement, the Corporation makes certain representations concerning its corporate authority to enter into the Program Agreement as well as representations regarding the Fannie Mae Credit Enhanced Mortgage Loans, including the documentation relating to the Mortgage Loans, the properties that are subject to the Mortgage Loans, the priority of the liens created by the Mortgage Loans, the Mortgagors and the operation of the Developments. In addition, a Fannie Mae Credit Enhanced Mortgage Loan will be removed from the pool covered by the Credit Enhancement Instrument following a Buy-Out Advance with respect to such Fannie Mae Credit Enhanced Mortgage Loan. Last, the Corporation may remove a Fannie Mae Credit Enhanced Mortgage Loan from the pool covered by the Credit Enhancement Instrument (i) prior to a date approximately 15 years from the date the Mortgage Loan became a Fannie Mae Credit Enhanced Mortgage, with the consent of Fannie Mae upon the filing of a Cash Flow Statement and (ii) on and after a date approximately 15 years from the date the Mortgage Loan became a Fannie Mae Credit Enhanced Mortgage, upon the filing of a Cash Flow Statement. Any Fannie Mae Credit Enhanced Mortgage Loan removed from the pool other than by reason of a Buy-Out Advance shall continue to be a Mortgage Loan pledged under the Resolution subject to the terms of the Resolution permitting subsequent removal. Any Fannie Mae Credit Enhanced Mortgage Loan removed from the pool by reason of a Buy-Out Advance shall no longer be pledged for the benefit of the Bond owners under the Resolution.

Long-term LOCs

Supplemental Security in the form of a letter of credit issued by a bank or other financial institution may be provided with respect to a permanent Mortgage Loan (a "Long-term LOC"). The Long-term LOCs need not meet the requirements under the General Resolution for a Credit Facility and will not be pledged to the owners of the Bonds; however, any payments received by the Corporation from

the letter of credit provider pursuant to a Long-term LOC constitute Revenues and therefore will be pledged for the benefit of the owners of the Bonds. It is anticipated that Long-term LOCS will provide that they may be drawn upon by the Corporation if the applicable Mortgagor fails to make the required debt service payments on the related Mortgage Loan. The Long-term LOCs are expected to provide that the amount drawn on a Long-term LOC be equal to such required debt service payment or, at the direction of the provider of the Long-term LOC, to the outstanding principal balance of the applicable Mortgage Loan plus the lesser of (i) accrued interest or (ii) the maximum amount available under the Long-term LOC with respect to accrued interest. It is expected that, in the case of the latter draw, such Mortgage Loan will be immediately assigned to the Long-term LOC provider, will no longer be pledged for the benefit of the owners of the Bonds and will be free and clear of the pledge and lien of the General Resolution.

SUBSIDY PROGRAMS

Mitchell-Lama Program

General. The Mitchell-Lama program was created to facilitate the construction and continued operation of affordable moderate and middle income rental and cooperative housing in the State of New York. The Developments which are regulated under the Mitchell-Lama program are currently all non-refinanced rental housing projects located in the City of New York and, therefore, this summary of the Mitchell-Lama program is limited to non-refinanced rental projects. Each rental project in the Mitchell-Lama program was constructed and is operated as a limited-profit housing project or a cooperative in accordance with Article 2 of the New York Private Housing Finance Law and the rules and regulations promulgated thereunder (the “Mitchell-Lama Law”).

HPD Supervision. The City of New York Department of Housing Preservation and Development (“HPD”) has supervisory authority over those projects in the Mitchell-Lama program which received financing from the City or the Corporation. HPD carries out all its supervisory functions with limited resources, which may affect the priority or completion time frames for its various supervisory activities.

HPD regulates the project’s rental procedures and tenant income limits. HPD oversees the renting of vacant units including the establishment of waiting lists and the advertising process relating thereto. HPD approves the admission of new tenants as well as the transfer of existing tenants to other units in a project. HPD also verifies initial and annual tenant income certifications submitted by tenants to ensure that the tenant income requirements of the Mitchell-Lama program are maintained. Tenants with incomes in excess of the certain income requirements are required to pay rent surcharges to the project owners.

HPD conducts a periodic physical inspection of the common areas of the projects in the Mitchell-Lama program in order to assess property maintenance levels. HPD has power to audit the books of a project owner and conducts a periodic site administrative review to review service contracts, insurance coverage and the project’s record keeping systems. HPD also reviews all commercial leases, contracts in excess of \$5,000 or \$10,000 depending on project size, monthly project operations reports, the use of blocked reserve accounts and the annual profit retained by the project owner.

HPD approves all rent increase applications after holding a public hearing and reviewing a financial analysis prepared by HPD and project owners, provided, however, such rental increases in projects benefitting from the Section 236 program are also subject to the approval of HUD. HPD has the right to remove any or all of the existing directors of an ownership entity and to appoint individuals that HPD deems advisable in the event of a violation of a provision of the owner’s certificate of incorporation, any applicable law, the loan or mortgage contract or HPD’s rules and regulations.

Corporation Rent Increase Authority. Other than with respect to the 2002 Series D Mortgage Loans regulated pursuant to the Mitchell-Lama Law, the Act empowers the Corporation and the Resolutions require the Corporation (whenever it shall find that the maximum rentals, which are charged tenants of the dwellings in any Project in the Mitchell-Lama program, in whole or in part, shall not be sufficient together with all other income of the Mortgagor to meet within reasonable limits all necessary payments to be made by the Mortgagor of all expenses, including fixed charges, sinking funds, reserves and dividends) to request the Mortgagor to make application to vary such rentals so as to secure sufficient income, and upon the Mortgagor's failure to do so within thirty (30) days after the receipt of written request from the Corporation, to request HPD to take action upon HPD's own motion so to vary such rental rate, and upon failure of HPD either upon application by the Mortgagor or upon its own motion so to vary such rental rate within sixty (60) days after receipt of written request from the Corporation to do so, to vary such rental rate by action of the Corporation. Any such rental increases in Developments benefitting from the Section 236 program shall also be subject to the approval of HUD. The Corporation has only taken such actions relating to rental increases with respect to one (1) Development which was done in 1978.

Tax Exemption. The Mitchell-Lama Law provides that with the consent of the local legislative body, the real property, both land and improvements, of a project shall be exempt from local and municipal taxes, other than assessments for local improvements, to the extent of all or part of the value of the property included in such project which represents an increase over the assessed valuation of such real property at the time of its acquisition for the project by the company, provided however, that the real property in a project acquired for purposes of rehabilitation shall be exempt to the extent of all or part of the value of the property included in such rehabilitation and provided further that the minimum tax to be paid shall not be less than ten per centum (10%) of the annual shelter rent of such project. This tax exemption continues so long as the mortgage loan made to the owner remains outstanding. In the case of any Project in the Mitchell-Lama program which is the subject of a ground lease, such tax exemption is reflected in the underlying lease payments. Pursuant to the Act, the property of the Corporation is exempt from State and local taxes. In the event the Corporation shall become the owner of a Development, it would be exempt from the payment of real estate taxes.

Section 236 Program

General. Pursuant to Section 236(b) of the National Housing Act ("Section 236"), the Secretary of HUD (the "Secretary") entered into certain contracts (each a "Section 236 Contract") to make periodic interest reduction payments to Section 236 mortgagees on behalf of the mortgagors of housing projects designed for occupancy by persons or families as described in Article 2 of the Private Housing Finance Law and families of low income. HUD's interest reduction subsidy payment share is in an amount equal to the difference between the monthly payment for principal and interest which a mortgagor is obligated to pay under its mortgage loan and the monthly payment for principal, interest and mortgage insurance premiums or mortgage servicing fees, as appropriate, a mortgagor would be obligated to pay if its mortgage loan were to bear interest at the rate of one per centum (1%) per annum. Under Section 236, interest reduction payments with respect to a project (the "HUD Payments") shall be made only during the period that such project is operated as a rental or cooperative housing project.

Termination of HUD Payments. HUD is obligated to make HUD Payments under a Section 236 Contract and may not terminate HUD Payments under a Section 236 Contract, except under the circumstances described below, including, but not limited to, certain foreclosure actions instituted by the Corporation (see "THE PROGRAM—Certain Factors Affecting the Mortgage Loans—New York Foreclosure Procedures and Bankruptcy" and "Appendix B—Summary of Certain Provisions of the General Resolution—Covenants with Respect to Mortgage Loans"). If HUD Payments are terminated, the Secretary may reinstate them at his or her discretion pursuant to such additional requirements as the

Secretary may prescribe. A Section 236 Contract may be terminated at the option of, and upon written notice from, the Secretary after the expiration of one year from the date of the termination of HUD Payments, unless such payments have been reinstated. **In the event HUD were to terminate HUD Payments in respect of a Development subsidized through a Section 236 Contract, such terminated HUD Payments would not be available to pay debt service on the related Mortgage Loan (a “Section 236 Mortgage Loan”), which could result in a default on such Mortgage Loan. Except for the Mortgage Loans financed in connection with the 2001 Series B Bonds, the Section 236 Mortgage Loans do not benefit from FHA Insurance.**

Acquisition by Ineligible Owner; Transfer Limitation of Mortgage Loan. HUD may terminate HUD Payments with respect to a Project if the Project is acquired by any owner who is not an eligible mortgagor under Section 236. Each Mortgagor has covenanted in the Section 236 Contract only to transfer such Project to an eligible Mortgagor approved by the Secretary and each Mortgagor has covenanted in the Mortgage not to transfer such Project without the consent of the Section 236 mortgagee. The Department of Housing and Urban Development Reform Act of 1989 (the “HUD Reform Act”) made public entities eligible to be owners of projects receiving assistance under Section 236. Pursuant to the HUD Reform Act, the Corporation is an eligible Section 236 mortgagee. Transfer of a Project is also subject to the prior approval of HPD.

Each Section 236 Contract provides that the corresponding Section 236 Mortgage Loan may only be assigned, including any assignment or reassignment between the Corporation and the Trustee, with HUD’s prior written approval.

Excess Income. Pursuant to each Section 236 Contract, the Mortgagor is permitted to charge (i) a basic or subsidized rental charge for each subsidized dwelling unit in the Project (the “basic rent”), determined on the basis of the anticipated operating costs of the Project assuming the payment of principal and interest on a mortgage note bearing interest at the rate of 1% per annum and an amortization period of up to fifty (50) years, and (ii) a fair market rental charge for each such unit, determined on the basis of the anticipated operating costs of the Project assuming payment of principal and interest at the unsubsidized mortgage rate (the “market rent”). The rent charged for each subsidized unit (the “tenant rent”) is the greater of the basic rent or thirty per centum (30%) of the tenant’s adjusted monthly income, but in no event may the Mortgagor charge an amount in excess of the market rent (not including permitted surcharges). Under each Section 236 Contract, the Section 236 mortgagee and HUD must approve all rent increases.

Each Section 236 Contract provides that the Mortgagor shall pay monthly to HUD all rental charges collected in excess of the basic rental charges for all occupied units (“Excess Income Payments”). In a notice issued by HUD on January 4, 1991 with respect to all mortgagors subject to Section 236 Contracts, HUD stated that it would implement strict enforcement actions against an owner of a project who does not remit excess rental amounts. This notice states that HUD should attempt to recover Excess Income Payments if the affected mortgagor does not make a lump sum payment or enter into a repayment schedule with HUD through the following actions listed in order of priority: use of the project’s residual receipts, repayment of distributions, surplus cash and finally, project income. Among HUD’s numerous potential remedies against the affected mortgagors are suspension of interest reduction payments. No assurance can be given regarding which remedies, if any, HUD will utilize against affected mortgagors in the event HUD seeks to affirmatively enforce the collection of Excess Income Payments.

Prior to April 1996, mortgagors were permitted to calculate the amount of Excess Income Payments payable to HUD on a project-wide basis, which enabled mortgagors to use Excess Income Payments to offset collection losses from nonpaying tenants. Section 236 was amended to require that, beginning in 1996, Excess Income Payments must be remitted to HUD on a unit-by-unit basis, thus

precluding the ability of mortgagors to use such Excess Income Payments to offset collection losses and potentially reducing the income available to the projects.

In 1999, Congress passed the “Preserving Affordable Housing for Senior Citizens and Families into the 21st Century Act” (the “1999 Act”). This and subsequent legislation allow Mortgagors of Section 236 Developments to retain excess rents for project purposes if consented to by HUD. Based solely on a review of the most recent information submitted to it by the Mortgagors of the Section 236 Developments where the Corporation is the Section 236 mortgagee (which relate to the Section 236 Mortgage Loans other than the underlying 2002 Series D Trust Mortgage Loans), the Corporation believes that such Mortgagors are current on the Excess Income Payments due to HUD. No assurance can be given as to the impact of the revised Section 236 in the current or any future fiscal year on the ability of the Mortgagors of the Section 236 Developments to cover operating expenses and debt service on their respective Section 236 Mortgage Loans without requiring an increase in rents after Excess Income Payments are remitted to HUD.

The 1999 Act also permits Mortgagors of Section 236 Developments to refinance their mortgages (if the mortgages are otherwise eligible for prepayment) while retaining the Section 236 subsidy, which HUD generally refers to as its Section 236 “decoupling” program. HUD has considerable discretion in implementing the decoupling program and Section 236 Contracts executed pursuant to the program may have terms different from those described herein for the program generally. Among other things, in order to benefit from the decoupling program, the Mortgagor must agree to enforce the income restrictions applicable to tenants in the development for a period ending five years beyond the term of assistance under the new Section 236 Contract.

Certain Mortgagor Covenants. Each Mortgagor has covenanted in the Section 236 Contract to limit admission to the subsidized dwelling units in the Project to those families whose incomes do not exceed the applicable limits approved by the Section 236 mortgagee or the Secretary, with the exception of those tenants who agree to pay fair market rent. The Section 236 Contracts contain other covenants relating to the preference for occupancy for certain displaced or low income families, the compliance with applicable civil rights laws prohibiting discrimination in housing, the maintenance of information and records concerning tenants and tenant income in a form required under HUD regulations, the availability for inspection of such information and records, prohibitions against denying occupancy due to number of children in the family and the number of subsidized units which may be rented to any one tenant at any one time. The Secretary has the authority to suspend or terminate HUD Payments at any time upon default by a Mortgagor under any of such covenants as well or upon any other default by a Mortgagor or the Section 236 mortgagee under the terms and conditions of the Section 236 Contract.

Each Mortgagor has covenanted to maintain habitability of the Project units. Under the terms of certain Section 236 Contracts, HUD may adjust subsidy payments in the event a subsidized unit is destroyed or otherwise rendered not habitable for any reason unless such unit is restored or rehabilitated within a reasonable time or unless an unsubsidized unit is designated in its place.

Set-Off Rights of the United States. Payments under a Section 236 Contract duly and properly paid and actually received by or on behalf of the Corporation have been pledged to the Trustee as part of the security for the Bonds, and the Corporation is obligated to deliver to the Trustee all such payments upon receipt. Under Federal law, the United States Government has the right to set-off liabilities to the United States against the amounts payable under a Section 236 Contract. The Corporation does not believe it has any liabilities to the United States which would result in any set-off against such payments for those projects where it is the Section 236 mortgagee. The set-off right of the United States described above applies only to payments under a Section 236 Contract which have not actually been paid by HUD. Once payments under a Section 236 Contract are received by the Corporation and delivered to a trustee,

they cannot be subjected to repayment to the United States by such trustee. However, in the case of excessive payments under a Section 236 Contract, the Section 236 mortgagee would remain obligated to refund to the Secretary the amount which was overpaid, and such liabilities could be offset against future payments under the Section 236 Contract.

Section 236, the rules, regulations and directives promulgated pursuant thereto and the Section 236 Contracts, do not contain any express requirement that any savings which result from a reduction in the Corporation's cost of borrowing due to a refunding of its obligations issued to finance a mortgage loan must be used to lower the interest rate on the mortgage loan and thereby to reduce HUD Payments. Consequently, the Corporation did not reduce the interest rate on the applicable Section 236 Mortgage Loans as a result of the issuance of the 1996 Series A Bonds. Based on the foregoing, the Corporation does not believe that HUD or any other party is entitled to all or a portion of the Corporation's debt service savings that result from the issuance of the 1996 Series A Bonds. Similarly, the Corporation does not believe that HUD or any other party is entitled to any amounts received by the Corporation as a result of the redemption of: (i) the Corporation's bonds that originally financed the Knickerbocker Plaza Development related to the Additional Mortgage Loan contributed in connection with the issuance of the 1999 Series A Bonds and (ii) the Corporation's bonds that originally financed the developments related to the Mortgage Loans contributed in connection with the issuance of the 2001 Series B Bonds. However, no assurance can be provided that HUD will not assert a right to reduce the amount of payments payable under the applicable Section 236 Contracts based upon the issuance of the 1996 Series A Bonds and/or the 2001 Series B Bonds and/or the aforesaid redemptions. If such a right is asserted, HUD could take certain actions including attempting to reduce payments under the applicable Section 236 Contracts.

HPD Supervision. All but one of the Projects with Section 236 Contracts were constructed and are operated as limited-profit housing projects or cooperatives in accordance with the Mitchell-Lama Law. For more information on the Mitchell-Lama Law, see "Mitchell-Lama Program" above.

Section 8 Program

General. The following is a brief description of the housing assistance payments program (the "Section 8 program") authorized by Section 8 of the United States Housing Act of 1937, as amended (the "1937 Housing Act"), which is qualified in its entirety by references to the applicable provisions of said Act and the regulations thereunder (the "Regulations"). The description applies to the variant of the Section 8 program which provides assistance under subsidy contracts for projects which set aside units for lower income families. Accordingly, this variant of the Section 8 program may be referred to as the "project-based Section 8 program."

The Section 8 program is administered by HUD and authorizes subsidy payments pursuant to Housing Assistance Payments Contracts ("HAP Contracts") to the owners of qualified housing for the benefit of lower income families (defined generally as families whose income does not exceed 80% of the median income for the area as determined by HUD) and very-low income families (defined generally as families whose income does not exceed 50% of the median income for the area as defined by HUD). Provision is made under the 1937 Housing Act and Regulations for administration of the Section 8 program through state or local housing finance agencies acting as contract administrator (the "Contract Administrator") of the HAP Contracts. Under this arrangement, the Contract Administrator agrees to pay the subsidy to or for the account of the mortgagor and concurrently contracts with HUD for payments of the subsidy by HUD to it. HUD may also serve as Contract Administrator.

Under 1937 Housing Act and the Regulations, not more than 25% of the dwelling units which were available for occupancy under HAP Contracts before October 1, 1981 and which are leased thereafter shall be available for leasing by lower income families other than very-low income families;

and not more than 15% of the dwelling units which become available for occupancy under HAP Contracts after October 1, 1981 shall be available for leasing by lower income families other than very-low income families. The law also requires that not less than 40% of the dwelling units that become available for occupancy in any fiscal year shall be available for leasing only by families whose annual income does not exceed 30% of area median income (as determined by HUD and adjusted for family size) at the time of admission.

Amount and Payment of Subsidy. Section 8 subsidies available for debt service on the Bonds are based upon the “contract rent” applicable to specified dwelling units. The contract rent is initially based on the fair market rent for the dwelling unit, which is determined by HUD periodically with respect to each locality and published in the Federal Register. The housing assistance payments generally represent the difference between the contract rents (plus estimated utility allowances, where utility costs are paid directly by tenants, and an administrative fee, hereinafter described, where applicable) for all eligible units in a development, as approved by HUD from time to time, and the eligible tenant’s contribution, which is generally 30% of such tenant’s income, as adjusted for family size, income and expenses, with certain adjustments, although each assisted family is generally required to pay a minimum rent of between \$25 and \$50 per month. The contract rents for a development are generally limited to the “fair market rents” established by HUD as reasonable in relation to rents for comparable units in the area.

Subsidy Contracts. The payment of subsidies under the Section 8 program is made pursuant to two contracts entered into with respect to each development assisted under such program: an annual contributions contract (the “ACC”) between HUD and the Contract Administrator, and the HAP Contract between the Contract Administrator and the owner. The ACC obligates the United States to provide funds to the Contract Administrator with which to make monthly housing assistance payments to the owner pursuant to a HAP Contract. The Corporation is the Contract Administrator for one (1) of the Section 8 Developments; HPD is the Contract Administrator with respect to thirteen (13) Developments and HUD and/or its designee is the Contract Administrator for the remainder of Developments.

It is useful, in discussing the project-based Section 8 Program to distinguish between contracts executed under the 1937 Housing Act and the Regulations prior to 1997 which have not yet expired for the first time (“Original Contracts”), and contracts under the 1937 Housing Act and the Regulations which have been renewed generally subsequent to 1997 (“Renewal Contracts”). This distinction is of significance as a consequence of the amendments to the 1937 Housing Act which went into effect beginning in 1997.

The ACC establishes the maximum annual amount of the housing assistance payments to be made by HUD for the account of the mortgagor of a development. This amount may not exceed the total of the initial contract rents and utility allowances for the eligible units in a development and any administrative fee. For projects under the Original Contracts, if the amount of housing assistance payments actually disbursed under an ACC in any given year is less than the total available amount, some or all of the excess (including an amount equal to the portion of the contract rents payable by the tenants) is required to be set aside by HUD in a “project account” for the particular development and will be available in future years to fund increases in contract rents for the development, decreases in family incomes or other costs authorized or approved by HUD. In the event that previously appropriated amounts are not sufficient to meet HUD’s contractual obligations to the Section 8 Developments, HUD is required by applicable Section 8 provisions to take such additional steps authorized by subsection (c)(6) of Section 8 of the 1937 Housing Act as may be necessary to obtain funds to assure that payment will be adequate to cover increases in contract rents and decreases in tenant payments. Under subsection (c)(6) of Section 8: “[t]he Secretary [of HUD] shall take such steps as may be necessary, including the making of contracts for assistance payments in amounts in excess of the amounts required at the time of the initial renting of dwelling units, the reservation of annual contributions authority for the purpose of amending

housing assistance contracts, or the allocation of a portion of new authorizations for the purpose of amending housing assistance contracts, to assure that assistance payments are increased on a timely basis to cover increases in maximum monthly rents or decreases in family incomes.”

In practice until recently, HUD has sought and received amendment authority from Congress sufficient to enable it to discharge its obligations under the HAP Contracts and the ACCs. During 2007, a revision in HUD’s interpretation of its outstanding contracts coupled with the amount of appropriations available led to many late payments to owners while HUD made adjustments. See “Late Payments in 2007” below.

The HAP Contract provides for housing assistance payments with respect to a dwelling unit covered by the HAP Contract on the condition that such unit is maintained according to the requirements of the HAP Contract and is occupied by an eligible tenant. An ACC remains in effect for as long as a HAP Contract is in effect.

Adjustment of Subsidy Amounts. Each HAP Contract provides for certain adjustments in contract rents. With respect to Original Contracts, HUD publishes at least annually an Annual Adjustment Factor (“AAF”), which is intended to reflect changes in the fair market rent established in the housing area for similar types and sizes of dwelling units; interim revisions may be made where market conditions warrant. Upon request from the owner to the Corporation, the AAF is applied on the anniversary date of each HAP Contract to contract rents, provided that no adjustment shall result in a material difference between the rents charged for subsidized and comparable non-subsidized dwelling units except to the extent that the differences existed with respect to the contract rents set at HAP Contract execution or cost certification where applicable. (The difference that existed between the contract rent for a unit at HAP Contract execution and the rent on comparable unassisted units is generally referred to by HUD as the “initial difference” in contract rents.) In addition, provision is made in the regulations for special additional adjustments to reflect increases in actual and necessary expenses of owning and maintaining the subsidized units which have resulted from substantial general increases in real property taxes, assessments, utility rates and utilities not covered by regulated rates, if the owner demonstrates that the automatic annual adjustments have not provided adequate compensation. Under current law (Section 8(c)(2)(C) of the 1937 Housing Act), “[t]he Secretary may not reduce the contract rents in effect on or after April 15, 1987, for newly constructed, substantially rehabilitated, or moderately rehabilitated projects assisted under the section ... unless the project has been refinanced in a manner that reduces the periodic payments of the owner.”

Notwithstanding the foregoing, if the contract rents for a development exceed the applicable HUD fair market rents, then contract rents cannot be increased beyond comparable market rents (plus the initial difference) as determined by independent appraisals of at least three comparable local developments submitted by the owner. In addition, the AAFs for Section 8 units which experienced no turnover in tenants since their preceding HAP Contract anniversary date shall be one percentage point less than the AAFs that would otherwise apply.

With respect to Renewal Contracts, the HAP Contract will, in most cases, provide for annual adjustments in contract rents based upon an Operating Cost Adjustment Factor (OCAF). The OCAF is intended to reflect increases in the cost of operating comparable rental properties, which may or may not correspond to circumstances affecting a particular Section 8 Development. HAP Contracts renewed for terms longer than one year will be subject to Congressional appropriations, which may not be available. HUD’s provision of such amendments and renewals was partially disrupted for a temporary period during the past year, when HUD determined appropriations available at the time to be inadequate to fulfill all such needs. For further discussion of that situation, see “Late Payments in 2007” below. The failure of the Congress to appropriate funds to pay subsidies pursuant to Renewal Contracts could have an adverse impact on the

ability of the related Section 8 Developments to pay debt service. In addition, the prohibition on adjustments that would lower contract rents, explained above, does not apply to HAP Contracts that are Renewal Contracts.

Vacancies and Debt Service. Generally, the Section 8 subsidy is payable with respect to the dwelling unit only when it is occupied by a qualified person or family. However, applicable law and regulations provide for payment of the subsidy under certain circumstances and, for a limited period of time, when the dwelling unit is not occupied. Upon the occurrence of a vacancy in a dwelling unit, a subsidy amounting to 80% of the contract rent is payable for a vacancy period of 60 days subject to compliance by the mortgagor with certain conditions relating primarily to a diligent effort to rent the subsidized unit. The payment of a subsidy with respect to a dwelling unit vacant after initial rent-up may continue for an additional 12 months from the expiration of the 60-day period in an amount equal to the principal and interest payments required to amortize the debt service attributable to the vacant unit, if a good faith effort is being made to fill the unit and the unit provides decent, safe, and sanitary housing. Such continued payments also require the mortgagor to show that project costs exceed revenues, a good faith effort is being made to fill the unit and the additional subsidy payments do not exceed the deficiency attributable to the vacant units. With respect to the Section 8 Developments receiving subsidies pursuant to the Section 8 Moderate Rehabilitation Program, vacancy payments are only available for a maximum period of 60 consecutive days.

Compliance With Subsidy Contracts. The ACC and the HAP Contract each contain numerous agreements on the part of the Contract Administrator and the owner concerning, among other things, maintenance of the development as decent, safe and sanitary housing and compliance with a number of requirements typical of Federal contracts (such as non-discrimination, equal employment opportunity, relocation, pollution control and labor standards) as to which non-compliance by the owner may result in abatement by HUD or the Contract Administrator, as the case may be, of the payment of the Federal subsidy, in whole or in part.

Housing assistance payments will continue as long as the owner complies with the requirements of the HAP Contract and has leased the assisted units to an eligible tenant or satisfies the criteria for receiving assistance for vacant units. The Contract Administrator, which has primary responsibility for administering each HAP Contract subject to review and audit by HUD, subject to an opportunity by the mortgagor to cure any default under the HAP Contract, may abate housing assistance payments and recover overpayments pending remedy of the default. If the default is not cured, the Contract Administrator may terminate the HAP Contract or take other corrective action, in its discretion or as directed by HUD. HUD has an independent right to determine whether the owner is in default and to take corrective action and apply appropriate remedies.

If HUD determines that the Contract Administrator has failed to fulfill its obligations, HUD may, after notice to the Contract Administrator giving it a reasonable opportunity to take corrective action, require that the Contract Administrator assign to it all rights under the HAP Contract. The Corporation has, to date, never been notified by HUD that it has failed to fulfill its obligations with respect to any of the Developments. In recent years, HUD has placed increasing emphasis on assuring that Contract Administrators fulfill their obligations in this respect.

Expiration of Subsidy Contracts. Until 1997, there was substantial uncertainty as to what would happen to Section 8 developments upon the expiration of their HAP Contracts at the end of their terms. HUD's Fiscal Year 1998 Appropriations Act, Pub. L. 105-65, signed into law on October 27, 1997, included within it the "Multifamily Assisted Housing Reform and Affordability Act of 1997" (as amended several times thereafter, the "MAHRA"). Under the so-called Mark-to-Market program established by MAHRA, many FHA-insured Section 8 projects with expiring HAP Contracts are eligible

to receive continuing Section 8 assistance through contract renewals. Such Renewal Contracts may have terms from one to twenty years, subject to Congressional appropriations. As noted above, absent such appropriations, there is no assurance that funds will be available under these contracts. Additionally, FHA-insured Section 8 developments with expiring HAP Contracts and above-market rents may be eligible for restructuring plans and, upon restructuring, to receive continuing Section 8 assistance pursuant to contracts subject to Congressional appropriations. These restructuring plans may include partial or full prepayment of mortgage debt intended to reduce Section 8 rent levels to those of comparable market rate properties or to the minimum level necessary to support proper operations and maintenance, and in certain cases is designed to result in a change from “project-based” to “tenant-based” Section 8 payments. MAHRA provides, however, that no restructuring or renewal of HAP Contracts will occur if the owner of a project has engaged in material adverse financial or managerial actions with respect to that project or other Federally assisted projects, or if the poor condition of the project cannot be remedied in a cost effective manner.

Although the primary focus of the Mark-to-Market Program is developments that have FHA-insured mortgages with terms ranging from 30 to 40 years and which have HAP Contracts with substantially shorter terms, MAHRA contained distinct mortgage restructuring and HAP Contract renewal and contract rent determination standards for Section 8 developments for which the primary financing or mortgage insurance was provided by a state or local government, or a unit or instrumentality of such government. Such projects, including the Section 8 Developments, were, under MAHRA, excluded from restructuring and instead are eligible for renewals at the lesser of (i) existing rents, adjusted by an operating cost adjustment factor established by HUD, (ii) a budget-based rent, or (iii) in the case of certain “moderate rehabilitation” Section 8 assistance contracts, the lesser of (x) existing rents, adjusted by an operating cost factor determined by HUD, (y) existing fair market rents (less any amounts allowed for tenant purchased utilities), or (z) comparable market rents for the market area. Under current HUD policy, existing fair market rents for moderate rehabilitation projects means 120% of HUD’s published existing fair market rents.

Although initially exempt from restructuring, the 1999 amendments to MAHRA made Section 8 developments with FHA-insured mortgages for which the primary financing was provided by a unit of state or local government subject to the Mark-to-Market program unless the implementation of a mortgage restructuring plan would be in conflict with applicable law or agreements governing such financing. The 1999 amendments also provide for a new program for preservation of Section 8 developments that allows increases in Section 8 rent levels for certain Section 8 developments (including Section 236 Developments which also have project-based HAP Contracts) that have below market rents, to market-rate or near market-rate levels.

Contract rents available upon any renewal may be significantly lower than the current Section 8 contract rents in the Section 8 Developments, and the corresponding reduction in housing assistance payments for such Developments would materially adversely affect the ability of the Mortgagors of such Developments to pay the currently scheduled principal and interest on the related Mortgage Loans. Any termination or expiration of HAP Contracts without renewal or replacement with other project-based assistance (whether due to enactment of additional legislation, material adverse financial or managerial actions by a Mortgagor, poor condition of the project or other causes) would also have a material adverse impact on the ability of the related Section 8 Developments to generate revenues sufficient to pay the currently scheduled principal of and interest on the related Mortgage Loans. See “Appendix E-1— Developments and Mortgage Loans Outstanding under the Program” for a description of the Mortgage Loans and the expiration dates of the HAP Contracts. While MAHRA generally allows mortgagors to renew HAP Contracts (absent certain material adverse conduct or conditions), mortgagors are not required to renew HAP Contracts beyond their initial expiration or the expiration of a renewal term.

A reduction in Section 8 contract rents or the termination or expiration of the HAP Contract (without renewal or replacement with other project-based assistance, or without prepayment, forgiveness, write-down or refinancing as described below), as described in the previous paragraphs, could thus result in a default under the Mortgage Loan for the related Section 8 Development. Except for eighteen (18) Mortgage Loans financed by the 2002 Series D Bonds, all of the Section 8 Developments are financed with FHA-insured Mortgage Loans. One (1) of the Developments under the Program with an FHA-insured Mortgage Loan, President Arms, had its Section 8 contract rents recently reduced by HUD. The mortgagor of this Development is in the process of negotiating a restructuring of the related Mortgage Loan with FHA which, if not completed, would mean that the amount of the Mortgage Loan would not be reduced; therefore, a default under this Mortgage Loan could occur. Nonetheless, if any or all of such Mortgage Loans were to default, FHA Insurance benefits received by the Corporation or proceeds from enforcement actions (including foreclosure) regarding those Mortgage Loans not subject to Supplemental Security, together with monies held in the Accounts under or pursuant to the General Resolution, including the Debt Service Reserve Account, are expected to be sufficient to redeem, pursuant to a special redemption from Recoveries of Principal, an allocable portion of certain Bonds in the event the Corporation is required or elects to redeem Bonds with such funds. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” Moreover, in the event of such partial redemption, sufficient monies are expected to be available from the remaining Mortgage Loans, the Debt Service Reserve Account and earnings on all monies held in the Accounts maintained under the Resolutions to continue to make timely payments of scheduled principal of and interest on the remaining Outstanding Bonds.

The restructuring plans established by MAHRA referred to above, as a general matter, contemplate restructuring FHA-insured mortgage loans on certain Section 8 projects through a nondefault partial or full prepayment of such loans. Nondefault partial or full prepayment or similar forgiveness or write-down of mortgage debt pursuant to a restructuring of these Mortgage Loans could result in the special redemption from Recoveries of Principal of an allocable portion of certain Bonds at any time with the proceeds the Corporation receives from any such prepayment, forgiveness or write-down. In addition, the Mortgagors of these Mortgage Loans could opt to refinance their Mortgage Loans in full, pursuant to Section 223(a) (7) of the FHA regulations, which could also result in the special redemption from Recoveries of Principal of an allocable portion of certain Bonds at any time with the proceeds the Corporation receives from any such refinancing. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” See Appendix E-1 hereto for a description of the Mortgage Loans and the expiration dates of the HAP Contracts.

Exception Projects Under MAHRA. MAHRA contains distinct mortgage restructuring and HAP Contract renewal and contract rent determination standards for certain Section 8 projects which require differentiation from the majority of developments. For example, one is the case noted above, in which primary financing or mortgage insurance was provided by a state or local government, or a unit or instrumentality of such government. A second important group of differentiated projects are those financed under Section 202 of the Housing Act of 1959 that also received Section 8 HAP Contracts when first constructed (“Section 202 Properties”). Such projects are, under MAHRA, excluded from restructuring and mark-down of their rents, and are known as “Exception Projects.” Exception Projects are not involuntarily subject to mark-down to market, i.e. the rents may not be reduced below a level upon renewal or prepayment which would not provide the property with funds sufficient to operate the property with a balanced budget. A budget-based analysis is typically performed in connection with the renewal of a HAP Contract for a Section 202 Property. The owner of a Section 202 Property may opt to be renewed under the other renewal options discussed above, but in so doing risks losing the Exception Project designation. For some Section 202 Properties with below market rents this could be a viable option; any

contemplation of this would need to be analyzed on a case by case basis. Section 202 Properties are Exception Projects and are statutorily eligible for renewals at the lesser of (i) existing rents, adjusted by an OCAF or (ii) a budget-based rent. Recent legislation and regulations facilitate the refinancing of Section 202 Properties. HUD has recently published final Regulations for the refinancing and rehabilitation of financed and constructed developments under Section 202 with Section 8 subsidies.

No Assurance as to Congressional Action. The HAP Contracts for most of the Section 8 Developments expire or have expired prior to the respective maturity dates of the related Mortgage Loans. Since payments received under the HAP Contracts constitute a primary source of revenues for the related Developments, the expiration of the HAP Contracts (without renewal or replacement) – whether Original Contracts or Renewal Contracts – would have a material adverse impact on the ability of the related Developments to generate revenues sufficient to pay the principal of and interest on the related Mortgage Loans. There can be no assurance that the HAP Contracts will be renewed or replaced or fully funded. Since 1997, MAHRA has been changed in a variety of ways and is always subject to Congressional reconsideration. In the event of the expiration of one or more of the HAP Contracts (without renewal or replacement), there is a likelihood of a default on one or more of the related Mortgage Loans. In the case of Section 8 Developments with FHA Mortgage Loans, the Mortgage Loan(s) would be assigned to FHA for FHA Insurance benefits. Upon receipt of such FHA Insurance benefits or proceeds received from enforcement actions (including foreclosure) of a defaulted Mortgage Loan not subject to supplemental security, the Corporation may elect to redeem an allocable portion of certain Bonds. For a description of the specific cross-call provisions for the Bonds Outstanding under the General Resolution, see “Appendix E-4—Cross-Call Provisions and Related Information.” See Appendix E-1 hereto for the date of expiration of the HAP Contracts.

Late Payments in 2007

During 2007, a revision by HUD in its legal interpretation of its Section 8 renewal contracts led HUD to conclude that it only could stay within appropriated funding levels by amending renewal contracts to more explicitly allow for partial-year funding of those contracts. As a result of the time it took to implement this change, many fiscal 2007 payments were not paid on time. While HUD allowed owners to take steps such as borrowing against project reserves, some owners indicated that the delayed payments caused late fees on mortgages or other bills or interruptions in service at their properties.

HUD now has made the necessary contract changes to allow for partial-year renewal funding, but has told Congress that further improvements are needed in its budgeting, contract management and payment process. If future problems in these systems resulting from partial-year funding or otherwise cause delayed subsidy payments, such delays could jeopardize owners’ ability to fulfill their mortgage obligations in a timely fashion, and thus jeopardize amounts available for payment of the Bonds.

Corporation Programs

Affordable Housing Permanent Loan Program

The Corporation’s Affordable Housing Permanent Loan Program (“AHPLP”) is intended to make small permanent first mortgage loans on projects primarily developed under programs sponsored by HPD. Generally, the maximum amount of each mortgage loan is \$2,000,000 and is not to exceed 60% of the combined mortgage loans from HPD or other-subordinated lenders. The Corporation will service the first mortgage loan and the HPD subordinate mortgage loan.

For each AHPLP construction mortgage loan, the Corporation will enter into a buy-sell agreement with the mortgagor’s construction lender. A minimum replacement reserve of \$250 per unit

will be required. It is expected that AHPLP permanent mortgage loans will not be secured by Supplemental Security.

Low-Income Affordable Marketplace Program

The Low-income Affordable Marketplace Program (“LAMP”) finances the creation of predominately low-income housing using tax-exempt bonds and as of right 4% tax credits with 10% to 20% of the project reserved for formerly homeless households or families earning less than or equal to 40% of the area median income. Formerly known as 100% LITE, LAMP now allows the direct infusion of subsidy from the Corporation’s reserves up to \$55,000 per unit. The funds are advanced during construction and remain in the project through the term of the permanent mortgage loan. During construction, the funds bear interest at 1%. While in the permanent phase, the funds must at least bear interest at 1%, but may provide for amortization, depending on the particular project.

LAMP may be combined with other Corporation programs and/or other Subsidy Programs, including HTF and the Certificate Program. LAMP may also be used to finance mixed-income projects, where a minimum of 70% of the units are affordable to those earning less than or equal to 60% of the area median income.

Mitchell-Lama Programs

Most Mitchell-Lama developments have an elderly tenant base who are particularly vulnerable to any material increase in rent. Many of these projects have not had rent increases in many years and are having increasing difficulty covering project operating costs.

To preserve such projects as affordable housing and to prevent owners of these projects from leaving the Mitchell-Lama program when they have the ability to opt out of the program, the Corporation has developed the Mitchell-Lama Restructuring Program and the Mitchell-Lama Repair Loan Program as described below.

Mitchell-Lama Restructuring Program

The Corporation has developed a refinancing program to address the following issues affecting the Mitchell-Lama developments and to preserve the Mitchell-Lama projects as affordable housing (the “Mitchell-Lama Restructuring Program”).

- (a) refunding the existing bonds that refinanced the original Mitchell-Lama development loans by issuing longer term bonds; and
- (b) restructuring each mortgagor’s existing first and second mortgage loans so that (i) the new first mortgage loan contains an extension of the maturity date of the existing first mortgage loan with a lower rate of interest, and the new first mortgage loan is made in a principal amount which includes that amount of the existing second mortgage loan as causes total debt service on the new first mortgage loan to be approximately the same as the debt service on the existing first mortgage loan and (ii) the new second mortgage loan is made in a principal amount which represents the balance of the principal amount of the existing second mortgage loan with a rate of interest of 0%, due as a balloon payment upon the retirement of the new first mortgage loan.

Mitchell-Lama Repair Loan Program

A significant number of the Mitchell-Lama developments are aging (each is between 30 and 40 years old) and are in need of significant repairs.

The Corporation, under the Mitchell-Lama Repair Loan Program, will provide additional loans to these Mitchell-Lama projects with the issuances of taxable bond proceeds. These loans may be used to fund system modernizations, capital improvements or repairs at the Mitchell-Lama developments. The Corporation oversees the satisfactory completion of such modernizations, improvements and repairs.

New Housing Opportunities Program

The New Housing Opportunities Program (“New HOP”) was established in 1997 by the Corporation to encourage the development of affordable low, moderate and middle income housing in New York City which would not otherwise be produced by the ordinary operations of private enterprise. Pursuant to New HOP, the Corporation will provide subordinate financing in conjunction with first construction and permanent mortgage loans. The first mortgage loans under New HOP have been, or are expected to be, made with the proceeds of bonds issued by the Corporation. Each development financed under New HOP will be subject to a regulatory agreement restricting the rents to levels affordable to low, moderate and middle income households.

For each New HOP construction mortgage loan made with bond proceeds, the Corporation will require the developer to post a bank letter of credit, guarantee or other security equal to the face amount of such loan plus a specified interest reserve amount. The letter of credit may be drawn upon by the Corporation if the developer fails to make scheduled payments of interest and principal on the construction mortgage loan. Any amounts received by the Corporation under the letter of credit are pledged to the holders of bonds issued under the General Resolution. Following the completion of construction and the fulfillment of certain other conditions, the Corporation will release the letter of credit. In certain cases, the Corporation will finance a permanent first mortgage loan only. Although it is expected that most New HOP permanent mortgage loans will not be initially secured by Supplemental Security, the Corporation may, in the future, seek mortgage insurance from SONYMA or REMIC for all or a portion of the principal balance of such mortgage loans.

Participation Loan Program

The Participation Loan Program (“PLP”) was established in 1977 pursuant to Article XV of the Private Housing Finance Law of the State of New York. PLP is designed to increase accessibility to mortgage capital for the rehabilitation of privately owned multi-family housing in the City of New York. HPD administers PLP which provides mortgage financing for the rehabilitation of such housing at nominal interest rates.

HPD may only make a loan pursuant to PLP if another bona fide lender, such as the Corporation, also lends a portion of the funds necessary to complete the rehabilitation of the project. HPD’s PLP loans are typically secured by subordinate mortgages. Currently, the Corporation holds certain first position Mortgage Loans (some of which benefit from Supplemental Security) assisted under PLP and also holds subordinate Mortgage Loans originally funded under PLP, which loans were acquired from HPD upon the issuance of the 2002 Series D Bonds and the 2003 Series D Bonds.

In addition, Federal HOME funds available under the Housing and Community Development Act of 1992 are administered by HPD which provides mortgage financing for the rehabilitation and certain

new construction of privately owned multi-family housing in the City of New York at nominal interest rates. HPD may make such a loan if non-Federal matching funds are available.

Article 8-A Loan Program

The Article 8-A Loan Program (“Article 8-A”) was established in 1970 pursuant to the Private Housing Finance Law of the State of New York. Article 8-A is available to owners of privately owned multi-family housing developments if: (i) each dwelling unit in such development is available at rents affordable to low income persons or families and (ii) such owner is unable to obtain financing from the private sector. Article 8-A loan proceeds may be used to eliminate any substandard or unsanitary condition at a development, or for replacement or rehabilitation of systems at a development or other improvements necessary to prolong the useful life of a development.

HPD administers Article 8-A which provides mortgage financing for the rehabilitation of such housing at below-market interest rates. Article 8-A loans are typically secured by subordinate mortgages.

§421-a Negotiable Certificate Program

HPD’s §421-a Negotiable Certificate Program (the “Certificate Program”) is designed to link the creation of market rate multi-family housing in certain areas of Manhattan (the “Geographic Exclusion Zone”) with the development of low income housing in other areas of New York City. In general, newly constructed multi-family housing in the Geographic Exclusion Zone is not eligible to receive any real estate tax exemption unless the developer of such housing either (i) sets aside at least 20% of the units in such projects for low income households or (ii) purchases §421-a Negotiable Certificates from other developers who have constructed or rehabilitated low income housing in other areas of the City of New York (“off-site projects” or “off-site units”) pursuant to the rules and regulations of the Certificate Program. Authorized by §421-a of the New York Real Property Tax Law, the Certificate Program generally permits HPD to grant five §421-a Negotiable Certificates for each off-site low income unit created under the Certificate Program. In turn, each §421-a Negotiable Certificate allows the developer of a market rate unit in the Geographic Exclusion Zone to receive a 10-year phased exemption from any increase in such market rate unit’s assessed value relating to the construction of such market rate unit. The 10-year phased real estate tax exemption increases the value of the market rate Geographical Exclusion Zone unit. Therefore, the developer of the market rate unit will pay the developer of the off-site unit to be able to receive and utilize the §421-a Negotiable Certificates that are generated by the off-site low income project.

Mixed Income Rental Program

Under the Mixed Income Rental Program (“MIRP”) sponsors purchase land or vacant buildings, and construct or rehabilitate multi-family units in order to create affordable rentals, with a targeted set aside of up to 30% of the units for formerly homeless families and the remaining units to be reserved for households earning less than or equal to 60% of the New York City area median income. Under MIRP, HPD will provide a direct subsidy of up to \$50,000 per unit. The funds from HPD are advanced through a 1% loan for a maximum term of 30 years.

MIRP is used to leverage construction and permanent financing from private institutional lenders and from other public sources including the Corporation and the State. MIRP may be combined with other Subsidy Programs, including the Certificate Program.

New York State Housing Trust Fund Corporation Programs

The New York State Housing Trust Fund Corporation (“HTF”), a public benefit corporation which operates under the aegis of the Division of Housing and Community Renewal (“DHCR”), has two initiatives involving tax exempt bond financing: the Homes For Working Families Initiative (“HWFI”) and the Senior Housing Initiative (“SHI”). Under both programs, HTF assistance of up to \$35,000 per unit will be provided in the form of low or deferred interest mortgages for affordable housing projects.

Through HWFI, DHCR provides subordinate permanent financing at an interest rate of 1% to private developers for the new construction or substantial rehabilitation of affordable rental housing projects. Under HWFI, 100% of the units must be affordable to households earning less than 60% of area median income. At least 50% of project cost must be financed by tax-exempt bonds issued under Section 142 of the Internal Revenue Code in order to enable the projects to qualify for Federal low-income housing tax credits.

Pursuant to SHI, DHCR provides subordinate permanent financing at an interest rate of 0% to 1% to not-for-profit developers for the new construction or substantial rehabilitation of affordable rental housing for the elderly. Under SHI, occupancy is limited to seniors, defined as households headed by a person 60 years of age or older. Approximately 20% of the units in a project assisted through the SHI must be affordable to households earning less than 50% of area median income.

General Municipal Law Article 16

Article 16 of the General Municipal Law, Section 690 et seq. authorizes certain municipalities in the State, including the City, to make grants or loans (i) to the owner of any property that is part of an urban development action area project (as defined in such law) for the purpose of rehabilitation of an existing private or multiple dwelling, (ii) for the purpose of providing site improvements, or (iii) for the purpose of providing for other costs of construction for the development of private and multiple dwelling housing accommodations. Any loan made in accordance with this section shall be secured by a note and mortgage. In the case of a loan for the purpose of providing rental housing for persons of low income, the rental development must be subject to a regulatory agreement limiting profits and rentals charged.

With regard to the Mortgage Loans financed or expected to be financed by the Corporation which are subsidized through General Municipal Law, Article 16, the initial feasibility of these Developments was determined by the Corporation, HPD and a conventional construction lender. HPD’s General Municipal Law, Article 16 permanent loan is subordinate to the Corporation’s Mortgage Loan and both loans are not secured by Supplemental Security. In the event of a default on the Corporation’s Mortgage Loan, any proceeds resulting from a foreclosure which might result from such default would be applied to satisfy the Corporation’s Mortgage Loan prior to HPD’s General Municipal Law, Article 16 loan.

Housing Development Grant Program

Pursuant to the Housing Development Grant (“HoDAG”) Program, which was authorized by Section 17 of the 1937 Housing Act, HUD made grants to localities for rental housing projects within such localities’ respective jurisdictions. HPD received such a grant for certain of the Developments and utilized the funds provided by HUD to make a second unsecured mortgage loan. During the term of the HoDAG second uninsured mortgage loan made to the Mortgagor by HPD, the Mortgagor is required to comply with certain HoDAG Program requirements, including restrictions relative to the occupancy of certain units by low income tenants. If HoDAG Program requirements are not adhered to by the Mortgagor of the Development which received the HoDAG funds, the Mortgagor is required to repay HPD the amount of HoDAG grant funds, subject to certain adjustments. HUD may require the City to

refund the grant monies. While no payments are due on this second position permanent loan during the term of the applicable Mortgage Loan, upon a violation of the HoDAG Program requirements by the Mortgagor, the City may then proceed to enforce its right to collect such grant monies from the Mortgagor.

Housing Assistance Corporation Programs

The Housing Assistance Corporation (“HAC”) is a public benefit corporation of the State established pursuant to Section 654-b of the Act as a subsidiary of the Corporation. HAC is to continue in existence until terminated by law; provided, however, that no such termination shall take effect as long as its obligations remain outstanding. The payments and funds of HAC are not considered to be assets of the Corporation and are not pledged under the Resolutions.

HAC is empowered to receive monies from any source, including, but not limited to, the Corporation, the City or the State, for the purpose of assisting rental developments to maintain rentals affordable to low and moderate income persons for whom the ordinary operation of private enterprise cannot supply safe, sanitary and affordable housing accommodations. In order to accomplish this objective, HAC may transfer, lend, pledge or assign these monies to any rental development (and may enter into agreements for such purposes with mortgagors of rental developments) or assist the Corporation in financing such developments.

HAC has entered into a Tenant Assistance Contract (“TAC”) with the Mortgagors of three (3) Developments to provide monthly rental assistance payments. To be eligible for the TAC payments the Mortgagor must ensure that (i) 20% of the Development’s rental units are available for households whose annual income at initial occupancy does not exceed 80% of New York City median income as adjusted for family size (“Low Income Families”), and (ii) 80% of the rental units are available for households whose annual income at initial occupancy does not exceed 180% of New York City median income.

In the event a Mortgagor is in default under a TAC, HAC may take legal action against such Mortgagor or suspend payments for any unit not in compliance with the terms of the TAC. In the event that at least 10% of the units are not leased to Low Income Families, HAC may terminate the TAC. See “Appendix E-1—Developments and Mortgage Loans Outstanding under the Program” for the date of expiration of the TACs.
